1 Nov - T.

Made out my needs list
Wrote a short memo for Hoffmann
The rest of the day I wrote on
a revision of the Legis. Status rpt
for Butler in Doris' off

At noon there was a luncheon
for Cathy's birthday - about 20 of us
attended at a chain rest off Mission
St. - I came because Cathy is more
sympathetic to me than most of the
people at the off & does many favors
for me - the waiters brought
enough on a plate to serve 4, served
the dishes & calculated the check by
counting the dishes - each share incl.
that came to \$4.31

Betty Vail had very glum
Tom went to the Te to eat
Put in my needs list
At home read mags
Went to bed at 11⁰⁰

C-3-A-6 (2)

2 Nov - T

I came down w/ a heavy cold
Went to work & stayed 3 hrs
to finish the Legis Status Rpt. - then
I told Betty I was going home - she
seemed reluctant, prob because I
have been out quite a bit lately,
sd her back a heavy load

I phoned Soc Sec to learn what
I should do to apply for retirement benefits
Phoned the IBM Office Equipment Co
to find out whether my t. w. was repaired -
arrang'd w/ them to del it to the
off tom

Went home at 12⁰⁰

Prepared some lunch

Phoned Jim Randolph at the Tx to
see if I cd get my birth certif from
him, which I wd need to apply for
my soc sec

Went to bed & rd maps

I didn't go to the Tx serv

When everyone else had gone I
went out & got a bottle of beer -
then went to sleep

(over) C-3-A-6 (3)

I awoke when Josie came in
at seven - she said Mary was coming
on the weekend - she also said Frankie
Higley, who works in the kitchen,
is going for Mary.

C-3-A-6 (4)

3 Nov - Th

I felt fairly well - my chest pain is gone tho' my head is still stuffed up

I phoned Dor that I would be out again today

Had hopes of accomplishing a great deal

Phoned Lou to inquire whether I could come to see her Nov F but she had other plans - she told me Carol was intending to marry the young Canadian ^{George} whom she was w/ on her trip - the wedding will be in Can - therefore Lou will be going to Eugene for Christmas - also Maria's mother wants her to be married in Amer. & Lou will have to make arrangements for that

I did my laundry - the elevator was not working so I had to climb the stairs several times

I didn't get to the Te in time to eat - read the papers while I waited for Randolph

Living the Te I saw Gene Savanna -

(over) C-3-A-6 (5)

went w/ her to the second hand store
across the str from the Te - I bot
a sweater for a dollar - wearing
this on cool days & even I may
not have to buy a winter coat

I thot the Soc Sec off was on
the Division end of Golden St
St, so I th the train up to Division
& had some bread in a cafe

Then I th the train to the Soc
Sec off which I find was on Civic Ctr
arrived at 12³⁰

I had a 2 1/2 hr wait until I
cd see a worker & have my applic
taken - finished the rep & rd old
Tenn. mag - however, I had all the
needed info & was processed quickly

I walked home - stopped at the
Selection Army to lk for gloves, but they
didn't have any

I was too late to go to Macy's where
I want to buy Berkshire stockings
on sale or to get my t. s. - I had
phoned the store not to deliver it
today

At home I put away my laundry

(cont)

C-30-6 (6)

3 Nov - Th - 2

I cleaned the rm, putting away Josie's belongings which were cluttering up the place in paper bags. I had a drink here this morn.

Went to the Tx to bed

Came home w/ Josie & finished cleaning - she put her medicines & so on into a dresser drawer but did not change anything

I did my pers chores

Washed my hair

Did my hand laundry - finished at 10⁰⁰

Rd mags, listened to my radio in bed for an hr

Josie was disturbed by the radio & fussed about it - I was insistent on my rt to have some recreation aft I finish my wk

I had diffic^{ty} in getting to sleep
11^{1/2} I gave my date of retirement from Bechtel's as the end of the yr, tho I will have to talk to Tx counselor about it //

C-3-A-6 (7)

4 Nov - F

Checked on W's Wb - Dor had had to correct a few errors - also, for some reason Butler's off wanted the rpt in larger type & she had had to run all the pages again on the computer & w
Dor & I wrote Wb on my journal

Had forgotten that the annual legal & Ins. seminar was scheduled for Th & F - the luncheon to which the secretaries were invited was today - in addition, Weinberger had personally told the secretaries they could attend any seminar sessions in which they were interested if Wb formatted

Talked w/ Carol Emory. By we etc - she was interested in my health & job - I told her I was still assigned to the Ad Proc. Ctr but was not physically in the room w/ Dor on account of her smoking - she that I was justified & told me of a just ruling (OSHA)* that no worker could be forced to work in a place where others' smoking endangered their health - she said she'd

(over) C-3-A-6

send me details - I didn't have
time to learn of any of Carol's home
circumstances (she is working in
the Wash. office) & didn't get a
chance to talk with her further

For lunch we had a salad,
& a steak, squash, & potatoes & carrots
X. The speaker was Parker Hartz, a
former U.S. Ambassador to Saudi Arabia
X. City - he is now employed by
Bechtel - he is knowledgeable about
& sympathetic to the Arabs, knows the
lang. - he presented many details about
the various Muslim cities, partic. Saudi
Arabia

With several other secretaries incl. his
own secretary, Lucile Sutherland, I attended
the next seminar session at which
John Stewart spoke on negotiating
contracts in international business - he
has been involved recently w/ the
jubail contract & is leaving shortly
for Saudi Arabia again

Various secretaries had taken turns
at a desk downstairs to take msgs for

4 Nov - F - 2

participants in the seminar - I had volunteered to sit at the desk from 4⁰⁰ to closing time - had hoped to make some progress w/ my file but Lucile whom I relieved stayed & talked

she is a middle-aged woman w/ a grown son - she is concerned to make prog in her career & is taking para-legal courses - she commented the condition of Blacked secretaries who are treated as if they had no brains - she quoted a remark made by Rata Schuman who when she observed the secretaries who attend the seminar today sd, "I hear the slaves will be there today." Lucile sd she had been reliably informed that her supervisor, John Stewart, had blocked her from obtaining the job as Heintzger's secretary. She said he has ingh w/ it, because of his color - Stewart strikes me as very ambitious & it may be afraid of threats of a charge of discrim.

