

Sharon Amos

Ng A Fook visit to him 11/8/78 Sharon Amos

- went to his office today / Tony was tied up with the situation with Margaret (security) so I went alone
- I saw him in between him pulling a teeth of people/ it a looked like he was doing it without any novacaine/ just clipping them out
- he said that he could up to Jonestown either next weekend or the weekend after that / wanted to know if planes came back on Sunday so he could be back by Monday but I said I didn't think so but would check
- he wanted first 20,000 US and I said that sounded like too much so he said ~~4198~~ \$10,000 and I said I didn't know about that either so he said as much as possible - we could tell him
- ~~hax~~ this would be an exchange and no pay for the trip/ we'd give him US and get it to him in the US and he'd give us Guyana money
