✓1 Sept – Th

From a remark made to Denise by Betty Vail, Marc & I speculate that the imps affecting the admin. grp is that Betty is living – this wd effl her lack of vitality & at the same time Susan Winter's prediction that many of the dyst wd take sev wks – we think this may be Betty's last wk

Called Lou – her of being moved to 7th floor of new admin. bldg where offs of Pres. & Senate are – she, Patty & Mike are going to see Dorothy at Moss Landing on the wkend of the 9th, so my visit will have to be postponed – Marc's fiance is in Hawaii & will prob be visiting her here

At 11³⁰ I went to the Coop to get a few items for mept wk – had a long wait for a Kearney St. bus, finally took another one & walked 2 blocks – ate my lunch which I had brot – purchased Sanka, fresh vegs, fruit

I made corrections on the print-out of

(over) C-3-A-4 (2)

Betty's file index, ordered another print-out & saw a copy of it on the computer

Got Dora on the WATS line - she had had her first required day of the school year - we had a long conversation, quite amicable

I was late leaving the office

Th my groceries home

Ethel & I went to the Tea to end

Rec'd a ltr from Dora - she is thinking of spending her winters in Austin, Tex in order to be w/ the atheist guys & her summers in Colo w/ Edna & Mabs

I did my laundry in the machine

Did pers chores

Wanda had come home & I waited until she was through in the bathroom - then washed my hair

Did my hand laundry

Ate some snacks & tried to rel nerves but Lavanes came out in the kitchen & talked - morning & eve, I have a time & prior. prob because one or another of the sons wants to talk

Went to bed at 12[30]

2 ~~Sept~~ - F

Turned in my time cd - had nothing but gen. admin to put down

The start print - out of the files indef was satis - I added the items which had to be put in manually & gave it to Betty

Marc had one doc to service - aside from that we received no wk

Marc spent most of her time telephoning on her moving plans & talking to her relatives

I caught up on back entries to my jrnl

Betty sd nothing to any of us about the admin. Proxy or her plans

I sat at the reception desk for 15 mins at the end of the day, filling in for Marc who was filling in for Brenda

11/V. Date lunch at my desk, as the day was foggy

(over) C-3-A-4 (A)

I bought some plums on the way home from work, as I had forgotten to get fruit for the trip.

Wanda was packing for the trip & ~~trip~~ when she was through I packed

Prepared dinner & ate - I had steak, salad, corn on the cob - & washed dishes -, put up lunches for Tom & Tom morning

Was quite late in getting to the sem // ~~Bent~~ My suit case drove to Rosalie Bridenbecker to put on the bus // this mom.

Mary told us a new baby has been born in the p.l. to Tim Carter & Gloria Rodriguez - the ret. father of the 3 Carter child., a bright, now has 3 grandchild. of mixed race: Gloria is Mex., Terry married Lee Jones who is Korean, & Mike is married to Jocelyn Jones, a black

Mary dismissed the sem about 1 or 2 o'clock - four buses were going to L.A. - I got on No. 6, sat next to June Cryer, who was later moved

(cont)

C-3-A-4 (5)

2 Sept - F-2

To bus No. 7, on which the leadership travels - my seat space was severely restricted & I had an argument w/ Lu Ester Lewis tell me over putting my seat back - the spring of my seat was broken & the back hit her knees

The bus had numerous young people on it & was very noisy by we left

I ate my lunch, sharing it w/ June by the lake

I later learned from Judy Kyrmian that Rosie had forgotten to put my suitcase on the bus - it was then too late to go after it

The buses didn't leave until 12 or

We stopped at 2 or & I went to the bathroom & jogged a little

I slept soundly

C-3-A-4 (6)

3 Sept – S

We arrived at Button Willow at 6 am – I got off at noon – dawn was just arriving & it was quite warm

More people got off when it was learned we wouldn't be until 9 am – 1 2

I finished the F insp – & started to read The Silent Language by Edward T. Hall, which I have never read

Dozed for 2 hrs

11 I washed & brushed my teeth 11

Ate lunch in the church

11 Watched the children playing – a no. of them were pushing each other on the merry-go-round – the Riles children, 3 of them, were among them – I was told their legal guardian is unable to lk after them & that they are living in the church – They behave very badly, talk during serv., & call people bad names – John Riles

went to Guy."

"3 An announcement was made that people, exc for seniors, were not to visit their relatives but could call them - they were to remain in the Te & take second shifts"

By the serv I wrote final entries

Talked w/ Edith Cordell - she told me the leadership tried to put somebody in w/her in her new apt but she refused, as Sarah is enough

We talked about people who had left the Te, in partic Ida Ness, who left a time ago, taking her 2 girls w/her -, she had occupied a leadership position - no details were given to the congreg.

The serv began at 2 P, w/Hue Jordan presiding - I wasn't asked to take opening

I saw Beulah come in & I joined her - I told her some of what had been happening - she had been to S.F. one weekend but hadn't seen me - she thot I had gone to Guy, but I was prob typing affidavits

Marcy came on the platform - she explained recent events in the Te & the attack we had been subjected to - she

(cont) C-3-A-4 (2)

so both Chas. Gary, our atty, & the cong wished to remain in Hwy to end bldg there & resettling the new people - Vincent Hellman had supported this decision - later on the L.A. cong. wd have an oppor. to vote on the subj.

There was much music, esp. band mus.

Mary rd the statement which J. gave us from Hwy

Wesley conducted for L.A. the sp. praying for med supplies for the baby clinic

C-3-A-4 (10)

4 Sept - Su

Got up at 8 or

The weather was hot

Beulah's daughter & the 2 girls, Dorothy & Donna, are still w/them - James is w/ Joyce - the 2 girls accompanied us to church but Beulah says the girls are still living their deviant life, going out every night & getting high on dope

For Bkfst I had cranberry juice, fried egg, bacon & sausage, & toast - Beulah had me take some chicken & fruit for a lunch

I read an article in Time on "The Underclass" - while purporting to be a serious exam of a sore prob, I think it will add to resentiment of minorities & welfare recipients

Beulah gave me a shopping bag to put my belongings in

Eunice was late picking us up

I took my belongings to the bus

Serv was in prog

Mary came on the platform, explaining again the site of the Te - she made reg to the hard wk done by some, had little tolerance for those who had not done their share - discussing J's

(over) C-3-A-4 (11)

We left LA about 5 oo

I read The Silent Language

Tried to sleep the last hr but thru I was tired, I did not sleep very well

We left at 10 oo

5 Sept – M.

Got up about 9 or
Had a thing to eat
Laurie Epram has told me she wanted me to write some ltrs for her & I thot she wanted me to come in to the Tea, so I phoned her, but I was told she went to wk (this proved to be untrue).
I pressed clothes
Mopped the kitchen floor
11½ Went out & got a Sw & M mgs & some grapes 11.
At 2⁴⁰ I went to the Bridge Theater & saw "Cria" w/ Geraldine Chaplin & a child named Ana Torrent – it was a very moving pict. in Spanish, directed by
Stopped at the Ta & had dinner
Talked to Thelma Jackson – she has a job taking care of a priv. patient, a wealthy woman
Saw Laurie, who assigned me a couple of ltrs to write – there was
(over) C-3-A-4 (A)

nothing in the papers about the Tan over the weekend – The New York Times had an article F which Laurie did not have

I walked home

Read papers

Went to bed about 12 or

6 Sept - T

This morning Virginia was in the bathroom when I had to brush my teeth - rather than displace her, I brushed my teeth in the kitchen, drawing a harsh reprimand from Wanda - I was very hurt & brooded about the episode all day, planning to have a talk w/her this eve about this & other instances of her discriminatory attit. toward me

Bob Gark, who is back from his trip to Europe, had much wh as usual, & gave me a memo to put on his Cds - he prob. wd have had more wh for me but Brenda was out, & Virginia Duncan put me on the recep. tion desk

Betty Vasil was in, but Virginia seems to have taken over some, at least, of her functions - Dor was back

Many of the attorneys & secty's

(over)

C-3-A-4 (16)

were out & the telephones were quite busy – I wkd on girl entries but didn't make much prog as I couldn't concentrate – at lunch I intended to see the film in the employees' series but Denise didn't relieve me until 12.45, & I had to be back on the desk at 1.00, so I ate in the off

I left at 3.00 for a gynaecol. check-up from Dr John Schaupp – his secty Renee Lewis told me how highly she regarded Thelma Jackson who had wkd for her on my recom. – she said Thelma was sweet-tempered & willing, had a good sense of humor, & the patients liked her, but didn't know too much – Renee didn't think much of the vocational sch which trained her

I tk the bus to the Coop to efch a jar of instant coffee which I had got by mist, instd of decaf'd coffee – I didn't have any eftns

money or I would have eaten some fish and chips for dinner

I was too late to get dinner at the Te - at home I boiled a turkey leg w/potatoes, carrots, celery, onion, & okra

Etta reminded me I had not put in my & Viola's meat slips - I phoned the Te - those handling meals were working until 8 or so & the slips ups came right back

Ate dinner & washed dishes

I had intended to defrost the refrigerator but Lavana had bought ice cubes, so I didn't - I cleaned out the drawer containing silverware & cooking implements, as it has been such a jumble that one didn't find what was needed

Lavana, Virginia & Etta all received their Sept checks & L & E seem to have bought food w/the money & filled up the refrigerator - the Te had them

(over) C-3-A-1 (18)

cash their own checks, because of legal diffs & I wonder how much will be turned over to the Te

I rd mgs.

Grandma did not come in until late & I did not have any conversation w/her.

I bathed & went to bed early - about 11 or

C-3-A-4 (195

7 Sept - W

Wrote final entries in the morn.

Ate outside

Went to see a film, "The Ballad of Steamy Valley" at PG&E - it was about the electric power project utilizing steam from the geysers at Geyserville, Ca.

Worked on a proj. for Hart under the direction of his secretary, John Foster - it had to do w/ complaince w/for law as a contractual requirem. a survey in connection w/the Arab boycott of Israel.

I dropped the work for a few mins to do a rush draft for one of the legal assts, which led to an altercation w/John because his files were picked up & rel'd to the file rm - he is very difficult to work with

I went directly home, washed & changed clothes

Ate at the Te

Had a convers w/Viola Kodschalk - she said she had been very unhappy

(over)

C-3-A-4 (20)

9 Sept - F

Worked all day on the compliance w/ hard cases for John Foster - did the meters on the Mag A - John was nervous & pressured me. I had my lunch late - ate outside - then came back & read the meters off - John did say the proj. looked very nice

At home I changed clothes, went to the Coop & got groceries - finished earlier than usual

Prepared & ate dinner - I had the leftover turkey leg & wings & a salad

Pressed clothes
X Rd mags

Wanda has been trying to see Roots but doesn't get much time - she usually has a task in the eve such as liking of Ruby Carroll's mother, Ruby Jones, or security duty - as we have so few members left, the younger people are carrying an extra burden - she seems to be burdened w/ me most of the time, but I have decided she

(over) C-3-A-4 (25)

simply has a discontented nature &
I try to pay no attention
Went to bed at 12 30

11/ I had learned that Etta Thompson had passed a rectal cancer as a result of J's power — she had formerly had an op for a stomach cancer — furthermore, the nurse who was present was Janet Phillips, who later deserted the T — I thot it might be useful to have evidence that a traitor had officiated at one of J's healings, so I th notes on the episode — Etta also told me how J had healed cataracts on her eyes //

C-3-A-4 (26)

10 Sept - S

Up at 8:30

Ate some grapenuts & a piece of toast

Went to the Haight Community Coop - found that they have moved to Haight St & were opening today - so I walked across the Panhandle - it took me only 5 extra mins - the store is spacious & has all the items carried by, making shopping easier - patronage seemed good - I spent about $5.00

It had been cold at the beginning of the day, but the sun came out on my way home - I got home at 12:00

Wanda had taken the blood pressure of the sons - Lavance has not been feeling well & has been in bed a good bit. By the time - her pressure was high - Ethel's was also high - she has been warned about her diet, but she takes high calorie food

I had some cheese & toast & a tom

Ethel said Estelle has gone again - she is going to do Rheumatism work in L.A. & won't be here much - Rh. is

Phyllis had tryd wch w/ Jenny Cheah to carry the affidavit wch do, but Jenny didn't find any drop affidavits to type, so I attended serv

There was much singing – Mary was on the platform a short while at the end of the serv – two people later told me she seemed agitated

The mtng was dismissed early, about 10 or

Lawrence had not gone to serv

Went to bed at 12 30

V/1 Sign - Su

Got up at 8³⁰ - bathed
Made pancakes for bkfst
Went to the serv w/ Ette
Phyllis was there, & I typed out affidavits all morn. - one was an affidavit from Ette V/1
Marcy was not in the serv - I later learned she left for Guy w/ Sharon Amos - according to Betty McCann, Trish LeRoy & Marci McCann are both living, so Betty will be alone to do the cooking wh - much cooking is again being done under C.J.'s direction & volunteers to help were asked for - Marcy had said recently that no more large grps wd be sent & that most of us wd be here for serv mos was meant to throw off the enemy, as another lge grp is apparently being in the next day or so - it seems that as orig planned, only a small grp of workers are to be left, espec. for non-communal people, esp. those who don't want to go at this time

My own departure by the end of the yr is a little more poss, tho I have no reason to think my offer to stay through 31 Dec will not be accepted - housing arrangements here wd also seem to be unsettled

(over) C-3-A-4 (29)

The serv was dismissed at 1:30 w/ instructions to be back at 6:00

I went home to eat - Ethel also went home - I had steak, cauliflower, & a salad

Lavinia received $4,000 this morn. as settlement in her injury case as a result of an accident - She gave $120 to Jane Granstaldstrom, Ethel told me, & the rest to the Te

I typed 3 more affidavits

// re removal of cataracts from her eyes by J. - I typed up a draft of Ethel's acct of her healing from cancer of the rectum by altho I don't know whether it can be used, as there was no doctor's diagnosis that she had it //

The Cong left for the Rally for a Free Chile at Shiloh Memorial Ch. - P.T. was one of the sponsoring orgs - I helped Virginia Middleton & Washington Sanders get on the bus & find a seat at the rally - we were on the main floor

The program started about 8:00 - the // 2d // sept is the 4th anniversary of the milit. coup //

Temple presented some band nos & a song by Martha Hicks - there were

11 Sept - Su - 2

saw selections from a Chilean grp

Our L.A. jungle left at 9 am & at 9:30 some of our other members started to be - Virginia & I that all the Te was having - we got up to go

Outside we found Hugh Fortson Hue who told us the Te was not living - the Chilean sphx was yet to be heard - but we decided to go home & rest then instead of waiting for the Te bures

I had maps & ate a snack

Went to bed at 12 am

C-3-A-4 (31)

12 Sept - M

Had little wk to do exc to finish an eff acct for James Mansfield who is back from his reg 3-mo. assignment in Saudi Arabia - I had to divide the total expenses among 10 pt mos which entailed wking out the percentages

I wkd on grind entries

The lunch outside

Went to the Tea for Dennis - very few people were there - a lge no of people have left

Sylvia Stubbs sat opposite me - it has been a long time since I've seen her - she said she had been wking on a sp proj & her meals were brought to her - later conversn revealed that she was clearing out the Tea's second-hand & antique shop

Mabel Johnson was in our apt'ment when I got home talking to my apartment-mates - she had been told by Chris Rice that she & her roommate were to be moved to 199 Divisidero, as the

(over) C-3-A-4 (32)

rent on her apt. ment at 1029 Geary is expiring - Rabel was very angry & sd she refused to move - she was tired of this game of "musical chairs" - she was also angry because her close friends (Jerry Brady & her sister) had gone to Daly & Osher was left back - when I inquired if the reason for this was not in connection w/her son, she had additional complaints about the handling of his case - she sd she had been told to have him get his passport, which she did - then after he had it, the Tax delayed in sending him over, so that he got frustrated & now didn't want to go - he has stopped coming to mtgs. - Rabel sd that he had always "hated church" - in a long mtg w/her, Jean Brown apparently had tried to convince her that if she "didn't like our mtgs here, he wouldn't like them there" but Rabel was not mollified w/ - Etta Thompson seemed to be sympathizing w/her

I did my exercises - I put no particular stress on my elbow, & the exercise seemed to help rather than harm

I ate a hot bath & soaked my elbow -
I decided not to go to the Town

Went to bed about 12 or

11/1 I have developed some pain in my elbow which I think may have resulted from the heavy typing I got I did for Bob Hart & from the incorrect height of the chair at the Typ where I was typing the backing affidavits - Sylvia, who has had nursing experience, advised me to soak the elbow in hot water //

13 Sept - T

I stayed until about 8 or

Took Viola to bkfst at the Te on Kuni - nobody has been going by car in the morn & she can't go by Kuni alone

Viola told me Norm James had talked to Mabel Johnson & accor. to Mabel, so she didn't have to move - if this is true, I imagine the reason is that Mabel talks so virulently that Te leaders may fear she wd stir up trouble w/out - siders

The only other time I have had bkfst at the Te was the day in April we were being processed for departure - we had fruit, biscuits & coffee

Ray Godshalk had just got back from a trip to L.A. - he may have been driving a bus load of people living for Guy.

