I made final entries, wrote a memo to Dick Tripp on what I had learned about Marshall Windmiller's schedule - that he is not teaching the "Film & Media in Int. Rel" course - & also that he is responsible for "World Press," a KQED TV prog - then typed cards

My seat was occupied on bus 12 - as Irene Mason, a one who is blind, had got on the wrong bus, I was changed to bus no 10 - I specified that I not sit in one of the seats agst the wall, as the backs do not let down, & I offered I needed to sleep for which time

The buses left at about 4 or

I rec'd Amer Radicalism as long as there was light - we went by route 5 - there was snow on the Ursperine, quite heavy on the northern side

When I tried to put my seat back, the mechanism would not work & I didn't sleep any before the stop at B.W.

The bus offering was taken w/a good deal of earnestness & one of the Hicks sisters was hostess - this bus carried a mixed crowd of pros & others, incl. children, & they were as cantankerous as those on bus 12

At the stop I helped Irene Mason to the bathroom, as no one else was assigned or volunteered - Viola Goldsmith was being helped by Ray - she always gets permission

from Council to stay behind if Roy is not going - We agreed that people should be assigned to help the handicapped - but the nurses are so busy that they have not had time to take care of all details

As my seat could not be fixed I was changed to another seat down the back - behind me was a young man who was ill & was vomiting - the woman next to me resented having seats changed so often - she was fat & sprawled into my area - however I slept well until the next stop, which was at 11 30

There I rose - the night was not as cold as F night was there I got a little chilly, not having any thing but my coat to cover me

I didn't sleep on the rest of the journey

We arrived at SF at 1 30 - but 10 dropped people at 2 Communes & at the Te - people from 1029 Bway came off other buses, & we were taken to our Bldg - Bates had just got in - my suitcase had been unloaded - Bates and I talked about the disagreeableness of many of the nurses - she told me of the arguments which had occurred just before I boarded bus 12

I went to bed at 3 00 but it was still light

I did some wk on my final

Then Marie started to tell me about her sister who behaves in a deranged manner - she really seemed to need a more experienced person to listen to her & proffer a little advice

Lee came over, obviously irritated, but instead of saying our talking interfered w/her wk or telling us she now had assignments for us, she seemed to blame us for not wking

I reacted angrily as I had not been given any wk to do & had not done anything on ATS since bef Christmas - I had asked F quietly & tactfully asked for assignment to the ATS - she repeated what she has said bef, that all

circulatory - I that I got a dream
that she wd let us know what wk

the feeling I am just a flunkey

Don went to talk to Betty + then

I spoke on the evilness of blacks for "Roots" - we can't effect anything helpful to come out of a big TV network - the series will end as an affirmation of the BC effort in Comm, just wait & see - it will be shown how foolish it is to revolt - the author, Alex Haley, is a sell-out - it the money to go back to Africa to learn about his ancestors - I isn't interested in where he came from - Haley refused to commit himself when Malcolm X was killed, he wanted to be impartial - the slave cabins like the Allpurpose housing

I spoke on the dif. btwn the sentences rec'd by those who steal bread to feed their families & the sentences given to violators of anti-trust regs. & wealthy evaders of income tax

I discussed the Housing Committee

The mtng was over at 3:15

I intended to go home directly, so as not to have the traffic I had last wk, but Ilet Helen Love persuade me to stay & eat - she was going home afterwards & not getting as she didn't want to see "Roots" - we got seats at the ward table but space was extremely limited & I gave my seat to Lucille Bagley's - there was no indication of when we might be served so I decided to go home after all.

I was delayed further because Verdelle Duncan said her husband was coming for her & we gave me a ride - however, something went wrong & he didn't come - Verdelle told me Thom Taylor said food was being served @ shop in Gold Run - I went to check on this but no one was there -

Weinberger sent an amendment making some new appointments - Galbraith was appointed over Butler as Litigation & Legislative Counsel & Virginia Thomas, who was brot in by Wasilt., was made Admin. & Management Off of the dept - there was much disappointment expressed by Butler's staff, plus the unhappiness of many of the secretaries on account of the crowding resulting from the remodeling - I wondered if Betty Vasile's position was affected by Virginia's assignment - I bet Don talked this over w/ Betty but did not let us have the info

Wkd most of the day on the file index

When I got home tonight, Virginia x had been moved in to the room across from me & Lavanne James was to share the room, altho she spent the night in their former apt across the hall - my roommate is to be Wanda King - Virginia has some kind of speech difficulty, tho she tries to express herself. - Lavanne spent a time w/me in my apt on Bell St. & mended my underwear - she has since been in an automobile - altho I saved her life she still suffers some ill effects

I went to the Coop & bot groceries

Estelle left on a long trip for the Te, post handling estates

I pressed clothes

Had a snack & rd mags

Went to bed about 12:00 - Wanda stayed w/Ruby Johnson who isn't feeling well - she is Ruby Carroll's mother (C-2-A-6 (25))

Rested & slept - Wanda was surprised
that I slept so well while she was
moving around the room

Lavanna moved in across the hall

I prepared & ate dinner & washed
the dishes

Went to the serv at 7:30 - I talked to
us on the radio for a long time, describing
everything at our mission in Guy -
he asked that the Coop vote whether
he should stay there or come back -
we overwhelmingly voted for him to
stay in Guy

The serv was out early

(over) C-2-A-6 (26)

Carrie Langston, who usually stays
w/ Estelle asked whether we had room
for her – Ettie but her home
I went to bed about 12 or

18 Aug - Sat

I got up around 8 a.m.

Prepared breakfast for Carrie & Wanda - I made biscuits, which I had to bake across the hall as our own pilot light is off, & cooked sausage

Went to the Te for serv - Phyllis was there & had more wk for me to do - I typed some affidavits & also did some calls for Laurie - I were to thank George McManus & Thomas Fleming for their remarks on ff & P.T. on KCBS "A Question of Relig" & in the Sun Reporter respectively - the third was to the Chronicle on a summary of the Te case slanted agst us

The acting off. was vigorously ~~of~~ seeking all its ~~dues & pigeons~~

The serv. was out at 2 p.m.

I went home to eat, accompanied by Etta - in the hall of the apt house I found a lost kitten & I took him in, gave him water, milk & some meat, putting a notice for the owner on the

elevator

I prepared food & shared it w/ Etta
Had a 2-hr nap
Etta + I retired to the sew at 6:30 ✓

was hot + she was restless
11½ Etta told me Mabel Johnson had not
gone to Guy yet because she wished to
arrange for her son to go too, as she is
afraid he'll be in jail again - he
wasn't in sew today, so we agreed
his pt doesn't lk very good - Kaye
Ropes is still here w/her little girl,
of whom someone else is the legal
guardian //

Don is on vacation this wk + I moved back into the 3rd Floor Ctr occupying my former desk

Marie told me that she was informed by Cathy + Don that Ly Dept going to be reorganized - they were told by Betty Veit because they were going to be on vacation this wk - Betty is very downcast - Marie expects 3rd Floor Ctr to be abolished - don't know what will be the effect on my job - Betty, Marie said, is going to give details to her admin. Asst this wk

I spent the morning finishing the corrections on the File Index + turned over a typed copy to Betty

Marie spent most of the day making arrangements for her move

Don wk came into the office

I ate outside - the hot weather contd

(over) C2A-6 (30)

I spent a little time on girl entries

X Went directly to the Te & ate — dinner was very good

11½ Wrote ltrs to Thomas Fleming of the Sun-Reporter & George McManus of KCBS for their coverage of the Te controversy for Laurie ||

I exercised

Wanda vacuumed the floor in the apt — she seemed annoyed at having to do the wk

I rd mags & listened to the radio

Saw an announcement in the paper that the Te was to be featured on a KNBR prog at 8^00 — I phoned the Te & the nurses' off — however, a baseball game was on instead

I was preparing food for Tom's lunch when Jim Randolph arrived, wanting to use the Teleph — the KNBR prog had started at 10^00 & he was to call in — we plugged in my radio & listened —

(cont'd) C-2 A6(31)

29 Aug - M-2

the prog was a disc w/ Marshall Kilduff & Phil Tracy, authors of the New West article, who were answering questions from the radio and. - the moderator of the show was a woman who seemed to encourage hostility to the Te - many of the callers claimed to be former members who told of "beatings," being coerced into giving up property, & so on - Deanne & Mark Lenske, giving false names, called in - some Te members got through - Phyllis Houston tried from the downstairs phone but did not succeed - she came up, & we all listened until 12 or when the prog ended

Grande had come in & gone to bed

I went to bed at 12:15

30 Aug - T

Spent most of the day trying to enter the file index mater from the Mag Cds into the computer - I got some instrucs from Susan Winterstein at the Computer Ctr - some adjustments have to be made - this aft I entered all the cards + ordered a print - out, from which I can make changes tom

Susan was over to confer w/ Virginia Duncan + told Kane + me she was making recommendations for the Legal Depts' computer + typewriter needs - this will take sev wks to act on so it is unlikely my assignments will be rearranged very soon

At lunchtime I saw a film, "Tomorrow's Saudi Arabia," in the employees' series - it was a BBC production, about 50 mins long + covered many aspects of the changing life in that city

Kay wh came into the off

(over) C-2 A-6 (33)

The weather became cooler in the afp.

