late getting up again & no sleep again -  
however, we had the monthly staff meeting  
at 8:30 & I ate a couple of doughnuts.

The topic for today's meeting was uranium  
enrichment, specifically Uranium Enrichment  
Associates, of which the pres. is Jerome W.  
Kornes, a Vice-Chairman & Director -  
WEA is a partnership of Bechtel, Corp,  
Hood River Ore & Shiloh Co & Robinson &  
Kornes & Arthur J. C. Bonnell,  
Gen. Mgr of WEA - WEA is proposing  
that the Govt award a contract for  
uranium enrichment, to them until  
production is remaining under Govt control  
as at present in 3 existing plants - some  
of the highlights: the proposition is for a  
long-term deal - it will be 8 yrs long  
it begins to pay off - sev. billion dollars  
will be invested, of which \$2 billion  
will be raised abroad - various customers  
will take 1/2 of the production - G.P., U.S.  
Env., & some have already expressed  
an int - some, for inst., wants 2 to  
30% of the capacity.

The main point of issue was, Kornes etc,

to make it suitable for fuel - uranium which could be used for weapons will not be produced - to bring it to weapons level wd cost sev. billion dollars more - all ctry have available uranium which is the 11th most prevalent element - the plant will produce the equivalent of 2 m. barrels of oil a day - the op will have a favorable effect on the U.S. bal. of trade

Homes did not have much admiration for most members of Cong nor people in govt, that they were mainly anti - bus - his contempt for the "environmental freaks" was greater - he sd he & his associates felt they were serving U.S. interests, as we are now dependent on others for 40% of our petroleum needs

The mtg was ended about 10<sup>30</sup>

I put a short draft of a ltr -

at 3<sup>00</sup> to make prep for the Labor Day weekend -  
Dor is more lenient w/ her now I think

Dor is annoyed that M's work progressed &  
lets errors get by as she turns in

At 4<sup>00</sup> Helbrecht wrote in a long item  
re: power of attorney in connection w/ Viny-  
wales contracts which he wanted put on  
ATS - Dor started me on it - it required  
an unusual format & changed back & forth  
from single to double spacing which caused  
cons. diffic. as did sev. insertions - Dor  
decided to take it over from me in  
order to wh. out the Technicalities - I was

Just by boarding the bus I saw  
Clare Jones & talked to her about  
Liz - I told her I had wondered  
whether those of us who knew her  
well might help by appealing to past  
memories - she thought that if  
I had not been able to persuade  
her, no one else wd be effective

She sd Liz had been granted  
3 wks to visit her grandfather -  
he had not died but as far as  
she knew Liz got her share of the  
inheritance - she thought the family  
may have put pressure on her -  
Liz came back & announced she was  
going - Clare sd I was very pro-  
giving & if one test & caused no  
harm, he or she cd come back  
but Liz had caused much trouble  
she further mentioned that she  
had frightened Harry, telling him

(over) C-1-A-4 (19)

we were going to exterminate  
him - Liz acted insane - like  
Bonnie, Claire sd I had given  
Liz many sp. privs - she got every-  
thing & didn't have to control any-  
thing (I presume she meant money) -  
we just had to recognize she had  
this vicious streak in her.

Mac Elvane came on the bus to take a sp. offering to help support the trip to Chic

The hostess, Dorylee Bogue, took the names & ages of everybody on the bus & asked whether they were working or a paying job. Tom - all others are expected to contribute money

We left B.F. about 9<sup>00</sup>, had a stop at 12<sup>00</sup> & arrived at SF at about 3<sup>00</sup>. I do not get off the bus since we left L.A.

I have asked Lisa Layton for a ride - she had table w/ the car & someone that the filling station had fresh fruit water

I intended to get up at 5:00 so that I would have an hour to write on my journal but I didn't get up until 5:20 - after I had put up my lunch, dressed & had breakfast, I had time only to type one page in the journal but I left the Pt W out so that it would be ready tomorrow.

Mary didn't come in - she phoned that she had been late in getting back from her camping trip & hadn't had any sleep.

