

## FOLLOW-UP QUESTIONS

### DID NO ONE AT JONESTOWN EQUAL THE HEIGHT OF ASSASSIN 2?

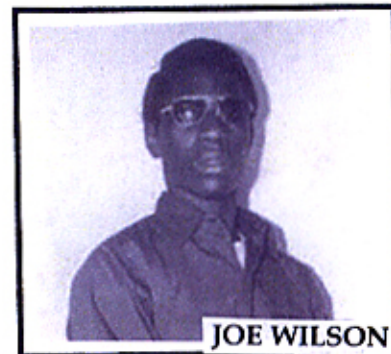

No. The tallest were Stephan Jones (6'5") in Georgetown at the time; and Jim McElvane (6'5", right) filmed just minutes earlier seeing off passengers in civilian dress.

### BUT WEREN'T THERE OTHER TEMPLE MEN THAT SURVIVORS WERE "SURE" WERE ASSASSINS?

JUST TWO AND FOR SUBJECTIVE REASONS: *TOM KICE*, FELLOW GUNTOTER WITH *BOB KICE*; AND *JOE WILSON*, ACCUSED OF HAVING SLIPPED *LARRY LAYTON* A GUN:

*TOM KICE* was ruled out for the same reasons as was Bob Kice; not short enough (Assassin 1); not tall enough (Assassin 2); no curvature of the spine (Assassin 3.) *JOE WILSON* was a black man, described in the FBI report as six feet tall and dressed in "jeans and dirty shirt." Assassins 1 & 3 were white. The race of Assassin 2 unknown, but Wilson was hardly seven feet tall or dressed in green military camouflage!

JOE WILSON

### WHAT OF THE OTHER THREE ON THE SCENE, REAR GUARD 4, 5 & 6?

This was a sudden, swift, brutal, professional attack. The Congressman was killed within seconds. There was no second wave of attacks and no need. Soldier 4's function was *diversionary*, firing into the air while the assassins disembarked at the other end. Soldiers 5 & 6 are not yet grounded nor firing weapons. It is unlikely they fired at the victims at all.
