1 June - T

Don phoned that she wd not be in until tom - she wanted to take care of some bus affairs - she sd she had been much comforted by all the expressions of sympathy she had recd - the off sent a beautiful display of red & white flowers - an informal serv was held in which people who had known her son spoke a few words about him

Don told me that her sister - in-law who was going to have a baby wanted her to take care of the other child, & inquired whether I cd change my vacation dates - she wants to go on 24 June, which wd interfere w/ our planned family reunion

I had very little to do all day - I finished all my girl entries for May - then wrote on my list of expenditures

At lunch time I saw a film made in Canada for the firm which constructed housing for the Alyeska project in Alaska - it had some beautiful

scenery

11 & aft eating my lunch at my desk 11

Aft trying to reach Dor several times during the day I finally got through to her when she got home - I told her I wd prob have to change my vacation plans - she sd. Any wd be better for her anyway & we both think that tabs might be able to come then & it wd prob be cover for Edna - they'd have to pay my fare both ways - actually, I think the Te work trip might be rather hard on me & if I can get permission from the Te to go, I can take 5 days or so - I'm thinking of taking one wk starting the 14th - the firm. worry of course wd be Dor plans to take a seminar in Aug s'time after Paul's wedding & then help Marilyn O'Hara catch up tabs in Tapes

When I got home I phoned Bob & Chr - I thought they wd be going to the Te to register their child. for the summer trip & wd take a msg to registration workers that wd conflict, wd prevent me from going on the trip, but Bob sd they wd be going to send the children - he did not say why not

my faith is placed in most high god - see.  
make no diff. the tradition can and can -  
people united in youth, tears - my part trust  
in character, price - I expect trust &  
truth - as long as I breathe see in this -  
well - I expect the church to meet to fall -  
my faith is in God, see - don't care what  
the heathen think of me - my faith comes from  
trusting in, d. m. - don't worry about your failures  
I am on my own. have nothing hidden that I  
would be glad to have revealed.

You are the only one who can love you - I'm  
crucified but not lies in me - I'm not discouraged  
because the artist was not, because the artist was that

any song "He is worthy to be praised"

I don't ask, why don't we go to the  
p. d. - want to stay to fight while there is a  
glimmer of hope not lose some who are  
willing to sacrifice, who have to eat, have to sleep -  
will do these & I want to have those who will  
carry on the work

I started healings, healing women from

Up 8:30

Break: grape juice, pancakes, fruit egg, & beef bacon

Letter from LA - she says she 66 - has done domestic work & sewing - has a house in which she rents rooms. Last night she told of efforts she had w/ rooms - to make pubs centers w/ elderly people living communally.

Dressed dishes

Called Yellow Cab, they didn't come for long time, cancelled, got Veterans Cab at 11:45

Went to bed at 12:00 - and crowded, w/ 4 rooms set off for guests, but I got a seat - I had spoken of having an offer at 11:00 for people w/ musical talent to make a presentation - this was being done when we came in.

Johnny Brown the one offering - got a copy song he the Panther - I came on podium 12:00 & the counterpoint - mentioned our plane - me because of increased restrictions on blacks, bans on the films - white men w/ on to Africa - what will they do in the city when they have major - now Reagan wants war in Rhodesia & Panama - part must be how of US - unemployment & inflation - capital - don't can't thrive w/ war - if people not having it any more - there will be 2 yrs of terror & combat - let's - we have dumbed blacks anywhere - because they do the Bible in - were in bad shape when 80% of blacks for Carter - somebody told him and says on downtown, can't know - he doesn't care,

Covered C-1-A-1 (18)

that's for profit - I'm already being tortured -  
in politicians - new ownership of Herald -  
Dispatch

87% of our people wd walk it is a concern  
of preacher told them to  
I'm not fond of this - from news given to  
people just because they come from outside - make  
them sit by us

Chris's nephew says as guests entered  
I'm an very honest about politicians - giving  
2 party says into last chance, as far as PT is con-  
cerned - Carter - party - getting Gov Brown - for  
Gov as long as Brown for him - other party not  
acceptable - I wish we backed - had not had a  
signature from us - and leave you on 15 -  
wonder that accounts of South had been known  
by

Introduced South - he reminds us to be backed in  
- dipi - if you give me the opportunity to serve in  
Sen, I'll not make for other offices, I'll put people  
them first - thank us for help

Walter Brown - has faith in him + Carter -  
can explain why we should get Gov. Brown - if it  
was just for Jerry Brown would be for him - not  
for his keeping the man who will be pres.  
of Brown moves on - Jerry has to provide help  
all of us - more so by the fact about somebody  
performing by what he has done, the Jerry Ford - a  
man of character - not at all like some kind  
of politician - I'd like to see his credentials, as  
evidence of character

