MEDICAL DEPARTMENT  
INSTRUCTIONS FROM JJ

1. Define psychologica bedwetters from those with physical problems.
2. Have patience with people who have speech problems.
3. Mother wants people briefed on babies nursery at orientation.
4. All people except bedwetters and handicapped and toddlers must get rid of their pee-cans. All pee-cans must be registered.
5. People with ringworm and sores are to take a shower before treatment.
6. Dad wants a progress report from hospitals in G.T. on patients. He doesn't trust hospitals.
7. Do not empty urine cans nor urinate on the ground.
8. Medical team is to see how authentic Willettas illness is. (Several mo. ago)
9. We have to kill the fly population.
10. We have to get rid of maggots. I hate the word "research". When will we find the solution?
11. Keep Ken Norton under medical observation.
12. We can't afford to give medications away. Give medications only in the case of a baby dying.
13. Get free medication--the economy is in bad shape. This will have to be cleared on a one to one basis. JJ would never deny medication for kidney infection.
14. Refer patients to Georgetown, we will take them on our boat.
15. Break heaven and earth to get medicine tomorrow. (21-5-78)
16. Iron deficiency is dangerous.
17. Recommend diets to the people, Doctor.
18. Don't you ever let the power go out here. It could be in the middle of a medical emergency.
19. Our medical care has paid off. (They don't steal from us anymore).
20. You should care about everyone as if they were your child.
21. All emergency cases should be told to all medical people.
22. Barb Walker is to be kept in "No capacity". She has threatened to kill everyone that kept her away from Steven. Keep her under control in the infirmary. (Stated on 10-4-78).
23. Jerry Rae is an alcoholic. He can't take one drink. His comrades are to watch him and help him.
24. What's been done about rodents?
25. Are we sanitary in the chickery? Anthony has had a form of hygiene for years.
26. All special medical equipment is to be held up until electrical problems are solved.
27. Never carry hot pots too full anymore. Danger of ~~spilling~~ spilling and burning children.

J-3-e-1a Over.

28. Have a senior check the bathrooms to see if they are clean when people leave. Lets increase the senior staff. Walk right in every few minutes and this will cut down the problem of diarrhea. One should pass out paper and the other should rove in and out of the bathroom. (To be handled in Steering).
29. Right now people with feet problems come first with socks.
30. JJ said he ran into a situation medically where we didn't have the essentials for life. He said he didn't want it to happen again.
31. We have to have a balanced meals.
32. You have to eat all your greens.
33. What about malaria salt? Is it over salted?
34. Malaria is all over. It's just across the road. What are people on salt free diets doing to get protection? Check this out, make sure they are getting medication.
35. Those mails: The blind people, they are a life line--a way for the blind to find their way--Teachers, teach the children what it's like to be blind.
36. Shanda is to reline Edith Parks teeth.
37. We must look into the Prime Minister of Canada. He has been supportive. He is going to try to get us assistance to build us a hospital. We must follow this up.
38. I thought I said that medical people could go and check on people. Let Lossie Lane go home.
39. To the community (Not people home sick): Stop taking food to the cottages. A rat will bite if you roll over on it. Also they are dangerous to the children.
40. Get Anitras food problem under control--get her counselling. (Several months ago).
41. Bob Rankin is to help drain water out of the rice pavillion.
42. People guarding showers and bathrooms are not to sit at doors but are to walk in and out constantly.
43. Report those who don't help (at bathrooms).
44. Get the essentials for life. Decide on a jobber--I want our people out of there.
45. Take off shoes at the bottom of the steps. This will cut down on infection.
46. Unless you are told otherwise, you will nurse your baby.
47. To Sue concerning stealing food from garbage cans: You will have to go into intensive care--we can't have this. (98 9-6-78).
48. Warning to Rose McKnight about faking being sick: Don't ever do it again!

