Doc. Class

If no other women we placed a sign in
a good place - signed in - Helen Love bes me - I
had on jail for a while - a portion of my tape
was played

I entered - inquired whether everybody was ready for
the written test. On being told that most had not
heard the news today, he asked who had heard
yesterday's news - few had - he said we wd definitely have
a written test tomorrow - he then gave a list of questions
& asked for volunteers to answer them - those people
joined the line & I promised a reward this time
for "positive reinforcement" - people who ans'd for help!

In the midst of questioning, I spent some time on
11/4 day off - those who ans only partially go thru 2nd
Haley Newton article - showed some copy of "New
Times" with painting of Haley, makes him worse
than man - geared to those who can't read &
those who can - they don't want to assassinate
any more - the media shot him down - some
people can't stand this type of attack - all they
had was their public image

✓ Had bkpt

1. Worked on adult sch records - on my list of those who have been attending I entered the info I have collected so far of their ages, level of schooling, disabilities which may interfere w/ reading & writing & the dates attended during the last part of July - I have a column for ^{indicating} their level of competence

11. Bruce Jackson, who repairs clocks & watches for members, gave back to ^{me} my clock which had stopped running a wk or a half or so ago

Went to lunch

Lois & I met our adult class - another eye gyp was in attendance - the day was very hot & we all sweated under the sch provided tent - I searched for another place - the nice ^{parlor} tent is cooler, but the sch closes rd there at 1st - we also needed more chalkboard space but I had to manage w/ the two we had - I wrote on the board statements summarizing the points in the questions asked by J & then asked a question to bring out knowl. and reasoning abils. & Lois meanwhile answered questions & offered bkpt - we finished all but about six questions

Lois, w/ the assistance of Mary Casanova, moved to the place under beam 4 where the nice is sorted - the workers cd listen as they wkd - it is cool in this spot

I th a shower

I finished recording all the info I have at
C-2-A-1(3)

present on my adult class - in so doing, I have sorted out my files too, so that I am better prepared, know what I still have to do, & know where to find everything - a difficult prob as I keep all my writing materials in my crate, tog w/ my t. w, the I am using, h. s. records, tech records, sewing materials & meter for personal care - clothes I keep in my suitcase & under my mattress, as well as sheets & towels

Went for dinner - wk ended at 6⁰⁰ ton instad of 6³⁰, so I went early - we had chicken dumplings

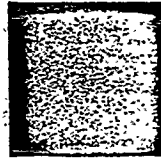

After dinner I went to the pavilion to listen to the (bonus) news, & I had promised some of my class members ^{to help them with} the questions I had not finished during class & went back to the cottage for them while they served me a seat - but I had left my pocketbook key in my bag so ^{couldn't} bring them back - as the news was not being played in the pavil. was the review meter I went to the lib to see what Terese had put on the board signed in at the pavilion - then listened to J's newscast

I came in late - he dictated the written exam - there were four main questions but 2 of them had numerous items - it was a good test, prob prep'd by Dick Trupp & Jan Thurwick - I think I answered all the questions satisfactorily - the 2 class members, sitting bes me, prep'd their notes & also asked questions of each other, tho I warned them ^{not} to - people who finished early were asked to help those who can't write

The sec techs assigned graded the tests
(cont) C-3-A-1(4)

1 Aug - T-2

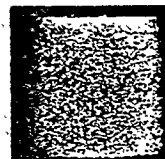

at the side of the pavilion - not all helped
who were on the list - each of us had 25 to
30 tests - the light was poor and I had to
give those in which the handwriting was poor
or which were dimly written in pencil to someone
else.

Meanwhile the meeting went on w/disc of some
educ. problems and disciplinary matters - the
jury was used in some cases - one case involved
hostile behavior by a March girl, fresh, Alfredo, on
the banana crew

& brooms made by Ken Norton ^{for his materials} were displayed -
they liked very fine
At one pt I made some remarks on reincar-
nation which I did pay attention to - he was trying
to discourage speculation concerning astrology &
reincarnation also on the grounds that if one they
make people think the universe was accor. to a
plan which will wh out inevitably; it is not
nec. to do anything - he sd he had insights
that reincarnation is a fact but it meant nothing
useful. etc that it wd prevent suicide if one
realized he wd come back for eons of time, or
many generations - poignantly I sd that even tho
true, he did not understand why, as it seemed
to him he just had to go through the same
thing as before

On most topics I did not concentrate!!
Athletes foot was mentioned - most of the member-
ship suffers from it - it seems to be a different
(over C-3-A-1 (S))

type of fungus than we had in the States - I saw
several disinfectants were being experimented
with on the shower floors and research will
be conducted on remedies, some of them obtained
from abroad.

Although it was very late I took up another
matter - Norman James, who has been gone
for 6 mos., had informed the TC he would be returning
this wk - he had not communicated w/ his
wife (Judy) and child, had sent no money - he
had been reported w/ another woman - some of
our people had talked to him while in Miami -
that he had been offered a job at the airport in
Dorseton he was flying on lines that did not
bring him in to Key - the fact that he is a
pilot may have some signif. w/ regard to his
activities in view of the aerial surveillance of
Key by the Red Engineer plane & reports of planned
mercenary attacks on us - many members spoke
of his characteristics = spoiled by his parents
cherished as the only son, avoidance of physical
labor, pride in his appearance - which made it
pos that he could have deserted to our enemies -
I said that the govt had told us whether the CIA
had a plan in our membership who might
come here - his pos. relations w/ his sisters, par-
ticularly Vicki Moore, were discussed & various
members told of incidents involving her. Ruth
when she was telephoned in LA said
Richard told her he would be getting msgs under
an assumed name & when she reached one she
was to get in touch w/ him immedi. - she had

(cont) C-3-A-1 (6)

1 Aug - T-3

assumed he was on the bus. - she could not remember the name now - I got on the floor & told of the episode when I gave him a ltr. to friends in Beirut, asked him to mail it from Caracas where his new job would take him - his plans changed & the ltr would have to be mailed from there, he had told me - I said it had been meticulous about giving him info concerning all cases he had been asked to del: - I said people would be assigned to be w/h & no one else is to have any conversation w/him

The meeting did not end until about 3:30
I was in bed at 4:00

C-3-A-1(7)

2 Aug - W

I slept until 10⁰⁰

Estelle was cleaning up the cottage, as I. th. in a dirty bowl, washed w/ food, & green outside, which had been kept (by Donna accor. to others) on the porch - Jonestown is preparing for guests

I delayed going to shops until 11³⁰ so as to avoid a long line - we had biscuits - we didn't have lunch

I also did not hold my class because the sick child. were using the space from 12⁰⁰ o'clock on

Worked at home on journal entries & almost finished my adult class records - the day seemed like Jan

Took my shower

Went for dinner - we had curried fish on rice

I had a frustrating time in the pavilion & libr trying to get the news - I wanted in partic the bonus questions which were asked on T eve while we were grading papers - construction in the pavil made it difficult to hear J's news tape from which I usually take notes - the tape being played in the libr had some mechanical defect which made it difficult to hear - I copied some items from the bd, I didn't get the bonus questions at all

Saw Demas Katalas about my needs - he sd I didn't need to fill out a request again - the

(over C-3A-1 (8))

workers wd be around ^{ton} night

In the pavilion there were movies & entertain-
ment for the people coming in on the boat - I
later had that Frances Johnson was one of them

I whd on my sewing for sev hrs - young
people were in the cottage all eve - Donna the
conversation of Donna & some of her friends
was annoying - ~~that of~~ Sonya & her friends was less so -
I made consid prog on my shirt.

