✓, Sept - Th

From a remark made to Dennis by
Betty Vail, Marc & I speculate that the
info affecting the admin. gys is that
Betty is living - this wd refl her lack
of vitality & at the same time Susan Winter
Steens prediction that many of the dgs wd
take new whs - we think this may be
Betty's last wh

Called Lou - her of being moved to top
floor of new admin bldg where ops of
Pres. & Senate are - she, Betty & Marc are
going to see Dorothy at Ross Landing on
the weekend of the 9th, so my visit will
have to be postponed - Harris' fiance is in
Harbin & will prob be visiting her here

At 11³⁰ I went to the Coop to get a
few items for next wh - I had a long
wait for a Kearney St. bus, finally th
another one & walked 2 blocks - ate my
lunch which I had bought - purchased
sandwich, fresh vegs, fruit

I made corrections on the print - and of

Betty's file index, ordered another print-out & ran a copy off on the computer

Tel Dor on the WATS line - she had had her first required day of the solo yrs - we had a long conversation, quite amiable. I was late laying the off

Took my groceries home

Ella & I went to the Te to eat

Rec'd a tel from Dor - she is thinking of spending her winters in Austin, Tex in addition to w/ the atheist gys & her summers in Colo w/ Edna & Jacobs

I did my laundry in the machine
Did pers chores

Laverne had come home & I waited until she was through in the bathroom - then washed my hair

Did my hand laundry

Ate some snacks & tried to read news but Laverne came out in the kitchen & talked - morning & eve, I have a time & place, prob because one or another of the sons wants to talk

Start to bed at 12³⁰

C-3-A-4 (3)

2 Oct - F

Turned in my time in - had
nothing but gen. admin to put down

The start print-out of the files
index was satis - I added the items
which had to be put in manually &
gave it to Betty

Mare had one due to revise -
aside from that we record no wk

Mare spent most of her time
telephoning on her moving plans &
talking to her relatives

I caught up on back entries
to my pink

Betty sd nothing to any of us
about the admin. Envoy or her
plans

I sd at the reception desk
for 15 mins at the end of the
day, filling in for Mare who was
filling in for Brenda

11. Dated lunch at my desk, as
the day was foggy

I bit some plums on the way home from wh, as I had forgotten to get fruit for the trip.

Wanda was packing for the trip & took when she was through

I packed

Prepared dinner & ate - Had steak, salad, corn on the cob - & washed dishes - put up lunches for tom & tom morning

Was quite late in getting to the ~~sew~~
1/2 Past my suit case down to Parker
Bridenbach to put on the bus!! ^{this morn.}

Mary told us a new baby has been born in the p.d. to Tim Carter & Gloria Rodriguez - The mid-father of the 3 Carter child, a boy, now has 3 grandchild. of mixed race: Gloria is ^{now} Mrs., Terry married Lew ^{now} who is Korean, & Mike is married to Josephine Jones, a black

Mary dismissed the sew about 7 or 8 o'clock - Four buses were going to L.A. - I got on No. 6, sat next to June Bryan, who was later moved

C-3-A-4 (5)

2 Sept - Fr 2

To bus to, 7, on which the leadership travels - my seat space was severely restricted & I had an argument w/ [unclear]
Ester ^{or Lewis} took me over putting my seat back - the spring of my seat was broken & the back hit her knees

The bus had numerous young people on it & was very noisy by we left

I ate my lunch, sharing it w/ June
bef she left

I later learned from Judy Linnin that Rocki had forgotten to put my suitcase on the bus - it was then too late to go after it

The buses didn't leave until 12⁰⁰.

We stopped at 2⁰⁰ & I went to the bathroom & jogged a little

I slept soundly

C-3-A-4 (6)

We arrived at Bather Willow at 6^{am}.
I got off & ran down was just

I finished the F insp - & started
to read The Silent Language by
Edward T. Hall, which I have never
rd

Doged for 2 hrs

We arrived at L.A. at 12^{pm}

I greeted old friends, particular Bob
Davis & my dogner who have been
working in L.A.