The print-out of the power of attorney doc I wrote on F came back w/ some errors I had made in changing from single to double spacing - I sat at the machine & Dor gave me pointers so that she could explain what had happened.

had been set up in the Hotel Am  
w/ Carolyn Lorman & others to help  
w/ the writing

I allowed to Dick Trapp my Ind.  
films which I had lent from Lois -  
I helped people write them & wrote  
I myself - we were supposed to write  
to the judge presiding in the case  
of the I. res. Bee Ford & to the  
newspapermen themselves

Downstairs I saw Jack Beaman &  
enquired of him if the Te. cd  
move my effects at the end of the  
mo, even if I moved into non-  
communal housing - he suggested I  
talk to Rheavine, who was in the  
rm, about pos. space in a Commune,  
& so I did

Rheav. sd the Te. was acquiring  
apts in 2 more bldgs & she wd  
I cd be accommodated - she  
asked for my references - I told  
her of my need for printing in  
order to type - altho I'd have to

(over) C-1-A-4(60)

have a roommate, there will be a  
living room & kitchen, & I gathered that  
I'd like in the bedroom - I told  
her I didn't want to be placed w/ a  
talkative one - the place she has  
in mind is on Henry & Van Ness -  
There will be good bus transportation

I left about 8<sup>30</sup>, got home about  
9<sup>00</sup>

I typed from 9<sup>30</sup> to 11<sup>30</sup> in my  
jinks

Made some candied popcorn &  
ran Freedom at Midnight for an hour  
Went to bed at 1<sup>00</sup>

13 Sept - M

I spent all day on the Lit Site  
on the computer - though I made a  
sample entry for guidance, I still  
find it nerve-wracking

I ate lunch on the 1st & 2 steps  
Close to the end of the day I  
had only 2 more entries to make &  
decided to enter them by going home -  
I ran into diffies & had to make some  
changes - I was annoyed & her came  
over to help - I wound up staying an  
hr - Bob was unsympathetic I'd feel

I had to take a trolley to Thurst St  
to get my bus

|| I very tired & frustrated, esp. because  
we do not get overtime in such situations ||

I decided not to exercise

I prepared dinner, ate & washed  
dishes

Work on my journal - finished  
typing the 1 to 15 side section &  
proofed it

Had I reasons at midnight for an  
hr

Went to bed at 1.00

11/2 Mary tells me that she doesn't like the job at all - in spite of having got her way about the lunch hr, she has only scorn for Dor - Dor was gone from the off for a time & we thought she was seeing Betty - she had had some diffie w/ Kate Walker over Peter Hughes' wh, & this may have been the subj.

Dor has been evidencing insecurity lately over her author - today when I was merely joking, she made a remark to Bob O'Neill implying I was trying to usurp her role of receiving incoming wh - he understood the signy for it - she over-supervises us at the machines & does many jobs hers. which she can delegate - Mary & I both know that she should be working on her record - keeping !!

C-1-A-4 (63)

The buses were already almost loaded -  
some had all the seats so I had to  
stand - actually I decided to sit on  
the floor while we waited

The buses took us to the newly opened  
Democratic campaign shops on Market St  
opp. the Town House - the place is a  
bare hall & w/our people was crowded  
shoulder to shoulder - I worried about  
our seniors and handicapped people -  
the other stand was at one end & I  
cd barely see the heads of the people  
there incl. J

Candidates were introduced by the  
Chairman, Agon Jarvis - the emphasis  
was on Prop 19 for the Farm Workers &  
legis to benefit "the people" - esp. ourselves,  
the chicanos seemed to be the only gyps  
aprd - Cecil Stms. as well as I were  
asked for a few words - Stms spoke as a  
supporter of the Democrats w/ the neces.  
of their caring for the common man - I  
mentioned spec. causes, such as cutting  
milit expenditures, ending CIA interven-  
tion w/ other govt, & finally put in a dig  
at the Supreme Ct - I've given him a  
tremor. water, & the chairman ack-  
nowledged that we were 65 or 70%

14 Sept - T-2  
of the and - Rosalynn Carter arrived  
a little late, was introduced by Leo  
McCarthy who was in turn introduced  
by Bob Mendelsohn - she got a senti-  
mental trip to her husband

The meeting was over about 8:30

I went home directly on the Hays  
St bus

I washed dishes

Read maps

15 Sept - W

Made a few corrections of the Lit. ~~of~~ but we didn't order another print -  
and

