

Charles Wickman To Thomas Wickman
Dear Tommy,

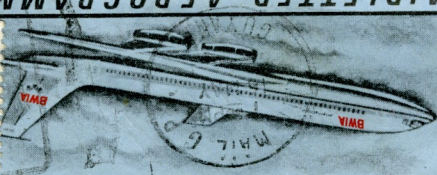

I think it is a great idea to build a porch on the front of the trailer. Because I had the same idea wrote down on paper. It seems that you are reading my thoughts. And I do hope you make it as big as possible. Maybe you can get Chester and Paul to help you build it. Make sure the trailer is on solid ground and this will be its permanent place. I also had an idea of building another two bedroom on the other side of the trailer with a bath and shower. It will accommodate seven or eight people. I had that drawn on paper but I rather wait until you looked at it. Get Chester and Paul they can pick up a lot of loose materials from construction sites. This will save you some money. Ask the man in charge of the building sites if he can have all the bricks that is left there, half bricks or whole bricks. Even shingles if you can get a lot from one place you clean up the ground around the construction sites. Talk to Chester and ask him what he thinks about it. I heard you spend 95% of your time with the 'creamers'. I hope in return that you split your time in half to spend a little more time with my brother Dale. He mentioned it to me in a letter. He don't know what you are doing except for what you tell him so try to spend a little more time with Dale and Chester as much as possible cause they are the main ones who got the money for the lawyer of your remember. I know Billy Creamer

has helped you and I know your grandma
has got you a rug for your birthday. So
don't think that you owe them your obligation
to be around them so much. I know
you wouldn't understand what I am
trying to tell you, when I get there I will
explain it all to you so that you can
understand it. Maybe I am asking too
much out of you. If I am let me know.
Give every body my love and kisses. I
know you know that I love you. Running
out of paper. Be good to yourself and
enjoy your appetite. *Charles E Beckman*
