Dorothy was back but she didn't feel very well all day - she seemed quite pleased at the way in which I had carried on in her absence & that there was no backlog of work.

I spent a good pt of the day on Bart's workload, putting it on the ATS computer & running off a copy.

At lunch time I attended Weight Watchers w/ Mary Cochina, although I didn't think I wd attend more than once - I wanted to get their menu suggestions - they charge \$2 for each mtg (Bechtel pays a dollar) & \$4 regis fee - each person was weighed, then there was disc on people's problems in staying w/ the diet - about 12 women were present - Mary isn't following their diet exactly tho she has to consider wt.

Tom I rec'd a note from Dor endl. some docs she wants me to sign bef

still waiting for Vice Pres. Garrity but
is planning to retire in a yr or two -
Don has 2 child.

I spent most of the morn. on it & during the aft. had to make corrections & revisions in it which involved techniques I had not sufficiently mastered - I became nervous trying to get it done by closing time & a little irritated w/ Dor's instructions.

In addition to working hrs overtime, against Betty's wishes, Dor takes a self-sacrificing attitude which I find unnecessary & harmful to her. She eats lunch at her desk, never goes out, & I find doesn't even go to the bathroom when she needs to - late in the aft. her feet began to swell, a condition she acknowledged was just brought on by not going to the bathroom.

I was most annoyed when she pushed me to finish Beecher's memo, even if I had to stay overtime - I was finally allowed to stop only when B's secretary informed us the memo was not to be prepared for dist. anyway.

I was most disturbed because I did not have time to learn the new trigonometric techniques & no time for a break in order to do a few pers. tasks - I did eat lunch at my old desk & I put my peanut plant which Lor had given me in a pot lent

it is hard to give up myths long - engrained -

worried about effects on guests - must. to let
those people in because heavy baptism - evi-
dence in Bible that this story is not true -
Matthew & Luke both say Joseph was Jesus father -
would even bother w/ this stupid story if it
would for other teachings in the bb which
contains it. All people are accursed, con-
dems slavery - will be lost today if we did
what Jesus did -

I want over the errors in the Bible & the effect

Didn't put up a lunch nor have any bkfst, as I planned to eat out again today, joining Gail Carney and Norma Bondoc in taking Valita Robinson out

I finished Bob O'Neill's contract

Joined the girls at 11.45 and we walked up to Orsi's on Bush Street - it is an Italian restaurant, was very crowded - the others had cocktails; I had a glass of wine - for dinner I ordered oysters but did not think them exceptional - with them had spinach and rice

Norma works for Fred Abbott, Gail for Ron Hartsough - both said their bosses treat them very badly, are inconsiderate and demanding - Gail had wanted Valita's job which Annie Malang is getting and she was bitter about this, resentful of Annie - Valita told about Barney Johnson's treatment of her - apparently he gives her no consideration and she finally decided to quit

We were late getting served, but when I got back Dorothy was not unhappy with me

During the aft. I had a chance to do some personal work - I finished listing Jan. expenditures, listed proposed expenditures for the rest of March

Did my exercises tonight

Did pers. and household chores - washed my hair

Had a casserole dish with zucchini & cottage cheese & an orange

the other adults were allowed to
board bus too. I first, so I got a

I ran, washed, ate my food -
talked to Pat Keeler, formerly Elaine, about
changing her name legally - she told me
about her early life - she hated her father
& mother, ran away from home, was com-
mitted by her mother to a mental hosp
where she stayed from age 13 to 24,
was mistreated by the black inmates
which caused her to hate her own
race - when she came to the Te she at
first arrived only w/ whites until she
realized she was the only black among 1st
whites in a commune & saw the absurdity

Told her people about my mission incl.
Joyce Shaw, Sharon Arnold, Lisa Layton -
Joyce that the salary is very good - we also
discussed the photo of the World Processing
Co & Bechtel & Bechtel alleged complicity w/
Arab. discrim.