Lucile also told me of telephone calls she had rec'd from "white women,"

(11)

(over)

C-3A-6 (10)

revealing that Stewart's marriage ethics were ~~not~~ above board.^W

Lucile saw Mary Cowlins was being Best to take a job in southern Calif w/ her husband - to be - her family objects to her marriage - they are Catholics & her fiance is not & her father is a doctor & thinks her fiance who is a computer processor, is below her standard

I didn't go to dinner as I had had a large lunch - I hoped to get an early start tomorrow so as to go back home in time to hear the beginning of the opera - however, I had promised to get some items for Viola & went to check w/ her - she told me more details of the relationship between Brockie Breidenbeck and Roosevelt Turner & Brockie & Mabel Johnson - Brockie was going to San Jose this weekend ostensibly to the flea market but actually to be w/ Turner - Viola said Brockie gave Mabel rides in her car wherever she wanted to go - in turn Mabel gave her rewards of food, the money ostensibly coming from Mabel's sons or daughters, thru Viola

4 Nov - F-2.

Seminar participants - I. th the post
from 4th until closing time - I
had hoped to make some prog.
w/ my grand but spent the entire time
talking w/ Lucile who had been on
the desk from 3⁰⁰ to 4⁰⁰ - she is a
middle-aged woman w/ a grown son,
much concerned w/ advancement -
she is taking paralegal courses -
we discussed the diff. women have
in this respect partic. at Bechtels where
secretaries are generally considered to
have no brains - Peter Schumann,
on hearing that the secretaries wd
be at the seminar luncheon, had
said, "Oh, the slaves are coming
today."

Lucile sd her supervisor John
Stewart had been resp. for her not
getting the secretarial assignment in
Weinberger's off - Stewart, she sd,
was very influential w/ Weinberger -
Stewart is black & the admin may
be fearful of him for polit. reasons -
he strikes me as a very ambitious

(A1) 11-11-68

(over) C-3-A-6 (12)

men, also ruthless where women
are concerned - I recalled what
Dorothy Brewer had told me of
her relations w/ John: - Lucile got
his relations outside of his marriage
were known to her from his phone
calls

I didn't go to the Te for dinner,
having had a big lunch & because
I wanted to get to the Northpoint
Corp early - However, I spent an hr
getting the details from Viola Godshalk
on some items she wanted me to get
for her & Ray

I stopped quickly at the Corp
At home I pressed clothes in the
kitchen while listening to the San
Fran. presentation of Puccini's
"Turandot" w/ x + x - I
wasn't home in time to hear it
from the beginning & during the
intermission heard the second &
third acts. Carrie Longster arrived from
the Valley - The people who bot the
care home in ~~the~~ Valley where she
& the ~~...~~ while th it over &
she had been notified that she wd
leave for Guy on Mon

C-3-A-6 (13)

4 Nov - F-3

Thinks Mabel may have another source
of income - she wears new clothes
continually - Mabel seems to think her
son & daughter are going to go to Guy;
however, the son has recently married
a woman who doesn't look like
"Temple mate," & the daughter is married
& takes no interest in the Te

I shopped quickly at the Coop

I missed the beginning of the
opera, which was a live broadcast
from the San Francisco Opera of "Turandot".
I missed the story of the first act. ✓

I listened to the radio in the
kitchen while I pressed my clothes -
during the intermission Carrie Langston
arrived from the Valley - the people who
bought the nursing home at which she &
the Snoods had been working for it
over this week - The Te phone has F
that she called M, so she was down
to do some shopping

"✓ The singers were x as + x
as x "

There was a good deal of noise &

(over)

C3-A6 (H)

confusion in the apt - Josie was already
in bed & I bel was disturbed by it

I moved the radio back to our room
& listened to the last act of "Turandot" -
Josie did not awake

Aft. riding & eating a snack, I went
to sleep about 12:00

11 Among the people seated at our table were
D. J. Wards, Mrs. Inge in the Best Toronto
off & Terry Brown, a new Dr speaking
attorney who I had that was an Algerian -
survivor, Terry told us he was born in the
Mid-west, is a rather fair-skinned black,
is usually taken as a "retard" of any city
he happens to be in - he learned but
fluent Fr at one of his African ports - he
is a vegetarian - Wards told Dor Storky
that he was born in Eng - aft the war
he sd he had presend the disastrous
changes that were coming & he came to
Eng to escape - his wd for the disaster was
"Socialism" & he was sorry to see the
United States following the same path - he &
Dor agreed that people now wanted
something for nothing & wanted to see that
all benefits had to be paid for !!

