This undeveloped film was taken of fingerprint cards of members of the People's Temple (PT) who immigrated to Guyana. The originals of these cards are held by Chief Immigration Officer PITHOMBERG RAMFALL, who was present at the time [redacted] and his staff exposed this film. (u)

Photographic film is extremely scarce in Guyana and available film was used. [redacted] explained that 12 rolls of this film were exposed on Plus-X film using a light value of 13 and an exposure value of 1/15th of a second at F-11. The 10 rolls of Tri-X film were exposed at light value 13 with an exposure value of 1/30th of a second at F-11. (u)

RAMFALL explained that Guyana Immigration fingerprinted everyone over the age of 16. (u)

*(u)*

FBIHQ has previously been furnished the names and dates of birth of PT members by Georgetown State Department teletype 3877. This is a 40 page teletype and pages 10 through 40 should contain the names which are identical to the attached fingerprint records. Attached herewith for ready reference are pages 10 through 40 of referenced State Department message. (u)

Honorable Sir:

Leo Ryan

It is with great chagrin that I read the news today that the Justice Department has failed to assure Bodyguard protection for the late Congressman Ryan's Legislative Counsel, Jackie Speier. How chilling a remiss of your Justice Department to have made it necessary for Congressman Ryan's Family and Office to need to repeatedly make anguishing calls to your Staff to initiate even token and temporary coverage. How could you possibly allow such events to occur?

The Citizens of this Community and State are not at all assured that The Guyana Consulate and your Justice Department were not responsible for failing to investigate the devastating potentialities of the Jones Settlement. Congressman Ryan surely did offer you substantial clues that this was a need. Thus we hold you and your staff greatly responsible for the death and injury of Ryans Party; not to mention the death of the staggering number in the Settlement who wished not to die.

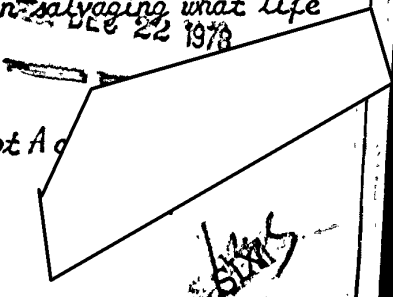

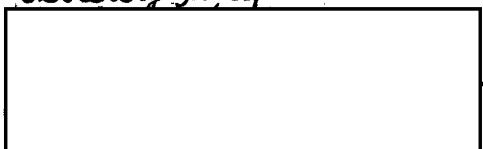

Once the tragedy upon tragedy did explode into reality---it would seem your department would be the first to Rush To Prevent Ripple Repercussions. Inexplicably---this seems not what is reported to us. Let us hope Providence is watching over Jackie Speier--as your Staff seems not to be doing so with any enthusiasm.

REC-123

Stop the Anguish of those of us who reside outside the periphery of Government Powers---and watch hoplessly on.

I will send a copy of this letter to President Carter, The Ryan Office and Mrs Autumn Ryan so they know the depth of feeling we have in salvaging what life can be salvaged from this heartbreaking carnage.

Sincerely Grateful For Your Prompt A

DAILY SUMMARY *(u)*

Interview of Terri Buford *(u)*

Terri Buford was interviewed in the presence of her Attorney Mark Lane at San Jose, California, on 12/6/78. Present at the interview was United States Attorney William Hunter, Northern District of California, and representatives of the FBI. Lane advised that he had developed information that guns were stored in the basement of Charles Garry's office in San Francisco. Lane stated he telephonically advised Garry on the evening of 12/5/78 to this effect. On 12/6/78 the San Francisco Police Department (SFPD) was notified of these facts at which time the SFPD advised that on the evening of 12/5/78 Attorney Charles Garry personally contacted the SFPD and indicated that he had just determined that several weapons were stored in the basement of his office. The SFPD subsequently recovered three handguns in the basement of Garry's residence. San Francisco is coordinating with the SFPD in an effort to trace these weapons.

During interview of Terri Buford, Lane further advised that his client desired immunity in return for information regarding the contingency plan of the Peoples Temple (PT) regarding possible assassination targets. Lane further indicated that Buford verified to him that the basketball team in Guyana was considered a security force. Lane further advised that Buford possessed information regarding the names of banks and account numbers of the PT in Panama with assets in excess of \$5 million. Lane stated that without immunity his client would make no statement and exercise her 5th Amendment rights. United States Attorney Hunter advised Lane that he would take this matter under advisement and discuss the matter with the Office of the Attorney General of the United States.

Ingram to Moore Memorandum  
RE: RYMUR

States. [redacted]  
[redacted]  
[redacted] (u)

Interview of Individuals Returning From Guyana at JFK International Airport on 12/6/78. (u)

Seventeen individuals arrived at JFK International Airport during the evening of 12/6/78 and were interviewed by Bureau Agents upon their arrival. [redacted]  
[redacted]

indicated that they intended to depart New York directly for San Francisco, therefore a return date was made for Friday, 12/8/78. Two individuals indicated an intent not to travel directly to San Francisco, [redacted]  
[redacted] (u)

Interview of [redacted] disclosed the significance of two code phrases noted by Bureau Agents to be recorded in personal notes and correspondence of previous returnees to the effect "give them my love" and "tell them I miss them." Williams advised that both phrases were furnished to him two to four months ago by Karen Layton and Maria Katsaris. [redacted] stated that the phrase "give them my love" meant that Reverend Jim Jones would die and "tell them I miss them" was an indication for assassination squad members to "get the defectors." (u)

Investigation continues to determine the extent of current use of the above two terms and determine if these terms are part of a current viable plan to carry out violent actions in the future. (u)

[redacted] further advised that his interpretation of an "Angel" was a member of the security squad who was assigned to get rid of defectors and traitors (u)

