Mr. Richard Bandettini
2908 Fulton Street
San Francisco, California

Dear Mr. Bandettini:

Mr. Melvin Lowery has informed us that you are his probation officer, and that his case comes before you for annual review in June. Mr. Lowery's mother is a member of our church, and it was with her help and suggestion that he came to us several months ago for counseling and volunteer work with our program. We have offered services for several years in various areas including carpentry, printing, and auto mechanics, and have found this an effective way of contributing to rehabilitation for people in such situations as Melvin. Our church membership is quite large, and we have found that to support its programs takes a lot of cooperative effort; the training we provide mutually profits both our work and those persons like Melvin who might be on probation or parole or in need of a positive, productive environment. There is no financial requirement; we are a nonprofit corporation and all work that comes our way is volunteer.

For the past several months, Melvin has worked under the supervision of a member who is an associate minister as well as a master craftsman in construction and carpentry. Melvin responds well to such training and attention; and he gets along well with his fellows, many of whom are of the same age and background. We have welcomed Melvin into our fellowship and are most willing to continue such an arrangement as long as

he is willing. He has mentioned that his probation will be up in October. We would suggest that you consider possibly terminating his probation at an earlier date, considering his present positive involvement.

Sincerely,

NOTES FROM MEETING W/ CHARLES 5/7/78

1. To our question about stopping press from reporting one-sided story about TOS in LA - he asked "What we threatened to do and actually do are two different things, right?" Said if we write or call them notice, they will merely print it and make an issue out of it. What we are overlooking is that initial charges made in Nee West etc. have since dissipated. All TOS is doing is rehashing. For us to go after him like that is a waste of time.

2. His most cynical ~~xx~~ analysis: As a criminal lawyer, would not admit a goddamn thing. Denounce all of it. If it becomes a courtroom thing, it is simply not true. He said something unrelated to that, but not that. Deny whole ting, since it is crazy and stupid.

Right. Wait the people out.
3. ~~Rex Maciania xxxxxxxxxxxxxxx~~ Re. compensating the relatives for the equivalent amount: Do it. Would not be opening pandora's box for others to do the same; ~~xxxxxxxx~~ he asked Mac would we have to put out much if everyone in the same situation demanded something back. Mac said at the most \$148,000. Eric said "I would not let \$148 interfere with what we are doing." So reimburse relatives in full. And any other's who should ask, tho he doubts they would.

4. Re. transfer of Richards' to Flo etc: Only if bonafide deal, through title company and realtor and loan and fair market price. Ed could not help out because of fiduciary. Would want built in protection incase one of the recipients should die. Said that kind of thing is always difficult because it is pierceable. But if we could figure out where the initial down would come from, then he might be willing to work on it with us.

5. Asked point blank how much did Dr. Estep ~~xxxx~~ himself do that was underhanded? Said in case our hero has ~~been~~ an accident, he would without a doubt have documented everything. That would be opened on Eric's demise, and a cross examination of the Dr. Estep in a court would be more ~~xxxxxx~~ advantageous than having whatever he had documented unsealed. Said that was for the record.

6. Said re. criminal charges on Rita, then the ~~xxxxxx~~ Rex would not necessarily cease to function. We pointed out relationship to Jose and he said what about the other minister. Would still function.

7. Wants indepth from Bernanrd about George. Things that is the way to go. How is he earhing a living? Circulate the Ukiah Daily Journal article around showing his affinity and praise for Henderson. Take ~~xx~~ copies to LA incase he comes out there "This is what I think of Henderson," by George. Also, tell how we gave 5 to his assistant and how he used it. Try to turn the people around who are listening to the creep.

8. On the Asian: It is on appeal. He did not say how or when he learned this - just said it in response to my question would publicity in the South stir this matter up again. He said it was on appeal by the AG, and that the many out of the office who is doing it views it as merely procedural -- does not know any of the parties involved. We asked if Dr. Short might have had something to do with that, and he said no, did not think so. Said he feels the supporting trials lawyer has a strong position/ we based our actions on their fuck up and so it shall remain. Said the

B-3-d-4

other side will do an opening brief on their appeal and he will respond in kind.

8. We asked how to catch up to Dr. Estep. He said if he were ~~making~~ taking a case against Rex, then we could. I asked what if ~~he~~ were having one of his fellow attorney's do such a ~~xxx~~ thing instead of himself. He said, that would be hard to prove. Mentioned that there is such a thing as champerty. That Dr. E. is soliciting clients. Asked exactly what was going on in those meetings. What Mac relayed made him think this champerty would be a possibility. Wanted the tapes and personal interviews with the people who attend the meetings. This could be subject to bar discipline.

10. Said what bothers him about the course of Dr. Short is that he is not saying anything about the things ~~xxx~~ he really does know. Did not elaborate for us on that, but made a Lucinda gesture. Said a desperate man might do something, and urged us not to provoke the situation.

It's not a bad idea but we should be careful
11. Made the suggestion that we tell the media that the project will take any 5 relatives at some time, at one time. We will host them as guests, let them be one week there with relatives. Have an intercessor there, an objective party. Said he did not think they would have a ~~xxx~~ leg to stand on in no time. Also did not think that anyone but friendly people ~~whom~~ would take us up on it. This is his great ~~xxx~~ solution.

12. Wants stuff on George, including names of people at the hospital visitation meetings, any insinuations, ~~xxx~~ information about any and everything. Says to study the articles in the UDJ. This is very discrediting to the fool. *What a disgrace*

13. Re. Mrs. Davis: if there is a press conference in IA, then send Mrs. Davis. He arranged to meet with her and Nancy Monday. Said it would be ~~xxx~~ good for her to meet the press.

14. Re. passports, they were given to us in trust to take care of. Keep those we cannot find owners for. It would be negligent to do anything other than keep them safely.

15. At first did not want to get involved in "dickering" with Melanie and her relatives. Later agreed to let Rudy go ahead and try, on behalf of Melanie. Said we should have them sign full and complete release of all claims against anyone on receipt. Tell them how good they are, how much Hill ~~xxx~~ thinks of them, that their comfort is his desire etc.

1. Writing to the newspapers, or calling them, re TOS "participatory malignment" - results in publication, calling attn to the facts. We cant afford a libel suit, Chaikin knows that. The initial charge has dissipated, TOS is just rehashing. We shouldnt spend time fooling around with this small stuff.

2. Melbooks - hesitant to say anything to all of us together, but eventually said, he would deny everything, on the theory that the reason we deny is that it's not true. He sees no way for them to get criminal charges against us. The alternative is to pay them off - he sees that we think this will open up a pandora's box, but he doesnt think it will. He says pay off dollar for dollar, with a specific accounting of what's due, according to escrow disbursements, taking into account ~~that they~~ that ~~they~~ we put them up in rent free apartment for such and such a time. He at first disagreed completely with idea of paying off in \$1000 installments, later modified that. But he also feels that we should pay off any others who might come along with the same demand

Ranch transfer - do a legitimate bona fide sale with unrecorded option to repurchase within 5 years. Where to get downpayment? -- "that's the big question."

same i > ed.

Libel suit against TOS - doesnt want to do any civil suits, because that brings upon us right of discovery by defendant, in other words, they can subpoena our records, they can hold depositions and get on public record ~~and~~ their questions and our answers; whereas, in criminal actions, we have the right to remain silent. If criminal action is brought against us, we do not have to answer questions, we do not have to produce. He will not bring any civil suits. He does not want to file libel suit with Marcelline as plaintiff, or anyone else. Questioned re service of criminal warrant if we are charged with criminal suit, he says who cares, there is no extradition proceeding that Guyana will pursue.

5. He likes the idea of Yvette's mom telling her story to the press, will meet with her, and would like for her to be present at any LA press conference. If TOS holds press conference, we should be there, and we should pass out copies of the Ukiah Daily Journal article that TOS did in which he came off prising us and JJ.

6. LA Quan case - The Attorney General has filed appeal; the next step is that the AG has to file an "opening brief" giving his reasons ~~and~~ for filing appeal, then Eric files a "reply brief" and the thing is considered again by the Court of Appeals - this is ~~the~~ the briefs are read by the court and then an opinion is issued. If it goes against the AG, he can appeal to the California Supreme Court, and then on to the US Supreme Court if need be. Eric did not think TOS had anything to do with

Statement about Birdie Marable, from Millie Cunningham:

I used to stay at Birdie Marable's from 7 am until 2 pm twice a week for free. These are the things I observed_____

The patients would beg me to clean them up. I spent all the time doing laundry and cleaning up.

Janie Brown--- She couldn't get up at all, her legs and feet were swollen so badly, she had bed sores out of control, just from the filth. Then she had her leg amputated (her right leg) for diabetes, but the Dr. said that she didn't keep it clean.

Ella Mae Hoskins--- Birdie turned Ella Mae against everybody, she'd cook pies and fill the patients up on sweets. Ella was diabetic and the diet wasn't followed at all. She later had to have her leg amputated too. Ella wanted to move, and even told member Robert Johnson once on the street that she wanted to move out badly, but Birdie wouldn't hear of it.

Birdie lied about turning over all the money to PT. She never did that.

Victoria --- Birdie finally brainwashed Victoria not to even let her great niece Velma Darnes visit her-- Velma being a member of PT.

Mother LaTourneau---Birdie took alot of money from her, and took her car too. She treated her like a dog.

Statement about Birdie Marable from Fannie Jordan

I am a senior citizen 63 ys. old and I am a member of Peoples Temple. Pastor Jim Jones is my pastor. I have been a member for over 8 ys. I have never I mean never known him to hurt anyone. I know because he has taken me in. He has helped my daughter with 9 children who lives in Louisiana when the Welfare cut her off. He helped her with her children. He has helped people all over the nation, given thousands of dollars to keep people out of jail, who were strangers to him. He took in orphaned children, sent them to school, took them off the street. When the other people wouldn't take them in, and when they were a shamed of them, he too them in. He took in senior citizens when their children were tired of them, and had sent them to homes and forgot them, he had so much love and concern and compassion for the others. What made me so angry when I saw Birdie Marable lie, and the others, that you all take for granted that she was telling the truth, and I wanted to tell you what I know about Birdie Marable. I lived with her long enough to know what she is. I can't see why you all can't see what she is doing. She's taking money from seniors. She keeps drinking and she won't half feed them. She starved Truth Heart, the old lady, to death. She died because one sister wouldn't take her to the doctor. She had a sore on her leg, she did not take time to take the to the doctor, or see that she took medicine. She bought the food as a front, so they would say that she did feed them. Then she would give a piece of watermelon and a sandwich, even when they said that they didn't want that. She'd cuss them out then, and tell them that they wouldn't get anything. They were afraid of her. I have found pints of gin. She would be drunk and they would tell me about how she would do when I was gone. The name of the one dead from starving was Truth Heart, the other one was Ella Mae Hoskins. She had to have her leg taken off. Ella Mae told Robert Johnson to tell Pastor Jim Jones to send and get her. She was being mistreated by Birdie. ~~She~~ ^{She} didn't want the seniors, she wanted the money. It wasn't my business, but she was licensed and I had to tell what I know. Janie Brown's bladder was weak, and she would wet on herself. Birdie wouldn't clean her room, and it was stinking so badly that you couldn't go in the room.. Harvey Lawson was a senior who Birdie let wander around the street. His mind was bad and people had to bring him home, he'd go downtown and get lost. Someone would have to bring him home, she didn't miss him.

Keep this for discussion

5/1/78 Conversation with Marshall Swartz; June & Jean

June: What we were interested in was basically the first and second letters that came from the IRS - we remembered, and we had talked to Mr. Chaikin overseas about it also, we kind of conferred on it with Mr. Bentzman, the attorney up here. One of the original ideas that came out from all the discussion on this was that it might better off if we just did not comply at all in the beginning, from the beginning on.

S: We had discussed several alternatives.