I washed & brushed my teeth //

Ate breakfast in the church

Watched the children playing - a no.
of them were pushing each other on the
merry-g.-round - the tiles children,
3 of them, were among them - I was told
their legal guardian is unable to lk aft

They behave very badly, talk during serv.,
& call people bad names - John tiles

went to Guy. //

//³ An announcement was made that people,
etc for seniors, were not to visit
their relatives but could call them - they
were to remain in the Te & take senior
shifts //

By the way I wrote good entries
Talked w/ Edith Cordell - she told me
the Leadership tried to put somebody in when
in her new job but she refused, as Stark
is enough

We talked about people who had left the
Te, in particular Mrs. Hess, who left a time ago,
taking her 2 girls w/her - she had
occupied a leadership position - no details
were given to the long reg. // Fortnum

The sun began at 2 P.M., w/ the presiding
officer not asked to take opening
X I saw Bench come up & I joined her -
I told her some of what had been happen-
ing - she had been to S.F. one weekend
but hadn't seen me - she thought I had
gone to Guy, but I was just typing
articles

Marcy came on the platform - she
effused great events in the Te & the
attack we had been subjected to - she
(cont) C-3-A-4 (8)

13 Sept - S - 2

nd both Chas. Barry, our atty, & the
cong wished to remain in Guy to

this decision - later on the L.A. cong.
wd have an oppor. to vote on the subj.

had lost the tie in his check

The sun was out at 6⁰⁰

Emmie Stanford th us home

I rd The Silent Language

(over) C-3-A-4 (8)

Went to bed at 11⁰⁰

11⁵ Beulah gave me a dress to wear
in the new town & also a pair of
pants - she also made me a gift of
a couple of blouses!!

C-3-A-4 (10)

4 Sept - Su

got up at 8 or

The weather was hot

Bentch's daughter & the 2 girls, Dorothy & Donna, are still with her - James is w/ Joyce - the 2 girls accompanied us to the bus Bentch says the girls are still living their deviant life, going out every night & getting high on dope.

For breakfast I had cranberry juice, fried egg, bacon & sausage, - toast - Bentch had me take some chicken & fruit for a lunch

I read an article in Time on "The Under-class" - while purporting to be a serious exam of a soc prob, I think it will add to resentments of minorities & welfare recipients

Bentch gave me a shopping bag to put my belongings in

Ernest was late picking us up

I took my belongings to the bus
serv was in progress

It was cold on the platform, offloading again the sit. of the Te - she made remarks to the head wh done by some, had little tolerance for those wh had not done their share - discussing J's

(over) C-3-A-4 (11)

stay in Hugo, she asked for a vote
of the L.A. congre as to whether he
should stay there or come back - it
was ^{almost} unanimous that he should stay there

Much music, vocal & band, was
featured & some girls danced

The ses was dismissed at 3 or
I ate dinner

Found a place in the shade to rd a
little

Eijana (formerly Don) by god me a

be so crowded & annoy her Ester -

I slept

About 1½ hr by the reg stops, either bus 11 or 12 had a flat tire - both stayed back - The police came on the scene & th. an int., stayed on the scene until we left

At the reg stops I ran

We arrived in SF at 4:30 - Inv. 12 bus went directly to 1029 Geary - Jennie took th. me & some others home - Wanda was already home

We both went to bed again.

✓ 5 Sept - M.

Dt up about 9 am

Had a thing to do

Laurie Green had told me she wanted me to write some ltrs for her & I thought she wanted me to come in to the Ta, so I phoned her, but I was told she went to wh (this proved to be untrue).

✓ I pressed clothes

Mopped the kitchen floor

11¹/2 Went out & got a Su & M up & some grapes //

At 2nd I went to the Bridge Theatre & saw "Cris" w/ Melville Chaplin & a child named Ann Torrent - it was a very moving pic. in Spanish, directed by X

Stopped at the Ta & had dinner

Talked to Thelma Jackson - she has a girl taking care of a pris. patient, a wealthy woman

Saw Laurie, who assigned me a couple of ltrs to write - there was
(by telephone)

(over) C-3-A-4 (10)

nothing in the news about the Tax over
the weekend - The New York Times
had an article F which Laurie did
not have

I walked home

No news

Went to bed about 12 or

6 Sept - T

This morning Virginia was in the bathroom when I had to brush my teeth - rather than displace her, I brushed my teeth in the kitchen, drawing a harsh reprimand from Wanda - I was very hasty & brooded about the episode all day, planning to have a talk with this eve about this & other instances of her discriminatory attit. Tow me

^{Bart} Bart, who is back from his trip to Europe, bed much wh as usual, & gave me a memo to put on his Cds - he prob. will have had more wh for me but Brenda was out, & Virginia Duncan put me on the recps. twin desk

Betty Vasil was in, but Virginia seems to have taken over some, at least, of her functions - Dor was back

Many of the attorneys & secrs.

were out & the telephones were quite busy - I phoned our girl entries but didn't make much prog as I didn't concentrate - At lunch I intended to see the film in the employees' series but Denise can't release me until 12:45, & I had to be back on the desk at 1:05, so I ate in the pp

I left at 3:00 for a gynecol. check-up from Dr John Schrafft - his sister Renée Lewis told me how highly she regarded Thelma Jackson who had worked for her at my room. - she said Thelma was sweet-tempered & willing; had a good sense of humor & the patients liked her, but didn't know too much - Renée didn't think much of the vocational school which trained her

