Although I don't have feelings that I can recognize in the form of racism, I do recognize that when a strong disagreement comes, I speak stronger and harsher to black people and by this I recognize my shortcomings.

Male chauvinism, an area where I have made some progress, but here again there are at least two ways I can recognize it in myself. One, the time between my name being called by a male and a female for me to answer, it takes long to answer a female. Two, when using a similar argument to a female as a male, I will argue with less respect and louder voice to a female.

Tolerance toward Youth is very low. I have a difficult time allowing them the right not to have known things which I feel they should have known. Nor the ability to see and do things through a learning period long enough to be trained. I am very impatient although I am able to lead in work, getting things started and even try to complete them by pushing. I find myself figuring ways to keep from getting too tired or from working too long or too hard. I use other lighter work load activities to get out of hard work. Such as school preparations or researching work problems at times when I feel I should be working at top physical labor.

Sexual attraction, I feel has been reduced considerably during my stay here in Gayona, partly because of abstinence and partly to age.

Regardless of this condition I still like the idea of a companion and I am waiting for Inez Wagner to get here. We have a loose agreement for companionship to each other but nothing tighter exclusive.

I do not recall ever having had any sexual thoughts involving you Dad.

In regard to hostility to you, I recently wrote you a note about the P.A. system interfering with school hours and also I have felt the need for quiet near bed time, just to collect my own thoughts. also I have built up hostilities during meal times when quite often it is the only times I get to talk to some people and I cannot talk because we are listening to the P.A. A write up on the Russian Movie and the Day of the Jackal.

The Russian movies showed the great deal of progress made since the Revolution. In the case of the Men who started as ordinary circumstances, with their own effort and training could be a leader in 1. Steel production items, 2. Laying railroad track in very trying circumstances and taught crews to work together with close harmony to accomplish the impossible. Also the heavy construction unit crew leader who helped to build at least three construction jobs which rank on the world scale. The air force pilot who wound up growing wheat in super large quantities and ran a freindly competition with a Manchurian who was a Family friend and celebrated together. The Women who were also members of the Soviet Government, even when they keep their jobs in the factory or as a writer. They do not have to come from the right families or the money families in order to get the responsibility of government.

The people in the parades appeared to be well fed and very high spirited. There was a close tie between their heroes and the people in the side lines as shown by passing out the flowers.

Day of the Jackal. The killer was definitely dedicated to his work. Even if he had no obligation to complete his assignment he did so anyhow. It took a lot of planning and a great deal of body skills as well as know how to accomplish his feat.

Super secrecy was the big asset which allowed him time to do it at his own time. The purpose of the contract seemed to be more of revenge than to bring about change, because the political damage had been done and at this time could not very well be reversed. He was very cold blooded in all his efforts which allowed him to accomplish his purpose.

 I also lost church money by making unnecessary purchases while

Book "Chile: Prisoners of War" by Orlando Corrasco

1. 9 million U.S. dollars paid for the coup.
2. No one chose to leave the radio station when fighting broke out
3. Full scale attack on government center, including U.S. aircraft.
4. Prisoners were interrogated, beaten, not allowed to sleep, and very little food. Then taken to temporary concentration camps.
5. Three years earlier Dr. Allende won the election and stated a socialist government. 9/4/70 after the election the right wing and the military created much unrest. The military would not let workers out of the mines.
6. Forms of torture; 1. run between soldiers while they beat and kicked. 2. Beaten while questioned. 3. Jammed elevator doors on victims fingers. 4. Ate cloth. 5. Alternated with kindness and brutality. 6. Hate and fury humiliation, breaking the spirit. 7. Threatened to shoot. 8. Disorientation, not knowing where they were going. 9. Continuous running, fatigue. 10. Deprivation of food and water, and opportunity to urinate and shit. 11. Sitting motionless. 12. Physical exhaustion. 13. Beating and killing others around them. 14. Subject to cold.
8. At the national stadium 2 days later. All detainees were brought there. Forced to jog, skip and jeered at by the military. Editor of "Horizonte" Magazine, was inspired by the sight of the workers from the magazine to continue the fight, because of the 30 years prior persicution by the rightists and coming out stronger each time. The magazine was destroyed. The "Prince" the man in charge of handling the detainees, a tall young man, carried a small whip Macho, swayed hips, gave the impression of a woman. Officers lied to the soldiers and tricked them by saying they were going to fight the enemy soldiers.

He made long speeches, where he would "bury" Jews, Negroes, foreigners and Marxists to establish purity of the Chilean race. We were made to go three nights without sleep. The "Prince" said that he would teach them a lesson they would never forget. A sleeping man put out leg and tripped a soldier; he was hit and he fought back. He was beat to death. The soldiers got hysterical. A 9 year old boy ran into a guard and was shot to death. Shot three times. He shot into the ceiling while prisoners lay face down. When prisoners tired to sleep they were made to physically move around. Some detainees fainted from hunger. Prince gave many beatings. He beat testicals with whips, all toilet facilities overun with piss and shit. Victor Jara was there in basement on bench calm, spent his last hours there. Dad,

I don't know how important these are but Harold and I were talking about different things and the crises came up we discussed The Williams and different news then a little later he said a lot of things are going around in the States about these things that made him paranoid and depressed. He wouldn't tell me what it is said he wants to forget it all and put it behind him. Anyhow right after this he said out of the blue I remember when the monks sat down in a group and burned themselves. He didn't think it would be effective and would give the enemy a chance to say you had just brought us all over here today. I was wondering where he heard about us burning ourselves. It's not a usual topic of conversation. Also he has told me on several occasions when John has been very friendly to him. Also he said he didn't bring any guns with him. He gave his last one to Sandy B in S.7. I asked about the classes in exercises he took he said it was a Jr collage class cost \$1.25 to enroll. I don't get a chance to talk to him much, my schedule is fairly set and due to a wronger break breakdown he's been putting extra hours in the laundry. (I don't want my work schedule changed. I enjoy every thing I do.) He's been coming home spending his lunch hour here. I saw him try to talk to Denise. He thinks Teeny is cold to him, wonders why. He seems to enjoy working in Lancia's crew. talks proudly of his blisters and being able to keep up with the rest. said being older he was afraid he couldn't keep up with the rest of the crew. He sort of wishes to go to work. He said he would like to work a while on each crew because he is supposed to do an analysis (can't spell that word) on each crew & the work they do. He hasn't asked me any more about security. He keeps having headaches every day I told him as soon as the impurity go out of his system they will go away. today he talked about being a communist in practice. He's in a working for change. How he liked being a part of what is happening here he sounds excited about the different things we are striving to do to make a go off it here. He is always positive. I was itching about some one taking 3 pair of socks of the line he told me. It takes time for people to change. but they will.

Dad I didn't mean to pressure you to bring him on the floor. I can take this indefinitely. He is being kind to me & to the children but in the cottage when I said I might have to go to a house supervisor meeting for the girls he asked if he could go to after all he is a child supervisor. I frankly was surprised. It sounded like you might want to bring him up because of the way you were talking. I am ready at any time. I didn't understand when Anne

Said Carolyn said no, don't do it. then later said do it but easy, mild
light or some ~~thing~~ like that. I don't understand and either did she. If I could have
a guideline of what you want me to do I can do it. I'm not at all hesitant
to do it. I don't want to mess up is all.

I deeply appreciate your allowing me to be over here I love it and
I thank you for showing me the way to face myself in the dying situation.
I've faced the fact I'll very likely die here and feel very proud that I can
die for what I believe in. I don't have any problems with burning myself
except I might not be able to sit still. I'm not sure I could completely
cutting my throat all the way across, but I could enough to get the
job done. I could put a knife in my chest easy. I feel uncomfortable
with ~~choking~~ drowning because of my fear of water but I could
do that also. Nothing else except the baby bothers me. But I could do
that also. I also thank you that all my children including my adopted
child are strong and not afraid of death as far as I can tell. I know this is
due to your great love for all of us. I appreciate your telling us you love
us over the P.A. every day. I've seen so many ~~of~~ smiles when you

Father,
The reasons that you brought us to this
place of safety are:

1. The effect of the destruction that the nuclear
bomb will cause
2. also the hydrogen bomb
3. From the earth quakes and famines & water shortage.
4. The result of Senate bill 14-27 that took the place
of senate bill no. 1.
5. Because of the genocide treaty: a treaty to kill all
black people. U.S. South Africa Chile would not sign.
6. Because of Saudi Arabia and Iran who are going to
try to control the economy of the world
7. Concentration camps
8. Nazis
9. The bill that would allow children ^{of 14} to be subject
to the death penalty.
10. nuclear war
11. Geometric theory. Mad Island Breaks
12. The division of the U.S. into a black and white
nation.
13. Bakke decision.

we left the U.S. because we
wanted to be free. We came
here to be safe from all
earthquakes, and to free from
concentration camps. I came here
to be free from senate Bill

Dear Pastor,

I am a regular listener to your radio broadcast and I find it to be very interesting and helpful, so I had to write to you for your help and guidance. I am 26 years of age and I feel as if the entire world is coming in on me with problems. 1st I was an alcoholic but I was able to control this problem. 2nd I was married and my marriage ended up in a divorce. we have 2 daughters 9 years old which is likely to join her mother in the United States. 3rd I was a victim of tuberculosis at the age of 22 but I can't even come the sunny of my illness, because of the illiteracy of my parents and fellow work mates, they usually scorn and say a lot of ill things about me, and because of this I was forced to leave my job and run. finally I sold every thing I had home, car etc and ended up in Canada. I have spent 3 years and 7 months in Canada I was getting on fine until I booked my girlfriend passage to join me in Canada both of us was illegal, until a friend decide to help us, I know very much that I allowed her to get married, and the two of us lived together as man and wife until she was granted landed status and got her divorce so we can be married and be free from the law, but instead of trying to help me, she has jilted me and reported me to immigration and I was sent home. Now that I am home I feel so ashamed and embarass because of gossips, I just feel like ending my life and I am thinking very serious about it, because since I came back 2 months ago, I can't get a job and I started to drink and my relationship with my parents are the same as before. I do not have a proper place to stay and some one to cater for my every day needs food, washing etc. there is so much I could write that it may probably take pages to explain. later I had an idea to contact about Joes Town, but I don't know if it is possible for me to be a member of your organization, so that I could live and work with your community at Joes Town.

