Situation: I will make it

Hi Wanda Kay,

I hope by the time that you receive this letter it will find you and the kids being well and blessed with the finest treasure of life (Loved 2 Wealth.) Wanda before I say anything I want you to know that I have more and my new room number is 3160 but my B-number is the same B-86368 it is not B-86883 which was wrote on the envelope. I don't know how you got that confused and mix up. Anyway the only change is my room number. You think that you got it now Wanda Kay (smile) come on and smile to night I am still Wanda Kay, can you dig it.

Well Wanda I must say that you have a way of seeing things and by at the same time H.W. Wanda was it that you didn't think I meant the opportunity to see the kids paper you left or what? I had no idea that you would just have without saying something, but as I always say, you never know what people will do. Life is full of surprises, you know what I mean Wanda? But I can deal with it because it is reality some people try to run from reality other try to hide from it. I never could run away from something because then I would think of myself as a coward, or that is for once a no--no--with Stephen E. and to top and hide from reality, I would have to be a fake and you can't fake on yourself because that little thing that they call your conscience will top you or you should never chance it, get mad, at times if you really make you feel bad. Well so much for that Wanda Kay, let me move on with this letter.

Wanda I really cant speak on it because I am not there to see for myself, but it seems kind of strange to me that the people, doing all the talking and accusing Jim Jones of doing such things as forcing them to sell their property with fear and keeping people from leaving South America, or New Tanna, not people that were members of the Peoples Temple for many years but so I said I cant speak on it and rather than judge a man I will try to understand him, but if it is true what they are saying about Jim Jones, time will tell that for sure because what you do for the dark will come to the light for sure but in more than sure that you know that better than most people right Wanda Kay?

Well Wanda I might as well let you know that the Beckleys are having a family reunion in Chicago at my aunt house she is my father's sister and from what Lorna told me all the Beckleys from California and everywhere else will be there that is all but me but I will see them in time, I know its going to be a lot of Beckleys in town this month. (What?) Wanda how is your mother? I know that she is probably happy that you are here with her "but" saying tell her that I did hello and to take care of herself. Wanda your father writes me all the time you know you had let her know when you took the kids away from him he is like I am he just cant understand you talking something like that and we are not by our self it is a whole lot of people that cant understand that.

P.S. the thing that you said you was going to send me before you left I got that, thank you for thinking about it anyway. Wanda if it is not to much trouble will you send me some of those pictures that you have, I never did get a picture of Heland and my mother that you said you was going to send. Write soon! As always love Stephen B. 11/20/77

Would you know after my mother goes away and then your sudden move unexpectedly was real concern about how all that madness was going to affect Stephen B. they were looking for me to put up or shut up do something real stupid or beyond reasoning, but I did the extreme opposite of all that and to know that I put myself together in the middle of all this madness and mental suffering makes me feel real good. You see Wanda I know more that it is not public for me that determine if you are happy and people, and it is not the environment either it is your intention, your faith, your pride, your self-respect, your morals, your principles and if that all you can't get around doing stupid things and doing things that you will regret the rest of life and you can't solve your problem by winning or trying to persuade them because you are your problem and until you change the problem will be with you until the end

Wanda you know it is a shame that you are not here to share any of this with me, because it is a must that I have a Mrs. B. in the operation but that will come in time I guess, I am in no hurry at this point, but you can be assured that they get after Stephen B. they know that it is very easy to find a man that is not only handsome and fit but fitting to, and under these conditions that I am being made but like I said I am in no hurry, I have made it through the worst part of this madness I can see the end more real close, and this is no way that Stephen B. is going to allow himself to do anything stupid. My good friend Karen, is always telling me that I have to be things that might hurt me if I don't change my attitude about Stephen because all women are not the same, and she is right in a way

Wanda I dont know how much the government
 report will be, but I do know that I will ask for
 two hundred thousand and most likely will get half of
 that, but that wont take place until I am released. By the
 way regarding of money I wrote the attorney Donald Cohen
 demanding the settlement that I had filed with his law
 firm, he answer my letter informing me that he had
 mail a check to me and to say that I have figure it
 out, the check should have arrive about the time that you
 were to San Francisco from Pittsburg, and you the che-
 ck was made out for 1,500.00 one thousand five hundred
 dollars. Wanda it is hard for me to believe that you would
 take all of the money and not send me a few thou-
 sand, but if you did, so be it just let me know if you
 got the check please.