I left Viola at the Te, as Rosaki Breidenbach wd bring her home after lunch, & th the bus to Polk St. - I went to the Salvation Army shop on Sutter - I tried for an apron, didn't find any - also tried at shoes & got an idea of how much I can get & cost

(over) C-3-A-4 (35)

for, as I will need a winter coat, if I stay here for sev mos.

I rode the Sutter bus to Fillmore & then walked down Fillmore to Union St. & then along Union to Van Ness — I had coffee & a doughnut at a shop where a no of child were playing while their parents were eating — I was told the grp was celebrating the Jewish New Year — I stopped at the Junior League shop & another second-hand shop across the str but their prices are out of my range — at a bkshop on Union I found a new issue of New West, which rev some thns on the Te from Te members — the day was delightful

I rode the Van Ness bus & then the Geary bus to the Te for lunch — lunch was very good: noodle soup, a rice dish, ✓ salad, cake or pie — this is the first time I have had lunch at the Te — I had a convers. w/ C. J. about my projected article on the subj. of early Bk. civilizations

I bot an apron for a dime at the second-hand shop on Geary across from the Te

13 Sept - T - 2

At home I turned the refrig. off, so it cd defrost while I had a bath - Rocki lent me an electric heating pad which I used on my yellow - I stept 2 hrs

I cleaned out the refrig. & mopped up the floor

Etta was at Rocki's all, making dolls for the child's Christmas - Lavina has not been feeling well & spends a good deal of time in bed

Went to the Tea for dinner - talked w/ Dick Trapp about provision for classical music in Guy - Dick plays the cello & Lavina Green the piano - he saw some cassettes that been recorded & we cd send back to the U.S. for more - Dick said he expected to be here for s' time, until the legal matters are cleared up - he has taken a lv. of abs. from Santa Rosa Jr. Coll.

Talked to Lavina who had read new directives for Etra to Guyanese officials - she read them from Dick who prob got them from Jonestown by radio - They prob are a result of Guyanese fear of being involved in interna. polit. episodes

(over)

C-3-A-4 (37)

as presaged by the attempts to shoot J. - I am to write to 4 of the top officials indicating that we are helping to infl. the Castro admin to provide an enlightened Carib. pol & that Guy, by supporting the Te, also protects its own interests.

I went home w/ Viola - she told me of an incident in which an ironic remark she made was reported, & she had to meet w/ Connor. It displayed the humorless attitude which is typical of bureaucrats - Viola, who is used to living independently, has had a troubled time since she came to SF

I rd reps

Estelle retd to the apt.

11½ Viola also told me that Guy sd Harry Williams was on the Te bus to Miami & when all was ready for him to board the plane for Guy, he wouldn't go !!

14 Sept - W

I went to the of. today because I wanted to attend the luncheon in honor of Mare, who is leaving on F

I typed up some mins of a staff mtng for Betty Barclay, who is out this wk

Ten or so of the secretaries went to the Park Bench, an informal eating place on Beale St nr the Freeway - this was arrang'd by Del Bowen (formerly the Farlanik) as a farewell to Mare - she phoned our orders in ahead of time, they were brought upstairs to us - we had drinks at the bar - I had a martini - my lunch, chicken salad & a bowl of soup, was late in arriving - Dor attended, tho she came late

As my arm was still painful, I left the of. at 3 pm after Garbo had a job for me - I plan to take sick lv the rest of the wk

When I reached home, I had a nap

Went to the Te for dinner, altho I usually prepare my dinner at home on W night

Few were present at the serv

During the serv, Mabel went from

pers. to pers, no doubt giving her
aid of the controversy she was
engaged in regarding her housing.
I had heard that Phyllis Chiaki
left for Hwy - Jenny Cheek said nothing
had been said to her about the
affidavits - she didn't give me any

The serv was dismissed early
Grandma had told me pers. needs
were being handled out, & after some

Got up at 8 ov

I again went to the Te w/Viola for breakfast - she said Mabel & her roommate met w/Comm - it was agreed that they can stay at 1029 Neary, but 4 will have to be in one apt - Judy Kerrison & Ruth will be sharing w/them

I saw Laurie & wrote the ths to 4 Navy good officials in the acting off the lunch at the Te

Finished the ths & left them for Laurie who had gone to wk - she wks for NAACP

Had a convers. w/Dick Troff - I inquired of him whether it wld be advisable to have my Russian bks shipped to Navy - I told him of my knowl. of Russian - he wants to study it h'self & that I shd bring my bks to the Te for shipment - he suggested I accompany him to a mtng w/a Russ. delegation 22 Sept & talk w/them to the extent I was able

At home I put my laundry in the machine, then the dryer & put the clothes away

C-3-A-4 (42)

✓16 Sept - F

Wanda woke me this morn., discovering a mouse in our closet - she is afraid of mice - she flamed the food I keep on the shelf - I told her of the incident involving the grapes, that I kept food in our room because the other women in our apt take food that doesn't belong to them

Went to the Tea for Hyatt - Vera didn't go

I had an appt. at 9³⁰ w/ Dr. Fudgen who had not been able to look at my teeth the day I had them cleaned - he took my blood pressure, so it was very good - 145 over 80 - my mouth is also in very good cond - he filled a small cavity

I paid the Tea as I had forgotten to sign the ltrs I did yest - Dick Tropp took them for me

I ate lunch at home

Th my card & went to the Haight store - got a few vegs. & some fruit & bread - didn't need much as I hadn't taken lunches to work.

It was slightly rainy today

I walked home, going down Haight to Fillmore, then on Fillmore to

(over) C-3-A-4 (43)

Eddy, along Eddy to Van Ness – this way I eliminated the steepest hills

On reaching home I packed my bag the apt. house.

I left at 4 or, buying some wine for Lor on Geary

Th the 19 Polk bus on Hyde & transferred on Market to a bus going through the tunnel – some buses didn't stop & the one I got was so crowded I had to stand the whole way – at the tunnel I transferred to the Park Merced bus

I arrived at Lor's at about 6 or – Lor has a new roommate, a young Jap. man

Lor & I discussed the murder in the SF State Library Law Reading Rm of a young Chin woman student – she felt an atmosphere of fear pervaded the campus – the fiers who committed the murders must have been one of a few w/ access to an electronic cd to open the lock of the Law Reading Rm

We had dinner

Lor & Ryn are exchanging tapes in addition to letters – she let me listen to a tape made on last wkend's trip to visit Don at Moss Landing – Pat &

(cont): C-3-A-4 (44)

Mike & the baby were the others in the gp - then Lou played for me the Tape made by Ryan in Tunisia - she was at the time having an orientation & training period in a rural area, studying both French & Arabic, & had also done some traveling in Tunisia - Lou was making a new Tape to send Ryan, & I added a section on communal living

Meanwhile Mari had come home - she had been visiting friends on the Peninsula

We looked at some slides Ryan sent from Tunisia showing the ruins in the town in which she lives - they had lovely Arabic titles

I finished the nsp

Lou & I went up to bed about 11:30 - I rd The Silent Language for a while

11½ I called Mari to say good-bye, catching her just bef she left the off 11

17 Sept – S

I slept until about 7:30

Went downstairs & made some Sanka – rd The Silent Language until Lor got up

For bkfst we had juice, toast, and egg & bacon

Lor is firmer than ever in her apprehensive attit about communal living, partic in a rural environm, altho we discussed the deterioration in society here, such as the increasing mental illnesses we observe & the breakdown in workmanship, lack of responsibil. for a job, & so on

Lor's life has become increasingly busy – her soc life has expanded because the no of people she knows has increased – I hadn't seen her for a long time, not only because I am busy, but because she entertains sev times a wk & spends most wkends w/friends – her apt is cluttered & she had a long hunt for a prescription she

Cover C-3-A-4 (46)

wanted to get filled

She remarked that a quiet agricultural life is not for her — she analyzed the diff btwn us — she is more soc but less communal — she treasures her individuality

I went through my Russian. Mrs she is storing for Mrs & selected some to take w/ me to show Mich Troffs, not too many for me to put in my suitcase & carry — I hope to get a Te car to come over for the rest

We th the bus to Sq about 11³⁰ — she had to buy groceries, fill her prescription, & go to the p.o. by it closed — we th the Park Merced bus to West Portal — I transferred to a bus going through the tunnel

I arrived home about 1⁰⁰ — the apt was empty & I guessed that everyone had gone to a rally — Virginia & Lavanne rested from shopping but so there was a rally — Wanda & Ethel had gone — the Te. grp had joined

Dressed & went to the Te to eat about 6 pm

I had brot 2 of the Bus. Mts to show Dick, which I thot might be useful to him

The serv, conducted by Hugh Sorts on & Norm Jones, was unmeaningful & short - & few people had come from LA.

At home I had a snack & no snps

Went to bed about 12 am

✓18 Sept – Sun

I got up at 8.30, had my bath – even on Sat when we are all getting ready for church. we seldom have a prob getting into the bathroom – 5 times it is crowded in the kitchen but today when I prepared my bkfst no one got in my way nor I in others – I had cantelope, toast, beef sausage, & an egg

Went to the serv at 11.00

Norm was in chge – there were announcements, congreg. singing, music & dance nos

A repr of Rep. Sen Marvin Little Mally was scheduled to visit us today, but for some reason it was announced that he was coming thru services – it may be that I does not want visitors in his absence

The serv was dismissed early, at 1.30

I went home on Hunt

Lawrence had felt ill & hadn't gone – Etta came home

Etta let me prepare my dinner first – I had liver, brussels sprouts, & c salad

Cont C-3A-4 (49)

I had a nap

Ret'd to the Te for the eve. serv, which wasn't until 7

This serv was also short

I had been trying to see Chris Kice to ask her about Bates' requests — I finally find her in the accounting off — her advice was to tell Bates that we will try to find items to replace the ones she lost, but it is clear that she doesn't expect we will

11 I spoke to Vernell Henderson about the method to get underwear for Guy incl. cotton panties, which all the seniors have been advised to buy — Vernell says this is a misunderstanding — only girls who are menstruating are to use cotton because of some infection but on my most acute areas of the mucous membrane — I told Chris had even taken pers out to buy cotton underwear — she said she would talk to Chris about it — she told me just to find what underwear I need or buy needs slips

I got a ride home in a car Ray was driving

Estelle advised me to put the items Pat's wanted on my needs slip, get the money & buy them - she said she would see that they are sent - she sends things to her children all the time

Herb gave me a ltr to type & send out & some personing to do

I wrote final entries

Ate lunch at my desk, as the weather was still cool

Went directly to the Te to get Tom - had a long talk w/ Dick about the shoddy items in the press nowadays - any excuse is used to feature sex & dirty lang

demands on our time – I think, also, that people are rather nervous in this waiting period – no one seems very friendly.

Estelle was not at home – the other women were quiet in their rooms

I decided that, rather than exercise, I cd walk for an hr – the weather was warm & pleasant – I went down Hyde to the public library & back by Jones, turning up on O'Farrell – I found outside a grocery store a bag in which I can pack my Rus. bks & th it home

I mended some clothes for an hr

Wanda had gone to bed – I moved to the kitchen w/my radio – prepared my lunch for tom

Rd mgs & a little in The Silent Language, eating a snack

I went to bed at 11 30

About 2 30 I was awakened – Wanda & one at least of the other women were talking – I turned the radio on, hoping it wd help me go back to sleep, but I didn't until aft Wanda returned in about an hr

Sev is our gp asked the whereabouts of Margot Spencer, the Rus. woman whom I cured of cancer - she may have gone to Sky, but it is more likely that she quit coming on the outbreak of the conspiracy agst the Te & the absence of J - she has a husb who isn't a Te member, & of course she is not communal. Wanda had had a headache last night & stayed home today

Lavana told me she had discussed w/ Wanda her pers. sit - she is kept awake by the TV which Estelle & Etta play loudly up until 2 ov in the morn. - there is no way to close off Lav's rm - Wanda, sd Lav, had suggested changing rms w/ Lav - thus Lav wd bd in w/ me - Wanda sd nothing to me about it

Everybody's nerves seem to be on edge - I think we are all upset w/ this waiting period, not knowing how soon we will go - Wanda sees no partic reason she is staying here, as she has no sp responsibility - Estelle told me Etta, Virginia & Lav all have medical problems which require the supervision of a doctor, & Jonestown does not yet have hosp or nursing home facils.

I myself think Estelle uses her ill health to get off funds - she gets money from the Te for her food, as does Etta, & prepares it for hers. & Valyshe - she eats what she knows to be bad for her - she & Valyshe are together most of the time when V is not working

The morn. serv was short

I went home, slept & then beg acting, as I thot others wd be preparing food

Etta & Lonnie were there

I had hamburger w/mushrooms, corn on the cob, & a big salad - Lon asked for some of my salad

Spent most of the day on Jack's memo

Learned from Denise that Hans & Deb had an accident in Arkansas - Deb was driving & made a left turn over a double line, collided head on w/ car coming over a hill - she suffered from internal bleeding & scratches on her face; Hans had scratches on his face - stitches were required in both instances - however, they were apparently not injured seriously, as they were released from the hosp - they had called Bechtel F about disabil. status for Deb

Betty Barclay told us that she has met another man, to whom she plans to get married - the man she has been going with thot an understanding they wouldn't marry, as she wd lose her benefits - I inquired whether she wd not do so now - Betty has not been very successful in her new

I ate lunch outside

When I came to the Te for dinner Tues, a sign let me know dinner wd not be served until 6 or, but that it "wd be worth waiting for" - I left Muni home, changed clothes & walked back to the Te.