To-day, I overheard Vincent talking to Erma Wingrey. His question to her was, "Did you get any of the bacon they sent you?" Erma answered (in a very frustrated tone), "Why no, they have not given me one slice of bacon."

I felt this to be extremely cruel and inhumane. I do not understand what kind of game Vincent is playing because Delika said he also made ugly remarks to other Seniors, such as:
1. To Crean Poplin: "How tall are you?" Upon answering that she

Dear Father,

Thank you for giving me the chance to be here. Seeing all this, plus the experiences of the past months of crisis, have brought me such a sense of the profound beauty of socialism - of collective and even personal fulfillment, more fulfillment than I have ever known in life and really more than any one person deserves. Even during the portion of the crisis we faced in San Francisco, the moments of trust between comrades committed to stand the true basis for human relationships you have given us - There is nothing more on earth I could ask for than to be your follower, to learn principle and learn to live by it, to be part of this Communist revolution.

Thank you.

Subject: why I am here.

I am here to escape the many things I would have had to undergo had I been forced to remain in America, such as:

The Climatic theory - Destroying blacks, poor whites and Indians

The horror of earthquakes and famine

The neutron bomb, which would destroy all life but no property, even so far as not lifting a piece of paper off a table.

Senate bill 1427 (replacing Senate bill I) which requires one to respond to a police officer as the officer thinks, in his own mind, it should be done.

Nuclear Warfare - Use of nuclear bombs.

ECTAB40a (over)

Racism - Growth of K. K. K. and
Nazi organizations.

Fascism - Police state.

The laser beam and the stupid
thought by the United States to
use the bug bomb to counteract,

The concentration camps, which
are already prepared and some
actually in use.

The war that will probably
occur due to the trouble over
oil.

The Bakke Decision - Blacks
unable to attend schools of
medicine or law.

The death penalty now includes
fourteen year olds.

Three countries, (U. S., South Africa,

I did NOT turn in MY News Article. There is so much noise around here that I cannot concentrate. The morning starts out with the double talk from the radio (that seems to be taking a break now) there is always music or talking over the speakers all day long and by the end of the day my ears feel like an atomic bomb has been exploded in them. If the music is played between 8:15 A.M. - 11:30 A.M. the children does not concentrate on their lesson, they pop their fingers. Naomi Johnson does not want to teach on Monday, says she can't be ready by Monday. So far I've only let her teach spelling and math. The first week she was with me she slept in class, I gave her all kind of advice on looking over the children's lesson before coming to class. For two weeks she taught the children how to do math, division, wrong. I thought she was just nervous and would improve. She still grades the children's paper wrong. She won't ask questions when she doesn't know. I think she has a very good organized mind but I don't think she is alert enough to teach our age level. She is not doing any better now than when she first started. It's causing me a lot of frustration and the children. She does not know enough and will not study.

EEIAB4A

oh yes some teachers plays the record player in the morning. I could get something out of the news.

But AFTER a while, having to listen All day it just becomes NOISE. I think that I must still have slow motor reflexes Because when I'm sitting and concentrating I miss a lot of the things you say.

And until I heard Lee talk, AND saw your concern For Peter, I hated, you because I did NOT see ANY goodness in your character. I could see you being courageous and bold, but goodness I had NOT seen. It's awful that life has to be this way. After seeing this I don't mind becoming more like you - because I believe more of ^{the things} ~~what~~ you say ^(I know now that I based my commitment on you + Not Pr). I thought that I would live A long time because I don't care whether I die or Not, plus I thought if I died I wouldn't have to suffer or have pains Any more. Dying, would just be too good For me.

DEAR FATHER,

SORRY FOR THE LONG ABSENCE WITHOUT A LINE TO YOU BUT HAVE BEEN TRYING TO SEE THAT THINGS MOVE ALONG KNOWING WELL THAT THE MORALE OF THE PEOPLE IS VERY IMPORTANT. AM HAPPY TO REPORT THAT MORALE IS HIGH. EVERYONE TO A MORE OR LESSER DEGREE, (THE WORKERS) ARE FEELING THE IMPORTANCE OF CARRYING ON TO OUR FINAL GOAL.

I HAVE JUST RETURNED FROM THE EAST COAST ALSO ALL OF THE LITTLE CITIES SURROUNDING THE GULF OF MEXICO IN SEARCH OF OUR DESPERATELY NEEDED BARGE AND VESSEL. NEEDLESS TO SAY, ON BEING ABLE TO OBSERVE THE COUNTRY AND TRYING TO FIND WHAT WE NEED, ALL OF YOUR PREDICTIONS AND EVERYTHING THAT YOU HAVE TOLD US IS VASTLY COMING TO A POINT OF NO RETURN. CERTAINLY AMERICA IS PLUNGING AT A FAST RATE TO THE PROVERBIAL "HELL IN A HANDBASKET". I FOUND VAST MISREPRESENTATIONS ABOUT THE BARGE THAT GENE AND I HAD CONCLUDED HAD ALL OF THE VARIOUS DIMENSIONS AND EQUIPMENT THAT WE NEEDED FOR OUR OPERATIONS IN THE P.L. UPON INVESTIGATING THE VESSEL WE TRIED TO FIND THE CAPTAIN THAT HAD DONE THE ORIGINAL SURVEY. THE SURVEY IS SUPPOSED TO GIVE AN ACCURATE ACCOUNT OF THE CONDITION OF THE VESSEL. RICHARD AND I FOUND OUT THAT NONE OF THE REAL BASIC THINGS HAD BEEN CHECKED, SUCH AS AUDIO TEST AND ALSO ELECTROLYSIS TEST. THE AUDIO IS A TEST TO DETERMINE HOW MUCH OF THE BOTTOM AND SIDES HAVE BEEN EATEN AWAY THRU CORROSION OR THRU SCRAPING THE BOTTOM OF THE VESSEL. THE ELECTROLYSIS TEST IS TO DETERMINE THE WELDED SEAMS OF THE VESSEL. WE CONTACTED OTHER SURVEYORS AND WERE ADVISED TO MAKE THIS OFFER. THAT WE WOULD PUT THE VESSEL IN DRY DOCK AND IF THESE TESTS PROVED GOOD,

EE1AB42a

(ELECTROLYSIS AND AUDIO) THAT WE WOULD PAY FOR THE DRYDOCKING BECAUSE THE MOTORS AND OTHER THINGS HAD TO BE INSTALLED AND WE WERE AWARE OF THAT AND ALSO THERE WAS A GREAT ACCUMULATION OF BARNACLES BELOW THE WATER LINE. WE KNEW TO GET THE PROPER TESTS AND EVEN TO MAKE FOR GOOD PRESERVATION OF THE VESSEL THE BOTTOM NEEDED TO BE SANDBLASTED SO YOU COULD GET DOWN TO THE REAL METAL AND SEE IF IT WAS ADEQUATE. I CALLED THE OWNER OF THE VESSEL AND TOLD HIM WE WOULD PUT IT IN DRY DOCK BUT IF IT PROVED TO PASS THE TEST WE WOULD PAY FOR IT, IF NOT HE WOULD PAY FOR IT. UPON THIS HE PROTESTED LOUDLY AND SAID NOT TO PUT IT IN DRY DOCK. I THEN OFFERED HIM 8 CENTS A POUND FOR THE SCRAP IT OFFERED. HE TURNED ME DOWN FLAT AND TOLD ME HE HAD OTHER PEOPLE INTERESTED. I TOLD HIM I'D TRAVELLED ACROSS COUNTRY ON HIS RECOMMENDATION THAT IT WAS A GOOD VESSEL AND I HAD FALLEN OVER THE LINE TRYING TO GET TO HIS VESSEL ALL THE WAY FROM CALIFORNIA. HAH HAH !!! NOW THE SURVEYOR MR. WOOD THAT WE CONTACTED SUGGESTED MANY PLACES IN NEW ORLEANS WHERE WE WOULD FIND A MORE CONCENTRATED NUMBER OF BARGES. I HAVE LOOKED AT MANY BARGES AND FOUND OUT THAT GETTING A BARGE WOULD BE NO PROBLEM, BUT TO OUR SPECIFICATIONS AND OUR NEEDS A REAL PROBLEM INDEED. THE SELF PROPELLED TYPES WITH A CRANE AND CREW QUARTERS ARE FEW AND FAR BETWEEN. NO DOUBT RICHARD HAS INFORMED YOU OF THIS. I CONTACTED MANY SHIP YARDS ONE OF WHICH SUGGESTED THAT WE BUILD OUR OWN AND INFORMED ME THAT HE WAS IMPORTING STEEL FROM BRAZIL. HE SAID THE STEEL WAS OF THE SAME QUALITY THAT WE PRODUCE HERE IN THE UNITED STATES AT ONE THIRD CHEAPER THAN IT WOULD COST HERE. I PHONED THIS INFORMATION BACK SO THAT IT COULD BE RELATED TO YOU. I DON'T KNOW WHETHER YOU GOT THE INFORMATION. HE INFORMED ME THAT IT WOULDN'T COST TOO MUCH TO GET A

EE1A8426

MARINE ARCHITECT TO DRAW THE PLANS FOR SUCH A VESSEL. SINCE BEING BACK HOME I UNDERSTAND THAT RICHARD PARR AND KEN NORTON HAVE BEEN KICKING AROUND THE IDEA OF MAYBE BUILDING DOWN THERE A WOODEN BARGE OUT OF OUR WOOD, BUT THERE IS A TREMEMDOUS STRAIN ON EVEN METAL BARGES AND IN MY OPINION AND FROM WHAT I HAVE OBSERVED IT WOULD NOT BE TO OUR BEST INTERESTS TO TAKE ALL OF THE TIME AND EFFORT FOR A PROJECT THAT WOULD NEED CONSTANT REPAIR FOR SUCH HEAVY LOADS AS WOULD BE REQUIRED TO HAUL.