C-3-A-6(15)

5 Nov - 5

About 5⁰⁰ o'clock I awakened when Josie turned the light on, rummaged in her dresser drawers, opening & closing them, rustling paper - "a while, she went back to bed & I went back to sleep

When I got up about 8⁰⁰ she turned on me in a fury, accusing me first of taking her jewelry & then complaining because I had unpacked her belongings. I told her she had given me permission to do so but she "couldn't be pleased - she" didn't agree "it - I was just mad - she couldn't find anything - she made reference to the confusion in the apt, noise all night long, everybody was so selfish which led me to believe that she wanted some medicine in the night & couldn't find it (she hadn't made any attempt to put things in order)

I reacted w/ surprise, then decided not to respond - I went to the kitchen & told Wander & Leo that she was on the rampage - Josie came out & repeated

(over)

C-3-A-6 (16)

her grievances - Wanda tried to mediate,
checked our room where Jessie claimed
I had more than my share of the room -
it is true that I have more of the
shelf space but she has the bigger
bureau & nothing that there is not
room for - Jessie said she was going to
write to Father

I was disgraced because I had made
a consid effort to treat her kindly -
I went to the Te for blood - there I
saw Vada & Judy - Judy had more
details of Pook's behavior - Pook had
put Turner into the room Judy & P. share -
he was asleep on the bed at midnight -
J. sleeps on the floor - Judy intends to
talk to Jack Beam - I am encouraged to
write to Council about P's use of the
car & Te gasoline

I went upstairs & told Betty McLean
the details about the use of Pook's car -
she said she would let Jack know for
further investy

I th the bls to the Height Commu.
there - we had had a little rain
last night and it was a triple windy
but the day became warmer & sunnier -

the store did not open today until
10:30 - I walked up Haight St. to
find a Chronicle: I hadn't taken
my car as I didn't want to take
the time to wheel the car home.
I arrived home at 11:00 - I had ^{put my purchases} ~~any~~
intended to go to Tracy's last night on
the way home to buy some Berkshire
stockings which were on sale but
I forgot - today was the last day
of the sale, so I went down on the
bus - to my surprise there was no
bad crowd & they still had a few in
a pretty color.

I decided to go to the office supply
company to get my tax, altho I knew
they might be closed - they were -
I was getting hungry & hunted for a
cafe to have some bread & eggs - I ate
at a place on Kearny St, then took
the bus home.

I had a nap for about an hr & a
half - then dressed & went to the Tea
for dinner

(over)

C-3-4-6(18)

Granda had told me there were
some more affidavits to type - I
did three

Worked on my journal to write
11/11 Seeing Jean Brown, I talked to
her about the steps I should take
w/ regard to resigning from Bechtel -
told her I had paid in for my
Sea See retirement benefits but I
cannot the apply if she wanted me
to avoid writing - I thought perhaps I
should talk to Council - Jean didn't
seem to know anything about it but
did ask what I wanted to do //

Mary ret'd last W night - she
came in to the serv apt though, I
Wesley & Cj had taken care of pre-
liminaries - she th an offering -
she sd she was happy to see us but
she wasn't happy to be back - she
had no interest in anything in the
outside world

X She brt w/ her mission jnl. film
which had been made at the mission

& it was shown - the film, which had sound, lasted about an hr - it showed scenes with all age levels: the toddlers, child, in class & at play, young people working in the fields, ^{the} carpentry shops, the kitchen, construction work, the piggery, the chicken coops, the cassava mill, the medical facility w/ Larry Schacht & the nurses - saw young people applaud their work & told why they liked they - saw seniors, incl. Bates, described their life ecstatically - Mike Prokes asked questions of many people - there were several shots of J. & the audience applauded vociferously - John Stoen was shown & described as healthy & happy

Mary told of several miracles performed by J. - most startling was the healing of ~~J.~~ x Willard who was hit in the back w/c boom & paralyzed from the shoulders down, w/ spinal fluid issuing from his mouth - Dr.

Schachtel removed a steel fragment
from the eye of Paul McCann,
receiving instructions by radio from
an ophthalmologist.

11. Mary said she was ready to ret
four or five times, & once got as far
as Georgetown, when I decided that
it was not safe.

The sent lented until 10⁰⁰

I was very cool to Joie - I want her
to know I am not going to make any
more concessions & I am going to stand
up for my rights - she tried to con-
vince me. He replied very calmly.

I sat for a while & ate a snack -
went to bed about 12³⁰.

C-3-A-6 (21)

6 Nov - Su

Intended sleep later & go to Te for lunch
as I feared w/ Carrie it wd be too
confusing in qts. - however, I was awakened
about 8³⁰ - my cold was better - Jessie
was friendly & our rules are good - I am
determined to be firm about having my
rights respected & for the time being she seems
to accept the sit
* At Te where I ate about 9⁰⁰ we had
cream of wheat

I typed one affidavit
that on my part in acting off until
serv started

The com ministers th care of prelim-
inaries of serv. - Harry came in & the

officials

3 days from Wright through S - he was extremely enthusiastic - he was partic. impressed w/ the medical care facilities & some of the agric. innovations, the happy faces - no racism, no sexism, no ageism^s - entertainment talent astonishing - tho he had met J sev times, did not know him intimately - started to give his reactions to J, but went on to other topics - he sd altho they got see, not as far advanced as we

^ He tried call Esther Jensen Anthony whom I met going to Haight Con Store tell her to send you today but his teleph listed //

did not dismissed until 3⁰⁰

Went home & prepared my dinner: fried chicken, green beans, & salad - wanted to broil the chicken to save time, but the pilot light had gone out & neither Len, who also came home to eat, nor I cd figure out how to light the oven - Len ate quietly, as she had prepared her food this morn - Carrie didn't come to the apt

I didn't have time for a nap

(cont) C-346 (23)

6 Nov - Su - 2

I saw Lennie at the Te & got directions from her concerning letters requested by Dick Tropp from Aug: to Andrew Young supporting him agt impeachment, attempt to the Burtons, Cranston & Clausen as they have been approached by anti-Te interests

The air sent was at 6:30 - we saw the Day films again w/ some additional ones - Mary warned those going to the field not to take candy & gum thinking they can give it to a specific few - she sd people can plant flowers or fruit trees around their cottages, but "don't think they are yours, they are ours." Mary was very firm w/ some boys who had been talking while she was talking - she sd adults too had been displaying anarchy, not doing their share of the job, & this must end

