Betty phoned me about 7<sup>15</sup>, sd she  
wd pick me up in about fifteen mins  
X Traffic was heavy - she parked  
in 75<sup>th</sup> lot, we had about a 4 hr  
walk to off

11 ↓ Two of our boys were distrib'g our Te  
naps while I stood on corner waiting  
for Betty - they gave me one - it is  
very well done - concentrates on serv  
to the people 11

I still had some traces of my cold  
& had a very hard day - spent most  
of my time on revisions of 2 of Maggie's  
projects done earlier - the first esp  
required diff' techniques & I had to call  
on Dor for help sev times - her method  
of instr' does not help me learn, as  
she explains too fast & then makes the  
correction hers - I need to be given  
the proced & then left on my own to  
work it out

My raise th effect on my last pay-  
check; I didn't realize it, as making  
my monthly med. ins. paym. reduced  
the amt I rec'd - I get \$191.55 per wk  
I ate lunch & walked to the bank -

Got cars

O'Neill left on a ten day vacation to NY - his parents are celebrating their golden wedding anniversary - he was very busy on last min jobs for Start & had to get perfect a lge amt of mater which can't be done until Start had lkd at it - this wd require overtime & he can't find anyone to stay as all the secretaries had rides home - I told him I wd rather not stay but if he cd find no one else to do it, I wd; however, Start wd have to approve not only OT but dinner & taxi money - I don't know what Start decided to do but O'Neill notified me I wdnt be needed

Went home w/ Betty who was going to Marin City to see her daughter, gave a ride also to John Brennan, her boss - I got home a little later than usual

Exercised

Did pers. & household chores & washed my hair

Washed underwear - had more  
than usual as I had washed last  
wk on T instd of Th

Rd Roszak - ate some tuna w/2  
slices of home-made bread - I am  
trying to be careful of my diet this  
wk to see whether I can lose a  
few pounds

Went to bed at 1:30

C-2-A-8 (4)

9 Apr - F

Betty gave me a ride again.

I got my time ed in.

Didn't have much wh in the off,  
which is not usually the case on F's -

I had one memo regarding indentation,  
which I put in the bag.

Had in girl entries & wrote a  
letter praising J & the Te for humanitarian  
work.

Ate lunch sitting on the P.H. & E steps,  
as the day was rather warm.

\* Betty Barclay wanted to wait to  
start home after some of the traffic had  
disappeared, so she didn't start home  
until 5:13.

11 ✓ I checked w/ Church Stiles &  
phoned per Rent - a - Car companies  
about charges for getting a car for  
5 & 5w to buy my groceries. I  
take my guests to & from the Te -  
the cheapest is about \$7.00 a day  
plus so much per mile, & paying for  
gas used. 11

I went over to see Christians, taking

w/ me the Crop Newsletter, as Vern is  
interested in their bargain prices - I  
hoped that they would want to drive  
there too & let me give me a ride - in  
that case I prob would not need a car -  
Vern decided they could not go, as  
I had stressed participating in a march  
& rally for Dennis Banks at Civic  
Ctr, starting at 11<sup>00</sup> - since I could go  
directly to Civic Ctr at 1<sup>00</sup> - I had  
an argum w/ Vern about whether I  
ought to go or not - I claimed I  
did not have time, as I had to buy  
groceries & clean my apt for guests -  
also, <sup>I told her,</sup> my feet have been giving me  
trouble - she finally said it was not for  
her to judge how much anyone could  
do

I prepared a meal, ate, washed  
dishes

Typed in my gral from 10<sup>00</sup> to 12<sup>00</sup>  
Rd until 1.30, when I went to bed

3 Apr - 5

Got up at 9<sup>00</sup>

Phoned the Continental Co & arranged  
to rent a car.