The hot water fixture in the kitchen had been out of order - the staff had decided to prepare barbecued ribs outside & give communal people a real treat - fortn. also the leadership had sensed that people are going through an uneasy period

A little after 6 or serving was started - we had, in addition to the ribs which were excellent, potato salad, corn muffins, & a banana pudding - I had been stand -

I ate at my desk & went on the bus to Marlborough's & the Emporium to price Bates' needs - it wdn't be too expensive to replace her manicure needs but I had trble finding a back brush - the Emporium basem. had a few which seemed to have been on the shelves for a long time

On my lunch hr, after eating lunch at my desk, I started on the bus up Market St to get to the Emporium to buy my underwear - an accident or other mishap stalled traffic on Market - I got off & walked up Geary - tried finding what I wanted in Liberty House & Macy's - it was very hard to get waited on (there are almost no clerks, only cashiers), personnel was rude & indifferent, & I couldn't find cotton articles - etc bras, which were very high - priced, as was everything I saw - I didn't buy anything - these stores did not have a Bargain basement & I intended to go from to the Emporium which does have

Use of the kitchen carried itself smoothly as people ate in turn - Carrie had built her own food - I had an egg, sausage, toast - Carrie gave me some bacon - I did the dishes

The service was at 11⁰⁰ - there was a fairly good crowd - the setting was quite short - it was out at 1⁰⁰

I went home - I tried to sleep by eating but I couldn't - the day was very hot

I got up at 3³⁰ - the others who came home were Lorraine, Ethel, & later Estelle

I had hamburger, salad, green beans - Lor gave me a piece of lemon pie

After doing dishes again, I lay down for half an hr, was half an hr late for the 6³⁰ serv.

We had 2 slide shows made by the Fed Council of Churches - the first was on the multi-national corp Gulf & Western & its control of the Dominican

4 Oct - T

Had no wk in the morning - had time to do sev jobs Thanks

Last night June Cyn called me saying Te rec'd a call from Kaiser from a lady named Fran Lyon who inquired about ins. in connection w/an accident - it was a puzzle as I rptd no accident & we didn't know how Kaiser got the Te no. to call me - I phoned Ms. Lyon - she had no record of my name in such a connection - she felt the teleph operator must have misunderstood the name

I made out my needs slip

I made my donations for the United Way, living cds for the people on my list

I phoned Mare - she has a job w/an real/estate co where her dad works - she was in a good mood tho' still in pain from Whiplash - she is distressed about a scar on her face, but it may fade - Deb Bowen had flown home - she expects to be in the off. in a wk or 2 - Mare was unhappy because she had not called her - I told her there was no sign of a replacement for her as yet

I ate lunch at my desk

(over) C-3-A-5 (8)

Saw the film "Dawn of the Second Century" about the J. R. Reynolds Tobacco Co & the conglomerate it had formed, Reynolds Industries, a very clever well-made film

Terry Brown, a new attorney who spks French — I bel he is Algerian — he gave me a 3 page thr in Fr to type — Larry has left on a 3-wk vacation to France — Norma was out this aft.

I got a draft from Jacob Javitz to type at the end of the day

I had a good meal at the Tea — as is usual, the amt of food put on my plate was too much for my need

I turned in my needs slip

At home Estelle, Lav, Wanda & Ethe were having a convivial time — Estelle was packing a box to be sent to Ray w/ a family flowing tea (prob Mary Mother — spoon was one) — I later heard they were too late w/ the box

For Tony Brown I had 2 items to put on Reg Cor

Did a little in print entries but made lit. prog

My elbow is still causing me some pain

Ate lunch outside

Went to the off supplies cor & got an adapter for my t.w.

Annie Schroeder, who drives to work from the Sunset, tk me home so that I cd bring my t.w.

I washed & changed clothes

Went to the Tr to have dinner

Laurie asked me to write a ltr to the Chron concerning a story

(over) C3-A-5 (b)

on the spiritual suicide of John William Head - the writer insinuated the Te was resp. or partly. even responsible for Head & profited from his death, a charge originated by Rev West

Aft finishing the Eth, I attended the rest of the serv - a film on Leonid Breghnev was shown w/scenes from Russian hist through which he has lived

Wanda has been getting our pers. supplies, which are handed out aft serv on W by Ollie Smith - she was the only one of the Widemans who stayed in the ch, having married a Te member - but she seems to have the bad disposition of the other Widemans - I waited downstairs for her for half an hr - I then finally heard practicing songs (like the other Widemans she has a good voice) & she let me know she wd come when she felt like it - she was very rude when she did come - I was tired & didn't like to go out to the bus stop alone

(cont)

C-3-AS (11)

5 Oct - W - 2

(an elderly woman's purse was snatched the other day in broad daylight & her skull broken when she fell on the concrete - she died) - Vernell Henderson witnessed Ollie's behavior, but she took it better to put up w/ frustrations during this interim period - she tk me & Wanda home - I understand why Wanda doesn't like to try to get supplies from Ollie - I had never bath soap - enough for all sip of us - or laundry soap

Bates used to tell me of Rocky Breidenbach's longing to find a man, usually someone much younger than she is - she was continually w/ one man or another - I rarely noticed them - now, accord. to gossip, she has a bk man named Roosevelt Turner, says she is going to marry him - ~~she was set to be w/ her too, but again I did not notice him~~

Estelle has gone to L.A., prob for 2 wks
I rec mspo & had a snack
I went to bed at 12 am

C-3-A-5 (12)

6 Oct - Th

I slept until 8 a

Phoned Don that I was not coming in, that I was going to see the Doctors at Kaiser about my sore elbow

Lou had mentioned last night that someone had eaten her last egg - she thot it was Estelle - When I thot about it I was convinced that mine was have been taken too - I have 2 which I intended to eat for Sun breakfasts - somebody had been using my toothpaste when I left it in the bathroom, & I had to bring it to my bedroom - soap which Wanda continually put in the bathroom was as continually taken away

This morning I made my displeasure evident about losing the eggs which were indeed gone & Ette & thot Estelle had ~~indeed~~ eaten them - she is set to have 2 for breakfast every day - I amended my plan to eat some of the meat I am sure she has in the freezing compartment of the refrigerator - I thot it would be a good idea to have a meeting of Ette, Lou, Va & I & discuss other people's food & the common supplies, such as soap (Wanda doesn't eat in the apartment &

(over) C-3-A-S (13)

spends little time in the Kitchen, so I didn't intend to visit her) – the outing never whd out, as I wd not find a time when we wd all be in the cpt – Ethel sd she wd bring me a half dozen eggs "to keep the peace" but I intend to spk to Estelle about taking others' food – Lev has told me how others take her food – Ethel & Judy Merriam are the worst – Lev calls taking or begging others' food "swaging" & has contempt for the practice which is very widespread in the communes.

I went to Kaiser about 9³⁰ & saw an orthopedist – he had X-rays taken & diagnosed bursitis. I think it may have been caused by my slipping on the dining rm floor at the TV one day when somebody had spilled soup & I had thought I was not hurt – the irritation may have been aggravated by the heavy typing job wh I did for Betty Basil & the typing I did at the TV where the chair & typing stand were not the correct height – the doctor gave me a choice of treatments – I decided on a prescription of indocin

11 Oct - T

Went to wk today because I didn't want to miss the dept meeting — it was at 9.00 — there was a film on the United Way, the one that was shown to UK canvassers. — Mike Cohen of Data Processing gave a survey on the operation of Word One — it was too technical for those unknowledgeable about text editing & presented nothing new to those who did — a lot of controversy surrounded Dave Vig & Dev — nothing was said about computer plans for the Leg Dept — later Bernice told me it was planned to hire a man as supervisor — she that feels he will be introduced today but she wasn't sure. I don't know how this change will effect my status

I made out my needs list — Dee is little wk on grad entries

At lunchtime a film called "Ocean Heritage" was shown — it was about Newfoundland & Labrador

I made the rounds of those on my United Way list who hadn't

She returned shortly by noon as she wasn't selected to serve on the jury but has to go back tom

Lar was friendly enough at first tho she was grumbling because Estelle & Molly had eaten most of the center of a piece of watermelon when she offered them some - she became increasingly annoyed as the eve. wore on, because she ~~found~~ was trying to sleep, at my keeping the light & radio on - I ga nothing to her, as I am taking it for granted that I can work or read in my rm until 11 or - at length, aft. Estelle came home, she joined her - Judy came in & talked to me for a while

I prepared my lunch for tom

problems are discussed; nothing has improved – Thomie goes to bed about 7 or, then gets up at 2:30, makes noise & prepares food – she eats at intervals all day – the newest complaint is against Josie Chambliss who lives in the apts. w/ Mabel Johnson, Judy Merriam & Rocki Breidenbach – Judy told me last night that she was enjoying people by insulting them she belonged in the Bible – Josie & Virginia, while preparing vegs at the ch, became so furious w/ each other that others feared they were going to attack each other w/ the knives they were using – yet Josie, apparently having endured all the disapproval she cd. annoyed she was living – she told Rocki to load all her belongings in the car as she was moving out – Rocki got in touch w/ the Ft authors who told her to accede to Josie's every whim – later Chris Rice arranged to have Josie moved in w/ Ruby Johnson & Rocki was told to unload her belongings

As Rocki had left w/o saying whether she wd be back for Viola, J. helped Viola get home on the bus

Zav was already in bed when I got home – she say she had had a busy

I told Estelle about the diffies people were having in other apts - she was sympathetic w/Josie, who, she sd, is in her 80's & has had a hist. of mental diffic - Estelle bels her apt-mates shd be more tolerant

I went to bed at 11 30

1/7 Sat

Was up at 8 AM – had had table sleeping off the argument w/ Lou – I spoke to her normally & after a time she responded

Rocki left me to shop – Viola Godshalk had told me of counseling sessions w/ Rocki & Doreen & Judge – Rocki was suspected of taking some of the receipts from the flea market – she eats in restaurants w/ Roosevelt Turner which is the reason for keeping a close check on her school. – Viola said Mabel Johnson teamed up w/ Rocki too & raised benefits –

I fried chicken to have for lunch at Lou's while Rocki left someone to the doctor.

At 11 AM Rocki left me to Lou's to get the rest of my clths – Lou had lost the key – I got the clths – Rocki & I left them dismantled & loaded them in the car – Lou arrived home – I had fried bread & lettuce as well as the chicken – Lou made salad & furnished watermelon & we all had lunch. I was in bed, tho' not asleep, when Wanda came home - Lou went out & told her what had happened - Wanda called to me & told the others that tom there was a rally all were expected to attend. -

I have become increasingly worried about the extra tasks I have recently been assigned: typing the healing affidavits which I am not any longer supposed to stay out of sight to do, & writing for the Forum - Wanda's commanding tone determined me to write a memo to Connie about the unreasonableness of expecting work beyond my full-time job of a woman of my age, already suffering from physical conditions aggravated by stress

(cont) C3-A-5 (55)

matter in the affidavits which were not complete had been filled in last night by the other workers but only was in proper order to type up - I finished typing this & working on it through the first part of the serv

Shortly after I came in, Sandy Bradshaw (Ingram), who had just retd from Ky, told us enthusiastically about the miracle she mentioned in prior; the housing which is painted city colors; J's healing of Bobby Stroud's hand which had been cut off - the healing of another whose head was struck by a crane causing the spinal fluid to drain off; that 17 yng women were pregnant but no more pregnancies were desired now

A tape made from a broadcast of J's was played - it was about and by Hong - he described the miracle in detail, spite of various people of all ages who passed him (some spoke on the radio), exhorted us to greater efforts to raise money, remarked on the deeds of our enemies

News he told us of individuals: Daisy Stroud (the girl) is teaching China, is very cooperative; Patty Cartwell lost 30 lbs; Jim Pugh is planting in the veg gardens; Edith Bogue lost 26 3/4 lbs; Mike Parkes is editing

a film; Lois Ponts is teaching a class in obstetrical nursing (but we need no more little ones than we are prepared for); Sharon Cobb is supervising care of the babies; Gene Charles is working in the plant nursery; Joyce Parks is at our Georgetown hqs.; Juliette Bourdeaux is in charge of the inoculation corps; Trish Long is working on our records; Amanda Jain is planning the landscaping; Anne Moore is one of our nurses; J's mother, Lynnette Jones, is doing well. Steve, who was aimless in the States, unloads our boat; Marie Lawrence is teaching sci; Helen Love is doing well; Jack Barron is teaching math; Carolyn Lorner is one of the h.s. teachers; little Raymond X, who cried all the time, now smiles all the time; Shirley Hicks introduced a new calypso song at the last intrg.

Other matters of which I spoke: no one is permitted to make fun of another's appearance nor handicaps; there are twice-weekly intrgs w/less emphasis than formerly; Guy gives pot to all who desire it; the museum gave assistance to a child in a coma in Vienna who was in need of a specific drug — at our sev hrs of commun, all over the states, we were able to obtain

it, winning many friends; he gave more details of the accidents mentioned by Sandy, saying both occurred because of negative influences; all the children who suffered nervous conditions in the states had overcome them; as J. had mentioned previously, our people had not had wt & suffered strokes, but J. has healed them; everyone has a check-up every 2 wks. & a thorough med. exam every 2 mos; J. requested us not to send commodities nor candies the relatives or friends in Guy send useful items such as sheets which we all can use; everyone participates in decisions about governing the community.

Mother is coming back & performing a task for the Tr (the tape was mailed in early Oct)

In mentioning the conspirators, J. referred mostly to Grace Stern & her collaborators - ~~he said that among those involved were Vincent Lopez, two of the Breisenberks, & Jo Wilson whom she hated~~

There is never any need for corporal punishment

I made a salad to go w/ my step-law & Carrie were at the for dinner

I lay down for an hour & half but couldn't get to sleep

At the Pr I received a msg from Vera Chatham which Lord had sent over the radio during the preach – referring to his position in the mission as midwife, she recalled (I had totally forgotten) a conversation we had once back when she had told me she wanted to get away from Lou & raise pkts – I suppose I had mentioned that my mother & 3 sisters all had had problems & I wanted to have one too!

I saw Sherri & told her she had passed me up – she didn't ask me why I was not going home angry that she th. I had planned to do grocery stores – I didn't wanted to go Saturday after. to work for hour and –

When I went upstairs I told Betty the details and the use of Rocki's community car - she that because of the circumstances (poss. damage Mabel might do to the cause), this sp. priv. might have to be ignored - I sd that in the case of Estelle a l.d. call might have been authorized in order to get them to Guy, tho they are not members of the Tr

I wrote a memo to Comm. telling how Vivian Vaimous, sitting in the choir had chewed bubble gum & yawned throughout J's tape, yesterday - I had given it to ~~Eleanor~~ Christensen, who directs the choir, but she told me to give it to Vivian directly - Vivian rudely received my comments, saying she worked 3 jobs & chewed gum to keep awake

Went to the Tax serv - I checked whether there were any more affidavits to be typed but there were none

At the end of the serv it was annc'd that Dr Esther wd not be coming this wkend as had been told in for. I wks

Greyhound had come from L.A. incl. Jim & Elvane - Ray didn't come but sent a note to Viola

I went home at the break at 2:00 - I had fried chicken, brussels sprouts & salad - Lev & Carrie also ate in the apt - Estelle came in late - she was living at the eve serv & was going to take w/her some pans & silver & dishes - she also was going to take w/her the bake sale supplies left in the apt for use by the L.A. women who have nothing to do

I tried to nap but didn't sleep soundly

(over) C-3-A-5 (78)

I went back to the Te at 6 pm - we had the Halloween party - the children were mostly in costume - a tunnel of horrors had been constructed & it was being monitored by Patti Chastain & Cathy Trapp - apples & bags of candy were distributed to the child! - those teen agers & adults who wanted to danced - I went home early w/ Josie & Viz.