Went to the Te after work to eat. I had written up Viola Godsalk's needs as well as my own but forgot to turn them in - I got home & had to turn around & come back to the Te

Wanda again seemed to be offended w/me about - I had made up my mind to remind her that I am nearly 62, am holding down a full-time job which has much pressure, & that many people expect me to do as much effective work as a younger pers. - however, I never got an opportunity

Virginia had gone to the hosp for an op., but rested today & saying it turned out not to be nec

I didn't exercise but cleaned out & rearranged the items on the floor of the pantry - some of them are

30 Aug - T-2

Items left from the Te Kohe - sales, & the rest are mostly pots & pans brot in by the numerous people who have lived in the a/s - I tried to keep out only articles of various sizes which we might need at the moment - Estelle is still away

Rd mags

Went to bed about 11.30 - Wander had been in & out but came to bed later

Serv. was at 7:30 - Wesley Johnson + Harry Young presided until Harry arrived

Volunteers to distrib the Te mp, "The Eagles Forum," were requested to cover routes formerly handled by those who have left for Guy., + the loan of cars was sought to help

Members who will remain here while others go to L.A. were requested to take security posts - response was not very good

Homes were sought for five dogs which members had to leave - three of them were placed

2 Serv was out at 10:00 - I got my Muni pass for Sept.

Went home on Muni w/ Mabel Johnson - her son was waiting for her - I was told he is the reason she has not left yet for Guy, but he has not been

Dorothy was back but she didn't feel very well all day - she seemed quite pleased at the way in which I had carried on in her absence + that there was no backlog of wk

I spent a good pt of the day on Barb's workload, putting it on the PTS computer + running off a copy

At lunch time I attended Weight Watchers w/ Mary Cwolina, although I didn't think I wd attend more than once - I wanted to get their menu suggestions - they charge $2 for each mtg (Bechtel pays a dollar) + $4 regis fee - each person was weighed, then there was discn on people's problems in staying w/ the diet. about 12 women were present - Mary isn't following their diet exactly tho she has lost consid wt

Maggie Fleming brot in a big job which listed in chart form the people having powers of atty on behalf of Beck. - Don Wheat did the requirements, then had me start to put the info on Mag Cd & the ATS machine - I worked on it for a couple of hrs in the late afternoon & at home I depressed

5½ hr - F

For the third time this wk I overslept or got up late + so didn't have bkfst. The off. was in a state of bedlam most of the day — both computers were busy all day + new people came in to put directory AFS — Don th Kate Walker to task for using the computer for correspondence — Kate has difficulties w/some office procedures + I bet she didn't know how she cd have used MagCd instead — there was no outing of the minds between the two + Don reported her to Betty Veal whom Kate did cb with. Betty came down to talk over the matter w/Don but I don't know the outcome.

Maggie had corrections for the powers & ally doc but Don had me wait to do that, as I was assigned first a long memo from Phil Bernal, on a revision of a ~~previous~~ form — while I was waiting to get instructions on that, I balanced my checkbk

Bernal's memo was a revision of a draft & was in very haphazard form — It is to be put on MagCd II

Cover C-2-A-7(14)

I spent most of the morn. on it & during the aft had to make corrections & revisions in it which involved techniques I had not sufficiently mastered - I became nervous try[ing] to get it done by closing time & a little irritated w/ Doro instructions

In addition to [illegible] Betty's wishes, Dor [illegible] a self-sacrificing attit which I find unnecessary & harmful & she eats lunch at her desk, never goes out, & I find doesn't even go to the bathroom when she needs to - late in the aft her feet began to swell, a condition she acknowledged was just brot on by not going to the bathroom

I was most annoyed when she pushed me to finish Bechel's memo, even if I had to stay overtime - I was finally allowed to stop only when Bi's secty informed us the memo was not to be prepared for distrib anyway

I was most disturbed because I did not have time to learn the new MagCa techniques & no time for a break in order to do a few pers tasks - I did eat lunch at my old desk & I put my pecan plant which Lor had given me in a pot [illegible]

Got up at 6.30

Before I left for the dentist I tried on some clothes which had been too tight for me; some I can wear now

Took the bus to my dental appointment at 9 or - Dr. Judge put the new crown in - at my request he did not use novocain - he was through at about 9.45

The day was overcast

After arriving at the office about 10.15 I finished the Beirut job - I wanted to have Tubb w/it & had to make more corrections

I ate lunch at my desk

In the afternoon had me make corrections on the computer in the Powers of Attorney job for Maggie & then feed the changes I had done into the computer to finish the job, a new technique for me to learn - my nerves were still on edge & Don made me nervous, so I was exhausted at the end of the day - O'Neill rec'd word that 7 mags were being sent to him from N.Y. & Don had me go to store & order them - I was fifteen

Bob O'Neill had told me yest that

Valita Robinson was leaving - she has never liked working for Barney Johnson - Annie Malang is taking her job - Annie's boss, Ralph Talbot is being transferred to Paris - Tom Thomason has already left for Kuwait

Late in the aft I got a request from Ron Hartsough for overtime wk - I stayed 3 hrs, taking dictation from him on a Cattey contract - I typed a telef & a draft & revisions & etc, plus some proofing

Slept a little later this morn. as I didn't have to put up a lunch & decided to have only grapefruit for bkfst because I wd be having a big meal at lunch

The weather was cold & overcast w/rain threatening all day

This morn. I had no where to go & the off. was peaceful - I made yesterday's grind entry - ran off the list of Te commitment payments made - I have been keeping this since the Te adopted the pol of not having checks made payable to it, as I need an accurate record of my contribs - I then carried on w/ the list of pers. expenditures - Elva is always on the reports she's upset to get in but she doesn't concentrate on them very well & frequently stops to converse - today she was complaining that she can't get these w/the rpts because of interruptions - Bob O'N had suggested she might be able to work in an unoccupied off, & she might ask about this possibil.

Bob O'Neill was working on a contract on the computer & was distressed when

Clark gave him another which had to be put on Reg'le today - I offered to do it & Don approved

Chas Smith brot in a draft of a memo which he wanted done by Reg'le for the luncheon in honor of Ralph Talbot & Tom Thomason, about twenty mins - it was single-spaced, in Techn lang & I thot I wd have diffic in making it out, so I told him I'd do it but asked him to read it to me while I th it down in shorthand - I intended to miss the beginning of the party which I didn't mind as they were having drinks first

However Lord, who had been out of the office, & Bob Owen came by asking for Smith, as they wanted to get a table to go to the party - Owen & Don advised Smith to let the memo until after lunch - I asked if I cd come in the table w/them

The luncheon was at Benihana of Tokyo - Beckt paid for it, incl as many drinks as people wanted - I had pine-apple juice

In the banquet room we were seated

facing each other & the cooks worked in the center where we cd see them prepare the food - we had shrimp, steak, mushrooms, squash, onions, bean sprouts served w/ rice & sauces

Plum wine was served w/ which to toast the honorees - Tom had already left but Nicie & Annie, who had made the arrangements, had a teddy bear to stand in for him - farewell gifts had been provided - short speeches were made, and one by Lew Hentz who is going to head Ralph's unit - the party broke up at about 2 am

I walked down w/ Shirley to take the theory bus back to work

Lew had not gone - her feet are swelling her shoe & she doesn't have good fit of shoes

I presumed w/ on Smith's memo - he finished dictating it & I put it on mag cd - however I had difficulty w/ it - after I had finished it, he brot it back w/ more changes - I was frantic, as I still had O'Neil's contract to finish - however, he told me Tom would be all right for it, & I got away from the office only fifteen minutes late

Didn't put up a lunch nor have any bkfst, as I planned to eat out again today, joining Gail Carney and Norma Bondoc in taking Valita Robinson out

I finished Bob O'Neill's contract

Joined the girls at 11.45 and we walked up to Orsi's on Bush Street - it is an Italian restaurant, was very crowded - the others had cocktails; I had a glass of wine - for dinner I ordered oysters but did not think them exceptional - with them had spinach and rice

Norma works for Fred Abbott, Gail for Ron Hartsough - both said their bosses treat them very badly, are inconsiderate and demanding - Gail had wanted Valita's job which Annie Malang is getting and she was bitter about this, resentful of Annie - Valita told about Barney Johnson's treatment of her - apparently he gives her no consideration and she finally decided to quit