Ate an apple

Went down to botanist's & saw maps - it was <sup>drizzling</sup>

Phoned for a taxi

Left a little after 10<sup>00</sup> -

The taxi took me to the rent-a-car co -  
the fare was \$3<sup>00</sup> & I gave the driver 20¢ -  
The car, which I picked up around the corner,  
was a gray Chevrolet - the charges  
are \$5<sup>00</sup> a day, 6¢ a mile, & buy your  
own gas - had to give \$40 deposit

I drove to the Corp & shopped for my groceries - at 11<sup>00</sup> I came out to the car &  
listened to the Te broadcast - I spent  
little over 2 hrs at the Corp & since parking  
validation covered only 1 1/2 hrs had to  
pay 1.10 more

Took groceries upstairs & put them away  
Prepared a meal, ate, & washed  
dishes

Cleaned up the apt - just vacuumed  
& dusted - did not scrub the kitchen  
& bathroom floors

Slept for an hr

Had some veg juice - dressed

Left for the Te serv at 630 - entrance  
was through the back door  
of a good seat

I on podium while announcements being  
made - told of pathetic resp. to Spring &  
Banks rally today - no one gave the Te -  
shd prove to us there is no hope in  
Amer

I th offering - repeated instructions for turn -  
don't disk politics

Choir

I presented Richard Boyle running for  
St. Sen. - journalist by profs - has been  
in Cambodia - he spoke of winning freedom  
as people did in Viet Nam & Cambodia

Introducing Malcolm X film J. reiterated  
only mist this great man made was to be  
baited into a rivalry w/ Muslims giving CIA  
chance to murder him & blame it on Muslims

Offering

Malcolm X film shown again

I sd parts of film cut out - J. mentioned  
lack of secur. in his case - we have  
learned to protect ourselves - Action of  
Islam did not harbor those who assassinated  
Malcolm X -

Quest: what led to his death - went over  
the incident of "chickens come home to roost" -

& st<sup>1</sup> man made about Elzabeth's illegitimate  
child by teen-age girls - it is a trust to  
the internal rivalries give enemies their chance  
I spent quite who had come for film -  
efforts means of getting rid of an enemy

Another offering

I cited one incident of another of violation  
Freedom by the Establishment

Apt hearings, meeting dismissed at 12<sup>00</sup> - I  
I had offered a ride to Jane Owens &  
others but could find them - the crowds  
in the halls & deficits made it difficult  
to get through

11 I saw Beulah - there were so many  
people in L.A. who wanted to come that  
the buses didn't have space - she & Dwayne  
came w/ Maxine - Dwayne was sick &  
vomited in the car - he had eaten &  
drank too much - she had Vicki & Stephanie  
with her

We got home about 2<sup>00</sup>

Beulah & Dwayne slept on the bed,  
the 2 girls in the hall & I slept in  
the closet

I had some Sanka & Toast & peanut  
butter & Toast & jam

Went to bed 3<sup>30</sup>

C-2-A-8 (9)

4 Apr - Su

Got up at 8<sup>00</sup> - we had for breakfast apple juice, eggs, hamburger patties, toast, ketchup & carrot milk - I had the girls leave the dishes, as we wanted to get to serve as soon as possible.

We left at 9<sup>00</sup> - serv. was at 10<sup>00</sup>

I was at the door & we didn't have to go through search nor sign meditation sheet.

No seats were left on ground floor, on acct of huge crowd & seats being saved for Muslims & other visitors - Baulch & I went up to balcony - I came up to balcony & had me move down stairs, as white people were needed to inter. the aud.

Laurie Efrein and Dick Tropp played classical music on the piano and cello.

Tim Stoen presided, introduced Dr. Karl Irwin, who gave the invocation.

The New Birth Dancers (the Te girls who do African dances) performed.

Tim introduced Jim who introduced the choir, which sang "United We Stand" - the congregation sang "Lift Every Heart and Sing" - Norman Ijames sang "Sing a Song of Freedom" - the congregation sang "Born Free".

The visitors, about three rows of them, had been coming in with their Te companions - I was not sure which of them was the reporter whom J. considered a threat nor which was the reporter from the Examiner whom he had invited - J. introduced some of the guests: Willie Brown, District Attorney Joseph Freitas, Dennis Banks, & a rep. of the Nation of Islam.