THE SURVEYOR THAT WE WERE TALKING TO ADVISED THAT I LOOK INTO THESE DIFFERENT SHIP COMPNIES IN NEW ORLEANS WHICH I DID. AS I CONTACTED MANY OF THEM I RAN INTO THE SAME OLD PROBLEM OF PEOPLE WANTING TO SELL OFF JUNK THAT HAD THE LIFE USED OUT OF IT (THE BARGES I MEAN). ON CONTACTING ONE OF THE SHIP YARDS A MAN ASKED ME IF I'D HEARD OF THE MARINE EXCHANGE CORPORATION ? I TOLD HIM I HADN'T AND HE GAVE ME ONE OF THEIR BOOKS. I PROMPTLY CALLED THEM BECAUSE I SAW SEVERAL THINGS IN IT I THOUGHT I OUGHT TO LOOK INTO FOR US. WHEN I INFORMED HIM WHO WE WERE (VALLEY ENTERPRISES) HE INFORMED ME THAT THEY DON'T DO BUSINESS WITH ANYONE NOT LISTED WITH THEM. THAT EVERYBODY THAT REGISTERS ANYTHING FOR SALE WITH THEM HAS TO BE INVESTIGATED AND THEIR VESSELS OR WHATEVER THEY ARE SELLING HAS TO BE IN USEABLE CONDITLON. ALSO THAT THIRD PARTIES ARE CUT OUT AND THERE IS NO MISREPRESENTATION AND ALL OF THE VARIOUS THINGS THAT I HAD RUN INTO WITH THAT OTHER S.O.B. IN ST. PETERSBURG. IN THE PUBLICATION THAT WE ARE GETTING ON THE MAILING LIST FOR, IS A COUPLE OF UTILITY SHIPS 100 FEET LONG AND 30 FEET WIDE AND THE PRICE IS BETWEEN 75 and 80 THOUSAND DOLLARS. THERE IS ADEQUATE SPACE TO HAUL QUITE A BIT OF FREIGHT AND ALSO QUITE A FEW PEOPLE. NOW THESE VESSELS ARE LOCATED HERE ON THE WEST COAST AND AS SOON AS WE GET OUR MEMBERSHIP CARD BACK THEY WILL INFORM ME ON HOW I CAN CONTACT THESE PEOPLE AND THEY WILL SEND ME ADEQUATE INFORMATION TO SEE IF WE WANT TO PURSUE THIS PARTICULAR AREA.

EE 1A842c

YOU MENTIONED A FRONT GATE TYPE SUCH AS AN LCM LANDING CRAFT TYPE. THERE WERE NO SUCH VESSELS IN THE GULF OR LOWER EAST COAST AREA BUT I WAS INFORMED THAT THERE WAS A CONCENTRATION OF SUCH TYPE VESSELS UP AROUND VIRGINIA AND THE CHEASAPEAKE BAY AREA. EVIDENTIALLY THEY ARE AN ITEM HARD TO COME BY AS NORMAN HAS TRIED BEFORE. ONE WAS LISTED BUT IT HAD BEEN CONVERTED TO A PILE DRIVER FOR MAKING DOCKS, BREAKWATERS, ETC. WE ARE WAITING FOR OUR REPLY FROM THE MARINE EXCHANGE SO WE CAN GET ON WITH THE PROJECT.

I PUT THE VAN ON THE DOCK TO BE SHIPPED OVER THERE,,SO IT SHOULD BE LOADED WITH THE REST OF OUR STUFF THE LAST OF THIS WEEK. ALSO TALKED TO OUR SHIPPER AND HE WAS TELLING ME THAT IT IS NOT UNCOMMON FOR THE CUSTOMS TO MAKE PERIODIC CHECKS ON ITEMS BEING SHIPPED OUT OF THE COUNTRY BUT WHAT SEEMED TO BOTHER HIM WAS THAT THESE PEOPLE LOOKING THRU OUR STUFF WERE NOT LOCAL CUSTOMS PEOPLE. HE SAID HE TOLD THE CUSTOMS PEOPLE THAT WE HAD SHIPPED AN AWFUL LOT OF STUFF WITH THEM SUCH AS AGRICULTURAL ETC., AND IF THEY HAD ANY SUSPICION OF US THEY SURE WAITED A LONG TIME TO LOOK INTO ANYTHING. SO HE IS WRITING A LETTER TO THE HEAD OF THE CUSTOMS AND TRYING TO FIND OUT WHY HIS DOCK AND OUR STUFF WERE BEING HARRASSED. HE WILL GET THE INFORMATION TO RANDOLPH AND YOU WILL BE ADVISED AS SOON AS WE LEARN ANYTHING .

A NOTE OF INFORMATION. THE WORKING CLASS BLACKS OUTNUMBERING WHITES DOWN IN THE NEW ORLEANS AREA, LAST SATURDAY ELECTED THEIR FIRST BLACK MAYOR. ISN'T THAT IRONIC THAT AT THE SAME TIME EIGHT SENATORS WERE TRYING TO GET AN IMPEACHMENT PROCEEDING GOING ON IN WASHINGTON TO IMPEACH ANDY YOUNG. ARE WE TO ACCEPT THIS AS PROGRESS FOR THE BLACKS?

The reason why we left America because of racial, fascist and Communist country. We ~~are~~ believe in socialism. That is the only way we will be able to live in peace and harmony. Senate 1427 just past a bill that the death penalty starts at the age of 14 years of age. This has never happen before. Socialist is a step to communism and communism is everything owned by the people. The neutron bomb kills people but leave property, that is a new weapon ~~that~~ that the United States made. Poor blacks, indians, whites never got the chance to really be anything in life except for an uncle tom, but when it all balls down they still haven't accomplish nothing. Any one that has \$50,000 dollars never went to the gas chamber. Now the police ~~and~~ has also started something in order to keep the people oppress and their story is that if you he or she should ask a question and not get the answer that he had in his mind it would be a felony. This is a weapon is a poison that is put into the water to kill all people of color, meaning poor blacks indians mexicans. Capitalist ~~is~~ was never for socialist because the ~~sea~~ rich owns everything. Concentration camps laser beams stops all missiles and that is one of russia's weapon. Elaine Backson D4

Dear Dad,

I don't have much to say but wanted to let you know I am fine. I keep busy but with Teri here the biggest load of responsibility by far is on her. I do not mean to manipulate and am even hesitaht to say anything about it, because what I say about this comes out sounding manipulative. It is a relief with her here. That is surely a felection on me, because responsibility is something I will gladly share, or duck out of is pprobably more like it, whenever I can. But I want you to know that I will stay here and carry whatever I have to for as long as necessary. Whoever is here.

I miss you. In melancholy moments I am very sad about separation and the passing of time when I am not in your proximity. It has made me much more aware of the awsoneness of what you are doing, and the finality of things. Words are hollow and in reality I do not do all that I could to uphold the work here. The troubles with Leona, for one thing. I take a large part of the responsibility for that. Keeping to myself and not communicating. That won't happen/^{again}as long as I am here.

I feel for the burden you are carrying and for the heartbreaks. I cannot conceive of life without knowing you. You have touched my life very deeply. Whatever happens, life as you have given it to us is fulfilled. Thank you.

Jim:

Thank you for putting up with the daily miserableness that you go through. Your kindness and understanding never ceases to amaze me. I am very sorry for getting upset and all on the radio repeatedly and please know that I am with you to the very end. I cannot begin to imagine the utter agony of your responsibility and loneliness and still I respond curtly to more instructions and the like. I do realize that you don't enjoy giving out work and please know that as upset as I get I don't doubt your love though certainly I have no right to it. I am glad to have been able to have worked with you for the time that I did and I am looking forward to getting back there. Looking over this past year I have been gone 9 months out of the year but I do believe that I still in many ways have more contact by the radio that a lot of people do that live there so I am grateful to be able to listen to you. Your editorial was so completely to the point and I am sure that there is much more that you could say. I am very sorry that I repeatedly get up tight over things or get upset with the people on the radio or get short with people here. I am glad that Debbie got to go over there because she is a damn good worker and with a lot of commitment I think. I really do want to apologize for getting uptight on the radio. I am sorry that you have to go on putting up with endless shit--- I am grateful that if you have to live that Detrick has you to look up to as an example. I guess you wish you could be a big no body. Sorry you have to go through it for us and sorry that I continually make it worse for you. My deepest respect.

