Greg Watkins

I, Greg Watkins , being duly sworn, hereby declare:

I was saved from jail, I was facing 5 years to life and was going to prison and Rev. Jim Jones stepped in and helped me because there was no way out. I was charged of 211FC that is 5 years right off and Jim Jones prophesied that I would not go to prison on September 1, 1976 which was the day of my trial and that day the judge was in anger because of the pressure and he wanted to put me away for 5 years. This all took place at City Hall in San Francisco, California, courthouse #22, Judge McCarty. The charges were dropped and was given credit time served. The judge calmed down and was very nice during the trial not before and this was prophesied by Jim Jones. I was freed on September 1, 1976 at 3:00 pm Wednesday afternoon. Thanks to Rev. Jim Jones and my attorney Jean Chaiken he was sent by Jim Jones. And thanks to Rev. Jones for his help and kindness. A prophecy was given to me from Rev. Jim Jones that I would have been killed at my home and I could not walk down dark streets or alleys but the next day I found my door torn down and smashed to nothing, that's how I know I would of been killed thanks to Rev. Jones I am still alive.

I, Edith Elizabeth Bogues, being duly sworn declare:

I had severe pain in my side for over a year and the doctor told me I had a growth close to my right ovary and scheduled me in March or April to go into Jkiah General Hospital to do an exploratory lapotomy. He said to expect to have a hysterectomy and I signed all the papers. I went into the hospital on Sunday night. When I went to church on Sunday mornin' in Redwood Valley, Pastor Jim Jones passed by me and touched my shoulder and said "Don't worry Edith, you will be fine." When I woke up from surgery I asked what had been done to me. Dr. Robert Cook said he couldn't find the growth but he was sure it was there or had been there. Not a trace of a growth is there now.

In May of 1977 my daughter Juanita Bogue went to an ear specialist at the Presbyterian Medical Clinic for Hearing on Sacramento & Buchanan Streets in San Francisco. The doctor told her that she had 40% hearing in one ear and that the other ear's hearing was very poor also. He made arrangements for her to take a special hearing test. Before the date of the test Rev. Jones told her not to worry, that her ears would be alright. When she went to take the test the doctor asked her what she was doing there because one ear was registering normal hearing, and the other was above average.

Late in 1975 there was a drawing held at the San Francisco Temple, for the winning ticket of a trip to Guyana. It so happened that my name was drawn and I was immediately given instructions to prepare for the trip which was to take place around Christmas time.

The following week I was informed that I would be going on a flight with ninety people aboard. All plans were laid and the date was set but two days prior to leaving, Pastor Jones cancelled the trip because he had had a revelation that our plane would crash. Of course, knowing that our Pastor has never been wrong in anything he ever said, we gave up all plans without question.

Just as had been told us, the very plane we would have been on, crashed and ninety people were killed. This was in all the daily newspapers and the crash can be easily verified.

I, Esther Mueller, being duly sworn, declare:

I have had several remarkable healings that Rev. Jim Jones has healed me of. The 1st healing was a cancer growth of the throat 24 years ago. He called me by name, Esther and asked me if I knew about the growth. Before he even got the words out of his mouth I spit that mess up and he never even touched me. I believed him. I also got my hand in the washing machine. It was mangled. The doctors were amazed by the healing. They said they never seen a hand like it and called in other doctors to see it. This was 15 years ago. Recently I had to go in for a check-up. July 22, 1977. I had facial pains and sharp cutting pains in my head and tingling in my hands. The doctor was looking at that hand. I told him that it went through the wringer up to my elbow. He looked and turned my hand over and over and said that it was the 1st perfect hand to go through a wringer. And after all check-ups were in he said I had no signs of a stroke. I was in perfect health. He gave me a cardiogram and every kind of a test possible and I was alright. I was also healed of blindness. I had a growth in my left eye. I had my eyes tested recently as times before. My doctors - one doctor said when he x-rayed my eyes. That where there had been a growth in the left eye - It was gone and perfect vision in that eye - And vision in both eyes were good. One outstanding miracle in my life was that I had an ulcer on my leg in 1937. The ulcer had eaten 4 inches of the main muscle and no veins in that leg could be seen. Four toes were completely numb, no feeling at all. For one year I didn't walk, seven weeks I was in the General Hospital of Indiana. All Jim Jones did was look at my leg and now my leg is perfect. Life in my toes and new signs of veins. I thank him. He has healed me so many times, sometimes only a touch or even a glance. I was blind, now I can see, I couldn't walk once. Now I walk.. I've known this man for 25 years, he's a man of his word. At the age of 75 years I'm in perfect health.

But it would keep flowing, sometimes after I would get up. No one knew this problem except myself.

For years, as long as I can remember I had terrible pain in my back. I went to the doctor, and was receiving corotizone injections twice a week. The medication did not help the pain. I had pain so bad I would hardly be able to get up. I went to a church meeting one Sunday. Pastor Jones sent a nurse to me and told me my every symptom. I, Irma Johnson, being duly sworn, declare:

I was working out of town some 60 miles and coming home one evening and I noticed a strange sound on the left side near the front tire that sounded like the tire was rubbing up against something. Being quite concerned I stopped at a service station to have it checked. The man there told me it was nothing to worry about that all it needed was a little oil. Feeling confident I went on about my journey home. The noise continued but I kept on driving assured that everything was okay. When I got home I got out of my car and stepped over to speak to someone in the yard. The entire wheel on the left front side fell off before our very eyes. Instantly I knew that it could only have been the power of Jim Jones that kept me safe during those 60 miles.