J: What do you think - I think in the discussion last week we had reached kind of a consensus on responding to the point of sending them our Articles and our Bylaws, and not going along with the financial statement, but going halfway so far. We were a little bit worried about even complying in the slightest, considering the pattern of harassment that's been going down, and we wondered what would be your opinion about if we just simply refused to comply based on that idea of harassment. Does that make any sense?

S: What you're saying to me makes sense. We had discussed two alternative solutions. We could take the hardline approach and not comply with this letter, which would force them to subpoena the documents, or we could in effect censor their request to decide what we felt was an appropriate request and what was not an appropriate request for the normal purposes of the Internal Revenue Service. When Jean called me last week, I assumed that everyone had discussed it and come to the conclusion that they wanted to comply with at least this letter, which seemed to request appropriate materials for an IRS purpose of examining the purposes of your organization to determine whether you qualify as a 501(c)(3) organization.

J: Okay, I think we had also reached that point, but then we're a little bit worried about complying, basically because there was an article in a newspaper one of our members saw, it was in the Boston Globe, about an exIRS agent who had said from his own personal experience that the worst mistake is to cooperate and rather you should not comply from the getgo because if the IRS is looking into you at all, they do have a case, or they're assuming they have a case; it was that and some other discussions we had

S: Well, wait a minute, I think we have to distinguish several different types of things. Now there's one situation where you definitely do not want to comply at all, and that is where a special agent is involved which means from the beginning that they are looking to charge you with fraud or some criminal activity. At that point it immediately becomes a criminal matter, and you exercise your right granted under the Fifth Amendment. If possible, you do not disclose anything. Corporations do not have Fifth Amendment rights, first of all. Second of all, this does not have any indication that there is any type of criminal activity suspected.

2. 5/1/78 Conversation with Marshall Schwartz

J: I think our hesitation is that if we comply in the beginning like this, and show a willingness to comply, does that somewhat open the door so that it just gets wider and wider and they keep on getting more and more into it?

S: Was this the 2nd letter?

J: The second letter is basically the same as the first letter.

S: Does it say you didnt respond to our earlier letter?

J: Right. The questions are basically the same. In preparing a formal response; I mean we can send in delaying responses so that ~~we~~ they know we're responding but we're not actually supplying them with anything, but when we come down to the point of determining whether we want to supply or not, we're hesitant to even send them the Articles, because for one thing, Tim Stoen has apparently gone to our denomination and made accusations as usual, but then he's also told them he's gone to the IRS and they will be publically exposed if they do not, they will be embarrassed if they keep us in the denomination.

S: I get the point that you're making. Let me consider what you're saying. Last few times I've given the alternatives but I haven't been asked for my recommendation necessarily. Let me consider this overnight and I'll give you a call tomorrow.

J: I'm wondering possibly if we had our attorney up here, maybe he could call you and talk back and forth about it. Would that be okay with you?

S: That would be no problem with me. Okay, let me think about it overnight and I'll get back to you tomorrow.

J: We're mostly in favor of not complying but we don't want to get in a fix where if we don't comply we end up in more trouble than we need to be, and also we're wondering if we do comply to the point of just giving our Articles and Bylaws, would that head off the national level audit?

S: There's no guarantee. I can't guarantee it will. It could if they're satisfied with the material you're submitting. I do know that there are areas of charitable organizations they are auditing so to speak more. Now whether this came up in a routine manner or through some other means, we can only speculate.

J: I rather doubt it's normal.

S: Okay, let me consider it overnight and I'll give you call back tomorrow.

J: Okay, I think Jean has a question...

Jean: If we do give some documents, does that give us less credence later if we want to maintain the request was based on harassment, that their inquiry is based on harassment? If we do comply to some

B-3-d-8

3 5/1/78 Conversation with Marshall Schwartz

certain extent and then say, I'm sorry, no then why didn't we maintain that from the onset.

S: I thought from the first time that we talked when you were down here, you were going to write them a letter requesting the reason for the audit. Did you do that?

Jean: We've had some verbal communications back and forth; we haven't done that formally in writing, no.

S: What was the response:

Jean: Offhand, the response was publicity.

S: What do you mean by publicity?

Jean: Well, we've been in the newspapers a lot, say from about June, or July

S: So the IRS responded that you've reached the public limelight and now we're going to look at you?

Jean: Yeah, that's what our attorney here, Marshall Bentzman; he talked to the guy whose name is on the second letter. He told them that we really decided not to comply because we thought that the inquiry is based on an informant. He kind of pressed him a bit, and finally the guy said, no it's just on publicity. That's what the IRS agent told our attorney here over the phone. That's never been formulated in writing. But we haven't pushed it in writing. I would think that would be something we would want to do, demand that kind of response.

S: Let me think about this overnight. I may talk to Mr. Karno about this.

Jean: Maybe you could call back and give your answer to Mr. Bentzman, maybe that would be the thing to do. What time do you think you'd be calling, I'll try to be on hand

S: I really couldn't pin it down to an exact time. Why don't I give him a call

Jean: We could make an appointment and meet there, that might be the best thing to do, to have us there in the office when you call.

S: Why don't you let me talk to him and if he feels the 3 or 4 of us have to get together in a conference, we'll set that up.

I feel our best bet is to send the Articles, Bylaws
to I.R.'s & revised minutes (approved by Secretary) provided
we get an opinion from counsel that this will in no
way be a waiver of any right we may have to submit
further data based upon harassment. E.D.

I'd say make them do the work & not give it.
(But I don't know what the legal ramifications
would be.) ~~the office~~ Sarah

INTRA-DEPARTMENTAL MEMORANDUM

POLICE DEPARTMENT

TO	DIST. BUR. DET. Property Crimes Division	DAY & DATE Wed 06/29/77
CLEMENT DE AMICIS Deputy Chief of Investigations	SUBJECT: Attempted Burglary at New West Magazine Office, 325 Pacific	

Sir:

The following is the body of the supplementary report as it will appear when entered into the system. I have reviewed the investigation and conclusions arrived at by the members investigating and concur with them.

On Friday, 06/17/77, Mr. Tracy of the New West Magazine was notified by his secretary, Kathy Whelan, of the damaged window lock. Ms. Whelan said the window was down and the lock was in place although the slide bolt was broken when she first noticed it. When Officer Duffy of Central Station arrived, the window and lock were still in the same condition. Officer Duffy was told by Mr. Tracy that nothing was missing from the office. Mr. Tracy further stated that one or two of the folders in a file cabinet containing information on the Reverend Jim Jones appeared to be an inch or so higher than the rest of the folders. After inspecting the premises and interviewing Mr. Tracy, Officer Duffy concluded entry had not been made.

On Monday, 06/20/77, Inspector Evans of the Burglary Detail, responded to 325 Pacific and conducted the follow-up investigation. After inspecting the premises and interviewing the concerned persons, Inspector Evans also concluded that entry had not been made.

On Monday, 06/20/77, Inspector Michael Byrnes of the Crime Lab responded to 325 Pacific. The window lock had been removed and replaced with a new lock by that time. Because of the time lapse, physical condition of the building and the number of persons that had visited the scene, Inspector Byrnes was unable to determine if the pry marks on the window frame and sill were of recent origin. After being given a description of the position and condition of the window lock, Inspector Byrnes concluded that if entry had been made the lock would have had to be pieced together after the window was closed and the exit made through the front door. It would seem logical that if someone made entry and pieced

the lock together, they would also have made sure that any folders they touched would have been returned to the file cabinet exactly as found and not an "inch or so higher than the rest of the folders." No other files were disturbed.

The only useable physical evidence were palm prints and fingerprints located on the outside of the lower windowpane. A search of our files was started immediately. Meanwhile, fingerprints were requested of all the New West employees to determine if they had touched the window. On Friday, 06/24/77, Mr. Jon Carroll of the New West Magazine, responded to the Hall of Justice to be printed. His prints matched those found on the window. Mr. Carroll was interviewed by Inspector Evans and stated he had been working late on Monday, June 13, 1977, finishing an article for the magazine. He went to the men's room and locked himself out of the New West office. He then proceeded to the third floor and located Mr. Tom Cook, Sedway and Cook, who suggested he use the fire escape to get back into the office. According to both Mr. Cook and Mr. Carroll, Carroll went down the fire escape, found the window unlocked and let himself into the New West office. This accounts for Carroll's prints being on the window.

From the indentations on the window frame and sill, it is apparent that someone used a pry tool on the window but it cannot be determined how recently.

It is the conclusion of the investigating officer that because of the lack of physical evidence entry was not made to the New West office between 06/16/77, 1830 hours, and 6/17/77, 0900 hours.

The investigating officer recommends that the classification of this remain as an attempted burglary.

Respectfully submitted,

John A. Mahoney

"We forget -- or we fail to consider -- how rarely is known the full story behind an attack on an official, behind what the media chooses to present to the public, what the officer or agent chooses to present to the prosecutors. Sometimes the accusers themselves -- because of blind racism, or differences in values that lead to false interpretation, or simple lack of pertinent facts -- do not truly know the story behind the story. They accuse and condemn, not knowing what they are doing. Whether they know or not, the accused never has comparable opportunity and resources for telling his or her side of the story."

My darling

I wish that my deep
to heart felt convictions
had not caused you
and others so damned much
pain (especially in your case -
you've given me and the
cause all of your years.
I'm writing this after the
episode of last night while
trying to decide on leaving with
the boat. This is Tues. 11:30 PM
August 9 * 1977. It was a
good day for the cause yester-
day. - I was on the most popular
popular talk show and I attracted
a lot of prize to us. I
was @ my best for 45 minutes dis-
cussing the agric. project in detail
"over" the "air".

B-3-d-14

And our complete integration with
nationals who as I said reside
in Georgetown with us - I told
admissions. It looks as if I doubt you
will take the East Indian baby that
has been offered us. There were
flaming headlines from a church
service that you Jr. arranged for
me to speak at (Heo. a good F.R. man
because that was a fine move
indeed) I only said two brief
messages and the hostess covered
me! Said Bishop Jones from U.S.N.
state that Jesus Christ was the
first Socialist while speaking on
the occasion of Bishop Jones &
the A.M.E. Zion Methodist Church
(paper headlines then Andy Young Army)
It was very complimentary of us and
I have missed the golden opportunity
had it not been for our Zeig. (of course
tell no one but he will find out) it should
be told that he arranged it. You Jr. has a
lot of class & genuine ~~genuine~~ brilliance!
Also Stephen D. came up to me when I
decided to stay back & I said and he
said - Dad of yours said some

idea to go back. I meet these
degenerates in legal confrontation.
"I intend to go with you - do
you hear?" said he. I want my
life to have meaning and I don't
want a purposeless existence that
will be made with out you. I know
after great assurance that I was
only staying back for another talk
show with him is the case implied, and
would fly in Wed. P.M. he reluctantly
got into a good ship morose with
123 others all surprisingly bedded
down with reasonable comfort - more
of course nor he & I. I shall well be
crowded as they are in one of the
cabins. I hope shaking up the
trip - the niter is one of my fondest
memories here. I think from
now on I'm worrying too much about this
old. I don't know of deception
done against me but perhaps that
is just projection of what I'm doing
myself. I wish I could still
the abominable conflict I can't
stand being separated from you
this way. If the situation were
reversed you here & they back &
I there and that the people faced
breathless terror & fear being
disguised now by the press. I've
so often & regularly defended
I could take it much much
better. Yet I know I'm right
the new settlers need me; yet
for the fact of only one. B-3-d-14

that I guess some people still
listen & but more to male
leadership - I know they respect
you enough to follow you & could
themselves a wonderful new
life & community here - Right
now the thought lingers that they
might do it better because you
knew me more because my goodness
has been more familiarly exposed
to them in the space of demanding
constantly being in the presence of the
highest of these from them. Moreover
there is a lot of hate that people just
naturally have for male leadership
& because males represent ultimate
& special privilege (oppression) in many
peoples' minds. I'm certainly and
unfortunately so unfortunately with all
but a few of us who don't consider
our race superior to females - In
fact in my case just the opposite -
women such as you can feel
more (destroy the better everything
I write can now be used by
diverse creatures against my family.
Well I had to open mine better
because of fear she might get some
facts misconstrued and it would be
terrible should it end up inter-
cepted. Certainly you know I
wouldn't give a damn how wrong
she might get something over to you
because I know you can always
clear the truth, through it. I!
Drop a line as the song goes "Hello
I know the chance" (That I feel no
impending sense of doom) because I can
never say enough about how much
I love & appreciate you - Sorry to hear
I missed you last night & hope that you
will return.

