Dear Charles, the reason for the long delay. We were all hounded by the blizzard. You know it was bad when even the banks closed. We were so glad to hear from you but sorry you didn't tell more of your family.

Cheryl is still ~~un~~unmarried. Phyllis is working as a check-out girl part time at Kroger. The little girl is a beauty. Kyle looks just like your father & as mischievous. Tom has become quite a little man. Plays on Puer Deer baseball team. They are living in their new home.

Shirley & Charles brick still are at Clondale. Lisa & her new husband are expecting a new baby besides supporting his former children by his former marriage.

Laura and Tom are still in Princeton. They have two children. Anissa the oldest. Victor Andrew is built like a black horse. He is very hard to control.

Spring is here now so we can get out more. The Forsythia tulips and daffodils are in bloom. I saw my first robin and baby squirrel this week.

You would find our minister interesting. He is a Dr. of medicine as well as Dr. of Divinity. He has been around the world.
