I, Pamela S Bradshaw, hereby resign my membership in Peoples Temple Christian Church. I am resigning because my beliefs and activities are at variance with the beliefs and activities of Peoples Temple Christian Church, and Jim Jones, the pastor of said church. I have no criticism of the church or of the beliefs or standards of the Peoples Temple Christian Church. My only reason for resigning is that I do not feel that I can uphold these beliefs and my current activities take up too much of my time.

I have been treated fairly and with justice and love by Pastor Jim Jones and the members of Peoples Temple. At no time have I had any reason to be unhappy or to disagree with any of the treatment that I have received.

I am proud to be a  
Communist!

B-3-e-4

What does socialism mean to me?

It means a society where everyone has everything equal. There are no rich and no poor. Everyone of all races has the same opportunities for jobs, education, and housing. What each person does is important to the good of the collective society and they take pride in whatever position they have; whether it be the one who tends the garden or a doctor both are equally respected.

There is no crime for no one has reason to steal when they have the same amount as their brother or sister.

The streets are kept clean, the housing and equipment are kept up because they belong to all of the people instead of individual land owners.

There is not one person who makes profit from the industries because all of the money goes back into the people's hand which they collectively govern their country.

Socialism is social and economic equality; it is a step on the road to pure communism which is the most perfect, most satisfying way of life. Jim Jones is teaching us this way of life and is the perfect manifestation of the love and beauty of socialism.

Why am I here?

B-3-e-5

I would like to say that I'm here to build this new society because it's the most righteous ideal in the world. And that I'm here because I'm deeply concerned about

those in this country who are being mistreated. But unfortunately my major reason is that I'm concerned about my own ass. Out in the capitalist society it's a dog eat dog world. You've got to be a little quicker and a little tougher than the next guy but there's always someone a little quicker and tougher than you. They're all dying for a true friend - someone to talk to or confide in who won't shun them off after awhile. I'm here because I'm not sharp and I'm not tough and the only here is a true friend who will stick with a person through hell + high water. I'm here because outside their lives have no meaning; they're empty. People are judged by how much they have materially even if they have to owe their soul to the company store to get it.

#### Why do I think I should stay communal?

I do ~~not~~ wish to stay communal to have the chance to attempt to repay the debt that I owe Father and the cause. This would allow me to turn in the maximum amount of money, which is so desperately needed in these times. I would quit school and get two jobs or a full time job and a full time church project. I would pamphlet every weekend busting my butt to make as much money as possible - ~~at least~~ at least \$20. each time I went out. As well as thinking of money making projects

feelings on Jesus, God, immortality, feelings

B-3-e-6

Jim-

I feel that Jesus is something that is blown out of proportion. Whether or not he was all that is said isn't important because that lifetime is gone.

I feel that God is the highest principle, which is socialism. The most "godly" person is the most socialistic but we have to use the term "god" because the majority of people are religious and we have to meet people where they are at so we can explain socialism through their terms.

I believe in reincarnation and that we have to keep coming back to this plane until we are socialistic enough to go to a more socialistic plane. But I feel that this shouldn't necessarily be the ultimate goal. We should try to make the best out of where we are regardless that there is a higher plane.

We need to have feelings to bring in more money. The religious people believe that only God can heal them, not socialism. So we have to pretend that it's only God who's healing them so that they'll give their money to socialism. With their money we can buy more lands, etc for the people to have and also to improve our escape means when martial law is declared, so that socialism can live on else where or else die and take the rest of the world with it. Because the only way that it'll die is if they kill all of us and they can't do that without us.

putting up one half of a fight. But meanwhile  
we allow to play their game of religions and try  
to ~~show~~ show as many people to socialism through  
religion as will listen  
I know that Jim Jones is the only  
manifestation of socialism (and to the religious  
mentality, "God.")