I am resigning because my beliefs and activities are at variance with the beliefs and activities of Peoples Temple Christian Church, and Jim Jones, the pastor of said church. I have no criticism of the church or of the beliefs or standards of the Peoples Temple Christian Church. My only reason for resigning is that I do not feel that I can uphold these beliefs and my current activities take up too much of my time.

I have been treated fairly and with justice and love by Pastor Jim Jones and the members of Peoples Temple. At no time have I had any reason to be unhappy or to disagree with any of the treatment that I have received.

I am proud to be a
Communist!

B-3-e-4

What does socialism mean to me?

It means a society where everyone has everything equal. There are no rich and no poor. Everyone of all races has the same opportunities for jobs, education, and housing. What each person does is important to the good of the collective society and they take pride in whatever position they have; whether it be the one who tends the garden or a doctor both are equally respected.

There is no crime for no one has reason to steal when they have the same amount as their brother or sister.

The streets are kept clean, the housing and equipment are kept up because they belong to all of the people instead of individual land owners.

There is not one person who makes profit from the industries because all of the money goes back into the people's hand which they collectively govern their country.

Socialism is social and economic equality; it is a step on the road to pure communism which is the most perfect, most satisfying way of life. Jim Jones is teaching us this way of life and is the perfect manifestation of the love and beauty of socialism.

Why am I here?

B-3-e-5

I would like to say that I'm here to build this new society because it's the most righteous ideal in the world. And that I'm here because I'm deeply concerned about

those in this country who are being mistreated. But unfortunately my major reason is that I'm concerned about my own ass. Out in the capitalist society it's a dog eat dog world. You've got to be a little quicker and a little tougher than the next guy but there's always someone a little quicker and tougher than you. They're all dying for a true friend - someone to talk to or confide in who won't shun them off after awhile. I'm here because I'm not sharp and I'm not tough and I only here is a true friend who will stick with a person through hell & high water. I'm here because outside their lives have no meaning; they're empty. People are judged by how much they have materially even if they have to owe their soul to the company store to get it.

Why do I think I should stay communal?

I do ~~not~~ wish to stay communal to have the chance to attempt to repay the debt that I owe Father and the cause. This would allow me to turn in the maximum amount of money, which is so desperately needed in these times. I would quit school and get two jobs or a full time job and a full time church project. I would pamphlet every weekend busting my butt to make as much money as possible - ~~at least~~ \$20. each time I went out. As well as thinking of money making projects

feelings on Jesus, God, immortality, feelings

B-3-e-6

Jim-

I feel that Jesus is something that is blown out of proportion. Whether or not he was all that is said isn't important because that lifetime is gone.

I feel that God is the highest principle, which is socialism. The most "godly" person is the most socialistic but we have to use the term "god" because the majority of people are religious and we have to meet people where they are at so we can explain socialism through their terms.

I believe in reincarnation and that we have to keep coming back to this plane until we are socialistic enough to go to a more socialistic plane. But I feel that this shouldn't necessarily be the ultimate goal. We should try to make the best out of where we are regardless that there is a higher plane.

We need to have feelings to bring in more money. The religious people believe that why God can heal them, not socialism. So we have to pretend that it's why God who's healing them so that they'll give their money to socialism. With their money we can buy more lands, etc for the people to have and also to improve our escape means when martial law is declared, so that socialism can live on else where or else die and take the rest of the world with it. Because the only way that it'll die is if they kill all of us and they can't do that without us.

putting up one half of a fight. But meanwhile
we allow to play their game of religions and try
to ~~show~~ as many people to socialism through
religion as will listen

I know that Jim Jones is the only
manifestation of socialism (and to the religious
mentality, "God".)

LEGAL STRATEGY IN DEALING WITH LAWSUITS BROUGHT
BY TIM STOEN

1. Basic format: Tim is to be characterized as the evil mind behind the "dirty tricks" bureau of Peoples Temple, sort of a P.T. Sergetti - but without the same level of dirtiness but with more legal and administrative involvement. He is the one who conceived the strategies for getting people to donate their houses, etc. and he carried them out by drafting up the forms, consulting with the members and advising Jim and the Board on what would be legal and proper to do. He held this position and office from 1971 through 1976. During that time he also held a high level of financial confidence in the organization - holding both funds and properties of substantial value in his name. The rest of the people in the church government relied on his judgement in all such matters and followed his advice without deviation, because they trusted both his judgement in church matters and his legal advice. After all he did graduate from a religious College and was an ordained minister in the Disciples. Therefore: if there was anything done that was either illegal or unethical done it was done not only based upon his opinion that it was legal and proper, but in most cases he, himself was the author of the plan, acting as the attorney and counselor for the Church. We were overly enthusiastic and guided by him.....
2. As applied to the Medlock suit: Tim originally approached the Board with the idea that the Medlocks should be encouraged to donate their property. He outlined the plan of encouragement to be used, quoting certain Bible scriptures and the like. He assured the Board, or certain officers, that it was legal and proper. He, himself began the procedure by talking to the Medlocks first about it. Later, over the months as the transaction went along he drafted or approved the documents used, and gave continuing legal advice on the matter. Consequently, if there is anything illegal or improper in the matter, he is primarily responsible whether because he negligently or intentionally misadvised his Church client, and should hold the Church harmless from any resulting damages. He has further damaged the church by using "inside information" about the affairs of the Church acquired via a relation of trust and confidence, namely as their lawyer, against the Church in violation of his legal obligations as an attorney and of the code of ethics of the legal profession, and should not be permitted to profit from the transaction by way of earnings - as fees or otherwise from these suits. (Such an allegation might make possible the inquiry under interrogatory or deposition of the source of his funding - as he would undoubtedly testify that he is handling the suit without fee.)
3. As applied to the Katsaris suit: (This has been discussed). He frequently talked to her in the states about her relationship with her father, her fears that the father might go the conservatorship route with her - his possessiveness, etc. He gave her legal advice a "go to Guyana". He discussed with her the fact that her father had molested her. At the 1976 April meeting in Georgetown, when the whole matter of the conservatorships was discussed he suggested that it be fought, if necessary, by her disclosing the truth of the matter of the molestation, that he believed it to be true and a good defense against any suit that the father might bring against either Maria or the church. The Church officers believed him and relied upon his judgement and legal advice. So, if anything that was done was actionable it was done based on improper advice given by Stoen - whether intentional or by negligence, and he should hold the Church and Officers harmless from any damages resulting. Further, that he is profiting from "inside information" at his ex-clients expense as in #2 above.

B-3-g-3

4. As applied to a suit P.T. v. Stoen: Here our purpose would be to obtain a judgement in the form of an injunction permanently restraining Stoen to in any way use any information acquired while attorney for P.T. against the interests of P.T.; from disclosing to any person any such information without the written consent of P.T.; from acting as the attorney or legal adviser to any person, or consulting with any person who feels that they might have a cause of action against P.T.; from participating in any lawsuit or deposition as a witness or advisor if P.T. is a party to the action, unless Stoen is also a ~~party~~ real party in interest; from profiting in any way, directly or indirectly, by way of fees or other compensation, in connection with legal or quasi legal work whose efforts are directed against P.T. The line is essentially the same. His long and involved career as church legal adviser, his authorship of many of the church programs, the relationship of confidentiality, the fact that he is breaching it, and the fact that, in one way (to be determined) he is profiting from it. The churches relative innocence in legal matters, their reliance on him and his judgement as to what might be legal and also proper, especially because of his position as a District Attorney in Mendocino County, and of his religious affiliation and credentials. P.S. we would also try to postpone the other suits till this one done.
5. As applied to a complaint to the Bar Association: The same line would be used exactly, but we would be asking for administrative relief - some sort of sanctions against him for his unethical behavior. These are usually in the nature (in the order of severity) of a private rebuke, a public rebuke, the suspension of the right to practice for some limited period of time, the removal of the license. The Bar itself does the investigation.
6. Evaluation: Taking the last item first, this should be kept in reserve. First, the Bar will not move if there is a court case - so it would exclude the other alternatives. Second, as put into a suit, it would be a constant threat because the Bar would take a Judges findings as conclusive in its investigation. Third, because the Bar moves slowly. Fourth, because the Bar, especially ethics committee, is very conservative and might well lean toward Tim in this situation, especially as to penalty. Fifth, because the greatest maximum penalty that would practically be invoked would be a six months license suspension, which would not help us much coming after several months or years of investigations and hearings. I think that the threat is better than the reality. We can always do it later - if and when we have a court order against him based on conflict of interest. The next last, suit against Stoen, is more difficult to evaluate. Likely he would react by getting out of the other cases so we wouldn't gain much time. Advice given before the injunction would be "water under the bridge" and they could always say it was given before - would be hard to enforce. There is some contradiction in the position in that if we say he was a principal or has liability in all of these matters then he must be a real party in interest (has a legal interest in the outcome) and a court could not restrain him from sufficient participation to protect his own interest - and the extent of that participation is hard to evaluate in that context. Next, I don't see how we could raise the issue in an independent suit against Stoen and at the same time raise it in the subject suits he is bringing against us - I am just very hazy on this and it is a procedural point to the effect that all of the areas of litigation should be heard by one court at one time. What might happen is that all of the suits would be consolidated as having common issues of fact and of law, and tried before one court. This would have the effect of, likely, 1) delaying all of the suits greatly, 2) creating a readily accessible publicity format - for or against our benefit, 3) removing the suit from Mendocino County - likely to one of the Bay Counties. If our basic purpose is delay, then this might be a good plan. Lastly there is the general point that this approach may make us look bad. It is true, but they are doing it

any way with the suits. Our position should be that, if anything, we were doing nothing more than overreaching and there is a wide field of religious latitude (Wedlock case) and that Tims advice is what was mostly used to draw the line. Another potential risk in the "put it all together in one pot" concept is that it might facilitate the process of getting out any writs of attachment or restraining orders that would attempt to restrict the transfers of our various properties - at least it would direct one judges attention to the area as a whole and put all information available to all courts conveniently in the hands of one (if you'd get spread around any way as part of the litigation of each case). I am not sure of the value or risk in this. Can't see why they don't have writs out now preventing sales - it is a good situation for the issuance of a Writ of Attachment, almost a classic case in some respects. I do not believe that ~~it is possible~~ we have some months to move assets - but then I would have thought it would have been too late by now. In any event we do need some additional counsel to evaluate these points

June dear and family there:

We think of you often and thank you for the valiant effort you all make in standing there. We have found a lovely place here and long for you all to be here with us in the Shangrila we call Jonestown. It is truly a lovely place and you will all want to be here soon as possible. We are working hard on so much here -- that you will not believe what we have is possible! But it is not only possible -- it has happened! So... hurry on over.. Tell Betty our baby is about as lovely a little thing as she has ever seen -- for that matter, all of our babies are quite special. They are born without the tensions that stateside hospitals cause the mother, they are all breast fed and it shows in their healthy, happy little bodies.

Would like to take about an hour telling you about it -- but it is midnight now and Terri will be getting nervous about my getting this in to her..

Regarding Truth Enterprises...