[redacted] stated that he had heard that Jim Jones issued instructions to the three PT members who were caught leaving Jonestown with a large sum of money that their own mission was "to survive." This is apparent reference to the three individuals, Michael Carter, Timothy Carter, and Michael Prokes, who left Georgetown with a truckful of cash, buried the truck, contacted local police and lead them to where the truck was located, and seized by the police. Ingram to Moore Memorandum  
RE: RYMUR

Chuck Kirkendole during interview stated that Paula Adams has been living with unknown United States Embassy Officials on and off in Georgetown, Guyana. He recalls delivering a package to an official United States residence in the Camelville section of Georgetown on approximately 10/16/78. (u)

Interview of Thomas Beikman, son of Charles Beikman, who is being held for the murder of Sharon Amos in Guyana, located a notebook in Beikman's possession containing the phrases "tell them I miss them" and "give them my love." Beikman denied any other meaning to the above phrases stating that his father Charles furnished the above phrase to him to relate to relatives. Beikman denounced the PT and Jim Jones during interview. When confronted with the alleged true meaning of the phrases Beikman refused to make further comments. (u)

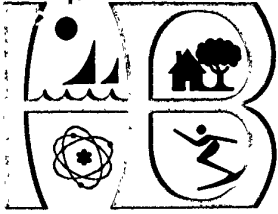

The remaining interviews were essentially nonproductive and returnees gave answers that appeared to be evasive. (u)

Identification of the Dead at Dover, Delaware (u)

On 12/7/78 Identification Division advised that two individuals for which warrants are outstanding in this case have been identified. They are as follows: Wesley Karl Breidenbach, dob 9/15/59, and Thomas David Kice, Sr., dob 11/18/35. Identifications of all individuals for which warrants are outstanding in this matter have been positively identified as deceased. (u)

Mr Sundine:

I as an Amateur Radio Operator License No. [redacted] on Feb 11, 1978 talked to a person in Georgetown Guyana South America by way of ham radio. She gave me her first name as Sarah, last name unknown. I sent them a card of acknowledgment and in a few weeks received one back of which I have enclosed (u) a copy of. Recently I talked to a ham operator in Kansas City Mo. He said that in the Kansas paper he saw where Albert Touchette who had signed the enclosed card had been confirmed one of the gunman and had died of poisoning. From the note on cult leader Jones it gave me the impression they wanted Communist control. This enclosed card gave me just the opposite impression! I thought that being asked to contact you from this card that it may be of interest to you or investigating committee. Would appreciate not to have my name mentioned for security reasons.

Sincerely

Mr Lundine:

I as an Amateur Radio Operator License No. [redacted] on Feb. 11, 1974 talked to a person in Georgetown Guyana South America by way of ham radio. She gave me her first name as Sarah, last name unknown. I sent them a card of acknowledgment and in a few weeks received one back of which I have enclosed a copy of. Recently I talked to a ham operator in Kansas City Mo. He said that in the Kansas paper he saw where Albert Tourette who had signed the enclosed card had been confirmed one of the gunman and had died farming. From the note on cult leader Jones it gave me the impression they wanted Communist control. This enclosed card gave me just the opposite impression. I thought that being asked to contact you from this card that it may be of interest to you or investigating committee. Would appreciate not to have my name mentioned for security reasons.

Sincerely

WALTER HOWE THAIN, Cytotechnologist, home address 2401 N.E. 5th Avenue, Boca Raton, Florida, was interviewed at his place of employment, the Ayre Cell Biology Center, Incorporated, 170 West Spanish River Boulevard, Boca Raton, Florida, telephone number 392-6622 and furnished the following information: (u)

WALTER HOWE THAIN is the treasurer and corresponding secretary for the Pan American Cancer Cytology Society. He works approximately four hours per day and his work entails the study of body cells to determine early signs of cancer. Mr. THAIN was instrumental in initiating a pilot program for the early detection of cervical cancer in Venezuela. (u)

In addition to his medical experience, WALTER THAIN is a ham radio operator and his call letters are WB4KKB. Mr. THAIN is a member of the Medical Amateur Radio Counsel (MARCO). This organization has approximately 1,000 members and consists of licensed operators in the field of medicine. Once a week Mr. THAIN monitors a special medical frequency and takes emergency medical calls. (u)

On February 3, 1978, at approximately 9:00 p.m. or 10:00 p.m., Mr. THAIN was monitoring this special frequency when he heard an emergency call from Guyana requesting assistance on a multiple birth situation. The caller from Guyana stated that he had a female patient in labor over 16 hours and the caller needed assistance for the delivery. The caller from Guyana was a Dr. LAWRENCE SCHACT, a pediatrician. The ham radio operator in Guyana was AL TOUCHETTE. Mr. THAIN assisted the caller from Guyana by "patching through" an obstetrician and an anesthesiologist in the United States to Dr. LAWRENCE SCHACT in Guyana. Mr. THAIN stood by and monitored and taped all conversation on the evening of February 3, 1978 which had to do with the delivery of the twins in Guyana. The tape lasted approximately five hours. Mr. THAIN called Guyana the next day and the prognosis from Guyana was good in that twin girls 6 1/2 pounds each had been born and the operation was highly successful. (u)

ENCLOSURE

89-4286-1373

By letter dated January 15, 1978, Dr. JOSE H. DA'COSTA, dental surgeon and orthodontist, residence 75 SEC. "M" Camp Bellville, telephone number 02-61507 and employment address of Practitioner's Medical Centre, 132 Carmichael Street, C/BURG. Georgetown, telephone 02-65356, requested that Mr. THAIN come to Guyana and assist the people in Guyana in initiating a pilot program for screening the mass population of Guyana for the early detection of cervical cancer. This pilot program would be similar to the one which Mr. THAIN initiated in Venezuela several years ago. (u)

Mr. THAIN explained that he had to go to Caracas, Venezuela around May 10, 1978 and decided to go ahead and go to Guyana as requested by Dr. DA'COSTA. In addition, Dr. SCHACT had asked Mr. THAIN to come to Georgetown to see the babies which had been delivered on February 3, 1978. (u)