I gave Josie some Sanka - she was peaceful - I lay in bed listening to Verdi's Traviata w/ Joan Sutherland & so

Went to sleep at 11 pm

31 Oct – M

I spent all day on Huff's mens specialties & had a difficult time – I barely had time for lunch – I worked on the tray A in Dora's off – stayed on her late to finish the memos

Went to the Te for dinner – I picked up my prescrip at the telephone desk – Jossie was already in bed

I prepared food for lunch for W on tom I will be attending the luncheon for Cathy

Read until 9 oc

Tue 9³⁰ I went out on Polk St from Ivy to see the Halloween festivities – it seemed more crowded than last yrs – Judy had wanted to go, but she had to help clean out the room where Jossie & Doreen had been – previously it was occupied by Ruby Johnson, mother of Ruby Carroll, who left w/ Tina Turner for Guy

When I retd, I read & listened to the radio until 12 oc w/o awakening Jossie

The rest of the day I worked on
a revision of the Legis. Status rpt
for Butler in Don's off

At noon there was a luncheon
for Cathy's birthday - about 20 of us
attended at a Chin rest off Mission
St. - I came because Cathy is more
sympathetic to me than most of the
people at the off & does many favors
for me - the waiters brot and
enough on a plate to serve 4, served
the dishes & calculated the check by
counting the dishes - each share incl.
tax came to $4.31

Betty Vail lk'd very glum
Tom went to the Ie to eat
Put in my needs list
Got home six mpps
Went to bed at 11pm

C-3-A-6 (2)

1 Nov - T

I came down w/a heavy cold
Went to wk & stayed 3 hrs
to finish the Legis Status Rpt. - then
I told Betty I was going home - she
seemed reluctant, prob because I
have been out quite a bit lately,
so Don had a heavy load
I phoned Soc Sec to learn what
I shd do to apply for retirem benefits
Phoned the Ins Office Equitable Co
to find out whether my t. w. was repaired -
I arrang'd w/them to del it to the
off Tom
Went home at 12^00
Prepared some lunch
Phoned Jim Randolph at the Tx to
see if I cd get my birth certif from
him, which I wd need to apply for
my soc sec
Went to bed & rd naps
I didn't go to the Tx serv
When everyone else had gone I
went out & bought a bottle of beer -
Then went to sleep

(over) C-3-A-6 (3)

I awoke when Josie came in at seven - she said Mary was coming on the 6th end - she also said Frankie Wrigsby, who works in the kitchen, is looking for Mary.

C-3-A-6 (4)

3 Nov - Th

I felt fairly well - my chest pain is gone tho' my head is still stuffed up

I phoned Doc that I wd be out again today

Had hopes of accomplishing a great deal

Phoned Lou to inq whether I cd come to see her on F but she has other plans - she told me Carol was intending to marry the young Canadian George whom she was w/ on her trip - the wedding will be in Can - therefore Lou will be going to Eugene for Christmas - also Mari's mother wants her to be married in Lima, & Lou will have to make arrangements for that

I did my laundry - the elevator was not working so I had to climb the stairs several times

I didn't get to the Te in time to eat - read the papers while I waited for Randolph

Living the Te I saw Irvie Severns -

(over) C-3-A-6 (5)

went w/her to the second hand store across the str from the Te – I bot a sweater for a dollar – wearing this on cool days & eves, I may not have to buy a winter coat

I then the Soc Sec off was on the Divisidero end of Golden Gate St, so I th the tram up to Divisidero & had some bkfst in a cafe

Then I th the tram to the Soc Sec off which I found was on Civic Ctr arrived at 12 30

I had a 2½ hr wait until I cd see a worker & have my applic taken – finished the mgz in old Time mags – however, I had all the needed info & was processed quickly

I walked home – stopped at the Salvation Army Th Sh for gloves, but they didn't have any

I was too late to go to Macy's where I went to buy Berkshire stockings on sale or to get my t. v. – I had phoned the store not to deliver it today

At home I put away my laundry

(cont)

C-3-9-6 (6)

3 Nov - Th - 2

I cleaned the room, putting away Josie's belongings which were cluttering up the place in paper bags ÷ I had asked her this morn.

Went to the Tu to see

Came home w/ Josie & finished cleaning - she put her medicines & so on into a dresser drawer but did not arrange anything

I did my pers chores

Washed my hair

Did my hand laundry - finished at 10 PM

Read mags, listened to my radio in bed for an hr

Josie was disturbed by the radio & fussed about it - I was insistent on my rt to have some recreation aft I finish my wk

I had diffic in getting to sleep

11/2 I gave my date of return from Beichtel's as the end of the yr, tho I will have to talk to Tu counselor about it //

C-3-A-6 (7)

4 Nov - F

Checked on W's wk - Don had had to correct a few errors - also, for some reason Butler's op wanted the ppt in larger type & she had had to run all the pages again on the computer + w

Did I write wk on my journal

Had forgotten that the Annual Legal + Ins. Seminar was scheduled for Th & F - the luncheon to which the secretaries were invited was today - in addition, Weinberger had personally told the secretaries they cd attend any seminar sessions in which they were interested if wk permitted

Talked w/ Carol Emory by we ate - she was interested in my hlth & job - I told her I was still assigned to the Wd Proc. Ctr but was not physically in the rm w/ Don on account of her smoking - she thot I was justified & Told me of a govt ruling (OSHA)* that no worker cd be forced to work in a place where others' smoking endangered their hlth - she sd she'd

(over) C-3-A-6

send me details - I didn't have time to learn of any of Carol's home circumstances (she is working in the Wash. op) & didn't get a chance to talk w/her further

For lunch we had a salad, a steak, squash, a pudding & cookies

The other was Parker Hart, a former U.S. Ambass to several Arabian ctys - he is now employed by Bechtel - he is knowledgeable about & sympathetic to the Arabs, knows the lang - he presented many details about the various Muslim ctys, partic. Saudi Arabia

With several other secretaries incl. his own secretary, Lucile Sutherlin, I attended the next seminar session at which John Stewart spoke on negotiating contracts in international business - he has been involved recently w/the Jubail contract & is leaving shortly for Saudi Arabia again

Various secretaries had taken turns at a desk downstairs to take msgs for

(cont)

C-3A6(9)

participants in the seminar - I had volunteered to sit at the desk from 4 on to closing time :- had hoped to make some progress w/my final but Lucile whom I relieved stayed & talked

She is a middle-aged woman w/a grown son - she is concerned to make prog in her career & is taking para-legal courses - she lamented the condition of Bechtel secretaries who are treated as if they had no brains - she quoted a remark made by Rita Schuman who when she learned the secretaries wd attend the seminar today sd, "I hear the slaves will be there today." Lucile sd she had been reliably informed that her supervisor John Stewart had blocked her from obtaining the job as Weinberger's secretary. She sd he has irgd w/W. because of his color = Stewart strikes me as very ambitious & W. may be afraid of threats of a charge of discrim.

Lucile also told me of telephone calls she had rcvd from "irate women,"

revealing that Stewart's marriage ethics were not above board.

Lucile said Mary Caroline was going Back to take a job in southern Calif w/her husb-to-be - her family objects to her marriage - they are Catholics & her fiance is not & her father is a doctor & thinks her fiance who is a computer processor, is below her standard

I didn't go to dinner as I had had a large lunch - I hoped to get an early start tom so as to get back home in time to hear the beginning of the opera - however, I had promised to get some items for Viola & went to check w/her - she told me more details of the relationship btwn Rocki Breidenbach and Roosevelt Turner & Rocki & Mabel Johnson - Rocki was going to San Jose this weekend ostensibly to the flea market but actually to be w/Turner - Viola said Rocki gave Mabel rides in her car wherever she wanted to go - in turn Mabel gave her rewards of sp food, the money ostensibly coming from Mabel's son or daughter, tho Viola

4/Nov - F-2

seminar participants - I.th the food from 4 or until closing time - I had hoped to make some prog. w/my girl but spent the entire time talking w/Lucile who had been at the desk from 3 to 4 - she is a middle-aged woman w/a grown son, much concerned w/advancement - she is taking paralegal courses - we discussed how diff. women have in this respect partic. at Bechtels where secretaries are generally considered to have no brains - Rita Schuman, on hearing that the secretaries wd be at the seminar luncheon, had said, "Oh, the slaves are coming today."

Lucile sd her supervisor, Jim Stewart, had been resp. for her not getting the secretarial assignment in Weinberger's off - Stewart, she sd, was very influential w/Weinberger - Stewart is black + the admin may be fearful of him for polit. reasons - he strikes me as a very ambitious

(over)

men, also ruthless where women are concerned - I recalled what Dorothy Brewer had told me of her relations w/ him :- Lucile and his relations outside of his marriage were known to her from his phone calls

I didn't go to the Tc for dinner, having had a big lunch & because I wanted to get to the Northpoint Coop early - however, I spent an hr getting the details from Viola Godshalk on some items she wanted me to get for her & Ray

I shopped quickly at the Coop & at home I pressed clothes in the kitchen while listening to the San Fran. presentation of Puccini's "Turandot" w/ X + X - I wasn't home in time to hear it from the beginning & during the intermission after the second + third acts Carrie Langston arrived from the Valley - the people who bot the care home in ~~the Valley~~ where she + the whole thing is over & she has been notified that she will leave for Bay on Thur

C-3-A-6 (13)

thinks Isabel may have another source of income - she wears new clothes continually - Isabel seems to think her son & dghter are going to go to Guy; however, the son has recently married a woman who doesn't look like "Temple mater," & the dghter is married & takes no interest in the Te

I shopped quickly at the Coop

I missed the beginning of the opera, which was a live broadcast from the San Francisco Opera of "Turandot" - I missed the story of the first act. ↓ ×

I listened to the radio in the kitchen while I pressed my clothes - during the intermission Carrie Langston arrived from the Valley - the people who bot the nursing home at which she & the Sneeds had been working the it over this wk - the Te phoned her F that she cd be M, so she was down to do some shopping

"// ↓ The singers were × as + × as × //

There was a good deal of noise &

(over)

C3-A-6 (14)

confusion in the apt - Josie was already in bed & Isbel was disturbed by it

I moved the radio back to our room & listened to the last act of "Turandot" - Josie did not awake

Aft. relaxing & eating a snack, I went to sleep about 12 mid

// Among the people seated at our table were D. J. Wardle, Mrs. Sigs in the Beach Toronto off & Terry Brown, a new Dr speaking attorney who I had that was an African - however, Terry told us he was born in the Mid-west, is a rather fair-skinned black, is usually taken as a native of any city he happens to be in - he learned his fluent Fr at one of his African posts - he is a vegetarian - Wardle told Dor Stookey that he was born in Eng - after the war he saw he had presented the disastrous changes that were coming & he came to Eng to escape - his word for the disaster was "socialism" & he was sorry to see the United States following the same path - he & Dor agreed that people now wanted something for nothing & failed to see that all benefits had to be paid for //

5 Nov - S

About 5 o'clock I awakened when Josie turned the light on, rummaged in her dresser drawers, opening & closing them, rustling papers - after a while she went back to bed & I went back to sleep

When I got up about 8 she turned on me in a fury, accusing me first of taking her garlic & then complaining because I had unpacked her belongings I told her she had given me permission to do so but she didn't be lieve it - she "didn't agree it" - I was just nosy - she couldn't find anything - she made reference to the confusion in the apt, noise all night long, everybody was so selfish which led me to bet that she wanted some medicine in the night & couldn't find it (she hadn't made any attempt to put things in order)

I reacted w/ surprise, then decided not to respond - I went to the kitchen & told Hander & Lar that she was on the rampage - Josie came out & repeated

(over) C-3-A-6 (16)

her grievances - Wanda tried to mediate, chalked our rms where Josie claimed I had more than my share of the rm - it is true that I have more of the shelf space but she has the bigger bureau & nothing that there is room for - Josie said she was going to write to Father

I was discharged because I had made a consid effort to treat her kindly - I went to the Te for Bkfst - there I saw Viola & Judy - Judy had more details of Rookie's behavior - R. had brought Turner into the rm Judy & R. share - he was asleep in the bed at midnight & J. sleeps on the floor - Judy intends to talk to Jack Beam - I encouraged V. to write to Council about R's use of the car & Te gasoline

I went upstairs & told Betty McCann the details about the use of Rookie's car - she said she would let Jack know for further investig.

I left the Hdqs to the Height Commun. Store - we had had a heavy rain last night and it was a trifle windy but the day became warmer & sunnier -

(cont)

5 Nov - S - 2

the store did not open today until 10³⁰ - I walked up Haight St. to find a Chronicle: I didn't taken my card as I didn't want to take the time to wheel the card home. I arrived home at 11 - put my purchases away - I had intended to go to Macy's last night on the way home to buy some Berkshire stockings which were on sale but I forgot - today was the last day of the sale, so I went down on the bus - to my surprise there was no bad crowd & they still had 4 pr in a pretty color.

I decided to go to the office supply company to get my typewriter, altho I knew they might be closed - they were - I was getting hungry & hunted for a cafe to have some toast & eggs - I ate at a place on Kearny St, then took the bus home.

I had a nap for about an hr & a half - then dressed & went to the Tea for dinner

(over) C-3-A-6(18)

Wanda had told me there were some more affidavits to type + I did three

Worked on my final a while // I seeing Jean Brown, I talked to her about the steps I shd take w/regard to resigning from Bechtel - told her I had filed in for my Soc Sec retirem benefits but I cd cancel the applic if the Te wanted me to cont working - I that perhaps I shd talk to Council - Jean didn't seem to know anything about it but did ask what I wanted to do //

Tracy rel'd last W night - she came in to the serv apt Night, Wesley + C.J. had taken care of preliminaries - she th are offering - she sd she was happy to see us but she wasn't happy to be back - she had no interest in anything in the outside world

She brot w/her motion pict. film which had been made at the mission

(cont)

C-3A-6(19)

5 Nov - S - 3

& it was shown - the film, which had sound, lasted about an hr - it showed scenes with all age levels: the toddlers, child, in class & at play, the people working in the fields, the carpentry shop, the kitchen, construction wk, the piggery, the chicken coops, the cassava mill, the medical fields w/ Dr Larry Schacht & the nurses. - sev young people applied their wk & told why they liked Wuysier seniors, incl. Bates, described their life ecstatically - Mike Prokes asked questions of many people - there were sev shots of J. & the aud applauded vociferously - John Stoen was shown & described as healthy & happy

Many told of sev miracles performed by J. - most startling was the healing of Williams who was hit in the back w/c boom & paralyzed from the shoulders down, w/ spinal fluid issuing from his mouth - Dr.

Schachter removed a steel fragment from the eye of Paul McCann, receiving instructions by radio from an opthamologist.

