**INCOME TAX  
AND  
NATIONAL DEVELOPMENT  
SURTAX  
DEDUCTION TABLES**

Effective 1st January, 1975 Until Further Notice

These Tax Deduction Tables have been prepared by the Commissioner of Inland  
Revenue under Section 66B of the Income Tax Ordinance, Ch. 81:01

A-29-a-107

**Amendment to the Income Tax Deduction Tables with effect from the 1st January, 1975.**

Due to the increase in the allowance for a single person to \$1,000.00 with effect from 1st January, 1975, the emergency Code 23 would no longer be applicable. The emergency code is now 27. Hence at para 4, line 4 of the above tables the 'Code 27' should be substituted for 'Code 23'.

**National Development Surtax:**

The following is intended to serve as a guide to ensure the correctness of the deduction of National Development Surtax taking into account the exemption of the first \$500.00 of chargeable income of an individual from N.D.S. as provided in the National Development Surtax (Amendment) Act No. 28 of 1974.

For Surtax Purposes taxable pay of an individual exempted as follows:

**Non Cumulative:**

Type of Employee	Taxable Pay Exempted
Daily Paid	First \$ 1.00
Weekly Paid	First \$ 9.00
Fortnightly Paid	First \$19.00
Monthly Paid	First \$41.00

**Cumulative**

	Taxable Pay Exempted
13th Week 1st Quarter 3rd Month	First \$125.00
26th Week 2nd Quarter 6th Month	First \$250.00
39th Week 3rd Quarter 9th Month	First \$375.00
52nd Week 4th Quarter 12th Month	First \$500.00

It will be observed that the above accounts for the exemption from Income Tax of individuals whose Chargeable Income of Taxable Pay for the year does not exceed \$500.00.

Hence, in determining the amount of Surtax to be deducted recourse has to be made to the Tax Deduction Tables to determine according to the employee's code number the free pay and the resulting taxable pay of the employee.

The exempt portion listed above according to the type of employee must be deducted from the taxable pay before the application of the five per cent National Development Surtax.

## DIRECTIONS

### 1. WHO MUST DEDUCT AND REMIT TAX

The material in these instructions is based on the Income Tax Ordinance, Chapter 81:01 and the Income Tax Regulations:-

Every employer must make deductions from salary, wages, bonuses, pensions, etc. Tax deducted in one month must be forwarded to the Inland Revenue Office, G.P.O. Building, by the 14th of the following month.

### 2. PAY SUBJECT TO TAX DEDUCTIONS

Salaries and wages include the value of free board and lodging and any other benefits or allowances.

### 3. PENALTIES FOR FAILURE TO COMPLY

Failure to deduct or withhold or to remit or pay to the Commissioner any amount required to be deducted or withheld is an offence against the Income Tax Ordinance. Anyone guilty of such an offence is liable on summary conviction to a fine not exceeding \$500:-

In addition to such fine, a penalty of ten per centum of the amount which should have been deducted or withheld, remitted or paid as the case may be, or \$10:- whichever is the greater becomes payable to the Commissioner. Over and above this the Employer becomes liable to pay The Tax which was not deducted.

Besides these, interest at the rate of 12% per annum for the first year and 15% per annum thereafter is payable on both the amount which has been deducted or should have been deducted and the additional sum of ten per centum or \$10:- as the case may be.

### 4. PERSONAL EXEMPTIONS

Every employee should obtain from the Inland Revenue Department particulars of his personal exemptions and his relative code number. Where a new employee fails to furnish his employer with his official code number, the employer should deduct tax as if the code number of the employee (not being a married woman) was Code "Z7" and in the case of an employee being a married woman +Code "1".

### 5. AMOUNT TO BE DEDUCTED

The employer will make tax deductions from such employee according to his code number. The amount to be deducted shall be computed by reference to the Tax Tables appearing later in this booklet.

Where the pay period or code number is not provided for in the tables, the amount to be deducted must be ascertained from the Inland Revenue Department.

### 6. KINDS OF TABLES

The tables are of two kinds:- Non-Cumulative and Cumulative. The use of each table is stated below and in cases of uncertainty a written directive as to the table which is to be used must be obtained from the Commissioner of Inland Revenue.