1) IF YOU LEFT THE TITLE IN CHAIKIN'S NAME..(which was not to have been done) As long as the state board of equalization papers are filed, quarterly as I recall on that account -- there is no trouble. In fact, if they forgot to send it in -- then just get it prepared and send it in. If you goofed and let it lapse -- send in the reports current along with a letter requesting reinstatement and giving a good reason for the failure to file.. change of bookkeepers in Mr. Chaikin's absence might do it.. and send in \$15 with it for the reinstatement, plus the charges and taxes.

2) IF THE TITLE OF THE PRESSES CHANGED TO PLT. and the paper is being bought by P. T., then you should have gotten a resale and use tax permit -- on that basis. In that case, you buy it wholesale and pay use tax to the St. Board of Equalization ON ALL YOU BUY..paper, etc., everything taxable.

In this case, you could point to Mr. Chaikin in So. America, say he gave the equipment to PT and that he is not there.. HOWEVER, you must consider that it can then be attached under lawsuit --which I am not sure it could not be anyway...whether or not it was a valid attachment, but they could tie it up a helluva while until "Gene's" attorney could get it sprung loose, and if he was part of the suit or named in it --it would eventually be lost anyway...

3) My recommendation is to crate those presses and move them out of there as soon as physically possible.

4) In reference to Janaro -- I would like to see us stall the IRS as long as possible since Richard brought a lot of their '75 and '76 and '77 tax papers down here and has stupidly managed to lose them... He is brilliant, but somehow the papers have gotten misplaced... the canceled checks, the income register and check stubs and his bookkeeping cost records.. He brought all of them with him and they are misplaced. He has moved about four times since he got here and thus things got scattered. He is trying desperately to locate them. Perhaps when Claire gets here she can help him locate them and then I can send back to INS whatever is needed, or can arrange to go into the US Consulate here and take in the support information IRS wants to see... At any rate, I do not see how she can possibly submit to audit without the papers -- but soon as Richard can get them to her, she will send them in or bring them in immediately... that is what she should tell them, you understand...

At this point -- just keep filing for extensions.. perhaps another 2 mo. extension will do it... should be no trouble getting the time extension with him out of the country -- and they know he handled all of that type of business.

Have tried to simplify this greatly -- hope I succeeded. We do miss you all and look forward most sincerely to your arrival --each and all... You know who loves you...

Always,
Tish

IN THE EVENT YOU ARE WORRIED ABOUT TRUTH INCOME TAXES

It is a sub-chapter S corporation.. and this is filed with Chaikin's papers... the income tax is not paid direct -- rather, the LOSS WILL BE SHOWN in his personal tax returns...

These are being done by Wicks in Los Angeles -- as soon as Gene's letter requesting this reaches Mr. Wicks.

Let me know if any other problems -- Take care allof you ..

Hi to Sandy and Maxine and the others. Tell Maxine I am down to a size 14 and still going down -- am 146# now.. plan to reach 125 before I stop. It is easy to lose here!

Some stuff to be conveyed to Gary re the Katsaris suit.

Some of this stuff will be ideas, strategies etc. for stalling and defending. ^{The overall idea is to turn this into a *Tarndyce v. Tarndyce*.} Later there will be a point by point answer to the complaint.

I. Peoples Temple of California as defendant: None of the individual defendants named are alleged to be officers or directors of the church. Jim himself has not been a pastor of PT California since last June (July?) nor has he received any stipend for such services since. A little difficult to see how the corporation (and remember that PT of Calif. is not the same corp as PT of Guyana, and it is the California corp that is being sued.) could have authorized these individuals to be involved in this activity. There is a certain body of law, as we recall, that holds that the corporate employer cannot be held liable for the intentional torts of its employees. So this is an area that will have to be reviewed thoroughly. As far as the PT letterhead is concerned, that's a real problem, but we can allege that it was Laurie Efrein acting on her own with the help maybe of Tim Clancy-- and furthermore that the stuff about molestation was put in by her intentionally, on her own, because she was fucking pissed off at Katsaris. (More on all this later...)

As far as an agency relationship goes, the complaint is defective because it doesn't not allege specific facts to show an agency relationship, and, as a matter of law, it is not enough to allege an agency relationship generally. Furthermore, as a corporate employer is not liable for the intentional torts of its employees, then any such acts would be ultra vires, as beyond the course and scope of the employees authority. This needs to be researched. Of course although there are some defenses to the corporate involvement, a hell of a lot depends on getting an impartial judge since we may have to put up a hell of a bond to prevent ~~execution~~ execution on the judgment while we go to appeal. Obviously we won't get that in Mendocino. This is where Chalkins consolidation of all the lawsuits strategy comes in-- we consolidate the suits on the basis of a ~~cross~~ complaint against Stoen (providing the necessary common issues of law and fact) and get the thing moved. ~~There are other arguments for changing venue which we'll come to later when we discuss the complaint in more detail.~~

-- ~~AGAIN:~~

-- none of these individuals were directors nor officers of the corporation and nothing said or done by any officer of the corp that would have authorized this activity. And, although a few individuals may or may not have gotten together and may or may not have said some stuff which may or may not be provable in court is a long way from sticking the Calif. corp. with this.

-- agency relationship not alleged specifically which case law requires. Could use a special demurrer for failure to state a cause of action against PT corp or for uncertainty. Altho TOS will just amend, but it buys time. May want to let the thing go as is, and not "educate" him in the defects as Charles states, and then hit it at trial-- presuming we all get to trial.

-- Case against Jim is much weaker than that of Sandi-- he is not an officer director, nor even an employee (as pastor) of PT Calif. Plus, as we shall see, he did not do the things alleged. (He is working for PT Guyana)

-- Case against Paula-- we'll see that she did not do the things alleged. They will have a hard row to hoe if unless they can get the U.S. Embassy officials into court to testify or give a deposition on the case. However, if they get their testimony by way of deposition, then we might have a case for Maria's testimony being brought in by way of deposition as well. (Note: I think Dick McCay may have said something about not having to testify in this thing...)

LAW AND MOTIONS: might try to buy time with all kinds of motions to strike, summary judgement etc. This might be the road to go when and if we get all the various cases consolidated into one fat case-- outside of Mendocino county. At that point, law and motions could be a nice stalling tactic. Could go through all kinds of discovery on issues we will discuss later, and then make motions for summary judgement etc.

Carolyn - please Xerox + send to Charles (or
John to give to him.) Just some ideas etc.
Also send the pages on TOS strategy.

ATTESTOR

WITNESSES:

1.

2.

AND IN MY PRESENCE

QUOD ATTESTOR
A NOTARY PUBLIC

VENUE: The current Press Demo articles and so on tie in very directly to the complaint that we could show that an aura of adverse publicity has been intentionally created dealing with the very issues that are subject to litigation and its not coincidental. Plaintiffs have acted in such a way as to develop a climate of prejudice and hatred intentionally. Can cite the CR petition as part of this deliberate effort to create such prejudice-- distribute carefully to media etc. Some depositions might be taken on PD people as to how all this publicity arose etc. The complaint itself we shall see contains admissions that can be used to show prejudicial climate created by this publicity
~~XXXXXXXXXX~~

CROSS COMPLAINT: We might consider filing a cross complaint against the PD on the grounds that it negligently designated Sandy and a church spokesperson, ~~XXXXXXXXXX~~ when in fact she never presented herself as such, and thus directly caused PT of Calif to be sued. We could ~~XXXX~~ cross-complain and ask indemnification for damages and costs. That should complicate matters nicely for a bit longer-- discovery, depositions etc. etc.

ATTORNEYS: One thing to consider is that each of these defendants is entitled to a separate attorney. That means that each attorney can file separate ~~XXXXXXXXXX~~ answers, separate motions-- at different times-- ~~XXXXXXXXXX~~ separate hearing date. Moreover, each one is entitled to one affidavit of prejudice against one judge without cause. Thus, in addition to boggling things up, we could, if venue change didn't go too well, at least knock a lot of Mendocino judges out of the box. The lawyers could work together on the case, and maybe would be (hopefully) amenable to Garrys direction etc. Indeed, they each wouldn't have to do all that much work, if Garry prefers it that way. If nothing else we might cause Mendocino county to spend \$100,000 to get some out of county judge in to try the fucking thing. Garry should pick friends of his, and maybe someone from Mendocino to do routine appearances.

Of course, if we get it consolidated we won't have so much of a problem, but multiple attorneys could still be good to tie the ~~xxx~~ thing up.

We may want to set the case up so as to appear that the ~~XXXXXX~~ defendants are at cross-purposes among themselves-- this would help to make a jury conclude that there was no organizational conspiracy since all the defendants are fighting among themselves. Also such a strategy might allow a jury to cut the case down the middle and let the corporation off the hook, while sticking Bradshaw and Jones as individuals. If we succeed in doing that we would have ~~xxx~~ won even though we would have technically lost.

OTHER ISSUES:

SECOND CAUSE OF ACTION: pp. 19. "KATSARIS ALSO SAID CHURCH OFFICIALS TOLD U.S. EMBASSY ETC." This statement raises a possibly interesting issue. The plaintiff "Katsaris published the thing himself. ~~XXXXXXXXXX~~ All ~~XXXX~~ and did (as an individual) and all we did was to reiterate his statement. This is supported by the fact that the whole molestation thing was brought out by Katsaris before our alleged slander on the CR petition which was published to the public media and members of Congress etc. ~~XXXXXXXXXXXXXXXXXXXXXXXXXXXX~~ So we have a really interesting issue here where we are accused of making a libellous statement but the plaintiff himself is making the same statements, and tying himself into these statements in the public ~~xxx~~ and in the press. This probably goes to mitigation of damages but it might go to something else as well.

There are ^{potentially} all kinds of interesting appellate issues in the case, but unless we can get the church extricated from this, we won't be able to afford the bond required to keep writs of attachment off while appeal is pending.

Now the Letterhead thing makes this damn difficult, unless we can show that Laurie put the molestation thing intentionally, on her own, and thus they should be suing her for slander, not us. This will be tough, especially if they introduce a bunch of press releases etc, that show this one fits in with the course of conduct etc. of PT for ~~XXXXXXXXXXXXXXXXXXXX~~ press releases etc. Of course, if they do that we can argue that ~~x~~ the fact that none of the previous press releases ever contained anything libellous etc., helps support our contention that it was Laurie's own intentional malicious addition (which fact she will testify in court to, of course) ~~also a reason for multiple lawsuits~~

~~XXXX~~ MORE ON THE SECOND CAUSE OF ACTION, pp. 19: "IN SF TODAY, CHURCH SOKESMAN, SB, SAID KATSARIS's Daughter, will CONTINUE TO STATE THIS BECAUSE THIS IS THE TRUTH."

Now on what basis can this be construed as a statement from the church since it is obvious that what SB was making was a statement on behalf of Maria? The only thing that ties this statement to the church are the words "church spokesmen" ~~which was the language of the PD~~. Sandy herself never represented herself as such. Thus we counter sue the Press democrat for negligence on the grounds that she ~~XXXXXXXXXX~~ did not represent herself as church spokesman, and as a result of their negligence in labelling her, the PD has opened us up for a lawsuit...

"I have a tape that Paula makes no denying for you"

so therefore we are entitled to indemnification by the PD as least as far as the Second Cause of Action is concerned.

PAGE 9, PP 31: How can there be an allegation that PT, which is alleged to be a Calif corp, was acting in Guyana where it has no officers and directors and where in fact there is an entirely different corporate entity functioning. One of the things that will have to be clarified is just what the hell are we talking about when we talk about Peoples Temple? If we are PT Calif, then the question is what evidence can be adduced to the fact that PT, a Calif Corp. functions in Guyana-- which in truth and fact it does not. Therefore, none of this radio traffic can be PT- Calif, radio traffic (from BR3 end at any rate) since there are no employees, officers or directors of PT Calif in Guyana. So its really interesting, that aside from the facts of what was or was not said over the radio, how could PT-Calif have done it since it does not function in Guyana? So we need to know what sort of law, what sort of evidence applies in this context-- maybe in theory PT Calif can function in Guyana, but in light of the fact that ~~there is~~ there is a PT of Guyana which functions in Guyana etc, this doesnt seem to be the case.

