

WHAT LEO RYAN AND JIM JONES DIDN'T KNOW ABOUT EACH

WHAT JONES THOUGHT ABOUT RYAN

JIM JONES THOUGHT THAT LEO RYAN WAS JUST (HIS OWN WORDS) "A FASCIST CONGRESSMAN CALLING THE SHOTS."

"Jones refers to [Ryan] as a fascist . . . who supports the minority white government in South Africa as well as the brutal dictator who murdered Salvatore Allende in Chile." TAPE SUMMARY: Q175.

HE KNEW **NOTHING** OF THE ENMITY BETWEEN THE CIA AND CONGRESSMAN LEO RYAN. HE WAS TRAPPED IN A JUNGLE WITHOUT EVEN A PHONE, MUCH LESS RESEARCH CAPACITY.

WHAT RYAN THOUGHT ABOUT JONES

LEO RYAN THOUGHT THAT JIM JONES WAS JUST A CULT LEADER WHOM (HE BELIEVED) WAS UNLAWFULLY HOLDING OTHER PEOPLE'S CHILDREN.

THE POLITICS WAS TURNED INTO NOTHING MORE THAN A SIDE SHOW.

Please be advised that Tim Stoen does have my support in the effort to return his son from Guyana. In addition a long time friend of mine, Bob Houston, a wire service photographer, has told me his granddaughters are being held in Guyana.

WHO LEO RYAN

The New York Times Limiting C.I.A. — and Overseas

It was not so many months ago that the public was first astonished and then angered by disclosure of covert operations by the Central Intelligence Agency in Chile, Laos, Angola and elsewhere. So it seems odd that the Carter Administration now proposes to ease present controls over C.I.A. "dirty tricks." But the proposal is neither odd nor hastily permissive. It responds to practical necessity.

When Congress investigated past covert activities, some members felt they should be banned, despite their usefulness for clandestine intelligence collection and the asserted need to counter Soviet subversive operations. But it was agreed finally that a C.I.A. capability for covert operations through its use of active branch contractors. Meanwhile, the 1974 foreign aid that every covert proved personally plus other measures. The C.I.A. congressional members and 41 staff previously, no significant contemplated.

" . . . the Hughes-**RYAN** amendment to the went even further and required that operation. . . . [be] report[ed] to committees. . . . Obviously, no operation could even be contemplated.