J-3-e-16

MEDICAL DEPARTMENT  
INSTRUCTIONS FROM JJ

49. Snackers are not to get anything without approval of the snack committee, which will meet once a week.
50. People on milk are not to give it away, Drink milk and mild shakes in front of the servers. People will make themselves sick out of hostility.
51. Supervisors: If your child doesn't get their milk, you will go on Public Services.
52. Snackers, eat all your food.
53. All special diets should go through the doctor. High Protein diets can cause people with kidney problems trouble.
54. Get gates with firm latches so that children can't fall (for cribs in the nursery). Watch the cribs. Don't turn your backs. There will be serious consequences if a child gets hurt and for the person who allows it.
55. Put Kimo Jones on the medical records.
56. All seniors are to have ~~AZ~~ walking sticks in the rain.
57. The following people will go into confinement in SCU if they don't change their attitudes: Jamal Baisey, Wayne McCall, Wobby Lawrence, Glenell, Mark Rhodes and Clarence Klingman.
58. A medical person is to check Wobby once a week.
59. Violation of Nursery rules will bring some warnings that lead to Public services.
60. People off work are to spend their time in the medical center.
61. Chris says there is a stand by generator.
62. No more accidents by neglect. I'm ordering it.
63. If Lisa comes back, you do not talk about Debbie, nor Lisa's condition. Be very loving.
64. Mother and Dad: If you think things are unjust in the medical department, come to me or Dad.
65. To Thelma Jackson: You can associate with Renee but be positive.
66. When people have a 99-Temp, you don't tell ~~them~~ them to come back later. I don't want people treated like this.
67. Nurses In SCU--I want all flies killed. Use flyswatters and get them killed off.

Evaluations Medical Dept. 30/9/78 ...

Administrators → Phyllis Bloom - not enough follow-up on Mary Black's situation.

Sandra Evans - Is getting on people when late. Had follow-up. People given 2 hours extra work when late.

Sylvia Sly - O.K.

Mike Simon - needs a lot of work on organization of the cleaning and maintenance of the Medical Dept. needs to confront people for lack of follow-up. His bad communication with Kennie Kice. Has good potential, does good follow-ups on inventory count.

Doctor → Larry Schacht - Continues to be moody - very enthused about class. Excellent teacher. Hasn't checked Miguel De Pino in S.C.U. even after confrontation or not making rounds in S.C.U.

Sharon Jones - O.K.

Judy James - O.K.

Diane Louie - O.K.

Joyce Parks - O.K.

Supervising Nurses -

Luna Murrell -

Dale Parks - late this <sup>U</sup> am. <sup>good</sup> doing job. And didn't check in. Has worked overtime, good attitude.

Wanda King - O.K.

J-3-f-1a

Liz Ruggiero - needs to control the noise in nurses' office at nite. She's very organized

Eyes → Corlis Boutte - O.K.

Dental → Tommie Rochelle - O.K.

Bond → Rennie Kice - having problems with Mike Simon. Will be dealt with in counseling.

Technical Advisor → Pauline Groot - she has had a good attitude. works steady. Gets upset when she has too many different people pulling on her.

X-ray → Al Ischetter - Good at work. he is angry that Gene Chaiken has so much space.

Lab → Sandi Jones - has been sick. Mariamta Langston - has been sick. Mary Black - highly frustrated with new job. had counseling session with Johnnie Jones, Harriet, Edith Bogue, & Phyllis B. Some problems got solved - seems more open.

GYN/OB → Leslie Wilson - good.

Treatment Nurses →

Julius Evans - cooperative worker.

Lynetta Jones - cooperative worker.

3/19/78 Evaluations from SCU

Cathy Pellars: Good worker, always on time, industrious, never needs to be told what to do, follows thru, dependable. Concerned about pt welfare. Seek assistance when necessary.

Edith Parks: Good worker, always busy, never needs to be told what to do. Concerned about pt welfare. Friendly + helpful. dependable.

Edith Kestenes: Night Nurse - I don't work @ Edie + feel it would be better if you got an evaluation from Night Super.

Too. Concerned for pt's welfare, carries out orders of Dr + any directions given. Uses knowledge and seeks training for lack of knowledge. Accepts correction pleasantly and initiates treatment plans well. Usually on time, is interested + hard working. Occasionally absent-minded forgetful.

Carrie Langston - Probably would be better if Edie K. evaluated Carrie. Carrie is pleasant + does some work well, but if reminded she forgets something she'll excuse herself by saying: "I just can't remember, I've told people I shouldn't be in this work" - this is reported by Edie - She works well. Edie has no c/o other than above I have never worked with her.

—Jund—

Evaluations - Medical Dept. 13/10/78

Administrators → Phyllis Bloom - not keeping good enough track of Pauline Groot.

Sandra Evans - good job scheduling.

Sylvia Sly - OK - not showing enough initiative scheduling Diane Louie for exams.

Mike Simon - shows initiative in getting things done.

I don't think he makes as good use of the services of Diane Casanova as he could (housekeeping).

Practitioners → Diane Louie - not taking enough initiative in getting exams done.

Sharon Jones - OK. Judy James - showing good initiative in taking over some of Joyce Parks function.

Joyce Parks - in GT.