C-2-A-8 (10)

4 Apr. - Su - 2

J. said he had been asked to "sermonize" - ordinarily he did not preach but answered questions, saying he preferred to respond to what was on people's minds - this he did now - some of the questions concerned his attitude concerning hell (he believed God would not be less kind than he, a human being, is), euthanasia and capital punishment (he was extremely cautious about giving people the right to end life and was opposed to capital punishment), what made him work so hard and what was his view of his role in regard to human service (these he movingly explained how he felt about the intense suffering which others endured, such as the mother in Ethiopia with dried up breasts whose baby was starving - "I'm a human being like her and my children have enough to eat, why should I be privileged?" - he received two questions about healing - the first was a white woman who complained of a pain in her neck and back - tho he explained that he did not like to emphasize his healing ministry, there was no doubt that some people have such gifts - there is no accounting for why some people are healed and others not - he thought compassion might be the clue, but he had had a great deal of compassion for some whom nevertheless he had not been able to heal - the second person was a black person who also had back pains - J. asked her if she was not jealous because he had healed a white person and she had not been healed - she said yes - he was able to heal her - he added that he had had to make an effort in this case, but he could not heal a white person and leave a black one in her pain

1/ whom he healed//

J. dismissed the meeting at 1.00, saying that those who wanted to speak with the nsp. reporter could come to the platform; the rest of the congregation should file downstairs preparatory to paying a visit to the Nation of Islam - he said the child. cd go out and play which gave them much delight

C-2-A-8 (11)

4 Apr. - Su - 3

I found Beulah again - the congreg. lined up in separate rows, male and female - we left about 2.00 - most people left their purses beh. in the Te - Beulah and I put ours in the trunk of my car

The Muslim service was extremely boring, consisting of prayer, a long sermon dealing with incomprehensible theology, and some remarks about marriages, betrothals, and births, plus a display of a man's suit for sale for \$85, I think made by a member or members - J. and the leadership arr'v'd toward the end, and J. was introduced - the speaker had emphasized the new tolerance of the Muslims on race questions and was friendly toward J and the Te visitors - the Muslim mtng ended about 4.00 - attendance had been rather sparse and I noticed few children. I didn't want to stay at the Te for the meal which was being served, as the crowd was too large and I had no problem as I had the car - I invited Beulah to come home with me but as I had little that I thought she would like, I proposed going to Geary and getting some Chinese food - this matter had not been settled when we met a Te member, Evelyn Benefield, who had our purses in her hand and asked if we recognized them - she had found them in the park - they had been removed from the trunk of my car - Evelyn wouldn't turn them over to us without consulting the Te authorities - we checked the car, which showed no obvious signs of having been broken into - nothing else had been taken

We went back to the Te and spent a hr trying to find our purses - we were told they had been turned into Gene Chaikin but when I found him he said he hadn't even heard of the incident - I also talked to Tim Stoen - told Jim McE about the theft and he came up to look at the car - finally we found Evelyn again and we cleared it with security to get the purses returned to us - both purses had been emptied out - Beulah got back most of her belongings except for about \$8.00 which the thieves took - I lost the \$5.00 which I keep for emergencies in my wallet, what change I had, about a dollar's worth of stamps, my Te membership card, my apartment

C2A8 (12)

4 Apr. - Su - 4

house keys, my bank record - though not my checks, my little notebook, my compact - my pen had been ruined - my personal papers were intact in my wallet - with Evelyn, Beulah and I returned to the park to see whether we could find additional items - mostly we found pieces of paper from my notebook scattered around - one of the Te young people told us he had seen some small boys playing with the purses, naturally not knowing they were ours

I had some food at the Te - wrote a preport on the theft for McE - Beulah had to leave with Maxine and didn't have time to turn in a report - we went back to the car so that she could get her luggage - I drove home, because I wanted to see if Mrs. Heitmeyer was there - she was home and gave me duplicate keys, but she was not favorable to the idea of getting my lock changed - she said the apartment

house was being sold and no repairs were being made

I cleaned up, had a cup of Sanka and return'd to the Te

C-2-A-8 (13)

rides were being arranged. I offered to take  
some people home

That w/ Hec & Lee Ingram on the  
incident - Their chief concern whether  
ch involved - assured them nothing about  
ch in notebk which was taken - they  
advised me get p.s. by me & pay for  
having my lock changed - decs. not to  
get to police as culprits prob kids &  
strong possibil. trunk not locked