Jez was out again w/ Chackin & Estelle was
out - they both came home later - about 11⁰⁰ they
left for Providence bring me w/ the probl of
getting the cottage quiet - I was helped by Donna
who wanted to sleep by going to wh ~~by~~ Laura
who also - Junette Langston was typing ~~but the~~
11V & Laura 11

her typewriter elsewhere when requested - however
Shirley & Sonya wanted to play cds & it required
some argum by they turned ~~off~~ the lights

I vaguely heard Estelle & Jez who came in
around 12³⁰

This was the first day in a long time that we
have not had any redofall

C-3-A-1(9)

3 Aug - Th

At 10:30 I left my sandals for repair -
stopped to inquire about my laundry - it wasn't
ready yet but I had reason to fear there may
be another mix-up

Went to the libr. & th notes on the news because
I had my commentary this aft by the Med Dept -
11:15 from Fr. Terese's class
was home late - have been trying to get a morn.
free for final typing but sthng bad is always coming
up I sthnd on my adult ltr records & corrected
spelling papers from the last test

Went to lunch - I saw Frances Johnson in
passing - we had only an oppor. to greet each other
& went to adult class - pushed out ltr for a reading
lesson for all, aft a class disc on our African
map proj - we also had sev new people to whom
I had suggested my class - Lois told me she had
11:15 The results of the news test have been posted -
a larger nr than bef. made "Excellent - plus" &
fewer failed, so I concluded the new system is
working - Tehro's scores were not posted but
Tr told me I made Excellent - plus!!

lkd for me this morn to coordinate our
actns - she wanted to give definitions of terms
used in the news - aft we had had disc on
steps we need to take to make our map & had
some minimes. for certain jobs to be done,
which I accepted, I allowed Lois to conduct the
class session on the definitions - we
didn't get to the reading - a heavy downpour

(over) C-3A-1(10)

caused further problems - people had to move, who
were near the edge the hrs had to be collected
to keep them from getting wet & on account of the
rain many ed. not seen - in all fairness the
definition prof was prop. the many ed. no. I
stayed some time discussing ideas w/ Lois about
conducting the class.

I went by to pick up from Joyce I had the
African map she made for me - she has not
had time to finish maps of Europe and South Amer
she started & I want to see whether the African
map can be used as a model for our prof. - I
had to hurry to the cottage to prepare for my trad
Dept appearance - it went smoothly & I gave them
the bonus questions we are to be tested on F
seemingly & then talked about the worst danger
spots of the world

Thru my shower

Spent a little more time on the spelling exercise
of my adult class

~~Had~~ Met Terese on the path & she made a proposal
to me concerning a preparation of some items ^{of news} for
the adults in simple lang - this ed. be typed
(by Vernette) on a big type t.w. - her idea was to
have me select & ~~type~~ translate the items - I
thot this a good idea the entailing after wh,
& sd I wd disc it w/ Lois thinking she wd
approve approve - I had in mind I first taking
the items down from the tapes as I do now
x Had dinner

Went to the parlor & tried to take down
the news from Jo's news cast = the first time
I had heard it - had diffi getting the

C-3-A-4 (11)

3 Aug - Th -

ideas down & I despaired of getting my notes for the new summary from this source - later I spoke to Terese about it & she sd she had to hear the tape several times - that being the case I told her I'd prob have to wait until I had her notes, we can't hope to put notes out fast - I suggested once a wk as a start

Soc Thurs met but not many came - we were to make arrangements for 4 nights after classes - I felt & told Debbie it is unfair that the same Thurs have to take the after classes all the time, besides I had to be home to see my needs worker - Debbie allowed me to go

Had an oppor to talk to Lois again about the simplified newsletter - aft a few remarks in the 11 & when I saw Lois I explained Terese's proposal for having a simplified news summary for those who can't read well - she was quite vehemently agst the idea - she bels people will learn the hard wds if they have to - she thot the simplified version of the news was to be put on the boards which Terese hadnt mentioned, altho I think one or 2 boards w/ easy notes wd be advan - some vein she had taken prevly, she backed down - I wasn't sure why

The news workers come shortly after I got home - they saw Laura too - they were young people - they asked to see the items we already had of the requested category - they gave no indic. of what the decision decision wd be - aft they had

C-3-A-1 (12)

gone I spent the rest of the evening sewing
I hadn't realized that they had come home
from the off, such & gone to bed - some ^{young} people
coming into the cottage were noisy & she
requested consideration but to no avail -
the word offender was Lorraine Evans - Charkin
came in to talk to Jay for a while - when
11⁰⁰ came I did my best to get visitors out &
the residents quiet & it had succeeded but
not by Jay told them how inconsiderate she
that they were - Linn was there but she
did not do anything to help

I was so disturbed myself that I th
long time to get to sleep - I was awakened by
somebody at 3³⁰ went to the toilet - Jay &
Estelle were talking which caused me another
wakeful period

Rally

I gave list of topics to be studied for test - They
PM gave opinions on corruption in govt, firm on govt
corruption & white collar crime - special travel & contacts
as enemies - on Ellisberg - we had Steven in court in
attempt to get his lie - he admitted crimes but sd
"they did it too" as his defense

I started calling on members for their particular complaints
their attention in the news - sev. responded - I was
called upon - topic of corruption in Housing Authority in St
in news, opposing finally what I had uncovered while
there - last night I sd that Enquirer listening last night -
I involved a one-time supporter so they can get a good
story - from Korean news & offering of Korean visitors
here - that we didn't spend money impressed them much -
I sd even if you don't have to spend money, I do & don't
waste

Chair made by Ken North

Our ship not being taken care of properly - Cleve got
to go in to it - operation slowly - Cleve will replace
Dick Jan who says - going - 5th thing broken - partying

for wanting to go back is that she wanted to be in a

she was bringing in, salary of \$1000 a wh plus her fund
raising - she burst into tears & apologized - she sd
she saw the beauty of Forestown & I expected no

5 Aug - 5

Had breakfast

I checked the boards for the latest items so as to be prepared for the test which ^{was} to be given ^{tom}.

Went to the warehouse to see whether I could get my needs but I was too late - I checked w/ Catherine Leminique about scrap paper to find our African map on for a pattern - she gets paper sacks in which our flour comes & cuts them up for toilet paper & she told me to ask at the veg. stand

I did my hand laundry & hung the clothes on the line on the cottages - the day was clear & not too hot

Had some thought to the news summary I can prepare for the seniors who can't read very well - told Theres I would try to get her some copy on M

Had lunch

Checked on news items again

Lois had volunteered to teach news at a spec. session of the adult class & I observed her meeting w/ them in the second sch Pavilion (formerly the rice tent) - she had a goodly crowd

Thru my shower

Write my report on adult ed to turn in to Ave. Jones

Harriet Trapp told me borrow 1/2 an hour of Virginia's typewriter which I rd for an hr or so, though I nearly
(over C-3-A-1(18))

fell asleep

Went up for my entry w/ Lisa - had a considerable wait for her w/ Gurette & Lois around too - When Lisa came I gave her my draft copy which she gave to Gurette to type - Lois suggested we have eve classes for adults who can't come to the lunch-time sessions - I have no objection if she wishes to teach them but I have enough respons. now & I know from exper that finding a free eve. is almost impos.

