CHILDREN'S HOME

Here are just a few of the many children who live in the Children's Home, which is situated on forty beautiful, productive acres beside the Russian River.

Hi!

Familiar place huh?
Many years when I
spent there and

"Suffer the little children to come unto me,
and forbid them not: for of such is the
kingdom of God." Mark 10:14

many lessons were learned by all.
Hey, the other day Jeff, Darrell, Chris,
her companion Ricky and several
others plus me went down to a
place up the road where a small
stream runs by. There's a long
vine that we can swing over the
stream on and when I got on it
and swung out yelling whoopee I
thought of you Clare. It sure was
fun & the children love it there!
You said you could hardly wait to
swing on one, I could just see you
swinging through the air! Got your's
and Curtis' letters, he sure wrote a
lot it was nice to get so many kps
you should see Rose M. she has really
gotten smaller, as well as many
others on these delicious low ca-
lorie, high protein foods. We had

Some cookies the other day that tasted
like oatmeal um good! Tonight we had
peanut butter fudge that melts in
your mouth! The vegetables tonight
were great mixed pumpkin, squash,
egg plant, lima beans corn, okra. It
is so good everybody love them, you
should see the children eat them up!
There's a lot of fresh fish coming in
soon & its great when they smoke
or fry it, looking forward to that!
We sure eat good! I'm sure you'll
all lose the excess weight easily
with this healthy diet, so relax and
enjoy yourselves. Dad cares for
everyone there very much and is
always thinking of you. Rob said
there was an offer on the ranch
again, I sure hope it goes through
as I'm sure you are! It looks
like you're getting closer to us
all the time. Also heard the Con-
tinuum may take a crack at reu-
niting the place, they can have it
huh? Hope it all works out soon.

The boat, big one came in

tonight, and they're going to start to unload. Richard is supposed to be coming in along with Curtis & several others. I just now found out from Rita he was here it'll be good to see him. I know he'll be glad to get here. We can hear him sing his songs. Bonnie S. has been waiting for Carol & will be very happy to see her.

Well everyone here is doing well. Billy, Jeff & Daren were the top junior high students in the testing of achievement we did. Billy was at overall 11, something Jeff 10.9 Daren 10 something but in that order. Billy ran around 11 on all areas, Jeff was 11.5 or so in all language area but went down to 9 or 10 in some math skills. Daren ran high in language arts except a couple of skill areas. Anyway all are exceptional. 3 grade levels ahead so they'll all be going on to high school in

September all grades are changing to conform to Bayonet education. Jeff really surprised his teachers being so high, he still wants to be a doctor, Billy I don't think knows what he wants + Darren, I think, wants to be a veterinarian. He is so much more outgoing than he used to be speaks up more for himself + never is depressed. Mauri has spent several weeks in Georgetown traveling around with Richard and having, I hear, a ball. She's been getting information on small animals + zoo's. So she's happy as a lark + was supposed to come in on the big Albatross. Pippy is doing well in school, she picks up fast + is co-operative. She leads the opening of class on "her day" and is learning to speak up. I hear Preston sent you a picture of them recently. She's very happy and asks about you. Ron's just got a picture of the "3 musketeers" Gabela, Kim + Chris, I'll have to look him up. Hope you're all doing fine. Sure Dad is keeping you all going.

Strong. He makes a way for every one. How is See doing? Will

is doing fine of course, he likes to discuss "the news" with Pat. He's a real winner. I say hi to David for me! Pam is working in the field part time & doing nursing aid some. She has ~~lost~~ lost most those extra pounds & looks a lot better! Tomk is helping teach Danny & does well with him & the others. Danny is as bouncy as ever & progressing along well. Hear that Don may be seeing us soon, we're looking for him to join the school soon. My class is progressing well & I love it, I may expand soon into more specialized teaching when ~~Samuel~~ Don & Carol get here. In the mean time it's exciting & enlightening to me & I under-

stand what it takes to teach
school, good ol' lesson plan!
I hope I haven't forgotten any-
one it'll be nice when you all
get here I'm sure you'll agree.
I know you're all working
hard there and Dad appreciates
it. We have so much to be
grateful for it is so beautiful
here. If you can send as much
stationery + envelopes for letter
writing as you can get + some
head scarves + large barretts.

Anyway hope everything goes
well there, we are always
mindful of those back there.
Write as soon as you can Jeff
got his card and looking for-
ward to seeing Jenny. Oh by the
way I now wear a size 8 pants
but most of mine are 10 and fit
like a sack, I sure would appre-
ciate a closer fit. Well see ya
later
