1 Nov - M

Don phoned in that she was sick & had a temp & was staying home for a day or so.

I called the Registrar of Voters & explaining when I moved, asked if I be allowed to vote - altho the law says anyone who moved before the 4th of Oct cannot vote in his former precinct, the person I got did not want to disclose, or then that seemed to be that no one knows when I actually moved.

I whined on the Miller contract all day - it was very diff' w/ many changes which presented probs of decipherment.

Mary was whining on a short contract for Belbrough & later was making revisions on a litigation rpt.

I ate lunch outside.

In the aft after about 2 hrs the telcph line to the central computer dropped & I spent the rest of the aft waiting to get back on line which didn't occur until just before closing time - I didn't stay because I had to get Mine Swerns' phone pass to her.

(over) C-1-A-6

I went to the Te directly from where
had my dinner

During the meal her, an announcement
made that people who had moved out
of it were not to vote in their former
precincts, so I gave up the notion of go-
ing back to my former polling place Tom moris

I cleared up a number of problems: I got
a Miami pass from Terry Carter - I explained
to Vera Young that I was not able to continue
on my Th love secure assignment; she
asked me to find a replacement. - I
told Debbie Blakey about the sit & she
asked to let her know Tom by the way
they will find a replacement for me; I
returned the borrowed Miami pass to Helen
at home I took Carter in

She made 'candy cream' - it was a
hot night & it got too much for her &
some of the candy crystallized - I cleared
up for her

I typed in my journal from 9:00 to 11:00
I read maps
Went to bed at 12:00

2 Nov - T

Don phoned in again that she still had a temp & was not in

I spent all day on the Miller contract I realized I had it started but I didn't try to correct it - I continue making revisions so as to get them done

At lunchtime I saw the second film "People" in the Amer. Enterprise series it dealt mainly w/ immigrants & the effort to make a new life for them a 16 family, expressing their determ to get ahead, & belief that they can, we shown

Worked till past 6⁰⁰ on the Miller contract in order to finish it - I am eager to get it started that, he done that, I forgot to order a copy I had to sign on again to order I got downstairs & realized I did lose my clipboard & went back to

(over)

C-1-A-6

I was entitled to \$3⁵⁰ for dinner,
so I took the bus to Jim's, & black up
from my job - I had a hamburger
& a small bowl of chili.

Then took the bus to the Te - had
heard there was to be a commerial
meeting but, prob because of the election,
there wasn't one

I put my pers. needs in - Bates was
not there - I had a copy of her
last wh's needs & I turned them in
again

When I got home I found Bates in - she
hadn't eaten - she had stopped at the
ch & discovered there was no
meeting

I listened to early election nets
I typed from 9³⁰ to 11⁰⁰

Read the map & listened to nets -
the result was not clear when I
went to bed at 12⁰⁰, altho Carter
seemed to be ahead -

C-1-A-6(5)

3 Nov - W

I had set the alarm for 7⁰⁰ but
woke up before Bates left - I turned on
the radio to get the results of the
election - Carter had apparently won
the presidency - Hayes narrowly
defeated Tunney for the Ca Sen seat -
Prop 14, the Farm Lab bill, was defeated
as was Prop. 13, the Greyhound Racing bill.
Candidates generally favored by the Te
for the State Bd were elected - distr.
election of supervisors was passed

Worked on final entries for about
an hr

Walked to Kamin for my apt. ment
w/ Dr. Hotchkiss at 10⁰⁰ - I felt very
well & he thought I was getting along
fine - the misdeers in my face seem
almost normal etc for a twitch under
my top eye which develops when I
am under pressure - I got my shot,
which he had ordered weekly, & also
my polio shot - This is the last of
the inoculations I need for Day
I walked to my apt - I haven't

been getting enough exercise since moving.

Took the bus to work, arriving about 11:00.

Mary had picked up the computer print-outs - the Miles doc, because of the Telegph features & my not understanding what to do, was "stacked" - that is, there were no cc - it was also in the wrong order & had been mis-numbered - I succeeded in assembling one complete copy of the text for Miles, altho line nos were incorrect - I decided not to try to make corrections.

I saw a no of glum faces resulting from the election - Mary Caroline & John ~~John~~ were just unhappy. + Brenda Hyatt-Barton on the other hand had voted for Carter - Mary voted for the Carthy - I told everyone I had voted for the Carthy - None Armstrong was disillusioned w/ Hor Brown because he had supported the Farm Workers Amens ~~ment~~

3 Nov - W - 2

Came w/ Rector to the bus to the
Te at 6:15 - but w/ some some old

the note written to Tim Stoen & the
girl said I finished some time ago

Th my seat in the audit, next to
Helen Loh - she usually saves me a
seat - I write girl entries until the
sew started

The front stem of bus was getting pretty
home for those needing them - it was
very diff for as few people in the car
have any cars not fully occupied any
more - Bro. Rector was in charge
The warning I heard last night which
I that applied only to child was
repeated: no one is to be close on
the str; sewer will not let any. be

cerning food for S & Sa - food supplies
will

I on podium at 8:50 - aft we had
greeted each other, he spoke of the lack of
faith in this gov. in contrast to the man
Sa brot about by his faith & love

* He may have a breath of air of the
election of Carter but we have a fascist
senator elected - Carter will not be
much help - it is justified to form
certain alliances - we have connections

I do not bel in Amer & I don't bel president
make pols - if they try to follow enlighten
pols, they will be killed - our allies such
as the Philippines are torturing people - a
kind of behav was taught here by the CI
- the only safety is where there are mas
trees than you & such people - the Amer
people are a cruel sadistic bunch of people
and is glorified w/in our soc

Went down to take the Steery bus to the Te for dinner at 5 mins before 6 or just then the Te bus drove up & parked - Rheon ^{Agnes} & her nurses had come to take the group at 10 29 to dinner - I waited in the bus for about half an hour, but the expected 39 people did not come, only 10 or 12 - the others had gone up earlier or did not want to come for some reason - Agnes was quite upset at the complaining of some of them - Haze Profus was the worst - & she was going to start writing them up - Florine Byson, sitting beside me, was very unhappy at being crowded & at having her belongings misplaced when she moved from the Valley

11 My wt was 138 this morning - after having lost some aft moving, I have been gaining, whether because of too much starch in the meals or eating too much for snacks at night.

My morning's routine has now developed to a very efficient Pt. - that I am able to brush, dress, eat up a lunch, & eat breakfast, & have time to wash dishes before leaving for work - I try to be the apt of 7:30 - Bates usually gets up a little earlier than I do, & has some juice & some coffee some juice, & has a drink by 15. I am sometimes held back in the morning by Bates' efforts to converse - I have table bearing here in another room,

have originated when I lost my check
register at the time Berlak & Co. had
our papers stolen last March (check

finally had had enough from
Earlene w/ her negativity. Not only
do the children hate her,
because she's cjt them all the

communal living had reached
some cousins of Beulah who have
a good income & were on the
verge of coming into a commune -
they told Beulah they had changed
their minds

Beulah sd that when Father

trated a group; Oswald told of plan to kill
Kennedy, info which the CIA & FBI have
by the assassination - treason & infamy

wanted to go to the man's room - the
guard was fearful of the secur. mtg,
gripped him by the wrists - he said
Johnny Brown had told him to "watch

instructions. I did not discipline him - I
said Thatcher did not hold the incident