#### (a) NON-CUMULATIVE TABLES

The Non-Cumulative Tables are based as if the employee earned a fixed amount each day, week, fortnight, or month, as the case may be throughout the year. It does not allow for any variation or cessation of income.

#### (b) CUMULATIVE TABLES

Cumulative Tables are prepared, broadly speaking, for each quarter of the year: 13th week (1st quarter); 26th week (half year) etc. They are specifically designed to meet the case where there has been a change in the employee's income in the period. Their purpose is to prevent excessive deduction of tax during the year.

By their aid, every quarter, a check is made of the overall tax liability to date, the amount previously deducted, and the amount required to be deducted to balance the liability to date.

## HOW TO USE THE TAX DEDUCTION TABLES

When using the tables on pages 7 to 29 the amount of tax to be deducted is determined as follows: -

(a)

## NON-CUMULATIVE TABLES

- First: (1) Refer to Table "A" on pages 7 to 9 and look down column (1) - "Code No." - to the employee's appropriate Code No.
- Second: (2) Look across the table in line with the employee's Code No. to the column appropriate to his pay period - "daily", "weekly", "fortnightly", etc. Columns (2)-(6); and there you will see what portion of the employee's emoluments is free of tax.
- Third: (3) Deduct this 'free tax' pay from the employee's pay for the pay period, and the difference will be the amount on which he will have to pay tax - to be determined as at (4).
- Fourth: (4) Turn now to Table "B" corresponding to the employee's pay period, e.g. - "daily", "weekly", "monthly", etc., and there you will find what deductions should be made, according to the employee's taxable pay as ascertained at (3) above.

## EXAMPLE

A. Jones works for \$36:- a week and is allowed free quarters value at \$260:- a year for Income Tax Purposes. His Code No. is 28. The tax to be deducted from his weekly pay would be determined as follows:-

Weekly Salary	...	\$36.00
Free Quarters	...	5.00
Total	...	\$41.00

Steps (1) & (2) From Table "A" at page 7 a weekly employee with a Code No. 28 is entitled to \$20.00 free pay.

Step (3)	Salary etc.	...	\$41.00
	Free Pay	...	20.00
	Taxable pay	...	21.00

Step (4) Table "B" shows in respect of weekly employees - page 10 that the first 21 taxable pay is to be taxed at 5¢ in each dollar, therefore the amount to be deducted from Jones' pay would be \$21 at 5¢. \*\$1.05.

If the amount of taxable pay is not shown on the tables, the undermentioned procedures are to be followed:-

1. Take the amount shown on the Table immediately lower than the taxable pay;
2. Find the difference between the Taxable Pay and the figure determined at (1). Multiply the result by the rate applicable to the relevant range.
3. Add the product of (2), to the amount shown under the Tax Due column opposite to the amount shown in the taxable pay column determined at (1).

## EXAMPLE

A. Jones, a weekly paid employee has Taxable Pay of \$35.00. On Table B weekly. Following the above instructions.

1. The amount on the Table immediately lower than \$35.00 is \$34.00.

3.

2. The difference between \$35.00 and \$34.00 is \$1.00. Multiply by rate of the range \$20.00 to \$38.00 that is 10 cts.

$$\$1. \times 10 \text{ cts.} = 10 \text{ cents.}$$

3. Add the product 10 cts.  
to the amount shown  
under Tax Due Column \$2.45  
Tax due on \$35.00 \$2.55

#### CUMULATIVE TABLES

(b) The cumulative tables on pages 16 to 29 are only to be used for the specific period stated - e.g., 13th week or 3rd month (1st quarter); 26th week, 13th fortnight or 6th month ( $\frac{1}{2}$  year) and so on.

N.B. For all other periods the ordinary table must be used as shown above.

The purpose of the cumulative tables is to make a check every quarter to avoid as much as possible unnecessary deduction.

(c) When using the cumulative tables, the tax is to be determined as follows:-

- First (1) Refer to Table "A" on page 7 and look down column (1) - "Code No." - to the employee's appropriate Code No.
- Second (2) Look across the table in line with the employee's Code No. to the columns appropriate to the cumulative pay period - Columns 7 - 10 and there ascertain the employee's free pay.
- Third (3) From the total emolument paid to the employee from the beginning of the year to the present pay period deduct the free pay ascertained in (2) above. The balance is the taxable pay.
- Fourth (4) Turn now to Table "B" - cumulative tables - pages 16 to 29 corresponding to the pay period 1st quarter,  $\frac{1}{2}$  year etc., you will be able to ascertain what the tax liability will be.
- Fifth (5) Deduct tax already withheld from employee and the remainder is what should be now deducted.