Cont'd reading the hist. of Guiana for an hr or so

Went to dinner - we had chicken gravy on corn, & very good greens and pumpkin pie
The sec tutors were called to a mtg in the pavilion - Tropp conducted it - he & Jean had been asked to prep questions for the test - they had a list of topics & asked our opin on phrasing - most were essay questions requiring consid knowl. - we then discussed suggesting tutors to replace some who have quit - Jim Pugh is one - it was decided that we wd take some of the CS-tutors from the classes -

11/1 had decided we shd have meet in our old socialist classes & we were to be tested //

Then we read wd there wd be no testing until 9⁰⁰ - classes were to meet for disc'd 7³⁰ - if partic was not satisf, we wd have test at 9⁰⁰
most of our old members were present -

(cont) C-3-A-1 (19)

5 Aug - 5 - 2

few new ones came in. - Don Jackson was
taken to teach another class & I conducted
our own alone - I asked the class for
suggested topics - partic. was very good &
most people made comments - later I heard
- I had time around to observe how the classes
were going but I didn't see him if he visited
ours - Pat got ganned that he was satis-
fied partic had been good - we shd go to the
problem, to see Hearts and Minds, documen-
tary on the Viet Nam war, which was req'd -
I got a seat in the back where I cd not see
well but I remembered it well from prev.
showings

Went home to bed about 12¹⁵

C-3-A-1(20)

6 Aug - Sat

We got up at the usual time, had a half day off - I had slept at 8⁰⁰

I typed on my quilt from 9⁰⁰ until 12³⁰ first in the chair from the back where it has been taken & typed in a little nook between my bed & Laura's & Ruth's, putting the t.v. on my cotter - though people were in and out they didn't bother me any & I made satisfactory prog - I also typed a 2 page statement in resp to a request from J that everyone turn in their feelings about what he had said at a recent mtg - I was told this concerned the confrontation w/ Riccardo Otterburg & I had diff. of thinking what I had said at that time - however I went into the sit at the time, comments & had made on prev. other occasions & my own observations

I did some pers chores, took a shower & shampooed my hair

Few people were in the college today, tho' the residents weren't working in they that got either

I did on quilt entries

Dinner at about 5⁰⁰ - we had chese rice and greens

And news from the board

I sewed on my skirt all eve. until about 8⁰⁰ - I have pieces sewed all the way around, now have to work on getting it to the proper length - went

(over) C-3-A-1(21)

for my treat - I got an extra piece of fudge
for my "excellent plus" paper; actually for
some reason I was given 3' but I feel the
young firm handling the end was too generous.

Pa gets the rest of the eve

Frez is very unhappy abt her super-
visory role in the cottage - the deter-
mining factor, in my opin, is her anger
over the lack of sympathy shown when
she was ill - too, some of the residents
(we can't be sure who they are) leave dirty
dishes in the cottage, won't cooperate w/ the
request to keep the foot rack cleaned up, &
let their belongings, even wet clothes, in
others' crates - the commotion in the
evenings is annoying & it's diffic of
getting the cottage quiet at 11⁰⁰ - Frez
may be more disturbed than I by night
workers coming & going - I rarely hear
them lately - Frez wants to give up her
supervisory position - I don't know when
we may expect Versie & Ellie to ret
from Georgetown

I went to bed arnd 11⁰⁰

C-3-A-1 (22)

7 Aug - M

At my adult class I called the roll & filled in the missing info on each student; age, how much schooling, any phys. cond., which interfere w/ learning - I offered to the class our plan to break it into 2 groups more or less accor to abil, that I wd take beginners & those w/ reading abil. to about the 3rd or 4th grade level & concentrate on lang skills - Lois wd take the more advanced readers & concentrate on the news - I emphasized that the final choice is up to the individ - each is free to join the class which he or she feels will do him the most good - I told them of Carolyn Layton's request for meter for the Hes'town exhibition, that we wd try to finish the quilted map in time - Lois then cont'd w/ disc on the news

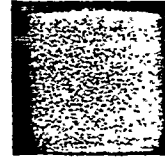

// Vernetta Chr. asked me whether she cd borrow my t. w. as hers is out of order - Mike Lund, who repairs t. w., has been on PSH - his release had been obtained yed to work on the T. w. in the off in Rita's cottage but there is a more serious probl. w/ V's t. w. - I told her I had promised Terese to get some news written up for our large type edition - she picked up the t. w. & arranged to bring it back to me this aft about 3⁰⁰ //

Thru my shower

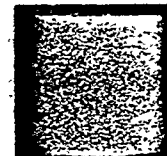

Vernetta did not come w/ the T. w. at 3⁰⁰

Had blps

Stopped at the warehouse - rec'd a pink
trawl, a wh wash cloth & 2 bres - plus a
new comb - I had had two but cant find
one

Started wh on summaries of the news -
I simplified as much as pos, interspersed
inter or intern & events & heavy polit topics
w/more emotional mater on racial relations
suffering of child & so on, mostly in the U.S. -
was not able to do very much

Went to lunch

Lois & I find the adult class as a whole -
I th the lower abtl gyp & she the more advanced
she occupied the space in the sch pavil. we
had used formerly & I moved my gyp to the
second sch pavil, as the tape playing J's
newcasts was running at the other end of
the sch pavil. - we had to move again at
1st o'clock when the gym high class came in -

I effort to both gyps what we were doing
on the map, showing them the 8th sheet given
us by Ruby Carroll (she sd us have a blue
one), the paper sheets I had collected from
the Kintipen area & the small map of Africa
given to me by Joyce Lund - Curtis Winters

(20) 1-A-E-1 (over) C3A-1 (25)

had volunteered to trace the map, which he did, using the glass on the aquarium - he did a good job - I then helped the class members w/ the statements which had been requested on their former life & their life in Jonestown - I think this for the book on which it is hoped the writer of The Parallel View will coop w/ our stuff - in the case of young ^{or} people, many were on drugs, dealing w/ drugs, shoplifting, purse snatching; some had been in jail & in the case of the sons the misery of their lives in the ghetto is the predominant interest: fear of being mugged or stolen from, neglected by relatives, poor housing and so on - I either corrected the papers written by themselves or I wrote down what they told me - I stayed on after he to finish these - the day was hot & I was very tired

I th a shower

Cont'd w/ on the news summary

We were to have a very late morn. today:
sleeping until 10⁰⁰, and bright wd not be
seen until 10³⁰ - however, I was awakened
by a man who was discussing hrs of wh w/
Laurie right at my head - I thought it was Hue
Fortson but perhaps it was not - aft last night's

10 Aug - Th

I spent most of the day packing and moving
up I put a gun shelf - I took most of my belongings
in my laundry bag in sev. trips - Dee Dee Smith
who's moving from the apt in No 10 to my bed in
48 & who had been pressuring me to vacate
helped me w/ the first load - she is one of the two
yky girls to whom Edith Cordell has had so
much objection - the other is Shickwanna Harris,
Constance Jones' sister, also moving to No. 10 - they
is moving to No. 7 presumably w/ Gene Chaikin;
altho I don't know what job. is to be followed w/ reg
to the usual 3-mo waiting period - Estelle is
staying in 48, which otherwise will be occupied
by yky people; she says she can get along w/ them -
Edith C. had constant trouble w/ the 2 girls who
were loud, rude, careless about keeping the cottage
clean, & didn't do any chores - I've heard
only her side - she just constantly scolded
them - I was a little apprehensive about Edith's
propensity for talking & also about Mark who is a
noisy, spoiled child, tho bright
W. Laura will share the top w/ Phyllis Chaikin, & 2
more girls or women can be accommodated there //

I met my class at 12¹⁵ - Curtis Winters put help -
Th. my shower - the day was very hot, there was
no moving my belongings - I moved every-
thing etc. my crates to my big chair - Odell
had sd he would help me but when I found him

(over) C-3A-1 (33)

in the eve he had responsibilities w/ the PSU
young people & could not be until another super-
buddy came -

11 1/2 inch squares on the small apron map.