Larry Schacht - more cooperative than usual, think the patients conferencing are helpful.

Supervisor Nurse → Luna Murrell - better follow up with patient care since we have been conferencing about patients → Dale Parks, Wanda King, Liz Ruggiero.

Bond → Rennie Rice - independently took it upon herself to clean Larry's office, does excellent job.

Lab → Mary Black - getting lab more productive than ever has been. Better able to see the problems of supplies we have. Happy she has her own space with Lab. Becky Flowers, Sandi Jones, Marianita Langston - very cooperative with Mary Black.

X-ray → Al Ischetter - has temper tantrums, very territorial exploded in Barefoot Doc's class. has no conceptions of the needs of the rest of the staff.

Senior Center → Gladys Smith - works without taking a break.

Isabelle Davis - needs to straighten up her disposition + a little more tolerance with Seniors.

Florence Heath - Kind to patients, but defensive when told about her work habits.

Nervey Lee Honey - knows very little about nursing.

Maryandriene Darnes - gives much thought + attention to the Seniors their good grooming helps them to feel better.

Clevie Sneed - O.K.

Special Care Unit → Joyce Lund - more cooperative + taking on more leadership in SCU.  
Ester Dillard → Eddie Kutulas → Edith Parks → Carrie Langston → O.K.

Eyes → Coilis Boutte - O.K. Paulette Jackson - she has had the table up and is good work + no complaints.

Barbara Smith - O.K. Bessie Propy - works  
very well. Thelma Jackson - O.K.  
Pam Bradshaw - O.K. Jerome Simon - Cooperative  
leaves the office sometimes without getting  
supervisor know where he's going.  
Sleeps on his break and sometimes up late -  
Diane Casanova - good worker, does treatment  
& housekeeping.

Dental → Fommie Rochelle - good worker,  
rather possessive of space (in that we all  
need a place to work, need to learn to  
share).

Evaluations - Medical Dept. 20/10/78

Treatment nurse ~~of~~ Lynette Jones - does overtime hours, enthusiastic about Bandfoot Doctors Class.

Barbara Smith - cooperative

Julius Evans - fast worker, cooperative, enthusiastic about Bandfoot Drs. class.

Linda Sadler - little more dependable now

Marian Jones - fast worker

Bessie Proby - O.K.

Jerome Simon - O.K. but because of Karate & Russian (Special Class) not in much - Only Treatment nurse on at night.

Supervisor Nurses → Wanda King -

Dale Parks -

Luna Maxwell -

Liz Ruggier - Very slow moving, no initiative,

Administrators - Phyllis Bloom -

Sandra Evans - later disciplined for this.

Sylvia Sly - has changed shifts - working 6 hours administrative work + 6 hours supervisor nurse duties.

Mike Simon - did not count off of instrument & supplies with supervisor gone disciplined.

# INFORMATION

1. **NUMBER OF COPIES**—Follow instructions issued by your department. Employees who wish to keep a copy should prepare a duplicate and have it signed by the supervisor.

7 months through 36 months (3 yrs) - 5/6 day per month (6-2/3 hrs)  
37 months through 120 months (10 yrs) - 1 1/4 days per month (10 hrs)  
121 months through 180 months (15 yrs) - 1-5/12 days per month (11-7/3 hrs)  
181 months through 288 months (24 yrs) - 1-7/12 days per month (12-2/3 hrs)  
289 months and over - 1-2/3 days per month (13-1/3 hrs)
2. **AMOUNTS OF TIME**—Sick leave and vacation may be used only in amounts of one through eight hours with no fractions of hours. (Several hours of absence, such as for doctor's appointments, during the same month may be itemized on one Form 634 at the end of the month.) If more than two hours is needed for a doctor's appointment, the reason is stated in Item 3.

