the compound speaker system and stated that Congressman RYAN  
and "concerned friends" would be coming. During the same time

a troublemaker. [redacted] observed the response of the majority  
of People's Temple members to be that of concern that an outsider  
would be coming into the compound. The majority of members  
followed JONES' instruction without question and anyone disagreeing  
with JONES' philosophy would be subjected to critical peer pressure. (u)

Three or four days prior to RYAN's arrival, a petition was signed by members of the People's Temple in an attempt to keep RYAN and his party from making the visit. On the 15th or 16th of November, JONES again made an announcement stating that RYAN would be admitted into the compound and would be accompanied by MARK LANE and CHARLES GARY of the People's Temple Legal Staff. JONES stated that everything would be okay and that the residents should clean up the place prior to RYAN's arrival. (u)

On November 17, 1978, Congressman RYAN and his party arrived at the Jonestown Compound between 5:00 and 6:00 p.m. RYAN was greeted by HARRIET TROPP, GENE CHAIKEN and JOHNNY JONES. The RYAN party arrived via truck and was escorted to the pavilion area. The truck remained parked near the kitchen building. [ ] observed some of the party at the pavilion area where Reverend JONES was talking to members of his legal staff. (u)

At approximately 8:30 p.m., November 17, 1978, a variety show was staged at the pavilion for the benefit of Congressman RYAN and his party. The show consisted of a band, singers, dancers and a comedian. The program lasted approximately two hours and everyone present including the RYAN party appeared to be in good spirits and were laughing and smiling. At the conclusion of the show, MARCELINE (phonetic) JONES introduced Congressman RYAN who addressed the group. RYAN praised the work which was being done at Jonestown and stated he wished he had people like this in his congressional district to vote for him. (u)

After RYAN's speech, the crowd dispersed from the pavilion and [ ] returned to the [ ] slept till approximately 1:00 p.m. on November 18, 1978. He walked to the kitchen building where he observed a portion of RYAN's party boarding a truck. [ ] entered the kitchen and did not see the truck leave. (u)

A short time later, [ ] was returning to his quarters when he observed Congressman RYAN talking to members of the People's Temple at the pavilion. [ ] could not recall the identity of the Temple members. (u)

[ ] returned to the porch of his quarters where the [ ] family, the [ ] family, MONICA BAGBY, VERNE GOZNEY, and a few others were discussing the fact that approximately 20 Temple members intended to leave Guyana with the RYAN party. (u)

[ ] stated an additional 11 members had walked away from the compound on the morning of November 18, 1978. The group was discussing in particular HAROLD CORDEL, who intended to leave. They were calling CORDEL a deserter and a traitor. (u)

At approximately 2:30 p.m. [ ] observed DON SLY walking down a path toward the pavilion area. SLY entered the pavilion and attacked Congressman RYAN with a knife. Other Temple members present at the pavilion subdued SLY and RYAN was unharmed. [ ] believed that SLY may have been injured with the knife. The incident drew attention and MARCELINE JONES made an announcement over the loudspeaker stating that no one was harmed and instructing everyone to return to their homes. Immediately after the incident, HARRIET TROPP and GENE CHAEKIN were talking with RYAN in the pavilion. In addition, RYAN's aide, Miss SPEAR was present when the attack took place. (u)

At approximately 3:00 p.m., November 18, 1978, Congressman RYAN was escorted toward a truck parked at the kitchen area. [ ] did not observe RYAN enter the truck. (u)

At approximately 4:00 p.m., November 18, 1978 Reverend JONES called a meeting at the pavilion. A securities force was sent out to make sure everybody attended the meeting. After the membership was assembled, JONES announced that everybody would have to commit suicide and that anyone who would not do so would be disgraced. One woman in the crowd, CHRISTINE MILLER disagreed with JONES, but was immediately shouted down by the crowd. (u)