Had the Marchetti & Marchetti on the CIA

Spent the rest of the time until we arrived

In the late aft Ron Hartsough came in to ask whether I wd be willing to work overtime for him on a reg basis as his secretary, Gail Cerny, was not always available - Dor told him we wd have to consider the matter - she talked to Betty Vcail who later came down to see us - Betty sd she had talked to Ron & told him such an arrangement on a reg basis wd not be approved, altho he cd use me in an emergency - she sd he needs to plan his schedule better & he cd use recording equpm. to dictate aft hrs - Dor calls Hartsough a "playboy" & I thot perhaps she had had something more in mind w/ Gail, which might account for his bad treatm. of her when she turned him down

I didn't feel very well today & that I might be coming down w/ the flu, as my stomach was giving me some trouble - however, it was more likely I was still suffering the results of not having enough exercise on the weekend & my stomach pain was probably caused by eating the coffee - Tim gave me yeast by Doc

In the apt under Doc's direction put an attachment to a contract for Hittin in which some complex ~~technical~~ work to be worked out

Gail Carney came in to tell me Ben Hartough was expecting me to work for him too - I told her to tell him know I wasn't feeling well & wanted to go home - Ben advised Gail how

I felt well today

I had considerable work all day. I did some memos for Maggie on MagCard - in the afternoon had a tape to transcribe for Charles Smith, an analysis of a contract about living quarters for workers at a project in Rock Springs, Wyoming

At lunchtime went to the PG&E building to hear the San Francisco State Univ. lecture in the Issues and Answers series. The speaker was Ray Miller, who had talked before on subsidies and regulations - today he spoke on "Inflation" - his talk was very well-organized and clear - at the end he answered questions - some of the points made were the tremendous extent of military expenditures in the world, the ability of huge corporations to create demands by advertising, and the demand of the underdeveloped countries for a greater share of material benefits - though he mentioned the possibility of problems getting out of hand and breakdowns which might result in nuclear war, he did not think disastrous changes were inevitable - he admitted to being worried about the economic situation in Italy

I had my lunch during the talk

I asked Dor. if her reference to Hartsough's being a "playboy" implied that he might have expected sexual favors from Gail, she said she did not consider this likely, if only because he couldn't get away with it

The weather changed today and had turned cold by the time I left the office

I had to wait a long time for a bus
I had some bread and cheese when I got home

Bob Christian called that they were getting a ride with Brother Marshall Ferris - they were leaving at 7.30

I dressed and had time to eat only some tangerines

I had expected J. to be back but the others didn't think he was here and Dale Parks conducted the service, so I gave up hope of seeing him before Sat.

I brought my dress material & Joyce measured me - I had phoned her during the day and she told me to get a zipper, thread and facing for the hem, but I didn't have time tonight

Dale made announcements concerning this weekend - many changes will have to be made because of the large number of guests and the many speakers we are having

There was much congregational singing

Dale announced J. was at the airport - would be coming right in - he started to take the offering, saying we should get that out of the way - however, J. arrived in the midst of it, a little before 10.00

Shouts and applause greeted J - he then left the podium while the offering was continued

When he returned, we sang several more songs J. remarked on a number of different topics - our mission is trying to become self-sufficient - our agricultural production is outstanding - we have just harvested 60,000 pounds of yams, which were sold to the government - he left the

p.l. at 11.00 last night - "our bodies are still in the jet stream" - all the people in the country are socialists, united, with no differences between them, such as backing China or Soviet Russia - among our own group, there is a socialist class every Tuesday - no one is sick amongst them - Guyana denies admission to anyone who's been in So. Africa, even if a sports or movie star; they are faithful to principle - the CIA has been trying to interfere with them but has not succeeded

Progress in our mission has been phenomenal - dorms have been built for our students so that they can live and eat together - there is a mattress provided for almost every member, & clothing, sheets - all supplies are inventoried - \$300,000 worth of food and clothing is ready - J. got on the radio and revealed the infamy of the CIA to the entire socialist world - they had had three days of catharsis during his stay - Pop Jackson built walkway to and from our installations to protect our feet against mud - "Let's get there, why don't we?" - he indignantly inveighed against those who were too proud to ask people for money

He took another offering, during which gave an amusing account of how his party had been loaded down with so many spare parts and other equipment which was needed immediately that the plane could barely get off the ground - his serious point was to convince us if he would risk the lives of his people and have enough faith to know that the plane would not be in danger, then we should venture out to bring in more money

17 March - W-Y

He gave several commendations - among them was William Klingman who was praised by his teacher Cornelius Truss and Mark Sly had done good work - Lee Ethel Young lost the most weight this month -

J. mentioned a "white bitch" who had gone out and done some harm to the Te while he was gone - he said he was meditating on her

One disciplinary case was handled - a young girl, 12 years old, impeded a teacher in a hallway and when confronted had called the teacher a "bitch" - she was asked what she should get - she suggested 35 swats (as a clever compromise between the 25 and 50 people were suggesting, which J. said showed how bright she was) and raising \$100 in 2 months

J. mentioned that he met the vice-president, "which they say was an honor"

J. is to receive his appointment to the Human Rights Commission tomorrow - he was not flattered by the appointment, which was not as good a one as he was led to think he would get from Moscone

After performing one healing, J. dismissed the meeting at 12.00

to back the gay movement - Milk said he had dedicated
his life to building bridges between people - he is running
as a State Representative - asked for our backing

J. took an offering by sum - when I came back my seat had
been given to someone else - many guests had come in
and those of us who gave up our seats were told to come
down front and sit on the platform, which I did - it wasn't
comfortable but I had an excellent view of the rows of
distinguished guests and by craning my neck could see the
speakers .

