RE: SEWING FACTORY

The sewing factory would like to expand their staff. Since present space is inadequate to accommodate additional persons it has been suggested that a night shift be established. It would operate on freights for four hours. This would not interfere with the person's present job. However, there are others who have requested full time sewing. The following are persons who have requested to work in the sewing factory:

NAME	PRESENT JOB	REMARKS
RUBY BRIGHT	FOOLERY	WANTS PART TIME NIGHT WORK.
KATHY BARRITT	Kitchen	Wants full time sewing factory.