We were late getting served, but when I got back Dorothy was not unhappy with me

During the aft. I had a chance to do some personal work - I finished listing Jan. expenditures, listed proposed expenditures for the rest of March

Did my exercises tonight

I felt well today

I had considerable work all day. I did some memos for Maggie on MagCard - in the afternoon had a tape to transcribe for Charles Smith, an analysis of a contract about living quarters for workers at a project in Rock Springs, Wyoming

At lunchtime wnet to the PG&E building to hear the San Francisco State Univ. lecture in the xIssues and Answers series. The speaker was Ray Miller, who had talked before on subsidies and regulations - today he spoke on "Inflation" - his talk was very well-organized and clear - at the end he answered questions - some of the points made were the tremendous extent of military expenditures in the world, the ability of huge corporations to create demands by advertising, and the demand of the underdeveloped countries aa greater share of material benefits - though he mentioned the possibility of problems getting out of hand and breakdowns which might result in nuclear war, he did not think disastrous changes were inevitable - he admitted to being worried about the economic situation in Italy

I had my lunch during the talk

I asked Dor. if her reference to Hartsough's being a "playboy" implied that he might have expected sexual favors from Gail, she said she did not consider this likely, if only because he couldn't get away with it

The weather changed today and had turned cold by the time I left the office

I brought my dress material & Joyce measured me - I had phoned her during the day and she told me to get a zipper, thread and facing for the hem, but I didn't have time tonight

Dale made announcements concerning this weekend - many changes will have to be made because of the large number of guests and the many speakers we are having

There was much congregational singing

Dale announced J. was at the airport - would be coming right in - he started to take the offering, saying we should get that out of the way - however, J. arrived in the midst of it, a little before 10.00

Shouts and applause greeted J - he then left the podium while the offring was continued

When he returned, we sang several more songs
J. remarked on a number of different topics -
our mission is trying to become self-sufficient -
our agricultural production is outstanding -
we have just harvested 60,000 pounds of yams,
which were sold to the government - he left the

Africa, even if a sports or movie star; they are faithful to principle - the CIA has been trying to interfere with them but has not succeeded

Progress in our mission has been phenomenal - dorms have been built for our students so that they can live and eat together - there is a mattress provided for almost every member, & clothing, sheets - all supplies are inventoried - $300,000 wotth of food and clothing is ready - J. got on the radio and revealed the infamy of the CIA to the entire socialist world - they had had three days of catharsis during his stay - Pop Jackson built walkway to and from our installations to protect our feet against mud - "Let's get there, why don't we?" - he indignantly inveighed against those who were too proud to ask people for money

He took another offering, during which gave an amusing account of how his party had been loaded down with so many spare parts and other equipment which was needed immediately that the plane could barely get off the ground - his serious point was to convince us if he would risk the lives of his people and have enough faith to know that the plane would not be in danger, then we should venture out to bring in more money

J. mentioned a "white bitch" who had gone out and done some harm to the Te while he was gone - he said he was meditating on her

One disciplinary case was handled - a young girl, 12 years old, impeded a teacher in a hallway and when confronted had called the teacher a "bitch" - she was asked what she should get - she suggested 35 swats (as a clever compromise between the 25 and 50 people were suggesting, which J. said showed how bright she was) and raising $100 in 2 months

J. mentioned that he met the vice-president, "which they say was an honor"

J. is to receive his appointment to the Human Rights Commission tomorrow - he was not flattered by the appointment, which was not as good a one as he was led to think he would get from Moscone

I phoned Christians as I had forgotten when we were ppd to arrive at the Tetons - I thot it might be 6 or but Bob said it was 7 or - however, he said Valishe had a thousand people to take to serv., so I said I wd take the bus

It's the reason Christians don't have their car is that it was repossessed surreptitiously - altho they had made the payments to Houston, wd had not reached the agent in SF - the car was taken the eve of the day payn was due - they had reason to tel the police were involved - they got the car back but the gas tank what had

Invitation - there seems a group of people who - push themselves - pledged to lead people for Christ - have set principles - downgraded practices - it was corrupted - the S.S. has become an open city - other religions and false beliefs have taken - that help them get ahead - lack of education may be the reason - with resources we have, prisons, is not the ans. - people aren't rehabilitated in county jail - media has demonstrated by our time - he should be freed again - there will not be able stand. in my dream - truly wish to be pastor - the people - feels the congr. understands him - he accepted

I spoke on building my connections - there people come here because they know that I love you more

21 March - Su

Woke at 9.00 - bathed

Prepared bkfst while the others dressed - for brfst I gave my guests applejuice, hamburger patties, fried eggs, toast, jam, Sanka, carbo milk for the child.

The two children with Lue Ester were two little girls, Lisa Williams and Lawanda Mitchell - ~~I don't think they're relatives of hers~~ - Lisa is her own child

Vicki washed the dishes - one of the girls was supposed to help her rinse but I don't know whether she did or not, as I was dressing

//1 We had some diffic. getting everybody through in the bathroom//

We agreed it would be good to get to the Te early - I had Vicki leave the rest of the dishes - I called a cab - we left at 11.00 - service was scheduled for 12.00

We entered the Te by the back door as we had last night - tho the line was not long, the auditorium was already nearly full - I was given one of the usher' seats - I tdidn't have my head scarf - thought I had lost it during search or sign-in - bought one from one of the women from L.A. who was selling them, as I couldn't be seen taking offering without one

The serv started at 12.00 - prelim. announcements were made - a telecast was being made downstairs - KGO had wanted to broadcast the "Wire Choir" -- those who are trying to lose weight by wiring their teeth

The choir sang

J. introduced the first speaker, Fred Furth, who

as an attorney had represented us in the Exam. matter - he is running for State Senator - has always reprs't liberal causes

Next was Harvey Milk, who, J. sd, had had the courage to back the gay movement - Milk said he had dedicated his life to building bridges between people - he is running as a State Representative - asked for our backing

J. took an offering by sum - when I came back my seat had been given to someone else - many guests had come in and those of us who gave up our seats were told to come down front and sit on the platform, which I did - it wasn't comfortable but I had an excellent view of the rows of distinguished guests and by craning my neck could see the speakers

I had a particularly good view of the young women who presented their African dance and Frances Johnson's group who presented their dance about conditions on the slave ship

I was particularly interested in watching Angela Davis who was sitting on the front row - she paid very close attention

J. presented a series of speakers:

Dennis Banks is being moved to Oregon where he faces charges - J. said it is likely the Ore. gov. will be more favorable to refusing extradition of him

Willie Brown - expressed his opinion on whom to support for pres - after observing all the candidates his advice was to vote "no" - he spoke about Cezar Chavez and the Labor Re. Bd.

21 March - Su - 3

John Maher of the Delancey St. Foundation - a white man

A representative of the nation of Islam

Sheriff Hongisto who was very emotional about the situation which had developed regarding Chief of Police Gain - he spoke of the issue concerning Gain's banning the Amer. flag from his office, which had been used by the media and the rank and file police to stir up discontent - he said the press knew about the flags two weeks ago - he could only speculate what their motive is in revealing it now - he warned that powerful forces were trying to get rid of Gain

J. led the congregation in sing "A Mighty Fortress is Our God," inviting the audience to pay attention to the way in which we have changed the lyrics to indicate that socialism is our god

J. spoke briefly - right away he used the word "shit" saying the Bible is full of it - he joked that he meant that the Bible used a word which was even dierier in their language: "dung" - Hongisto particularly seemed to enjoy this and other cracks about relig. which J. made, for he ran the gamut, i.e. I graduated from a cemetery, I mean seminary

J. then presented Angela Davis - she is slender, with rather light skin and hair, but with an Afro - her voice is soft and her accent cultivated - her scholarly background was obvious

At this point I was offered a seat about three rows down

Angela gave a long speech - she said she was grateful for the help given to her by the Te - the bulk of her talk

C-2-A-7 (72)

was on her work on behalf of prisoners - she gave details about the numerous people in jailon account of their relationship to progressive causes - N. Car. is a particularly bad state - she asked us to write letters and to join a demonstration to be held on Labor Day in Raleigh, N. Car. - she emphasized the neces. of all standing together

J. said we would try to send a delegation to the N. Car. rally - he took an offering, the proceeds to go to the cause of the prisoners for whom she was working - I gave $5.00

J. healed several people while the guests were still present - one woman had a cancer removed from her body being

J. dismissed the meeting at 5.30 - the meal was served outside

I got a ride to Hayes St. where I took a bus which came along quickly

Was home at 6.00 - nevertheless had only time to eat - had hoped to press clothes - the eve. mtng was sch'd'd for 7.00

Did not start back until 7.10 - I bro't Beulah's blanket which she had forogotten - had found my head scarf at home - had to wait for a bus for 30 mins. - arr'v'd at the Te about 8.00

Serv. had not been in prog. long - testimonials were being heard - J. was on the podium