PEOPLES TEMPLE AGRICULTURAL MISSION
Port Kaituma, N.W.D., Guyana

The reason why we are here in Guyana is because it is socialist. It gives us a chance to grow up and become a model example for the world and let capitalist know that socialism is better. And if we did not come here we would be in danger of ethnic warfare which could be made up by the code of their cells. The deermist theory which could make us slaves; Denate kill 1427 which could have been thrown in jail. Not giving policemen the answer they think is right. Rather farm which could kill off humans and leave everything else up to the lesser beam. The russians have that can stop business 400 miles on the shoreline. concentration camps. food riots. Nazi party killing off blacks and jews. New flux than that formed 70 chapters in California. Here we can clear the land, build houses and produce food for ourselves instead of some rich corporation. Seniors don't have to worry about the being hit in competent homes and not being cared about. Youth can grow without getting hooked on drugs and being thrown in jail at the age of 14 and sentenced to life. They could grow up and become something meaningful in their lives and not have to worry where their next meals coming from and have shelter and clothing and for once do something worthwhile. Here we can use our minds and one day help the world become socialist instead of listening to music and dancing all the time. Also letting capitalist know that money, wealth, and fame doesn't mean anything but total equality for everyone. Not one have and one have not. Let distribution of wealth equally. We have our own means of production and can live as all one family living for one goal socialism. It can be done if we all work together and not be divided by some traitors who couldn't

My true feeling about socialism

I am so happy to be in this

I feel that socialism if it was brought about the world
could bring peace and happiness and could stop all racism
everyone would have the same thing like we have
here in Jonestown there would be no hunger and
could make a great advancement for the human race
I'm just sorry that people will not leave us alone
and let us start a great change there would be
no use for bombs and nuclear weapons we should
not kill all the human race but to make it better
you should come together and settle differences
here in Jonestown we are not put down because we
are a different race or because we are poor we
come together as the working people this is the best
life I have ever known. *Regina Bauer*

My Beliefs on Socialism:

I. People are to be considered first,
Land + houses second.

II. I Believe it takes strong people to
be Socialistic because Nickle + Penny Psychology
is played on Peoples Psyche which causes
hostility + too much PARANOID.

III. TO GET TO Socialism you must HAVE Unity -
No THREATS unless they come directly from
Leader. Because No other HUMAN BEING KNOWS
what is in THE HEARTS OF others.

IV. Socialism is A Big word with MANY meanings
AND I could come up with a lot of Rhetoric on Very little
meaning But - No Matter what FRAME OF mind I'm in
I observe in EVERY PERSON I TALK TO - JUST HOW
CONCERNED THEY ARE ABOUT ANOTHER PERSON + WHO
WOULD THEY GO AN EXTRA MILE FOR + WHY -
HOW CAN ONE SUCCEED IN ANYTHING w/ A SINCERE
CONCERN FOR ANOTHER HUMAN BEING.

Socialism is what I believe in because it stands for good. Its equality for all people. It consists of the working classes, great humanitarian workers, people that stands up for the rights of others, and people that will fight for the goodness of socialism.

In socialism the people is not exploited by their comrades. But in Capitalism the ruling class rules and destroys.

I know that Capitalism has always tried to destroy socialism. Example: great leaders of the world like Salvador Allende, Malcolm X, Martin Luther King, Victor Jara, Che Guevara, Great African Leaders, George Jackson, Jonathan Jackson, Angela Davis, Jim Jones.

These leaders and much more have been killed, prosecuted, hid or just because they believed in one true principle, Socialism.

I'm grateful that Father shows us principle and socialism and that we can live together as one and fight together as one for what we believe in.

Socialism!

Hello Mr. Baker

Why haven't I heard from you.
What's happening. As I told Eric,
I miss you and want to hear from
you once in awhile.

I wrote Skabeka and was shocked
at the cost of postage. Therefore,
I will only expect a letter once a
month from you.

First of all, did you get your
eye glasses - Secondly, send me
your size - pant - waist - seat (butt) length.
Shirt. and shoe is it 11½ or 12?

Since I haven't heard from you,
I did not know what you wanted for
the holidays so enclosed is a twenty
dollar International Money order. Hopefully
you will be able to buy something you
like as a gift to yourself from me.

Also I'm sending you a foot locker
with some items in it. Anything you
can't wear or need, pass it on. The
lockers will be sent with the Temple, but
I will mail you the keys. Two for each
of you. Don't lose them because when
you close the lockers, they automatically
lock.

Over.

EE10360A

Write when you receive the Money
also the Trunks.

Did you receive the knife and jeans
your Uncle Chris sent. Be sure and
let me know. (Yes or no)

Starting this month I will be sending
the Temple \$100.00 and more when I can.
also I will try and send you and your
brothers a little camp change. Along
with the money I will be sending the Temple.
This will help I'm sure when you go
into George Town etc.

Well I'm at work, it now 5:25 a.m.
and I have to start waking up a few
women who go to work early. Will
write more when I hear from you.
Be sure and answer my questions.
I definitely want to know about
your eye glasses. Peace & Love

Love You,
Barb (Mother)

calling wanting to know if I heard from you.

to be nice to them. Write her as a friend. (Please)

Last night's Meeting, Tuesday

Father spoke of the United States and Canadian police force that involves every big city in both countries. The police don't have to answer to anyone.

The Ku Klux Klan is on the rise as it has increased 100 percent, as most all racist groups are increasing too. In Boston some racists put something about niggers on the city hall building and it was left there for 3 weeks before being taken down.

Anita Bryant is continuing her crusade against gays, she won against them in Florida and is rapidly picking up support. In California a senator introduced a bill which would exclude gays from certain jobs. In San Francisco 5,000 gays marched against her.

As early as the first administration of President Nixon the Army had plans for a coup. Ronald Reagan had know about this and said the Army always reserves the right to takeover.

The Pentagon also has plans for race riots in the United States. The U.S. has also pledge support of South Africa and has plans for that too.

Andrew Young the last politician to speak against racism is being hounded by the press and made to look foolish in pictures and they always take his statements out of context.

In San Francisco. The press
is accusing Maher. Head of Delaney

trying to check them out for taxes. All
this including attacks against Peoples Temple
is that they're trying to make us go to

to put us in jails or kill us.

The papers are also coming out
saying that Blacks were better off during
slavery.

When meting out discipline it is necessary to consider a persons ability to accomplish the task.

There exists a super secret police that has private files that even the F.B.I. cannot get to. and they are responsible to no one. Their net work covers all the Major cities in the U.S. and is tied to SWAT.

Both the Nazi party and the K.K.K. are increasing in numbers all over the U.S.

Jim, the reason I am sending you these shirts, is that in some of the films you appear to be bloated. Maybe these shirts will be helpful.

Everyone is always happy to hear your voice, when you come on the radio. When you are on the slides and film, everyone clap & cheer each time you appear.

The people have supported well in most cases.

Dear Vern,

I received your letter and Bobby's letter. However, I am still quite puzzled as to just why all of a sudden you gathered the kids up + went to S.A on the spur of the moment without telling anyone. This does not seem like the sister I knew.

Just what is your mission there and do you plan on staying? I hope you didn't forget to tell Fera about what I said about her birthday present. Tell Bobby we miss him + all of you very much.

Our prayers are with you and I know that God who gave us His beloved Son, Jesus Christ does hear + answer prayers.

Of course, Daddy says for you to come home. I told him it wasn't quite that simple. Can you imagine he's even talking about riding w planes. That's how important you are to us.

I noticed you typed your letter, where were you in the church office or something? Well let me hear from you soon by phone or letter. Just what do you do in case of emergencies? God keep you safe in His arms.

Johnny sent his love Love, EE1C16
P.S. The kids send their love + they too are concerned about you. Ray

Hi-lites of Harold's letter to Denise Hunter

Basically talks about how he misses her work, there's nobody to help him do his little tasks anymore, wants to know what she is doing here, and tells her he misses her. Only thing of note I found, sounding suspicious, was:

"You left so quickly I didn't get to talk to you much, as I wanted to, but hopefully you will be able to get the message across. Thank you for the help you gave me Wednesday and Thursday. I'll try to reciprocate someday, OK?"

"Things are the same with me, nothing has changed, just missing you - all!"

"By the way, that thing that you thought Irvin influenced a decision on was actually set in motion over a month before. It was triggered only by the circumstances of change. I was party to it. So I had advance notice of its coming. Could have told you before but didn't want to (over)

spoil it for you, or eally, to deal with it at all, know what I mean?
I'm glad it worked out as it did. Good timing, I think, well, to a
degree. Sure is nice that you could go over there and get out of
that damned city.

Today, Wed. 12/7 I got a nice card in the mail from the East Bay.
Some people say the nicest things in short ways. I'm going to try to
learn that art."

Dear Denise - ^{my fellow worker} ~~my fellow worker~~ in Jonestown (by now). Hope
well, how's ~~everything~~ all is well with you. I got into a writing mood so I
wanted to get a quick one off to my old work buddy from
the "valley" too. Really, I do miss you & all the work force
who were once a part of this area. "San" "Hi" to Don & Coni
for me, too if you see them. I miss you especially be-
cause you were so helpful to me, in so many ways. I'm
not bullshitting you either, so don't say so. Whenever I
needed someone for a particular task you were always
there, ready & willing. (You know, I haven't heard
anything back on Ray's Chrysler that you helped me get
to town.) Another thing I appreciated about you was
your ability to tackle things normally reserved for
males. That's a great thing. Wheeling that old fork-
lift was a damned job for me but you did it. And if
you need a reference to vouch for your ability to
drive a truck or a tractor I can give one. You
jumped right in on the grape harvest & handled
that tractor like a pro. But I would like to know
what you are doing there (what kind of work). You do hide
a multitude of talents, I found out.

I already told Bruce but I want you ^{also} to know how
much I appreciated the work you did in R at the
Office. You really did a good job of keeping the place
clean (like your own home) and the final clean-up job.
Plus the work you put into the sale to bring in money.

in spite of the personalities & frustrations you carried on + got it done. The work you did with me in that north office was so helpful. See what I mean? Why shouldn't I miss someone who has been so helpful? I can hardly find anyone around here now to get those pesky little jobs done. Some things there just isn't anyone to help with so I do them alone or not at all!

Today I had to service the pool (you know, sweep, clean + backflush) and I thought of how many people I had trained to do that job (including you + Kenzie) and now you are all gone and ten years later, Jim still doing the job. too much!