// Mary So she was ready to rest four or five times, & once got as far as Georgetown, when I decided that it was not safe //

The serv lasted until 10.00

I was very cool to Josie - I want her to know I am not going to make any more concessions & I am going to stand up for my rights - she tried to converse. I replied very curtly

I sat for a while & ate a snack - went to bed about 12.30

C-3-A-6 (21)

6 Nov - Su

Intended sleep later & go to Te for bkfst as I feared w/ Carrie it wd be too compelling in qns. - however, I was awakened about 8 0^{5} - my cold was better - Josie was friendly & our rels are good - I am determined to be firm about having my rts respected & for the time being she seems to accept the sit

X at Te where I ate about 9^{00} we had cream of wheat

I typed one affidavit

Worked on my final in arcting off until serv started

The ass ministers the cere of preliminaries of serv. - Harry came in & the offering - guests admitted 12^{30} - at 1^{15} Chas Gary & three other guests arrived - they were introduced - one was Mary Gramer, who was chairperson of a commission on human rights - she wrote bk on harassment of minority officials

Gary spoke on his trip to our mission in Guy - expenses for by Te - he there

(over) C-3-12-6 (22)

3 days from W might through S – he was extremely enthusiastic – he was partic. impressed w/ the medical care facils & some of the agric. innovations, the happy faces – so no racism, no sexism, no ageism – entertainment talent astonishing – tho he had not, I sev times, did not know him intimately – started to give his reactions to J, but went on to other topics – he so altho Guy got sick, not as far ad-vanced as we

3 11/ Tried call Esther Jensen Cantony whom I met going to Haight Ash Store tell her I'm sew afraid today but not telep listed //

Serv not dismissed until 3 pm

Went home & prepared my dinner: fried chicken, green beans & salad – wanted to broil the chicken to save time, but the pilot light had gone out & neither Carr, who dev came home to eat, nor I cd figure out how to light the oven – Carr ate quickly, as she had prepared her food this morn – Carrie didn't come to the apt

I didn't have time for a nap

(cont) C-3-A-6 (23)

6 Nov - Su - 2

I saw Laurie at the Te & got directions from her concerning ltrs requested by Dick Tripp from Guy: to Andrew Young supporting him agst impeachment, attempts to the Burtons, Cranston & Clausen as they have been approached by anti-Te interests

The eve serv was at 6:30 - we saw the Guy films again w/ some additional ones - Marcy warned those going to the fields not to take candy & guns thinking they can give it to a specific few - she said people can plant flowers or fruit trees around their cottages, but "don't think they are yours, they are ours." Marcy was very firm w/ some boys who had been talking while she was talking - she said adults too had been displaying anarchy, not doing their share of the job, & this must end

I sent a note to Marcy asking for advice on the elections - she told the congreg to follow the recommendations of the Sun-Reporter

(over) C-3-A-6 (2)

11³ Viola gave me a note saying Ray had told Archie I had been good to her – Archie said to Ray that he heard a classroom was being prepared for me ||

The serv was out at 10.⁰⁰ – C.J. has been taking some of the 1029 Hearing seniors home but they have had to wait for him so I could, to take Hazel

I read mgs, ate a snack, & listened to the last pt of "Lucia di Lammermoor" – Josie was quite sweet & did not fuss

11⁴ I wrote short ltrs to Hazel Chaikin, Bates, Magnolia Harris, & Helen Love for Carrie to take ||

Went to bed about 11³⁰

7 Nov - M

I did some wk on my grid during the morn on weekend activities - then had a small memo from Dale Huffman which had to be typed & then retyped - he is over - solicitous & annoys me

Called Lor to tell her I didn't visit her on F as planned, as the Te is going to L.A.

At lunchtime I went up on the bus to the off supplies store & got my t.w. - ate my lunch at my desk

The afn was very confusing - I drafted & typed a ltr to Andrews young & had to do some more wk for Huffman - I started to list items to include in the ltrs to the legislators Dick had requested

Norma offered me a ride so that I can take my t.w. home - she goes to class at San Francisco State on M nights

Dinner at the Te was very good: ribs

(over) C-3-A-6 (26)

w/ gravy, green beans, spaghetti & canta-
loupe

V. also told me she gave a written
rpt to Council on Rocky's behalf - they
must have talked to R., who was treating
V. very coolly - V. told me that Archie
was displeased that she had told me about
his problem concerning a classroom for me -
it was supposed to be a surprise

Heard that Carol McCoy (Bennie) is
having twins - Carrie said she got $160 for
purchases & is getting $18

Laurie was not in the law off - I
left the young thing for her - had hoped
to get a Sun. Reporter from her - wasn't
able to find one in the newsstands - I
got a Bay Guardian w/ election recom-
mendations from the Tu

On arriving home I got a cleaner
from the off & vac'd all the rms & the
hall - dbr rm was very dirty

Prepared tom's lunch

Rest, listened to the radio, & ate a
snack - I gave Josie coffee, toast w/
peanut butter

(cont.) 0-3-A-6 (27)

7 Nov - M-2

Judy Kerrion came in - she was extremely angry because she saw Rocke allowed Tabner in their quarters - she was envious of Rocke & was tempted to accept T's offer of hundred dollar bills to have sex w/him. I scolded her for not writing up for Comm. how R. was misusing the communal homes - I suggested she write to Father

I went to bed about 11 pm - I was troubled w/a good deal of coughing, as I have not recovered fully from my throat congestion - I must have disturbed Josie, who got up & heated water & put wet packs on my chest, then covered me up w/blankets - she called on J's name & put his foot on my chest, but she went through some voodoo ritual calling on the demon to come out "in the name of J" - it was a weird eff. & I bet I wd have gone to sleep sooner w/o her aid but she was moved by loving feelings - This the place about 1 am and I didn't get to sleep for at least another hr

C-3-A-6 (28)

not think this job wd be suitable for me, nor make use of my talents — as it requires lifting heavy boxes. I told her I was uninterested in the job.

Yesterday I noticed a new man in Don's office & guessed he might be Dave's replacement — today I was introduced to him — his name is Brad & he is to wk w/ Don — Brenda told me he is from Personnel & has had computer exper but he does not appear to have been hired as Don's supervisor.

I forgot my receipt for the stockings purchased S, so I had to go home after wk by going to the Te to get

At dinner talked to Patty Chesteen who is making tapes of music of other cultures to use in Hwy — she wants to get some revolutionary & protest songs from the library & I'll — I think Lou might be willing to check some out for us if I go over w/ Patti to select them — Patty says Publications in Hwy will be in Georgetown

8 Nov - T

Voted by going to Wh - the polling place was the Jack Tar Hotel - I voted for Arnold Townsend, Hl. activist, as supervisor in Dist 4, & for the airport bonds, for funds of the Interim Hotel by the City, for the renovation of Fleischhacker Pool, & for phasing out billboards

Had a lot of typing jobs to do for Huffman, w/the usual over-surveillance

In spite of this, however, I managed to do some work on my journal & to draft a ltr to be sent to Reps. John & Philip Burton, Sen. Cranston & (w changes) to Rep. Dan Clausen on the campaign against the Tax

At noon I saw the employees' film "Discover Rover Scout" - ate my lunch on the BS & E steps - The day was very warm

Betty Vasil told me that, as Cathy Costello's wk load is too much for her, Varg. Ulman had suggested I take over the stockroom duties - Betty did

Preparing to turn in my needs slip, I found that I had left the envelope at home - Vernell said I cd put it under her door at 1029 Henry

I showed Laurie the draft of the letter to Cranston et al. - she approved it w/a few changes - complimented me for my writing abil.

At home I put my towels in the dryer - I have not been paying the money to get them completely dry, as they usually dry in the closet, but as the weather gets colder, they have been staying damp

I did my exercises & the bath

Prepared my lunch for tom - 2/

It was 10 30 o'clock by I came into my rm - Josie had been in bed when I arrived home - my radio awoke her & altho she has stopped complaining, she talked steadily & I had diffic reading the paper

11½ Lav had a tantrum because I always move her food supplies from the lower shelf to get at mine which are in the produce compartment below - I don't think she has any suggestion esp. that she prefers to live alone & not accommodate her needs to others! - I made up my mind that at the next opportunity I shall tell her firmly what I think of her continual bad temper 11

C-3-A-6 (32)

9 Nov - W

Did some of the election rets by radio in the morn. & learned the remainder later - Hutch, a BC woman, won a close vict. in Dist 4 - Harvey Milk, a gay, won in Upper Market & the Height - Carol Ruth Silver, a lib., won in the Mission - John Molinari won easily in North Beach & Nob Hill - Quentin Kopp was unopposed in Parkside/Lake Merced. The airport bonds passed - renov. of the Int. Hotel lost, the renov. of the Fleishhacker Pool was approved - the billboard measure failed

"I'd the Board will at least be more repr. of the poor and minorities than was prev. the case"

Boy I left for work another silly argum developed w/ Law over the possession of some wash clothes - she cd have made a fleas neg but chose to be nasty - I stood my ground tho s'what intimidated by the pres. of Wanda - I resolved that tm if Law complained that I disturbed her rest in the morg, I was going to recite all my grievances agst her

At wk I had few items for Hoffman,

I took part of my groceries home - only Lou was there. I put my provisions away w/o calling her attention - I washed & changed clothes

Did not arr. at the Te for dinner until after the 6th o'clock closing time, but I then showed for a late plate - talked again w/ Patti

Got envelopes from Laurie for my Mrs - she gave me a rpt on the court hearing on the Dennis Banks case - he was finally tried for contempt of court

I rd my reps in the acctng off until serv time

In the serv Hugh & others told of the Banks hearing - the Te had 47 people there - only 12 other Banks supporters came - Hugh put great effort & emotion into an appeal for people to go to Sacramento tom to talk up Banks in court on his extradition hearing - Te members had gathered numerous signa-

tures to petitions to Gov Brown, & Brown had refused Banks' extradition — the hearing is on an attempt to overrule Brown — ; sev. emotional statements helped persuade more people to go & Mardy contd the effort when she appeared — security Night were taken care of, Opportunity Sch students allowed to go, members urged to take such lv or a vacation they from their jobs

Two offerings were taken

Hugh asked for donations for food for Thksgiving

Mother pleaded w/ young women to put off becoming pregnant, as the cost of providing for new mothers & babies will become a serious burden

The serv was out at 10 15 — Rockie picked me up at the bus stop

I prepared my food for tom

When Lee & Henrie arrived their conversation revealed that Lee is living for Guy at last, but no info was given to me or Josie

My chest cold is not completely over & gets worse when I don't have much rest

Again did a no of small jobs for Huffman, interspersed w/ final entries & running off of the Tx letters to John & Philip Burton & Alan Cranston - changed the ltr somewhat to conform to Rep. Don Clausen's conservation

Lucile Satterlin continues to tell me of the problems the secretaries have w/ Huffman - fundamentally, he is very demanding, tho his attit. is not offensive

Ate early at my desk & went to see a half-hr film at PG&E on Alaska - some gets early hist as a Russian possession, the sale to the U.S., its early econ. development, the Gold Rush & later econ. activ were detailed - there was many shots of beautiful scenery

his secty Sharon, will be moving up to our end of the floor to the left with of Stewart & John Miller who left this wk for Gaithersburg.

Don told me Brad is taking the advanced course in Hd Orch - Denise told me she is going to Hd One class - w/Sharon moving, there will be no one to do the workload for her section - Don does not like to have more people trained on the computer, so the arrangement was made privately w/the computer ctr - she sd Ving. Duncan was not aware of the plan - even finan reimbursement is to be made clandestinely w/prgm. to the computer center of leg. services

Dale Huffman, obviously concerned about his own secretarial assistance, talked to me later - he wants a secty of his own - he may have been sounding me out - I told him the way we which Sgt assignments - he will be sharing Louise w/Terry Brown, which is not satis to him

Dorothy Malone whose baby is about due, the small daughter of B's friend daughter, who had been to the Ts, & Tony Malone who was released from the reformatory (B. said I got him out cheap of school)

I told B my news - she saw the father of the Malone child, was eligible for Soc Sec, disabled benefits which his child or share, & she was trying, upon agreement of the Ts, to get the funds for the child - if it were not for that, she was ready to leave - she said her husb, R.D., now says he wants to go to Eng, is getting his passport w/approval of the Ts, but she was not sure he was following through

13 Nov - Sun

I had eventually gone to sleep & felt better - I got up at 8 or - asked Beulah whether I had disturbed her - she said no, she had too many other worries - her one concern was to get "these children" to a place of safety - w/ their background (or as called "environment") there was no hope for them after 12 - Beulah has been having some trouble w/ her heart & the doctors were monitoring it

I had for breakfast an egg, bacon & toast

R.O. came to the Tx for serv; he was an hr late

Mary conducted a guest period - one woman asked whether bicycles could be used at the mission - Mr. said they would be more useful in Georgetown - a woman named Lois inquired whether tours to Jonestown would be organized as they used to be to R.V. - Mary asked her whether she intended not to go to live at Jonestown - Lois claimed she would not feel right about enjoying comfort when her 11 sisters & brothers were still suffering, making her's appear more compassionate than I - Mr. responded to her very well, said that tours might be conducted eventually but people would prob have to pay their own way

The sermon was out at 3 or - dinner was not served until 4 or so I did The Silent Language on the bus.

For dinner we had chicken, peas, mashed pot w/gravy, lettuce w/mayonnaise & cake mixed w/jello

Went to the Te & ate dinner
In the Law Off read the Sat Exam article - it was about the Houston family, main sources seem to be Joyce Shaw & Bob Houston's father - writer was sentimental about Bob & his children, described "hardships" forced on him by the Te, leading him to his death

The mtg was to have started at 7:30 but didn't get underway until about 8:00 - Wesley Johnson conducted it; Maney was not there - after opening w/ singing & an opening, we were told we were going to march around the Exam bldg to protest their coverage of the Te - we wd start at 7:00 - Maney & others are going to ask for an interview w/ the editors - the Te will hold a news conf at 12:00

I decided to go Tom if the Tc was picketing again by taking a day of annual lv. // I told Olga that I had a perm. matter to take care of - // ~~the chance I take~~ that someone connected w/ Bechtel might see me on TV will be unpleasant but not partic harmful at this stage, I shd think //

A woman passenger on the No. 38 bus going home was thrown to the floor when the bus turned a corner at a fast speed - all passengers got off & had to take other buses

At home I called the Tc to ask them to save me a plate, learned that Tc members had not come off the picket lines yet

I saw Laurie - she had not been in the line, as she had to wh - she showed me a very short article from the Egan stating the Te had 7½ people in the protest, whereas we had four bus loads there = sev. hundred people - Laurie Ted me have ee of Charles Wang's TV on protestors in the Sun-Reporter

The serv began, w/ Wesley Johnson presiding, w/ the usual songs, getting rides home & sneaking a few announcements about members, money - meeting projects - Lena Collier helped w/ taking the offering during which Mary came on the platform

Mary said the resp had until M to apologize & change its pol - if they did not, we would resume picketing

I don't know whether Wanda & the others heard what V. told me - Josie, who was in bed, asked me why Viola had come up & I told her - she was happy, as she thinks Rocki won't give her rides

Wanda told Viola that Ray & therefore Viola, was not to be living for 2 mos.