Rick Cordell tk offring

A group of little girls sang "Git Away" with gestures

J. gave a series of warnings, rather than bring the culprits on the floor:

C-2A-7 (73)

To those in communes who bear tales or tell lies - blood relationship doesn't count - "we're going to see that everyone works out his own plan of salvation"

Those who think they can have affairs with outsiders: write how you're going to make recompense

Anyone abusing a child sexually (a man): cease

A minister's son who has shoplifted, impregnated your seed; you will keep the rules

J. spoke of today's mtng - Angela had said: Let me count this church my church - we got TV pictures of all the officials today with their hands up in salute - this represents insurance for the future

After a brief meditation period, J. disms'd mtng, urging all who felt they shd give s'thing, pref. $3.00, to come to the altar - most of the congreg. went up - the mtng was out at 9.30

I talked with one of the L.A. women who had been on the bus last night - she sd. they had never gotten any lodging and had to stay on the bus all night

I had a long wait for the Christians - then Vern was held beh. the concession stand until 10.30 - I had a talk with Gene Chaiken, who got himself some bread & peanut butter from the kitchen - he doesn't mind living and working in the same place, as he gets out to appear in court and so on, tho he admitted he doesn't get any exercise - he missed the agric. work in the p.l. which was the kind of work he would have chosen rather than law had he known more - "but I'm good at the law and this is the way I can serve right now"

comments on the budget as a whole

At this point 2 men seized the microphone
& insisted on expressing their point of view
on the process as a whole, insisting the
procedure was a farce - they represented
the Labor Party & denounced the Mayor &
his colleagues as exploiters of the people -
some shouted at them angrily, more
clapped their hands to drive them
out, & Moscone advocated ignoring
them, saying they wd get their
turn - this they did fairly soon

ments and back - arguments as the

increases for each off. - When the
assessor's off was considered, feeling was
high as homeowners assessments were
increased last yr - one woman sd:
"take the rich off welfare" - she wanted a
higher payroll tax, municipalization of
PG&E, a tax on banks & ins cos., now
illegal - another woman proposed a sewer
tax on high rise bldgs - one man pro-
posed a correction of a commuter tax

A member of the Civil Serv Com,
when that off was discd, wanted more
jobs for minorities

When the Dist Atty's off came up, our
reason for being there was evident, as
ser of our people lined up at the micr-
phones - each presented a partic point of
view based on his or her profession,
advocating more funds for the D.A.'s off -
Those who spoke were Carolyn Lorman,

Prepared a meal, ate, & washed dishes

Bus up at 8am - we had for bkfst apple juice, eggs, hamburger patties, toast, Sanka & canned milk - I had the girls leave the dishes, as we wanted to get to serv as soon as poss.

We left at 9:30 - serv. was at 10 am

I was at the door & we didn't have to go through search nor sign meditation sheet

Two seats were left on grnd floor, on aisle of huge crowd & seats being saved for Muslims & other visitors - Beulah & I went up to bale - I came up to bale & had me move down-stairs, as white people were needed to integ. the audc.

Laurie Efrein and Dick Tropp played classical music on the piano and cello

Tim Stoen presided, introduced Dr. Karl Irwin, who gave the invocation

The New Birth Dancers (the Te girls who do African dances) performed

Tim introduced Jim who introduced the choir, which sang "United We Stand" - the congregation sang "Lift Every Heart and Sing" - Norman Ijames ang "Sing a Song of Freedom" - the congregation sang "Born Free"

The visitors, about three rows of them, had been coming in with their Te companions - I was not sure which of them was the reporter whom J. considered a threat nor which was the reporter from the Examiner whom he had invited - J. introduced some of the guests: Willie Brown, District Attorney Joseph Freitas, Dennis Banks, & a rep. of the Nation of Islam

C-2-A-8 (10)

J. said he had been asked to "sermonize" - ordinarily he did not preach but answered questions, saying he preferred to respond to what was on people's minds - this he did now - some of the questions concerned his attitude concerning hell (he believed God would not be less kind than he, a human being, is), eeuthanasia and capital punishment (he was extremely cautious about giving people the right to end life and was opposed to capital punishment), what made him work so hard and what was his view of his role in regard to human service (these he movingly explained how he felt about the intense suffering which others endured, such as the mother in Ethiopia with dried up breasts whose baby was starving - "I'm a human being like her and my children have enough to eat, why should I be privileged?" - he received two questions about healing - the first was a white woman who complained of a pain in her neck and back - tho he explained that he did not like to emphasize his healing ministry, there was no doubt that some people have such gifts - there is not accounting for why some people are healed and others not - he thought compassion might be the clue, but he had had a great deal of compassion for some whom nevertheless he had not been able to heal - the second person was a black person who also had back pains - J. asked her if she was not jealous because he had healed a white person and she had not been healed - she said yes - he was able to heal her - he added that he had had to make an effort in this case, but he could not heal a white person and leave a black one in her pain

// whom he healed//

J. dismissed the meeting at 1.00, saying that those who wanted to speak with the nsp. reporter could come to the platorform; the rest of the congregation should file downstairs preparatory to paying a visit to the Nation of Islam - he said the child. cd go out and play which gave them much delight

4 Apr. - Su - 3

I found Beulah again - the congreg. lined up in separate rows, male and female - we left about 2.00 - most people left their purses beh. in the Te - Beulah and I put ours in the trunk of my car

The Muslim service was extremely boring, consisting of prayer, a long sermon dealing with incomprehensible theology, and some remarks about marriages, betrothals, and births, plus a display of a man's suit for sale for $85, I think made by a member or members - J. and the leadership arr'v'd toward the end, and J. was introduced - the speaker had emphasized the new tolerance of the Muslims on race questions and was friendly toward J and the Te visitors - the Muslim mtng ended about 4.00 - attendance had been rather sparse and I noticed few children - I didn't want to stay at the Te for the meal which was being served, as the crowd was too large and I had no problem as I had the car - I invited Beulah to come home with me but as I had little that I thought she would like, I proposed going to Geary and getting some Chinese food - this matter had not been settled when we met a Te member, Evelyn Benefield, who had our purses in her hand and asked if we recognized them - she had found them in the park - they had been removed from the trunk of my car - Evelyn wouldn't turn them over to us without consulting the Te authorities - we checked the car, which showed no obvious signs of having been broken into - nothing else had been taken

We went back to the Te and spent a hr trying to find our purses - we were told they had been turned into Gene Chaikin but when I found him he said he hadn't even heard of the incident - I also talked to Tim Stoen - told Jim McE about the theft and he came up to look at the car - finally we found Evelyn again and we cleared it with security to get the purses returned to us - both purses had been emptied out - Beulah got back most of her belongings except for about $8.00 which the thieves took - I lost the $5.00 which I keep for emergencies in my wallet, what change I had, about a dollar's worth of stamps, my Te membership card, my apartment

4 Apr. - Su - 4

house keys, my bank record - though not my checks, my little notebook, my compact - my pen had been ruined - my personal papers were intact in my wallet - with Evelyn, Beulah and I returned to the park to see whether we could find additional items - mostly we found pieces of paper from my notebook scattered around - one of the Te young people told us he had seen some small boys playing with the purses, naturally not knowing they were ours

I had some food at the Te - wrote a preport on the theft for McE - Beulah had to leave with Maxine and didn't have time to turn in a report - we went back to the car so that she could get her luggage - I drove home, because I wanted to see ifMrs. Heitmeyer was there - she was home and gave me duplicate keys, but she was not favorable to the idea of getting my lock changed - she said the apartment house was being sold and no repairs were being made

I cleaned up, had a cup of Sanka and return'd to the Te

He paid a tribute to the people who had been wonderful in getting our nsp. out- we distr'b'd a half million copies this wk - he sd. our enemies have made us mean - he told of the Doukhobors in Canada who maintained their freedom though on one occasion they had to strip all their clothes off and appear nude in protest against restrictions - "Jesus was a radical son of a bitch" - he spoke of the difficulties which the enemy had put in our way this past week or so - all black leaders and progressive whites had begun to suffer oppression - Playboy had made a mockery of Cecil Williams - he told J. he couldn't get any of his congreg. to write letters for him. J. told him, "We'll write for you, Cecil" - liberals are no good - they won't back you up - even some of our own people have deserted us - if it hadn't been for the people from L.A. this audit. wouldn't have been filled tonight, as it usually is, because "some of those folks stayed home" - he told of the disgraceful behavior of the Indians on Sat. in connection with Dennis Banks - they ~~wouldn't~~ refused ride with blacks, had to sit with people of their own tribe - Dennis Banks told the nsp. "not to hurt this man - he's the only friend I've got" - - the appearance of our nsp. and the ~~s~~ nsps who were climbing hills and steps to deliver it made a big impression on nsp people - J. was lavish in his praise for "you good motherfuckers" who worked - William Kuntzler, lib. lawyer who had defended ~~so~~ many liberal leaders, told him on Su, "I've been so lonely. I wish I had a family like this."