Had dinner

I went over to my old cottage - in cleaning out,
someone had put my crates out in the yard, which
made me nervous that they were pedlocked as
it didn't look like rain - I saw Odell several times &
he still was not free to go - finally he allowed one
of the young men he was supervising to help me -
I started carrying a crate w/ the young man but he
picked it up & took it by himself - I had another
man to help me w/ the other & they we moved it
at 4:30 the girls told me they had asked for
help in moving the crates all day but I did not
get any - their own crates had not been moved
out of 10 which upset Edith

While I was at 4:30 earlier in the day I heard that
a nest of baby rats had been found the prev. night
under Estelle's mattress - the everyone had been
frantic & went to get Christine Lucientes to take
care of the pit - she didn't get there in time &
the babies got away - in the eve. when I came
back, a baby rat (or a mouse) was trying to
run into the house - Donna was standing in
the doorway, shrieked & jumped on a crate - a
kitten, which had just been stalking w/ the rat,
made a jump out to the porch & pounced on
the rat, held him in his mouth

Phyllis has been in the bed I am to occupy & had not
come from work to move into the loft, so I put my mattress
in the loft & slept there & went to bed about 11 but didn't sleep

for some time - Edith had a hard time putting Mark to bed

I went to dinner

Listened to the news for a short time in the pavilion

A soc. techs. mtg was called for 6³⁰ - only a few people came - The soc. business was to choose those to teach the extra classes following the reg. soc. class - as I have not taught any yet this wk, I think it only fair to volunteers

The soc. class was in the pavilion - saw the film "The Bombing of Dresden" which was about the last days of Hitler's Reich - monitored it

I taught one of the extra soc. classes (over C-3-A-1(35))

disc the matter tog

a plate of food on it - she denies this but isn't very

Mark was at home today - Edith was granted
permission not to send him to pick on Sue

The young women who formerly lived in the

my bed ^{in the room I share with Taylor & myself} & consequently I had to keep box
under Mary Canada's bed - another of their trunks is
at the foot of Betty Moore's bed where a trunk of

intend to move them until forced - she thinks

One of the men who has been coming to my class & seemed to be showing some interest. I asked me just if he had come by my college and had me some facts I presented, telling him (about 6⁰⁰) I was at home - made the mistake of telling him I usually did not go up to the entertainment or social. - I intended to make some other reference if he or not, but he didn't come.

Other residents of the college were home - I continued w/ my sewing - I planned to go to the pavilion about 8⁰⁰ to see whether "The Corallay View" was being shown too, but I had an announcement that would be shown - musical auditions would be held instead.

"Right and Dog" on the Nazi concentration camps
and then "The Parole of View" - I had seen it
in SF but had not understood it very well -

to some details - The showing was over at 11³⁰

75 Aug - T

Had lunch

Worked on the map on my bed - there are some areas on the west coast from about Guinea to the Camerons where I am not sure of the outlines - I ran into some trouble as the squares had not been exactly measured because of the overlapping of the paper which I had taped to, besides the inaccuracy of my drawing.

Of the different people in the cottage, Barbara Smith who is being trained as a nurse, is the one who seems to give the most trouble - Edith thinks she takes things that don't belong to her - yesterday in the morn. she urinated in the hen coop & left some urine on the floor, didn't wipe it up - Edith didn't want to offer to her about it, but I did - she said she hadn't seen it.

The girls who moved to No. 48 still have their 5 crates in our cottage & Edith is complaining.

Wkd again in the cottage on my bed
trying to finish the outline of the Bigger
Countries

Th my shower - it began to rain
while I was in the shower - I ret'd home -
the rain cont'd heavily - I had that the
raining season was finally over, as we have
had sev days w/o rain

Cont'd wk on the map until dinner in the
pavilion at 4⁰⁰ when the child. were not
using the tables - I decided to let the
sect on the Camerons undone to be
finished later as I was tired and puzzled -
I sorted out the scraps that have been brot
in - we need some lge pieces

Eddie Washington watched my bag & held
a sed for me in the pavilion while I went
to dinner - we had rice w/ butter, okra fried
in butter & greens

Saw the film "For Whom the Bell Tolls"
with Gary Cooper & Ingrid Bergman which had
some in on the board - J, who monitored,
sd some of the more revolutionary parts had
been cut out, but it is still an excellent

(12) 1-A-E-2 (over C-3-A-1 (50))

movie w/ good lessons in it for political
activists & I admired it - the emphasis on
the love relationship seemed unnecessary &
silly

The film was over about 10³⁰ I went home
to bed

There was heavy rain during the night -
I was disturbed ~~at~~ once by the noise from
the children who are in the PSU cottage
across the way - also heard Martha & Chris
in the top above me - the latter have
moved their cases up

Had obj

Started w/h on the large type news edition,
choosing sev items and typing them up
11/5 which I judged of importance & interest
to seniors

In the adult class I showed the maps
I had outlined it so that they could see
the size of it - I eff'd details, show we had
done the drawing itself, & we discussed the
kind of stitch I use to put the separate
clips on the sheet - I left the com to decide
whether we shd use machine stitching - they
are to bring a sample of machine and hand
wh - I also suggested div topics individs, shd
learn study so as to learn more about
Afria, such as clips that had been British,
Dutch, German, French and so possessions,
hist, main products - Lois later told me
11/2 history, leaders

That I frightened them, they didn't have any
idea how to obtain this info - Lois carried
on w/ the class, & sev. people who wanted to
come w/ me to the other end of the pavilion,
cut countries out & made an extra copy of each,
as I want to keep one ^{complete} off pattern as a safety
measure

Had sleep

Worked on the second installment of the large type news - Tr had ret'd the t.w. before I got up, but it was not working well - sev. keys were sticking, & the white correction fluid had been used over the center of the machine - I saw Frances & asked her about it - she was enthused about the t.w.; but told me some one else had used it last night

Went to lunch

Held class - I conducted a short reading lesson for the beginners, then we discussed the questions for the test - The main subject was the confederates agt Kennedy, Dr. King & others incl. the Temple, "The Paradox View" giving a pattern which is followed in all such cases

Took a shower

I finished a second page of the large type news & took it to Torres

Had dinner

Listened to news in the pavilion

The soc. classes met in certain gyms - we had visitors to spend time on the details of the Rosenberg case & to drill people on the answers to questions that visitors might ask - we did so - I conducted the class alone - Don Jackson the janitor - she prob. writing up notes for Don Grad - partic. was very good

(over) C-3-A-1 (st)

We retired to the parlor to see a film on
"The Unquiet Death of Julius & Ethel Rosenberg"
J. interpreting it - This had been taped
from a KQED prog. presentation - of this
all those who hadn't seen "For Whom the
Bell Tolls" were required to stay & see it
I went home, went to bed about 1:30

|| The former residents of Cottage 10 have finally

Joyce Touchette who sent to it ||

Edith & the others got home about 1:30 - I
woke briefly, otherwise slept soundly

19 August - 5

Besides Edith Cordell and Mark, the other residents of the cottage are: Mary Lander, a nurse, very agreeable; Isabel Davis, seemingly warm & generous, tho' Edith has had some disagreement w/ her; Betty Moore, mother of 8 yr old Billy, who has been working in the garden; Barbara Smith (previously described); Edith Parks, who is in the Med Dept very friendly & helpful to me, a nurse whom I know in the Valley, related to Dale, Brenda (grandmother), Jerry (the son), who is in Med Dept, spends long hrs on the news; Lillian Taylor, agreeable, spends much time reading, but does a seven shift at night on the generators - in the loft are Marthee Hubs, on seven w/ the PSU, & a singer & band director; Chris Lund, electrician; Laura Johnston, on duty w/ PSU; & Phyllis, a supervisor in Med.