June - 54 - 2

Brown's failure to one who agreed a  
and Egan him

I refer to people who come w/ politicians - one  
ltd as if they didn't want to be touched

J: if you stand up for anything, you'll soon  
learn your way to jail - if you haven't been  
before, you haven't bothered anybody

Raytime, bond me - I had left position w/ Robert  
O'Brien - I had left position w/ Robert  
O'Brien saying

J: Brown man from an office - invitation - J.  
to him - talked to Jerry Felt - find him very  
sensitive - I told him the people very paranoid -  
he says no one wants to work for him - he's  
like Hoover - and other end of state has to fly  
East to talk to Rep Carter

Tom Hayden - founder - leading student for  
Democracy - inspired his committee - if you haven't  
come up with the Ethel - if you haven't  
you shall be ashamed - if you haven't  
never it's up to the state - where you have  
Hayden - impressed w/ your efforts - need leadership

the puts goal of life above money - issue is leader-  
ship - moment not serious - kind of what they  
create a new leadership - a coalition for political  
unity - suggest leaders that had no ties to power  
Brokers - Establishment wants to get 1950's because  
that was the best time it was quiet in the 50's -

(over) C-1-A-1 (20)

he says dechlorin momentum - LFW out in  
force -- give gr time + energy blow now + T-  
ed have an issue - not even seen by - he's  
being a company worker, then Magolis, to let  
us know how we can help

Guests left - empty rows were filled up - 2<sup>nd</sup>

J: have on Brown's not being told of our invit. -  
ev' bl people betrayed us - can't trust any of  
them out of this body

Guest: give of Mark's Mitchell - J: she talked  
too much - may have been injected w/ myeloma<sup>5</sup> -  
she had unique abil to tell truth - quite conceivable  
they killed her - sad she died alone when she  
had 2 child. - indication of capitalist system -  
not uncommon at all

Even husbands don't understand much any more  
how we are imperiled by wh. Amer

Only 2 wh people came this Brown's pres.  
advised

Wh. Amer. has already proven itself a murderer  
We run bl people out of here today by the  
dozens - he said we "this mtg is for white  
regions only, you assholes"

Justh - a millionaire pays us? - when the  
sun stops shining

J: Mandelstam's company mgr Bradley helped  
us w/ Moscow - told again of mtg w/ Moscow -  
letter and aid for Prop 15 - gave us jobs -  
india vote for Mandelstam

6 June - Su-3

Quest: a farm worker - Cheves - our funds?  
I don't know - most people whining w/ my  
I've been corrupted - little w/ ever Hayden - didn't  
hear Hayden say he had to see - why is  
there a TV no more? - because he doesn't  
say anything - only people's ownership of means  
of production & distrib will solve probl - all the  
time we see more & more concentrated in hands  
of the wealthy - can't find a farm not in the  
hands of a giant corporation

Teaching for those who think they are anti:  
In depress you'll lose yr house because you  
can't pay taxes, see, see, going bankrupt,  
with this inflation you won't last

Walter Jager, A Long's Times would find  
Angela Davis's name because she is too much  
you can learn a lot if you listen - you'll  
be depressed & bitter be depressed & worse than  
oppressed - fool

I spoke of actors, of being communal  
Dr. X harsh - they're got him on 9 counts  
in the - he may lose his life - has killed sev  
people - if you had the good go to the go chamber  
the poor must be try - he have to find  
something try for the thing things

C-1-A-1(22)

Roman wants to know how to vote - if it  
doesn't matter much - Prop 15 will be defeated.

Bredley has been scared back into being a  
house nigger - 4 of his deputies convicted - L.A.  
police can do anything

see of the another offering - determ. whether we  
want affect to people's becoming, expect to  
their fear - people don't act because  
they're doing right but because of rewards  
& punishments - justices doing this to  
save their lives

Any time you see me in this suit  
you'll know several ass-holes are coming  
there to what fight for what you want -  
if you depend on my power, I'll lose it  
for Jesus, I tried to give some teaching  
on the Bible, the unknown God

Jesus at a table - that's why they're  
waiting for Carter, because he bel. in Jesus  
Justice for any legal means to get money - I  
don't want any body - some of you still pay but  
don't know how to get any money - people  
who chandy working & paying committee should  
don't let there of you who come every 2 mos.  
just to be tickled, bring some money

6 June - Su - 4

4<sup>30</sup> Bill or with many of says

People living communally don't give their  
kids up to taking it up w/ us - <sup>two</sup> people who  
believe in children & come to get leaders, for  
some good thing

Don't buy me any more of people making  
measures to a nation or nations - people  
wonder who came of earth that even whites who  
she had a bl per.

