

Interpol: Washington Office October ²⁰ letter to Georgetown Office
from Mr. Louis Sims
RE: JJ file # 13024
Subject: Trafficking in Currency and Weapons

The cover letter was accompanied by a report given by an intermediary agent S.E. Murtaugh. Murtaugh was reporting on information provided by an agent who met with 13 former members on February 24, 1977. The agent was unidentified. (Feb. 3rd - initial contact made.)
From information given, it is clear that one of the 13 was Grace, *Danny Phillips*

POINTS:

one source mentions having had 170 weapons stored in her home (Grace) claims sent to G.
Ex Mary Ruth named as person receiving \$\$\$\$.
One source mentions having had 200, 300 \$\$\$\$ kept in her home
Mentions allegations
says that because of PT ~~political~~ political influence in welfare, SF, DA and other departments, no investigations of allegations possible, therefore the 13 had ~~contacted~~ contacted investigative reporters, and subsequently articles appeared on Jones and in broadcast media.
Jones allegedly seeking political influence in G. "possibly an ambassadorship" (this could possibly refer to letters sent in that regard from TOS to Mondale in Nov. and Dec.)
claims that by estimates PT has several hundred weapons in ~~the~~ G.
claims that in 1975 ~~was seen~~ JJ "was seen: throwing tear gas into demonstration in G."
sees JJ as seeking to politically influence and become ^{a factor in} ~~the~~ G politics.
Mentions support of ~~the~~ Black Panther Party and Black Muslims.
does not mention us as ~~being~~ Socialist-- probably because the two above mentioned organizations have a reputation for violence which fits in with this weapons thing.
+ Talk in code to SF on radio.

- ~~XXXXXXXXXXXX~~
- *** says that G. and PT have agreement that no inspection of any crates marked agricultural supplies or "used clothes"-- inference that we are shipping in shit with cooperation of G. government.
- *** Observers now located at Houston, New Orleans, Miami to watch PT shipments ~~are~~ going out.
- S.F. immigration confirms being "deluged" with requests for passports from people going to G.-- part of move to G.
- RECOMMENDED FUTURE ACTION: MORE OBSERVERS, and immigration to watch for \$\$\$\$ and weapon trafficking, investigate. → (more outposts to observe)

- Also mentioned *Dennis Banks* - approached - (didn't mention Corn by name) - conversation taped + tape turned over to Jones. - Subsequently 5 letters received that contained references to parts of conversation, says she did copy.
- Also mentioned reference to state dept involvement in investigation.