Accordingly, about May 10, 1978, Mr. THAIN traveled to Venezuela and then went to Guyana. When he arrived in Guyana at Georgetown, Mr. THAIN received a "VIP" treatment. His baggage was loaded into a limousine and then was taken to an airport where he was flown into the jungle to Matthew's Ridge, which is the last outpost in the northwest region of Guyana. At Matthew's Ridge Mr. THAIN got off the airplane and was taken by a land rover to Jonestown. He was traveling from Georgetown to Jonestown with Dr. JOSE H. DA'COSTA, Dr. DA'COSTA's wife and daughter, and a former CBS correspondent, MIKE (Last Name Unknown). Mr. THAIN went deep into the jungle to the mission village of the People's Temple, which was called Jonestown. Jonestown was named after the head of the community at Jonestown, Bishop JIM JONES. When Mr. THAIN arrived in Jonestown, he met with JIM JONES and signed the guest register located at the guest house in Jonestown. He was assigned a cottage to live in. (u)

MM 89-179

3

with MIKE (Last Name Unknown) who was a former CBS correspondent. (u)

Mr. THAIN spent approximately four days in Jonestown and was given a tour of the community of Jonestown. He stated it was a utopia consisting of beautiful gardens and white picket fences. He said everything was neat and clean. He observed a great deal of heavy equipment including tractors, caterpillars and road building equipment. He recalled, however, that there was no telephone service in the community and all communication was conducted by CB radios. (u)

While in Jonestown, Mr. THAIN lectured to Dr. LAWRENCE SCHACT regarding the pilot program for screening the mass female population for the detection of cervical cancer. Mr. THAIN described Dr. SCHACT as a knowledgeable and competent doctor. He also lectured to Dr. SCHACT's staff regarding pap smears. (u)

He personally spoke with Bishop JIM JONES on six or seven occasions while in Jonestown and spoke to him regarding the community at Jonestown. JONES told him that the community consisted of about 1700 Americans and about 200 people from Guyana. JONES also showed him that there was a great deal of training for school children at Jonestown. Mr. THAIN stated that neither JIM JONES nor the people of Jonestown appeared to be "religious fanatics". During his stay at Jonestown, Mr. THAIN heard very few prayers and observed no worship services. He also stated there were no Gods or idols at Jonestown. (u)

3

Mr. THAIN stated he did not have any specific knowledge of trouble of any type during Congressman RYAN's trip to Guyana nor did he have any specific knowledge of the acquisition, licensing or shipment of weapons by the People's Temple to Guyana. Mr. THAIN also stated he did not have any specific knowledge of any firearms training received by People's Temple members nor did he have any direct knowledge of threats to harm any public officials or current or former People's Temple members as a result of persons attempting to expose the People's Temple, infiltrate the People's Temple, or induce a member to leave the People's Temple. During his stay in Jonestown, Mr. THAIN observed no storing of money or weapons at Jonestown. He also stated he was unaware of any contingency plan including a suicide pact that might have been part of the People's Temple community. He observed no guards or weapons in Jonestown and was free to visit every part of the community at will. On his tour of the mission village, he saw cattle, farmland, pig farms, a small 12 bed hospital and a pharmacy. He spoke with many young people of the community and generally they said that they had been in and out of jail and were happy to be in Jonestown and happy to be given "another chance". (M)

After his return from Guyana to the United States, he was sent copies of newspaper articles indicating possible unrest in Guyana by the president of MAPCO Dr. DONALD E. ORE, DDS, [redacted] and Post Office Box 161, Flossmoor, Illinois, telephone number [redacted]. Mr. THAIN indicated that Dr. ORE might possibly have additional information regarding unrest in Guyana. expedite checks of California Department of Motor Vehicles (DMV) and Department of Justice (DOJ) to obtain fingerprints to aid in identification of approximately 900 bodies. (u)

The first list of approximately 900 names was given the agencies on the morning of 11/24/78, and by 10:00 a.m. on 11/25/78, (Saturday), both had completed the search and made available 351 drivers licenses and applications with thumbprints and 166 fingerprint cards. (u)

The second list containing approximately 250 names was furnished DMV and DOJ in the late afternoon of 11/29/78. By noon on 11/30/78, they furnished an additional 64 driver's licenses and 29 fingerprint cards (u)

To fulfill the Bureau's need for two copies of each document, DMV made approximately 1,700 photographs and DOJ made 390 copies of the fingerprint cards. This entailed having extra employees work nights and on a weekend. (u)

The cooperation of the management and employees of both agencies was outstanding and it is believed a letter of appreciation from the Director to these agencies is appropriate and will further enhance our relations with these State agencies. (u)

1. AS DEPARTMENT IS AWARE THE GOG IS STILL CONSIDERING AN OUT-  
STANDING REQUEST FROM THE U.S. SECRET SERVICE THAT THEIR AGENTS  
BE PERMITTED TO COME TO GEROGETOWN TO INTERVIEW THE SURVIVORS  
OF PEOPLES TEMPLE. APPROVAL OF THIS REQUEST WAS FIRST  
GRANTED AND THEN WITHDRAWN ON DECEMBER 9-10. CABINEL-LEVEL  
TASK FORCE ON JONESTOWN STILL "HAS THE REQUEST UNDER  
CONSIDERATION." FBI IS ALSO ANXIOUS TO OBTAIN PERMISSION  
FROM THE GOGMZO CONDUCT INTERVIEWS WITH JONESTOWN SURVIVORS  
STILL IN GUYANA. THIS REQUEST IS ALSO OUTSTANDING.