JONES went on to state that the pilot of Congressman RYAN's plane would be shot when the plane was over the jungle and all would die in the crash. JONES stated the person who was going to do the shooting "blamed his own sister for his mother's death". [ ] explained that he, along with other members, assumed that JONES was referring to LARRY LAYTON, because of a prior incident which occurred involving the death of LAYTON's mother. (u)

DE 89-247

CHRISTINE MILLER again spoke up stating, "maybe he won't do it" to which JONES replied, "he will if the place ever leaves the ground". (u)

SEE  
PAGE

A short time later, [ ] heard a vehicle approaching the compound and observed JOHNNY JONES enter the pavilion and whisper something to Reverend JIM JONES. At that point Reverend JONES announced, "it's too late, they're all dead", mentioning Congressman RYAN and JIM COBB of RYAN's party by name. (u)

b6  
b7C

Reverend JONES then instructed Dr. LARRY SCHACT (phonetic) to bring the poison. JONES told everyone to hurry in order that they might die with dignity and stated that if they did not commit suicide they would be tortured by the Guyana Defense Force (GDF). JONES did not exhibit any emotion regarding his orders. (u)

Various members then began to bring small plastic containers of poison to the pavilion area, where the contents were poured into a larger container. Temple members were then instructed to get in line and take the poison. (u)

[ ] stated that on other occasions JONES would call meetings in which he would have a member whose faith was believed to be weak come forward and drink a liquid which was supposed to be poison. On these occasions, however, it was not poison and the individuals drank the liquid unharmed. (u)

Almost immediately temple members and their children formed a line waiting to take the poison. Adults consumed the poison by mouth and the poison was forced down the throats of the children by use of a syringe. Kool aid was used to wash away the taste of the poison after being taken. (u)

[ ] stated the first member to take the poison was a female, name unknown to him and she hurried to the front of the line to take the poison as if she were proud to be complying with JONES' orders. (u)

Approximately five minutes after taking the poison people were beginning to die, children being the first affected by the poison. Even those people in line who observed the others dying continued to remain in the line and there was no evidence at this point that anyone was being forced to take the poison. (u)

A security force of approximately 20 to 25 people armed with bow and arrows and cross bows were directly adjacent to the people standing in line. The security force was present there to prevent people from leaving. In addition, an additional perimeter of approximately 20 security guards bearing rifles and shot guns were also in place at the boundary of the compound. (u)

[ ] stated he did not get in line with the others but was trying to determine how he would escape. A short time after the poisoning began, Dr. SCHACT (phonetic) asked for a nurse to get him a stethoscope. [ ] left the pavilion area to obtain a stethoscope from the hospital building. [ ] walked with [ ] to the hospital where he entered and then left [ ] exiting the back door. [ ] crawled under the hospital building and remained there until dark. (u)

Just as it became dark, an announcement was made over the compound speaker system calling all individuals with weapons to report to the radio room which was directly across from the pavilion. Three armed individuals whom [ ] could see from his hiding place then left the hospital area. [ ] then ran into the jungle and paralleled a road which led to Kaituma. [ ] walked for approximately four and one half hours and arrived at the Kaituma police station at approximately 12:30 a.m., November 19, 1978. [ ] then advised the authorities in Kaituma of the events which had taken place at Jonestown. (u)

[ ] stated that weapons were very seldom discussed but he did recall Reverend JONES in September, 1977 stating that all weapons maintained at the compound were licensed. [ ] further advised that armed security guards were on duty during all hours of the day or night at the Jonestown complex. (u)

[ ] stated he never observed any firearms training being conducted but did, on one or two occasions, hear guns being fired. [ ] had been advised that the firing was simply practice for hunting. (u)

In addition, the following individuals were members of the security force armed with cross bows: (u)

MARIE RANKIN  
BOB RANKIN

[ ] believed all members of the basketball team to be alive in that they were attending a basketball tournament in Georgetown, Guyana when the incident occurred. [ ] was not aware of any additional activities or functions performed by members of the basketball team other than playing basketball. (u)