Enter the letter symbol and the number of hours under the number(s) corresponding to the dates being reported. More than one kind of absence may be reported on one Form 634, if authorized by the State agency for which employed.
3. **REASONS**—The need for the absence must be explained for all absences other than annual vacation. Reasons for using vacation credit in amounts of less than five days may be required by the supervisor.
4. **EMPLOYEE'S RESPONSIBILITIES**—The employee has a responsibility not to be absent from work unnecessarily. When the need for an absence can be anticipated, he is expected to present this written request for advance authorization. When an unanticipated emergency causes the absence, the employee is responsible for having his supervisor notified promptly and for keeping his supervisor informed as to the probable date of his return. Upon return from an unanticipated absence, the employee is required to present this written report to account for the absence. If absence is due to work incurred injury or illness, the employee should inform his supervisor if he does not wish to use his accumulated sick leave, or vacation, or CTO or holiday credit.
5. **SUPERVISOR'S RESPONSIBILITIES**—Each supervisor is responsible for seeing that he and his employees comply with the regulations governing absence from work. He is expected to recommend against approval of sick leave absences for which satisfactory evidence as to need is not presented. He should not authorize any unnecessary absence that will interfere with departmental work. For occupational illness or injury caused by and happening during State work, Supervisor's Injury Prevention Report, Form 620, must be submitted. Based upon the Form 620, the department must prepare SCIF Form 67, Employer's Report of Industrial Injury, for disability beyond the day of injury or when a doctor not on the State payroll treated the injury. For doctor's prognosis of return to work from industrial illness or injury, communicate with State Compensation Insurance Fund claims adjuster. Before recommending approval for sick leave by an INTERMITTENT EMPLOYEE, supervisor shall certify that the employee was scheduled to work during the hours reported for sick leave.
6. **SICK LEAVE**—Sick leave is provided to protect the employee from a loss of income when he is physically incapacitated from work. After completing six qualifying pay periods (see Rule 6.2) of continuous service, an employee receives six days sick leave credit and thereafter is granted one day of credit for each additional qualifying pay period of service. There is no maximum on the amount of sick leave credit an employee can accumulate. A person is seldom physically incapacitated from work so often that he has to use all of his sick leave credits. A State employee usually can build a fund of sick leave credits sufficient to assure that his full salary will be continued even when he has a prolonged illness. Payment of salary as a charge against sick leave credits is authorized only when satisfactory proof of the necessity for the absence is provided by the employee. A necessary absence to care for a member of the family who is seriously ill may be taken as sick leave. Not more than five days a year is granted for family care. Absence to care for members of the family who are not seriously ill cannot be charged against sick leave. Up to five days of sick leave may be granted for a necessary absence due to death in family.
7. **VACATION**—After completing six qualifying pay periods of continuous service an employee receives five days of vacation credit and thereafter is granted credit for each additional qualifying pay period of service on the following basis:

8. **PAID EDUCATIONAL LEAVE**—Following completion of 12 qualifying pay periods of continuous service, a full-time employee in State civil service employed in a position requiring teaching certification qualifications shall be allowed 15 days credit for educational leave with pay. Thereafter, on the first of the pay period following each additional qualifying pay period of service he shall be allowed 1 1/4 days credit for educational leave with pay. The employee may earn or use educational leave credits only while in a position requiring teacher certification qualifications. The granting of paid educational leave is at the discretion of the appointing power.
9. **MILITARY DUTY**—Payment of salary up to a maximum of 30 calendar days in a fiscal year is continued during absences for ordered military duty if the employee has qualifying service. A copy of the order must be attached to the request. A Military Leave of Absence (Form 605) is granted for the period the employee is off the payroll because of a break in service. (Qualifying service is 12 qualifying pay periods of continuous State service immediately prior to the active duty date or a combination of such State service and prior full-time recognized military service equaling one year.)
10. **COURT APPEARANCES**

**JURY DUTY**—The full salary of an employee who is absent to do jury duty is paid only if the employee reimburses the State by the amount he is paid for doing the jury duty. In the event the employee elects to retain the fee for jury duty such time off is not compensable but vacation and overtime balance may be reduced for the corresponding period of jury duty, providing sufficient vacation and overtime balances are available.

**SUBPOENAED WITNESS**—The full salary of an employee who is absent because he is subpoenaed as a witness in a court case in which he is neither a party nor an expert witness is paid provided he remits the fee to the State. If the fee is retained, a charge is made against accumulated balances or time off without pay.
11. **ABSENCE WITHOUT PAY**—Approved informal leave of absence without pay may be granted for a period not to exceed 11 working days in a 22-day pay period, 10 working days in a 21-day pay period or 11 consecutive working days between pay periods. An absence in excess of this time is considered a break in service.

Absence without approval for five consecutive working days is an automatic resignation. If an absence other than sick leave is not requested and approved in advance, it is recorded as absence without leave (AWOL) and disciplinary action may be taken.
12. **OTHER ABSENCES**—State agencies are permitted, but not required, to use this form in authorizing absences for State of California civil service examinations, training conferences, etc. Authorization of time to take a State civil service examination need not be granted if the request is not presented two days or more before the examination.
13. **EXTRA TIME WORKED**—Agencies may use this form to record extra time worked for CTO, overtime pay, holiday credit, excess time and for shift differential pay.