2. EMBASSY CERTAINLY APPRECIATES DEA'S INTEREST IN HAVING  
SPECIAL AGENT [ ] TRAVEL TO GUYANA FOR THE PURPOSE SET  
FORTH IN REFTEL. HOWEVER, IF SUCH A VISIT IS  
TO BE FRUITFUL IT WILL DEPEND UPON THE FULL COOPERATION  
OF HIS GUYANESE COUNTERPARTS. IT IS ESSENTIAL THEREFORE  
THAT PRIOR GOG CONCURRENCE BE OBTAINED BEFORE SPECIAL  
AGENT [ ] TRAVELS TO GEORGETOWN.

4. COMMENT: GOG IS STILL ACUTELY SENSITIVE ABOUT THE ENTIRE SUBJECT OF JONESTOWN, INCLUDING ITS HANDLING OF THE AFFAIR. CHEDDI JAGAN'S DAILY MIRROR SYAS ALREADY STRONGLY CRITICIZED THE GOVERNMENT FOR THE "LARGE NUMBER OF U.S. SECRET SERVICE MEN, SOLDIERS IN PLAINCLOTHES AND POSSIBLY AGENTS OF THE CIA MOVING FREELY ON THE SOIL OF OUR INDEPENDENT AND SOVEREIGN NATION." GOG COOPERATION HAS BEEN VERY GOOD AND FORTHCOMING UP UNTIL NOW BUT ARTICLES SUCH AS THE ONE IN JAGAN' MIRROR WILL CAUSE THEM TO BE CAUTIOUS.

[redacted] East Alton, Illinois, was contacted at his residence and provided the following information (u)

[redacted] advised that during the Spring months of 1978, he and other ham radio operators in his radio club began listening to broadcasts from Guyana. [redacted] stated that he made a couple cassette tapes of the broadcasts which were made during March, 1978. He advised that he began taping the broadcast because he felt there was something "suspicious" about their broadcasts. Specifically, [redacted] stated that the broadcasts from Mission Town, Guyana, were supposed to be from missionaries. However, [redacted] stated that when the people in Guyana made contact with certain people in California, they appeared to be talking in coded messages. (u)

[redacted] stated that many of the ham radio operators who were in contact with the Peoples' Temple were members of MARCO (Medical Amateur Radio Council). [redacted] stated that the broadcasters from Guyana would describe certain illnesses or problems that some of the people had and that the doctors in the United States would then call back and give the missionary group medical advise. [redacted] stated that he thought all of this was very legitimate, but when the broadcasters from Guyana would be making contact with certain individuals in California they appeared to be talking in "gibberish". (u)

b6

[redacted] stated that the mission town (Jonestown) broadcast on license number WB6MID/8R3 and that their Georgetown Station broadcast on license number WB5NH/8R1. On December 18, 1978, [redacted]  
[redacted] Santee, California, furnished the following information: (u)

In 1977, he lived in Eagan, Minnesota, and was an amateur radio operator there. Between April, 1977, and July, 1977, approximately, he occasionally heard conversations between amateur operations in Jonestown, Guayana, and the Oakland - San Francisco area, as well as between Jonestown and Los Angeles. (u)

b6  
b7C

[redacted] assumes the operators were missionaries because they talked about God and praised the Lord. The parties also talked about shipping money and supplies to Jonestown, including guns. Those in Jonestown indicated they were allowed to shoot for meat. They talked about "shooting pigs" and stated they needed heavy guns with a great deal of power because boars were hard to bring down. (u)

[redacted] stated he recently learned the People's Temple had a transmitter in Jonestown and wanted to bring the above information to the Government's attention for whatever significance, if any, it may have. (u)

On December 6 1978 CHARLES R KIRKENDOLE was inter-  
viewed by [redacted] Special Agents  
(SAS) of the Federal Bureau of Investigation (FBI) and [redacted]  
[redacted] Special Agent, Secret Service. KIRKENDOLE was ad-  
vised of the identity of the agents and nature of the inter-  
view. (u)

KIRKENDOLE advised that in the summer of 1973 after  
his brother DAVID was killed by the Oakland Police, he became  
interested in joining a political organization. Initially  
KIRKENDOLE considered the Black Panther Party (BPP) until a  
friend, [redacted], persuaded him to investigate the Peoples'  
Temple (PT). KIRKENDOLE said that at the time he joined the PT  
was involved in programs similar to those of the BPP, composed  
mainly of blacks, but unlike the BPP the PT did not advocate the  
use of violence even those the PT made financial contributions  
to the BPP to aid the HUEY NEWTON defense (u)

b6  
b7C

In order to join the PT an individual had to attend  
four consecutive meetings, to agree to abstain from drugs,  
alcohol and pay his bills. KIRKENDOLE denied that prospective  
members were asked to sign over any property or that they were  
forced to make financial contribution, he said that all mem-  
bers made contributions which were voluntary and based on income (u)

All members were expected to perform some tasks at the  
temple. KIRKENDOLE was an "unarmed usher" who maintained  
security at the entrances. KIRKENDOLE denied that he acted as  
personal bodyguard for JIM JONES or his children; he did admit  
that on occasion he physically ejected visitors from the tem-  
ple when they'd tried to get too close to JONES (u)

KIRKENDOLE stated that he lived in Guyana for 16  
months and that he worked as a truck driver. On the day of  
Congressman RYAN's visit KIRKENDOLE drove attorneys MARK LANE  
and CHARLES GARRY from the PT's Georgetown house to the Air-  
strip in order for them to fly to Jonestown to meet with Ryan' (u)

(u)

by SAS [redacted] and [redacted] SEM/meh Date dictated 12/10/78

party. KIRKENDOLE did not see RYAN during that visit nor did he hear any talk about the visit except that it was expected. KIRKENDOLE first became aware of the deaths at Jonestown the next day when he returned from the movies (u)

KIRKENDOLE advised that there were weapons at the camp, he said that 13 weapons, rifles, shotguns and bows and arrows, were used for hunting. Later during the interview he stated that he's seen approximately 21 weapons. At another stage in the interview he said that there may have been more than that number of guns. KIRKENDOLE said that to his knowledge there were no firearms training offered at the temple but many of the male members had been in the military and knew how to use automatic rifles and that some of these men were on the security force. According to KIRKENDOLE the security force was armed and maintained camp security and defense (u)

