Re: FINANCIAL REPORT

The Charity Solicitations Ordinance of the City of Indianapolis provides that a financial report covering any charitable activity shall be furnished the Charity Solicitations Commission within thirty days after the close of such activity.

This is to remind you that the required report covering your solicitation has not been received.

The letter from the Commission which was directed to you informing you of its approval of your application, also called attention to this requirement of the law. A form was attached so that you might conveniently make the report.

Please have it completed and returned to the Commission promptly. Failure to do so places your organization in a position of having violated the Ordinance, and thus automatically jeopardizes approval of future applications from your organization.
