

Don Bone 10/4 No TAFE

Went to grain school of Don A. Com in Richmond. He is about 50 years old. He is a native of the Bay Area. The family owned a store in the Bay Area in what is the county public class with off.

I know him off at on the High School. He went through school together in High in winter. Don is Christ-Christie youth. He went to Richmond Union H.S. He was a better than average student - took a business course. He did not go to college. Got married just out of High School and got a job with St. Cal. as a laboratory technician. They trained him. Job spec is cookbook - routine quality - quantitative products quality control. He has a B.S. in business but still then. Married a girl who was a teacher at a school. Divorced about 1966-7. Then living in or near El Solvante (tract) Contra Costa County. Never had much money. Wife went to school off and on, never finished. They supported family good standard of living. D.B. doubts he saved enough on his job at \$600/yr in early 1960's to support that std. of living.

D.B. got to know this in 1962 - gradually from 30 on in work to the more whole together and more activities. He can remember Agre in fairly brief. Agre was well educated - politically aware (liberal front). Active in Oakland Housing activities - integration in no discernible way. He would talk a lot of liberal

 never was on point him or bulletin, etc
 looking had to work. When they
 which is similar - 1945 group worked out
 of First Christian Church - 1945, a community
 group, covered a few affairs, tuition, groups at
 church - directed towards minority or that call
 juveniles.

Elmer went to Berkeley High, also went
 to work for Old Old, some led and some
 time as com. stayed there till he moved
 to McVilly. Must did a part of part of
 of S. the worked for old and worked for
 them for over 15 years - till 1970. Dan
 must worked together.

The two families lived together a part
 of large home, in a sort of comrad relationship
 from 1962 to 1964. This was 9 children,
 the 4 adults (both Quakers) wife first
 was - Zora. This was also D. B.

and of and on two years to the mother
 and wife at minimum. Quakers going
 with wife's Zora in wife's ^{H.S.} group - U.S.
 social clique - through the white group. Must
 came in after for Calley - 1948 - all that
 the Dan must did the must must Zora
 Dan had had coming go with Zora before her
 marriage - all age - in late 50s. When
 must you had he was just.

Quaker's politics were not pronounced
 nor claimed that a good standard
 or standard to be in must standard. The

ties were through the church. He really believed
in it, but the more he thought, "Commie was
hell, but it was not hypocrisy - more of a work
hard arrangement to raise money. The like
of it with hard work. House problems were
economic, class, child problems.

David had started to do stuff with usually not
good old house. Regular habits. Determ - a
theater group, semi-actor. Strong parts...
good singer. Not good with dead-repays.
Must did that stuff.

Commie looks up over a conflict bet
Joe & David, but it would stop over the
guys, then it tied up. One stayed in the
house as did P.B. Marts family left.

Both Dave & Marts got divorced (1962-68).
When the Commie looks up
the concern of the family
dropped off. Dave & Joe were coming to see
each other & it was messy. Dave's must about
had a push for a dog out. Wasn't arguing, need
of it. Must then but Dave & Marts. Must
beat Joe up just before Dave got out of David.
When Joe & Marts split the thing bet
Dave & Joe also deteriorated.

David is married - lived with Donna Black
starting abt. 1969-70, still going.

Must met and married Donna abt 69.
Met her at parents' party at Oakland.
She was a strong church.

Was still working together but finally got
kind of out.

Peter had been in the room with the Barrett

 after 1959. I'd not got them out of there
 The Pastor Bob Hanson was there for a while

Group was in contact w/ P.T. in Oct. 1969,

 rather nice. A lot of advice. Bob learned to get
 on better but got left the group by someone
 @ Christ Church. Rich started staying the

 a lot from simple to basic. One person who
 had a copy of the other group in Grand

DB wanted to stay. Most of us were "Tubby"

He was trying to convince DB from not
moving on in the Temple. Don't know you
from this guy?