I took the bus to the Coop to get a jar of instant coffee which I had got by mix, instead of decaf'd coffee - I didn't have any after

money or I we have eaten some fish and chips for dinner

I was too late to get dinner at the Te - at home I boiled a turkey leg w/potatoes, carrots, celery, onion & chra

Etha reminded me I had not paid in my & Viola's meal slips - I phoned the Te - those handling meals were working until 8 or so & took the slips up & came right back

ate dinner & washed dishes

I had intended to deposit the refrigerator but Lavane had but ice cubes, so I can't - I cleaned out the drawer containing silverware & cooking implements, as it has been such a jumble that one can't find what was needed

Lavane, Virginia & Eth all recd their Sept checks & seem to have but food w/ the money & filled up the refrigerator - the Te had them

cash their own checks, because of
legal diff'res & I wonder how much
will be turned over to the Te

I rd mags.

Gander did not come in until
late & I did not have any conver-
sation w/her.

I bathed & went to bed early -

7 Sept - W

Wrote final entries in the morn.
Ate outside.

Went to see a film, "The Ballad of
Steamy Valley" at P.H.R.E. - it was
about the electric power project utilizing
steam from the geysers at Geyserville, Ca.

Worked on a proj. for Hart under
the direction of his secretary, John
Foster - it had to do w/ compliance
w/ labor law as a contractual requirement,
a survey in connection w/ the "Arabi"
boycott of Israel.

I dropped the work for a few mins
to do a rush drop for one of the
legal assts, which led to an altercation
w/ John because his files were picked
up & ret'd to the file room - he is very
difficult to work with.

I went directly home, washed &
changed clothes.

Ate at the Te

Had a conver. w/ Violette Hadshich -
she said she had been very unhappy

(over)

C3-A-4 (20)

9 Sept - F

Wrote all day on the compleion of plant
case for John Foster - did the water
on the flag A - John was nervous &
pressured me. I had my lunch late -
ate outside - then came back & read
the water off - John did say the
proj. look very nice

At home I changed clothes, went to
the Coop & bought groceries - finished
earlier than usual

Prepared & ate dinner - I had
the leftover turkey leg & wings & a
salad

Pressed clothes

X Rd maps

Mander has been trying to get Roots
but doesn't get much time - she
usually has a task in the row such
as taking off Ruby Carroll's mother,
Ruby Jones, or security duty - as we
have so few members left, the younger
people are carrying an extra burden -
she seems to be annoyed w/me most
of the time, but I have decided she

(cont)

simply has a discontented nature &
try to pay no attention
Went to bed at 12³⁰

11 I had learned that Etta Thompson
had passed a rectal cancer as a result
of its power - she had formerly had
an op for a stomach cancer - furthermore,
the nurse who was present was Janet
Phillips, who later deserted the Ted - I
thought it might be useful to have evidence
that a tractor had officiated at one of
its healings, so I took notes on the episode -
Etta also told me how I had healed
cataracts on her eyes 11

C-3-A-4 (26)

10 Sept - 5

- got up at 8³⁰

Ate some grapefruit & a piece of toast

Went to the Haight Community Coop -
find that they have moved to Haight
St & were opening today - so I walked
across the Panhandle - it took me only
5 extra mins - The store is spacious &
has all the items carried by, making
shopping pleasant - patronage seemed good -
I spent about \$5 or

It had been cold at the beginning
of the day, but the sun came out and
my way home - got home at 12⁰⁰

Wanda had taken the blood pressure
of the sars - Lavance has not been
feeling well & has been in bed a good
pt. of the time - her pressure was high -
Estelle's was also high - she has been
warned about her diet, but she likes
high calorie food

I had some cheese & toast & a tomato

Estelle sd Estelle has gone again -
she is going to do Rhinoplasty wh in
L.A. & won't be here much - Rh. is

(cont)

To do for the F.L.

I washed my girdle, stockings & a blouse by hand - I had forgotten them last night

I slept from 2 or 4 or

Went to the Te to eat - we had liver, mashed potatoes & gravy, carrots & peas & cake or pie

Talked to Norm James - he has been gone a long time I hear he hasn't been in Eastern Canada - he told of the conflict between the French & English over long

Phyllis had the job of being Cheap to carry the affidavits when she did, but Jimmy I didn't find any drug affidavits to type, so I attended some

There was much singing - Mary was on the platform a short while at the end of the serv - two people later told me she seemed agitated

The meeting was dismissed early, about 10 or 11 o'clock

Lorraine had not gone to serv

I sat naps

Went to bed at 12³⁰

C3A-4 (28)