Edith C. does most of the work in the cottage, sweeps & scrubs, takes clothes off the line, notices everything, scolds a good deal but is very good-hearted.

Last wk we have had more dips w/ Bart, esp. complaints about her lack of cleanliness - she has claimed she has been sick for the past 2 days & didn't go to work, had food brought to her & left her duty plate covered by a towel; Mary Lander told me the day we discovered the "pee" on the flr in her bed she sd she hadn't seen it but Mary told me she was reaching for one of my towels to wipe it up when Bart noticed Mary was awake.

(over C-3-A-1 (56))

At 8:30 I did some more rearranging, put
most of my papers in the box under the bed
also put supplies & the materials used for our
map; put my books on the shelf above our bed;
left in my top case only pers. items, sewing materials,
& my t. w. - I intend to put in it also sheets &
towels - in my suitcase I will put most of my
clothes which are under the mattress now - I
have some of my sewing materials & scraps of
material propping up my feet - I have books for
other articles; & some are back my trunks, such
as spare shoes, raincoat, shower materials & bags
I washed some items I didn't want to send
to the laundry

Went to lunch

In the sch. period, until 2:00 I work on the
portion of the map which I don't have right yet -
made some progress but didn't finish

Took my shower & it rained again

Wrote my rpt for Eva Jones - listed those who
indicated they cd benefit from extra sec. classes -
this was in part to a request to let her know
persons who I thought needed the classes because
of defic. in social ^{knowl} or other & I did not feel
competent to make such a decision - in typing
I had even more trouble than bef w/ my t. w. - cd
not get it adjusted & it slowed me down

Went to the mtg w/ Eva - Zurette came &
I gave her the rpt - we worked at length and
Eva who didn't have time to meet w/ us

I rode to the college & posted 15 min. by dinner

I was up at 8⁰⁰

Had ^{the} meals from the pavil. bld
for bread, pineapples & coffee
Had on final items

At 12⁰⁰ I whd on the African map in
the pavilion - I completed the outline for all
countries, tho there are some loose ends
to be tied up - I still have a problem in
the ^{second} area where Zaire & Angola join - I plan
to cut out the outlines of all the ctry, have
a game in class in which the students,
liking at atlas maps, can pin the outlines
of the separate countries on a sheet, thus
learning the position of some of them -
also we will be able then to ascertain
where the map is insufficiently accurate -
at the same time we then get a complete
list of each country

Had a shower & shampooed my hair
sewed, continuing w/ my skirt
Att. dinner at 5⁰⁰ we had rice w/ pork,
okra, French fr. fried eggplant in a batter
sewed

Mark was giving Edith table - she had a

people were gathering but I didn't hear any music so assumed he had not arrived yet - then I heard on the loudphr - he was annoyed because people were waiting in the pavillion instad of being in the libr studying the news - I finished sewing about 9:30 I went up to the libr - rd as much of the news I cd over the heads of the crowd - Trapp & Jack Beem were explaining the signifcance of some of the news - as the guest had not yet arrived I went home & went to bed but I didn't sleep

Then we received orders to come to the pavillion - I went up - I expected to find it difficult to get a seat but I had earlier ordered the people to get up & give their seats to ours - a young man led me to seat in front, asking the little boy occupying it to sit on the floor w/ the other children. I the guest, a young-looking man was seated w/ those assigned to talk to him. A table in the middle of the pavillion - a musical progr. was given & ~~some~~ we were dismissed at 2:00 - a heavy rain fell

2 Aug - M

The instructions given to us last night were that everyone should get up at 6 or 7 to their cottages & apartments, taking with them everything needed during the day - doors & windows were to be closed at all times - the doors were to be locked from the inside all day today & no one was to go in them - more visitors were expected & I surmised that this procedure was to prevent ^{any} of the people coming in, any of whom might be a fascist or CIA plant, from conferring secretly w/ any member of Jonestown at a private place.

We did not go until about 8⁰⁰ as we had had a late night - I had bread - I went back to get something & found the door locked already. Seniors mostly went to the pavilion where they sat in any place classes were not held - some had bible singing or other handouts - children were w/ their tutors all day - I also wore ~~was~~ ^{was} kept open for those needing to lie down - I did on my gail most of the day as I had got far behind.

It was raining all day, sometimes there was a downpour, sometimes it was drizzly.

No one was to use the central pathway as the guests were to be taken on a trail of the cottage area & we were not to use that way to go to the bathroom - we were also told not to go just the main pavilion where the food will be served but were to ~~use~~ ^{use} the ~~of~~ ^{of} by the road by the dispatch off -

(2) 1-A-5-5 (over) C-3-A-1 (62)

The area was very muddy - I went down
once to the central area & talked to Tr
at the sch of - some of the guests under
umbrellas were being escorted to
the college area - Tr sd they were getting
w/ Carlton Goodlett - other the others were
Huyesehe mess & radio men - they had
the plane bringing in the guests come over
& they arrived about 10⁰⁰
visited the med. of - Tr sd he wd rather not
talk w/ strangers

We heard dip. info. as to when dinner wd
be served - finally some were told about
200 they cd go down to eat - I went to eat
at about 3⁰⁰ - we had chicken & dumplings
It ret'd to the sch pavil until the guests
left for I read (left in the late of)

We ret'd to the cottages - a young man
climbed through a window to peek at our
door

The lights were out ^{in the college area} - I do not know whether
the person was generator table or was on
purp again felt to prevent secret mtngs or
pre anyone from being anything - Det a
map for a couple of hrs

When I went to go to the dining pavilion
about 8⁰⁰ the lights were still off - I had
& I had that all were being served that 8⁰⁰ but
in the line - we were then told the food
was for "snackers" only - I told the young
woman serving & also a young woman in
the kitchen area that I was hungry but was

told unsympathetically to rest at 10⁰⁰

"Hearts and Minds" was being shown
in the pavilion² - I sat on a table in the
back & watched - I was sitting watching
it w/ Fred

I did not know the time but when the
film was over I went to the dining
pavilion - and it was 10¹⁵ - was told
there was no food left -

11² I sd all shd see it!

Went home hungry - the lights were
still off - I went to bed at 10³⁰

11³ did not give my news talk before bed today!

Now that the big grp of guests have gone, cords are more relaxed - we are still afraid to keep the cottages closed up, but the doors were not locked today - the electricity is still off.