DB, Mueller & others continued to go --
don't know. They were the subject of the
R. C. group. Even in CIA. Don't feel
just any other way about the group.
Generally put together.

Can remember lot of stuff about changing the
structure of the church, and political level of
discrimination.

At the time Mueller moved to the Valley,
in '70 the Mueller & Co. were talking
as for a DB move, he was talking with both
groups as was long before.

That group began to split in 1968, 1969 and
in '68 they were playing around with the
which kept tension bet. very high, as they
split when they began to come to Temple regularly.
Mueller moved separately in '70, and got quite
some work. Then stayed with Mueller & later
got Don to come up & all legal. In '70 Don
first time met in work. Still Oct. during work
and gradually worked their way out. He other
guy & Bully & sold his house. Don & others
have looked further about. Don & folks

Must have had it look like a big tree, but
I had the tall, not a more like a
grass in front, but a low, spreading
blue like the R.M. with wet, like the
traps in the valley. Also saw R.M. 5th End
in a list of other trees.

DB. knew of the getting the only - I
not found to the valley.

They had a full get (study group) and
got before DB. showed and a first and got

Grace was close with D. Kutler, before he left, with
Jack Arnold Ben. before he left, with Walter Jones -
she started hanging around with him shortly after
Jack left. She said she had some time as a companion. Grace
spent a lot of time for her.

Melani had found \$1000+ under b.S. mattress, money
missing from that \$100 in a Q.T.P. box at Carpenter's
stack of \$100 bills. Doesn't know if it was TOS or not.
Grace has money out of church, pretty much. When he
left the \$ was gone, he clothes, six of John.

She talked a lot leaving around there.

Melani was close to her.

Had a lot of physical contact with W. I would've joined
with him. Tossed him somewhat as you enter? Was a
kind of intimidation. Grace never brought money on
trips like she had at home - she never spent it.

We were staying for aircraft through a contact
in Dallas, Tex. got Robert "Buster" Adams
service. The man who owned the
aircraft was from a DC 8-33 type
aircraft. One was from KLM & the
airline, Holland. The other was owned
through VTA (Vietnam Trade Agency) in Saigon. On arrival
the first aircraft was a Boeing 707
designated, but was a Boeing 707-300-1 - went
to Bait - went to Cadiz, and regular
and operated, made a flight to Saigon. We then went
to Saigon for a aircraft in a flight - but
was a Kinshasa, Zaire. After a VTA arrival
for us to go next at their expense. We to
Kinshasa, received, went to visit aircraft.
made an inspection. Found a flight schedule,
but a record about it.

We set to SF, could not make an office
in L. Reply "no longer for sale" - they had not sold it,
but they didn't say they would. Office in Saigon
(tele. or fax?) called to see if aircraft
no longer available for sale (at least
from us - we don't know after that).

At the time we were at Kinshasa it was
very obvious that the CIA was being
involved in Angola, and operating out of
Zaire. A part of the airfield was
closed off and secured by security
forces. US military aircraft were
moving in and out at regular intervals
(small twin engine turboprop aircraft).

Dear Mark

I am enclosing T.1.1 which is a list of materials requested from stateside, simply as a reference, and T.1.2 which is a list of recommended investigation areas. T.1.2 is significant in that articles are a good source of background material (we have requested that SF copy and send you our collection) and that reports of fires, bombings, telephone harassment were made to local law enforcement over the years.

The history of Peoples Temple goes back to the early days of the civil rights movement in the 1950s. A summary of Jim's working history is as follows: began past a church as an integration vehicle in early 1950s - United Cuba in 1957 and 1959. General secretary to the Commission on Human Rights, Indianapolis, Indiana about 1958-1961, while maintaining Church work in constant harassment during this 6-7 year period. 1962-1964 Escola da Favela, Bella Horizonte, Brazil. 1964 returned to Indianapolis. During 1965-1966 he and about 125 members of the congregation moved to Rast. In about 1967 he began to work in San Francisco and 1969 in Los Angeles. Steve said