VII Sept - Su

I got up at 8³⁰ - bathed
made pancakes for breakfast
Went to the serv w/ Ette
Phyllis was there, & I think all affidavits
all known. - one was an affidavit from Ette ✓
Mary was not in the serv - I later
learned she left for Guy w/ Sharon Amos -
according to Betty the Cannon, Trish LeRoy &
Maria the Cannon are both living, so Betty
will be alone to do the acting wh -
much crating is again being done under
C.J.'s direction & volunteers to help
were asked for - Mary had said recently
that no more large gyps would be sent &
that most of us would be here for serv
was meant to throw off the enemy, as
another big gyp is apparently living in the
next day or so - it seems that as orig
planned, only a small gyp of workers also
be left, esp. for non-communal people,
esp. those who don't want to go at this
time.

My own departure by the end of the yr
is a little more pos, tho I have no
reason to think my offer to stay through
31 Dec will not be accepted - housing
arrangements ^{here} would also seem to be ~~to~~
unsettled

(over) C-3-A-4 (28)

The serv was dismissed at 1³⁰ w/instruc.
time to be back at 6⁰⁰

I went home to eat - Etta also went
home - I had steak, cauliflower, & a
salad

Lorraine recd \$4,000 this morn. as
settlement in her injury case as a result
of an accident - She gave \$120 to her
grandchildren, etc. told me, & the rest
to the Te

I typed 3 more affidavits

1/5 on removal of cataracts from her eye, by
J. - I typed up a draft of Etta's acc't of
her healing from cancer of the rectum by J.
altho I don't know whether it can be
used, as there was no doctor's diagnosis
that she had it 1/

The cong left for the Rally for the Chile
Memorial Chrt - P.T. was on the slide.
Sponsoring orgs - I helped Virginia
Bridgerton & Washington Sanders get on
the bus & find a seat at the rally -
we were on the main floor

The program started about 8:00 - the
11th 11 Sept is the 4th anniversary of the
milit. coup 11

Temple presented some band nos & a
song by "Marine" Herbs - there were

(cont) C-3-A-4 (30)

V 11 Sept - Su - 2

several selections from a Chilean grp

Our L.A. people left at 9⁰⁰ & at 9³⁰ some
of our other members started to go -
Virginia & I thought all the Te was living &
we had to go

Outside we found Hugh Johnson who
told us the Te was not living - the
Chilean grp was yet to be checked - but
we decided to go home as Virginia then insisted
of waiting for the Te boxes
I had maps & ate a sandwich.

Went to bed at 12 or

c3-a-4 (3)

12 Sept - M

Had little wht to do exc to furnish
an exp acc't for James Mansfield who is
back from his my 3-mo. Assignment
in Saudi Arabia - I had to divide
the total expenses among 10 got mos
which entailed working out the percentages
I did on grnl entries

the lunch outside

Went to the Te for dinner - very
few people were there - a few mos of
people have left

Sylvia Stubbs sat opp me - it
has been a long time since I've seen
her - she said she had been working
on a proj & her mechs were thru
to her - later conves revealed that
she was clearing out the Te's second -
hand & antique shop

X Thel Johnson was in our get'ment
(where I got home) talking to my apartment
mates - she had been told by Chris
Kiss that she & her roommates were to
be moved to 199 Divisadero, as the

(cont) C-3-A-4 (32)

rent on her apartment at 1029 Geary is expiring - Tabel was very angry & sd she refused to move - she was tired of this game of "musical chairs" - she was also angry because her close friends Jerry Brady & her sister had gone to Italy & she was too late - when I enquired if the reason for this was not in connection w/her son, she had additional complaints about the handling of his case - she sd she had been told to have him get his passport, which she did - then ~~as~~ he had to, the TA delayed in sending him over, so that he got frustrated & now didn't want to go - she has stopped coming to meetings - Tabel sd that he had always "hated church" - in a come outy w/her, Jean Brown apparently had tried to convince her that if she "didn't like our meetings here, he won't like them there," but Tabel was not mollified - Etta Thompson seemed to be sympathizing w/her
I did my exercises - I put no particular stress on my elbow, & the exercise seemed to help rather than harm

(cont) C-3-A-4 (33)

12 Sept - M-2

I read maps

I took a hot bath & soaked my elbow -
I decided not to go to the town

Went to bed about 12^{oo}

11/ I have developed some pain in
my elbow which I think may have
resulted from the heavy bag A job I
did for Bob Hart & from the moment
height of the chair at the T-2 where I
was typing the backlog affidavits - Sylvia,
who has had nursing experience, advised me
to soak the elbow in hot water 11

13 Sept - T

I slept until about 8 or

Took Viola to ~~bldg~~ at the Te on Tunis -
nobody has been going by car in the
morn & she can't go by Tunis alone

Viola told me how James had
talked to Hazel Johnson & accrd to Hazel,
so she didn't have to move - if this
is true, I imagine the reason is that
Hazel talks so violently that Te leaders
may fear she wd stir up trouble w/out -
riders

X The only other time I ^{had} ~~had~~ ^{in April} had ~~bldg~~
at the Te was the day ^{we were} we were being
processed for departure - we had fruit,
biscuits & coffee

Ray Godshalk had just got back from
a trip to L.A. - he may have been
driving a bus load of people living for
they.