PAULA ADAMS: deny all that shit. What happened in fact was that Maria made a tape and asked Paula to take it in to Dick McCoy and play it for him, which she did. Paula made no such statement. In fact, she made no statement beyond the one that "I have something to play to you". After it was played she took the tape and left, without comment on its contents. This event was explicitly asked to be confidential-- I believe Maria, on the tape asked that McCoy keep it in confidence. She went in at Maris request, not at the direction of PT of Guyana.

~~ANOTHER POSSIBLE STRATEGY~~

In fact :

PRESS RELEASE; Did not come from Jim, not dictated at all. Laurie pissed at Steve Ktsaris and stuck the shit in the press release without consulting about molestation. Not authorized or directed to do it.

Ideas for the press release were given by Harriet Tropp and I think Carolyn Layt. (in code) and not dictated word for word at all. Again, neither of those persons are officers or directors of PT- Calif.

THE FOLLOWING IS A POINT BY POINT RESPONSE TO COMPLAINT. SOME OF THE DETAILS HAVE ALREADY BEEN DISCUSSED ABOVE.

FIRST CAUSE OF ACTION:

- pp. 1. deny. andi is not a resident of Mendocino.
- pp. 2 admit
- pp. 4. deny possible demurrer or motion to strike,
- pp. 5. deny. ~~Insufficient~~ Insufficient facts to support allegation of conspiracy directed by Jones many months prior etc.
comment re: "purpose" of alleged conspiracy-- irrelevant. Poss. motion to strike.
- pp. 7. deny. defendants did not publish Laurie Efrein and Tim Clancy published. They are suing the wrong ~~defendants~~ people.
- pp. 8 deny. (Jim didnt dictate any exact wording. To the best of our memory, he didnt say anything regarding the press release or ~~Pandi's~~ statements.)
- pp. 9 deny
- pp. 10. Exhibit C was widely distributed by plaintiff to Congress, media, and Katsaris himself ~~published~~ published molestation thing in it. Possible estoppel situation. A venue argument, since it was published by PD ~~and~~ which, by plaintiffs own admission, is widely read in Mendocino County and Ukiah esp. (Second Cause of Action, PPs. 18 and 25)
- pp. 11 deny. Maria took a polygraph and shows she is telling the truth. Attach it. (Their citing the polygraph in complaint is prejudicial as hell. Might as well even it up.)
- pp. 12. deny
- pp. 13. ~~Sandy~~ Sure it was ~~checked with Stateide on this for~~ Sandy, Laurie Efrein etc. not authorized by directors, officers etc. Mailed to press: admit. But it was Laurie who mailed it.
- pp. 24. deny
- pp. 15 deny
- pp. 16 deny

Greg Watkins

I, Greg Watkins , being duly sworn, hereby declare:

I was saved from jail, I was facing 5 years to life and was going to prison and Rev. Jim Jones stepped in and helped me because there was no way out. I was charged of 211FC that is 5 years right off and Jim Jones prophesied that I would not go to prison on September 1, 1976 which was the day of my trial and that day the judge was in anger because of the pressure and he wanted to put me away for 5 years. This all took place at City Hall in San Francisco, California, courthouse #22, Judge McCarty. The charges were dropped and was given credit time served. The judge calmed down and was very nice during the trial not before and this was prophesied by Jim Jones. I was freed on September 1, 1976 at 3:00 pm Wednesday afternoon. Thanks to Rev. Jim Jones and my attorney Jean Chaiken he was sent by Jim Jones. And thanks to Rev. Jones for his help and kindness. A prophecy was given to me from Rev. Jim Jones that I would have been killed at my home and I could not walk down dark streets or alleys but the next day I found my door torn down and smashed to nothing, that's how I know I would of been killed thanks to Rev. Jones I am still alive.

I had severe pain in my side for over a year and the doctor told me I had a growth close to my right ovary and scheduled me in March or April to go into Skiah General Hospital to do an exploratory laparotomy. He said to expect to have a hysterectomy and I signed all the papers. I went into the hospital on Sunday night. When I went to church on Sunday morning in Redwood Valley, Pastor Jim Jones passed by me and touched my shoulder and said "Don't worry Edith, you will be fine." When I woke up from surgery I asked what had been done to me. Dr. Robert Cook said he couldn't find the growth but he was sure it was there or had been there. Not a trace of a growth is there now.

In May of 1977 my daughter Juanita Bogue went to an ear specialist at the Presbyterian Medical Clinic for Hearing on Sacramento & Buchanan Streets in San Francisco. Before the date of the test Rev. Jones told her not to worry, that her ears would be alright. When she went to take the test the doctor asked her what she was doing there because one ear was registering normal hearing, and the other was above average.

Late in 1975 there was a drawing held at the San Francisco Temple, for the winning ticket of a trip to Guyana. It so happened that my name was drawn and I was immediately given instructions to prepare for the trip which was to take place around Christmas time.

The following week I was informed that I would be going on a flight with ninety people aboard. All plans were laid and the date was set but two days prior to leaving, Pastor Jones cancelled the trip because he had had a revelation that our plane would crash. Of course, knowing that our Pastor has never been wrong in anything he ever said, we gave up all plans without question.

Just as had been told us, the very plane we would have been on, crashed and ninety people were killed. This was in all the daily newspapers and the crash can be easily verified.

AFFIDAVIT s/

I, Lovie Jean Lucas, being duly sworn, declare:

At one of the meetings of Peoples Temple in 1976, Rev. Jim Jones told me that on the coming Tuesday I would have a heart attack, but not to worry, it would be alright. That Tuesday, I felt ill, but I rested and the illness passed. Threemonths later I went to get my yearly check-up. The results of my EKG showed that I had had a heart attack. Dr. Larry W. Abrahams was so surprised that he ordered another EKG. I have continued to feel well and strong.

Re: Sexual experiences with Steven A. Katsaris

My father was very inconsistent in raising me. When I was very small, he was very controlling and neither he nor my mother could talk openly to me about sex or answer my questions. He was so controlling with me that I would never think of saying no to him, talking back, or arguing with him. I was too afraid of him. He was still manipulatively controlling when I was a teenager, but began talking to me about sexual freedom. He bragged to me about smoking marijuana with his friends at Trinity School (the school in Ukiah, California, which he administrates). His friends also told me about smoking dope with them. Despite his rigidity in rearing me, he repeatedly molested me.

My family lived in Salt Lake City, Utah (1027 S. 13th East Street), until I was about nine years old. He would often come down the hall to my room to say goodnight and would fondle my breasts and genitals. He did this as far back as I can remember, and I was always too terrified to say anything about it. I was frightened that he would beat me if I said anything, and the beatings were especially severe if he said I was lying about anything, and I knew he would say it was a lie. I have never been able to talk to my mother, not even about common feelings, and I always thought she would take his word over mine and say I was making it up if I said anything about it.

Even when I got older, I did not say anything, because I did not think anyone would believe me. Up until I was 18, my father was a Greek Orthodox priest and the pastor of large churches in Salt Lake City and in Belmont California. He was very highly respected by the people in his congregation and in the community. Everyone thought he was a very good father, and church and community leader. He would be the last person anyone would think of as being a child molester.

In Salt Lake City, I remember being at his church office quite a bit (Holy Trinity Greek Orthodox Church). Often this was after office hours or on the weekends when no one else was around. He would often sit me on his lap and fondle me. Sometimes he would have me rub his penis. He would tell me that I had better not tell anyone about it. I never did because I was afraid beat me, and tell everyone I was making it up. When I got somewhat older, getting beaten was doubly upsetting to me. (He used his belt on me until I was about 12 years old). Not only did they hurt, but I was ashamed to go to school after being beat, because of the black and blue marks on my legs.

In 1962, we moved to Belmont California (316 Malcom Avenue, and then later to 1028(?) Comstock Circle). When I was about 10 years old, my mother went back to Pennsylvania to see her relative. I think her father had passed away. While she was gone, my father had me sleep in bed with him (this also happened other times when she was not around). He would hold me very close to him, fondle my genitals and make me masturbate him by rubbing his penis. He said he was just being affectionate to me and that if I was ever to mention it, it would not be wise because no one would believe me. This was when we lived on Malcom Avenue. He would also play with me at his church office in Belmont when no one was around (Holy Cross Greek Orthodox Church on Alameda de las Pulgas). Before the church was built, his temporary office was on Baldwin Avenue in San Mateo, and I remember him doing it there also. He would touch me, grab me when I walked by and fondle me. I was partly afraid of him and partly afraid that I would never have anyone accept me because of what he had done to me and felt like I would always be stuck with him. I was extremely ashamed and embarrassed.

My father also used to like to listen to the stereo a lot. He would lie down in the middle of the living room floor with the lights out. The stereo was at the end of the room and he would lie in front of the speakers. He would have me lie on the floor next to him, put his arm around me and then start putting his hands inside my clothes. This was when I was about eleven. (I also forgot to mention when I was younger in Salt Lake City. I can remember him giving me a bath and playing with me in the bathtub. Another time when our family had gone on a trip to the mountains to a place called Spirit Lake. My mother, brother, and sister had left our cabin and gone over to the lodge. Even though it was cold, my father made me take off my clothes, lay down on the bed with him and rubbed my genitals while he made me rub his. My mother almost caught him that time, but he heard

B-3-j-2

her coming with my brother and sister, and told me I hurry and get dressed. He threatened me if I said anything or acted funny and that I would be sorry. This was also in Utah).

When I was 11 or 12 we went on vacation to a camping resort in Yosemite called Camp Mather. He called to me to come with him, and we went back to our cabin. No one else was there. He apologized for being so hard on me when I was smaller, and caressed me as if that was supposed to make up for it or something. I was still very afraid of him to say anything.

My father has always kissed me on the lips when he greets me. We are Greek by nationality, and Greeks are more demonstrative in some ways, but his kissing me on the lips was not something Greek people would do. Even would do this in front of my friends and anyone else who happened to be around. Like this was the way a father usually kisses his daughter. When I got older and objected, he would say I had some kind of problem and was not relaxed enough. I felt so weird because of what my father had done to me, it seemed like I was stuck with him. I always wanted to tell my mother, but never did, because I did not expect her to believe me. No one would ever dream that my father was that kind of person. When I was a senior in high school, my parents got a divorce. My father told me that having sex with my mother was like having sex with a corpse.

When my parents first separated, I stayed with my mother, but I felt too ashamed to be around her because of what I had done. Finally I left and went to Redwood Valley to stay with my father. I did this partly because I felt that no one else would have me, and partly because he lived out in the country and I thought I could get away from people more. He bought a 2 bedroom house at 1040(?) Road M, on the corner of West Road. He was drinking at the time, not just socially but often and quite a bit. He was having an affair with a woman by the name of Anne Tomaja, who he later married, after she had lived with him awhile. They would often have big make-out sessions in the living room while I was there. They did not care if I was sitting right there across from them. He would put his hand down her blouse and feel her breasts and down her pants and finger her, and they would giggle and carry on. This is when he would talk about sexual freedom and that I should relax more sexually. They would make a big thing about sex, not being discreet at all, but would make out in the living room and then go into the bedroom and make a big racket. The more he drank, the more he would show off sexually with this woman.