We had very little work in the office  
At noon I saw videotapes of "Time  
of the Star Sands" and "One Field of the  
Alaska Pipeline" - the first, lasting a  
half hr, was about the Syn-crude Project  
in Alberta, Can, & was quite interesting -  
The second was not as good - Howard  
came to see the films but his was late &  
there was such a crowd that we  
didn't get to go - I ate my lunch during  
the showing

In the afternoon Maggie brot in some docs  
to put on Tracy Ed - tho' they were  
relatively simple, but insisted on ex-  
perimenting w/ them, & when I had a  
slight diff. w/ her instructions, she  
became quite irritable - thinking about  
her irascibility later, I again began to  
worry about her mental stabil - she  
has been showing many signs of  
insecure lately & has generally unhealthful

(over C-1-A-4(67)

lifestyle cannot be helpful - I may disc.  
the matter w/ Mary & perhaps confide my  
impression to Betty - for Beth may  
me, life in the off has become quite  
unpleasant, even when the workload presents  
no sp. probl

I left for Kaiser at 2:30 to get more  
shots - I told her I was getting injections  
for my allergic cond.

I arrived at Kaiser on Leitch apt 3:00 -  
I was taken care of rather quickly - the  
doctor, asking where I was going, school'd  
me for a typhoid booster, a tetanus shot,  
& polio immunization - the nurse, however,  
sd I shd not get the polio until a mo.  
aft the yellow fever shot

Tho I left Kaiser about 4:00, I had diff.  
w/ bus things, & it was 5:00 before I got  
home

I slept for an hr

Prepared a meal & etc.

As I had been worried, my arm was  
very painful all day.

15 Sept - W - eve - 2

Went to serv. w/ Marshall & Magruder  
about 7:45 - they had gone early to the  
mtg last night & got a seat very near  
J Marshall sd he was watching the  
secur guardians who were watching over  
Jo's safety - he thot they observed the sphrs,  
altho the gap in the audit was small,  
the noise was devastating & requests to  
the workers to control the child, seemed  
unavailing

Volunteers were asked to help  
stuff envelopes for announcements to be  
sent for our out-of-state mtgs  
Norm asked those to stand who  
will go to Fresno on F

I on podium about 9:00  
I sd he dined <sup>done</sup> w/ Mrs. Carter - he edu-  
cated her on serv - she too persive w/ respect  
to her heart

I had names taken of those going to  
Fresno - the progressive sd is going to go  
as a field trip. 7 4 times going to dinner  
again - Time & Newsweek will also - Cecil  
Kissel posteror, I told them what we wanted

Bus will be for Fresno at 3:00 in the

who had to get back to B.A. for who will

I addressed the progressive sect on

him when he gave very strong sermon

We saw a film - It's a Mad, Mad World

Ricardo Otterbury told his teacher to cut his death off spit on people, the food from the first grade tray - he is a battered child - which all night has done no good - Willie G. Pentry suggested that he stand on one foot for 20 mins, then 20 mins - the other - I accepted the suggestion

Since it was the 16th today, I decided to be very cautious about my relations w/ Dor, & even if she behaved very peculiarly, it would not be a good time to speak to Betty about her - I got into the off well by Mary & accepted a cordial, conversational attitude towards Dor which she reciprocated & which was extended to Mary when she came, so that we passed the whole day w/out any flare-ups - bes. We had letters w/ coming in & weren't under any pressure

For some reason, the computer center did not give us a print-out of the 1st Rpt I transmitted yesterday & we had to order an extra print-out aside from that, the only other job I saw we'd say was to run off some notation forms for Maggie - her date for the form in they'd get when I was gone

23 Sept - Th

Spent most of the day typing on the CA  
a list of Biechtel entries now in CG -  
it was classified as conf - it was hard  
to do

The off was very busy - Dor & Mary  
were both at the computer all day  
X Dor disappeared from the off by noon  
w/o saying where she was going - we  
speculated she was seeing Betty Vesil  
at lunchtime I went to hear the  
prog of the BWAA, today chaired by  
Lynn Schoombs, who introduced the  
speakers in a panel on "Job Stress" -  
they were Dr. John Turner, a Consulting  
psychiatrist for Beck, & Jessa Loewen-  
thal of the International Orientation &  
Dependent Services - most of the presentation  
centered about the difficulties of  
adaptation to overseas jobs, but during the  
short guest period, the audience showed a  
desire to talk about stresses in their  
work in gen - the room was full

