

Conversation between Marcie and Dennis Roberts

R.I.D.-8

Just a normal conversation but then he said that  
flowing about Mark Lane

Zzzzz

" I thought that he once tried to set up a friend  
of mine. & For good motive. What happened was a  
real dear friend of mine was connected to ( in essentially  
a sexual way) to someone ~~in~~ in the Justice Department.  
Mark had this playwright who wanted to get information from  
his this guy so I extended myself to set up a situation  
a social situation wherein this person might feel inclined  
talk. I learned this from my friend and I don't know that  
his necessarily telling me the truth. But I was very suspicious  
of him and did not like what he did." Dennis Roberts did not  
go into detail about what happened to make him suspicious  
but what happened. But in essence he didn't like it.