KIRKENDOLE admitted that drugs were used to maintain discipline over people who were trouble makers, those who spoke against the leadership or spoke of wanting to leave Jonestown; also beatings were a part of the discipline, some of the beatings were as "bad" but to his knowledge no children were beaten or buried alive. (u)

KIRKENDOLE further advised that during his stay at Jonestown there were two suicide drills. He stated that once during an assembly JONES asked the group if they were willing to die. KIRKENDOLE said that at that meeting he communicated his willingness. Asked why he would have been prepared to die, KIRKENDOLE said that he felt that one ought to be willing to die if what he'd worked for were to be destroyed. (u)

KIRKENDOLE said that the time the army was supposed to attack the community they were willing to fight and die to prevent being overrun or tortured. He also mentioned the possibility of some type of attack by the Central Intelligence Agency or the Federal Bureau of Investigation. (u)

KIRKENDOLE advised that while at Jonestown all members of the village received instruction in the Russian language. He said that DON JACKSON was the teacher. JACKSON was described as a black male, mid thirties, approximately 190 pounds, curlyhaired, who was formerly a history teacher in San Francisco. He stated that a member of the Soviet Embassy in Georgetown paid a visit to the Jonestown settlement and that a Russian doctor came once to perform a physical examination on JIM JONES. KIRKENDOLE said that there had been some talk at Jonestown of the Peoples' Temple re-settling in Russia. (u)

KIRKENDOLE described PAULA ADAMS as a secretary at the Georgetown headquarters of the Peoples' Temple and said that after the suicides ADAMS mentioned to him that she's had an affair with a staff person at the American Embassy in Georgetown. KIRKENDOLE also stated that several months ago he's delivered a birthday present for ADAMS to that embassy officials home in Camelville (ph). (u)

KIRKENDOLE advised that among the high leadership the following were black individuals, JOHNNIE JONES, EVA JONES, and LEE INGRAMS INGRAM is supposedly alive and was a member of the security force (u)

KIRKENDOLE stated that he'd heard the term "angels" but did not know what it meant; when asked again he answered that angels were all over the world and that JIM JONES had said that angels were "all around the world" and could strike at anytime. KIRKENDOLE said that he didn't know anything specific about who angels were but he said that he "wouldn't mess with them". KIRKENDOLE said that he didn't know if "angels" had killed any defectors from the church but that JIM JONES had stated "that they'd be taken care of in their own way". (u)

KIRKENDOLE described the following individuals as such: (u)

JOE WILSON, black male on security force and armed.  
AVA JONES, Jonestown leadership.  
LEE INGRAM, head of security force.  
PAULA ADAMS, secretary, gave sexual favors for JONES (u)

LARRY SCHACHT, Camp doctor, JONES' lover.  
STEPHEN JONES, security force, armed.  
ANDREA WALKER, Radio operator in Georgetown.  
CHUCK BIKEMAN, security force.  
PERCY JONES, worked in Jonestown store.  
JOHNNIE JONES, Jonestown leadership.

Concerning the shooting of Congressman RYAN, KIRKENDOLE said that TIM CARTER had told him that LARRY LAYTON had shot RYAN as an act of revenge. KIRKENDOLE did not know why LAYTON wanted revenge or against whom. He also said that he's heard that the order to shoot RYAN did not come from JONES, that JONES did not come from on hearing of the killings stated that "life was over". KIRKENDOLE said that someone told him this. (u)

LANE reported he will contact United States Attorney WILLIAM HUNTER or Assistant United States Attorney ROBERT BREAKSTONE, San Francisco, California, possibly on the evening of November 29, 1978. He declined to furnish any information regarding the location of TERRY BUFORD until such time as he can confer with either Mr. HUNTER or Mr. BREAKSTONE. (u)

LANE met Dr. LAWRENCE SCHACHT in September, 1978, at Jonestown, Guyana, at which time Dr. SCHACHT gave him a thorough and complete examination. LANE understands from previous conversations with JIM and MARCELINE JONES that they met SCHACHT several years ago and at the time he was a drug addict. SCHACHT was rehabilitated from drug addiction through the efforts of JONES and they sent him to medical school at the University of California, Irvine, California, where he graduated number two or three in his class. In later conversation with JONES at Jonestown, LANE learned that

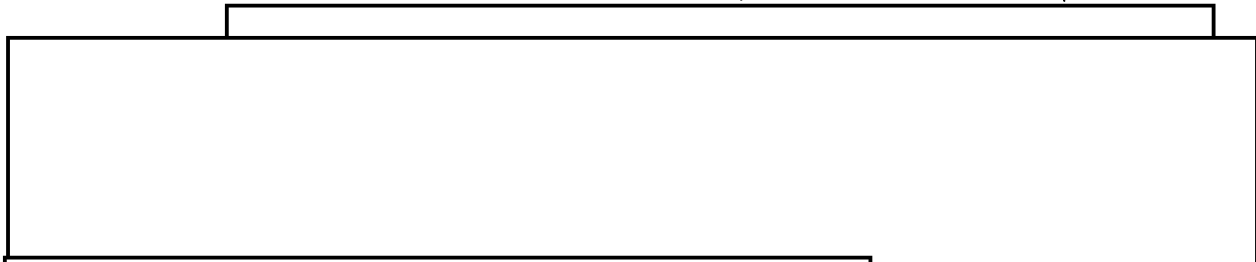

(u)

SCHACHT was not licensed to practice medicine in Guyana. LANE was requested to investigate procedures for obtaining appropriate licensing in Guyana for SCHACHT. LANE contacted HAMILTON GREEN, a ranking Guyanese official, and determined that if SCHACHT could routinely travel to Georgetown, Guyana, to practice medicine under the supervision of licensed Guyanese physicians, he could possibly thereby receive his license. LANE communicated this information to PT officials and later was informed by his client, identity not revealed, that SCHACHT was not allowed to leave Jonestown under any conditions because the PT feared he would not return. (u)