11 I remarked to Mary that I had been  
fearful about Dor's mental stability & was

(over)

C-1-A-4(99)

on the pt of saying s'thing to Betty  
about it, but had not, & when  
her's attit in the op seemed to  
improve - Mary sd "Do you know  
why?" & told me that on the 17<sup>th</sup>  
she had spoken quite severely to her -  
she told her she had to be  
be over-supervised - The conditions  
had improved, she still didn't like  
her - as soon as she & Denise Price  
(w/ whom Mary is friendly) have been  
ad Beck's to miss & entitled to such hr,  
they are going to take some time off  
for other jobs"

During the apt her gave us some  
info which she sd we wd have to  
remain silent about & not ask any  
questions - she had been conferring  
w/ Betty, who apparently had gave them  
a warning which she was not to  
be pass on - we were to be  
careful for the next few hrs - There  
were being searchingly closely - This  
underscores the britisability of the

debate between Pres. Gerald Ford & Jimmy Carter on the radio while I did some mending but I rec'd a call from Macnolia that she had changed her plans - I can come over & watch on TV

She had her set in the kitchen - The presentation by both candidates was dull w/ only a few sparks of int. - The show went off w/in a few moments of the end when Carter was about to reply to a question about reforming the intell. agencies - I left by the prog was resumed & heard the rest on radio

11:20 My girl had dinner while we watched & gave me some apple juice & a hard boiled duck's egg - Marshall Dennis arrived & watched the ending

At the end I spent a couple hrs. in

a drawing a plant - out of one of Hal-  
breath's Verney meter contracts.

Got my lunch, quickly, & went to  
the bank - I got a new change purse &  
in lipstick which was a sale at the  
Shell Pharmacy.

During the ad I wrote 3 Te letters -  
back to Dept, to Rosalynn Carter, the  
judge in the case. I was case, & to  
KFAZ about the Te page.

Getting home, I had to do the chores  
in the night - the my  
laundry to the laundromat & mended  
underwear while I waited for it - I  
afterwards washed my hair.

Then I ate & washed dishes  
I read my bible & finished  
by the time I went to bed

sorted out a few more which came in  
to Brocki for sale at the flea market

Listened to the Te broadcast at  
11<sup>30</sup> - instead of having a panel disc  
as usual, I spoke on increasing aid, in  
our soc, w/ the starting of the bombing  
of the Chilean soc leader x

Joyce Hertmeier came in to see me -  
she wanted to know how I was  
was ready to move - she also remarked  
that "this time" she hoped I was for  
the good clean so that I could get my  
depos. back & I said that this remark  
applied even to the gov. I occupied just  
before I moved to Ute but my pres. one  
which had been smoked up by the time  
in the blog, at least 8 yrs. ago. I  
reminded her that the gov & the soc  
were in very bad condition. I  
moved in

Went to the drugstore & Petrus office  
to buy some labels, so that I can

mark the contents of the boxes and  
pack - then went to the Hayes St. coop  
& got produce for a while

I prepared a meal & ate & washed  
dishes

Cont'd packing

I vacuumed the floor so that the  
place wd not be too dirty, if I had  
guests ton

Lay down for an hrs nap at 5<sup>00</sup>

I dressed & left for the Te. by bus  
at 6<sup>30</sup>, arriving at 7<sup>00</sup> - the stati-  
on arrival dinner was scheduled for  
7<sup>30</sup> & I wanted to avoid the crowd -  
however, the line of members was  
around, stretched around the corner -  
we entered the up the main door &  
there was no phone, check - guests  
were admitted as they arrived

I was nice interviewed by Channel 5  
in the main room of the hotel -  
I had a fine time there. I had

Also at the table in front of us, among others, were Charles Gray & his wife, the I did not recognize H. & I did

The food was prepared & served by our staff - our young women in red tops & black pants served. Other young people sat at table w/ guests

We were served appetizers, salad, roast beef, baked potato, carrots & peas, cake & coffee

Guests were requested not to smoke because of the fire hazard & for health reasons

