

# THE AIRSTRIP (AT A AND C)

## THE COULD NOT SEE!

TIM REITERMAN TO E-2  
SHED

REAL JONESTOWN TRACTOR-TRAILER FILMED BY NBC UNDER LEFT WING FLAP OF THE SMALLER CESSNA PLANE

able structural differences between the REAL and vehicles, see "The Vehicle Used in the Attack: The The Vehicle Used in the Attack: The Trailer."  
arn what dangerous opponent conned his way into with a camera to obtain photographs for the ee, "Pre-Planning the Frame."

### E-2 to C:

**BLOCKED LINE OF VISION** FROM area between terminal shed and Guyana Airways plane TO the real Jonestown tractor-trailer parked under the left wing flap of the smaller Cessna plane DOWN-RUNWAY.

Reiterman would have had to look to his FAR LEFT, SLIGHTLY BEHIND, DOWN-RUNWAY and AROUND THE BODY OF THE SMALLER PLANE to see the real Temple tractor-trailer.

The NBC cameraman (then killed on site) was more mobile, however. He filmed the real Temple vehicle parked, doing nothing, going nowhere, all of a minute-and-a-half prior to the attack!!

Reiterman simply did not SEE the real Temple tractor-trailer. He undoubtedly did not even realize that it was there!

THE REAL JONESTOWN TRACTOR-TRAILER WAS FILMED BY NBC UNDER LEFT WING FLAP OF THE CESSNA AT "C." THERE WAS NO "SECOND TRACTOR-TRAILER" FROM JONESTOWN, YET A DUPLICATE SHOWED UP AT "A." SO WHERE DID IT COME FROM? (SEE NEXT PANEL).....