I sent a note to Mary asking for advice on the elections - she told the congress to follow the recommendations of the Sun-Reporter

(over) C-376 (24)

11³ Vida gave me a note saying
Ray had told Archie. I had been good
to her - Archie wrote to Ray that she
heard a classroom was being prepared

been taking some of the 1029 Hearing
seniors home but they have had to
wait for him so I went to take them

I had maps, etc. & snacks, & listened
to the last pt of "Lucia di Lammermoor" -
Josie was quite sweet & did not fuss

11⁴ I wrote short letters to Gene Chantman,
Bates, Magnolia Harris, & Helen Lee for
Carrie to take //

Went to bed about 11³⁰

7 Nov - M

I did some work on my girl during the morning weekend. Lushie's - then had a small memo from Dale Huffman which had to be typed & then retyped - he is over - solicitous & annoys me. Called her to tell her I can't visit her on F as planned, as the Te is going to L.A.

At lunchtime I went up on the bus to the off supplier's store & got my t.w. - ate my lunch at my desk.

The day was very confusing - I drafted & typed a letter to Andrew Young & had to do some more work for Huffman - I started to list items to include in the letter to the legislators which had requested.

Norma offered me a ride so that I can take my t.w. home - she goes to class at San Francisco State on M nights.

Dinner at the Te was very good: ribs

w/ gravy, green beans, spaghetti & cantaloupe

Vivian told me she gave a written rpt to Council on Brock's behalf - they must have talked to R., who was treating V. very coolly - V. told me that Archie was displeas'd that she had told me about his statement concerning a dismissal for me - it was supposed to be a surprise

Heard that Carol Taylor (Kearney) is leaving town - Corral said she got \$100 for purchases & is returning \$18

Laurie was not in the law off - I let the young the father - had hoped to get a Sun - Reporter from her - wasn't able to find one on the newsstands - I got a Bay Guardian w/ election recommendations from the Te

Prepared Tom's lunch

R., listened to the radio, & ate a snack - I gave Josie coffee, toast w/ peanut butter

(cont.) C-3A-6 (27)

7 Nov - M-2

Judy Herrin came in - she was extremely angry because she saw Roche's allowed Tabner in their quarters - she was envious of Roche & was tempted to accept T's offer of hundred dollar bills to have sex w/him. I scolded her for not writing up for Louis, how R. was missing. T's communal home - I suggested she write to Mother

I went to bed about 11⁰⁰ - I was tormented w/a good deal of coughing, as I have not recovered fully from my throat congestion - I must have disturbed Josie, who got up & heated water & put wet towels on my chest, then covered me up w/blankets - she called out Jo's name & put his feet on my chest, but she went through some religious ritual, calling on the demon to come out "in the Name of Je" - it was a weird exp. & I believe we both have gone to sleep sooner w/o her aid but she was moved by loving feelings - This the place about 10⁰⁰ and I didn't get to sleep for at least another hr

not think this job will be suitable
for me, nor make use of my talents -
as it requires lifting heavy boxes,
I told her I was uninterested in the
job.

Yesterday I noticed a new man in Doris
of & guessed he might be Doris's re-
placement - today I was introduced to
him - his name is Brad x
& he is to work w/ Dor - Brenda told
me he is from Personnel & has
had computer experience but he does not
appear to have been hired as Doris's
supervisor.

I forgot my receipt for the stockings
purchased S, so I had to go home
with her going to the Te to eat.

At dinner talked to Patty Chesterni
who is making tapes of music of other
cultures to use in Day - she wants
to get some revolutionary & protest
songs from the library to DDB - I
think Lov might be willing to check
some out for us if I go over w/ Patti
to select them - Patty says Publications in
Day will be in Day then.

Voted by going to wh - the polling place was the Jack Tar Hotel - I voted for Arnold Townsend, the activist, as supervisor in Dist 4, ^{altho' inclined towards} ^{Ellen Hill Hotel} for the airport bonds, for part of the downtown hotel by the city, for the renovation of Flank Hooker Park, & for phasing out billboards

Had a lot of typing jobs to do for Hoffmann, with the usual over-surveillance

In spite of this, however, I managed to do some work on my journal & to draft a letter to be sent to Reps. John & Shirley Burton, Sen. Cranston & ^{also} (as changes) to Rep. ^{Paul} ~~Cranston~~ on the campaign against the Tax

At noon I saw the employees' film, "Discover How Safe" - ate my lunch on the P.M. & E. steps - the day was very warm

Betty Varil told me that, as Cathy Costello's workload is too much for her, Var. Mann can be suggested to take all the stockroom duties - Betty did

Preparing to turn in my needs slip, I found that I had left the envelope at home - Vernell sd I cd put it under her door at 1029 Henry

I showed Laurie the draft of the letter to Cranston et al. - she approved it w/ a few changes - Laurie wanted me to put my writing abil. I did my exercises & took a bath
Prepared my lunch for Tom - $\frac{3}{4}$
It was 10⁰⁰ o'clock bef I came into my rm - Joie had been in bed when I arrived home - my radio awoke her & altho she has stopped complaining, she talked steadily & I had diffic reading the paper

my mind that at the next opp. I
shall tell her firmly what I think of her
continued bad temper !!

I took part of my groceries home - only law was there. - I put my provisions away w/o calling her attention. I worked & changed clothes.

Did not arr. at the Te for dinner until after the 6th o'clock closing time, but I had phoned for a late plate - talked again w/ Pathe.

Got envelopes from Laurie for my Mrs - she gave me a rpt on the Court hearing on the Dennis Banks case - he was being tried for contempt of court.