I had a particularly good view of the young women who
presented their African dance and Frances Johnson's
group who presented their dance about conditions on the
slave ship

I was particularly interested in watching Angela Davis
who was sitting on the front row - she paid very close
attention

J. presented a series of speakers:

Dennis Banks is being moved to Oregon where he faces
charges - J. said it is likely the Ore. gov. will be
more favorable to refusing extradition of him

Willie Brown - expressed his opinion on whom to support
for pres - after observing all the candidates his advice
was to vote "no" - he spoke about Cezar Chavez and the
Labor Re. Bd.

John Maher of the Delancey St. Foundation - a white man

A representative of the nation of Islam

Sheriff Hongisto who was very emotional about the situation which had developed regarding Chief of Police Gain - he spoke of the issue concerning Gain's banning the Amer. flag from his office, which had been used by the media and the rank and file police to stir up discontent - he said the press knew about the flags two weeks ago - he could only speculate what their motive is in revealing it now - he warned that powerful forces were trying to get rid of Gain

J. led the congregation in sing "A Mighty Fortress is Our God," inviting the audience to pay attention to the way in which we have changed the lyrics to indicate that socialism is our god

J. spoke briefly - right away he used the word "shit" saying the Bible is full of it - he joked that he meant that the Bible used a word which was even dierier in their language: "dung" - Hongisto particularly seemed to enjoy this and other cracks about relig. which J. made, for he ran the gamut, i.e. I graduated from a cemetery, I mean seminary

J. then presented Angela Davis - she is slender, with rather light skin and hair, but with an Afro - her voice is soft and her accent cultivated - her scholarly background was obvious

At this point I was offered a seat about three rows down

Angela gave a long speech - she said she was grateful for the help given to her by the Te - the bulk of her talk

was on her work on behalf of prisoners - she gave details about the numerous people in jailon account of their relationship to progressive causes - N. Car. is a particularly bad state - she asked us to write letters and to join a demonstration to be held on Labor Day in Raleigh, N. Car. - she emphasized the neces. of all standing together

J. said we would try to send a delegation to the N. Car. rally - he took an offering, the proceeds to go to the cause of the prisoners for whom she was working - I gave \$5.00

J. healed several people while the guests were still present - one woman had a cancer removed from her body

J. dismissed the meeting at 5.30 - the meal was served outside

I got a ride to Hayes St. where I took a bus which came along quickly

Was home at 6.00 - nevertheless had only time to eat - had hoped to press clothes - the eve. mtng was sch'd'd for 7.00

Did not start back until 7.10 - I bro't Beulah's blanket which she had forgotten - had found my head scarf at home - had to wait for a bus for 30 mins. - arr'v'd at the Te about 8.00

Serv. had not been in prog. long - testimonials were being heard - J. was on the podium

Rick Cordell tk offering

J. gave a series of warnings, rather than bring the culprits on the floor:

Those who think they can have affairs with outsiders:
write how you're going to make recompense

Anyone abusing a child sexually (a man): cease

A minister's son who has shoplifted, impregnated your

J. spoke of today's mtng - Angela had said: Let me count
this church my church - we got TV pictures of all the
officials today with their hands up in salute - this represents
insurance for the future

After a brief meditation period, J. disms'd mtng, urging
all who felt they shd give s'thing, pref. \$3.00, to come to
the altar - most of the congreg. went up - the mtng was out

I talked with one of the L.A. women who had been on the
bus last night - she sd. they had never gotten any lodging
and had to stay on the bus all night

I had a long wait for the Christians - then Vern was held
beh. the concession stand until 10.30 - I had a talk with
Gene Chaiken, who got himself some bread & peanut butter
from the kitchen - he doesn't mind living and working in
the same place, as he gets out to appear in court and so on,
tho he admitted he doesn't get any exercise - he missed the
agric. work in the p.l. which was the kind of work he would
have chosen rather than law had he known more - "but I'm

Moscone in the chair explained that
items in the budget wd be discussed

comments on the budget as a whole

reason for being there was evident, as
set of our people lined up at the micro-

advocating more funds for the P.A.'s off -