Mike Prokes was master of ceremonies - he introduced Willie Brown who introduced the other - Mayor also in room was first - Bob Mendelsohn presented a resolution naming people by the title of supervisors - I think it was the 1st time w/ title to J - I think it was 1st time he & I were being honored by the IHS - Joe Greuter spoke - he referred to the fine work Tom then was doing for him -

We had some bunka - Beulah had my

We went to beds about 3<sup>00</sup>

I got up at 9<sup>00</sup>  
For breakfast we had Casaba melon,  
eggs, toast, jam & banana

Beulah plans to move up on 19 Oct -  
she is bringing W. H. James, Chris, Mary,  
& Sheila. All are hysterics - Beulah's  
mother is not coming - Beulah's  
sister Beulah is now in a psychiatric  
ward

I got a ride for my guests & myself  
Marshall Ferris - he didn't start  
until about 11<sup>45</sup> - sent her to bed  
at 12<sup>00</sup> but everything was moving  
slowly

Mother was on the platform at 12<sup>45</sup>  
Korn started to take the opening  
I came on the podium at 12<sup>55</sup>

Mother interrupted Korn to complain  
about her secure at night - for all she  
secure never had the doorknob & she  
had to use the doorknob for 1 week -  
last night - I picked up the doorknob

get to him, the only way they could  
it was through time he took -

Mother is on the road every day  
earning money for this club.

I went on to discuss his disappointment  
of last night's offering - he didn't  
understand people's complacency - he was  
tired of having to take 3 offerings &  
he was indignant because we want  
give to his assistants what we give  
to him - it wasn't for him, he'd  
rather fight - this offering is a test  
what we give right now will decide  
if so that his energy can be saved  
for other needs //  
our future

While we opening workers stood he  
went on to discuss the falacy of the  
Bible for 40 newcomers - then he  
spoke of his power to heal - he  
talked for an hour - I was very tired

I performed healings

He admitted new members

The meeting was dismissed at 3:45

I got a ride home w/ Marshall &  
Magnolia - Magnolia had left the

Then I packed non-perishable foods & kitchen utensils, leaving out only what I needed for 2 days - washed dishes

I had planned to miss about an hr of the eve. sew which was set for 6:30 - I caught a bus at 7:40 & arrived at 8:15

I in a severe, angry mood was taking the opening

He insisted that those who could go on the trip & hadn't registered should go to the Sld Rm & register - "you have just seen the dictatorship of the proletariat in action" - "people are governed by fear, not love" - he had been putting down names as he called the names for the opening, whether of those who would receive retribution or beatings - he demanded the immediate return of guns stolen from the Te - if they were not returned, the guilty persons would be shot by the guard he stole" and I will not be there & no one will be able to connect me w/it".

I talked briefly w/Vern Christian,  
Vernell Henderson, Dick Tropp, & Don

piece I had for the child to play w/  
asked Vernell if it were nec. to  
go through any formalities in connection  
w/joining a commune - I wanted to  
be sure I was complying w/all Council  
procedures, as I had issued warnings  
about those who by-passed Coun. in  
arranging transport - Vern seemed  
happily aware of my status, sd I  
had no obligations like to turn over  
my pay checks & turn in my list of  
needs - gave to Dick Tropp the cert

We were very busy in the office today

I made a revis. of a Garb contract, which took about an hr. - then put on MagCd a coal mining contract for Schuman, which will be fed into the computer - Schuman won't have it all until tomo., wants it for Frid. morn.

Ate at the office - then went to the p.o. to find out what it would cost to send the latest copy of The People's Forum to my sisters - learned I can send it cheaper by first class, as there is a minimum of 14¢ for printed mater.

Dor. told me in conf. that Weinberger brought in an effic. expert to examine the procedures of the dept. - the person is Virginia Duncan, who, we were told, was his secretary - Betty Vasil had told Dor. she had to have a report on the services of the Word Processing Center tom. morning

J. talked about the care of child - experts said if a child as early as 18 mos. was not given security & a sense that his needs will be taken care of, he will never be able to give love & secur. to others - we've inherited child. who've been beaten, neglected - if we sacrif. our child., we may as well cast ourselves into the sea - if you don't love child., you don't understand soc. - you are not in my spirit - don't scream at them, but talk to them - there have to be rules but be sure that those rules have a foundation in love - don't take out the hostil. w/which you were treated on them