The laundry downstairs is now open only btwn 4, 5 in the apt until 9:00 - I had to wait for the use of a dryer to dry my washing

I changed clothes & packed my suit-case as I was going to Lois's to stay all night - I took the Bway bus to the terminal & from there took a street car through the tunnel - by getting on at the starting pt I managed to get a seat - I was, however, late in arriving

told me of the trouble on the S.F. State campus lately - sev. women have been raped or threatened, incl. the Vice Pres in the ladies' rm of the admin. bldg - Lou kept saying the city is falling to pieces

We went to bed rather early

19 Nov - 5

Glyn called Lou from Tunisia this morn. at 7 15 - Lou had not heard from her for 1st time - for some reason Glyn's ltrs hadn't got through - the two talked for a long time - Glyn sd Tunisia had decided not to take Peace Corps workers for teaching assignments such as she is doing next yr so she can either be transferred or terminated

I had some Scotch - then Lou gave me orange juice & toast - we had a long talk - I told her about living w/the seniors - Lou at length expressed herself more frankly than she usually does on Tc practices - she disapproves of separating babies from their mothers - we had a long disc about family life - child care

Lou intended to make some more blintzes but I have to get back home

I asked Lou about the possibil. of using her lib. car to take out some records from the SF State lib to tape for our mission set, as Patti

I learned Wanda had had difficulties w/ Jossie last night

I went up to the Law Off - Laurie showed me an article in the SF Examiner which stated that Tim Shea had come out in favor of Grace's custody of John, saying he felt she wd be a good mother - it seems clear that earlier rpts that Tim had left the Te are true - I also realized that he was the friend that J. warned me wd turn against me - Laurie also showed me a ltr to the Berk Barb Harry Lamberet had written in heavily adjectival prose & containing the worst insinuations yet concerning J & the Te - Laurie wanted me along others to write to the Barb as they have been printing our ltrs

During the sess Laurie Collier told me Nancy wanted to see me upstairs - I went up to her quarters - Nancy asked me whether I had seen the article about Tim - I told her I had - she said I was concerned about how I was feel - I assured her that she & J did not

(over) C3-A-6 (68)

need to worry about me - altho I felt badly about Tim, my own loyalty to the cause is unshaken - I repeated a statement that Tim continually made to me about I, that he never thot of h'self - she said I felt Tim must be under terrible pressure, perh. blackmail from our enemies

I tk the oppor to ask Marcy whether she cd find out if the Te wanted me to quit my employm at Bechtel's at the end of the yr - if so, it wd be advantageous for me to give notice at the beginning of Dec - she said she wd find out

When Marcy came on the platform she told the congreg about Tim's conduct, saying as she had to me that I felt he must be under enormous pressure & that I felt the greatest sympathy for him - she also told the congreg the reason that I was not coming back to the U.S. - it concerned the custody case of a child, not his own welfare - w/o giving names she stated there had been a Yng woman who was hostile to the Te & threatened to do it damage - she, Marcy, had perceived that the Yng woman felt a sexual attraction to I & she suggested that he satisfy her desire - the Council approved & I was willing

The serv was out at 10 or

I went home w/ Vernell - I ate a snack & listened to the radio - Josie was fussing about my having the radio on

During the night I was awakened when Josie got up - she sorted through papers - then I heard her try to place a call on the teleph which was in the hall - I dont know whether she got through or not - it was four o'clock - I had difficulty in getting back to sleep & was worried that Josie may be intending to leave the Te

Jossie got up about 7:30 & may have tried to phone again

I got up around 8:00 & put a pot roast on to cook - bathed

X Wanda said the hosp had found Jossie in poor phys. cond. - she is subject to diabetes & has been eating the wrong foods - she shd not have had the sweet pickles I got for her - Wanda said her phys cond is accountable for her temperamental mood -, W. wrote a rpt on J's behav when she was w/ her & on the medical aspects & asked me to write my observations - I did so, typing my rpt on the kitchen table, altho I had intended to write the Bank ltr for Laurie, & I had a stack of backing affidavits to type - I also typed Wanda's rpt

Wanda here talked w/ Vernell Henderson about Jossie's sit - she said various plans had been suggested - such Jossie wd be moved elsewhere - Florine Myers might be moved in Estelle's rm - Estelle is coming back

first one or two - Todays was an medication - called "Pills - Yours, Mine, & Theirs", it was given by Dr. Linda Cleaver, an occupational therapist - she was quite good - she is cautious about prescribing & taking drugs

I spoke to Wanda Hope, saying I had seen her at the Temple - that she was polite, I had the impression that she would rather have only asian, w/us ignored

I ate my lunch at my desk

Hammond gave me the just before closing time & I told him I did not finish it

Went to the Te for dinner - we had a good dinner w/fried chicken

Josie was home from the doctor - Wanda say they had wanted to keep her there but Josie had insisted on coming home - her sugar level was high & she had had an upset by eating the wrong foods, incl. the sweet pickles she had asked me to buy her - she was given medice - twice to take

23 Nov - W

My wk day was quite heavy, which often happens on the day bef. the holiday - my aft was esp. hectic

Gart learned he had to go to So. Africa in connection w/c proj there on the first of Dec - I typed 2 short contracts for him - Jakobek & Huffman also were making demands of me until late

At the same time I was trying to finish & get off my ltr to my sisters

In mid - aft Betty Vaisel came around & told us that Weinbergers said we cd go home Wed aft or early - however, I was not able to - I finished Gart's wk

Then I finished the ltr to my sisters & run off four copies as the Jerry facilities were closed - kept one copy & addressed & mailed a copy to each sister - I gave them the names & rates of three places they might stay, the Lombard Hotel theft down to mid & 2 motels which are inexpensive & not too far away

group to visit Dennis Banks & his org. American Indian Movement at 2 oc - her son Mary also wanted to see me - I went upstairs to her quarters but she had been called to the restr rm & at that was on the platform - I guessed that she had an ans. to my inquiry about resigning from Bechtel at the end of the Cam

W/ Andy, Betty, Vera & another young woman, I left at 2 oc to go to West Oakland where Banks org. has a bar & meting rm called Le Peace - I thot we might be served food but all that was available were drinks to be purchased from the bar - we went across the str. to a little grocery where we bought snacks - a director of 2 oc was

but mostly showed the struggle in So. Dak. of the past few yrs - the other film we had been to the Temple, the one on Battle Mountain & the Shoshones of Nevada

We went back to the Ter at 5^00, where dinner had been saved for us. - even the turkey was not partic. good, perh. because it had been warmed over

I inquired concerning Marcy but she was out.

I spent a couple of hrs in the acctng dept going through the healing affidavits, verifying my initial impression, that almost all of them had missing items

Rocki left for Gray Tom - I heard Phyllis Houston who does some of the processing for those departing phone her at about 7^00 o'clock, asking her if she didn't know she was late for her transp. - I learned later she was still deciding what to take w/her, altho she had had sev. days' notice.

I was going home about 9^00 when I met Andy Silver - I told him I had been unable to talk to Marcy - he called her rm - Sandy Bredthauer, who seems to be staying w/her, answered & Marcy came on the line -

(over) C-3-A-6 (82)

She also had an ans for me
about resigning from Bechtel - I was
to give notice & make me, arrange-

Got up at 8 or
Went w/ Viola to Hyde at the Te - we late - I hadn't known they now serve only to 9 or but they gave us some - we had pancakes & molasses.
Laurie asked me about writing for the next issue of the Forum - I have had lately an acute sense of oppression from being confined in such close quarters w/ Asenides & from worry about all I want to get done & hardly time for writing ltrs & articles for Laurie as well as my jnl entries - I told Laurie about the Te's approval of my resign. from Bechtel, but she had learned it from Nancy
I th the Fillmore bts to the Mission Distr & shopped for clothes at 2 second-hand stores, the SF Thrift Store & the Purple Heart, having rec'd $10 or from the Te on this. Ah's needs - I bot sev. blouses, shirts, pants, & a pant suit - they cost a little over $12 or - I pd the extra cost out of my own funds

Carol Stehl, who has been examining tight shoes we have w/a view to sending to Guy worth while ones, asked me to look at & give my opin of the Eng. & some of the Ame. and shoes - I spent some time looking at them

Ate some lunch

Had a nap

Josie has been in a good humor for the past few days & I have had no trouble w/her - she went out & got a chicken & some greens & cooked them, instd of going to the Te to eat too

On my way out of the apt bldg I saw Judy Morrison in a heated disc w/the landlady - when I saw her at the Te, Judy said the landlady had seen Roosevelt Turner hitting his dog w/a

(over) 0346 (86)

& she was indignant - it was a
decision given to T. to take care of -
she later told me there wasn't much
the Te can do about it - I gather the
Te is afraid that antagonizing a
member may drive him to complain
to our enemies & cause us trouble
I had dinner at the Te
I went upstairs, tried to translate
for Sue Ann Williams a song in
Russian by Tchaikovsky - I didn't
make much out of it but I made
a synop of it to take to the op
I wrote a ltr to the Berk. Barb
about a ltr published by them written
by Gary Lambert on the Te's supposed
fertility a so on - I had not been
able to find the time earlier
The show at which Hue Fortson &
Nancy presided had no unusual features
& was out early - I did not see Mabel &
With the other 1029 Geary residents,
I waited for a ride home w/ Nine
Sevens, which caused me a small
delay
11 Johnson - Viola told me she
had Thanksgiving w/her daughter
Rosie James had come up from
L.A. & stayed w/us, sleeping in Estelle's

Jessie was up about 7:30 & awoke me - I got up at 8:10 - bathed
I got breakfast for Rosie, James & mys. - I made biscuits, a fried egg & sausage for mys & Rosie & only have I fried by toast, a poached egg, & some sausage, besides grapefruit, as she is on a strict reducing regime - Rosie is working for the Workers in L.A. - Reg Wagner helps her

Laurie listed my ltr concerning Harry Lambert - I signed it & addressed the envelope - Laurie & I discussed briefly what I might write on for The People's Forum

The Te service, conducted by Hugh Fortson & Thom Kacey, was not very well attended & was short - we were out at 1:30

I went home on Kyuni & had the dinner I prepared last night w/ Alan

(over) C-3-A-6 (88)

& washed the dishes

I stayed for an hr & a half – no one else came home.

I spent an hr making final entries on which I have got much behind.

Then bus to the Ta for the eve. serv at 6 – Judy Kerrison & Gillian × × , another senior who has been moved in on the second floor, were on the bus – Judy was still very agitated about Turner, who is apparently still flaunting hundred dollar bills.

In the serv people were recruited for 2 events: a reception for a Sov. trade unionist at the Amer Russ Inst Tues night (I arranged to go) & a court hearing Tom. morn in which Ron Williams is interested – it proved to be very diffic. to get enough volunteers for the latter.

Most of the serv was spent in liking again at the complete set of films of our Agric. mission – altho it was intended for those who had not yet seen them, I bel. not many attended tho efc maulers membership

Catherine Wine was a little late & decided to wait for her - Mabel Johnson, who not heard in the morn. service, & whom I had not seen earlier tom, was on the sidewalk raving about s'thing - I almost th Munn home to avoid unpleasantness as there were more people than Wine ca carry in one load, but it was decided she wh come back for Julie Runnels - I didn't realize it at the time but I find that Virginia & Jessie th Munn home rather than stay up w/ Mabel - Judy came up to our apt & from the dust, Mabel insisted on her not to be in the first load all the time

I prepared a snack & rd a while - both Jessie & I went to bed bef. 11^00

At the off I told Betty Vasil of my intention to resign at the end of Dec – I told her I wd appreciate it if she didn't say anything to any one else, that I expected to get a teaching position w/an org. rehabilitating young people in So. Calif. She was not sure of the details – I think she actually admired & envied me – I told her I wd take a few days off when my sisters came – she will take care of the nec. resignation details – I have to be at wh 30 Dec to check out – I told her I intended to spk to Virginia Duncan.

I didn't have much wh – I did c no of pers. tasks – I phoned Sec. Sec. to make sure my last yr's earnings wd eventually be included in the amt. of my monthly check – I called Norah

Schweitzer to ask her if she would translate the Tschaikovsky song for Sue Ellen Williams ~~that~~ she wont be in until W - Barbara Vas, one of the secretaries who most dislikes smoking, had obtained some of the petitions being circulated in order to put a smoking regulation initiative on the ballot I notified some of the other secretaries who agree w/our sentiments on the subject that I have the petitions & I phoned for more cc of the petitions

For Vark who is living for Sc. Cynicism tom I went to the bank to get an advance for him - also typed a memo for him

At lunch I went to the BWAA to hear another in the ~~hill~~ series - the speaker was Cheryl Brown who is director of "Forty Plus", a women's center for middle-aged women - she discussed menopause - her material & her presentation were excel - the ~~gp~~ was small - Glenda Hogan introduced her - at the meeting where Brown was discussing communal living for seniors,

(cont)

I told her I was a member of P.T. & remarked that our seniors lived communally but we block in all ages living Hog - I felt, as I had w/ Hope, that her reaction was negative to the Te

I told Cathy Costello of my retirement plans & asked her not to tell anyone else - I like Cathy better than anyone else at Bastille - Jerome Bondoc also knows that I am leaving as she heard me calling Sec. Sec.

I wind up my final for an hr on Two

Had mo wk all day exc one short memo for Huffman at the end of the day

Spent a good deal of the day catching up on jnl entries.

My rt arm has been gradually getting better, & I have decreased the medication I was taking to about one a day, but doing so much writing did cause me some pain

At lunch time I saw the Bill Cosby film on "Prejudice" - I have seen it at least once before - then ate my lunch

Went to the library for an hr or so - was looking at the Encyclopedia Britannica to see if I cd find any info about Amer. ownership of Phil. plantations, as I thot I might write on poverty in the Phils, using for basic matl a series of articles which ran in the Chron recently

Huffman treated me down to the

(over) C-3-A-6 (95)

library to give me some wk to do, which I just finished by closing time

Went to the Te for dinner

Had a convers. w/Nina Severns - told her I admired her for taking a stand agst the backbiting we indulge in w/regard to Mabel Johnson but did mention that it would be easier to repair if all who made decisions did not allow her to take advantages all the time -

× Nina said Irene × was likely going to Nay shortly

I put my needs in

Those who had volunteered to go to the reception for the visiting trade union delegation gathered in the eating room & we left in sev cars about 6 30 - the reception was held at one of the common halls on the waterfront - elaborate refreshments were set out on tables, as well as wine & vodka, & for about an hr people conversed, ate & drank - we were told we can drink - there were 18

delegates of the trade unions from the Sov. Union & I had some conversation w/a few of them & practiced my Russian - a larger no of Amer union people & others friendly to progressive causes were present

I prepared vegs for my lunch tom

Went to bed about 12 00 in Estelle's rm

C-3-A-6 (97)

30 Nov – W

I had very little work to do

I solicited signatures for the ref. of smoking petition – learning people's reactions

Phoned Norah Schwartz re about translating the Tschaikowsky song – she is very busy but let me bring it down to her just by lunch – she said she was take it home – she never learned to write Russ.; when she started sch, instruc. was in Eng

It was a warm day – I ate outside – then I went to the post – off. & bought stamps

Phoned Don at work – she said she was arriving on 17 Dec but had to rest on the 20th – Edna was arriving later, was going to spend s' time w/ Alma – Don doesn't want lodging w/ meals; otherwise any arrangement she make will be acceptable

11/1 whether they are smokers or non-smokers – their motivations are diverse – for inst, Lynn Schoenbs altho a smoker signed the petition as she wd feel better

(over) C-3-6 (98)

having places reserved for smokers whereas she doesn't be offending others - Cathy Costello, also a smoker, goes so far as to wish cigarettes to be banned, also, because she wants to quit smoking & needs help - on the other hand, Penny Porter cannot sign because she's not a registered voter, altho she hates smoking & tobacco smoke - Bob O'Neill who smokes heavily so, "I'm not going to sign that."

