DEPARTMENT OF STATE A/CDC/MR	DATE
	8 MAR 1978

Dear Mr. Bennet:

I regret that I cannot accept the State Department's rationale in your letter to me of February 15th concerning the case of John Victor Stoen.

I am enclosing a copy of John Victor Stoen's birth certificate filed in Sonoma County, California. It reflects his birth on January 25, 1972, to Grace Lucy Stoen and Timothy Oliver Stoen at Santa Rosa Memorial Hospital.

It is apparently uncontested that Mr. and Mrs. Stoen were married at the time of the birth of the boy to Mrs. Stoen. This creates an irrebuttable presumption, under California law, that the lawful husband is the father of the child. It is the child whom the law protects and neither the husband, the mother or any other person can challenge the child's right of legitimacy.

Should Reverend Jones be indeed the natural father of John Victor Stoen, this would not in any way remove the child's right to the presumption of legitimacy which is given him under United States law. As I understand Reverend Jones' position, he is in effect claiming that the child is a bastard.

Under these conditions, I think it entirely appropriate that the United States government seek the assistance of the Guyanese government to preserve the legitimacy of birth of a U.S. citizen. While freedom of religion is a basic right in America and guaranteed by our Constitution, I know of no honorable religion, particularly one headquartered in the United States,