Half brick

I wrote a memo to Eva on yest's meal per - Edith Parks put in another note to Eva about Barbara Smith's habits - she left her ^{full} per bottle in the cottage today uncovered

For lunch we had soup, bread & an orange
Lois & I met our separate classes - I gave my grp some reading prim first, having each one read a page or two so that I could see whether they were reading books at the right level - then I went over the news, expecting a test tom

Fred was expected to visit the sch today, Beaky told me but he didn't get up till 2:00 when he had lunch - I heard he didn't fall well, prob. he suffered from jet lag & was treated by the med dept - Edith P. told me he enquired about our job. on deting - she thinks he may be interest in Annie's work - I had told her

I had my shower

I whiled away the African map, sitting on my bed, which was diff. because the lights went off - I corrected the outlines of some of the countries which did not fit right when put on the sheet - made some cc of the ones which seem to be right

Went to dinner at 5:15 - it was an excellent meal: cassava cooked in a better w/grey, pieces of fish & veg, greens, pudding & an orange

obscurely, my doubt to convince Dr. that we
are not relying - I said he wanted to have some

only about 11 o'clock - I spoke to Dr. on the
way out, told him I would like to have him
bring Dr. around to my class - he could see us
play game in connection w/ our African map -
Dr. said he might be able to put complaints
that Dr. was "arctic" - perh. he was reflecting

23 Aug - W

Had breakfast

Worked on the African map on the floor of the cottage - I cut out the separate city - some

Had lunch

1/2 of the countries across portions of the map are not completed yet & I do not have all the countries #1 - made a list of problem areas

The members of both city mid day - we spread the sheet on 2 tables for day - I gave one or 2 of the cut-out patterns to each person - we started at the top of the map & called out the names of the city & had the person pin the pattern in the sheet - they got a good deal of fun out of the experiment & it was a good learning effort - they were deeply impressed w/ the size of Africa - Lu & Ester Lewis wrote the names of the city in the board & some copied them

To my shower

Worked again on the map at 4:00 trying to complete the areas left unfinished

Had dinner

In the eve, there was a fashion show & a skit w/ Don Fred as the guest of honor - a table was set up so that dinner could be served to Fred & the people assigned to meet w/ them - various products such as preserves & herbal remedies were displayed on the table - the young women who served the table were dressed in long gowns made by

Love (C-3-A-1) (70)

our surroundings - ^{on} the stage in front of the table were various products made by our people in Jonestown: a cradle, chair, toys, for instance

Art Freed & his companions entered & sat down to ~~converse~~ & asked me to come over & meet Freed - I did so - I had suggested it to Tr that he visit my adults class to see the game we played with the patterns of the countries, but he had apparently not got up early enough to visit any desks - Freed was very interested in our project of teaching ours to read & was touched when I told him how much it meant to the self-esteem of a person who had reached an advanced age to learn to read

The play consisted of episodes about poor people around the world - Francis Johnson directed it

11/7 Clothes made in Jonestown were modeled by all eyes, from toddlers to sons, males & females, many made by the wearers - they were all quite stylish & well made - clothing manufacture is likely to be one of our most profitable enterprises - many toys were displayed - I was just back of Fred & Jim & they were engrossed in conversation most of the time - He seemed charmed & excited by J

C-3-A1 (71)

Left the show I had to go, w/ others, to the rice pavilion to write a ltr under the direction of Carolyn Lomen to the P.A. of LA w/ ref. to a chg of the Medlocks charging that McElvane w/ absence & fraud got home at 12 - lights out, stopped in quad

on the path to the bath rm

24 Aug - Th

Heavy rains have fallen in the last few days & continued today.

I had noticed that an old suitcase put out by Mrs Johnson at my former cottage was still hanging on the line there - I asked her if I could have it to use to make book bindings & she agreed. When I got it home I found that only the zipper was missing & I decided to use it for storage in place of a cardboard box.

Isabel moved suddenly - she told Edith someone had stolen from her - she told me there were two wing boxes, I got the idea she found Edith had done it.

Edith was given custody of the broom which she was to make available to see other cottages - it disappeared a few days ago - she had inquired in the neighborhood but had not located it - she enlisted the area's child in the search promising the finder her week's treat - Today 2 of the local child told it was in cottage 12, which turned out to be that of Willie McDone - both Marthen & Edith went to 12 - they denied it was there but the child told us they had rubbed out the cottage no. - Edith recognized her broom - Willie should have been charged with theft & fraud but Edith did not follow through w/this.

(over) C-3-A-1(72)

Meals have been of the ordinary good while
Fred has been here, altho his table is
served even better food - we have had new
recipes - one was saffron fried in butter -
at another meal we had saffron french
fries w/ chicken giblets in gravy, ome, greens,
& oranges

In conversation w/ Lillian Taylor who is
in the berth beneath me, I learned she
had what as an extra in Hollywood for
see yrs - among her pictures were "Gone
with the Wind" and Clark Gable's "Too
Hot to Handle"

In the adult class Lois Bonto taught the
news while the quilters & I made some
corrections in some of the front areas
& pinned the patterns on the shed - we posted
our scraps of meter & discussed how we
wd do the quilting

During Fred's visit there have been
several acts of wild behavior - the worst
was another attack by Barbara Walker on
Steven - she had attacked him by - she
fist like an animal & scratched his
face, damaged a face - at one people were
regard to subdue her, she had to be
tranquilized by injections & I remember
wind posted at her bed in some quarters -
Boyer Lund described the event to me - a fight the
place of dinner too then 2 yrs ago - I punched
the other over the other who had to be carried
in a stretcher - in spite of Dr's presence I
thought this of - I denounced these fights

25 Aug - F

off

Paul Robeson records were played as we
left the pavilion

We arrived home about 9:30 - I was in
bed about 3⁰⁰

C-3-A-1 (78)

26 August - 5

9⁰⁰ and 10⁰⁰ were hrs set respectively for rising and first bhpt - I got up early (around 8⁰⁰) & had a little on gal entree - stopped in rd parking & checked the news items on the board by acting bhpt at about 10⁰⁰ - we had pencaked

While the laundry isn't taking any clothes this wk - the visitors here in Jonestown, they can't hang clothes on the lines & then there was table w/ the elec. power & washing machines so soap can be obtained from the laundry to wash one's clothes - I did a good-sized washing again this morn., incl. a sheet - it was a very hot day

I intended to work but didn't accomplish much - ~~tried~~ to take a nap but didn't actually sleep - I forgot about taking a shower until it was too late.

Then it was about time to go meet Avea Jones for my reg. 4⁰⁰ o'clock mtg. ~~mtg~~ ~~appt~~ ~~ment~~ it started to rain - rain came down heavily for half an hr or so & I waited until it was over - Lois, Quetta & I arrived about the same time & Avea a few mins later - she was concerned about Barbara Walker's class - we told her that we had not seen her holding class much lately & Lois that her failure to attend studs may have contributed to her outbreak w/ the other day. We assured Avea that her studs wd prob join our classes - we disc'd the projected ev. class to teach riding for those who can't come during their limited hr - Lois wants to partic. & she has a firm pol. of

(08) 1-A-E-3 (over) C-3-A-1 (72)

attendance must be maintained - I intended to hold class on Wed. night as I promised Patty Cartmell (for Walter) - however, w/ time we decided to make an announcement & see who responds.

I had taken w/ me my map-making materials hoping to work on the discrepancies that still exist at the sch. pavil. - however, I did not have time as it was already time for dinner.

Left date I went home by way of the toilet, brushed my teeth, put my map-making materials away & went back to the pavilion where Eddie and Gertrude were holding my seat for me.

The news was played several times & 5th notes Soc. classes were held in the pavilion - Rob Chr. opened the meeting telling us to get our paper and prepare for a written test - as the paper supply is almost exhausted in Jonestown, people complained they had nothing to write on - everybody who had extra paper was asked to share & I gave away all I had with me except a page for my own test. I came in - he asked who had not heard the news - a crowd had not, so he agreed to have the tape played again - I filled in some loose ends.

W/ tried together!!

I dictated the test questions - there were ten or questions visitors might ask; and some people have agencies have indicated that we may have a CIA spy arriving here w/ a group of our people & it is important that we all appear happy & exhibit satisfaction & know

had to avoid the wrong kind of questions
too classes not in possible or not give infor-
mation which can be used agt us - the
remaining ten questions were on the recent
news. The test was a series of items
on diverse subs which we were spelt to
reproduce as well as pos aft I read them
rapidly to us - a fr many people had not
tried to take notes, so I went through the
item again - I th down as much as pos in
long hand, & I got most of it - there followed a
bonus section - if we pass it we don't have
to take the next test.

