1978. Jonestown. A religious congregation, led by its charismatic leader Jim Jones, move to the remote jungles of South America to build a utopian community. From the creators of *The Laramie Project* comes this world premiere production combining interviews from survivors and family members with live gospel music to tell the untold stories of a community that dreamed of a better life and its shocking demise. *The People's Temple* features an ensemble of actors from New York, Los Angeles, and San Francisco, joined by Perseverance Company Member Ed Christian. Audiences will have the opportunity to see the play evolve with new material added each performance. You don't want to miss this landmark production!