Bill is a very good  
man of faith but a human doesn't want  
to help himself anything to do? - can try to  
open his mind and perspective kids - usually  
hesitant to do it - hard to want to be  
helped for reports & unequal - white people  
ready to kill black people not so ready to retaliate  
all people very tolerant

Time with the Bible - the Bible is the greatest  
corner of our lives

Volvo says Carter denied his black statements  
in Bible other women for years in the - I say  
he denied his words saying Bible was wrong  
I think he talks out of both sides of his mouth -  
you're in error if you think you can trust  
him - he's a dangerous man, a trusting fox -  
the only man you can trust in politics is an  
athiest - policy is more a faith - Reagan &  
Ford both calling their own best

Hope Carter is a liar - if he really believes  
it he really means bad news for you

Admiral Clearing got home again

of some of you today

Details on the office contact

I left podium at 5:30. Got a call from Mr.  
Admiral - got back with tape taken from  
telex call - confirmed that he had no knowledge  
of the committee - will make other arrangements

Probes tells of riot in park in Phil - thousands  
of whites and thousands of blacks - our car  
drove through w/ ad. party workers, was  
protected when mob attacked them - mob  
dispersed

If the spring to make up for ton if we don't  
have a better than

I emphasized the no one should hesitate about  
going on trip because of fear of riots

At lunch I went to see what I thought would be a new film on the power problem but it was the film I saw at Bechtel's previously on nuclear "shut down" in their effort to defeat Proposition 13 - they were showing it 6 times a day but getting practically no audience, as far as I could tell

I ate my lunch in the assoc. H. room, then went outside to get a little sun & read my paper on the PSE&E steps - I talked to Steve Lamber who told me Chuck Stiles tried to make an appointment w/ Caspar Weinberger for lunch so that he could tell him all that

who was Galbraith's party bef, in Alaska -  
Chuck goes to who in his new job 4 or 7  
prob doesn't have to deal w/ people - I've  
told me he was in the same kind firm as  
Teresa Castolan - Gene has just heard  
about Dor's bereavement

As the computer system was up at lunch I spent about 3 hrs putting Star's workload into it, giving it all the pages as put in for Star's prog.

A memo was circulated to employees from Casper Weinberger telling of many personnel changes in the dept - Ed Allen is being transferred to London, Jeff Lee to Gaithersburg, Peter Hughes will prob be reassigned to SF from Wash - the assignment of Rita Schuman & Philippe Lamy to Bob Green's & Bob Hart's gyps, respectively was mentioned - we will have sev more law clerks this summer

Rec'd the from Dor - addressed to all her sisters, Paul & Polly, & sev others - she spoke of her plans for going to the wedding, of attending the atheist convention in N.Y. she had she had told Eddie on the phone about my change of plans - told of movies she'd seen - this she has not

9 June - W.

There was very little talk about the election results at the off

Betty Vasil told us she was very short-stuffed today & asked if I'd help out Ron Hartough whose secretary was out

I made corrections on Garb's workload & ran off a clean copy for O'Heill - then did a short piece for Hartough, mounted some mater for him - he did not really need much help, just wanted to feel he was getting some secretarial attention.

Ate my lunch at my old desk

Wrote gerts' final entry

Left at 2:30 for my appointment at Kaiser w/ Dr. X Torrance -th the Gray bus, walked over to O' Farrell & to the Medical Bldg - sat in the waiting room & eventually the nurse dilated my eyes

Dr Torrance started to examine me about 5:00 - I told him of my past hist. of a detached retina - he was extremely

thorough - concluded nothing serious  
was wrong, that the way line I saw  
came from the normal aging process -  
sloughing off of tissue - He wants to see  
me again in 2 wks - if I have any  
unusual symptoms I am to come in on  
an emergency basis

Dr. Torrance was not through  
until about 5:30 - I had to wait a long  
time for a bus on Divisadero, got home  
at 6:00

ate a quick meal  
brenned for the Te

Cars will be taken down to L.A. to bring back members who aren't going on the trip - slight expenses - people who not going on the trip must pay the ropes out - Fresno, Fresno made an appeal for help, starting w/ Tom, as district had fallen off - cars needed while trip was on

of D & Kach's talk last night w/ Jones  
Miller - wanted protection and when they come