[ ] provided the following list of individuals whom he knows to be alive who were in positions of some authority with the People's Temple Organization: (u)

ARCHIE IJAMES (member of the Inner Circle at People's Temple, San Francisco, California)  
MIKE CARTER (ham radio operator, Jonestown)  
TERRY BUFORD (ham radio operator, Jonestown)

[ ] advised he was aware that ham radio transmissions were being made but was not aware of the text of the messages. In general, [ ] believed members who were allowed to travel outside of the compound in Guyana were leaders in the temple organization. (u)

DE 89-247

[ ] was aware of no contingency plans to harm public officials in the event the People's Temple Organization would fall. (u)

The general threat that "people who betray Reverend JONES will not be forgotten" was made frequently. (u)

[ ] was not familiar with the term "angels" nor did he consider any of the surviving members to be a threat to other surviving temple members or public officials in the United States. (u)

[ ] stated he was aware of any bribery or criminal activity such as narcotics trafficking being conducted in Jonestown. No smoking or drinking was permitted at the compound and narcotics were not taken in the course of everyday living. (u)

[ ] stated that many members were kept against their will and was aware that the security forces were present to insure that no members escaped the compound. [ ] recalled hearing that one member, TOMMY BOGUE who tried to escape, was beaten but [ ] did not witness the beating. [ ] stated it was normal practice to tranquilize individuals who were captured while trying to escape. (u)

b6  
b7C

No narcotics were manufactured at the Jonestown complex and all drugs were transported into the compound from areas unknown to [ ] [ ] was not aware of the types of items which were shipped into the compound in that only certain trusted individuals were permitted to unpack incoming shipments. [ ] recalled the following individuals who were cargo packers at the San Francisco temple in 1977: (u)

RUBY CARROLL  
RAVINE BEAN  
JACK BEAN

(u)

[ ] believed the above individuals to be deceased. [ ] stated that members were required to provide written confession of "sins" which they had (u)

committed prior to coming to the Jonestown complex. The written statements were kept as a record but [ ] could cite no example of any statement being used to force a member to stay at the temple. It was [ ] observation that people stayed because of extreme peer pressure. (u)

In addition, tape recordings were made of all meetings of the general membership in Jonestown. [ ] did not know whether similar recordings of meetings involving members of the Inner Circle were made. (u)

[ ] stated he was not familiar with the financial dealings of the People's Temple but it was his impression that only Reverend JIM JONES knew exactly how much money the temple had and where the money could be located. (u)

[ ] stated [ ] currently has a list of loyal temple members who blame disloyal members that left with the RYAN party for the downfall of the temple. (u)

At approximately 3:00 p.m., November 18, 1978, Congressman RYAN was escorted toward a truck parked at the kitchen area. [ ] did not observe RYAN enter the truck. (u)

At approximately 4:00 p.m., November 18, 1978 Reverend JONES called a meeting at the pavilion. A securities force was sent out to make sure everybody attended the meeting. After the membership was assembled, JONES announced that everybody would have to commit suicide and that anyone who would not do so would be disgraced. One woman in the crowd, CHRISTINE MILLER disagreed with JONES, but was immediately shouted down by the crowd. (u)

JONES went on to state that the pilot of Congressman RYAN's plane would be shot when the plane was over the jungle and all would die in the crash. JONES stated the person who was going to do the shooting "blamed his own sister for his mother's death". [ ] explained that he, along with other members, assumed that JONES was referring to LARRY LAYTON, because of a prior incident which occurred involving the death of LAYTON's mother. (u)

DE 89-247

CHRISTINE MILLER again spoke up stating, "maybe he won't do it" to which JONES replied, "he will if the place ever leaves the ground". (u)

PLACE

A short time later, [ ] heard a vehicle approaching the compound and observed JOHNNY JONES enter the pavilion and whisper something to Reverend JIM JONES. At that point Reverend JONES announced, "it's too late, they're all dead", mentioning Congressman RYAN and JIM COBB of RYAN's party by name. (u)