I rd my rap in the meeting off until next time.

In the new High & others told of the Banks hearing - The Te had 47 people there - only 12 other Banks supporters came - Hugh put great effort & emotion into an appeal for people to go to hearings from the ball up Banks in court on his extradition hearing - Te members had gathered numerous signs -

tures to petitions to Gov Brown, & Brown had refused Barker's extradition - the hearing is an attempt to overrule Brown - sev. emotional statements helped persuade more people to go & Mary cont'd the effort when she appeared - security threats were taken care of, opportunity had students allowed to go, members urged to take such as or a vacation day from their jobs

Two offerings were taken
Hugh asked for donations for food for this giving

Ajain did a no of small jobs for
Huffman, interspersed: w/ final entries
& running off of the T.2 letters to John &
Philip, Burton & Alan Cranston - changed
the T.2 somewhat to conform to Rep.
Don Claasen's conversation

Lucile Sathelin continues to tell me
of the problems the secretaries have w/ Huff-
man - fundamentally, he is very demanding,
tho his att. is not offensive

Ate early at my desk & went to
see a half-hr film at PVE on
Alaska - some of its early hist as a
Russian possession, the sale to the U.S.,
its early econ. develop., the Gold
Rush & later econ. act. were detailed -
there were many shots of beautiful
scenery

Mary Covelina's last day is tom - John

Dor told me Brad is taking
the advanced course in H&C -
Bernice told me she is going to H&C
one class - w/ Sharon moving, there
will be no one to do the workload
for her section - Dor does not like
to have more people trained on the
computer, so the arrangement was made
privately w/ the computer ctr - she sd
Virg. Duncans was not aware of the
plans - even finan reimbursement is to
be made clandestinely w/ pymts. to the
computer center of leg. services

Dele Huffman, obviously concerned
about his own secretarial assistance,
talked to me later - he wants a party
of his own - he may have been
sounding me out - I told him the
way in which I get assignments - he
will be sharing Louise w/ Terry Brown,
which is not pct's to him

slept better than she did in SF

I got up at the first stop about 3⁰⁰ &
jogged

get my teeth brushed

if I had the F map - then sleep

We arrived in LA at 10³⁰ - people on

where they were going by seat if they
weren't staying at the Te

We were served coffee

I sat in the shade in front of the
Te for about 2 hrs waiting for my final
entries, trying to avoid conversation, w/c
young man ^{named Victor} who said he had lost his Te
membership card & asked who wanted
to attend today - I told him I didn't
think his chances were very good,
& he eventually left; as far as I know,
he didn't come back

I then tried to take a nap by the seat
on the bus but was frustrated by some
young men carrying on a conversation - some

a place of safety - w/ their background (and
added "environment") there was no hope
for them after 12 - Beulah has been having
some trouble w/ her heart & the doctors were
monitoring it

good view - petitions for an initiative
measure to ban smoking in public
places were circulated a lot, on the

Made yest's final entry
In the middle of the aft I checked Leo

A woman passenger on the No. 38 bus going home was thrown to the floor when the bus turned a corner at a fast speed - all passengers got off & had to take other buses

Olym called Lou from Tunisia this

sd Tunisia had decided not to take
Peace Corps workers for teaching assign-
ments such as she is doing next yr
so she can either be transferred or
terminated

I had some sentie - then Lou gave
me orange juice & toast - we had a

seniors - Lou at length expressed hers.
more frankly than she usually does
on the practicals - she disapproves of
separating babies from their mothers -
we had a long disc about family life -
child care

Lou intended to make some more

I learned Hands had had diffi-
culties w/ Jossie last night

I went up to the Lead Off - Laurie
x showed me an article in the SE Examiner
which stated that Tim Stoen had come
out in favor of Grace's custody of John,
saying he believed she wd be a good
mother - it seems clear that earlier
repts that Tim had left the Te are true -
I also realized that he was the friend
that J. warned me wd turn agst me -
Laurie also showed me a letter to the
Barb Barb Sally Lambert had written
in heavily adjectival prose & containing
the worst insinuations yet concerning
J & the Te - Laurie wanted me along
others to write to the Barb as they
have been printing our lies

During the same hours Allen told me
Mary wanted to see me upstairs - I
went up to her quarters - Mary asked
me whether I had seen the article about
Tim - I told her I had - she sd I
was concerned about how I was feel -
I assured her that she & I did not

(over) CB-A-6 (68)

need to worry about me - altho I
felt badly about Tim, my own loyalty to
the cause is unshaken - I repeated a
statement that Tim continually made to me
about J, that he never thought of h'self -
she said I felt Tim must be under terrible
pressure, perh. black mail from our
enemies

I th the oppor to ask Mary whether she
cd find out if the Te wanted me to quit
my employment at Bechtel's at the end of the
yr - if so, it wd be advantageous for me
to give notice at the beginning of Dec - she
sd she wd find out

When Mary came on the platform, she
told the Congreg about Tim's conduct, saying
as she had to me that I felt he must be
under enormous pressure & that I felt the
greatest sympathy for him - she also told the
Congreg the reason that I was not coming
back to the U.S. - it concerned the custody
case of a child, not his own welfare -
w/o giving names she stated there had
been a young woman who was hostile to the
Te & threatened to do it damage - she,
Mary had perceived that the young woman
felt a sexual attraction to J & she
suggested that he satisfy her desire -
the Council approved & I was willing

When I reached home I cleaned out some shelves in the pantry & moved food which I had been keeping in the closet in our room & I had kept it in our room because I was afraid some of the residents wd take it - I cleaned up the closet too - Jossie had complained she didn't have a fair share of the room

Heavy rain fell during the night
& most of the day - John's is the
first good rain, the papers say, that
we have had for 3 yrs

Grandpa arrived for Jessie to be
taken to the doctor for an exam.

