

My darling

I wish that my deep
to heart felt convictions
had not caused you
and others so damned much
pain (especially in your case -
you've given me and the
cause all of your years.
I'm writing this after the
episode of last night while
trying to decide on leaving with
the boat. This is Tues. 11:30 PM
August 9th 1977. It was a
gold day for the cause yester-
day - I was on the most
popular talk show and it
attracted a lot of prize to us. I
was @ my best for 45 minutes dis-
cussing the agric. project in detail
"over" B-3-d-14

and our complete integration with
nationals who as I said reside
in Great Town with us - I told of
adaptions. It looks as if I ought to
well take the East Indian baby that
has been offered us. There were
flaming headlines from a Church
Service that Jim Jr. arranged for
me to speak at (He's a good P.R. man
because that was a fine move
indeed) I only said two brief
messages and the headlines covered
me! Said Bishop Jones from D.S.R.
state that Jesus Christ was the
first Socialist while speaking on
the occasion of Bishop Jones of
the A.M.E. Zion Methodist Church
(Bigger headlines than Andy Young's among)
It was very complimentary & I must
also have missed the golden opportunity
had it not been for our Zeig! (Of course
tell no one but see girl friend & wife should
be told that he arranged it. Jim Jr. has a
lot of class & genuine ~~good~~ brilliance!
Also Stephen D. came up to me when I
decided to stay back to see you and he
said: "Dad I ~~was~~ ~~not~~ some

idea to go back & meet those
degenerates in legal combatation.
"I intend to go with you - do
you hear?" Said he I want my
life to have meaning and I don't
want a purposeless existence that
will be mine with out you & mine
after great assurances that I was
only staying back for another talk
show with you is the case indeed and
would fly in - Wed P.M. he reluctantly
got into the good ship Marce with
123 others all surprisingly bedded
down with reasonable comfort - man
of course not he & I had well be
crowded as they are in one of the
cabins. I hope shaking up the
trip - The nurse is one of my fondest
nurses here. I think from
no worry too much about this
side. I don't intrigue of deception
is just projection of what I'm doing
recall that I wish I could still
the abominable conflict I can't
stand being separated from you
this way. If the situation were
reversed you here & they back &
I there and that the pukes faced
treasonous terror there being
disputed now by the press. I've
so shortly & regularly defended
I could take it much much
better. Yet I know you're right
the next settlers need me; yet
for the fact of only one. B-3-d-14

that I guess some people still
listen & but more to male
leadership - I know they respect
you enough to follow you & could
themselves a wonderful new
life & community here - Right
now is the thought layers that they
might do it better because some
with me more because my goodness
has been more familiarly exposed
to them in the space of demanding
(constantly being in distress) the
highest of these from them - more
there is a lot of hate that people just
naturally have for male robots
& because males represent ultimate
sexual violence (oppression) in many
people's minds I'm certain and
happily so unfortunately with all
but a few of us who don't consider
our race superior to females - In
fact in my case just the opposite -
women such as you can feel
more (destroy the letter everything
I write can now be used by
diverse creatures against my family
Well I had to open Winnie's letter
because of fear she might get some
facts misconstrued and it would be
terrible should it end up inter-
cepted - certainly you know I
wouldn't give a damn how wrong
she might get something over to you
because I know you are always
glorious in truth, through it all!
Drop a line as the song goes "while
I have the chance" (That I feel no
impending sense of doom) because I can
never say enough about how much
I love & appreciate you - Every day
I think of you and I hope that you
will think of me