#### EXAMPLE: (1st quarter)

Employee A. Jones, referred to above has worked for each of the past 12 weeks and \$1.05 has been deducted from his pay in each of those weeks. In the pay period, 13th week (1st quarter) a check will be made, by using the Cumulative Tables to find out what he should pay that week.

His code No. is 28. From Table "A" an employee with Code No. 28 is entitled at the end of the 13th week (1st quarter) to the Free Pay of \$262.00 (Page 7).

Jones' emoluments to date (for 13 weeks)	$-\$41 \times 13$	= \$533
Free Pay (Code 28)		= 262
Taxable Pay		= 271

Now look at Table "B" - 1st Quarter, page 16. This shows that the first \$250:- is taxed at 5¢ and the remaining \$21 at 10¢

So that tax on Jones' Taxable Pay of \$271 is	$(250 \times 5) =$	\$12.50
	$21 \times 10 =$	2.10

Tax previously deducted from Jones during weeks 1 - 12	14.60
= \$1.05 x 12	12.60

Tax to be deducted in 13th week	\$ 2.00
---------------------------------	---------

N.B. In the 13th week \$2.00 and not \$1.05 will be deducted from Jones' pay. But in the following weeks (the 14th week to the 25th week) the \$1.05 will continue to be deducted.

In the 26th week ( $\frac{1}{2}$  year) a check on his position will again be made.

4.

EXAMPLE: (½ year)

Employee Jones' salary etc. was the same as above except that he did not work during the 20th week, and therefore received no pay nor was he allowed Free Quarters. Using Code No. 28 as usual, the free pay is shown to be \$525 at the end of the ½ year. (Page 6).

Salary for 26 weeks less 20th week (or one week)	=	\$1025
= 25 x \$41.00		
Less Free pay	=	525
Taxable Pay	=	500

Now look at Table "B" - ½ year, page 19. This shows that the first \$500 is taxed at 05c. So that the tax on Jones' taxable pay of \$500 is  $(500 \times 5) = \$25.00$ .

Tax already deducted during first quarter	=	\$14.60
" " " weeks 14 - 19 @ \$1.05	=	6.30
" " " weeks 21 - 25 @ \$1.05	=	5.25
		<u>\$26.15</u>

As more than \$25.- (the amount payable to the end of the ½ year) has already been deducted, nothing will be deducted in the 26th week. If the amount deducted up to the 25th week had been less than \$25.00, only the difference to make up \$25.- would have been deductible. Even though he had overpaid so far, the amount to be deducted in the following weeks (27th to the 38th week) would still be \$1.05.

In the 39th week (½ year) a check on his position will again be made.

EXAMPLE: (¾ year)

Employee Jones' salary etc. continued to be the same as above. He worked throughout the past quarter. Using Code No. 28, the free pay at the end of the ¾ year is shown to be \$787.

Salary for 39 weeks (less the 20th week) =  $38 \times \$41.00 = \$1,558$   
(or one week)

Less Free Pay	.. ..	787
Taxable Pay	.. ..	771
		and the remaining \$21
		at 10c

Now look at Table "B" - ¾ year, page 23. This shows that the first \$750 is taxed at 05c; so that the tax on Jones' taxable pay of \$771 produces \$39.60 income tax.

Tax already deducted to end of the ½ year	=	\$26.15
" " " weeks 27 - 38 @ \$1.05	=	<u>12.60</u>
		38.75
" to be deducted 39th week (78 cents)		<u>.85</u>
		<u>\$39.60</u>

EXAMPLE: (Annual)

From the 40th to 51st week tax is to be deducted as usual, that is at \$1.05 per week. The last check is made at the end of the 52nd week as follows:

Salary for 52 weeks (less 20th week)	$51 \times \$41.00 =$	\$2,091
(or one week)		
Free pay as per Table "A" (Code No. 28)	=	1,050
Taxable Pay	=	1,041

From Table "B" - Annual, page 26, the first \$1,000 is taxed at 05c and the remaining \$41.00 at 10c. So that tax on \$1,041 is  $(\$1,000 \times 5) + (\$41 \times 10) = \underline{\$54.10}$

Tax deducted up to the end of the ½ year	=	39.60
" " weeks 40 - 51 = 12 x \$1.05	=	<u>12.60</u>
		52.20
" to be deducted 52nd week		<u>1.90</u>
		<u>\$54.10</u>

By these means an excessive amount will not be deducted from an employee's pay.