I left Viola at the Te, as Ruthie
Bresenbach wd bring her home aft
lunch, & th the bus to Polk St. -
I went to the Salvation Army shop on
Sutter - I liked for an apron, didn't
find any - also like at shoes & got an
idea of how much I'd got & cost

(over) C-3-A-4 (25)

for, as I will need a winter coat,
if I stay here for several mos.

I rode the Sutter bus to Fillmore
& then walked down Fillmore to Davis
St. & then along Davis to Van Ness -
I had coffee & a doughnut at a shop
where a no of children were playing
while their parents were eating - I
was told the girl was celebrating the
Jewish New Year & I stopped at the
Junior League shop & another second-
hand shop across the street but their
prices are out of my range - at a
shop on Division I found a new issue
of New West, which read some news and
the Te from Te members - the day was
delightful

With the Van Ness bus & then the
Heavy bus to the Te for lunch - lunch
was very good: noodle soup, a rice dish, ^

I got an apron for a dime at the
second-hand shop on Heavy across from
the Te

1/2 salad, cake or pie - This is the first
time I have had lunch at the Te - I had
a convers. w/ C. J. about my projected
article on the subj. of early B. Civilizations

(cont)

✓
13 Sept - T - 2

At home I turned the refrig. off, so it
cd deposit while I had a nap - Rockie
lent me an electric heating pad which
I used ^{on my elbow} - it stayed 2 hrs

I cleaned out the refrig. & mopped
up the floor

Ella was at Rockie's office, making dolls
for the child's Christmases - Barbara has
not been feeling well & spends a good
deal of time in bed

Went to the Te for dinner - talked
w/Dick Trapp about provision for classical
music in Guy - Dick plays the cello &
Laurie Green (the piano) I have some
cassettes that have recorded & we can
send back to the U.S. for more - Dick
sa he expected to be here for a time,
until the legal matters are cleared up -
he has taken a lot of abs. from Santa
Rose Jr. Coll.

Talked to Laurie who had rec'd
new directions for Etrs to Guyanese
officials - she said them from Dick
who just got them from Jonestown by radio -
They just are a result of Guyanese fear
of being involved in intern. polit. episodes

(cont) C-3-A-4 (37)

W

as presaged by the attempts to shoot J. -
I am to write to 4 of the top officials
indicating that we are helping to
inf. the Carter admin to pursue an
enlightened Caribbean pol & that Guy, by
supporting the Te, also protects its own
interests.

I went home w/Viola - she told me
of an incident in which an ironic
remark she made was reported, & she
had to meet w/Conn. It displayed
the humorless attitude which is typical of
bureaucrats - Viola, who is used to
living independently, has had a troubled
time since she came to SF

Drd myss

Estelle ret'd to the apt.

11/5 Viola also told me that Ray &
Harry Williams was on the Te bus to
Miami & when all was ready for him
to board the plane for Guy, he won't
go!!

14 Sept - W

I went to the off today because I wanted to attend the luncheon in honor of Marc, who is living on F

I typed up some mins of a staff mtng for Betty Barclay, who is out this wk

Ten or so of the secretaries went to the Park Bench, an informal eating place on Beale St on the Freeway - this was arranged by Deb Bowen (formerly the Garland) as I farewell to Marc - She phoned our orders in ahead of time; they were brought upstairs to us - we got drinks at the bar - I had a martini - my fresh chicken salad & a bowl of soup was late in arriving - Marc attended, tho she came late.