Days 15 were only in SF, but in rest of state -  
Hayden led the 1000 people in demand to be  
we voted for him - they have won, vote for  
D-wing

Hayden's wins - these elections are so close  
a thousand people make the diff - he owes us his

I asked why Barbara gave it away - asks

I did a memo for Maggie this

Then had time to finish yester's

Dor is very busy this wk,  
working on contracts for Mansfield  
& Hollister which are too complicated  
for me - Helen brot one in which  
called for only str typing & she gave  
me the letter half to put on tray  
Ed - I worked on it the rest of  
the day

Ate lunch at my desk - then  
went to the bank to deposit my

Then I was doing my exercising,  
Chris Lucientes, who had spoken to me  
Wright, called & asked if she  
cd come for the t w which I am

revise & get express print-outs - Dor  
did those for Halbroth (revisions had  
been made in such a way that  
figuring them out was time-consuming)  
Dor & I revised the Cond Judo  
contract (for a paper mill in Florida)

I managed to write yest's girl entry  
& phoned Kaiser to make another

did not find time to take care of any  
other pers. matters

ate at my desk so that I cd  
get back to my wk quickly

had pledged his pers. possessions as  
surety for the money he owed on his  
motorcycle - he had some nice  
furniture which will all be forfeit  
if Hor & Byron do not make the  
\$120 monthly payments - the motor  
cycle would have cost him in all some  
\$4000

I got the print-out of the Mansfield

when I left at closing time she had  
still to run off Gillen's at the computer

Dave Harrison phoned at 9:30, picked me up about 10:00 - other passengers were Mrs. Harrison's brother, Lawrence, Anita Harrison, & we picked up Don Jackson, who is living in a commune on Bush St. - we left the city about 10:30.

I stayed awake until we got on highway 5, then slept for a while

I had been a little worried because I knew Dave was exceeding his 50 mph limit & was not surprised when a CHP officer stopped him & gave him a ticket for driving 70 - he & Don argued w/ the officer, who

(over) C-1-A-1 (49)

Threatened to arrest him for interfering  
w/ an officer, but he let us go on &  
afterwards I told Dave & Don that  
even if Dave was not driving 70,  
he was going faster than 30, &  
we were lucky not to have had  
an accident - they should save  
their revolutionary fervor for a  
more worthy purpose

I got some more sleep - we  
stopped twice, once to get to the  
red run & the second time to  
get gas - I gave Dave \$10 - the  
others bought snacks & soft drinks -  
I ate my sandwich, orange & veg  
juice, & had a Pepsi Cola

I saw Dave give Anita a \$5  
bill when she asked for money -  
I wondered how Dave escaped being  
communal as I had, and all in posi-  
tions of leadership had to be  
communal - Anita, altho working  
in the Te better than she used to, was  
barely civil to me

I stayed awake when we went over

the 1st of June, then drove again until we reached L.A.

We drove into the Te grounds at 4:30

Luggage was being put in the Annex - I changed clothes & was in the Te at 5:00

Preparing for early dismissal, had just had the child file out - the Congreg. was going to the altar w/ donations - applicants were admitted to membership.

The sew was out about 6:00 - I had found seeds in Beulah

After a brief wait, we were taken home by X Hervey, whose car was parked - Beulah, in addition to the child who usually stays with us, was knowing Earline Watkins, son of Betty, supervising Billie, son of Betty, Amanda Wright, brother of Emmet Wright - Jim Arthur, son of ... w/ body in

if his attitude didn't improve he'd look  
for someone else to impose on, & that  
I would report him to his commune -  
Beulah had him help w/ the dishes

Harvey came for Serlean & me  
at 9:45 & drove us to the Te - I put  
my luggage again in the Annex, was

Start but find that Dave had been assigned to take back a young woman wife child - she had 2 child but someone else was going to take the other child - however, she had to get the child from their father & we wanted see how far he was to get

In the meantime those going on the trip loaded the buses but they too were kept a long time - 3 cars, incl. a van, were coming down from the Public Office in S.F. & were also late in arriving - some members, such as Carl Stahl, had to get back & intended to go back in those vehicles - it developed that Dave was have to take them if the Public Office cars did not come & I might have lost my seat, since I'm on vacation myself who

I stood on or sat in Dave's car most of the aft - rd to P.O. map & conversed w/ dif people - watched J & his staff who were conducting bus in the yd - I talked at some length w/ Vern Horney, C.J. & Smith  
I told Vern about the incident involving