Aft finishing our tests, we were spelt to
help those who cd not ~~read~~ write - we moved to
the rice parl as a more bet to be shown
in the theater parl. - I helped Jerry Clark &
Hertrude Kailer - they both did well on
the Jonestown questions & poorly on the
others.

I cant find my rain coat when ready
to go, went back to the parl for it - I
had to wait until the end of the picture
to try to find it - the pic was "The
Diary of Anne Frank" - it seemed very
slow moving & considering the honor of
its theme rather undramatic - perhaps
styles have chngd enough since it was
made to make the dig.

The lights were off in Jonestown when I
went home, prob about 1:30 - it was diff-
cult to avoid falls & mud puddles when
going to the bathroom - somebody told me
the lights are going to be off every night
from now on.

27 Aug - Sat

Today was decided by J to be a work day w/ reg. hrs - we are to get a full day off if instd - reason may be that we are to have guests on M, for whom prep have to be made

Had listed as usual about 800 - got some paper^{back} from coordinators of J
3-hole punch for my notebook as test has depleted my supply

Cherkin gave me some cards w/ Russian alphabet on them - he sd he cant get Rus but knows the cadence

Wrote an oral entries

Went to lunch

At 12:00 I took my map supplies to sub pencil & prepared to ink on the southern tip of Africa - got them fairly well drawn but now they dont fit in with tips in med above part of Gairat - it was very hot - some of the women in the adult class helped me, cut out of scraps some more countries & whid on their own quilting - I became frustrated @ being as my feet 2 hrs, decided just - others were still there

Th my shower

In the college I had an argument w/ Barbara - called atten to glass she left w/ orange peels in it & not emptying pee bucket, plus spilling pee on floor - she denied she had tips on floor - others were present but sd nothing & I intend to have 2 witnesses next time & take her in

Went to dinner - heard the news type in the lib when Terence was taking notes from it

(over) L-3-A-1(82)

Did home about 7⁰⁰ & sewed on my skirt
 In an hr or so Curtis Hinters came by - he
 wanted one of his colored pencils to do a draw-
 ing for a the home - I got down from my bench
 to find his pencils - they weren't in the usual
 place - I searched every where I could think of &
 had to conclude I prob had them in the libr - I
 was quite worried because someone may have
 picked them up - I went up to the libr & inquired
 whether they had been turned in but they
 hadn't been - Curtis, who waited for me, was
 very gracious about the sit - he sd he liked
 to share things - he tried not to be too much
 affected by disagreeable circumstances & he
~~stayed~~ stayed for sev hrs, talking to Edith
 & Mary Canada as well as me - Curtis came
 from Ind w/ the Te - he sd he never remem-
 bered having parents who cared for him -
 He recalled events in the old Te days & singing
 some of the old songs - he sd Jim was called
 "Brother Jones" by his members then!
 I was concerned about the other items in the
 bag I had evidently lost: pins from Ruby,
 singers from the Ed of & items of my own
 such as sketch tape, but I tried not to be
 too depressed - they may be that Eddie Wash-
 ington or another of the women in my class
 th the bag home - I can finish the map w/o
 the supplies - I feel I forgot them because I was
 too tired & decided not to use a the map ton
 I cont'd my sewing during Curtis's visit & aft he

28 Aug - M

I was successfully seeking not to be too depressed about losing Curtis Winters' pencils & the other items lost yesterday, as I have often found calm & composure in bringing good results in a favorable outcome. I also decided to try again to have them sent to me by parcel one of my sisters' sisters although she seems to take her mail to care. - I told Curtis when I said him that I would replace the pencils if I did not get his book - he was still very pleased about the matter.

I wrote this morning on the next edition of the large-type senior news - I had to write it w/ a pen as the electric is off during the day in the cottage area until some parts are for repair of a generator.

At lunch

When I went up to lunch, I found that Eddie W. had taken my bag of supplies home - she had noticed I had forgotten them immediately after I left yesterday.

I taught my reading class today - using the pre-printer, I followed the instructions to the teacher w/ allowances for the age & effort of my students & we had conversations about the story in the book - I was also able to branch out into a discussion about events in Nicaragua.

Then my shower

Continued with a senior news cover

Went to dinner

Listened to news in the pavilion

A film about union actors in Harlan Co., Kentucky had been obtained & I made it mandatory to see it too, as we are expecting a visit from some union officials - it was a long film in color - showed the way the miners had been exploited since the 30's & were still suffering from capitalist mistreatment

Doc Johns was again to grade the tests done at the last meeting after the film but only I of us came - he wanted us to get started grading in any way, but James prevailed upon him to put it off until tomorrow at the rally

I went home at about 10:30 - rd guests for a half hr before going to bed

C-3-A-1 (85)

Monday, 29 Aug - I
I decided to give us 2 half days off to
make up for being late in - we had the
apt off today and out to get the morning
ton off the rally

We had bkfst (doughnuts & coffee) at the
usual time

Had the news items on the libr. board
Talked w/ Lois - I had to turn in a
statement on the Admin. Ed Dept about
the personnel, hrs of work, classes
taught - wh skills whether or not
related to teaching - I turned this in
today for both years - in addition I have
to turn in a weekly time sheet for my
staff but it is less comprehensive than the
one I used to do - I had obtained the
forms & directions from Jean McLean

I have made plans for the Russian
class in which a no of us wish to study
the lang more intensively - I have
collected the names of some 126-15
people who have some knowl or interest
& have set to work on Su as the first
meeting

Had our final entries

The children were out of the sch area
at 12:00 for the rest of the apt - I th the
map meters up & spread them on a table &
while on the beautiful ones - I was still a
beginning making them fit & at one pt
(08) C-3-A-1 (86)

became very disgraced - however, Lois who
had been teaching news came over & 2 very
Eddie was there too - together they helped
me - Lois is particularly good at patterns &
with her skillful eye, the map finally went
into better shape - I still have the countries
to redraw

! The shower

X Went to dinner

M Estelle McCall moved to our cottage - she
told me just days ago that the girls in '48
were too much for her - she complained
frequently of the noise at all hours - she
brought much luggage which causing Edith
some dismay

Went to the pavilion & the news down -
the gathering and was so noisy that I
sat on the platform to hear the p.c. system

I wrote an announcement about the adult
riding class planned for W eve, checked it
w/ Lois, & gave it to Mike Clark who
was going to announce it - However,
altho Mike started to read it, Harriet Tropp
came in & asked coop in assembling
order to aid in getting the Bar Assoc.
To cancel Tim Steens membership on a
charge of perjury - he sd in court that
he had not given legal advice to the
members - I when he arrived, applied

more - all who had ever read any
advice or any other legal serv. from Tim
or knew of any leg serv he had per-
formed for the TC were to put their names
on a list & wd be called to give affidavits -
workers came around to get names & I put
mine on as I remembered in which C.
Jackson & I had requested At's help w/ regard
to NCO's efforts to let me go - also I want to
ask about any possible that he may have kept
any of my gnl I turned over to him or
used it for any other purp - I also remembered
& told Ch, that I had I had made At the
beneficiary of my will on instrues from the
TC

Robert Big, who had written a ltr to J,
which was read aloud over the p.c. system
earlier, sd he had had most of his remarks
deleted w/out but he wanted to gnl. for having
given false info about Harold Bogue - the
ltr was about questionable practices at the
checkery - I added that he wanted to
encourage people to write any complaints &
observations; Big was to be praised for
doing so

