Special Counseling - *scheduled during breaks, off time, etc.*
No work time lost.

Counselors: Christene Young, Kay Nelson, Ruby Carroll, Rhonda Fortson, Laura J.

9am - D.D. Macon, Joyce Parks, Phyllis Bloom - They wrote up Ruth Lowery because her attitude is bad. She's feeling sorry for herself. Won't work under supervision.

Decision: She'll work in rice tent for awhile. Admits being manipulative. *needs better job for self-image*

10:00am - Aneal Staten was reported as being a hypercondriac. Resents standing up in line at 74 yrs. old. while young folks sit down. She was reassured that it wasn't Dad's doing.

Decision: Aneal will write her problems to Ava Jones in the future.

10:45am - Edith Moller - written up because she can't get along with cottage. She admits it is true. Inez Wagner (room mate) brings her complaints to Edith - and dumps it on her to write up for her.

Decision: Inez will write up her complaints. She is going to lock up her things. Will look into a new place for her to move (medical reasons). Has trouble walking long distances where she lives now, it's hard on varicosities.

11:15am - Ruth and Mary Lenin were reported for staying over their mom's house at night. They said they didn't anymore. Explained to them it wasn't healthy for their growth and their mom's. It could be used by others to stay with blood ties.

Decision: Advised not to be too dependent on mother and to help their mother become independent.

1pm - Jann Gurvich - Wrote up Alfreda March because she is disruptive and not cooperative with Jann. She has no respect for authority.

Decision: Gave Alfreda the option to change under the structure in the housing situation with Jann who will give a weekly report. If she doesn't change for the better - will be transferred to Apt. 2.

2:30 - Vernetta Christian - She wrote up the fact that Dr. Schact took a plate back to his office. She had made such a big issue over it. She said she never ask anyone anymore about their plates. This was her stand.

Decision: Counselors felt she will write it up again.

3pm - Re: Dorothy Brewer - Sis's hostile and wants to leave teaching. She admits she never stays in a job too long. Wants to go into gardening. Will wait until more people come in and more material. Said she had no pressing problems. But when she talked to Dad, the people around him said it was alright. She likes Jonestown.

Decision: She'll stay in teaching, ^{and stay} will let counselors know if she changes her mind. All counselors felt that Dorothy does have problems that are bothering her. Ruby Carroll thought it might be her children that are back in the states.

3pm - Ellen Klingman was told to reinforce strong, good ideas about Dad and Jonestown in her children.

CAOS

I told Ava as long as people are not taken off the job they can counsel them during the day.

For your knowledge, the type of counseling that was scheduled during working hours as follows:

- ① The Medical People, the majority of their counseling was during their meeting hours 2-4 pm or their breaks. Each day they have some type of meeting 2-4, we try to schedule it then or whenever Phyllis requested depending on who's involved.
i.e. Lady and other workers were scheduled in the PM because Larry's not working then Bond People were scheduled in the afternoons since Annie & Jerry works at night. Bennie would still be on duty and a note would be left on the bond door where to find her.
- ② Psychological Cases i.e. Oradie Dennis, Tom Pataki, Michaela, Barbara Walker etc would be scheduled in the afternoons. These people were not working day way and were causing problems on the job. Also it takes 1-2 hours to get them to agree or understand something. Of course their supervisors Fannie & Connie had to miss working hours to explain their cases. However, they were missing work time trying to confront them daily on the job.
- ③ High School Students scheduled during their own project time 1-3 pm
- ④ Emergency Situations i.e. almost a fight in the fields, verbal kitchen etc

C-11-c-3a

5. Kitchen People during their break time or if they're involved in a real mess that affects entire community
6. Warehouse People during closed hours to the public
7. School Teachers (Nursery up to Adult and Students) during their Nap Time
1-2 pm or after school 4 pm or break time
1-3 pm

I know there has been a couple of cases that were scheduled during working hours, I agree that was a mistake.

These regular counseling nights, we have 4 teams of 5-20 people on each team, we divide up in the Rice Tent or Library, we have at least 5-6 cases a piece which totals 20-25 cases.

Non-Steering we have scheduled on Mon which takes the best counselors to away.
 Tues-Sat & Rally Wed - we schedule every other
 Fri. classes. Can we have had counseling but people hate to give up Sunday.

There's no reasonable way that some of these cases can be intensely handled with time and patience that is required on a Thursday night, in a crowded rice tent, with some regular counselors. Also it's too hard to handle 20 regular cases along with real problems that takes 1-2 hours at night. I think our problems will

be half ass dealt with, and more frequently than we already do.

The people used for intense counseling during the day: Kay, Gek or/and Lee, your Johnston, baby & Rhonda, occasional I'm not ^{that} stupid ~~stuff~~ that I would schedule petty shit during the day working hours. Most petty counseling is at night and I do but really don't enjoy or like to be involved in counseling day and night just for the hell of it.

I will comply with your decision and re-arrange counseling as you see fit.

I'm not upset but, did have this on my mind and should direct it to the proper people.