James called of LA people to see whether  
they, idling in or staying to help a emerg.  
prog - heavy pressure on people to stay  
from James chastised those who would not  
stay - I entered on podium & dis. rec'd  
to B.A. people - how many in readiness to  
follow instrues & march, protest when called?  
fervent appeal to those who not willing -  
crowd made - I'd need 500 people at least -  
I mentioned many who stayed out today  
sued a little danger - we face serious  
crisis, pt of conspiracy, nation wide to  
destroy BL people

J. brief of Docs acted disgracefully,  
afraid of public - didn't back Banks  
Cover!!

I had scarcely any wk today - Dor was doing some tidier jobs on the computer - aft finishing the memo I started F, I spent most of the day finishing the wk end's print out, some of which I put on May 1st.

Aft eating my lunch I walked up to the bank & deposited \$10 from which I rwd back from the car, rented to cover the check I gave to the Te on 5 - the bank gave me a new check register & cover.

The day was cold & drizzly.

Again had a day w/ very little

in an Arames contract for Fred  
Abbott - she was busy in complicated  
computer jobs

I made my final entry - I recon-  
structed my check register as nearly  
as I cd & went through all the items  
that ~~had been~~ <sup>were</sup> recovered which had  
been in my purse - some addresses

into my new bk - most of my  
March record of expenditures had  
been saved

At noon, while eating my lunch,

The strike continues - talk of a general strike - Betty picks me up each morning

Again, no one gave me any work until late afternoon

Aft. making my jrnal entry, I spent most of my time practicing on the MagCd, using the instruc. book - I was trying to master the use of the index return and the track link so as to be able to revise copy

At noon went to the PG&E bldg. to hear the SFSU Amer. Issues Forum - last week I had missed Urban Whitaker because I stayed out sick - Norma McCoy, child psychologist, was the speaker today - she spoke on changing family life - statistics she gave showed the rapid fluctuations that have taken place in the areas of the role of women, care of children, increase in suicide, homicide, delinquency among the young - she took a largely pessimistic view ~~at~~ - ~~though~~ her spec. field is sex differences - I ate my lunch during the lecture

About 3.00 Betty Vasil brought in a xerox job on which she had several of the secretaries working - I had to xerox an entire file of some 288 pages - the case concerned an alleged violation by Bechtel of federal safety rules on a construction job - I had to use a ditto machine on the 22nd floor and use supplies of other secretaries - I barely finished before the close of the work day

Betty Barclay waited tonight for traffic to thin out, so we didn't leave the off. until about 5.15.

Rcvd. my federal income tax refund tonight - \$114.10.

I didn't have time for a nap. I got some dinner and changed clothes. Christians phoned at 7.30 and took me to serv.

Rain was pouring down.

Tried to find out from sev. people how to get a new membership card.

Testimonials were heard.

Jim came out, in an ebullient mood, starting with, "Everyone say, 'Shit on church.'" He paid a tribute to the people who had been wonderful in getting our nsp. out- we distr'b'd a half million copies this wk - he sd. our enemies have made us mean - he told of the Doukhobors in Canada who maintained their freedom though on one occasion they had to strip all their clothes off and appear nude in protest against restrictions - "Jesus was a radical son of a bitch" - he spoke of the difficulties which the enemy had put in our way this past week or so - all black leaders and progressive whites had begun to suffer oppression - ~~Playboy~~ had made a mockery of Cecil Williams - he told J. he couldn't get any of his congreg. to write letters for him. J. told him, "We'll write for you, Cecil" - liberals are no good - they won't back you up - even some of our own people have deserted us - if it hadn't been for the people from L.A. this audit. wouldn't have been filled tonight, as it usually is, because "some of those folks stayed home" - he told of the disgraceful behavior of the Indians on Sat. in connection with Dennis Banks - they <sup>wouldn't</sup> ride with blacks, had to sit with people of their own tribe - Dennis Banks told the nsp. "not to hurt this man - he's the only friend I've got" - - the appearance of our nsp. and the <sup>snrs</sup> who were climbing hills and steps to deliver it made a big impression on nsp people - J. was lavish in his praise for "you good motherfuckers" who worked - William Kuntzler, lib. lawyer who had defended so many liberal leaders, told him on Su, "I've been so lonely. I wish I had a family like this."