As my arm was still painful, I left the off. at 3 or 4 after Barb had a job for me - I planned to take sub to the Freeway then I reached home, I had a nap

Went to the Te for dinner, altho I usually prepare my dinner at home on W night

Few were present at the serv during the serv, table went from

pers to pers, no doubt giving her
act of the controversy she was
engaged in regarding her housing

I have heard that Phyllis Chikini
left for Guy - Jenny Chikini said nothing
had been said to her about the
affidavits - she didn't give me any
info type

The sent was dismissed early

Wander had told me pers. needs
were being handled out & after some
dific in locating the resp. person, I

15 Sept - Th

Not up at 8⁰⁰

I again went to the Te w/ Viola for
lunch - she said to Abel & her roommate
not w/ come - it was agreed that they
can stay at 1029 Steary, but 4 will
have to be in one apt - Judy Morrison
& Vicki will be sharing w/ them

I saw Laurie & wrote ^{them} this to 4
They good officials. in the ^{on} factory off
the lunch at the Te

Finished the this & left them for
Laurie who had gone to wh- she was
for NAACP

Had a convers. w/ Dick Tropp - I
inquired of him whether it would be
advisable to have my Russian bks
shipped to Guy - I told him of my
knowl. of Russian - he wants to
study it h' self & that I should bring
my bks to the Te for shipment - he
suggested I accompany him to a meeting
w/ a Russ. deleg. on 22 Sept & talk w/ them
to the extent I was able

At home I put my laundry in the
machine, then the dryer & put the
clothes away

I ate at home, broiling the steak
I had left

Did my pers chores & washed
my hair

I had bought about 5 lbs of grapes the
other day & had given a big bunch
to Etta, Virg. & Lur - Warde was
not at home - so I went to the
super to get some & found few left -
Virg. & Etta confessed they had eaten
them - I expressed my disapproval
firmly

Wk'd a letter from Bates - she sd she
was very happy - apparently she had
been rooming w/ Vera, Gippy & Hyc-
cinth & she had been put in w/ them -
she sd she had as a proj. making
cups from Carnation milk cans - she
threw her cane down the second day
she was in Guy - she wanted me to
send her bath brush, manicure set &
toenail clippers & her glasses, all of
which she sd she forgot - she believes
all is unchanged since she left & that
these are still in her rm!!

16 Sept - F

Wanda woke me this morn., dis-
covering a mouse in our closet - she is
afraid of mice - she blamed the food
I keep on the shelf - I told her of the
incident involving the grapes, that I kept
food in our room because the other
women in our apt take food that
doesn't belong to them

Want to the Te for X-ray - Jerry didn't
go

I had an appointment at 9³⁰ w/ Dr.
Jugen who had not been able to look
at my teeth the day I had them cleaned -
he took my blood pressure, so it was
very good : 145 over 80 - my mouth is
also in very good cond - he filled a
small cavity

I rated to the Te as I had forgotten to
sign the slips I did yesterday - Dick Tropp
found them for me

I ate lunch at home

To my car & went to the Haight store -
got a few rays. & some fruit & bread -
didn't need much as I hadn't taken
lunches to work.

It was slightly rainy today

I walked home, going down Haight
to Fillmore, then on Fillmore

(over) C-3-A-4 (43)

Eddy, along Eddy to Van Ness - this way I eliminated the steepest hills

On reaching home I parked my

bicyc^l the apt house.

I left at 4:00, buying some wine for Lor on Haight

To the 19 Polk bus on Hyde & transferred on Market to a bus going through the tunnel - some buses didn't stop & the one I got was so crowded I had to stand the whole way - At the tunnel I transferred to the Park Street bus

I arrived at Lor's at about 6:00 - Lor has a new roomie, a young Japanese man

Lor & I discussed the murder in the SF State Library for Riding Room of a young Chin woman student - she said an atmosphere of fear pervaded the campus - the persons who committed the murder must have been one or a few w/ access to an electronic code to open the lock of the San Francisco Room

We had dinner

Lor & Lynn are exchanging tapes in addition to letters - she & I have listened to a tape made on last weekend's trip to visit Lor at Moss Landing - Pat G

(cont)

C-3-A-4 (44)

16 Sept - F-2

Trude & the baby were the others
in the grp - then Lor played for me
the tape made by Ryn in Tunisia -
she was at the time having an
orientation & training period in a rural
area, studying both French & Arabic, &
had also done some traveling in Tunisia -
(or was making a new tape to send
Ryn, & I added a section on communal
living)

Meanwhile Trini had come home - she
had been visiting friends on the Peninsula

We looked at some slides Ryn sent
from Tunisia showing the ruins in the
town in which she lives - they had lovely
Arabic tiles

I finished the tape.