Betty Veith needed some info from me on my resign. & a memo from me stating my fears & I also filled out a statement on which one can state the reason asking for early retirement - I wrote a page expressing my feeling about the deterioration of life, w/o saying that Bechtel was in any way to blame

The Kunis home - I cooked the rest of the lamb stew meat & some gr beans & cauliflower to go w/ the leftovers veg. & made a salad - etc - also prepared veg for tom's lunch

Dressed & the Kunis to the Tea - I was about a half hr late

I was asked to help w/ the opening - lately I haven't been serving as I

(Cont) C-3-A-6 (99)

opening taker

Mary, through the course of the meeting made some imp announcements - she said that Betty McLean had instructions to check by radio on any spending request - even J. w/ his love, intel. or ESP, always consulted others by making decisions - at another pt Mary said, as she often has by that we must be kinder to each other - she denounced talk of "white & black" said she wanted it stopped - if anyone heard any real complaint, he or she shd talk to her

Mary said she had talked w/ Carleton Goodlett about the conspiracy agst us - we now know that it reaches into high levels of the govt - G. said he was only surprised that our enemies waited so long

Mary said we shd feel honored that we were feared as a threat to the system - a hundred yrs from now people wd be talking about what happened in P.T. this yr

We saw the films from one of the vacation trips, from the one taken at angles

(over) C-3-A-6 (100)

of you go – The houses stripped at Richmond, & so members can see where J. lived in his youth & some of the people who befriended him – There were shots of J addressing, or sitting & cutting the cast of a woman's leg – I don't know whether I have seen these films by – they were very unusual to me – we also saw the armories taken two years in May & slides taken recently

A pleasant evening was spent, as has been done recently

The [illegible] was not dismissed until about 11 00

Nina had to go to work so Darlene Hoyer the same of us home & Chris Hoy came back for others – Mabel Johnson was her usual unpleasant, pushy self, saying she couldn't stand, & it's not distant girl in the first hour she was going to go home on Friday – she got in the first hour

At home I washed my dinner dishes – 2/

ate an apple, & read a few minutes

11 2/ took a shower, as I had missed my bath last night

Went to bed at 12 30

didn't eat at home, as I wanted to go to the Thrift Corp early - I had an ice cream cone, but fruit & veg juice & buttermilk for my diet I am starting tom

Pressed clothes - everyone in the apt was out or in bed

Judy came up - she said Vicki Hodskiath was sick w/a high fever but no color - Judy talked a' time - she mentioned that Glenda Crawford, Harry Edwards' sister & companion of Ron Crawford, had lost the TC w/the baby - she had been a member of the Council - I had heard that Harry got down as far as Florida on his way to Guy but then didn't board the plane Judy also said she seldom saw Wanda & Melvin Johnson in ch but she had seen Melvin driving a Cadillac around - Wanda was also on the Council

3 Dec - S

Up at 8 or

Today started a weight diet in order to lose a few pounds - basically I'm taking only fruit juices, buttermilk & fruit & in the morning I shall have some more solid foods & some raw veg for lunch - This morning I had some hot cereal - even this was difficult to prepare as Wanda who usually doesn't cook anything was in the kitchen w/the rest of us

I went to the Height Commun. store about 11 or on Kuni - but only a few items

On the way back I stopped at the Executive Motel on Grove nr Hough to see about housing for Don & Eddie - a double rm with bath $14.85 a night, a rm w/o stove & refrig for a wkly rate is $68 or - only in the latter case would it be nec to make a reservation - I did at one of the rms & it seemed okay - the location is fairly good - it is near a Hwy, St bus stop & only a block from Van Ness so that it be easy for me to reach

At home I boiled 2 eggs which had been cracked on the way w/a piece of toast

I ate a veg for 2 hrs

(over) C-3-A-7 (6)

Just aft I got up, Estelle came in - she had come on the Tu bus for the weekend & is going back Su night - I told her I was sleeping in her rm & described the sit in the apt - Estelle said Jessie had no relatives that would take her in, that they had in fact put her in a mental hosp. - she said the diffic. about Jessie's passport is that no record of her birth exists & she was included in the census only in 1924 - Estelle confirmed what Judy Garrison had said, that Jessie was a helper of Rev. Ike

I walked out on Henry for a Su nap

Had some juice & buttermilk

Th Mynie to the Tu - th some nsp clippings to Laurie

Turned in my check - Debbie told me she & her mother, Lois Layton, were going for Hwy on M - Terry Buford will come back to take Debbie's place - I told Debbie I was scheduled to follow sometime in Jan & she gave me money to buy what I needed - I thot people were given $100 but she gave me $150

I saw & talked w/ Beulah who was up from L.A. - she said she had been

asked twice whether she cd get ready to go & she felt she had to feed her transp off because she is still trying to get the Soc Sec allowance for the child to which they are entitled because of their father's disabil. - he is always drunk - I asked if she wanted to stay w/me but she had other plans

The show consisted mostly of music - Sue Ellen Williams on the trumpet & Laurie on the piano did the Tschaikowsky song but did not sing the words to the end

Some reggae was played & few people danced

Marcy liked very much - she said that everyone had to get approval on the radio for any appearances for their dept, that Betty McCann had instructions to enforce this demand

Dennis Banks asked to use our facility for what Marcy thot was to be a rally to raise funds for his defense but it turned out to be a rock concert to be held next Th night - many problems did ensue & tom night we will disc how to handle them

I rd a while in Estelle's rm
Estelle spoke of the death of Earl
Poplin, Ocean's husband, in L.A. -
Mary had told us about it in serv.
Ocean, whose name was Alexander,
is the woman whose body was eaten
up by bone cancer as if by termites
whom I healed - she is very aggressive
& wants all her donations to the Te
known - she dresses very spectacularly -
Earl was blind & didn't get along
very well - they moved up to S.F.
but did not become communal -
Estelle said Hue conducted the funeral
serv - Ocean has Earl's ashes - to tell
w/her to Guy.
I went to bed at 12 15. I wasn't
asleep yet when Judy came to ask help
in getting Julie Hammond on her bed -

by hers & so heavy her cast meters can't help her - I went down & helped them hold a chair steady for her to hold while she pulled herself up. - I scolded Judy for the impatient way she speaks to Julie - Judy says she won't make any effort for hers but Vicki says, & I agree that she can be greatly encouraged by others' efforts.

I slept in Estella's room - she was in the other bed

11½ While waiting for a ride home talked to Verrelle Duncan - she said she was waiting to go to Guy until her husband, said the bill they live in - then he wants to go to Chicago & explore the possibility of investing the money there - he had put up $15 or $20 to pay the fare to Guy & rent for the 2 child, so that they can have a vacation time - I didn't know how this unique approach would affect me whether the Duncans have been encouraged or discouraged but I was not surprised that Trump has not been arrested yet for the child.

4 Dec - Sun

Jessie got up & took a bath around 5 or 6 o'clock & from then on people were stirring around so I didn't get much more sleep

Bef. serv I gave my pay check to Victorie Blakey & she told me she & her mother are leaving for Sun or M - I took some newspaper clippings to Vivian

In the serv I didn't see Jessie - she & Viv have places in which they usually sit, & I, I do not here throughout the serv

There was a good-sized crowd in the serv - Mary issued some instructions - among others: we are to stop using the expressions "nigger" or "darkey" about each other, even in a jocular fashion

// Dr H. is out again //

7 Dec - W

Spent most of the morning on final items

Poor St was in & I told her of my imminent retirement - she said she had guessed some that to closing the same here - she will be 62 in Feb - she doesn't like "the way things are going in the dept", meaning that Virginia Duncan's management is unpalatable to her

At lunch I ate quickly & went to hear the lecture of the "Bechtel Forum," which this mo featured Reich and Hoskins, a Director & V-Pres of Bechtel Incorporated - his topic was "Focus: Middle East" & was mainly devoted to the Bechtel jobs in that area of the world - They seem to be a good part of Bechtel's occup. at the present time - The Assembly Hall was packed & we were told also televised and heard the lect on TV in another room

In the aft I spent most of the time typing Weinberger's articles

(over) C-3A-7(22)

Went to the Pe serv at 7³⁰ - very few were present at the beginning tho attendance increased later

Marcy sat up to midnight last night she had rec'd Teleph. calls inquiring about the supposed deaths of sev people in Jonestown - all these rumors are untrue - there is daily radio communication & Father does not keep anything from us

Marcy said visitors from other cities continually arr. in Guy to see a model plan of living

Terry Buford had brought a tape made by J for broadcasting in So America. - it was played for us - on it, Mike Prokes interviewed him - J was referred to as "Bishop Jones" & the content was geared to the relig background of the listener - Marcy reminded us that J

Made yesterday's grind entry

Ate my lunch in cafe

Betty Vasil asked if I would be able to go to lunch w/ the admin. grp on Th, the 22nd as I had told her I was for taking some days off - I told her it depended on what time of day Edna arrived

Aft wh I went home, ate my diet food, as I didn't know whether I was go any dinner at the Banks affair tn - changed clothes

Jessie came home early, rather than staying for the concert - she didn't feel well & was in a complaining mood

Judy & I went to the Te Tog about 6 30 - not many people had arrived but gradually the audit. filled up - most of those attending were native Amers, many w/small child. - They were on the whole quite well-behaved exc that there was much talking throughout all the proceedings exc for a period of drumming which seemed to have relig signif. - At a table down-stairs there were pamphlets & other hand-outs on the Amer Ind. Moreover, a raffle was being conducted & fortunes sighted - Te people unostentatiously watched what went on at all entrances, hallways, stairs & in the audit. itself - most of the Te people

Sev musical nos were presented by bands & soloists - a native Amer poet from Cruz, Simon Ortiz, read his material // & Dennis Banks & one of his lieutenants sat down by me, & I had some conversation w/ him, tho' I don't think he knew me //

Banks came to the podium - he told of a Congressional proposal to abrogate all the Ind treaties & so all the donations shd go to us, fighting this rather than for opposing his extradition, the central purpose of the concert - he got very nice hits to the Pe & J.J. - he introduced his wife & some of his children incl. Iron Bear Woman - he then th the giving of the concert, sums of money - he is very natural & quite at ease

We stayed for another nite or two - the hall was getting crowded, the music louder and offensive in content to some

I awakened slightly when Wanda came in - she told me later the concert, supposed to end at 12 00, was extended a half hr & then another half hr - people were dancing & having a good time

At 3 10 the Telegh rang - someone at the Te was calling for Judy, who had not come to relieve him at a secur. post - I didn't want to go down to the second floor & get her & told him to send someone for her

I had a hard time getting back to sleep - it was a cold night & I had to put on an extra blanket

I was up at 8 ov

Wanda was getting her bkfst in the kitchen & she seemed to prefer not to be disturbed by others using around her - since I was in a hurry I didn't wait to get anything to eat

I th my laundry to the laundromat on Hyde & O Farrell - Wanda th her laundry did too but happened to go to another place

I then th Hunt to the Height Com. Sd Store - I was an hr later than usual but was able to select quickly what I wanted - pushed the cart home - I was home only about an hr later than usual

I had decided to stay on my diet for one more day to make up for the food I ate at the Banks again on Th

I had missed my new manicure scissors F night - I remember using them one day last wk while sitting on my bed & I probably left them on the dresser - I looked for them diligently but didn't find them

I started to search again, intending to pull out the dresser & lift bed & under the bed - I came upon a hamper which Josie keeps near her bed - it was filled w/ small jars, some of which we have been

(over) C-3-A-7 31

missing, a china bowl & plate, which I have also been missing, & several pieces of silverware, as well as 2 or 3 kitchen knives, & see paper cups - there was also a half lemon which has spoiled - I have been looking for a paring knife but didn't find it - in a sack which she usually deposits on my dresser (& which I thot merely contained dry groc. purchases & on occas carried a bunch of celery) there were more dirty glasses & dishes

Josie was at the Te but I called Wanda & she was positive about the knives & wanted me to turn in all the knives we had to the Te - we both felt that the mystery of the missing paring knife & prob my manicure scissors was solved; however, I did not find them - Josie's bureau drawers are a jumble of clothes & other items, as is the floor of her side of the closet, but I did not have time to search further

I had left a folder at the of w/ mater. in it which I needed, so I decided to go down by bus & get it - I also

Th Mrs went to the Tea serv

Mary seemed very distraught - I feared that s'thing had happened to J, but she said he was all right - she had talked to him as recently as noon Sat

Mary had met recently w/ Dick Gregory - he is an old friend of Frances Johnson - however he said he had known of P.T. for a long time - he said he was only surprised that the harassment directed agst us had not taken place much sooner & J had just a call

Mary showed us some small toys made in Jonestown out of the wood left over from building - she also had a small black doll called a "Mary doll" made by Bev Livingston - it is planned to sell the dolls for next Christmas

The service was designed to evoke deep fervor & loyalty

I went home to eat - I had steak, green beans & a salad

Judy came up to use the teleph - she & Wanda have been having an argument lately - Judy wants the teleph downstairs - she says she needs one to do her work w/ the seniors on the second floor - sometimes one or one is in our apt & she has trouble getting msgs - today she told me a c-o fruitl concerning a TV which was being used by Lillian Taylor, a sr who is not well - the owner retd from a long absence & took it back - Lillian is agitated & tried to get help from various people to get another TV - Judy // & Marcy spoke strongly agst materialism & preoccupation w/ such things as TV // was disgusted, since people had just listened to Marcy on the subj. of materialistic concerns but Wanda was sympathetic

Instd of taking a nap as I usually do on Sat, I went to the TC at 4:30 -

I worked w/ Patti Chastain for 2 hrs proofing the new issue of People's Forum - we conversed a good deal, partic on what might happen in the future - I told Patti that Judy and Mabel Johnson had remarked she that she wd want to go to Sky until I other provided us w/ a house of our own - Patti & I agreed that it might be some time beg we could have a house - it is much more likely that as pressure - cutbacks in this city increases, a flood of refugees will have need of all the housing we can provide; we can't see providing us w/ separate housing while others are without

When the serv began, we cd hear it over the loudspeaker - when Marcy arrived on the podium, an effort was made to get people in to the serv.

On the loudspeaker I heard Marcy start to tell about Chris Lewis being killed last night - he had gone to Sky but didn't want to stay - again

J had gone into the audit

J noted that Mabel Johnson was not in serv, as she had not been this morn.

