Dear family,

Will it has been some
time since I heard from you
and I am beginning to wonder
why you dont write, I wrote
a combination letter to all of you
like this one will be.

Richard & family spent a few
days with us at Christmas time
we really enjoyed having them.

Their house was robbed
while they were here I dont know
what all they took except some
Christmas presents.

We sure have had a lot of
rain & of course snow in the
mountains which is really needed.

A lady has been staying
with me since the 1st of the
month but will move the last
of the month. EE49

Jeanette & the baby were over
Sunday or Sat. before Christmas

and took me to lunch, we all exchanged gifts and had a real nice visit.

The baby talks a blue streak, when we would say good by to people, "he would say have a nice christmas", and people would be surprised at grown up talk coming from such a little girl. Michelle talks like that too, no baby talk at all, as their parents dont go for it and I dont either.

Tomorrow is Richards birthday 28 years old I think or maybe 30 come to think of it I think he was born in 1948.

Tommy & Kathleen will be parents in may or June, they are happy about it.

Mavis's parents are coming for a visit in April, hope they get to see the new baby. gotta sign off for now. write some time,

Dear ones, well I am finally getting around to answering your letter which was waiting for me when I got home from a months vacation in the north country ha!
I visited Phil & Vickie & Timmy for a week, and a week with Aunt Helen and family, and two weeks with Jerry and family and Aunt Emma, also 5 days with my friend Frances Mathews and son Robert. They live on Camano Island.

Everyone was so nice to me, I will never forget such a lovely time. I plan on going to Phoenix for Thanksgiving or after the weather cools off.

Phil and Vicki are doing real good and have a lot of nice friends. Ruth Ellen called me last night and said Bruce had a 6th baby. She said Saturday morning, they seem happy. They named her Katie and I didn't get the 2nd name.

The tree is really branching out. We finally

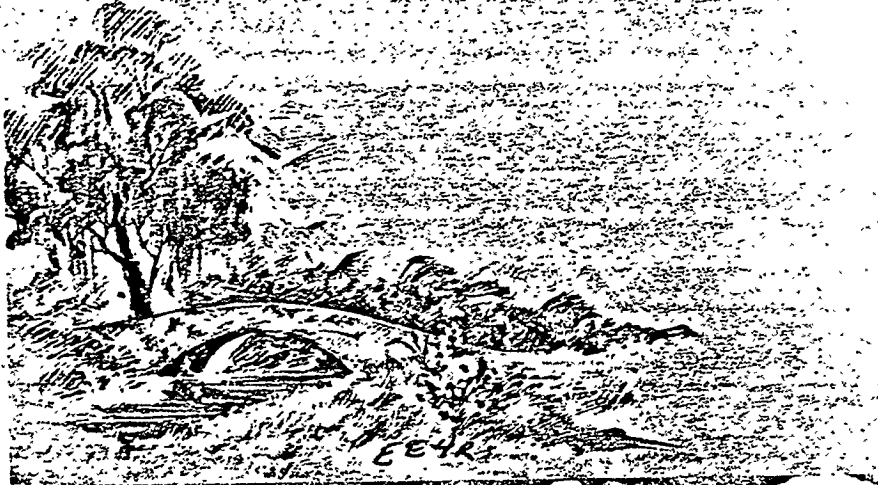

got a wild storm which really
cooled things off.

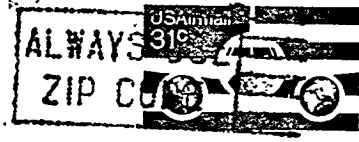

Did I tell you that Tom and
Kathleen had a baby girl May 23
she weighed ~~9 lbs~~ and a half pounds,
Milton and Norine stay well
and happy and busy.

Well dear family I'll sign off
and try to write to Carol, if
she doesn't get a letter with yours
tell her one will be coming soon.

Dear Ones,
I guess I'd better start a
few lines to you so I can
mail it tomorrow.

I really enjoyed getting
your letter & the pictures.
Thanks a lot. Milton and
Nerine liked them too and
remarked at how nice you
looked since losing weight.
Your yard really looked
nice & green and of course it
is.

No news around here only
the eternal hot weather. I
thought I had forgotten how
to sweat, but not so.

I spent last week
at Long Beach with Jeanette and
Jafar & the baby. They
are doing O.K. Just as
hot there as anywhere else.

2) I think as they don't ^{have} refrigeration, only a square fan on the floor. I had a nice time anyway.

Walter and norine will spend the last week of this month in Hawaii. I am glad they can get away, they both work hard & deserve a vacation.

Oh I tell you that Don Ellis died of cancer in May?

He didn't last too long after he was stricken, which was a blessing.

After the weather cools off I will go to Ariz for a change.

Richard & Sharon have invited me for Christmas and I hope to make it.

I am sure you enjoyed seeing all these interesting men, also reading the good books.

^{the} 5th Do you get to Georgetown very often? and how far do you live from there?
Mary was moved to Sacramento to live with her

oldest daughter, the City
condemned their old house she
lived in, Reyna Cant do any
improvements on it but can
rent it as is, which sounds
crazy to me.

Today is dark and
gloomy and I hafta go to
the P.O. for stamps before I
can mail this, I also have
other mail to send off.

Well dear family I'll
sign off for now and
pay some bills.