The congreg. demonstrated triumphantly, singing & shouting & J. leading them danced - then he turned his back on the aud. and went down quickly from the podium - I had a seat beside Magnolia - I told her perhaps J. was ill - he came back in a few mins. with tears in his eye, said "I hate to

Worked most of the morn. on the Leg. Dept Instruc & finished it w/very little help from Don - then did 2 short memos for Maggie

At lunch went to the SFSU lecture in the Bicentennial series - the spkr X was an educational psychologist X who spoke on accepting risks in an era of rapid soc change - his main thesis was that it is not good for us to demand that every effort be pleasurable

Aft lunch I did an eff sht for Maggie - much work was coming into the Off & Don started to put a Contract on ATS for Rita - a revis. of a leg. instruc. I had done previously was requested - Don was going to do it because of the table I had had w/the one finished this morn, but because she was so busy she gave it to me.

I had started to wk on girl entries but was unable to cont

Christians called about 7:45

We entered by the back door again - Wd was dressed + had the regular w/red scarves she take them off - not because of extra people from LA, some people were still eating - there was considd confusion perhaps because people were tired from the writing + allowing naps

Kissinger is selling this city down the river - following fall of Viet a whole string of Communist victories - Rhodesia + Rep. of So Africa are not as racist as the press would lead you to think - Communists are having trble keeping control in Red China - Communism always results in just a few governing + having all property + means are kept down

Heddy left at 1145 - I like he fights all the forces which are the Communist enemy the Rockefellers + I.R.S. - he doesn't realize that only sharing will prevent big capitalists from running every thing - there isn't any free enterprise in this city - I don't believe in these politicians - Heddy lives more simply than some of the black politicians who claim to be socialists - I like the feller was all wrong - I like none of the candidates are any good - I giving Carter backing ethnic party - Abernathy + Dr L King Sr backing him - we need to get ourselves together + sell ourselves + get our asses

There were hecklings

4 The serv was dismissed at 11[50]

I talked to a few other people downstairs — got a ticket for the F night youth grp dinner & entertainm from my caller, Beulah Covit - I'm still having trouble 15

Christians brot me home at 12[30] — Vern was considerably frazzled by Walter Heady

I washed dishes

Ran the mops

Went to bed at 2[30]

11 2 The mops we have been doing have for the time being prevented the attack which was to be made on us — but the attack will come, sooner or later — we have succeeded in softening it at the present time — grp people were to go downstairs in the dining area for assignments for tom's delivery which will start at 7[30] — the press is to be moved to SF on the weekend //

This was Gail Carney's last day - I understand her husb is taking the Boise assignment - the other secretaries did not let me know if they were taking Gail to lunch, & I did not inquire, as I really can't afford to partic.

I copied on Mag Ca the recitation given by Lynette Muldrow in the Ta called "I Beg Yr Pardon, America" - a no of words & phrases I can't make out - I made corrections incl. the

Betty kept help on her late - she wasn't going to Marion Co tonight - when I got home I took the magnolias cuttings back to her

Having gotten a late start, I was late w/ all my activities today - I did personal & household chores, washed my hair, prepared & ate dinner, & washed my underwear

I had very little to do all day - Don was quite busy on ATS jobs for Rita Schuman & Ron Hartsough which she did not think she could turn over to me

I got my time card in - then spent most of the day putting on ATS the copy Yvette Matthews had made for me of her recitation, "We Beg Your Pardon, America" - there were a no of gaps where I could not make out the words or phrases so I penciled a copy for her so that she can fill them in

Ate at my desk - I was very sleepy & had arranged w/ Cathy Costello to lie down in an unoccupied office for an hr - however, Don was in a conversational mood & started talking about religion & immortality & I could not conveniently get away - provided I kept the matter conversational - she did suggest I take some time off, because most of the staff was doing so in observance of Good Friday

I went down to lie at the Royal Two

some to take out first - the different
cultures in some are to that intellectual
and some in fields - we are engaged
in fight for survival - we cannot be
anarchistic + hedonistic - all inimical -
two agencies are being given more power -
I pray my long run of being there when
you need me - bad somebody must take hold -
the cutting the wrong ones must be
established - be confident to both those who
believe in God + those who follow power of the
mind - if you can rely, you can see the
mind power are achieved - others are

Christians called me at 7.45.

The audience was restless, as it usually is when the weather is hot

During the prelim. activs., ministers had usual diffic. in getting pledges for food for the wkend.

The McCoy boy, who suffered serious head injuries in the accident involving Edith Cordell, was able to be in serv. ton.

J. came on podium at 9.15 - starting to take an offring, he appealed for loeans which wd be well secured for an animal refuge ctr in difficulties- were threatened with having to close, J. by revelation perceived they were in diffic. and offered a loan; ten minutes later owner of property would have come into possession of assets for one dollar, and would have made thousands - owner, Tom Plant, is going to get some unfavorable public. in the press, or we will give him some in our publication

J. emphasized again giving $1,000 tow. hotel and personally wrote names down of those who gave this sum or lesser amts.

J. expressed h'self on subj. of pregnancy for benefit of those who were intending to take adv. of his remarks on wkend on neces. to see that honkies didn't have more babies than we - idiots who shouldn't bear child. are always the ones who hurry to get pregnant - he warned that none shd. cons. it who already have had a deformed or defective child, or suffer from diabetes - homeless child. shd. be adopted

A yng white man, who is new, had reported that someone sitting in the security section had refused to embrace him when congreg. had been told to greet their neighbors - the persons concerned were bro't on the floor, incl. a security guard, a woman, who had told the yng man that this was a security section & he cdn't sit there - the yng man, who is long-haired, is new and was much offended - J. sd he a radio announcer (perhs. one of the KFSO x personnel we had taken on for cure of drug addiction) - J. emphasized the need to show affection - touching has an effect upon health - he has to be the authoritarian, the people have to show kindness to compensate - those wearing a uniform have a responsibil., shd show more concern than anyone else - the woman who had refused to embrace the yng man was not in uniform; he had no way to know the section was for secur. - her husb., who is a white man, stated that he had told her she shd. show more warmth to others and not pay so much attention to him in public - their last name is Davis - J. sd. this was a good soc. statement

J. had rrecv'd birthday cards - sd. he cd. not accept them nor birthday presents - doing so gives an adv. to those who have money - it wd. have been all right to honor a sp. day w/the understanding that J. gets none of the proceeds

12 May - W. - 5

Commendation - John Haynes is a hard worker - he drives the L.A. pamphleting bus and supervises the most active yng people

Sev. yng. men were put on the floor for bad conduct at the Muslim temple, among them John Miles (not present ton.), Wm. Klingman, Marvin Wideman, Rory Macon?, Billy Jones - Marvin had helped carry some heavy equipment into the audit., his case dismissed by J.

Dee-dee Macon does wk end security - she and Wanda Swinney made changes in their commune, had a barbecue for the child. & failed to notify the kitchen - she was reminded of the neces. of doing so in such cases

Billy Jones was sd. to be making prog. - he has been cleaning bathrooms

Steve Jones on floor - when questioned about his schooling by Marie Katsaris, he struck her - what can excuse the violation of tthe rule that we are not to use physical violence agst. each other? J. asked - Marie explnd what occurred, but J. sd. she minimized & covered for him in order not to hurt J. - J. expln'd this actually caused him more pain - Steve admits there is no excuse for his behav; he had been an ass-hole - J. sd. you need to see yrself as an ass in order to make change - all of J's sons have been neglecting school

J. spoke of the effect on some of severe punishment - an example was Louetta Brown who had recv'd severe punishment, about 150 whacks, & was now performing in an exemplary manner - what will work for some won't work for another - J. sd. he had been an ass too - one sin he had committed was bringing child. in - his child. had cared for him, but kindly deeds will be for nothing if you don't follow the rules - to Steve he sd., you have a good mind but are not using it - "You are going to pass" -

C-2-A-9 (57)

you are going to be up all night for three nights studying under supervision

The person who tortured and killed Che Guevara was killed in Paris aft. 5 yrs. - it made J. think of Joe Hill - I never died," said Joe

Louetta Brown had been sent for to receive praise - J. told again of the way in which she had been punished - she turned over her child to another to raise - what she had been through made her strong - she worked hard at Chicago, going up and down stairs until exhausted - Marcy told all the boys no more excuses for poor report cards

The question of Lew's car came up - Danny Curtin had s'thing to do with this issue & he was questioned - Danny went to the ranch w/o telling anyone exc. Ken Norton - Danny has a Mustang and Lew got a Mustang, imitating him - Lew has been in three serious accidents & wdn't have been saved without J. - he can get himself shot, a minority person with a flashy sports car - J. sd. Lew has a job, is a hard worker - he got the car with $800 from insurance on another car which had been wrecked - he had given an extra $200 - the seller was trying to cheat him by claiming he still owed him $100 - the car was also in poorer mechanical shape than had been represented