Lor & I went up to bed about 11³⁰ - &
read The Silent Language for a while

11/ I called Marc to say good-bye,
catching her just bef she left the off 11

C-3-A-4 (45)

17 Sept - 5

I slept until about 7³⁰
Went downstairs & made some Sanka -
rd The Silent Language until Lor got
up

For blfst we had juice, toast, an
egg & bacon

Lor is firmer than ever in her
apprehensive attitude about communal
living, partic in a rural environment,
altho we discussed the deterioration
in society here, such as the increasing
mental illnesses we observe & the
breakdown in workmanship, lack of
responsibilit. for a job, & so on

Lor's life has become increasingly
busy - her soc life has expanded
because the no of people she knows
has increased - I hadn't seen her
for a long time; not only because I
am busy, but because she entertains
sev times a wk & spends mnd wkends
w/guids - her apt is cluttered & she
had a long hunt for a prescription she

(cont) C-3-A-4 (46)

wanted to get filled

She remarked that a quiet agri-cultural life is not for her - she analyzed the diff b/w us - she is more soc but less communal - she treasures her individuality

I went through my Russian blks she is storing for me & selected some to take w/me to show Dick Tropp, not too many for me to put in my suitcase & carry - I hope to get a Te car to come over for the rest

We th the bus tog about 11³⁰ - she had to buy groceries, fill her prescription, & go to the p.o. by it closed - we th the Park terrace bus to West Portal - I transferred to a bus going through the tunnel

I arrived home about 1⁰⁰ - the apt. was empty & I guessed that everyone had gone to a rally - Virginia & Lavana ret'd from shopping but said there was a rally - Wanda & others had gone - the Te-gys had joined

I had first 2 of the Bus. this to

useful to him

The serv, conducted by Hugh Fortson

short - a few people had come from L.A.

At home I had a snack & read

Went to bed about 12 o'clock

✓ 18 Sept - Sa

I got up at 6³⁰, had my bath - even on Sat when we are all getting ready for church. we seldom have a problem getting into the bathroom - sometimes it is crowded in the kitchen but today I prepared my ~~breakfast~~ no one got in my room & in others - I had catchup, toast, big sausage, & an egg.

Went to the serv. at 11⁰⁰

Form was in chg - there were announcements, congreg. singing, music & dance rows, ^{Marvin}

A repr of Rep. Gov. ^{title X} by mally was scheduled to visit us today but for some reason it was announced that he was coming from services - it may be that I do not want visitors in his absence.

The serv. was dismissed early, at 1³⁰

I went home on 4th Ave

Laura had felt ill & hadn't gone - Otto came home

Otto let me prepare my dinner first - I had liver, brussels sprouts, & a salad

(cont'd C-3A-4 (49)

I had a rep

Pet'd to the Te for the ev. sew,
which wasn't until 7th

↓ This sew was also short

↓ I had been trying to see Chris
Kris to ask her about Bates' requests -
I finally find her in the accounting off -
her advice was to tell Bates that off -
we would try to find items to replace
the ones she left, but it is clear
that she doesn't expect we will

11/1 I spoke to Vernell Henderson about
the method to get underwear for Guy
ind. cotton panties, which all the sewers
have been advised to buy - Vernell
says this is a misunderstanding - only
girls who are menstruating are to use
cotton because of some irritation
but on my moist areas by the mucous
membrane - I told Chris had even taken
ours out to buy cotton underwear - she
said she would talk to Chris about it -
she told me just to put what underwear
I need on my needs slip!!

I got a ride home in a car Ray
was driving

(cont) C-3-A-4 (50)

18 Sept - Sa - 2

Estelle advised me to put the items Bates wanted on my needs slip, get the money & buy them - she said she would see that they are sent - she sends things to her children all the time

Good night
Went to bed at 11³⁰

19 Sept - M

Light rain fell in the Bay Area
last night.

I got it to wh - my elbow still hurts
when I lift anything heavy or screw
the top of a jar or bottle

Had little wh to do - nor also
had little - there is no sign of
interviewing for a replacement for Marc

Barb gave me a file to type &
send out & some proofing to do

I wrote journal entries

Ate lunch at my desk, as the
weather was still cool

Went directly to the Te to eat
lun - had a brief talk w/ Dick
about the shoddy items in the press
nowadays - any excuse is used to
feature sex & dirty lang
felt rather bored (a rare
feeling for me) & discovered that
Wanda felt the same - she attributed
it to the short mings & the lack
of jobs to do which used to make

(over) C-3-A-4 (52)

demands on our time - I think, also,
that people are rather nervous in
this waiting period - no one seems
very friendly

Estelle was not at home - the
other women were quiet in their
rooms

I decided that, rather than exercise,
I would walk for an hr - the weather
was warm & pleasant - I went down
Hyde to the public library & back by
Jones, turning up on O'Farrell - I found
outside a grocery store a box in which
I can pack my Bus. bbs & take it home

I mended some clothes for an hr
Wanda had gone to bed - I
moved to the kitchen w/ my radio -
prepared my lunch for tom

Read nips & a little in The Silent
Language, eating a snack

I went to bed at 11³⁰

About 2³⁰ I was awakened -
Wanda & one at least of the other
women were talking - I turned the
radio on, hoping it would help me
go back to sleep, but I didn't until
after Wanda returned in about an hr

the employees' series, "Energy, A

of the Flintstones

Went to the Te to eat

Patti Chastain asked whether I

I got up at 5³⁰ & went up to the Te w/ the meals slips, thinking I'd have breakfast there & give the slips to one of the workers - no one was in the kitchen - I waited until 7³⁰ - then wrote a note to Debbie Blakely & put it under her door & then down to the off - I later learned that Blakely is not served until 8 or now - pastries are distributed in the evening to those who go to work early

Norma Bonner, who is Philipe Lamy's secretary, was out - I offered to help out Philipe & also Gordon Jacobson, an attorney, a new Bechtel attorney.

