

Marcie Darling

Valour St John
is ok now - It
was a misunderstanding
over chairs being moved
out without permission.
I was burdened down
with a number of things
and was in no way the
least spark angry with
you.

I love you beyond all
means of measuring!
I don't stay angry long over
simple mistakes of judgment,
honey. This please don't
worry so much.

Please rest, love

very carefully, I can
care of myself if I
Life would be un-
endurable without
you.

yours forever my love,
Jim