LANE knows nothing regarding SCHACHT's employment background. At the time Congressman RYAN was attacked at Jonestown, LANE asked JIM JONES to get SCHACHT for RYAN. JIM JONES said he would, but SCHACHT never made an appearance. DALE PARKS, respiratory assistant in the clinic at Jonestown, who survived the shoot-out at Port Kaituma, Guyana, was an associate of SCHACHT at Jonestown. LANE could furnish no additional information regarding SCHACHT's involvement with the PT. (u)

b6  
b7c

[redacted] could furnish no information regarding SCHACHT's participation in the acquisition of cyanide poison, the extent of his participation in the conduct of the mass suicide, or his involvement, if any, in the conspiracy to kill Congressman RYAN. (u)

Through his client, LANE is aware of the existence of contingency plans known as the Last Stand Plans (LSP). The LSP include (1) mass suicide, (2) killing of defectors, (3) killing of hostile reporters, and (4) killing of public officials in order to politicize the event in state one. (u)

To his knowledge, there was no standing list of public officials to be assassinated. The names were to be chosen at the time the plan was implemented. Selection of those to be eliminated was to be made without regard to (u)

their party affiliation or whether they had made public statements concerning the PT. Even those persons who made statements supporting the PT could be included among those chosen under the plan. LANE understands that this plan has been formulated for some period of time and the principal PT members involved in the formulation of the plan were TIM STOEN and SANDY BRADSHAW. STOEN has defected from the PT, and BRADSHAW is in charge of the PT at San Francisco, where she reportedly resides at the present time. STOEN and BRADSHAW did extensive research into the use of various poisons for the purpose of carrying out the LSP. (u)

LANE has no knowledge of a prepared "hit list," but his client states it is common knowledge, based on statements made at conferences and other meetings. Journalists LESTER KINSOLVING, MARSHALL KILDUFF and PHIL TRACY, as well as all defectors and aides to defectors, which LANE considers himself to be, are to be eliminated under the plan. (u)

JIM JONES became personally angry with LANE because LANE counseled the members of the PARKS family to leave with Congressman RYAN and his group as opposed to waiting one week at Jonestown before departing, as requested by JONES. (u)

LANE reported that SANDY BRADSHAW would be in charge of implementing the contingency plans. LANE feels that LEE INGRAM, coach of the PT basketball team at Jonestown, who with the members of his team, was not in Jonestown at the time of LANE's last visit because they were away to play a scheduled game with the Guyanese national team, is the type of person who would be involved in eliminating people under the plan. This is a personal observation, not based on any direct evidence. He has heard through an unnamed source that the PT basketball team has been involved in "sharpshooting not of the basketball type." (u)

In regard to the shipment of guns to Jonestown, LANE pointed out that he never heard of the PT or JONES until about two and one-half months ago. In September, 1978, LANE visited at Jonestown and on this occasion observed it to be a pastoral community and saw no evidence of the presence of firearms. He did not hear any derogatory information regarding the PT until his client informed him of actual conditions within the PT about three weeks before the RYAN incident. It has been reported in the press that CHARLES GARRY, a PT attorney, had encouraged members of the PT to obtain firearms for self-defense purposes. In his first visit to Jonestown, LANE commented to several people (u)

there that "anyone being in the jungle would be crazy not to have a rifle at least to protect himself from ocelots and snakes." The Jonestown people replied they had no weapons at all but that they had been attacked by people from the bush and had no weapons. (u)

MARK LANE, Attorney at Law, [redacted] was interviewed at his residence. Present during this interview was Secret Service Agent [redacted]. At the outset of the interview, Mr. LANE indicated he was representing a client who had been a member of the People's Temple and stated immunity must be granted to this individual, otherwise he would not be free to divulge all the information. He stated this client was anxious to speak and in view of the fact she had confided in him as an attorney he felt he must protect his client. It was pointed out to Mr. LANE that the immunity would have to be granted by the Department of Justice and this request would be brought to their attention. (u)

Mr. LANE advised he is presently working on a diary which would relate his knowledge of the incidents at Guyana, as well as his involvement and knowledge of the People's Temple and Rev. JIM JONES. He stated he would make a copy of this available upon his completion, which he anticipated would be in the evening of November 26, 1978. Mr. LANE stated that after this diary was completed, he would be willing to answer any questions which would assist in this investigation. (u)

b6

LANE expressed fear that his own safety was in jeopardy and indicated he had called the People's Temple in San Francisco on the previous evening and indicated strongly to them that he did not want to be harassed nor did he want any of his loved ones bothered by any members of the People's Temple. LANE indicated he was concerned as his knowledge of this recent mass murder and suicide that occurred in Jonestown was merely stage one of a four-stage program. He explained stage one was a mass murder or suicide of the members of the People's Temple. Stage two basically requires that all surviving leadership members condemn the actions of those who had led the congregation in this suicide. Stage three was that all defectors would be sought and killed. Stage four consisted of killing numerous public officials. LANE explained he was not aware of the identities of any public officials to be killed. (u)

LANE revealed that an investigative reporter by the name of GORDON LINDSAY had done an 88-page report on Rev. JONES' People's Temple in which he did an in depth and accurate portrayal of the situation as it existed. LANE felt this report would be useful in this investigation. The report was never published as its authenticity could not be verified by the "National Inquirer" for whom LINDSAY had done this report. (u)

LANE mentioned that there was supposedly \$3,000,000 in the cabin of Rev. JIM JONES in Guyana. He pointed out he had read recently in the paper that a half million dollars had been recovered and he feels now that one of the church members has apparently made off with the additional money. He also mentioned two ships that belonged to the Temple which he was of the opinion contained a considerable amount of valuables belonging to the Temple. He related the names of these ships as the Cucho (phonetic) and the Masalon (phonetic). (u)

