Offering for D. Car prisoners - I put a great deal of emphasis upon this.

Serv. ended at 4:45

Pamphleters & map distributors were to have priority in getting served at the meal, but this must have been handled very expeditiously as the line was short - I decided not to sit down at the small tables which would involve a long wait in the line. I got reasonably quick service - so many people were out that the atmosphere was quite pleasant - for dinner we had chicken, rice, salad & bread.

Having eaten, I joined Pauline Jackson to get through the doors - she took me to the bus stop - I went home - rd maps, had some grapes & kumquats until time to get at 7:30 as the eve serv was to begin at 8:00.

Rode on the bus w/ Chris & asked her advice on getting the lock in our kitchen fixed repaired.

In the eve. serv apr. sides were served & announcement made, 2 offerings were taken in quick order.

I was late in getting outside - Rocket  
was just backing out of the lot - I got  
my belongings to that place next to  
bus - The buses were crowded as  
usual but on bus No. 10 the host re-  
moved a small boy from a seat in  
the second row - I was beside the  
Alberta S. w/ whom I had been seated  
by - she was very outspoken in her  
advice to others, partic' child

I took all of my belongings in my  
small suitcase & this time put it under  
my seat - I ate my food

We had a long wait on the bus - I  
stepped from bus, went into the Te to go  
to the bathroom, & stepped another bus  
by the bus left at 4<sup>00</sup>

Got up at the first rest stop & ran

11 Dec - 5

Took a little nap we got into B.W.  
at about 9<sup>00</sup> - had slept well as usual  
except that my neck was a little stiff

I ran, washed, ate my food, brushed  
my teeth

Talked to Rosie James who is living  
in the Valley in a cabin in back of the  
James' former care home, of which  
Helen Dyreham is now mgr - she  
has been conducting a yard sale of the  
equipment & furniture from the Valley - she  
says she is gaining wt on the communal  
food which is <sup>partially</sup> too much white food &  
too few vegs - she doesn't have any time  
for exercise - the Cheever & Purjoy  
properties have been sold

We left B.W. about 10<sup>30</sup>

I did F's naps, then slept

We arrived in L.A. at about 1<sup>00</sup> -  
Ida had not moved even to go to the  
bathroom since boarding the bus last  
night - she also did not change her  
clothes on arrival

I dressed on the bus  
bus started at 2<sup>00</sup>

J. Symbol of decadent Western civility -  
scientific theory that man can and  
change their make-up - some destined to  
be the advantaged, the others in lower  
position - is in genes - and even now,  
Christian missionaries like Hitler - called  
gentlemen - dark rascals inferior - male  
dominance

Domination people too stupid to learn  
didn't know babies - you are not victor of  
your genes - you're the victor of your behavior  
unless you get some brains you should not  
be the one to train our babies - those of us  
in front line better make the decision to  
neglect our children. & we are most guilty to  
rear children - some of you play w/child like  
stupid dolls - children are not dolls, they  
are our future

I spoke on fighting off enemies - as the  
cramped are, the best they ever do spend  
for cities - there is nothing so satisfying  
in as truth - far from all fear

we're not afraid of losing our hair, your

People are making up, listening to foolish

nothing but buy, eat, sell - I've tried it

Bible to get you to sleep - they speak of the  
good feeling you have in telling the  
truth

The front 2 rows were reserved for the guests

Norm James presiding - after a long intro. about benefits raised for P.T. & J.J. & the ominous cond. of the city, he started to take an offering by some - resp. almost nil

I came out on podium at about 10<sup>00</sup> o'clock - he shocked by paucity of offering, barely enough to keep to open - he appealed for more donations from those who have fine houses, clothing, denied themselves no

I was not here a traitor - duty to continue to struggle  
so people can become free - put me w/ all

I slept until 10<sup>00</sup>

The members went to attend the Housing Commission meeting

I called Lou - told her I didn't come on F night because we were going to have a Te serv - I arranged to come F aft instead & be early enough to get to the Te

I vacuumed the rug

I sorted papers

At lunch we had soup

I phoned Dick Topp to find out whether I should come at 1<sup>00</sup> as proposed - he was expecting me - I left the bus to the Te, arrived a little late - Dick had to drop some postage stamps to San Bruno prison, but he found somebody else to take them

He projected my film - he wanted to see if it cd be used in the Te - some rolls were wound backwards & some film had been he had some were upside down - and was so

disarranged that Dick did not have  
time to find it in order - after seeing  
all of the film except that one reel, Dick  
seemed to feel that the film would be  
valuable to show to the grips & he would  
like to take it to the p.l. - we have thought  
of putting the film on videotape but the  
Te does not have color equipment, & we  
agreed that the pictures would lose much  
if in bl & wh - we discussed 2 pos.  
courses; renting color equipment which  
may not be good, or get a duplicate so  
made, which would probably be too expensive -  
I am going to explore the possibility of selling  
the film for ed purposes

I told Dick about Marshall Windmiller's  
course in "Film & the Media in Intern.  
Rel." & he thinks some of the Te students  
should take it, asked me to get the details -  
I will try to find out from Windm. about  
the possibl. of selling my film

When I rode to 1029 S. 4th I heard  
a report from our members who had  
gone to the Housing Com. meeting - the  
Com. voted that the city should take over  
the Intern. Hotel & sell it to the tenants -  
this victory was due to J. & the P.T. demon-  
strators

Bates had apparently been bothered because I did not give the kitchen over to her immediately when she came home last night - she has also been increasingly unhappy because she cannot get food required by her diet & needs to lose wt - she asked Billie this morn. for a lunch to take when Dad read a rude refusal she said that I don't get a balanced diet either. Billie usually treats me kindly, perhaps because I am white.

Dad was tall nearly 8' last night - she was very nervous & cross all day - I left for Karan at 3:45 & got my inoculation.

Dad a plate of food which Billie served for me - etc - started for an hour before getting ready for school.

There was rain today

I had little who

I learned that yesterday after I left  
Marc & Dor had an intense argu-  
ment - I think it started aft Dor  
had been very disagreeable to Maggie  
Fleming & Barbara Vas. - Barbara is  
Halbreath's secty & Maggie who is the  
same unit - Dor had made changes  
in a Halbreath contract aft they had  
prorged it - Dor was also unable to  
produce the who felt enough to suit  
them - when she complained about  
the heavy load she had & refused  
to put their who good, they went to  
Betty & said on the matter - Marc  
got involved by confiding in Maggie &  
Barbara that she had little who to do  
& they repeated this to Betty - Dor  
had also insulted Kate Walker &  
Cathy Costello told me she had to  
restrain hers not to get in an argu-  
ment w/ Dor, so Dor seems to  
have made a no of enemies - many