Thanks for the encouragement on the banjo. I am trying to squeeze in a little practice time. Our sessions with that dulcimer & my banjo were so helpful. Hope you stay with it I will want to try to get together with you again, over there, you know! You can do it, if I can. By the way, there's a special mountain music program coming on Ch. 9 TV this month & there will be dulcimer playing on it along with all the other instruments they play. I'll try to tape it if I can. Did your dulcimer make the trip ok? I may need some advice on how to bring my banjo. Got any, from experience? It won't fit in my packing crate!

Oh, I know, I wanted to ask you some

EE 1c3c

(DENISE HUNTER)

Questions about your ³ cars (almost forgot). It & I are becoming friends. I've driven it to town about 3 times & it seems to run fairly well. So write me back & let me know the particular problems you were having with it. We may sell it soon but for now I'm driving it 'cause my van needs tires and a tune up. Damn cars! Always needing money. I'll be so glad to be free of them some day.

How was your trip over? Did the 7-up help your stomach or were you able to take it on with you? I sure envy everyone who got to go with you. Maybe my time will eventually come.

Rufus is still doing fine at the ranch. He's here in the tub. with me right now. But if he doesn't quit farting I'm going to throw him out. I don't mind farting its those smelly ones he's giving off that get me. He misses you & Bruce and all the important people to him. But he's fitting in well here & everybody likes him. He rides with me once in awhile, likes over to the office & back.

Hope your tapes + recorder made the trip OK. Sure miss exchanging tapes but we will again. By then I'll have more you will probably want. Was that John Denver record you mentioned "My Sweet Lady"? Let me know. I don't want the

wrong one.

You left so quickly, I didn't get to ~~talk~~ talk to you much, as I wanted to, but hopefully you will be able to get the message across. Thank you for the help you gave me Wed + Thurs. I'll try to reciprocate some day, OK?

Do you really think you could cut my hair like that last barber did? I know the few barbers there are going to be "snowed under" with all the haircuts needed. I sure would appreciate it if you could. I'll have some barber scissors & trimming shears. But don't feel obligated. Still, maybe I could exchange something for the help, as fair exchange. (I'll do your takes - haha!). Thanks for the tip on that hair stuff too it's the best I've tried so far.

Well there's lots to say but I'll have to save some for another day. Do ~~write~~ ^{write} back when you can. ~~Things~~ ^{things} are the same with me, ~~nothing has changed~~ ^{nothing has changed} just missing you - all! If there's anything I can do for you stateside let me know.

Enjoy paradise in our Father's love until we can be re-united again! One big happy family!

Harvey EEIC3E

P.S. I may be "full of shit" but it's the right kind. Miss you giving me the finger when I'm ~~with~~ ^{with} or loose, right. (All friendly of course, but no one else gets that brave here.)

Look for a job for me over there too. I'm going to try to find a cutlase or an axe to fit my hands. Some hard work for a change. No officers, please! one of the "gangs", right - in my head ^{heart + mind}

(DEVISE HUNTER)

P.P.S.: Guess who I got to deal with today (Tues.)?! Your "friend" Dominic. He finally brought some money, the old bastard, (he made me mad the shit he tried to pull on you). He got the refug. & some other things. Ended up with \$50. from him (thank father). But what happened to the sewing machine? Do you know? He was going to take it but I couldn't find it anywhere. Let me know will you? We may get some more money out of the shit-head yet.

Forgot to ask you how many K706 tapes you were able to make the week before you left. I need an idea as I'm going to make some up here. I found I can from the cable. Edith likes K706 too so maybe you can share. I'll share those extras & late recordings I'll be making up here along with everything else. Did you have any other music you wanted taped? Did you hear that one "What You Have to Be So Good?" or "You're The Best"? They are in the category with the John Denver song, you remember it!?

Steve has been down up here since you left.

I sure am mad at myself for forgetting those pictures Thurs. Damn! Once in million chance & I forget to get the camera out. Downright stupid.

Thanks very much for that tape - the Piano Concerto one that you told me to look for. It's really appreciated. I really love that particular one - no fooling! I keep it.

where I can get to it & enjoy it frequently. Oh, would you check your tapes of The Hobbit and see if one or two of them don't need to be re-taped. I think one was at the wrong speed. I can do it now while I can still get them from the library. Did you get parts 1 & 2 also. Seems like you just had 3 & 4. ^{place 5th.} Anyway let me know while there is still time. Mail is awful slow back & for the you know.

By the way, that thing that you thought I was influenced a decision on was actually set in motion over a month before. It was triggered only by the circumstances of change. I was party to it. So I had advance notice of its coming. Could have told you before but didn't want to spoil it for you or really to deal with it at all, know what I mean? I'm glad it worked out as it did. Good timing, I think, well, to a degree. Sure is nice that you could go over there and get out of that damned city.

Today Wed, 12-7 I got a nice card in the mail from the East Bay. Some people say the nicest things in short ways. I'm going to try to learn that art.

Oh, I did get your message about the necklace you lost I'll check those places & see if its still there or where. If I find it I'll try to send it to you in an envelope. I know the last little item your Mom gave you would be important to you in a way.

Well, its really true, by now, isn't it? You are finally there! And I'm thinking the same as you did ^{in that message} already! My, My!

Hope its not long here - really do! We will find a way ^{through} the wilderness.

Dad.

I can't tell from the letter whether Harold is working or not. He did tell me he was making ~~both~~ both the bus runs A.M. & P.M. plus taking the boys out. I feel that Clara Janaro will probably panic if he goes especially with Ujara & Richard both gone. I don't know if that's the reason for the positive work reports, but it could be especially if he is not working.

In that 17 pg. letter and a lot of the others he sounds mentally ill or is manipulating like hell. He sounds like he is toying with the idea of leaving he talks of Oregon and I think Dick is there. He likes Dick & thinks Dick's situation wasn't handled properly. When I questioned him he said Wil Paul wasn't strong then just about 1 month before I left he said Dick was pushed to hard by some people. I think if he thinks he is going to get any static about Denise he definitely won't come. That's why I felt she should get the letter so she can answer it. He has been fucking her. Wants to live with her when he gets her. Or at least he did in that letter. I don't think it will bother me to see them together & if it does it won't for long. I think he is treasonous, has no loyalty to anyone at all, as much as Sharon Ames helped him just before I left when he was fleeing. He said a terrible thing about her. I would like to see him have to live with someone he has fucked for a change. I think I feel responsible for him

EE 1031

because I have been for so many years & he
is like a child. But I think if he was with her
I'd finally feel free of my responsibility of him.
~~He says he agrees with some of the traitors feelings~~

He says he agrees with some of the traitors feelings
he liked Thaci and Sandy Parks. He is feeling the
pressure of the attacks in the papers. I think he
will now turn to Kathy Stahl for solace. She &
Denise are a lot alike in looks & the way they
express themselves. I don't know if he will come over
here if you do send for him. He may think Denise has
talked surely he can't think we are all so stupid
not to understand all this of these letters. He may
use the ranch & Claire as an excuse. I also don't
think he will take the pressure of Tish. He hates
her. She would have to be totally passive with
him. I underlined in red on both letters he sent to me
what I thought would be the danger areas. I would
like to wipe him totally out of my mind but I
know I can't yet. If he left I don't know what he
would do. I think he will go to Rick I don't think
he will be passive. I think he will create a lot of hell
But you did say the last time he ~~we~~ wrote what more
can anyone do or say. Plus what you said about the
red shirt & him being a traitor. Thank you for
allowing me to be here I'm very grateful.

DAD -

I saw Lynette only a few times - but often read things she had written. Her wit, spunk, and style were as unique as they were enjoyable. She was a strong, and a good person. I will remember her a long time.

My socialist commitment has often fallen short of the mark. Still I retain a large measure of the bourgeois values and attitudes that were all I knew till I joined the Temple. In your eyes, I am sure, these stick out like so many stains on a clean cloth.

Now, my physical condition is obviously poor. Whether it is reversible I don't know. Miracles happen, but I ... a ... + 2. + 5. Though weak, and in no great pain and have no fear on life. The only regret I would have if I died tonight would be the added burden I had left on the rest of you - the little I could have shared. Nevertheless, in the event I do, in fact have a terminal blood disease I wish to make my desire clear to you. Unless there is a very good chance of correcting the condition, I do not want a lot of time, energy and money spent on medical care. There are better uses for it. I would much prefer to stay here and do what I can to build this place. I am not at all interested in a parade of physicians, sanitariums, transfusions and the like. If it is of organizational value, I (though, not really a killer) would be willing to go to SF. to take Tim, Bruce, or whoever with me. There is little threat that the system can make on

Dear Gene,

I thought you would like to know that Ray is in the hospital (has been for a week) and will have spinal surgery on 9/22. He is at St. Joseph's Hospital in Orange.

I saw him last night & he was quite cheerful though he was in a great deal of pain. He has no choice at this point; they tried physical therapy, medication, etc. but the pain is in his spine (ruptured disc) & left leg perist.

Hope the children & Phyllis like their new home & are happy & feeling well. Would love hearing from you. I think it that you are coming back to S.F. or am I wrong? Please call if you can.

Lots of love,

He had some temperature last night & this morning but the doctor says it is normal after so much anesthesia. He is doubt will be going home in a couple of days - he wants to leave tomorrow but that remains to be seen.