LANE also indicated that he felt attorney CHARLES GARRY was aware of the violent potential of Rev. JONES as he was aware a radio transmission between Guyana and attorney GARRY in San Francisco had been monitored on October 6, 1977. During this conversation, JONES related to GARRY that he was going to kill everyone in Jonestown. According to LANE, GARRY pleaded with JONES not to kill these people. LANE was of the impression this information had to be known to the Government of the United States. (u)

LANE related that he was only involved with JONES and the People's Temple for a short time prior to the massacre. He stated Rev. JONES was obviously quite disturbed and posed a threat to Congressman RYAN. LANE stated he advised RYAN of his concern that something of a violent nature could happen if he visited the site in Jonestown. LANE stated he did not feel he could prevent the Congressman from going to Jonestown as it would appear his whole intentions were to prevent Congressman RYAN and his party from visiting the site at Jonestown. (u)

LANE advised he would have his diary completed as soon as possible and would answer any questions after that. (u)

An individual who identified himself as ROBERT HOMER STROUD was contacted as he departed his Pan American flight at John F. Kennedy International Airport, New York, and was advised of the identities of the interviewing Agents and Secret Service Agent [redacted] (u)

STROUD stated that he became acquainted with the People's Temple in 1968, while he and his family were residing in San Francisco, California. His mother and father, at that time, had become members of the People's Temple (PT), whose leader was Reverend JIM JONES. In 1970, he and his family left the PT, and moved to Banning, Southern California. (u)

At the age of 18, STROUD returned to San Francisco and renewed his membership in the PT. In 1977, based on the information provided to him by the Temple in San Francisco, STROUD decided to leave California and join Reverend JIM JONES in Jonestown, Guyana. In August, 1977, he flew to Miami, and then to Guyana, airfare provided by the PT. Reverend JIM JONES met the new group of arrivees at Georgetown, where they then took a boat into the interior to Jonestown. (u)

STROUD remained in Jonestown until September, and then went to Georgetown where in December, he married DAISY LEE, a pre-med student at San Francisco State College, daughter of [redacted] San Francisco, California, [redacted] While in Jonestown, DAISY LEE taught in the medical unit and never related to STROUD anything of an unusual nature at the medical station. (u)

b6  
b7c

STROUD and his wife stayed in Georgetown for a period of four weeks. While there, STROUD's job was to purchase parts and dry goods for the PT. STROUD paid for these goods occasionally by checks, drawn from the Bank of Guyana, and later in cash only. PAULA WILLIAMS and MIKE TOUCHETTE were the only individuals who could sign checks used to purchase goods. These goods were sent inland by two ships; the Cudjoe, a 20 foot, 30 ton capacity boat which usually carried meats and was captained by TIM SWEENEY and the El Jara, captained by [redacted] (u)

DON SLY and CLIFFORD GREGG. (u)

STROUD returned to Jonestown in June, where he began to teach a science class to the children of the Temple. (u)

In July, STROUD sustained serious injuries to his right leg and left ankle after being run over by a truck in a freak accident. He was given emergency medical aid by Dr. LAWRENCE EUGENE SCHACHT, and then sent to Georgetown, to recover in the Public Hospital, Mercy Hospital and Persuado Hospital. STROUD was confined to a wheelchair, and stayed in Georgetown until early November. STROUD returned to Jonestown, where he stayed until November 15, and then returned to Georgetown for medical treatment. STROUD stated that when he left Jonestown on November 15, Reverend JIM JONES looked sick. (u)

STROUD stated that Congressman RYAN visited 41 DENNIS Street, Georgetown, Guyana, on Thursday evening. STROUD stated that at the beginning of that week, it was rumored that Congressman RYAN might be arriving in Guyana, and that he had heard that Reverend JIM JONES specifically requested that the PT in Jonestown as well as in Georgetown be cleaned up. This rumor was further substantiated by increased radio traffic between Georgetown and Jonestown. While Congressman RYAN was at 41 Dennis Street, STROUD witnessed him speaking to SHARON AMAS, in the Public Relations Office. (u)

STROUD stated that during his brief stay in Jonestown in early November, as well as in Georgetown in mid-November, there was no sign of hostility or imminent danger to members of the Temple or to Congressman RYAN and his party. (u)

STROUD stated that on Saturday, November 18, 1977, SHARON AMOS committed suicide at 41 Dennis Street, and that as a result of this act and what he had heard had happened in Jonestown, the residents of 41 Dennis Street were placed under house arrest until he departed Guyana. (u)

STROUD stated that he knew very little pertaining to the financial business of the PT. The largest amount of money seen by STROUD was said to be \$15,000, carried by EUGENE SMITH (u)

BQ 89-495

to purchase wood in Georgetown in order to expand the Jonestown complex by 50 cottages. (u)

STROUD stated that he knew very little about checks being taken from members of the PT, but he did remember one instance when one MARION CAMPBELL related to him that she had signed her check in Jonestown and that it was subsequently taken from her and never seen again. Passports were also relinquished by all members of the PT and never returned. (u)

STROUD stated that he had no knowledge of mail being censored, but if it was, the following individuals worked in the mailroom and had access to all written communications: (u)

MARY LOU CLANCY  
RITTA TAPPER  
RONDA FORTSON  
MARGORITA DAVIS (ROMANO)  
JOHNNY FRANKLIN

STROUD stated that PSU and ECU (Extended Care Unit) did exist in Jonestown. In PSU, individuals cut grass, and carried trees as a means of punishment, which could possibly last up to three weeks in duration. (u)

STROUD stated that in September, 1977, there was an incident in Jonestown known as the "7 Day Seige." At this time, shots were heard out in the surrounding bush, and Reverend JIM JONES attributed these shots as a CIA assault, and declared an alert known as a white night. STROUD stated that the PT members had no weapons except one registered shotgun, but that every member did carry a cutlas during this seige period. (u)