Gard gave me some contract negot. material of C & J Shidler, a Bechtel entity, to put on they A - Gard kept revising it & I was tied up waiting for his decisions most of the day and I wasn't available for Philipe who wanted to give me something.

While waiting for Gard, I wrote on the after to my sisters

the deleg was composed of Latvians - there
were Sov. singers who gave a recital -

w/ this waiting period, not knowing
how soon we will go - Wanda

Carrie Langston came home w/ us last

the Valley - Estelle was not there -

Wandered downstairs & gave Carrie
her bed - Etta told Carrie that
Estelle's mood was quite different what
it had been - she didn't know what
was the matter - I learned Etta & Estelle
had had a long relationship b/c Etta
came to live at Henry - like that part.
worry about her health was the reason
for their change of attt - I said & that
the reason was that she had had an
attack as her pers. physician & during

The mom. serv was short
I went home, slept 2 hrs by eating, as I thought others wd be preparing food
Etta & Laurie were there

I had hamburgers w/mushrooms, corn on the cob, & a big salad - Lou asked for some of my salad

He spoke to him, but was told
by the other Te members that he
was a traitor - I had been wonder-
ing what had happened to him &
the others who had a commiss-
^{tee} ~~tee~~ : ^{Scholar} Jim & David Schlar, who aren't
seen at the Te any more - someone,
perhaps it was Jack Beers, made a
disparaging remark once concerning
David - I don't think they were
among those who have apparently left
the cause but in reality cont'd to
serve the Te outside - They had adopted
2 child, - I had phoned Beers down
to get Dennis phone no & they said
he resigned in Feb

I had a snack & rd news

I had no wh all day except a couple of corrections on the list for Betty Fasik & repeated contracts X I made some final entries & brief my notes up to date

For my lunch hr after getting lunch at my desk, I started on the bus up Market St to go to the Emporium to buy my underwear - an accident & other mishaps stalled traffic on Market - I got off & walked up Henry - tried finding what I wanted in Liberty House & Dray's - it was very hard to get waited on (there are almost no clerks, only cashiers), personnel was rude & indifferent, & I didn't find cotton articles - etc brass, which were very high-priced, as was every thing I saw - I didn't buy anything - these stores did not have a bargain basement & I intended to go down to the Emporium which does have

After wh I went to the Te. for dinner saw there Estelle & Valysha - told Estelle of my shopping difficulties - she said she would take time to the suburban stores "sometime" - she finally agreed

to go town as she wants to get items
for other people.

Estelle drove up Vicksburg & me to the
Tangoraw Shopping Ctr at San Bruno -
we did much walking - we bought
clothing at the Emporium, Sears &
Penney. I bought 4 bras for \$16⁰⁰, 2
cotton panties for \$2⁰⁰ apiece, 3 pr of
cotton socks for \$1³⁹, shoes (a low
pump) made in Taiwan of man-made
material for \$6⁹⁹ - The total cost w/tax
was \$31¹⁴ - I have only a few dollars
left for groceries this weekend.

We reached home shortly after 7⁰⁰ -
Estelle dropped me off at the Vicksburg home,
did not stay - Estelle, Wanda & Law were
all in bed - Law woke up when I
came in.

I put my laundry in the machine -
prepared vegs for my lunch tom -
when I went to put the laundry in the
dryer, I found someone had taken my
sheet from the machine - I have only
2 sheets left & always put a sheet back
on the bed aft washing & drying it -
Law lent me a sheet.

I rd, ate a snack
went to bed at 12⁴⁵

Dor had a bk by Don Marcell
called The Faglo Letters, consisting
of ltrs written as spoofs by Marcell,
under the name of Faglo Toth, to
well-known individuals & bus firms -
she bout it to take to Kate whom
she intends to visit ton - I read a
good pt of it - the persons answers
the author ~~read~~ furnish the humor
~~Want some pink extract.~~

- on the way home ton there was a
power failure - which stopped all the
fuses on Market St - it lasted about
half an hr - I walked home - even
as the fuses started again, I don't get
in, as they were located at starting pt.
Phoned the Te & asked them to save