My father also had a friend who worked as a psychologist at Trinity School and they would both talk about sex a lot when I was around. His name was Bob Eaton. He would brag about his daughter who was about the same age as myself, having sex all the time. Then they said I should have boyfriends and get some experience. If I ignored them or did not discuss it with them, they would say I had a problem and had hang-ups. This is when my father started to go a little further with me. He would get drunk and then go into a big psychological analysis about my being too uptight, and that I would never go out with boys unless I learned to relax with him. He would get really drunk and on one occasion he pushed me down and had sex with me. I felt very claustrophobic, like I was being smothered. This was at his house in Redwood Valley, in his bedroom. It was horrible and I cannot stand to think about it. It seemed like it would never be over. He had a water bed and I thought I was going to suffocate. Another time, he tried again but I got away from him. He would the next day say something about the fact he was really drunk and hoped he had not said anything to offend me, and that he could not remember anything about the night before.

About this time my father was going to a psychotherapist, and told me he was very depressed and suicidal. He said he needed me and that if I ever did anything to hurt him he would kill himself. He has always tried to work on my guilt. When I was a child he was often ill. He had some kind of enzyme problem that the doctor did not know how to treat. He also had ulcers when I was a teenager. I was terrified that it would be my fault if he killed himself or if he died, and it was me that upset him and made him more ill. Also, when I told him I was not returning from Guyana last fall, he claimed he was very ill, and about to have surgery. He implied that he was dying of cancer.

The conflict of all of this finally became too much for me. I had been alienated when I was young and he had played with me sexually, but when I was about 16 to 19 years old, I withdrew

B-3-j-2

almost totally. I always knew that other people my age would never accept me if they knew. I became very depressed and non-communative. I would curl up in fetal position in my room and wouldn't talk. Even if someone asked me a question, like what time it was, I would hold up a number of fingers to indicate the time, without having to speak. I rarely spoke to anyone and barely ate anything. I could barely handle school. I could not by in most classes, but emotionally I could not handle it. I felt I would prefer to commit suicide than to turn in a paper. I was frightened that I was weird. My father took me to a therapist, but all I could do was cry and I couldn't talk to him. His name was Jerry Smith, and his office was on Alameda de las Pulgas in Belmont. I felt that if I told him what was happening he would talk to my dad and tell him what I said. I knew he would deny it and was afraid he might put me in an institution. He once told me in great detail about one young girl whose father had to commit her to a mental hospital because she could not keep reality separate from fantasy and she was always making things up. After I went to that therapist I was under therapy with a psychologist by the name of Murray Bilmes in San Mateo. He also worked at Peninsula Hospital. I never was able to tell him about the situation either. I know my father has been under psychotherapy himself for several years. I do not remember the names of the therapists he was going to. One psychiatrist has passed away, whose name was Charlie Parmalee. There was a doctor at St. Mary's hospital in San Francisco he was going to but I cannot remember the name. After my parents were divorced my father used to talk and confide in me like I was his therapist. He would talk to me for hours and say he needed me. I think I may have forgotten to mention that shortly after my parents were divorced, my father also left the priesthood and at that time took the job as director of Trinity School in Ukiah. He has training as a clinical psychologist (so he has told me). He is well respected and has the ability to convince people of what he is saying. He comes off very rational and concerned. This is also why I never told anyone. I knew it was his word against mine, and knew also that he would be believed before me. I have also felt a tremendous amount of guilt and embarrassment over it. When I was older I also felt if I did tell anyone, I would be considered weird and that people would hold it against me. It is very humiliating. And when I was younger he so controlled me like I said earlier, I would never dream of crossing him. It was not until I came to P.T. and felt I could trust some people after awhile that I ever told anyone. I felt that no one would hold it against me, and that they would still be accepting of me. I was almost completely withdrawn when I first came and barely communicating with anyone.

*I hope I have included everything
you need to know as something I
left out previously in my story.

1 SECTION I. SUMMARY

2
3 The instant case involves the plight of a five-year-old
4 child now in the physical custody of the REVEREND JIM JONES, the
5 leader of a communal religion known as the PEOPLE'S TEMPLE.
6 Petitioner recently learned, as set forth in the AMENDED
7 DECLARATION UNDER THE UNIFORM CUSTODY OF MINORS ACT, page 15,
8 that the REV. JONES claims a right to custody. As provided for
9 by law (see SECTION VI. POINTS AND AUTHORITIES RE JOINDER, page
10 17), Petitioner requests that the Court join REV. JONES as a
11 party to this action.

12 - The REVEREND JONES recently departed from San Francisco
13 for Guyana in the face of serious allegations arising from a
14 number of different sources. The charges against REVEREND JONES
15 include: (1) the authorization of serious physical abuse of
16 church members, including children; (2) improper care of children
17 and aged persons housed in Temple-run homes; (3) the use of
18 coercive and fraudulent practices to induce transfers of money
19 and property to the church; and (4) the indoctrination of minors
20 with a philosophy detrimental to their emotional and moral
21 well-being, to wit, that REVEREND JONES is the reincarnation of
22 Buddha, Christ, and Lenin, and that as such, he has the
23 authority to direct acts of physical abuse and mental cruelty
24 against members of his organization.

25 PETITIONER'S DECLARATION PURSUANT TO RULE 8.2.64, see
26 page 9, details acts of extreme cruelty witnessed by her son
27 which were carried out at the direction of REVEREND JONES under
28 the guise of his purported moral authority. Petitioner further

1 states that her own attempts to secure the return of her son have
2 been unsuccessful. Unless this court acts, the boy will suffer
3 irreparable harm.

4 As set forth in the attached POINTS AND AUTHORITIES RE
5 JURISDICTION, page 5, this Court clearly has jurisdiction to
6 make appropriate orders regarding custody of the child. Petitioner
7 diligently attempted to serve Respondent and has set forth facts
8 (see DECLARATION OF COUNSEL, page 13) leading to the inescapable
9 conclusion that Respondent has actual notice of the proceeding
10 for August 19, 1977.

11 Therefore, Petitioner respectfully requests that this
12 court act to safeguard the welfare of her minor son and that
13 the proposed order be issued forthwith.

1 SECTION II. . POINTS AND AUTHORITIES RE JURISDICTION

2 I.

3 BY VIRTUE OF THE AUTHORITY CONFERRED ON IT UNDER THE UNIFORM CHILD CUSTODY
4 JURISDICTION ACT (CIVIL CODE SECTIONS 5150-5174), CALIFORNIA HAS JURISDICTION
5 IN THE INSTANT CASE.

6 A. Residency of the Minor Child at the Time Proceedings Were
7 Commenced Confers Jurisdiction

8 California Code 5152 provides in pertinent part:

9 (1) A court of this state which is competent to decide
10 child custody matters has jurisdiction to make a child
custody determination by initial or modification decree
if the conditions as set forth in any of the following
paragraphs are met:

11 (a) This state (i) is the home state of the child at
12 the time of commencement of the proceeding, or (ii) had
been the child's home state within six months before
13 commencement of the proceeding and the child is absent
from this state because of his removal or retention by
14 a person claiming his custody or for other reasons, and
a parent or person acting as parent continues to live in
15 this state.

16 In the present case, the minor child was born in California on
17 January 25, 1972 and has lived here all his life. He has never resided in any
18 other state. In October of 1976, he was removed to Guyana and currently remains
19 there; it is the only place he has lived outside of California.

20 The petition for dissolution of the marriage and custody of the minor
21 child, JOHN, was filed by Petitioner on February 23, 1972. As this filing
22 represents the "commencement of proceedings," it falls well within the
23 requirement of CC 5152 (1) (a) that the state having jurisdiction be the child's
24 home state within six months prior to the commencement of the proceedings.

25 Section 5152 also states

26 (b) It is the best interest of the child that a court
of this state assume jurisdiction because (i) the
27 child and his parents, or the child and at least one
contestant, have a significant connection with this
28 state, and (ii) there is available in this state

1 substantial evidence concerning the child's present
2 or future care, protection, training, and personal
3 relationships.
4 (3) Physical presence of the child, while desirable,
5 is not a prerequisite for jurisdiction to determine
6 his custody.

7 //

8 As the child has lived in California for most of his life, most of the
9 information concerning his life are located here; this includes official
10 documents, such as his medical records, and unofficial information, such as that
11 concerning his upbringing and his personal relationships.

12 California, as well as being the child's residence for almost all of his
13 short five years, has also been the state of residence for his parents.
14 Petitioner was born in California and for the exception of one interval lasting
15 only a few months has lived here all her life... Any and all information concern-
16 ing her and her relationship with the child is located here. Respondent, too,
17 though not born in California, has lived a significant portion of his life here.
18 By the time of the filing of the petition for dissolution, he had been a resident
19 here for seventeen years and left the state just shortly afterwards. His life
20 was significantly involved in the community, becoming Deputy District Attorney
21 of Mendocino County and later, Deputy District Attorney in San Francisco.
22 Respondent and Petitioner were married in California, had their child in this
23 state, and raised him in this state.

24 The pattern of the lives of the parents and the child overwhelmingly
25 the requirements of the above state section, the requirements of both
26 "significant connection with the state" and "substantial evidence." Though the
27 child is not currently in the state, the code specifically denies its necessity
28 in determining jurisdiction.

29 //

30 //

31 //

1 II. CALIFORNIA IS THE MOST APPROPRIATE FORUM FOR DETERMINING CUSTODY
2 OF THE CHILD.

3 A. For Policy Reasons, of CC 5150, This State Should Take Jurisdiction:
4 An exercise of jurisdiction by a court of this state would promote any
5 purpose of this act stated in §5150.¹ As noted before, the child and his family
6 have their closest connection with California. The recent removal of the child
7 from this state and the recent departure of Respondent cannot counteract the
8 effect of their years of residence here - the establishment of strong personal
9 and community ties here and the resulting accumulation of "substantial evidence
10 concerning their lives.

11 The sudden move of the child from California to a foreign country,
12 unaccompanied by his parents, directly contravenes the purpose of CC 5150(1) (d)
13 that states its interest in the "stability of home environment and of secure
14 family relationships."

15 This title was also enacted to prevent such "abductions and other
16 unilateral removals of children" [CC 5150(1) (e)] that characterizes the present
17 situation. The child was removed from California in October, 1976, five months
18 after Petitioner had commenced her attempts to secure physical custody of her
19 child. The PEOPLE'S TEMPLE, who took the child to Guyana, have steadfastly
20 refused to return him to his mother. Such action cannot be condoned. The
21 court, by accepting jurisdiction over this matter, will render such action

22 ¹(1) The general purposes of this title are to: (c) Assure that litigation
23 concerning the custody of a child take place ordinarily in the state with which
24 the child and his family have the closest connection and where significant
25 evidence concerning his care, protection, training, and personal relationships
26 is most readily available, and that courts of this state decline the exercise of
27 jurisdiction when the child and his family have a closer connection with another
28 state.

(d) Discourage continuing controversies over child custody in the interest of
greater stability of home environment and of secure family relationships for the
child.

(e) Deter abductions and other unilateral removals of children undertaken to
obtain custody awards.

//

1 ineffective in preventing adjudication of this matter and promote the
2 deterrence of such abductions in accord with the purposes of this title.

3 B. There is No Other Forum Available to Adjudicate This Matter.

4 Section 5172 of the Act states that "The general policies of this title
5 extend to the international area." Thus, the appropriateness of California as
6 a forum is also supported by the inappropriateness of any other forum. Section
7 5152(1)(d) states that a court of this state has jurisdiction to make a child
8 custody determination if

9 (i) It appears that no other state would have juris-
10 diction under prerequisites substantially in accordance
11 with paragraphs (a), (b),² . . . , and (ii) it is
in the best interest of the child that this court
assume jurisdiction.

12 The child has lived in Guyana for a mere nine months; his parents have never
13 resided there. Respondent visited once for just six weeks; Petitioner has
14 never been there. Therefore, the greatest portion of information regarding the
15 child and his family life has not moved with him, but has remained in
16 California.