I had written a check that could not be covered by the bank and the business I wrote the check to made a complaint to the local sheriff's department who when realizing I was from Peoples Temple called up Jim Jones to let him know that one of his members was in distress. Pastor Jones has done so many good deeds to help people in the community, to be law abiding and a perfect example for his members to follow. The sherriff knew that all he needed to do was to notify Jim and he knew that the situation would be taken care of. For indeed it was Jim who paid the money to the business that made the complaint and offered me financial assistance until I was able to get on my feet again. I was extremely grateful because not only was I saved from a jail sentence which it would have been because I had no money to pay the bill and because of the financial assist I received I was able to live comfortably until I got a job.

On the following Wednesday, only three days later I was in the Wednesday night service, and Jim said anyone with bladder infections think on him. Tests were scheduled to determine exactly what the problem was. I had said nothing about this condition to Pastor Jones or anyone in Peoples Temple. One night Rev. Jones just turned around and looked at me with much concern, as I was in a lot of pain at the time. The next day I went back to the doctor who checked me again. He was amazed to find that the spot he had seen and worried about on one of my vertebraes was now gone. My back has not bothered me since then.

I, Evelyn L. Bichler, being duly sworn, declare:

Pastor Jones healed me from a heart condition at a young age of 16. My heart used to palpitate very fast when I was sleeping or just sitting down and I would get pains in my chest. I was going to visit a doctor about this but Pastor Jim Jones sent me a cloth which I put on my heart and I have never had any problem since.

I lifted some heavy furniture once and I felt my back strain. For the next couple of days I had such terrible pain that I felt I couldn't even stand. Pastor Jones sent me a cloth. When it touched my back the pain left immediately. Now my back is strong and I can lift things without pain.

I, Terry Jones, being duly sworn, declare:

One morning in December of 1974. I awoke to cook breakfast. We had a gas stove. The gas had been leaking all night. I turned the burners on though I did smell the gas. It was a grill. I went to eye level with the grill and lit a match. I wasn't close to the burner but the whole stove blew up with gas. The force blew me back 4 feet. Fire was all over my hair face and top half of my body. My shirt was burned (not wearable) but the only thing that happened to my face was my eyebrows and eye lashes singed. This happened at 7:00 AM at 7:05 PM Lew Jones called me, he told me Pastor Jones had woke him up and told him what happened to me. He told him to call me to see how I was. Lew reported to me exactly what had happened.

I, Helen Swinney, being duly sworn, declare:

I had suffered severe feet and leg cramps in 1964 and 1965 and in spring of 1966. Pastor Ji Jones healed me. I have not been bothered with cramps since.

In the fall of 1976 I spit up a growth that was literally cutting off my breath. It was spreading rapidly in my throat. Pastor Jim Jones spoke the word and it came out. The pain stopped immediately. In 1967 we had been in California about 6 months. Jim Jones called Cleve (my husband) out and told him that our oldest son Robert and his wife had been in an accident - one that could have taken both lives. But Pastor Jim said he saved their lives. He said at the time that Cleve and I could have taken our lives also. The next day we received a call from our daughter Joyce telling us about the accident. They said that Robert and his wife had a very narrow escape from death. Our son telling Joyce about the narrow escape said it was like slow motion - a car had pulled out in front of him - he was traveling 75 miles per hour. He said as far as he was concerned there were no escape from death. He said he could see himself and his wife layed out dead. I had the privilege of telling them about Pastor Ji. Jones, and how he had saved their life.

I, Lue Dimple Goodspeed, being duly sworn, declare:

I have been a patient of Dr. James Gato on 1st and San Pedro Streets in Los Angeles, California. This was in the year of 1953. Dr. James Gato told me I had a weak heart, bad kidney, and a nervous condition. I suffered with this up until the year of 1973. I was sitting in Pastor Jim Jones' meeting and he repeated the same words that the doctor had said to me. Pastor Jones told me that I received perfect health at very moment. I then went to Dr. Hermon C. Schpen, M.D. on 6200 Wilshire Blvd., Los Angeles, California. He gave me a physical examination on July 31, 1975. He said my body was as sound as a stone, there was nothing wrong with my body.

Again in Pastor Jones' meeting he called to me, to build my faith, the names of all my family and my birth date and year. All this was true and he also told me that I was worrying too much. He said that by April 14th at 3:30 I would have suffered a heart attack. He told me this on April 13th. Sure enough on April 14th at the very hour that he said it would happen it did happen and I felt his presense all over my body and felt much better like I could or would be truly willing to testify to the fact in person that all I have said is true.

I Lue Dimple Goodspeed have been one of his followers for the past five years.

I, Michelle Touchette, being duly sworn, declare:

I was told by Pastor Jones on December 29, 1974 that I had Leuchemia. That day I went to the St. Joseph's Mercy Hospital in Guyana, South America. My white blood count was grossly elevated. When I came back from the hospital he said everything would be alright. I then went to Fomo Clinic in Mendocino County California, USA for a complete workup on the condition. All test results came back negative and the once grossly elevated white blood count returned to normal. My physical fatigue and debilitated condition resolved and I have no longer any medical disability.