He looks great, feels weak however

Dec. 10, 1977

Dear Dad,

I know that you may not feel that I have to say this but I do because it bothered me for a long time on my conscience. I really want to say how very deeply I'm sorry for all of the shit and pain that I put you through down through the years. Sometimes I wish that you would have went ahead and let me die or go to Prison and die there a slow and painful death, which I myself believe I needed for what I put you through. Maybe you have forgotten some of the bad things that I have done but I got to forgive myself for forgiving as you are of mistakes made and because you did not let me die when I know I should have by all natural means many of times, I wish to ask of you may I be one of the first to go, if there were ever a rebellion where a few of us would have to go and risk our lives or give up our lives for this cause. Because I know now that if my life was taken away by the capitalist hucksters I would rather lay it down for a good reason - for my people and my cause which is Socialism - Communism, way of life. I've never been too forgiving and being so much an ass hole as myself. I feel the only real way that I could pay you back is to give up my body for the cause that is the only thing I've have left of any value and some real value that a lot.

I really felt a lot of sorrow last night as Grandma Jones was put away because in a sense of the word she was the only grand mother I ever had besides all of the precious and dear grand mothers in the camp. I felt that she was dear to me in one way or another, because for one she said -

8801-39 EE 1C8

nothing except that she refuses to testify on the grounds that it might tend to incriminate her. And because of her stand as you said yesterday we are all here and made it possible for me to be here about and able to give up my body for the cause through you that was possible.

I want to say that it really made me sick yesterday when I went up and heard you speaking about the struggle that your mother went through down through the years. People were talking, not giving respect of words and so on and that I wanted to scream. I should have taken down some names, but I did not try hard enough to get a paper and pen. That was my negligence and I am very very sorry. But those people who did not show respect and were talking and letting the children play from who they were, and should feel ashamed as I do for not speaking up against them.

I also want to say something else to get it off of my mind. I had everything that there is a crisis. I always have my eyes open because I feel pictured in my mind people coming on the property to attack us who have been down through these years. I sold out the land and have become our traitors. I have seen them amongst the first dogs coming to take our children and our lives away from us. I hope that some day they are apart of the enemies coming to pick up trouble because if for one will be looking out for them, everything will go to the front line to defend our land, and our lives. But I don't care about my life, I would just lay it down to keep them traitors' pizs from running over.

a free world under Socialism-Communism. I myself
will not let them take this away from us. I will make
them kill me first, but they will not take away my
one and only dad. You.

I will not let them take away my only source of hope the
only thing that has kept me alive all of these 20 long
years. I also want to say again that if Harold ever gets
over here it will take an awful lot of work and proving to
get me to except him as my so-called dad again, the one
who brought me into this god-damn capitalist bourgeois
world. It will have to take a lot of teaching to get into
this asshole's head that he is a (D) like the rest of us.
And there is no respectable woman in the Socialist-Communist
cause who will have anything to do with him for what
he is now. So he has to change right! I know he
will! ~~Because~~ Because if he don't there are other ways.
And I want to be in on every bit of it. I sure hate
to write long letters like this to you Dad, but there were
a few things that bothered me and things I wanted to
say that I just had to get out to you. I hope I haven't
taken up too much of your precious time. Thank you
again and again for all you've done for me, (Saving my life!)
I can only think of one thing that can repay you in any
small way and that is to give my life to you, and this is
my great desire!

Thank You Dad,
Your Son,

*From Eric I would say we better have
June over for awhile!*

12/1/77

Meeting at Eric's place with Irene, Martha

I find myself in an increasingly frustrated state of mind because I agree with Eric's legal strategies, which seem to directly oppose strategy coming from overseas.

In the past one of our best selling points has been when we were in the public eye, i.e. the Peoples Forum. Eric wants a film. The film that came over was so cut up, the sound was crappy and still is not right, it's just a home movie. All that time that went into that, why did it end up that way??? Now I get the impression we dont want to do any film, either with Guyana camera crew or foreigners. I think Eric's point of wanting the film is that there is precious few media coverage on us now, in the alternate press. There are times in which to present an argument, a "crescendo" as he calls it, and once that time in the public eye has lapsed, the strategic timing is lost. We are overdue - all the public is hearing now is the enemy. Only the Bay Guardian covered our demonstration against the Examiner, and then just with one small photo and a 2 inch caption. He wants to show the film to the world--I couldn't care less. I don't give a shit about the world, but at this point locally we need the coverage, and he has contacts for distribution. He is interpreting our reluctance to do a movie as a sign there are weaknesses over there we don't want the public to see, i.e. the camera crew. He said outright that he had doubts before he went over there himself. If he had doubts, think of all the others who hve doubts, in just as prominent of places as he is. His doubts because of lack of firsthand experience is analogous to those people who've never seen the place and hear nothing but the establishment press, etc. If they saw a film, would they not be more convinced of the positive side?

I think part of Eric's strategy is based on communication; the more we don't communicate our message, the more we remain silent, the more those outsiders who might be won for what it's worth to our side through media or whatever will tend to sway to the opposition. People who left, enemies, want to speak to their relatives; they use this ploy to sell the argument that we dont let our people talk to their relatives. Eric is selling the point publicly, in court (i.e. the Olivers) that any relative can speak to their relative overseas via our radio. We dont close ourselves off to anybody, in other words. But when they ask, and we say the radio is out, etc., they just keep on harranging with the same old shit, that they can't speak to their child, etc. Irene Edwards sister came on to her sister with ridiculous accusations which were obvious to any ear--the sad fact is that this was not taped and we have no proof of it over here now. You have a perfectly sane woman in Guyana speaking for herself, and this sister comes on and makes ridiculous accusations--the sister is the weak part in the argument.

The only way I can interpret the present silence is that we are not considering any holding action here in the states while this attack goes on, that eventually this thing will wind up entirely over

there, there is no one to convince over here because no one in the end will believe it anyway.

In the meantime, I feel very disloyal because I obviously agree with Eric and the line we are taking is directly opposed; therefore, I am directly opposed to our line... I am going to have to talk to Martha and Irene more about this, and hopefully ~~xxx~~ Mildred because I do not want to be in such an opposite position.

Jim -

I know that some will feel that I split because I was afraid of dying in the situation - or for my children to do so. While the latter is somewhat true my main motivation was not that at all. I always expected that this particular aspect - the immediate threat of arrest of John and for yourself would be resolved. I left because I am no longer willing to live in a situation of weekly or bi weekly crisis, and the atmosphere of anxiety, hysteria and depression that exist with it.

I am unwilling to live in that sort of environment for several reasons: 1) my nerves just won't take it now - I am too beat; 2) It is impossible to build anything in that sort of atmosphere because building requires lots of planning and continuity of effort and application - the continuity is destroyed by the chaos crisis mentality; 3) because I feel that the crisis environment is to some extent created and maintained by your state of mind and ~~methodology~~ methodology - though I know, of course, that the problems we have faced, and continue to face are very real.

One of your messages indicated that you have known for some time that I think you are crazy. Not so. What I think is that you suffer from a lack of balance - both of perspective and behavior. I expect that the etiology is a combination of metabolic conditions, fatigue and reactivity to years of punishment. Still, from my viewpoint it exists and has severe ramifications.

Throughout the years, in the U.S.A., it was necessary, at least to some extent, to create and maintain an conspiratorial atmosphere and the impression among the

people that we were under attack almost continually in order to motivate them to work at adequate ~~low~~ levels and maintain some organizational cohesiveness.

I think that both of these factors have tended toward a pattern of overreaction or perhaps overemphasis is a better word, which in recent months has gotten out of hand and can have serious ramifications - not the least of which is simply the continuity of "stop and start" development.

The situation with John is an illustration. I readily agree that it was both most serious and painful to you (and also others like Maria K who are most attached to the child). You had assurances from Dr. Reid on the matter. He sent his personal deputy. We have always heard and experienced that he is a man of his word, so far, so good. He and Fred Willis were out of the country for the signing of the new Panama Treaty. One of the new Judges signed some dumb, illegal orders. There was cooperation on some levels by Government - some police, process servers, G.D.F. plane. Obviously Reid was not in control of the situation altogether at that moment. Without doubt, from the perspective of an Head of State, plagued with strikes and internal party dissention and disloyalty ~~this~~ ^{you're} was not a major problem, but one that would be taken care of in time in true Guyanese fashion. You could have waited till one of them got back and straightened out the mess because it would have been damn hard to arrest you out in the bush, or you could have had Luckhoo arrange for surrender and bail, spend 15-20 minutes in custody, put up some small money and let Luckhoo fight it out in court for months while you went about your business - giving Reid time to do his work. Either of these things could have been done without disruption

of the program or ~~interfering~~ ^{alarming} with large numbers of people. However the whole thing immediately rose to the level of hysteria. Countless calls on the radio, obviously hysterical, countless calls to carry out ~~in~~ ^{under} a futile and totally unnecessary trip to Chicago - ~~and~~ a threat of some sort of mass suicide or other kind of blood bath. (Incidentally he told me on the phone, and contrary to your message, that he thought your strategy "dumb, stupid shit"; had lived through a 24 hour nightmare; and felt your behavior to be totally unleaderlike; - he thought my decision to split and return to the states was wise - that maybe it would bring you to your senses) Charles is a good man - lots of problems, sure, I am not in love with him, but he is the best man we can get for our job there, and I am sure, now, that he has lost tremendous respect for you. Marcelline freaked out, which she does frequently, but she ^{did} ~~does not~~ ^{the added anxiety} ~~deal~~ with her health. Officials all over the U.S. and Georgetown were importuned; our private affairs broadcast; "ultimatums" were presented to government which can only serve to make us look hysterical and immature to governments, causing diminished respect and therefore diminished power and influence here; work - the whole project ~~is~~ ^{is} ~~topped~~ ^{topped} both in U.S. and here, all plans halted with ~~resulting~~ ^{resulting} loss of time momentum and money, and in great frustration. And what happened? They came back on their schedule and are taking care of the matter on their schedule in the normal course of their business. All of the above totally unnecessary and highly wasteful and destructive. A relatively modest and ultimately controllable incident was made, by you, into a catastrophe of major proportions involving the full expenditure of such goodwill

and energies as we have available? Hindsight? I don't think so, just reasonable analysis. The whole thing has been handled in an hysterical and destructive fashion. Jim, what are you going to do when they try again - when Grace comes and they file for custody over the line? Are you going to demand that she be summarily evicted from the country and round on the Crime Ministers door to try and get it done? I am not being sarcastic - but realistic. The game is likely not played out, and having escalated to this ~~level~~ level over a modest attack what are you going to do when they make a full scale attack for the boy? Do you believe that the Burmese Government can afford to deny a U.S. citizen access to the country and judicial system for the redress of grievances? There are over 500,000 burmese living in the U.S. - all have family and friends here - what if the U.S.A. should reciprocate and treat burmese that way! Undoubtedly she would ultimately lose in court, politically arranged, but there must be the impression of fairness and of access to the judicial process. Would you go through the months of litigation in the faith that burma wants us and would ultimately protect us or will you again send out emergency - life - or - death calls to Angela, Huey ~~et al.~~ etc to find another country? Do you really expect that in the last resort we would have a better position here, or be treated more favorably, than an esteemed burmese citizen? Could they afford to put us (Yankee foreigners) in a special class of elite - even if they wanted to? Reid has always supported us - but in indirect ways, never out front because he could not afford it politically -