17 The child is also a citizen of the United States and this country has
18 major responsibility for him. He has been removed from this country under
19 dubious circumstances and the People's Temple, with whom he now resides, refuse
20 Petitioner's repeated requests to bring him back. It is unquestionably in the
21 "best interests" of the child, as well as in the interests of justice, that the
22 matter of his custody be adjudicated in this country. As California is the only
23 state in this country where the courts can claim jurisdiction over the custody
24 determination, it is not only appropriate but also necessary that they do so.

No. 719-147

PETITIONER'S DECLARATION
PURSUANT TO RULE 8.2.64

15
16 I, GRACE STOEN, declare the following under penalty of
17 perjury.

18 I am the mother of JOHN VICTOR STOEN, d.o.b. J 25,
19 1972. As set forth in my declaration of August 11, 1977, I have
20 been attempting to secure the return of my son since I left the
21 PEOPLE'S TEMPLE in July, 1976. Unless this Court acts immediately
22 psychological, moral, and possible physical harm will continue
23 to be done to JOHN.

24 I base my allegation on the following facts:

25 A common method of discipline within the PEOPLE'S TEMPLE
26 is the beating of members before the assembled membership.
27 Microphones are placed near the mouth of the person beaten so that
28 the intensity of their screams will not be lost on the audience.

1 Children are not excluded from watching the public beatings. In
2 fact, they are encouraged and sometimes required to watch them.

3 While I was a member of the TEMPLE, JOHN and myself
4 were present at many public beatings. On one occasion, a girl
5 of seven was beaten well beyond the point at which she began to
6 scream. On another occasion, a girl of eleven was straddled
7 spread-eagled and beat seventy-five to one hundred times. On
8 still another occasion, a young woman was beaten until both of
9 her eyes were swollen shut.

10 The above is by no means an exhaustive list of public
11 beatings which took place during my time in the TEMPLE. The
12 majority of the members of the TEMPLE were "brought up" before
13 the membership for punishment at some time. Not all of the
14 beatings caused serious injuries. Some merely served to degrade
15 a selected member because of an alleged wrong. Members who did not
16 say "Thank you, Father" to the REV. JONES at the conclusion of a
17 punishment directed by him were beaten more.

18 Before the assembled membership, REV. JONES claimed at
19 various times to be the reincarnation of Buddha, Jesus Christ,
20 and Lenin. On several occasions when JOHN was present, the
21 REV. JONES exhibited bloody hands, which he instructed the
22 congregation were stigmata. REV. JONES consistently and
23 incessantly presented himself as our ultimate moral authority.
24 Anyone who questioned this premise was "brought up" for
25 punishment.

26 REV. JONES worked effectively and persistently to
27 indoctrinate the children of TEMPLE members to believe in his
28 moral authority and fear his power to impose horrifying punishment

1 JOHN and other children were present when a fifteen-year-old
2 youth passed out after being beaten; they saw a young girl vomit
3 after her punishment required her to enter a boxing match with a
4 far more skilled opponent; they frequently heard threats of an
5 instrument known as the "Blue Monster" which would administer
6 shock treatments to the unworthy; they were required to jeer and
7 ridicule members selected for public humiliation under pain of
8 being punished themselves.

9 I do not believe that JOHN has any direct knowledge of
10 the coercive and fraudulent means which the TEMPLE has used to
11 secure transfers of land and money.— Nor do I believe he has
12 direct knowledge of the fact that money received by the TEMPLE
13 for care of the aged is diverted for other projects, leaving
14 the aged poorly cared for. However, the twisted sense of morality
15 which authorizes these acts cannot have escaped him.

16 The twisted moral code which REV. JONES imparts on
17 members of the TEMPLE may be summarized as follows: REV. JONES ad-
18 vocates social justice, racial equality and the brotherhood of
19 man. He is the reincarnation of a host of divinities from other
20 ages. It is his mission to search out and eradicate loathsome
21 traits within members of congregation, even though they may not
22 always wish his help. The severe beating of a young child for
23 a minor infraction becomes an act of divinity.

24 Members of the TEMPLE including minors are frequently
25 required to sign statements authorizing physical punishment of
26 themselves and their children. These statements are in turn
27 used by the TEMPLE as license for intimidation and degradation.

28

1 I respectfully and urgently request that this court act
2 at once to remove my son from the physical custody of REV. JONES
3 to prevent further psychological, moral, and emotional harm and
4 possible physical injury from happening to him.

5 I declare under penalty of perjury that the foregoing is
6 true and correct except as to those matters stated on the infor-
7 mation and belief and as to those I beleive them to be true.

16
17 I, JEFF A. HAAS, declare under penalty of perjury:

18 I am the attorney of record for Petitioner, GRACE L. STOEN. On Febru-
19 ary 25, 1977, I attempted to serve the Respondent, TIMOTHY O. STOEN, copies
20 of the Summons, Petition, Order to Show Cause and accompanying documents. This
21 attempt was made at the District Attorneys office at 850 Bryant Street. I was
22 informed that Mr. Stoen had recently taken a leave of absense and would be ..
23 away for approximately six weeks. I was not informed of his whereabouts.

24 Further inquiry of various deputy Districy Attorneys confirmed that
25 Respondent was outside of the counrty on a religious mission. Other sources
26 confirmed that Respondent may be in Guyana. As service could not be per-
27 fected, the OSC was dropped from calander of March 18, 1977.

28 I am informed that when Respondent next surfaced he represented to

1 Petitioner that he was somewhere in France. After considerable negot-
2 iations Respondent agreed to meet Petitioner in Colorado. The meeting
3 took place in mid-July at Respondent's brothers home in Colorado. I
4 talked with Respondent by telephone on two separate occasions during this
5 meeting. He informed me, inter alia, that he had been aware of the pending
6 Dissolution but had been avoiding service of process. After indicating
7 that he would not respond to the moving papers, he specifically stated that
8 he would allow the matter to go through default.

9 I have been informed by Petitioner that copies of Summons, Petition,
10 Order to Show Cause set for August 19, 1977, and accompanying documents,
11 were served on Respondent by his brother, JON STOEN, on July 13, 1977.
12 JON STOEN, according to his wife, is reluctant to sign the affidavit of
13 Service because he does not want to get his brother in trouble. I have
14 been informed that the PEOPLE'S TEMPLE has attempted several times to
15 reach TIMOTHY O. STOEN through his family in Colorado. MRS. JON STOEN
16 did not indicate that there had been threats. She did indicate that her
17 husband was confused and upset and that he was trying to decide if he
18 should execute the Affidavit of Service.

19 On August 15, 1977, I received a call from MR. PATRICK HALLINAN. MR.
20 HALLINAN stated that he had received a call from TIMOTHY O. STOEN and had
21 been retained to represent the Respondent. He stated that Respondent was out
22 of the country and asked me to drop the OSC from calander. I indicated
23 that I could not do so.

24 I declare the following under penalty of perjury.

1 SECTION VI. POINTS AND AUTHORITIES RE COURT'S AUTHORITY TO JOIN
2 REVEREND JONES AS A PARTY TO THE INSTANT PROCEEDINGS.
3

4 I.

5 THE DECLARATION UNDER THE UNIFORM CUSTODY OF MINORS ACT MUST BE
6 AMENDED TO INCLUDE REV. JIM JONES.

7 The PEOPLE'S TEMPLE currently has physical custody of the
8 minor child. CHARLES GARRY, Attorney for the TEMPLE and its
9 leader REV. JIM JONES, indicated in a special appearance in
10 proceedings held in chambers that REV. JONES, not the TEMPLE, was
11 claiming personal custody of the child. Therefore, pursuant to
12 California Civil Code Section 5158(3), concerning the party's
13 duty to inform the Court of any information obtained of any
14 custody proceeding concerning the child, such information must
15 be included in the pleadings of this proceeding, the dissolution
16 of the marriage of TIMOTHY O. STOEN and GRACE LUCY STOEN. The
17 Declaration Under the Uniform Custody of Minors Act must be
18 amended, then, to include REV. JONES under Part 4.b. as a person
19 who has physical custody of the child.
20

21 II.

22 UPON THE FILING OF AN AMENDED DECLARATION UNDER THE UNIFORM
23 CUSTODY OF MINORS ACT NAMING A THIRD PARTY CLAIMANT, THE COURT
24 MUST ORDER JOINDER OF THAT PARTY.

25 Section 5159 of the Uniform Child Custody Jurisdiction
26 Act gives the Court authority to order joinder in the present

the parties pursuant to Section 5158 or from other sources that a person not a party to the custody proceeding has physical custody of the child or claims to have custody or visitation rights with respect to the child, it shall order that person to be joined as a party . . .

See also Rule 1254 of the California Rules, of Court which provides

(a) The court shall order joined as a party to the proceeding any person the court discovers has physical custody or claims custody or visitation rights with respect to any minor child of the marriage.

As REV. JONES has both physical custody of the child and claims to have custody rights; it is not only appropriate but is indeed mandatory that he be joined as a party to this action.

14 IN THE CITY AND COUNTY OF SAN FRANCISCO

15 In re the marriage of) No. 719-147
16 Petitioner: GRACE LUCY STOEN)
17 and)
18 Respondent: TIMOTHY O. STOEN)
19 DECLARATION OF GRACE STOEN

20 I am informed and believe that my minor son, JOHN VICTOR
21 STOEN, date of birth January 25, 1972, age 5 is in the physical
22 custody of the Peoples' Temple, Inc. of San Francisco, Calif-
23 ornia; that the Peoples' Temple has taken John to the Peoples'
24 Temple Agricultural Mission in Guyana and that they will refuse
25 to return him to me or to bring him within the jurisdiction of
26 this court unless ordered to do so. I further believe that un-
less this court acts, John will continue to be held in an at-
mosphere that is detrimental to his mental and emotional well
being and that he will be permanently deprived of the loving

1 and stable home I can provide for him.

2 I am a former member of the Peoples' Temple. I joined
3 the organization shortly after my marriage to Respondent in
4 1970. At the time of the marriage, I was nineteen years old,
5 impressionable and looked to my husband, who was 12 years old
6 for guidance. Respondent was a Deputy District Attorney for
7 Mendocino County. He is intelligent and widely read, I great
8 respected his judgment. He was a member of the Temple; I so
9 became a member also. The organization's professed ideals of
10 social justice, racial equality and concern for the economic
11 disadvantaged held great appeal for both of us.

12 I was given the position of bookkeeper and became inti-
13 mately involved with the inner workings of the organization.
14 was instructed to become a notary public in order to assist
15 the deeding of large amounts of real property to the Temple
16 its members.

17 It soon became apparent to me that the organization and
18 the lives of its members were tightly controlled by the Reverend
19 Jim Jones, the founder. The Temple's Planning Commission
20 created an illusion of collective decision-making. The Commis-
21 sion made major decisions affecting the lives of the members.
22 It decided where members would live, with whom their children
23 would live, the career they would pursue and what they were
24 do with their earnings and property. The Planning Commission
25 selected members out for punishment and public humiliation.
26 Public humiliation and the threat of it caused members to be

1 passive in the face of demands made by the Temple. The Planni
2 Commission was in fact the alter-ego of Rev. Jim Jones. Membe
3 felt a general loss of autonomy.

4 I worked in close association with Rev. Jim Jones. His b
5 havior was frequently erratic. Rev. Jones often expressed a
6 paranoid world vision wherein he and his organization were the
7 objective of multiple conspiracies. To protect himself from
8 alleged threat of assassination, he employed bodyguards. He
9 feared attack from within the Temple as well as from without.
10 To protect himself from internal threat, members were frequent
11 directed to sign statements declaring their predisposition to
12 one aberrant form of anti-social behavior or another. I was
13 required to sign such a statement. These statements were re-
14 garded as an internal security measure. There was no suggesti
15 that they were truthful. The statements were intended to be
16 used to discredit anyone who turned against the church.

