He roped women & then set in church
told people that he he out feeding the pigs.
It's a lie. He stated once in church that
he would get his shot gun & kill a
any invader come in ^{SP113} there bothering him.
He roped me in his church as his audience
listened out side. He has a ^{V34} ^{REC-9} ⁸⁹⁻⁴²⁸⁶⁻⁸⁶⁴
& follower of people much larger than Jon
Jones. I have written ^{DEC 7 1978} to the Sheriff Department
of the County but got no results.
Once, while I was there, a young man went in
to have a private talk with him & ~~he~~ the
young man screamed as if through a screen
of pain. He never come out. I watch the
front & back door. My father & I believe
that he killed the young man in his office

He is a Common man + Liar.

Once, he said that the people say that he 'made love to the women + kill people. He didn't deny telling people but he denied making love to women. Besides myself, I know of many women that he made love to.

I am telling the truth, willing to take a selective test concerning all statements made. Most of his followers travel via bus from various states to see + be with him for days. Please investigate off the time.

P.S. Rev [Redacted] said that many people just come to his place to be noisy + look to see what he got. I can tell you. He didn't love anything but a lot of run down men, a bunch of black people, looking like a bunch of fools, and a cheap Catholic. At Least Jim Jones was shony + pretended to outgals that things were so. Will tell you, he'll blow your brains out.