At the off I did an hrs reporting
for Weinberger, & O'Keill's request -
among the papers was one showing
that Cathy Costello is to get a \$500
bonus for good wh (deserved, I bel),
another indic, that Weinberger has
accepted a position on the board of
X O'Keill's Club & has rec'd X shares
✓ of stock valued at - X

I called the Soc Sec off & was told
I wd get \$244 a mo. I bel this
sum will be increased aft my 1974
earnings are counted in.

I had no time for pers tasks - I
had wanted to get down to the post
office to buy stamps so as to send
a ltr to my sisters

At lunch I went to a prog. arrang'd
by the BWAA - Glenda High, the Epis-
copalian minister who helped BWAA
off & who has been at the Te twice,
has arrang'd a series of progs on
women and hlt - I missed the

first one or two - Today's was an
medication - called "Pills - yours,
mine, & theirs", it was given by
Dr. Linda Cleaver, an occupational
therapist - she was quite good -
she is cautious about prescribing &
taking drugs

I spoke to Brenda Hope, saying I had
seen her at the Temple - that she
was polite I had the impression that
she wd rather have any case, w/us
ignored

I ate my lunch at my desk

Happment gave me the just before
closing time & I told him I wd
not finish it

Went to the Te for dinner - we
had a good dinner w/ fried chicken
Jesse was home from the doctor -
Hende sd they had wanted to keep
her there but she had insisted
on coming home - her sugar level
was high & she had had a trouble
by eating the wrong foods, incl. the
sweet pickles she had asked me
to buy her - she was given medica-
tion to take

I exercised & put up my lunch
I sorted maps, rd pts of them,
threw many away - really made some

Did some typing for Hoffmann & a

The film at noon was "The Bolero,"
which showed a performance of Ravel's
composition by Zubin Mehta & the L.A.
Philharmonic Orchestra

Korma, who is a Filipina, gave me
some peanut she had made, which I
ate while looking at the film

For Herb I made a trip downtown
to get some certifs of naturalization for
two powers of attorney - I had first to
get some money at the cashier - I

sulates - at both of the latter I spent
some time waiting - at Harlow's
which is near the Peruvian consulate
I got some lipstick & some candy -
After I got the Austral. documentation, I
went to the p.o. & got stamps for my

I again did back. my's turn

23 Nov - W

My wk day was quite heavy, which often happens on the day before a holiday - my apt was esp. hectic

Hart learned he had to go to So. Africa in connection w/c proj there on the first of Dec - I typed 2 short contracts for him - Jarwood & Huggins also were making demands of me until late

At the same time I was trying to finish & get off my ltr to my sisters

In mid - aft Betty Vaird came around & told us that Weinberger sd we cd go home before Mr early - however, I was not able to & I finished Hart's wk

Then I finished the ltr to my sisters & ran off four copies as the Xerox facilities were closed - kept one copy & addressed & mailed a copy to each sister - I gave them the names & rates of three places they might stay, the Lombard Hotel next door to me & 2 motels which are inexpensive & not too far away

I borrowed five dollars from Dorothy & ate dinner at the Chin.

Today was Thanksgiving - at Beittel
we have F as well as today off

I got up at 8⁰⁰

Took my laundry to the laundromat at
Hyde & C. Farrell, as the one in our
block is closed until 4⁰⁰ - it was a
pleasant day

I defrosted the refrigerator & cleaned
it out - I asked Virginia & Jessie to
identify anything they had in it -
I threw away numerous items which have
spoiled or dried up & then washed the
inside

The Te serv. was at 12³⁰ - there
were sev. musical selections - Harry
th the microphone around the room
so that each cd tell in one sentence
what he or she was most grateful for
Dinner was planned for 3⁰⁰

|| the no. of people in attendance was
small, many members having gone to
celebrate their holiday w/ relatives -
Joy told me Mabel Johnson was w/ her
sister ||

Andy Sher asked me to come w/ a

group to visit Dennis Banks & his
American Indian Movement
org at 2nd - he said Mary also wanted
to see me - I went upstairs to her
quarters but she had been called to
the radio room & apt that was on the
platform - I guessed that she had an
ans. to my inquiry about resigning from
Bechtel at the end of Dec

Andy, Betty, Vera & another young
woman, I took in 2nd to go to
Wood Cabland where Banks' org has a
bar & dining room called La Penne - I
thought we might be served food but all
that was available were drinks to be
purchased from the bar - we went across
the str. to a little grocery where we
bought snacks - a director of 2nd was

He greeted Banks & his friends & then
arranged the room which was decorated w/
Ind. & Mex. woven tapestries - few people
were in the room but more began to arrive -
They were of all ages, w/ several small children -
none talked to us - Two films were
shown - the first called The Longest Drive,
it requested that Andy take care of that
in some way //

featured Dennis Banks & was about the
white man's campaign against the Indians,

24 Nov - Th - 2

But mostly showed the struggle in So. Dak. of the past few yrs - the other film we had seen at the Temple, the one on Battle Mountain & the Shoshones of Nevada

We went back to the Te at 5⁰⁰, where dinner had been saved for us - even the Turkey was not partic. good, perh. because it had been warmed over

I inquired concerning Nancy but she was out.

I spent a couple of hrs in the accting of going through the bedding standards, verifying my initial impression, that almost all of them had missing items

Rockie left for Gay Ton - I heard Phyllis Houston who does some of the processing for those departing phone her at about 7⁰⁰ o'clock, asking her if she didn't know she was late for her transp. - I learned later she was still deciding what to take w/ her, altho she had had sev. days' notice.