The socialist tests were graded at the beginning
of the meeting - I waited for a while to see whether
my announcement about the eve. reading class would be
read & I would have to take notes - I then
got some papers from Tropp and marked them both
while I administered the written test - at the
end of this, he gave an oral test to those
who hadn't had one - I don't take the test

I went on w/ Russian instruce. & I ^{stood} on
the platform to help - he indegately rehearsed
the membership in practicing the alphabet,
Russian names & geographical names and
English Russian words which are similar to
English words

When we were finished w/ this, I continued
w/ the tests w/ grading the tests

sev. discipline cases were brot up - Robert
Paul & his companion were chgd with the
taking unauthorized time off of work &
working for each other

(over C-3-A-1(89))

had been read
A note from Jerry Wilson's mother saying
that info she had gathered showed that
she was not guilty as charged previously she had talked
w/ Patty Dennis & rfd Patty sd she had
flirted w/ him - a note from Tommy Bogue
stated he felt Jerry was not guilty - in the
first instance I sd Patty was child & not
competent to state what she felt - heo. it was
wrong to put the child through the public eye,
ignoring - interviews w/ Tommy & Glenda Polite
revealed inconsistencies - the sit remained
as it was b/c etc that Tommy was disciplined
because he had not been willing to get up on
the floor when Jerry was up & that jury find him
guilty of groping & threatening to hurt birds - he
got kicked out of PSU

11/2 led to a rehearing on this subj.

Cons. was given to the terms of those on
P.S. whether they were to be dismissed or
could on the what

If th a note on whether people wanted of Tom

I asked for the Roberson records which we
have obtained to be played at the aud. files
out - they were reported missing - some one
had told them - it was feared to run for
recording their own music - I angrily demanded
that all cassettes be turned in and people that
request what they want to hear - 1-3-4-1 (90)
I got home & went to bed about 2³⁰

30 Aug - W

Got up at 9³⁰

Checked the ^{news} on the board by I had left - by the time I went for mine at 10³⁰ the pencils had run out again & our names were listed to get them too.

Wrote more of the big type news, then ate a my meal - lunch was not served. Then a shower.

The people who agreed to sign affidavits that Tim Stoen had given them legal advice were being called to go to the pavilion & talk to the attorneys: Eugene Cheekin, Harriet Tropp & Jann Hurwich. I got my call & was interviewed by them - more than the advice Tim had given on the NCO (North Coast Opportunities) employment case. He was intrested to know if all my intimate case w/ him he had ever talked w/ me about the case - I did not recall that he ever had - we discussed thoroughly my relationship w/ him - one other matter I mentioned - I remember signing a will at the Feb request deciding all my property to Tim, so, as I had, the Feb had received it rather than my relatives - as far as I know this will is still in effect.

Went to dinner

Sat in the pavilion until the six tables were scheduled for 7⁰⁰ o'clock - very few came.

(-9A-1 (91))

to this meeting which was for the purpose
of assigning teachers to the after classes
which were to start then - I thought it
was decided that 2 of us wd teach
each of the 3 hr class - I started the
first hr w/ Robert Rankin - he has a ten-
dency to take control & lecture way over the
heads of the class & I interrupted him
several times (I find the next day that only one
teacher was paid to teach each hr)

Those who attend my class & Lois's were
excused

My dress was ruined by Laure Johnston - I went to
the ^{5th} level, all the nuts on the boards
then went home - the lights were out & I
took w/ Betty and Mary Conde in bed - I
turned them on the lights on & sewed on my
shirt - I don't tell the time & had to guess
at it as Edith keeps her clock behind her cur-
tain & Betty's clock doesn't run well any
more, & mine has not run much since
I dropped it one day - at one pt. which I
later find was 10³² p.m. voice came over the
loudspeaker - it seemed that the potatoes were
taken had dismissed the classes early &
some of the class members had complained to
I that they were paid to have 3 hrs. instruc-
tion & didn't get it - I supposed that Laure
had not been relieved & had closed the
class

(-3-4-1 (92)
Went to the bathroom - I asked Lee Burger
Dean who was a person. When time it was -
she sd she didn't know but that it was about
10⁰⁰ or later - I went to bed but later heard the p.c.
announced that it was around 12⁰⁰ so I had gotten

To see Laure after 11³⁰

31 Aug - Th

I had been esp. tired yest. - slept soundly but was still tired today - have had a very tight schedule lately - got up at 7³⁰ - went to bkfst, on the way riding the news on the boards which I had not been able to see clearly the night bef & taking notes that I needed

Had my blood pressure taken & my foot treated - have had a little trouble lately w/my athlete's foot prob because of the humid weather - it is never completely cured & breaks out again every now & then

Came across Lois who seemed disturbed but I can't find out what was the trouble - I took to the sch off a list given to me in the rally of people who need extra instruction in multiplying & dividing - I had discovered that many did not understand these operations - they told me that Joe was disappointed w/cottage 48 too - I left a msg for Tom on the Su Russian class & sat one for Sylvia Sly (formerly Shubbs) to give to Dr. Schacht on the class - he has good Russian pronunciation, prob. was raised in a Russian Jewish family - I have now spoken to almost everyone who had

(over) C-3A-1 (93)

expressed an interest in learning Russian
I wrote senior news for an hour so -
I have had to do it in handwriting this
wk as the electricity is off during the day
in the cottages & I can't use my typewriter. I get
it done almost as fast.

Went to lunch

As expected, a no. of new people came
in to Louis & my class as I had especially
designated them to attend our classes when
they failed the soc. test - Louis & I agreed they
shd be assigned to our classes on the basis
of their prev. ed. in general & it seemed to
even out fairly well - I asked my class to
vote on whether we shd concentrate on
news, news or a combination - they
voted for a combination - we studied the
Bks & discussed the story we had read the
other day - quite a few got on their feet & told
their pers. views & offers - Brother "Red" (James)
Edwards who is in chge of a new device
instituted by J to make cert that people learn
(to get their plate at meals they must answer
a no. of polit. questions or say a phrase
in Russian or Chinese) came first to the class
to illustrate a method for improving their
memory - he drew diagrams to show China's
prev. doctrine of the Third World - the class
enjoyed it -
The day in the beginning was hot but rain came
later - (AE) (cont) C-31A-1(94)

31 Aug - Th - 2

Took my shower

Wrote in my journal entries, then on the time
left for the Abbott Ed Dept.

Went to dinner - we had chicken & dumplings
w/ fairly good-sized pieces of chicken.

Guests & new arrivals were expected - the
band was rehearsing for entertainment & tapes cd
not be heard in the pavilion - I went to the lab
& copied news from the boards.

There was another showing of the Harlan Co -
film which I stayed to see.

Caryn Lomen asked whether I'd ^{wrote} ~~write~~ a
couple of these - one was to a doctor from Fla, a
cancer spec. who visited us - he now has
cancer him - I was to write a short letter to him -
another was to be written to Harvey Milk, SF
supervisor who is a honoree - had ^{companion} of
many yrs committed suicide - Milk ^{met} ~~met~~ came to
Jonestown.

Had a conversation w/ Joyce Lead who was writing
news - she ~~asked~~ ^{told} me of Lois's distress today -
she told me everybody had trouble w/ her in
the med dept - she is very dominating - she
had been told not to get into the nursing
dept again - Joyce said she got home from the front
& started home - got undressed, went to the
bathroom - when I ret'd I learned that everyone
was being ordered to come to the pavilion for
the entertainment for the guests & new
arrivals - everyone was mad of the people in our
cottage were in bed - I went to bed prepared to
