Dear Ranch Folk:

Hi everyone! It's been another great day in Jonestown. We have some rain now but it doesn't hamper us much just quick hard rain occasionally. Every thing is really green & lush.

Well everyone is blossoming here, of course thanks to Dad. Kim little Bippy wants to write to you and I'm going to help her at the end of the week. She is doing very well in school is alert and sharp, she has a really sweet smile. She would like a picture of you she said so try to send one ok? Juanita B. just said to say hi to everyone there. It would be nice to have some pictures of all of you there, it is really a pleasure to receive your letters also even though Kim has a broken hand huh? I know you all must be very busy there so I surely understand that it's not always possible to write. Here we have had a big craze going on to make little pillows from scrap materials. The children are getting a real bang out of sewing especially the boys. I make them do it themselves so they won't be dependent on us sisters. We have women's

liberation meetings now for men + women
separately they can be very enlighten-
ing I know you sisters would enjoy
them, maybe we can get these brothers +
sisters enlightened. With the news we
are becoming aware of we will all be well
informed and liberated people.

Clare, Daren may go to Georgetown
on the next trip to see Richard, Dad had
stopped by the animals a few days ago
+ told him + Mavis they could take turns
visiting him so Daren's trying to arrange
that now. I wouldn't mind seeing him
myself hope he can come out again be-
fore too long. He does a tremendous job
on tour Dad really depends on his skills
we received some of the films that Don, I
guess has taped on that new machine,
they are really great + the children love
them all I can say is more, more, more
hope a lot can get done before they come
down for a visit. Well I'll close for
now + hope everything continues to go
well for all of you there. Dad really
appreciates all of you a great deal. I'll
write again soon. Oh yeah, Ellen does P.E.
for Jr. High + Elementary, she's doing a great
job + loves it, surprise huh? Warmest thoughts,
Marlene