I was going home about 9⁰⁰ when I met Andy Silver - I told him I had been unable to talk to Nancy - he called her rm - Sandy Bradshaw, who seems to be staying w/ her, answered & Nancy came on the line -

(over) C-3-A-6 (82)

She also she had an one for me
about resigning from Bechtel - I was
to give initial & make me, arrange-
ments for living at the end of the year
I suppose I am supposed to be sent to Guy
not too long and that

I got a Guide book w/ Daphne Sweeney
& Jimmy Ingram, & they were the
first the bears my notes

I went home & held strands
I did fear chinos, then washed
my hair - I did not, however, find
any color rinse on it, nor find it
up in pin colors as I was too tired

C-3-A-6 (83)

25 Nov - F

Got up at 8⁰⁰

Went w/ Vole to shop at the Te - we
ate - I hadn't known they now serve
only to 9⁰⁰ but they gave us some - we
had pancakes & shoesses.

Laurie asked me about writing for the
next issue of the Journal - I have had
 lately an acute sense of oppression from
being confined in such close quarters
w/ Asenivas & from worry about all I
want to get done & hadn't time for
writing letters & articles for Laurie
as well as my journal entries - I told
Laurie about the Te's approval of my
resign. from Bechtel, but she had
learned it from Mary.

I took the Dillmore bus to the Mission
Distr & shopped for clothes at 2
second-hand stores, the SF Thrift Store,
& the Purple Heart, having received \$10⁰⁰
from the Te and this. It's needs - I
got sev. blouses, shirts, pants, & a
jean suit - they cost a little over \$12⁰⁰ -
I paid the amount and out of my own
funds.

I got home about 2⁰⁰ o'clock & had
some lunch.

(over) C-3-A-6 (84)

I stop and buy a half
dozen to the T. to eat

Since leaving but home the news
from 1029 very at 6⁰⁰

I took down to the market long
but a few items

At home I pressed clothes, incl. a
few of my new purchases, while
listening to Verdi's "Un Ballo in Mas-
chera", w/ Ketici Pizzicelli, Jose
Carreras + Guri Mazurko singing
the main parts, a SF Opera production

I had a snack & rd for an hr
Went to bed at 12⁰⁰

26 Nov. - 5

Hot up at 8:00

Went to the Te for Mabel - it was an
excellent lunch w/ scrambled eggs, a big
slice of bacon, baking powder biscuits,
some preserved fruit & coffee

Carol Stahl, who has been examining
the photo we have w/c view to sending
to Guy worth while ones, asked me to
look at & give my opinion of the Eng. &
some of the soc. sec. photos - I spent some
time looking at them

Took Mabel to the Haight Commun. Food
Store & shopped for vegs & fruit - finished
my card home arriving about 12:15
ate some lunch

Had a nap

Josie has been in a good humor for
the past few days & I have had no
trouble w/ her - Josie went out & got a
chicken & some greens & cooked them,
instead of going to the Te to eat tea

On my way out of the apt today I saw
Judy in a green dress w/ the
handbag - when I saw her at the
Te, Judy said the handbag had seen
Roosevelt Turner hitting his dog w/ a

(over)

C-3-46 (86)

she was indignant - it was a
decision given to T. to take care of
she later told me there wasn't much
the T. can do about it - I gather the
T. is afraid that antagonizing a
member may drive him to complain
to our enemies & cause us trouble

I had dinner at the T.

I went upstairs, tried to translate
for Sue Ann Williams a song in
Russian by Tchaikovsky - I didn't
make much out of it but I made
a scrap of it to take to the op.

I wrote a letter to the Berk. Berk
about a letter published by them written
by Harry Lombro on the T.'s supposed
fidelity a second - I had not been
able to find the time earlier

The party at which Hue Fortson &
Mary presided had no unusual features
& was out early - I did not see it at all

With the other 1029 Gary residents,
I waited for a ride home w/ Miss
Sevrens, which caused me a small
delay.

Miss Johnson - Vela told me she
had Thanksgiving w/ her daughter.

Rosie James had come up from
L.A. & stayed w/ us, sleeping in the Lottel's
room - I had a snack, rd, went to bed at 12 or

Jessie was up about 7³⁰ & awoke me - I got up at 8¹⁰ - bathed
I got ~~help~~ for Rosie James & mys. -
I made biscuits, a fried egg & ^{bacon} sausage
for mys but Rosie had only have a
piece of toast, a poached egg, & some
sausage besides grapefruit, as she is on
a strict reducing regime - Rosie is
working for the Workers in L.A. - Miss

Vernell Henderson the w to the Te
at 10³⁰

Laurie liked my ltr concerning Harry
Lambert - I signed it & addressed the
envelope - Laurie & I discussed briefly
what I might write on for The People's
Forum

The Te service, conducted by Hugh
Gortson & then Tracy, was not very
well attended & was short - we were
out at 1³⁰

I went home and ate & had the
dinner I prepared last night w/ salad

(over) C-3-A-6 (88)

& washed the dishes

I slept for an hr & a half - no one else came home.

I spent an hr making joint entries on which I have got such lots.

Thru the bus to the Te for the eve. served at 6⁰⁰ - Judy Merwin & Pelham
x x , another senior who has
been moved in on the second floor,
were on the bus - Judy was still very
agitated about Turner, who is apparently
still flaunting hundred dollar bills.

In the serv. people were recruited for
2 events: a reception for a Sov. trade
unionist at the Amer Bus Hotel Tues
night (I arranged to go) & a court
hearing Tom. Moore in which Ron Williams
is interested - it proved to be very diff.
to get enough volunteers for the latter.

Most of the serv. was spent in looking
again at the complete set of films of our
agric. mission - altho it was intended
for those who had not yet seen them,
I bel. not many attended thru exp. nuclear
memberships.