Wanda there is quite a bit of controversy over
 here about Jim Jones and his move to South America, it
 has been on the television and in all the news papers
 and the people that are talking about Jim Jones are people
 that were members of the Peoples Temple and many were real
 high in the Peoples Temple staff his name is Timothy O.
 Stone and a lady who name is Kathy Lynter wife of
 the Ukiah Daily Journal newspaper they are articles in the
 Time news paper & a couple see religious leader Jim
 Jones the article was wrote by the Time religion writer
 Russell Chandler and on channel (2) two news they had
 some people from the Peoples Temple saying that they had
 turned their property over to Jim Jones and they were
 crying because they could not see their people in South
 America or any money from their property. Wanda this
 man Timothy O. Stone was in South America with Jim
 Jones long before you got there but left because he had
 Jim Jones had a disagreement.

Wanda remember when I use to talk about starting a community project you know Operation Bread (with Lt. and Gen. I'll have off all smif.) Well Wanda I have finally put one together and it is a summer help. Wanda it has took off on a remarkable good start, I am in the process of answering letters that I have received from other programs and school of higher learning such as colleges and university they have gave (2) school of that nature right here in New York City and we have establish a good reputation with both of them, just (2) two weeks ago two (2) of our member went out to give a lecture to some students that was about to receive their diploma to teach school, and the report that they brought back to me was outstanding. I have a a summer help and as soon as I get my custody change I will be going out on lecture myself and that next to for award.

Wanda I hope to be put a project together that will supersede all other, because is unique there is not another project or program that is equivalent to project, all aspect of it is function and it is register in Washington D.C. so they can't take this away from me. I hope Civil Liberty is. I got it together this time help and everybody that help me so ably on the outside such as Wanda and his wife Karen, my sister Evelyn, Lashia, my Uncle Tom and his daughter Dale, my brother Brandon and my number one man I hope to. Thus are people that didn't turn their backs on I hope thus are people that didn't tell me one thing and do another thus are people that didn't say the hell with him let him make the best way that he can thus people are for real people and I thank you very much for this that I found out in some who is with me and who is not. With me E542AF

Well Wanda I guess that you can tell from
 letter that I didn't lie, but I am not going to
 lie I went through hell and there were times that
 I almost wish that I was dead, I lost a lot of
 weight but I will pick it back up soon. It was
 a combination of things that help aggravate my
 health losing my mother was one thing, right after
 that you decide to take me in a cold trip and to
 this day Wanda I wonder what could I have did to
 you, for you to do me that way, at a time like
 that, maybe one day you will let me know how Wanda,
 anyway I am doing alright other than I keep a
 lot of Oxycontin on me but I know what that is from
 me sex, it would also help if I had a woman to
 talk to once in while I might have to learn how to
 make her again when I get out of here (smile) but you
 can bet I am not going to be in no hurry about
 it because I am going to keep my morals, principle
 and self respect I don't give a damn what happens that
 just the way I hope to is anybody can't have my body.

Wanda I am playing a fight track here by
 Nancy Wilson "Kaliander" remember that one? I'll get alone
 some how is playing now, by the way Stephen Jr. and
 Denise give me a Panasonic 4 m. A. 19 - 8 track player
 for Mother Day they also sent me a lot of tapes
 you know Wanda it's something you know they remember
 what kind of music I like, something of music, what
 happen to the rest of my album? that you told me
 you pick up from Best house, is it possible that I
 can have them pick up or what? Wanda I would like
 to get them if it is any way possible it would
 be highly appreciated it will let me know something
 about them soon like yesterday (smile) ECUAF

Well Wanda, how are things going for you
in South America? Other than it's beautiful and like
a dream, as you said in your letter, what is happening
with Wanda? And what is Wanda doing with Wanda?
You know it is more to like than just being at your
and feeling good as you stated in your letter, and if
you recall you told me quite a few things of that na-
me nature when you left, but we won't go into that
at will we, because we both know (right? --- right?)

Wanda how is Silvia and Jolanda doing? I
am real concern about them, and how this move is
going to affect their life later on when they start
to question certain things. Have you ever thought about
what kind of answer you are going to give them
it's something to think ^{about} you know what I mean Wanda
because as they get older and obtain the ability to
think, they are not going to accept just anything
for and answer. Time will tell for sure (right?)

Wanda I disagree with you about they are
getting the ^{best} education, because it is a fact that the
best education is obtain in the United States of America
and Russia or maybe you want the best education that
is available there but anyway tell them that I said
hi and to try and learn as much as they can, and
to be good, give them a kiss for me and let
them know that I don't forget about them and
that I love them more than ever, and let them
know that one day that they will look up and
see their father, I swear on someone that was very
dear to me my mother that I will be there
to see them, that will be my first one when they
let me go, and that's not too far away.
