

THIS IS WHAT THE EYEWITNESSES SAW JUST MINUTES PRIOR TO THE ATTACK:

Look at the center back part of the photo extraction above to locate the real Massey Ferguson 178 Jonestown tractor-trailer. It was parked under the left white flap of the small blue plane on the edge of the airstrip. The camera was on this scene for a minute and a half with this vehicle just sitting there **IN PLAIN SIGHT**.

Also note that the tractor driver was apparently white. Eyewitnesses agreed that it was white, fair-skinned, blond Stanley Gieg, which we will again cite when we get to the eyewitness identifications.

THE TEMPLE TRACTOR-TRAILER HAS BEEN IDENTIFIED ABOVE, PARKED IN PLAIN SIGHT. NOW WE WILL SEE WHERE IT WAS PARKED IN RELATION TO THE DEPARTING PARTY..... (see 3)