5.

Please use the Cumulative Tables only at:-

The 13th week or 3rd Month, the 26th week or 6th month, the 39th week or 9th month, and the 52nd week or 12th month.

For fortnightly paid employees, please use the Tables for the 26th and 52nd week.

8. **DEDUCTION IN RESPECT OF BACK PAY ETC.**

Special treatment is required where any back-pay, bonus, commission etc. is paid in one year in respect of an earlier year (e.g. in 1964 in respect of 1963). As the back-pay, bonus, commission etc. is income of the earlier year and not of the year in which it is paid, the tax to be deducted has to be determined by reference to the earlier year and not to the year in which it is paid.

Tax to be deducted therefrom is to be determined by adding the amount of back-pay, bonus, commission etc. to the emoluments previously paid in the earlier year. The total amount of tax payable on the new total emoluments (less Free Pay appropriate to the employee's code number) should be determined from the Cumulative Tax Tables for the year (the Annual Table). From this the amount of tax previously deducted for that year should be subtracted and the balance deducted from the back-pay, bonus, commission etc.

Such tax should be separately reported under the Heading Arrears of Tax and paragraphs 1, 2 and 3 of the Regulation shall apply (that is, it should not be included in tax deducted for the current year) and an amended "tax deducted" advice slip (Form 7A or 7B as the case may be) if an advice had previously been issued (see 10 below) should be given to the employee and an amendment of employees' emoluments reported to the Commissioner if a Return of Employees' Emoluments (see 11 below) had previously been made.

Separate lists are to be prepared monthly for P.A.Y.E. (Current) and Arrears of Tax.

9. **MARRIED WOMEN**

As the income of a married woman living with her husband is deemed for Income Tax purposes to be that of her husband, the amount of tax to be deducted from her income depends not only on the amount of her separate income, but on her husband's separate income also. So as to avoid much under or over-deduction, any considerable change in the emoluments of a married woman should be notified to the Commissioner as early as possible after the change.

10. **EMPLOYEES' RETURN AND ADVICE OF TAX DEDUCTED**

On or before 31st January of the following year, employers will be required-

- (a) To furnish each employee from whom he had deducted or withheld tax an advice (in duplicate) - Form 7A (for Government Employees) or Form 7B (for Employees other than Government Employees) - showing the emoluments paid to the employee during the preceding year, the tax deducted, and other specified deductions, and
- (b) to hand out to these employees, if still in his employ, an Income Tax Return (Form 1) to be submitted to the Commissioner on or before 15th March or 30th April, as may be required.

11. **RETURN OF EMPLOYEES' EMOLUMENTS AND TAX WITHHELD**

Every employer is required to submit to the Commissioner of Inland Revenue a Return of Persons employed by him, in the prescribed form (Form 2) on or before 31st January (in the case of Government Departments etc.) or 28th February (in the case of non-Government employers) in each year.

This return will consist of a declaration and necessary supplements (in duplicate). The supplement will show, among other particulars, the total emoluments paid by the employer and tax deducted therefrom.

It would be very much appreciated if employers would not wait until the last day to submit these returns, but would do so as early as possible. Early returns would facilitate early repayment of any tax over-deducted. It is an offence against the Income Tax Ordinance to submit returns later than the prescribed date.

6.

**12. EMPLOYEES LEAVING EMPLOYMENT OF HIS EMPLOYER**

In the event of an employee leaving his employment it is the duty of the employer to:-

- (a) Complete an I.R.D. Form No. 79 and to give Parts 2 and 3 unseparated to the employee when he leaves and to submit Part 1 to the Inland Revenue Department immediately.

**13. PERIODICAL INSPECTION**

Officers of the Inland Revenue Department will make periodical inspection of P.A.Y.E. records to verify that no offence is being committed against any of these regulations or the Income Tax Ordinance and to give advice where necessary.