Danny beh Lew's back had expressed scorn for Lew, and J. made him repeat what he had said - J. asked if the two are attracted sexually - Lew took up scuba diving because Danny did it - Lew's relations with Terry, his girl friend, were discussed - he had tried to manipulate her - Lew wdn't admit homosexual feelings

Attention was shifted to all males in the cong. and an effort

made to convince them that all are homosexual - C.J. helped in bringing a bearded yng man up who had a probl - J. wk'd with him to bring his sexual feelings out - J. sd he was scared of him because he doesn't understand hims - he's got a deeply hidden probl - the heterosexual who can't even embrace a man has the probl - "I don't have any faith in any of you mother fuckers who won't deal with yr homo-sexuality' - what we need is a socialist personality

Attention was turned back to Lew - J: You may think you're kissing the succulent lips of a rose petal & you're just eating shit" - Lew admitted his homosexual feelings

J. sd he never sucked anyone's dick, but if someone gave him $5000 ton he wd do it - what he hates is not the penis but the attit. men have, letting women wait on them

J. complained about those who intrude on him, make demands on him all the time, in contrast to those who are considerate - he wd like to be able to spend more time with the latter

J. tried to discourage all sex relationships - the only reason is high money for the cause, and they shd not know who you are - this is hard to do - check with him first

Referring to the offer of the Mayor to put him on the Human Rights Commission, he turned it down - what he wants are paying jobs for his people

Making a disposition of the cases regarding his sons, J. sd all are to study three days and three nights - Lew has been gypped on the car -he ordered the leadership: get some of the brothers and see the seller - talk to him about taking the car back and returning the money

12 May - W - 8

To set at rest wonder as to where Chris Lewis is, J. sd. he was on a mission - for those who had doubts, he told the workers to get his voice on tape and bring it for the wkend meeting

J. decided that all his sons were to pamphlet - he had already sd they had to put any money earned into the commune, just like everyone else - the boys had previously not been allowed to pamphlet for fear of their being kidnapped, but J. sd. there would be sufficient guard to take care of that fear

Danny offered to study all night and also pamphlet

William Klingman's case was dealt with - Martha, who has been put on Council, says he has shown a little improvement - Lee Ingram says he has volunteered to distrib nsps - Mary Casanova says he has improved in jr choir - Debbie Schroeder says he is acting better, still talks back - J. gave him an extra hr of work

I spent all day putting a contract for Bart on ATS - it was the portion of the contract for construc. of an internat. airport which involves the inside trim - it was good practice for me, as I haven't done much on ATS for some time - Bart is taking a day off as F + O Neill was overloaded

At lunchtime I went to the "Energy Forum" - Hugo H. Simens spoke on "Food and Energy" in which he emphasized the necessity of using fertilizers & energy in order to increase food supplies so as to help underdeveloped nations feed their growing populations - but he didn't say much about the responsi. of wealthy nations to cut their consumption of resources

I was on the Computer from 5 on to in order to finish the Bart contract & order it from the Computer Ctr

At 8:30 the Log Dept had a mtng of secretaries in the Comp. Rm - a Mag Card t.w w/more capabilities will soon be available - management has approved the replacing of our IBM Elec t.ws. which most of the secretaries do not like w/ Selectric t.w's but the Elec. t.ws will not be replaced until they are ten yrs old - Don discussed the aim of having the secretaries enter contracts on Mag Cds for entry on ATS instead of typing directly on ATS - resistance to working on the Mag Cd seems to be waning somewhat

O'Neill got in another Trans airfield contract, this one the portion involved w/wk outside the city, & again I spent the whole day on it - it was particularly frustrating because the basic contract had changed for the contract gen had to be used again for this one, & many items deleted had to be restored

The Op equipm. Co didn't del my t.w. as promised, so at lunchtime I had to go for it - it seemed to be in good wking order - I carried it to the bank (where I got some money),

(cont)

& the child. were in the back seat

Marshall sd. his wife was not a member of the Te; she was attached to her friends in the Baptist Ch. - his brother, Edward and his wife had stopped coming to Te services very much - Marshall has retirement income, is a mechanic and works most of the time on Te cars

I slept quite well most of the trip, even though the others in the car were talking - Bob didn't talk much, and Marshall also went to sleep, but Vern and Lorenza hardly slept at all

We stopped for gas and to go to the bathroom after about three hrs at a place (near Coalinga) where we had stopped sev. yrs ago - we stopped again about 6.00, an hr out from L.A. and went to the bathroom at a restaurant which was open - I had drunk some real coffee which Bob had bro't to keep awake

When we arrived at the Te at about 7.00, we fnd very poor secur. - We were met by Sheila Jones, dghter of Lou Ester, a yng girl - her companion was a man, Richard Clark; neither was in uniform; and at one time neither was at the back of the bldg. where we watched a man enter the grnds and leave

Christians had hoped to rest until church time at the apartment of a woman they knew nearby, but found she had been evicted - they went inside the te. to call frnds and relatives - we drove to the home of Vern's aunt, whom she had not seen since they moved up to Calif.

11 V We were discussing some of the older women who came to the Te from the Peace Mission & I gave the Christians some details about the early Father Divine movem, its contest w/them & his efforts & give - respect to their members who wanted to come w/us, (the Te trips back to Phila) told them of Father Divine's celibacy rule for members & of his egress w/Mother Dev[illegible]

22 May - S

About 6.00 we stopped at a rest. which was 35 mins. from L.A. to go to the bathrm - the weather was nice - we arrv'd at the L.A. temple arnd 7.00 - only Sheila Jones, dghter of Lu Ester ✓ Richard Clark , & a man, neither in uniform, were on security duty and seemed to us inadequate to the job - the Christians had hoped to clean up and rest at the home of an elderly member who lived near by but fnd she had been evicted - they went inside the te to telephone friends or relatives - Marshall had to be at the Annex for choir rehearsal at 11.00

We went to see an aunt of Vern's, in her 80's, who had recently burned herself and been in the hosp. - she has never been to the Te

We cleaned up and ate - I had my food with me - the aunt made coffee for the others - Lorenza went upstairs to lie down and I soon followed her, but I had trble going to sleep, prob. because of the coffee I had drunk in the car - my headache had started up again - Christians stayed downstairs

I got up at about 12.10 and dressed for serv. - rd. the F nsp I had bro't w/me

We left for serv. about 1.15

I went through secur. check & put my luggage downstairs - had an ice cream cone

Applications for the summer trip were being taken downstairs

Serv. started a little aft. 2.00

Norm tk the off'ring

Penny testified, as she had in S.F., that physicians in L.A. had fnd masses in her breast which they wanted to remove - J. had her move to S.F. where the doctors fnd that the masses had disappeared - however a growth was fnd in her intestine, but this too disappeared

C-2-A-9 (102).

J. came on the podium at 3.15

The choir sang

Tape of a former sermon

J. tk another off'ring

J. gave a rousing sermon - he denounced the Muslim's relig. beliefs while he made a strong appeal to give another $1,000 for a hotel - the ideas of Marcus Garvey had been perverted - he attacked relig and held up the neces. for atheistic soc. - why are two blacks murdered by police every day in L.A.? - because the Bible says "obey those who have rule over you" - relig. is the greatest deception ever foisted on man - Christ was found in church only twice - the first time they threw him out, the second time he threw them out - in order to show that I have power & I have to do more than any of yr fucking gods - don't confuse me with God - I am a liberator, he is a fuckerupper - he'll fuck up your wife, your husband - he'll fuck up your children - if you love a little dog, he'll fuck up the dog

God created everything, good & evil -- lice, fleas, bedbugs, syphilis, arthritis - you say the devil created these - God created the devil

J. left the podium for some time - Norm cont'd the offring with poor results - J. retn'd when Norm was down to $5 - about the interruption, he sd he had saved sev. lives - someone told me she had seen him w/what lk'd like a fountain pen, & it is pos. he tk a weapon away from somebody - he con't'd the off'ring & the sermon

On the Muslims - he is not going to accept their relig. or any relig

Apropos of what I didn't catch, he told of Dr. Finkle recommending that someone with long hair and a beard

C-2-A-9 (103)

stick his tongue out and "go to a masquerade party as a hemorrhoid"

You never will have my power - I was born with this power - some people can sing - I was born to put the whammy on people - it is a great responsibility - I never use it in wrath, to get revenge - I give a lot of grace - the only people who don't like me are those who have something to hide - he singled out one man in the auditorium

You never wd have put my whole body on a cross - you wdn't take me in one piece

Nobody's blood ever saved anybody

I am sorry for the dissertation, but there are more guests here than admit it - one woman admitted she was a guest, but others are guests and lied