STROUD stated that Reverend JIM JONES used suicide as a threat. During one white night, STROUD remembered Reverend JIM JONES stated that if any of his followers defected, they would be harassed if they succeed in getting to the United

BQ 89-495

States, and that if they did attempt to leave Jonestown by means of the jungle, they would not make it out alive. Reverend JIM JONES also stated that he had spoken to ANGELA DAVIS and DENNIS BANKS via radio, but STROUD could not remember what Reverend JIM JONES told the members what ANGELA DAVIS and DENNIS BANKS had said during this communication. (u)

On another white night, STROUD quoted Reverend JIM JONES as stating: How many would rather take their own lives, than have it taken from them? Although STROUD never witnessed any drills of suicide or poisoning, he did admit to hearing rumors of such drills. (u)

STROUD stated that the heavy equipment used in Jonestown was purchased by MIKE TOUCHETTE from the Massey Ferguson Company in Georgetown, Guyana. The only individuals authorized and trained to drive the Massey Ferguson tractor were as follows: (u)

MIKE TOUCHETTE  
STEVE JONES  
EMIT GRIFFITH

|  
(u)  
J

Authorized and trained truck drivers were as follows: (u)

KIM BREWSTER  
CARL BARNETT

|  
(u)

Stroud stated that he believed that Reverend JIM JONES maintained control over the members of the PT in Jonestown by keeping them in a constant state of battle or war psychosis. (u)

STROUD stated that Reverend JIM JONES feared GRACE and TIM STONE, for JONES was afraid that GRACE and TIM would attempt to kidnap JOHN VICTOR STONE, who Reverend JIM JONES admitted to fathering. (u)

BQ 89-495

STROUD stated that drugs were not used in Jonestown except for medicinal use. These drugs were purchased from the Guyana Pharmaceutical Company and that EVELYN LE ROY was responsible for picking up these supplies. STROUD stated that he never saw any poisonous drugs in Jonestown, and doubted that these sort of drugs could be purchased in appreciable quantity from the Guyana Pharmaceutical Company, but since customs was so lax in Georgetown, they possibly could have been smuggled into the country. (u)

STROUD stated that the following individuals were known to him to be radio operators in Jonestown: (u)

MARIA KASARAS  
TERRY JONES (LOU JONES' wife)  
SHARON AMOS  
TERRY BUFFORD  
HARRIET TROOP  
KAREN LAYTON

STROUD provided the following as a partial list of the code used while operating the radio in Georgetown: (u)

Code	Meaning

Had Tang for Breakfast	(Could not remember)

BQ 89-495

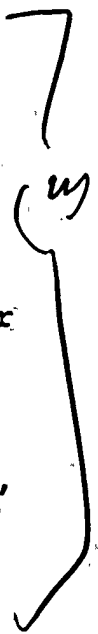

In addition, STROUD stated that he as well as BOB (LNU) burned all written radio transmissions at the end of each day as standard operating procedure. (u)

STROUD stated that he knew very little about Dr. LAWRENCE EUGENE SCHACHT except that he was the only doctor at the PT in Jonestown. STROUD stated that Dr. SCHACHT's medical diploma was not displayed in his office, but he believed that Dr. SCHACHT acquired his medical training in Mexico, his schooling being paid for by the PT. (u)

STROUD stated that to the best of his knowledge, SHARON AMOS was in charge of Public Relations for the PT in Jonestown, and that she was friendly with DOUG ELLIS and DICK MC COY. As to other officials, STROUD stated that DAVID (LNU), Representative from the Ministry of Agriculture, painted propaganda material for the Temple, and that Judge BORLERS, Highest judge in Guyana, had visited Jonestown at least three times, but STROUD never saw him in Georgetown. FEDERAL BUREAU OF INVESTIGATION  
COMMUNICATIONS SECTION  
U.S. DEPARTMENT OF JUSTICE

1. Only incoming teletype messages which require transmission relay may be prepared for transmission using form 0-73. Use of form 0-73 is restricted to incoming teletype messages received within the last 3 days which require transmission relay; all other teletype messages must be prepared using form 0-93.
2. Additions such as notes and administrative data for a specific addressee are not allowed. If a note or administrative data is required for a particular addressee a separate 0-73 form must be prepared.
3. The message will be transmitted just as it appears. The person approving the message is solely responsible for assuring all necessary editing changes have been made.

**PREPARATION OF FORM WHICH CONSISTS OF A PREPRINTED YELLOW.**

1. Complete appropriate boxes: date, classification & precedence.
2. List addresses immediately following the "TO" or place a check mark in the appropriate boxes.
3. Type or PRINT the subject in the space provided.
4. Print or type originator's name, room number and telephone extension.
5. Indicate approval for transmission by initialing the "Approved By" box.

**PREPARATION OF MESSAGE TO BE TRANSMITTED**

1. Xerox 1 copy of incoming teletype message. A notation shall be made on the original incoming teletype "1 copy made for relay to SACS \_\_\_\_\_, (OR LEGATS) \_\_\_\_\_, (OR GOVERNMENT AGENCIES) \_\_\_\_\_."
2. Minor editing changes shall be made on the xerox as follows: using a lead pencil ONLY draw single line through the first and last lines of the heading and connect these lines from top right to bottom left forming a "Z," figure. (DO NOT OBLITERATE THE HEADING.) Use horizontal lines to delete sentences or words. Printed changes of a word or two to the text of the message may be made; however, changes to the existing text involving more than a word or two necessitate the originator to initiate a new message using form 0-93.
3. Administrative data or notes may be typed immediately following the text and will be transmitted to all addressees.
4. When using the 0-73 form to disseminate information to field offices, Legal Attaches and other Government agencies simultaneously, the text, notes and administrative data must be identical for all addressees.
