Dear Sir,

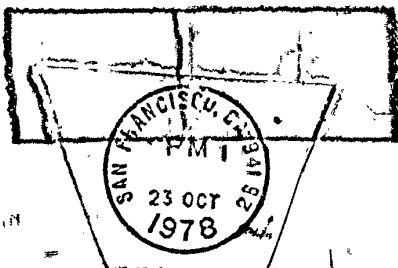

Leo Ryan

I have watched in horror as the truth has been revealed about the FBI and the Panthers, the FBI & Scientology, the FBI + Martin Luther King, the FBI and Mrs. E. Howard Hunt, etc, etc. Apparently the FBI thinks it can get away with anything. If the FBI is intent on a new victim, the Peoples Temple, I think I think) could happen. The wrath of the people would finally be awakened or the Constitution might just as well be burned. The people have learned to much. If we continue to accept these violations on our rights we might as well cancel out democracy. I don't think we're ready for that.