J. finished the off'ring

He went into a disc. of the creation - he wd have spent more time on making woman than on man - God created the devil - it wd have been impossible for him to have more power than his creator - thus God is respons. for having evil in the world

Us niggers have to have more babies than honkies - we have to admit we're not doing it for the sake of the child, but we have to prevent extermination - when you had a child, you did it out of selfishness - you know you're a horse's ass - God has bro't in 4 billion - he's more of a horse's ass than you - you have to be a selfish bastard to hang on to relig., a selfish bitch - a feeling person will hate God

To those who claim Universal Mind is God, J. sd: Mind is impartial, indifferent - he hadn't noticed Mind doing good to people until it was combined with his body

You'll get what you fear

I don't want to be wanted - every day more people want me - no one ever loved you but me - he made vivid comments on so-called love between husband and wife - there won't be love until we come to soc - relig. & capitalism teach us to be selfish

J. sd he hated to preach - his kidneys and bowels tense up aft. a mtng - but there is a reason for coming to church - you stay away, you'll commit treason

I don't like George Washington, Abraham Lincoln, Jesus - Jesus was a hypocrite - he cdn't fuck a woman, so he let a woman wash his feet - he went on to a detailed disc. of Father Divine, esp. regarding his sexual rules and his own violation of them - he made women put their mouths to him, claiming he was their God - he named Valor and Helen Love as two who had to have sex with Father Divine - I'd give a thousand dollars if I cd fuck right now - I haven't the time - I hate that son of a bitch (Divine) - I have not fucked for pleasure - if tonight someone's going to commit treason, I'd either fuck 'em, suck 'em, or duck 'em - with people who threaten the cause, what would you do? - I'd rather have killed them - some of you fuck me with yr mouth, talk me to death

J. told how he had sex with one who was going to commit treason, another who slit her wrists - he described our summer trip to the Peace Mission and how Mother Divine tried to seduce him on the tomb of Father Divine and, not succeeding, made him leave in the middle of the night with numerous child. - it was odd that he discussed these matters just after I had been describing these aspects of the Peace Mission and our visit in Philadelphia to the Christians

J asked how many wd fuck for $5,000 - he asked for a vote, who wd, and who wdn't? Three sd. they wd not - elderly woman whom J. raised from the dead sd it was wrong -

P-2-A-9 (105)

asked "Is that so? The white man's Bible?" -
J. ~~expln'd how the Bible was respon. for our thinking~~ sex was wrong. - Valor sd it was distasteful to her - J: it isn't based on what you want, but yr duty - one thing, you two are honest - some of you sit there and you'll go home and talk - he agreed with Valor that $5,000 was not enough, she shd get $15,000

Mabel Dodge sd. she wdn't do it - she has too much respect for him to commit adultery - J. sd she had committed a sin, she judged him, she is more righteous than I am - he offered her an oppor. to get out of it - she asked that he forgive her - J. wanted everyone to lv. it there - say nothing to her - only I know whether she's telling the truth

J. expressed his attit. about sex clearly: if you're laying with some woman, with some man, tonight or tomorrow w/o knowing you're serving the cause, you're outside my spirit .

Sev. women told of having to sell their bodies to feed their child. - one spoke of living with guilt and of now feeling a new sense of freedom at the knowl. of having done nothing wrong

J. dismissed the choir for practice for tom's mtng - he rebuked them for being noisy - "when I have been teaching on a human level I have to show my power because people are not moved by character but by power"

There was a healing session - then J. tk another off'ring - response was poor

I saw Beulah among the group who had come in to fill up the choir seats

The mtng was dismissed at 9.00

J. asked everyone to come up and lay a contrib on the altar - there was a rush to the door - J. had the door closed, insisted on people's passing the altar and going

out the side door

Joyce Parks bro't me a cloth from J - he sd pressure was building up behind my eyeballs, I would have gone blind - he wanted me to get more rest - she sd J. was very fond of me - I went to the altar and gave $3.00

I had to wait quite a while for Beulah who was helping out at a concession stand

Her husb. was in a bad humor that he had to wait so long for us - when we got home he was still fussing - she told him to go home - I asked her what was his name, as I had never heard it - she sd. he merely was called by initials, R.D.

Earlene came with us

For dinner we had chicken, peas, & peas and I ate a banana and an orange

As it was late, I went right to bed, didn't even try to read - Beulah followed soon after - It was about 12.00

23 May - Su

I got up at 6.45

Brkfat
Brkfst: orange juice, fried egg, bacon, biscuits

House full of child. getting ready for serv. - Von Smith came in late last night aft. pamphleting

Beulah arrng'd ride for me and Earleen - we were picked up at about 9.00

Serv. was at 10.00 today

Choir members came in, many w/white robes - J. sd: What did you do, go slumming for choir robes? - he decided how their scarves shd be adjusted - red scarves were donated by other members so that all choir members cd have one

J. conducted a healing serv.

Sev. of the seniors were to ride w/J. in a hired Cadillac (I don't know what happened about the plan to use a Rolls of one of the members - prob. a secur. decis.) - I was surprised when I was selected - Joyce Parks tk us through the staff door and put us in the car - there were 3 black sisters, Mom Taylor, Annie McGowan & another whose name I don't know, and 2 white sisters, Valor St. John & mys. - we waited until J. dismissed the serv. & got in the car - 2 secur. guards were with us

We seniors were deposited at the side & J. was taken to the back entrance, undoubtedly for his safety, so that the impression he wished to make was prob. lost as the Muslims didn't see him drive up with the seniors

//1 the driver of the car, who is accustomed to driving promin. people of all types, told me "these are very easy people to work with"//

23 May - Su - 2

I helped Mom Taylor who was not able to walk alone - she had been told to keep the grp tog, but Valor and Annie apparently resented her tone of author. & did not wait for us - we did not even know where they were seated

Our workers & the Muslims were co-workers on all tasks, altho ~~also~~ the secur. search seemed to be conducted by Muslims alone, & their ushers seemed to predominate

We were seated at 12.15

Our Black Velvet troupe performed; our choir sang 2 numbers with Norman Ijames & Melvin Johnson as soloists

In the ladies' rm I was told that the African dancers whom I had expected to see were not going to perform

There was a long wait, then at 1.45 the Southern Calif. Spiritual Jubilee got underway

Mike Prokes introduced Tim Stoen who introduced Joseph Freitas, S.F. D.A., and Carlton Goodlett, as Pres. of the Black Newsp. Publishers Assoc., who both spoke briefly - the 2 next spkrs were Kenneth Hahn, L.A. Co. Superv'r & a repr. of the Islamic Foundation - Mayor Tom Bradley of L.S. spoke, then Angela Davis who describ'd the racial sit. abroad & in this cty, put partic. emphasis upon N.Car. - a woman repr. of the Sikhs spoke, then Lt. Gov. Mervin Dymally, acting gov. of Ca.

J. then spoke for half an hr, giving unity in the struggle agast racism as our chief motivation

Wallace D. Muhammad spoke from 3.40 to 4.45 - he was as dull as usual

Either Sharon Amos or Karen Layton sat in the row in front of us during the mtng. & Mom Taylor told ~~her~~ them how Valor & Annie went off on their own - Karen sd. Valor was losing interest in the cause - she "loves America"

C-2A9 (109)

We were kept in our seats for the final prayer

Sharon Amos got Tom Adams to escort us to the back, and we got in the Cadillac for the ret. trip - after some time J. joined us & we were whisked away - elaborate secur. precuations were taken

J. asked where Valor was - I sd. she & Annie got separated from us, but the third bl. sister sd., "They separated themselves"

We were among the first to arrive at the Te at 5.15 - the rest of the members followed us in the buses, but it seemed that a good many went home instd. of coming into the aud. - I changed my clothes

Everyone to whom I spoke expressed massive boredom with Wallace D.'s speech

The session upstairs started at 5.45

There was much praise of J. - he remarked: "It prob. means, this looks good compared to what I just saw"

J. sd we were glad for the oppor. to show the white world we're tog - he sd. his kidneys were affected by the bad vibrations - we didn't show enough enthus. - we didn't follow instrucs - we were intimidated by the Nation of Islam, some of us admired them, applauded them more than we did our own - "you're going to repay" - secur. almost got in a brawl - Dennis was one of them - I have not come to be misled by carnality

He continued with a critique of Wallace D.'s speech - he didn't state any specifics of how to create a new earth

In the ensuing offring which he took, people seemed to be trying to make up for their disloyalty - X Dennis did not help w/ the offering

C-2-A-9 (110)

//2 Dennis's mother, who is an usher & offertory worker posted oppos. me, began to wail in front of J's platform; he told her to be still//

We were dismissed to go to the buses at about 6.00 - lunches were to be picked up downstairs and taken to the buses