Mary counseled us all to care for each other - on the occasions when she had put material things first, she had learned bitter lessons

The serv was over shortly aft 8 or - Mary asked us to shake hands w/ her & pass by the altar

It rained most of the day

I had no off-whse. exp. a slight revision of Jawdat's seminar opt

Spent most of the day on a no. of pers. tasks, in partic. going through the McGraw-Hill catalog, choosing bks which I wd like to use in my teaching - I copied a sample order ltr for use in requesting the donation

Wrote a ltr to Beautiful, letting her know that I wd not be going to L.A. this wkend

Made a request for 4 days' vacation while my sisters are here

Ate my lunch at my desk - then went down to see a Johns videotape on Bechtel's world-wide construc. of LNG facils - went to the p.o. to buy stamps - because of the rain, the line was surprisingly short

Went directly home after wk - changed clothes

Went to the Te to eat

(over)

C-3-A-7 (44)

Talked w/ Andy Silver on the Mc Kean - Hall bk order & got his suggestions - he told me the gen. method we use for requesting donations - sev contacts shd be made by tlr + phone, impressing the pers. in chge w/ the Ts's wh + our needs - then when they have goods which for some reason they can spare, they may let us know - we have to be ready to go at the goods immed. - we cannot eff. to get precisely what we wish

I showed Wanda the bk list I had prepared - she & another nurse will be making recoms in the medical field

I rd the paper until the serv started

During the serv., when Mary spoke on the Bodhism, she was very serious - she spoke of people who don't do their share + are jealous of others' imagined privs. - there is still some racism manifested - she commanded that the use of terms, such as "nigger" + "honky", even in fun, cease - "be kind

(cont) C-3A-7 (45)

to each other" - she named some people who wh very devotedly - among them were Tim Flanagan & Laurie Eprein

As bad attendance was one cause of complaint, Mary then called the roll - I don't know whether it was composed only of those living communally or all those in the area claiming membership - ones were not on the list

Those who weren't going to L.A. were asked to stand & were put on the list to do secur on the wkend - I got my name on the list, thinking that I'd spend 3 hrs during the wkend

Another serious prob. was the mov. of members who accumulated parking tickets - the sum during the mov. came to $450 - during the disc on the subj, Mary said Betty's had orders to refuse a chr to anyone who delinquent in fines - fines will be ded from people's allowances - I suggested

(over) C-3-A-7 (EG)

that those incurring fines shd be brought up by the Jds for public ignominy as child were for bad behavior - Many replied that no one, not even child, were being hit on the flor in Jd's cbs - Jack Beam said he didn't know how many of these rep. for the fines cd stand being hit on the floor

Many commented on a rep. article concerning a foundation, called the Pioneer Fund, which had given support for the "research" of geneticists such as Arthur Jensen & × × who claimed blacks are racially inferior

The serv was dismissed at 1830

I applied to June Cryn for addresses to give for office (Bechtel & Ind Rev) use & for pers. mail - she will let me know

Talked w/ C.J., who is the chairman of the Mc Graw Hill project com

The sons were taken home - washed my hair - ate eggs & had a snack - went to bed at 1930

Started to do my pers. chores - can't find some more items: my eyebrow tweezers, razor, & the holder given to me by my dentist to hold a toothpick for dental care - I told Wanda - I searched my drawers carefully - we awoke Jossie & asked her about the missing items - Wanda went through her drawers but w/no luck - Jossie denied taking any thing, saying

CJ arrived to go over the Mc Graw-Hill ltr - he brought letterhead paper - we discussed the wording & format of the ltr

Aft CJ's departure, Wanda & I cont'd to question Jossie about my missing items - She, obviously distressed left but Wanda was not afraid she had left the bldg as she hadn't taken her coat - I was worried, however, & aft a while Wanda went to ltr for her - when Wanda returned aft some time, she

I had a snack & rd until 11 30

I told Jossie intensely that I wd like to see my things set in the same manner as they had disappeared

// she had no use for any of the items //

15 Dec - Th

Had rec wk all day

I made a revision in the Inc Prev-Hill list & ran off xerox cc

At 11³⁰ I left w/ Norma for lunch - I thot prob others were involved - in the women's rm Helen Lowe gave the plan away, saying she was sorry she couldn't make my party - I did tell Norma was extremely annoyed but I pretended not to notice - at the elevators I saw Brenda & Bob O'Neill, dressed up, & assumed they were going

Norma & I walked to the Embarcadero & she had a little diffic finding the rest. - we ran into John Foster who was liking for it too - the rest was Japanese, the Tujiya - when we came in I saw I tables w/ approx 24 people seated incl. 3 attorneys, Gart, Jaworski & Huffman - Betty Vail & Viv. Duncan were there also & most of the secretaries w/ whom I have had close relations

A big feeling was at my flower at the head of the table - I left it to be opened later

(over) C-3-A-7 (50)

I ordered prawns – other choices were steak & chicken – The food was cooked in front of us – I had a Martini – Don Stokes arrived late – cards for my birthday & congratulating me on my retirement had been signed by everyone – Kate Walker had written an amusing poem on my retirement. – I opened my gift – it was a blue suitcase.

On my retirement plans I have told everyone that I am going to do voluntary work for an agency which has a rehabil. proj. for delinquent U.S. youth "on the borders of Venezuela" & that I will be teaching Eng.

In the afn I did some work on journal entries – I was very sleepy.

Aft of hrs went directly to the Fa where I told of the lunch & gift – talked w/C.J. on the Dr. Grace-Hill proj.

Four of us went home on the Miami bus.

I put my laundry in the machine

Time cards were due early today

Had to retype the McGraw-Hill letter because one tab was off on the ch & I didn't find a way to correct it - Then typed C.J.'s ltr to the Grand-Hill & run it off on the stationery

Dale Huyman's wife Cynthia came in - she is a teacher of Eng. as a second lang. - she is now teaching at Armstrong Coll in Oakland - most of her students are Japanese who pay excess. fees - Armstrong is mainly a bus coll. - Cynthia is putting in an application to a foundation for teaching Vietnamese at Laney College, which would be at a good salary - I typed a resume for her at Huyman's request

More money came in from the Legal Step as contribs. to my present & former gave it to me

Nora Armstrong gave me a tote bag in very good cond., which matches my new suit case - Betty Barclay gave me a purse which I might be able to use

Rain was heavy this aft.

17 Dec - S

Got up at 8:15 - had some bfast

Moved my belongings from the drawers in the rm I occupy w possible to the drawers in Estelle's rm - then I cleaned out both rms & went through J's drawers & the closet - while going through my things I found my razor & tweezers, the rest my manicure scissors - I didn't get a vacuum cleaner to clean the floors

Left at 10:30 for the Oakland Terminal - it was raining - took the bus to the SF Airport - read the mags while waiting for Don - Don's flight from Chic was scheduled to come in at 12:05 - the time was changed to 12:24, then 12:31.

Lou recognized me by I did hear - she wore a big red - looking raccoon hat

We went to get her luggage - she did not get one bag, a dummy one in the shape of a large drum, containing a rain cape, shoes, underwear - she put in a claim at the TWA off & they arranged for interchanging calls on the bus

We took the airport bus into the Terminal - we ate a little lunch at the Mark Twain cafe in the Terminal - I had a hamburger

(over) C-3-A-7 (55)

which was very good

We then drove to the Efec Motel transferring trucks - the motel gave her a weekly rate of $60 for a double room w/ stove & refrig. tho she did not intend to prepare any food there

I then drove to the Haight Community Store & bought a few veg & some fruit for my breakfasts & lunches next week - was interested in a young woman on the Haight bus who was carrying a cook in a basket over to Oakland

Dor & I dressed & took the bus down Market to Powell - we decided to eat at Bernstein's Fish Grotto - prices for meals were quite high & we chose the cheapest items on the menu - she had red snapper & I had cacciatore (squid) w/ macaroni - we had some white wine - on receiving the bill, we found that together we were a little short of having enough money to pay - Dor had brought limited cash & 2 payroll checks - we succeeded in getting the management to cash the smaller check

I stayed w/ Dor for a time at the motel - the room had not been meticulously cleaned

We went to bed about 10:30

C-3-A-7 (50)

18 Dec - Su

Don & I woke in the dark & talked - my watch had stopped, we have no clock, there was no radio in the run, so we didn't know what time it was

Don told me about her stay w/ Paul & Polly - altho she likes Polly, she said Paul was like Kathleen - he can't get along w/ his mother when his wife was present - however she told me about an incident in which it seemed to me she was criticizing Polly & comparing her treatm of Paul unfavorably to Chang, his mother - Paul has apparently become quite mercenary, tho as a small boy he knew how to handle money to his adv. - he suggested to Don that she sell some property & give him half to put into his bus - she has already lent him $4,000 - she refused - he has his own Constitution bus - Don thinks Polly doesn't have any intention of having child soon

Don said Kabo sees much less of Miranda & Tagore than she had hoped - Miranda is very busy

All three of my sisters had planned to be in Colo. in a few yrs - Kabo

(over) C-31-7 (37)

plans to move to Boulder when she is 60 - Dor had talked of getting into a Condominium in Denver - however, she may change her mind - she likes her house & greenhouse - she has orgs she is active in & she does some traveling - she has gone on architectural & horticultural tours, she attends the conventions of Madalyn Murray O'Hare, & she goes to plays & the opera

While it was still dark, we got up & went up to catch the bus on Vine Place - we find, as the sun came up, it was about 7 o'clock - we had coffee in Jim's - I prepared ~~Dor~~ in my car

Dor telephoned the baggage claim at the airport but her ~~bag~~ bag had not been located - Wanda, who had not gone to L.A. either, phoned - Dor went out to buy s'thing at the drugstore

I prepared a steak dinner for us - for the meat, we had beans, corn & salad

We then rode the bus to Downtown St., walking along & looking at the shops - had coffee in a cafe

We saw the film Julia w/ Jane Fonda & Vanessa Redgrave w/ Jason Robards -

(cont) C-3-A-7 (58)

it was based on a story by Lillian Hellman, a true happening - all the principals gave moving performances - the clothes & the grounds were superb - the details of the story were gripping; tho I was not sure the audience as a whole saw the signif. - I was of course partic interested because of the connection of Fonda w/ the Te

Aft the show we walked along Univ looking for a place to eat - we wanted a light meal & didn't find any rest where the prices were not too high - when we got to Van Ness we turned & walked along it & finally turned off on 50th where we went in an Ital place & Don had spaghetti & I had a salami sandwich

We walked home - Don stayed w/ me in my apt - during the night we heard as we thot Jessie & Virg returning from L.A. - I didn't get to sleep again until 11½ While Don was gone I suddenly remembered this was my birthday 11½ she was authorized to spend up to $35 to replace needed clothes 11

11³ Fonda came - Don liked her 11

19 Dec - M

In the morning we saw that Ving's bed was empty & we got the impression from Jessie that she had gone to the Freedom Land - Wanda was surprised - as we'd have to ship her luggage later - Dor. was quite interested

I went to wk

Did sev items for Ward

Dor came into the off - I introduced her to my friends - she liked best Norma, Kate & Philippe Lamy

At lunchtime we went to the Hyatt Regency which was presenting free the Oakland Ballet in excerpts from "The Nutcracker" - we went up to the 3rd floor from which we got an excel view

I met Dor for dinner - we went up Polk St. looking for a good place to eat - we chose a Mex rest. - we shared sev items & each had a little Mex. beer - for dessert we had a custard w/sauce

When we got home, we found Ving. had not left - When the teacher got in last night she had merely gone to the Ten to sleep - Dor thinks she & Jessie

Handler suggested that Dora sleep in our apt, which she did.

I woke early
Had kept & prepared lunch
Dor called some friends whom she had known in Chic - the friends invited her to visit in their apt
I went to wk - left for an eye exam at 11^20 at Kaiser
Dr. Takahashi examined my eyes to see whether I needed a new prescription - he found little dif in my eyes but I wanted a change of prescription as it is hard for me to see small print in the Teleph bk & dictionary - I decided!
Then I rec'd a call from Oxford Hse had left a msg that the friends were taking her to Muir Woods - They wanted Dor & me to have dinner w/them at a rest. nr their home - ~~I was to call later & get the address & instructions to the house to take~~
11 ↓ to get new frames & use my old glasses as a second pair - the exam at Kaiser is free but the lenses & frames cost $64.00 - a deposit of 50% was desired, but I had only $23.00 which I gave them.
Ate lunch at my desk

Don's friends lived on Union St -

Don's friends, a Jewish couple, had a
pleasant apt on Greenwich St. - their
daughter was also present - we had wine
crackers & cheese - Conners, was of the
liberal variety about this & life in SF.
We went to dinner at a homestyle
Jap. rest
The friends th us to the motel - as Don
had not been there for few days, the
mgr didn't know what had happened
to her - he said the day following her
checking in the airport had alerted
her missing bag - the baggage records
were not very accurate, for Don
had been phoning about it every day -
she had spent some of the money
authorized to replace her underwear
+ so on

31 Dec - W

I took a day of leave from the office & I had lunch at the Hilton on the Cunard Terminal - the food & service were disappointing - Don was quite sharp with the waitress because the muffins were not hot

We took the bus to the airport & met Gene who flew in - all of his luggage was made the first leg to the Terminal & had a cake

The office party was today & I felt that of course I - feeling whether I could send for Ed & Lee but I decided against it - the crowds were so dense on the subway trains that I didn't want to do any more traveling - I had brought some sweets which I had roasted to the office as my share, later learned that they had been used at the reception desk rather than at the party

We went to the Essex Motel - Gene felt it was much better than he had described - I had brought some cleaning matter & scrubbed the stove & cabinets & washed the dishes which were furnished

We all talked about our recent actions

I went to the Ta Ta Bar & the Steer night club - Cookie & Don ate at a place in the Cinci Oh area near the hotel

Went to the office today - Betty Vail gave a luncheon for the administrative staff at the Parade Dog - we had cocktails & wine - I ordered a martini & sampled sweetbreads

I celebrated the Econ. Benefits of my advice on my retirement funds

Eddie & Don came at the office & met various people

I went to the Tel Tu ext - I learned later that Don & Eddie ate at the chili ext across the str from our apt. house only because it was raining, Gad they enjoyed it

At 9:00 we went to hear Anita O'Day at the Mocambo which is on Pico a few blocks up - she is a singer & a woman who has "come back" after troubles w/ drugs - we were late & missed up to ... she was an excellent performer w/ a great deal of variety - we had two drinks apiece - the intermission we left (over).

Today was a Bechtel holiday

I shopped at Safeway for chuck steak & broccoli - I had invited Laurie Grein, Gina Severns & Patti Chastain to lunch, thinking that Don & Eddie would enjoy seeing them & learning of their backgrounds

When my sisters came, we prepared lunch - they helped w/salad - I intended to broil the steak but the broiler didn't get hot enough so I had to put it on top of the stove - Laurie & Gina arrived, Patti called that she didn't come, as she had to make posters for a Te march tom

The food was enjoyed but Don was espec. unpleasant to the guests - when I tried to draw Gina out about her experiences & she told of coming to the Te, Don that she was being propagandized & started to tell about his assoc w/ Veterans for Peace - Laurie was very shy about revealing anything unusual about her past - neither of my sisters were impressed w/either Gina or Laurie, tho w/Patti, they are 3 of the best friends I have at the Te - jerk their youth & inexper w/sophisticated older

24 Dec - 5

Don + Eddie arrived about 9[00] - we rented a car from an agency on Van Ness next to Jim's hamburger place - we got a small wagon - I had looked forward to doing some driving - if it had been a wk day I cd have gone to MVO + got a substitute lic - the men in chge of the agency especi. emphasized that our Ins. wd be void if an unlicensed driver was at the wheel

Christmas Day - Eddie & Don left the car at the agency & everything was all set

We had a pancake breakfast for Judy Merriam & Nellie Godshalk. - I invited Jessie & Virg but they can't eat pancakes - Don again got into controversial matters, bringing up the subject of the Te w/ Judy but she didn't much trouble Judy who I stood her ground

I went to the Te at 12^00 for the first pt of the service, - the tables were set upstairs for dinner - Vernell Henderson knew that I had to leave to be w/ my sisters - she said that perhaps it had been arrg'd for them to come in the Te & have Christmas dinner, but I felt that Don in partic wd have preferred not to.

I left at 1^40 & we three left to visit Lou, who had invited us for Christmas dinner - Barbara Pearce & Don x were also guests - the 2 yng Jeff's were present & had prep'd & served the dinner which consisted of Jeff food - altho. interesting, I wd have preferred to have turkey - Lou is having another Christmas dinner tom for the yng people, at which I tel she ordered a pre cooked turkey - I rec'd gifts from all, altho I bought something only for Lou - Don & Edna bought her a [illegible]

We returned to Eddie's motel

// Eddie liked to have lobster in the motel. we had brought some sweet rolls & made Sandwiches //

There was a big color TV set in the room & we watched a film on the Strauss family but not too attentively – I was also reading the mag – following the Strauss family film was a documentary on the Greenpeace demonstrators – this was an attempt to stop