-4-

⑤ It is, as I see it, a strong pattern or methodology of yours. I do not feel it is bad - did good with Kinsolving, for example, but I feel that you no longer use it selectively.

and still can't. Out front demands on him must create problems for him. Obviously there are those among his camp who support us, and those who don't, and he has to live with all of them. Forcing him to take increasing public positions for us also serves to polarize the opposition against us. As you know, these positions among the younger ministers can be critical to our future. Were all of these points considered? I doubt it. Not because I wasn't there to raise them - they are all fairly obvious and I am not that bright or perceptive, especially right now. I think your immediate reflexive response was to call out all of the "troops" at once - a sort of "if you give an inch they will take a yard" philosophy.

I did appreciate talking with Mike and Joyce, and the message you sent. I believe, sincerely, that you do care about me, and, to some extent your belief that my thinking now is affected by my health is correct. However your attempt at self justification over how this most recent affair was handled left me very cold because it tells me that you are really not willing, or able, to see how badly you have acted. The "see, it worked" commentary was hardly appropriate. It was not the polemic, threats, or the importuning that worked - rather, it was that they do want us here because we are an inspiration for an emerging Socialist nation.

Beyond my current fatigue, etc I have substantially lost confidence in your leadership, because of this type of thing. I question whether you have the openness and insight to see ~~it and correct~~ this pattern in yourself and correct it, or whether you will. If you don't, you will ultimately alienate all of your friends and tear the organization and people apart. This is the point I wished to make.

and could not make strongly enough to be heard except by doing what I have done. It could not be done in a Tete-a-tete because if I were to demand a private conversation anyone could; it could not be done in a counsel because I who would not care to be so frankly critical and also because you would at once be defended by a clique of "yes people" because they would feel it their duty to protect and defend you. At least this way I know you will read this with some concern.

I hate to write - seems as how the ideas never get fully expressed or organized the way I mean them to be - fully expressive of my thoughts. Talking to you would be ~~more~~ worse. You could sell snow balls to the eskimos. Best talker I ever met. I'm tired of being "sold," Jim. You say what you feel you have to ~~do~~ in order to keep somebody in, I know that - it is an organizational necessity. I do not wish to be subjected to it just now. #

This was written between 5 and 8 am Tuesday morning. I'll re-read it, annotate and correct later... I am sure I left out half of what I wanted to say.

Afternoon.

I re-read these notes. There is nothing I wish to change. In summary: I think you have gotten so "up tight" that you use bullets to kill bumble bees, but that you only have so many in your pocket and when the tigers come you will have none left to fire at them. I think this has become reactive on your part.

I know that your blood pressure gets out of control, you have insulin problems, you suffer from chronic excess fatigue. What I feel you ~~are~~ not sufficiently aware of is how much all of this affects your judgement and actions. Since you seem not to take the medically indicated steps to alleviate the condition (due to problems to be dealt with) this also becomes a question of your judgement. Your leadership ability - when functioning well - is by far the greatest asset the group has. ~~then~~ When you ignore it (and it is ignored) in the problem solving you ultimately create more serious problems for the group in the future.

I would like to tell you why I question your ability to see this condition and correct it. First, I think - rather have the impression - that you come from an "I'm OK. you're not OK" position. Therefore I am afraid that you will read all of this with an eye to understanding Charkins thought so that you can best straighten Charkins out, rather than really considering its application to you on the presumption that my observations about you might have some objective validity. Second, I feel in some way it might interfere with the reassurance you seem to need. (I am not mocking this, everyone needs to give and receive reassurances). Example is your periodic calls for pledges of loyalty from R.C. You know that the responses were partly hypocritical. Is it only the psychological mechanism of maintaining attitudes by affirmation? I don't think so. I think it was, and is, simply need fulfilling. Likewise

your ~~request~~ "request of the group for you and your son" filled your need for support and approval, and, under more extreme circumstances might well have been appropriate - but objectively the position was nowhere ^{near} ~~near~~ that critical at that time. I think that to some extent you use the "crisis mentality" to get positive reinforcement and approval. If so, then these comments must serve to interfere with that - and will not be well received.

Some general comments:

I detest being lied to and manipulated. You have, over the years done a lot of both. The "great gun theft" is a classic case in point. I am sure that you remember when I left the locker open in my office, Terry took the guns out, I reported them missing - you announced the theft from the culprit. There have been a score of other such incidents. How would you feel if I had ever (and I never have) knowingly gave false factual reports or false legal opinions to you in order to manipulate your behavior? Would you find that conduct acceptable ~~to me~~ in me on the grounds that: ① my goal was pure ② the ends justified the means ③ I understood the situation better than you? Hell no you wouldn't - you would be totally pissed when you found out.

Even in the present situation when I asked for the children you lied to me - said you would send them out, but held off till ~~they~~ ^{they} could get

here so that you would have some basis for hanging on, and I am sure that after she does arrive you will send them out. I would rather be told straight out than "put on". What I do at this juncture depends to a considerable extent on my belief that you will do what you say - and this does not help.

One final thought and I will stop. I was hesitant to come down this time - I am not sure why. My main purpose in coming was to try to cut through some of the hysteria and get you to see that the situation was not so severe as to warrant your reaction to it. When I arrived and saw that the whole thing had progressed to a point where I couldn't do anything about it - and felt that there was just nothing I could do to quell that response to this situation, and that there would be nothing I could do in the future to quell that same anticipated response to all the like situations I can foresee arising in the future - I felt totally helpless to alter the situation - that is left.

One final point: ^{gene} ~~some~~ of this is predicated upon evaluation of objective circumstances. My evaluation was shared by Clarke, Luckhoo, and Barry, to name the first few that come to mind.

Response to tape

Karen made the unqualified commitment to me that (from you) you would send the children out. Mike said the same thing. Just this morning I got your message from Joyce that "If you had known my changed position" you would have put the children on the plane. 3 people, 3 sources all saying they come direct from you. Now the tape denying all of it, saying you will not send them. It seems as if I softened my stance in an effort at reason you made yours more rigid. So, in fact, it is all a game on your part, and with that self righteousness that can admit of no error or mistake.

You so misunderstand me. You think my concern is with a "nuclear family" life. Not so. My concern is with stability that would make development possible on a sane, rational basis, stability that all of the children need, and that depends on the stability of your head. After all, you have seen me, as I have seen you, lose control of yourself on many occasions and require physical restraint. It is not that I do not understand it, I do, it is that you do not admit it.

~~to~~ "You don't know why I can't come in to Jones Town" - when 3 people at different times tell me that you will send the children - as a message from you - and you deny it, I obviously can't trust anything you say. You leave me little to have confidence in. Your word is no better than the expedience

that motivates you to utter it. Joyce Parks even looked depressed when she gave me the tape, she knew damn well you had contradicted yourself in the same day. I knew what it would be before I played it & essentially told her so.

you leave me very few choices. Phyllis will come in tonight and I suppose we will talk.... but I think you and I now have very little to say to ~~each~~ each other.

A PERSONAL LETTER FROM STANLEY CLAYTON

Dear Dad,

I'd like to apologize for being such a disturbance person towards the cause.

I'd like to be truthful towards you and to myself because for many years I've been running from reality of who I am. At this time I'm not afraid to say that I'm a homosexual because I want to look at this so that I can grow to be a better comrade to my brothers and sisters. I'd also

like to apologize to you because over the years that I've been in the cause

I always wanted to do my own thing.

I never thought of the collective until this point. Now that see that I made

a hellified big mistake which I shall never forget ~~the~~ what I've done on the

front gate. It left me with a lot of guilt that I'm beginning to be a very paranoid

person. Everything that I do I do it out

paranoia because I'm afraid of what

~~people~~ they might do to me or say to me.

I feel that because I feel this way I'm bringing on a lot of problems. My work has

depressed. But I do want you to know I'm looking at myself every way that I can to get out of this state of mind. Also I want you to know that I haven't been doing my discipline like I should. I will get back in line and start showing up for discipline. Just one more thing. I feel left out in the educational field. I never had that much schooling. The time that I should had been in school I was out stealing, because school didn't mean anything to me at that time but now when I look around and see and hear a lot of the young people come forward with the understanding they have about communism, it touches me but I feel bad because I don't know too much of anything, only some of the teachings that you have taught me and I feel lost in that area. But I don't think that's anybody's fault but my fault because for all the years that I've been here I should have been paying a lot of attention to you instead of goofing off, laughing, and playing. So at this time I want you to know that I'll be looking at myself, keeping a good attitude, paying

more attention to you at all times. What I'm really saying is that I'm going to change. I want you to know one thing about me. I want you to know that I'm really grateful that you took me in to be a dad to me because I never had a dad before because I've seen my mama run with different men and that none of them sat down to talk to me or given me guidance when I was seeking for it. They just ran over all of us, just getting what they wanted from my mama then leaving which I feel left me in a disturbed condition because I was always disturbed about that but that's one of the things I'm grateful for I don't have to go through that kind of shit. I just want to thank you for letting me share this time with you.