Van Smith this morn. - he sd Van was  
not living in their commune (Shaw - Houston) -  
he gave so much trouble & was such a  
bad infl on the younger child, that  
he was transferred to the Te Commune  
last wk - he had guilty of serious  
offenses, incl. threatening an adult &  
damaging property, & lately had had a  
bad fight w/ Mr. Cordell - (Van had  
scratches on his face but had lied about  
their cause) - I told Van about the  
speaking incident involving Harris & I  
he advised me to write that up - he  
sd the Harris'ns made up deficits in  
food over the weekends from their pers.  
funders were touchy & "diplomacy" was  
needed to handle them

X Smith told me he was writing on  
the apartments belonging to the Te - they  
are being renovated but the plan to tell  
them, all members are being moved up  
to SF - Shady's is living in a commune  
in SF - their youngest child, are w/  
Pat Brunnet in the Valley - Kirsten is

not succeed & he is now in the Te

as is Van

C.J. asked me about my plans to go  
Communal & I told him my intentions in  
this regard - he left his job w/ the  
arbitration service & is taking w/ Dave  
Harrison on construction job - he makes  
almost as much money & likes the atmos-  
phere better - besides the skills he is  
learning will be more useful in the p.l.

Finally 2 cars arrived from SF w/ the  
Public. Stop - Beth Chestnut, was in one,  
told me ~~she had~~ made a wrong turn -  
ing -

About the time the van arrived so did  
the young woman, Meliss & Jackson, w/ the 2  
child - the final arrangement was for Brad  
Jackson to help drive someone else's car,  
& have the Meliss & the children besides  
me & ~~his~~ brother-in-law whom he went  
after - quite weird on the trip

The buses, which had been waiting for  
the Publications stop, prepared to let us  
get by them, at about 7:30

Dave forgot to meditate & when he got  
out of the road I insisted on his doing  
so - he did not keep his speed down  
to 50, & Meliss even spoke to him once

(over) C-1-A-1 (57)

11/3 Don & I had eaten our lunches before  
starting!!

I did not sleep well because I was nervous  
about Dave's speech. We stopped touring,  
3 went to the bathroom & got gas.

The Highway Patrol pulled him over,  
and he was driving from 65 to 70, but  
he was cooperative & the officer did  
not ticket him.

About a hundred miles from SF State

We got 3 more worth of gas, for which  
I pd a Divisadero

I was dropped off at 2:30

11/3 Once when I was dining, I wrote when  
Melissa spoke of Marilyn Watson & Debbie  
Heneka - they had lived in the same  
commune but she said they were gone now -  
she did not know where they had gone  
nor if one of them had left the commune -  
she said Marilyn's companion had not been  
able to hold jobs!!

I had a hamburger & root beer at a shop across the street from the Corp.

Then, at the food store I got some more items, partic. saw kinds of nuts which I could not get at Northpoint.

Took the bus again up to Berkeley & the Bart home - reached the Embarcadero about 3<sup>00</sup> & got home on the bus about 3<sup>30</sup>.

Lor's visitors were Mary her sister,  
Russell, Mary's husband, their son Michael,  
& Michael's girl friend, Joyce, <sup>from Soho</sup> - they had  
all spent several days at Ross Landing w/  
Dorothy Carmel & had gone to the Monterey

They were late because Lor had not  
been able to convince them, <sup>partly</sup> the young  
ones, how long everything takes in the city

We waited for some time for Michael  
& Joyce who were riding the outside  
elevator at the Fairmount - Mary & Russell  
waited on the corner for them & Lor & I  
ate cheese & salami sandwiches, grapes  
& bananas which she had brought & drank

some lunch - then they walked around  
Chinatown while Lor & I talked & went  
over to Portsmouth Square

Lor told me Michael & Joyce were  
very "square" in their attitudes &  
racially prejudiced - Michael is 22,  
has been studying law

When we got to the top again, we took the

Paul Tornambe 22 June - T

Worked all morning putting the security agreement from the Mag Co's into the ATS Computer. Dr. had read a print-out of what we had done yesterday & found that putting the formatting signals in was too much for her so she decided we should put it in in unformatted mode - This means watching every line to see that it was entered correctly & I feel it was more nerve-wracking than what I had done yesterday.

I planned to go for my check-up of my eyes by Dr. Tornambe at noon but did not get away until late - my appointment was at 1:45 but the doctor had told me to come earlier so that my pupils could be dilated - I arrived at the medical clinic about 12:45 & the nurse took care of me - I ate my lunch while I waited.

Dr. Tornambe again checked me thoroughly & found no problem - he thought it was unnecessary to get my glasses changed, as I have 20-20 vision w/ them - my left eye is weaker but the other makes up for it - Dr.