Reverend JONES then instructed Dr. LARRY SCHACT (phonetic) to bring the poison. JONES told everyone to hurry in order that they might die with dignity and stated that if they did not commit suicide they would be tortured by the Guyana Defense Force (GDF). JONES did not exhibit any emotion regarding his orders. (u)

Various members then began to bring small plastic containers of poison to the pavilion area, where the contents were poured into a larger container. Temple members were then instructed to get in line and take the poison. (u)

b6  
b7C

[ ] stated that on other occasions JONES would call meetings in which he would have a member whose faith was believed to be weak come forward and drink a liquid which was supposed to be poison. On these occasions, however, it was not poison and the individuals drank the liquid unharmed. (u)

Almost immediately temple members and their children formed a line waiting to take the poison. Adults consumed the poison by mouth and the poison was forced down the throats of the children by use of a syringe. Kool aid was used to wash away the taste of the poison after being taken. (u)

[ ] stated the first member to take the poison was a female, name unknown to him and she hurried to the front of the line to take the poison as if she were proud to be complying with JONES' orders. (u)

Approximately five minutes after taking the poison people were beginning to die, children being the first affected by the poison. Even those people in line who observed the others dying continued to remain in the line and there was no evidence at this point that anyone was being forced to take the poison. (u)

A security force of approximately 20 to 25 people armed with bow and arrows and cross bows were directly adjacent to the people standing in line. The security force was present there to prevent people from leaving. In addition, an additional perimeter of approximately 20 security guards bearing rifles and shot guns were also in place at the boundary of the compound. (u)

[ ] stated he did not get in line with the others but was trying to determine how he would escape. A short time after the poisoning began, Dr. SCHACT (phonetic) asked for a nurse to get him a stethoscope. [ ] left the pavilion area to obtain a stethoscope from the hospital building. [ ] walked with [ ] to the hospital where he entered and then left [ ] exiting the back door. [ ] crawled under the hospital building and remained there until dark. (u)

Just as it became dark, an announcement was made over the compound speaker system calling all individuals with weapons to report to the radio room which was directly across from the pavilion. Three armed individuals whom [ ] could see from his hiding place then left the hospital area. [ ] then ran into the jungle and paralleled a road which led to Kaituma. [ ] walked for approximately four and one half hours and arrived at the Kaituma police station at approximately 12:30 a.m., November 19, 1978. [ ] then advised the authorities in Kaituma of the events which had taken place at Jonestown. (u)

[ ] stated that weapons were very seldom discussed but he did recall Reverend JONES in September, 1977 stating that all weapons maintained at the compound were licensed. [ ] further advised that armed security guards were on duty during all hours of the day or night at the Jonestown complex. (u)

[ ] recalled hearing that one member, TOMMY BOGUE who tried to escape, was beaten but [ ] did not witness the beating. [ ] stated it was normal practice to tranquilize individuals who were captured while trying to escape. (u)

No narcotics were manufactured at the Jonestown complex and all drugs were transported into the compound from areas unknown to [ ] was not aware of the types of items which were shipped into the compound in that only certain trusted individuals were permitted to unpack incoming shipments. [ ] recalled the following individuals who were cargo packers at the San Francisco temple in 1977: (u)

committed prior to coming to the Jonestown complex. The written statements were kept as a record but [ ] could cite no example of any statement being used to force a member to stay at the temple. It was [ ] observation that people stayed because of extreme peer pressure. (u)

In addition, tape recordings were made of all meetings of the general membership in Jonestown. [ ] did not know whether similar recordings of meetings involving members of the Inner Circle were made. (u)

[ ] stated he was not familiar with the financial dealings of the People's Temple but it was his impression that only Reverend JIM JONES knew exactly how much money the temple had and where the money could be located. (u)