The congreg. demonstrated triumphantly, singing & shouting & J. leading them danced - then he turned his back on the aud. and went down quickly from the podium - I had a seat beside Magnolia - I told her perhaps J. was ill - he came back in a few mins. with tears in his eye, said "I hate to

see that some of you are not there" - I had made a plastic covering for some pictures from the Chronicle which showed a middle-class black man being beaten up by whites in Boston and stabbing him with the standard of an Amer. flag - J. had it passed around through the congreg.

J. sd. we wouldn't go to L.A. this weekend while we were under fire

The offering was taken

J. gave commendations: J. C. Williams and Pauline Groot for their work on the nsps - Colton Henry for hard work - Vernell Henderson for her help in the communes - ~~Clifford~~ Gieg for his work in the carpentry dept. and his soc. attit. - he's the head of his class - Maya Ijames who was sweeping the stairs "because they needed it" - Joe Beam who takes a secur. task on himself to guard the stairs - Connie Fromm for many extra services

A film was shown called "African Drought" about the famine conditions in a former French possession in equatorial Africa - children, starving, being eaten up by flies, were depicted - the desert is encroaching farther each year - the orig. grass had been replaced by Amer. advice with a type which is not drought resistant

J. warned of what might result if a gen. strike is called in the Bay Area - America is beginning to fall apart

Judy Merriam and Frances Johnson did dishes for the crowd which came from L.A. - Bobby Stroud is very cooperative in the commune - he is thinking of marine biology as a career - Frances Johnson was also commended for work on the distrib. of nsps

KGO-TV sent us two drug addicts for rehabil. & Joe Wilson has been doing a wonderful job with them

C-2-A-8 (24)

7 Apr. - W - 4

Mary Ann Casanova is tireless in her attention to child. - <sup>Hand</sup> ~~Mau~~ Perkins has given exceptional service in two areas: sewing and in the Redwood Valley kitchen

Tobiana Stone was brought on floor - she has been behaving badly, gets spankings - she missed the children's mtng & lied - as she has been good before, she gets a break from Dad - "Be good and straighten up."

A large amt. of beef has been purchased for the Te

J. was dismissing the mtng early as we have three big tasks ahead of us - the meat has to be cut up, nsps delvrd & letters written for a pos. emergency and be ready to go

Diane Lundquist will be opening up a store in San Francisco on Divisadero - she has maintained a good attit. through severe changes

After another offering and a meditation period, the mtng was dismissed at 11.00

I volunteered to take one of the guests from L.A. home, although at first I had tho't it wd be too much for me while I was working - a woman who had once stayed with me in R.V. asked to go home with me, Lavana James - I told her to get her luggage and wait for me downstairs by the front door - I checked again to see what to do to get a new membership card - I was told to see Yolanda Williams but couldn't find her - I also tried to find some transp. to bring Lavana to the Te tom., as I assumed she would be coming back to help deliver nsps - all cars are being used to deliver nsps. so I did not have any success

I waited a long time with Lavana for Bob Christian - feared that he had gone, but I bel. he was taking others home - tho I had told Lavana not to move, she went back to look for a blanket - Bob already had a load and I told him to go on - I didn't know w how we were going to get a ride - Glenn Hennington took us - He is in chge of transp. for the Te - sd. he would get only an hr's sleep ton.

