-regarding J's medical situation (we haven't mentioned J's name) but just said it's for one of our leaders, he said that he still hasn't received from us J's (the leader's) medical history which he requested several weeks ago/ needs to have information about what treatment has ~~k~~ already been done
-has heard nothing about our request for a delegation to go to the USSR or any response on any of the other questions we ~~ak~~ asked
-when he hears from us on the medical history he'll request travel ~~immd~~ immediately
