

Sharon Amos

Jean Maitland Singh call to her ~~19/3/78~~ 7/78

- she wasn't feeling well both her and her husband have been ill/ probably overdid it during the referendum
- I said we'd like them to come over and would call her back ~~xxxx~~ in a week

UN .

- I went by there again yesterday 21/7/78 and dropped off some of our pamphlets and the Charles Garry article about JT being a Paradise - neither Hue ~~xxx~~ or Debbie were available and I had told him I'd drop off some literature
- he said again how much he enjoys our broadcast and that if we wanted to we could call different reps and meet with them

CHANCELLOR HAYNES

- I want to invite him for dinner - we told him we would but no-one here except Paula can cook that kind of meal/ I'd like to do it while she's still in town
- maybe also we could have Jean maitland Singh and her husband to dinner and have Paula prepare it (occasionally we need a good cook to come in so we can invite certain people over for dinner)
- Hewley Hinds is perhaps another one we should have for dinner
