

TAX MEMO May 10, 1978 from June LABELED TAX PACKAGE

1) --where? did not get them.

2) IF THERE IS A CALIFORNIA REBATE, WE CANNOT USE THE 893 RETURN ADDRESS.. I do not know how you can tell her this, or it will cut out the \$35 refund for rental credit...Where we did not have this coming, and it was filed after April 15--and no xtn...we used the 893 return address. SUGGEST SHE DO THEM AS WE SENT THEM! There was logic behind it, though may not be apparent to her. Harold and I made the decision together.

3) Noted

4) Get what she can on this..We are aware the records there are not what they should be..probably just as well..others can't tell either. Some of the 77 records arrived in one of the big crates--amazingly...I am mostly interested in my work sheets of ANY KIND..much of this is arriving now--presume the rest will be on the way very soon.

Item 5 paragraph 2--I AM "MOST" CONCERNED TO GET THE OLD RECORDS DOWN HERE. ---emuf said! Most of the records of my greatest concern ARE the prior to 1977 records. The sooner the better..