We were dismissed about 9:30 & were asked by Mary to touch the altar. Catherine Hine was a little late I decided to wait for her - Mabel Johnson, who not been in the morn. service, & whom I had not seen earlier too, was on the sidewalk saying about s' thing - I almost th Hume home to avoid unpleasantness as there were more people than Hine, ca carry in one load, but it was decided she wh come back for Julie Rummels - I didn't realize it at the time but I find that Virginia & Jessie th Hume home rather than put up w/ Mabel - Judy came up to our apt & from the desk, Mabel insisted she had it to be in the first load all the time.

I prepared a snack & rd a while - both Jessie & I went to bed bef 11⁰⁰

28 Nov - M

Jossie got up at least 3 times during the night & woke me up 3 times - I had expected her to sleep well, as she was at the Te all day yesterday, & I did not go to the table of moving my bedding into the other room.

At the office I told Betty Vasile of my intention to resign at the end of Dec - I told her I would appreciate it if she didn't say anything to any one else, that I expected to get a teaching position w/ an org. rehabilitating young people in S. Amer. I was not sure of the details - I think she actually admired & envied me - I told her I would take a few days off when my sisters come - she will take care of the new resignation details - I have to be at work 30 Dec to check out - I told her I intended to apply to Virginia Duncan.

I didn't have much wh - I did a no of pers. tasks - I phoned Soc. Sec. to make sure my last yr's earnings were eventually be included in the amt. of my monthly checks - I called Harold

I notified some of the other secretaries who agree w/ our sentiments on the subject that I had the petitions, & I phoned for more of the petitions.

For Karl who is leaving for So. Africa ton I went to the bank to get an advance for him - also typed a memo for him.

At lunch I went to the BWAA to hear another in the health series - the speaker was Cheryl Brown who is director of "Forty Plus", a women's center for middle-aged women - she discussed menopause - her material & her presentation were excel - the group was small - Blenda Hope introduced her - at the meeting where Brown was discussing communal living for seniors,

(Cont)

I & Hope - M-2

I told her I was a member of P.T.
& remarked that our seniors lived
communally but we lived in all
ages living together - I felt, as I had
w/ Hope, that her reaction was
negative to the Te

I told Cathy Costello of my retire-
ment plans & asked her not to tell
any one else - I like Cathy better
than anyone else at Besttel - Gorma
Bondoc also knows that I am leaving,
as she knows me calling Sec. Sec.

I wish our my girl for an hour
two

The last hour of the day I was on the
reception desk

Went to the Te for dinner

Since the rest of us home - when
we started talking about Mabel Johnson,

Had no work all day etc one short memo for Huffman at the end of the day

Spent a good deal of the day catching up on journal entries.

My rt arm has been gradually getting better, & I have decreased the medication I was taking to about one a day, but doing so much writing did cause me some pain.

At lunch time I saw the Bill Cosby film on "Prejudice" - I have seen it at least once before - then ate my lunch.

Went to the library for an hr or so - was looking at the Encyclopedia Brit annica to see if I could find any info about Amer. ownership of Phil. plantations, as I think I might write on poverty in the Phils, using for basic material a series of articles which ran in the Chron recently.

Huffman treated me down to the

(over) C-3-A-6 (95)

library to give me some work to do,
which I just finished by closing
time

Went to the Te for dinner

Had a convers. w/ Miss Severns -
told her I admired her for taking
a stand against the backbiting and
indulge in w/ regards to Label,
Johnson but still mention that it
would be easier to refrain if all what
made decisions did not allow her
to take advantages all the time -

x Miss Ed. Bremer x would be
going to Bay shortly

I put my needs in

Those who had volunteered to go to
the reception for the visiting Trade Union
deleg. gathered in the eating room &
we left in sev cars about 6³⁰ - the
reception was held in one of the common
halls on the waterfront - elaborate refresh-
ments were set out on tables, as well as
wine & vodka, & for about an hour
people conversed, ate & drank - we were
told we could drink - there were 18

gressive causes were present

I had very little to do

I solicited signatures for the req. of smoking petition - learning people's reactions

Phoned Dorah Schwartz about translating the Tschakovsky song - she is very busy but let me bring it down to her just before lunch - she said she would take it home - she never learned to write Russ.; when she started school, instructor was in Eng

It was a warm day - late outside - then I went to the post - office to buy stamps

Phoned Dorah at work - she said she was arriving on 17 Dec but had to get on the 26th - Edna was arriving later, was going to spend some time w/ Alma - Dorah doesn't want lodging w/ meals; otherwise any arrangement I'll make will be acceptable

|| whether they are smokers or non-smokers - their motivations are diverse - for inst, Lynn Schombert altho a smoker signed the petition as she was feeling better

having places reserved for smokers when
she didn't be depending others - Cathy
Castella, also a smoker, goes so far as to
wish cigarettes to be banned, also, because
she wants to quit smoking & needs help -
on the other hand, Penelope Porter cannot
sign because she's not a registered
voter, altho she hates smoking & tobacco
smoke - Pat O'Neill who smokes heavily
sa, "I'm not going to sign that!"

Betty Veitch needed some info from me
on my resign. & a memo from me stating
my plans & I also filled out a statement
on which one can state the reasons
asking for early retirement - I wrote a
page expressing my feeling about the deter-
ioration of Amer. life, w/o saying that
Bechtel was in any way to blame

Mary said she had talked w/ Carlton Goodlett about the conspiracy against us - we now know that it reaches into high levels of the govt - He said he was only surprised that our enemies waited so long

Mary said we should feel honored that we were feared as a threat to the system - a hundred yrs from now people will be talking about what happened in P.T. this year
