

IMPLY PRESUME?

H to A: BACK-ONLY LINE OF VISION: were passed with surprise and speed, from the BACK. Enough to see what "looked like" the Temple tractor-trailer; no look at assassins.

H to C: BLOCKED LINE OF VISION Could not see real Temple tractor-trailer at all.

H to D: INCOMPLETE LINE OF VISION -- saw first part of trajectory ONLY.

H to I: BLOCKED LINE OF VISION -- no line of vision to victims; no line of vision to assassins as they attacked flush-opposite left side of plane.

Then, since they could not see the REAL Jonestown tractor-trailer hiding under the Cessna across the runway, they assumed that the attack vehicle was "OUR tractor-trailer."

After the slaughter, the attack vehicle whizzed off in the direction it was already pointed -- UP-RUNWAY! Thus no one examined that vehicle. It was only at rest during the attack when everyone was hiding, falling or fleeing.

Then the shooting stopped. The attack vehicle had sped off. The victims had fled. Even the Cessna had taken off. Then **THE TEMPLE MEN** undoubtedly WALKED RIGHT ONTO THE CRIME SCENE. They must have, because of the report back to Jonestown that Patty Parks (from Jonestown) was amongst the victims.

The returning men apparently described the carnage along with, "We got the Congressman!" But just to select people, who then reported to Jim Jones.

Tragically, no one at Jonestown questioned WHO "got the Congressman." Much less what vehicle launched the attack. All Jim Jones knew (as per the final tape) was "the truck" and "a gun" -- NOT a tractor-trailer and SIX gunmen.

The ghastly mass death plan was then put into play by a panicked, fanatical leader with NO VERIFICATION THAT THE TEMPLE HAD DONE IT. The community died never knowing that they had been FRAMED.

Why did they not SUSPECT a frame? Well, no one at Jonestown knew that Leo Ryan was the leading Congressional nemesis of the CIA! Thus "Who else might have done it?" was not even on their radar.

We plot out LINES OF VISION for **THE TEMPLE MEN** above:

WHO DID HAVE A LINE OF VISION TO THE ATTACK AND WHO DID THEY CLAIM TO SEE?