7 Apr. - W - 5

We got home about 2.00 - Lavana was tired after two trips from L.A. and delivering nsps. for two days, so she didn't want to return to the Te tom. - she is 75 - she sd. she went back to L.A. on Su eve. because she didn't have enough underwear with her - On Mon. people were called and asked if they would ret. to S.F. - she suffers from arthritis and her legs were giving her trble

X I had some toast and peanut butter and toast and jam and Sanka - Lavana had gone to bed on my bed and I slept in my sleeping bag on the floor - I went to bed about 3.00

I finished the cover ltr for Maggie's list of consultants

15 April - Th

The weather has been cold & windy,  
this is times sunny, for the past few  
days

I finished Maggie's leg instrum - the  
wh went well, tho Dor helped me  
w/ a few details of spacing on the page  
I ate lunch at my old desk

Walked to the bank, deposited my  
check & got cash

Dor was still on the ATS - she  
was having trouble w/ the system - she  
had nothing she wanted to turn over  
to me

This was Gail Corney's last day - I  
understand her husb is taking the  
Boise assignment - the other secre-  
taries did not let me know if  
they were taking Gail to lunch, &  
I did not inquire, as I really can't  
afford to party.

I copied on mylar the recitation  
given by Grette Mulbrown in the Te  
called "O Beg for Pardon, America" -  
a lot of words & phrases I can't make  
out - I made corrections incl. the

insertion of a phrase I had missed -  
this was good point. on the Regal

I phoned for info on the Regal  
Electric Portable & as I want to buy,  
checking various outlets for the best  
price - find that Sears handles  
one made by Regal, sold under their  
name, at a price much better than  
the "sale price" quoted to me by the  
store on Wisconsin St.

Betty kept half an hr late - she  
wasn't going to Marin Co ton - when  
I got home & the Magnolia's car back  
to her.

Having gotten a late start, I was late  
w/ all my activs ton - I did pers. &  
household chores, washed my hair,  
prepared & ate dinner, & washed my  
underwear

Red nose - I was so tired I fell  
asleep while riding - didn't go to  
bed until 2<sup>30</sup>

I had very little to do all day - Don was quite busy on ATS jobs for Rita Schuman & Don Hartough. Which she did not think she could turn over to me

I got my time in - then spent most of the day putting on ATS the x copy Greeting to which I had made for me of her recitation, "We Beg Your Pardon, America" - there were a no of gaps where I could not make out the words or phrases so I prepared a copy for her so that she can fill them in

At my desk I was very sleepy & had arranged w/ Cathy Costello to lie down in an unoccupied off from her - however, Don was in a conversational mood & started talking about relig & immortality & I could not conveniently get away - I kept the matter conf // she did suggest I take some time off, because most of the staff was doing so in observance of Good Fri

Betty was giving Dor a ride to the train, as the letter's son was waiting in his car - we left at closing time

I had a half hr's nap at home

Christians took me to the Te for dinner & entertainment put on by the 5<sup>th</sup> Youth Socy - they called it "A Night in Guyana"

Communal people were getting their dinner in the back rm where we arrived about 7<sup>00</sup> - those who had purchased tickets were served at tables in the main rm - young people came to each person with trays & accompanied them as food was put on their trays - guests were not served in order & I had to wait a considerable time by getting my dinner

The menu was turkey, dressing, green beans, salad, cranberry sauce, rolls, & choice of cake or sweet potato pie & punch

After eating we went upstairs to see the play - several skits were presented, the African dancers performed & the

We were delayed a long time as the  
buses were blocked in the parking  
lot - when No. 3 did get out, it was  
driven up in a dry place then washed &  
I was late in getting on - young people  
had already boarded & since there was  
a huge crowd because of the demand  
that everyone not working should go to L.A. I  
had a hard time getting a seat -  
Marie Lawrence displaced a young person  
next to her - thus the relationship  
from us was improved

I got off to eat my lunch

I tried to sleep but the bus was terribly crowded; the child in the aisle brushed against me, babies cried - I did not succeed in getting to sleep by we reached the next stop at 8:30 - we were told we had 15 mins only to get to the bathroom.

When we boarded the bus again we had read a msg from the stop that (1) we were in a serious crisis & we had to take another offering & (2) as many as pos shd go to the Hotel Room when we arrived in SF at 3:00 & when Mr. C. J. took charge of getting people to volunteer for work - he gave us a long speech about seeing over the battlefield which was much overdue - I had already given more than usual & felt my wife would suffer if I missed sleep from 3:00 to 6:00, esp. since it was obvious I wasn't going to get much on the bus - I did not give or pledge more & did not sign up for the writing.
