THE GUYANA AIRWAYS PILOT

SUPPOSED TO JUST FLY IN FOR THE CONGRESSMAN'S RETURN TRIP. INSTEAD PERFORMED TASKS WHICH GAVE ASSASSINS A DIRECT LINE OF FIRE AND SIGNALLED "GO!" TO KILLERS WITH NO LINE OF VISION OF THEIR OWN.

IF HE HAD SLIPPED UP: If assassins had no DIRECT LINE OF FIRE and had to instead "hunt the Congressman down" by the side, back, or inside of the plane, risked exposing that they were NOT from Jonestown. Risk that someone might attack back. Might have to board plane and not escape themselves. Might have to SPEAK, unknown voices a giveaway that NOT from Jonestown. Congressman might have fled into the bush. An eyewitness seeing/hearing TOTAL STRANGERS could flee and later confirm a frame.

SECURITY/MILITARY ON SITE

THEY WERE SUPPOSED TO PROTECT PASSENGERS. INSTEAD THEY ENSURED SUCCESS OF THE ASSASSINATION BY REFUSING TO INTERVENE.

IF THEY HAD SLIPPED UP: Attackers could have been shot at themselves. Hit on the Congressman could have been aborted. The identity of the assassins as TOTAL STRANGERS likely if they were felled and their bodies examined. The frame blown. The CIA held to scandalous account.

THE HIT TEAM

DISCIPLINED, SILENT, RAPID, BRUTAL, EFFICIENT. KILL THE CONGRESSMAN, DISABLE THE PLANES, GET OUT. WAIT FOR HOURS ON END TO CONFIRM ON THE CIA RADIO BAND THAT EVERYONE AT JONESTOWN WAS DEAD.

IF THEY HAD SLIPPED UP: Surviving Congressman. Blown frame, real investigation, the horrific outrage of America's own intelligence agency targeting an American Congressman. If the deaths at Jonestown not "somehow" ensured, risked a noisy, dangerous cause celebre to protest the frame.

WHERE THEY DID SLIP UP: Killed the NBC cameraman but DID NOT CONFISCATE HIS CAMERA. U.S. government later mistakenly declassified log proving that the deaths at Jonestown radioed in to the CIA from on-site.
