Dear Tommy,

I have received both of your letters and I read the ~~on~~ second letter. What you said in the letter, was it a joke, were you serious or not? Things are going slow here as far as the case is concerned. Stephen Jones was changed along with me for the same offence now. That is a joke the prosecutor is loose in the head. I would like to know how the money situation is down there, if Dale is trying to get things together. I can't tell you nothing about the case it could be damaging because some body can take it the wrong way. I hear you have got you are refused, let me hear something more about it. I wrote Ruth Creamer a letter advising her that if any body else wanted to write to me to put all the letters in one envelop because I am only entitle to one letter a week. I can only write one a week. Tell Dale that I have received all the pictures but I did not see Laurie picture at all. The way it looks like must be given with all my brothers unless the food must be agreeing with their stomachs. I thank Guyton and Bill Creamer for buying my wife for me. I will like to know what it cost them. Say hello to Billy Creamer and let him drop me a few lines too. His wife also if she remembers me. There is nine people living at the house in Jennie Street and the three in Prison making at twelve of us still in Guyana. Paula decided to stay anyhow because she can leave when she wants to. They are selling every thing they can sell here in town. The Albatross is working in Jamaica and Venezuela and McKay was trying to get it back in Guyana because over here it can carry a bigger load. Hoping that they can make more money so as to ease Dale's pocket. Tell him and let him know what we are doing. For every dollar you send here I will get about \$2.50! Tell each and every one of the kids and to the whole family that I

remember all of them. I love you more than you will ever know. Have a little more patience because I am the rat that is locked up in the box. Bury your patience along with mine and think of good. I am in good shape, according to the people in Guyana the lease is going fast. If there is any thing you can think of to say to any body who might want to know what's going on you can tell them. I will have a stiff drink with you when I get there.

Love Chuck.