I got my lunch, waited for the Christians - finally Bob came for me - they had got downstairs and outside early - we went to their aunt's house where they loaded their belongings - this took consid. time

I was very tired & wanted to sleep, but Vern & Lorenza were not very sympathetic - Vern ~~cdn't~~ can't understand why I was tired, when J. had healed me - she wanted me to act as hostess & keep Bob awake - Ferris wanted to sleep also - I insisted on getting some rest, tho I said I wd hostess later - Vern says she doesn't sleep anyway when Bob is driving & he wdn't accept help with the driving, tho I offered - I did sleep most of the way

Vern had been ~~among the money counters~~ assigned to help count the offring with the Nation and had observed how our people did not stand up to them well, many appearing to envy them - J. had told us the Nation tried to take a separate offring at the door which we wd not share, accord. to the agreement - he stopped this & we came away with half the "take," tho we did not pay half the expenses

At one point about 2.00 o'clock about half an hr. aft. lving a gas station nr Coalinga, we saw a car with the hood up and one of our buses stopped - Bob and Marshall fnd that bad points were the cause of the trble; Bob went back to see if he cd. get some - altho we cdn't get the right size, Marshall, who does mechanical work on Te cars, sd. he cd have enabled the car to get to S.F. - the bus was still there but they had towed the car back to the station, which wd require someone to come for it tom. - we lost about an hr.

C-2A-9 (111)

23 May-Su - 5

We got into S.F. at dawn, tok Marshall home first, then Lorenza, & reached our homes about 5.00 - Bob had hoped to get home about 2.00 - he sd. the child. cd. sleep for ~~abut~~ about an hour, then had to get ready for sch. - I don't know whether Vern intended to go to work

C-2-A-9 (112)

24 May - M

~~We got into SF about 5.00 o'clock - we tk Marshall home first, then Lorenza~~

I unpacked, then went to bed, having decided to call in at the off. at 8.00 & say I was going to the clinic to see about my eyes

I slept 2 hrs.

Called Dor. at 8.10 - she wasn't in yet - I spoke to Cathy Costello & told her I was going to the doctor

Washed dishes that were left from F night - had some bkfst: grapefruit & cereal

Pressed clothes for the next 2 wks

I phoned the off at about 11.30, told them I was back from the doctor's, cd come in if I was needed - I spoke to Cathy Costello again as Dor was not in - Cathy told me Dor's son had had a motorcycle accident, was not expected to live - Cathy told me to stay home, as she tho't others cd handle the off. work

I prepared a meal and ate and washed dishes

Baked the other loaf of bread which I had bo't at Petrini's - I had set it to rise according to directions

Arnd 4.00 I went out to walk to get some exercise - tk w/me sev. framed pictures which I wanted to give to Bev Livingstone and Garry Lambrev who are running a shop to sell items that Te people are giving up - some of these pictures I have had since childhood

C-2-A-9 (113)

24 May - M - 2

The shop is on Divisadero btwn Oak & Page - it wasn't open yet but Bev & Garry saw me at the door - Bev is going to sell only antiques, & I am not sure she will keep my pictures - she & Garry have living quarters in back of the shop - we talked about giving up possessions which have an emotional value to us - Bev has a doll she is attached to - I told them of my Dancing Shiva - I am also hoping that I will be able to ship some bks to the p.l. - Bev & Garry tho't that more than likely we'll have to lv w/nothing more than the clothes on our backs

I went up to Haight St, wanting to buy some handkerchies in the second-hand shop but fnd it closed

I got home about 5.15

I planned to take an hr's nap, but I slept three hrs

I ate a meal

When I got to the ff, O'Neill told me John Foster, who was for Mary Caroline & Rita Schumann, went home on acct of the bed bugs - Mary didn't have so much who but Rita needed some help

Rita first gave me a long green to type - it concerned hiring an outside counsel to rep Beck in a proj in Iran - the Beck entity is to be incorporated in Panama - I put them on Mag Ca & gave it off - Rita was quite glad of it

At lunch time I ate at my desk, then went to the new Embarcadero station of BART which is opening today - I didn't there for the ceremonies but walked around the station, got a free Coca Cola & an ink. blotter, which was handed out by the Capitol Rest., collected much descriptive matter - Marie had given me a free ticket but I didn't use it

Walked up to the bank, deposited my check, & got cash - the day was very beautiful

(over) C-249 (23)

In the a.m. Rita gave me a cover
slip for the Dran meter - Hart was to
get it - she also dictated a memo
on an equipm rental agreem. While
I put on my Cs - her instructions as
usual were unclear + I wasted much
time on this item - she was in a
hurry for both items + and asked me

stayed all lunchtime, had to open
up the servp sm + wait for the
machine to warm up - then I find
she had not waited for me + that
Hart did not need the Dran meter

As I was preparing dinner, Tim
called, wanted to come to see me

in the midst of which I rec'd the

here I had applied but had not been informed whether I was accepted — side of the fare for adults was $2.75 — I was disturbed because I didn't know whether I was to be allowed to go or not, & because there was no indic. that people who got last yr. for the trip that was cancelled wd be allowed to go or this yr. w/ chge - mostly I was tired

Tim showed that he was delayed late dinner

I did the dishes

Started my laundry - had washed my underwear & started to rinse when Tim arrived

He stayed a couple of hrs - I told him about J's healing me & of my recent calls - Tim has been about five who wking in the D.A.'s off. & the Hall of Justice while finishing this wk for Mendocino Co - last Oct he started full time in SF - he is prosecuting cases, which he doesn't like

Tim told me a little more about Attorney Franklyn Brann, but he had not known him personally - he sd

The Rumi to go to Contonio's to get a permanent - I intended to stay all night as I did not want to come home late on public transp, so I packed a suitcase - I had heard on the radio that a man was holding a bus hostage on upper Market St & when I boarded the str. car on Market the conductor informed the passengers that we wd be transferred to shuttle buses & taken to our destinations

I got off the shuttle bus at 15th & Noe & walked to Contonio's, stopping to buy her a mpc of Dr. Pepper

The trouble was on 17th St rather than Market - the police & fire trucks had traffic blocked off at 17th & Noe - there were various rumors as to what had happened - from Conto's windows we had a good view - the crowd dispersed about 9 or o'clock - (The paper the next day said a man had shot through the windows of his estranged wife's apt & had held her hostage, but a police officer finally persuaded him to hand over his gun)

Rosita, Contonio's sister, arrived - she stayed last night also - she is unhappy in her Commune - her roommate gets up early & turns the TV on - she goes

out & sits on park benches - I asked her why she didn't join Contonia's Commune (no one lives w/C at present) - she said the Te did not want her to drink the 3 flights of stairs - she broke from the Te for Cont

We decided to wait until tom to do my ferris

I listened to a part of a TV prog, a panel on both sides of Prop 15

Contonia is not working at present - she receives disabil payments from the state - she has turned over some of her domestic wk jobs to her daughter Rosebegetta

Contonia says her mother, Mary Lewis, is back under the wife of Jesse Lynchner I never see either of them at the Te any more

I left w/ Cont. Rosita in the other room - we went to bed about 12 or

29 May - S

I got up at 9 or & Contonia followed soon after - she made some oatmeal & the Te gives the commines some items for bkfst - Rosita got up & left

She gave me a perm - as usual it took a long time - & once she got it on the wrong set of directions & I was worried that the perm wd not take but as the hair was subjected to the waving lotion for a longer period of time, the result was a tighter wave

We listened to the Te broadcast at 11 30

Contonia had a no of complaints about the Te leadership: rudeness, indig cruelty to child, getting others to do their wk while they sleep & Lee Ingram was one she mentioned - she said that after keeping Michael working at the Te all day at his assigned furniture had been completed, Lee Ingram sent him home done at 1 or - Michael is 12

Cont. finished w/ my hair about 1 or - I pd her $15 or

I went down to the Modern Times bkstore & liked over their stock - I bot a paperback to rd on the trip

The weather had turned cold - I

31 May - M

Today is Memorial Day

I slept until 8:00

Made yesterday's entry

Sorted out my boxes of bks - put all the bks on the bed & sorted them into a grp that I wanted to sell & a grp I wanted to keep - the latter grp I divided into 2 categories, the first consisting of those I wish most to save - in the end I have only 2 boxes I want to ship if post to the P.R., plus a box of Russian bks

Worked for 3 hrs in the morn., then prepared a meal & ate & washed dishes

Went out only to buy a mag - the Chron had a pt on yesterday's entry, telling of the Cyprian leaders statements that they have to fight for freedom but J. was called a pacifist & did not quote his Rep exemption remark

The weather was very pleasant

I slept until 5:00 o'clock - did not go through my pers. papers, thes, former girls, nor teaching notes but shd think at most I will have only 2 boxes of these

Read a Te mag that all those applying to go on the summer ship trip must