17 My own life was strictly regulated by the Temple. My
18 minor son was sent to live with other Temple members. The
19 children of other Temple were in turn sent to live with me.
20 Though undermining the nuclear family was not a stated aim of
21 the church, such was frequently the effect of the Temple's
22 directives. The heavy schedule of church duties to which I
23 was assigned often left me no more than 5 to 6 hours sleep
24 per night. Nevertheless, because of the strong love I felt fo
25 my son, I was able to maintain close contact with John, genera
26 seeing him at least four times a week. We enjoyed a warm and

1 affectionate relationship.

2 The Peoples' Temple gradually took control of my life. T
3 regulation and regimentation of our lives caused Respondent and
4 myself to grow apart. Leaving the Temple seemed impossible.
5 Members were strongly discouraged from leaving. Any defection
6 from the ranks was seen as a threat to the security of the
7 organization. Rumors circulated about dire consequences which
8 would befall defectors. Because of my intimate knowledge of
9 the organization's financing, my departure would be viewed as
10 especially threatening.

11 Toward the end of my time as bookkeeper, the Temple's
12 finances came under scrutiny. Allegations that transfers of
13 money had been fraudulently induced began to be heard. Paranoia
14 within the organization increased.

15 Thoroughly disillusioned with the organization I secretly
16 departed in July, 1976. Since leaving the organization in July
17 of 1976, I have made numerous attempts, first acting alone, and
18 then with the aid of my attorney to secure my son's return
19 through informal negotiations with Respondent and the Peoples'
20 Temple.

21 I did not seek a court order because I feared that the
22 Temple would secret the boy in Guyana and deny knowledge of his
23 whereabouts. My last meeting with Respondent confirmed that
24 our minor son was in Guyana with the Temple. Respondent indicated
25 that he believed that custody should be split between
26 the Temple and myself. He further stated that he would make

1 all reasonable efforts to have John sent back to live with me
2 for six months, and that if negotiations with the church failed,
3 he would travel to Guyana to institute legal proceedings. This
4 conversation with Respondent confirmed my worst fears. Respon-
5 dent is unsure of his own ability to secure the return of our
6 son.

7 I declare under penalty of perjury that the foregoing is
8 true and correct except for those matters stated on information
9 and belief and as to these I believe them to be true.

Esther Mueller

I, Esther Mueller, being duly sworn, declare:

I have had several remarkable healings that Rev. Jim Jones has healed me of. The 1st healing was a cancer growth of the throat 24 years ago. He called me by name, Esther and asked me if I knew about the growth. Before he even got the words out of his mouth I spit that mess up and he never even touched me. I believed him. I also got my hand in the washing machine. It was mangled. The doctors were amazed by the healing. They said they never seen a hand like it and called in other doctors to see it. This was 15 years ago. Recently I had to go in for a check-up. July 22, 1977. I had facial pains and sharp cutting pains in my head and tingling in my hands. The doctor was looking at that hand. I told him that it went through the wringer up to my elbow. He looked and turned my hand over and over and said that it was the 1st perfect hand to go through a wringer. And after all check-ups were in he said I had no signs of a stroke. I was in perfect health. He gave me a cardiogram and every kind of a test possible and I was alright. I was also healed of blindness. I had a growth in my left eye. I had my eyes tested recently as times before. By doctors - one doctor said when he x-rayed my eyes. That where there had been a growth in the left eye - It was gone and perfect vision in that eye - And vision in both eyes were good. One outstanding miracle in my life was that I had an ulcer on my leg in 1937. The ulcer had eaten 4 inches of the main muscle and no veins in that leg could be seen. Four toes were completely numb, no feeling at all. For one year I didn't walk, seven weeks I was in the General Hospital of Indiana. All Jim Jones did was look at my leg and now my leg is perfect. Life in my toes and new signs of veins. I thank him. He has healed me so many times, sometimes only a touch or even a glance. I was blind, now I can see, I couldn't walk once. Now I walk.. I've known this man for 25 years, he's a man of his word. At the age of 75 years I'm in perfect health.

I came to Peoples Temple in 1970. I had scoliosis which is curvature of the spine. I was unable to bend my head forward. This motion pained me severely. This pain restricted me from touching my chin to my chest. Also my back pained me almost constantly. One Sunday night in 1975 Pastor Jones told me about the pain I was having. He told me to try my neck and back. I tried to move my chin to my chest and I did with no pain at all. From that day on I have had no back pain and I am now able to bend my chin to my chest. Doctor Preston James, after this, told me that he didn't expect my back to come out so well. Actually I am supposed to be lopsided but I am perfectly straight. Dr. James also said that I was one of his very best patients.

In the year of 1976 I attended Pastor Jones' meeting. He called me out and said, "L. Lee Reeves, L. Lee Reeves, you will be taken care of, you don't have to worry about a thing." He told me that they had a blue bicycle that was going to be painted pink by an Uncle named Don. It happened exactly that way.

He told me to rub the bicycle, with a cloth that he had given to me. That it would prevent a fatal accident. Soon after my children were riding the bicycle and lost control. They went into the street and fell. Thanks to the Pastor Jones, they were not even hurt from the fall. I thank him.

In the spring of 1972 I attended a Peoples Temple service in Redwood Valley, California. I had been having palpitations of my heart when I would walk fast or have anything exciting happen. I was doing nursing work and this would occur frequently as I walked down the hall in the hospital. Pastor Jim Jones spoke to me publicly in this service, and told me to place my left hand over my heart and my right hand on the lady in front of me, and to think of my own heart as normal. The lady in front of me then was told she had heart trouble and that she was now healed of a heart condition. At the same time, I received a healing of whatever heart condition I had and I have not felt palpitations of the heart since then.

In 1971 in Los Angeles, California Pastor Jones called me out and told me I had cancer of the bladder and had no control of my urine. This was absolutely true and I had told no one this but I had this condition about 6 months. I couldn't hold my water after I started. It seemed as if I had no feeling once I started to urinate. But it would keep flowing, sometimes after I would get up. No one knew this problem except myself.

For years, as long as I can remember I had terrible pain in my back. I went to the doctor, and was receiving corotizone injections twice a week. The medication did not help the pain. I had pain so bad I would hardly be able to get up. I went to a church meeting one Sunday. Pastor Jones sent a nurse to me and told me my every symptom. He told me he was healing me from cancer of the back. I had told no one of my condition at all. Today I feel beautiful, I have no pain what-so-ever.

Irra Johnson

I, Irra Johnson, being duly sworn, declare:

I was working out of town some 60 miles and coming home one evening and I noticed a strong sound on the left side near the front tire that sounded like the tire was rubbing up against something. Being quite concerned I stopped at a service station to have it checked. The man there told me it was nothing to worry about that all it needed was a little oil. Feeling confident I went on about my journey home. The noise continued but I kept on driving assured that everything was okay. When I got home I got out of my car and stepped over to speak to someone in the yard. The entire wheel on the left front side fell off before our very eyes. Instantly I knew that it could only have been the power of Jim Jones that kept me safe during those 60 miles.

I had written a check that could not be covered by the bank and the business I wrote the check to made a complaint to the local sheriff's department who when realizing I was from Peoples Temple called up Jim Jones to let him know that one of his members was in distress. Pastor Jones has done so many good deeds to help people in the community, to be law abiding and a perfect example for his members to follow. The sherriff knew that all he needed to do was to notify Jim and he knew that the situation would be taken care of. For indeed it was Jim who paid the money to the business that made the complaint and offered me financial assistance until I was able to get on my feet again. I was extremely grateful because not only was I saved from a jail sentence which it would have been because I had no money to pay the bill and because of the financial assist I received I was able to live comfortably until I got a job.

I had a terrible bladder infection two years ago. I had to urinate every 5 or 10 minutes, and was barely able to move without crying from pain. My doctor told me that it would be at least two weeks or even three before I'd be functioning normally again, and without pain.

On the following Wednesday, only three days later I was in the Wednesday night service, and Jim said anyone with bladder infections think on him. He put his hands out and moved them around in the air. Before I knew it, the pressure on my bladder was gone, and Jim said, "now the pain should be gone," and it was! Tests were scheduled to determine exactly what the problem was. I had said nothing about this condition to Pastor Jones or anyone in Peoples Temple. One night Rev. Jones just turned around and looked at me with much concern, as I was in a lot of pain at the time. The next day I went back to the doctor who checked me again. I lifted some heavy furniture once and I felt my back strain. For the next couple of days I had such terrible pain that I felt I couldn't even stand. Pastor Jones sent me a cloth. When it touched my back the pain left immediately. Now my back is strong and I can lift things without pain.

I, Terry Jones, being duly sworn, declare:

One morning in December of 1974. I awoke to cook breakfast. We had a gas stove. The gas had been leaking all night. I turned the burners on though I did smell the gas. It was a grill. I went to eye level with the grill and lit a match. I wasn't close to the burner but the whole stove blew up with gas. The force blew me back 4 feet. Fire was all over my hair face and top half of my body. My shirt was burned (not wearable) but the only thing that happened to my face was my eyebrows and eye lashes singed. This happened at 7:00 AM at 7:05 PM Lew Jones called me, he told me Pastor Jones had woke him up and told him what happened to me. He told him to call me to see how I was. Lew repeated to me exactly what had happened.

I, Helen Swinney, being duly sworn, declare:

I had suffered severe feet and leg cramps in 1964 and 1965 and in spring of 1966. Pastor Ji Jones healed me. I have not been bothered with cramps since.

In the fall of 1976 I spit up a growth that was literally cutting off my breath. It was spreading rapidly in my throat. Pastor Jim Jones spoke the word and it came out. The pain stopped immediately. In 1967 we had been in California about 6 months. Jim Jones called Cleve (my husband) out and told him that our oldest son Robert and his wife had been in an accident - one that could have taken both lives. But Pastor Jim said he saved their lives. He said at the time that Cleve and I could have taken our lives also. The next day we received a call from our daughter Joyce telling us about the accident. They said that Robert and his wife had a very narrow escape from death. Our son telling Joyce about the narrow escape said it was like slow motion - a car had pulled out in front of him - he was traveling 75 miles per hour. He said as far as he was concerned there were no escape from death. He said he could see himself and his wife layed out dead. I had the privilege of telling them about Pastor Ji Jones and how he had saved their life.

I, Lue Dimple Goodspeed, being duly sworn, declare:

I have been a patient of Dr. James Gato on 1st and San Pedro Streets in Los Angeles, California. This was in the year of 1953. Dr. James Gato told me I had a weak heart, bad kidney, and a nervous condition. I suffered with this up until the year of 1973. I was sitting in Pastor Jim Jones' meeting and he repeated the same words that the doctor had said to me. Pastor Jones told me that I received perfect health at very moment. I then went to Dr. Hermon C. Schpen, M.D. on 6200 Wilshire Blvd., Los Angeles, California. He gave me a physical examination on July 31, 1975. He said my body was as sound as a stone, there was nothing wrong with my body.

Again in Pastor Jones' meeting he called to me, to build my faith, the names of all my family and my birth date and year. All this was true and he also told me that I was worrying too much. He said that by April 14th at 3:30 I would have suffered a heart attack. He told me this on April 13th. Sure enough on April 14th at the very hour that he said it would happen it did happen and I felt his presense all over my body and felt much better like I could or would be truly willing to testify to the fact in person that all I have said is true.

I Lue Dimple Goodspeed have been one of his followers for the past five years.

I, Michelle Touchette, being duly sworn, declare:

I was told by Pastor Jones on December 29, 1974 that I had Leukemia. That day I went to the St. Joseph's Mercy Hospital in Guyana, South America. My white blood count was grossly elevated. When I came back from the hospital he said everything would be alright. I then went to Fomo Clinic in Mendocino County California, USA for a complete workup on the condition. All test results came back negative and the once grossly elevated white blood count returned to normal. My physical fatigue and debilitated condition resolved and I have no longer any medical disability.