Killer Dolphins Sold to Latins, Trial Told

HONOLULU, Dec. 3 (AP) — Some government-trained dolphins capable of killing enemy swimmers and ferrying weapons were sold to Latin American countries by researchers connected with the Central Intelligence Agency, a former Navy scientist has testified.

Michael Greenwood, a defense witness Friday in the trial of Kenneth Le Vasseur, said he left his civilian research job with the Navy in 1972 because of a disagreement with the intelligence community over the use of dolphins as biological weapons and their sale to Latin American nations.

Le Vasseur, 28, and Steve Sipman, 26, are charged with theft in the release of two dolphins from University of Hawaii research tanks in May. They claimed they were freeing the dolphins, and the case is considered by many as a test of

animal rights. Sipman is to stand trial in February. Dolphins at the Navy Underseas Center at Kaneohe Bay, Hawaii, were trained to be used as "weapons platforms," Greenwood said, adding that research also was carried on at a CIA marine mammal center at Key West, Fla., where he worked for a period of time.

Weapon-carrying dolphins were trained to attack Russian ships in Havana Harbor, Greenwood said in an interview outside the courtroom.

These dolphins were sold to Latin American countries "either" by the CIA or by intelligence workers disenchanted with the CIA, he said.

In Washington, Dennis Berend, a spokesman for the CIA, said he had no knowledge of CIA sales of such trained dolphins but added that he could not make a firm denial of Greenwood's charge.

Greenwood also described one set of experiments at Key West, titled "swimmer nullification," in which dolphins were used to kill enemy swimmers by injecting high-pressure gas into them. The gas canisters and a needle were carried on the dolphin's beak.

The experiments were continued at Kaneohe Bay and in Camranh Bay, Vietnam, in 1971, said Greenwood. He said he was not sure if swimmers actually were killed.

"This is unconscionable and indicates a sort of syndrome in the scientific branch of the Pentagon which says you can justify anything," said Greenwood, who now teaches in Moorhead, Minn.

"The dolphins could place the weapons in the wrong place," he said.

Greenwood said he has given confidential testimony on the experiments to the U.S. Senate.

Much-Admired L.A. Police Hit by Lawsuits, Probes

By Joel Kotkin

Special to The Washington Post

LOS ANGELES—They call themselves "the thin blue line" and since the 1950s their crime-fighting exploits have been the staple of nightly television melodramas. In shows such as "Dragnet," "Adam-12" and "Police Story" the self-image of the Los Angeles Police Department has poured over millions of screens—an image of a law enforcement group totally incorruptible and dedicated to duty.

Beyond winning the hearts of the masses of television viewers, the Los Angeles Police Department has also won the respect and admiration around the nation of law enforcement officers from beat cop to police chief, as one of the nation's toughest, most efficient crime-fighting organizations.

"Its honesty and integrity are unquestioned," said one enthusiastic LAPD booster, Willie Bauer, for 17 years chief of the Beaumont, Tex. Police Department. "Its professionalism is truly outstanding. I've seen their training and administration and was deeply impressed."

But in recent months the LAPD's stature has been undermined by a se-

ries of lawsuits and investigations mounted against the department.

Among the more serious have been:

- An investigation by the Los Angeles district attorney's office into the recent fatal police shooting of an unarmed, naked, white biochemist that has led to charges by minority groups that other killings by police of blacks

People in power had the arrogance to feel they could do anything...with their files

—A lawyer commenting on the destruction of records.

and Hispanics have never been similarly examined.

- A joint probe by the district attorney and the state attorney general into the possible unlawful shredding of 25 years' worth of citizen complaints against the LAPD.

- Federal and individual citizens' suits charging the LAPD with such severe discrimination that the most recent statistics (up to the middle of 1976) show the number of women officers in the department decreasing.

All these cases could have statewide

political significance after January when Police Chief Edward M. Davis steps down after eight years. He is widely expected to run for the Republican nomination for governor. In the primary, Davis' main opponent now would appear to be state Attorney General Evelle Younger, whose department is investigating Davis and

stick out of his hand twice by the use of judo techniques. Only then, Barz claims, did he draw his pistol and shoot him six times.

LAPD's version of the Burkholder shooting has been treated with widespread skepticism. District Attorney John Van de Kamp, often mentioned around here as a possible candidate for FBI director, has ordered a full-scale investigation into the shooting. In addition, a \$1.25 million civil suit against the city has been filed by attorney Stan Arnold on behalf of Burkholder's infant daughter, Isis Sari, who was born less than three weeks after her father's death.

Arnold seeks to prove that Barz shot Burkholder unnecessarily. "I'm a Republican and I've always been for the police, but the way this was handled was abominable," Arnold said. "We give the police weapons because they have our confidence. We are like little babies in their arms. But this policeman has broken that confidence."

Davis, meanwhile, appears convinced Barz will be vindicated and blames the news media for building up the case. "[A] witness has now been

POLICE, From A8

found and he sustains the position of the sergeant," says Davis. District Attorney Van de Kamp, who found the new witness, due to testify at the scheduled Jan. 17 inquest on the Burkholder shooting, chided the 60-year-old chief. "I would like to wait and see, if I were Ed Davis," said Van de Kamp.

The furor over the Burkholder hearing has injected new life into efforts by local liberal, black and Hispanic groups to change the Los Angeles Police Department's shooting policy. Michael Zinsun, the chairperson of Watts' Coalition Against Police Abuse, believes the Burkholder shooting has made whites aware of what he calls abusive police practices that previously have been restricted to Los Angeles' large black and Hispanic communities.

"This shows very clearly what has been happening in the black and brown communities here," said Zinsun, whose group runs a private police complaint bureau. "We have scores of cases where black people have been shot down, but nothing has happened. But it may change now that it's happened to a white, middle-class person."

The concern over the Burkholder and other police shootings has led to new, unprecedented political attempts to curb the police department's policy. This September, six weeks after the Burkholder killing, the usually pliant civilian Police Commission here changed the LAPD's firearms policies.

In the past officers were allowed to shoot any fleeing suspect who the officer had reasonable cause to believe had committed a violent crime. Now officers can fire only when the fleeing suspect is known to have both committed a violent crime and remains a threat to others.

Davis was left fuming about the firearms policy, but meanwhile, a potentially more damaging development is the joint probe being conducted by the Los Angeles district attorney and the state attorney general. It charges the LAPD may have unlawfully destroyed records of some 25 years of citizen complaints.

Intradepartmental correspondence of the LAPD indicates the police first decided to shred the files, covering nearly 25 years of unsustained complaints against police officers, after a series of court decisions indicated the police would have to surrender those

files on request from defense attorneys. The "adverse effect on the morale of police officers," the files were having, the internal reports said, was a prime reason for the shredding proposal.

Counseled by the Los Angeles city attorney's office, headed by Burt Pines, the LAPD went to the City Council in May, 1976, and asked for permission to destroy what were described as "internal affairs miscellaneous records." The council granted it virtually without debate and over the next two days over four tons of documents were shredded.

"We were told it was just odds and ends, little things not worth bothering with," said city councilman Zev Yaroslavsky.

Since the shredding took place, several local judges have denounced it as improper and scores of criminal cases have been thrown out of court because the shredded files often requested by defense attorneys cannot be produced.

The case against shredding has been bolstered by records made public by Stan Levy, a lawyer now in private practice, who protested the decision when he was an upper-echelon member of the city attorney's office.

citizens' Complaints Investigated

There was a deliberate decision by both LAPD and the city attorney's office. The people in power had the arrogance to feel they could do anything they wanted with their own files," he said.

Deputy District Attorney Don Eastman, who has been directing the shredding probe since it started in June, says between 25 and 30 people in the city attorney's office and the LAPD are being investigated for their role in the affair. He says the possible charges include obstruction of justice and perjury. "The chief is being considered by the investigation as well as the city attorney," Eastman said. "It is a touchy case and painful to do."

But sources close to the investigation say neither Davis nor Pines will be reached by the investigations.

District Attorney Van de Kamp denies, however, that any assurances have been given to the chief or Pines, himself a probable candidate for the Democratic attorney general nomination. "There have been no assurances given to anyone on the higher level," Van de Kamp said. "I've never talked to the chief about this personally at any time."

Davis, who says his role in the shredding consisted of one "twenty-second" conversation with an assistant chief, finds nothing wrong in his department being investigated by the office of his probable GOP gubernatorial primary opponent. "We did absolutely nothing wrong and if we did, you can bet your boots it would have come out by now," Davis said.

Davis' department has weathered other probes and other suits in recent months. Earlier this year a Justice Department suit charging the LAPD with sexual and racial discrimination in hiring was stopped by an injunction from a federal district court. According to Justice Department lawyer Mark Gross, the case could cost the LAPD over \$3 million a year in Law Enforcement Assistance Administration funds if successful on appeal later this winter.

Another key discrimination case, filed by a former LAPD woman police sergeant, Fanchon Blake, has also been rejected in federal court and awaits an appeal later this winter.

Blake charges that Davis, by imposing such "unisex" standards as a five-foot-six-inch height minimum for women, allowed the number of women officers to drop in his first five years

as chief from 178 to 152, or slightly over 2 per cent of the department of 7,000 officers. Blake contends this took place when police departments around the country were drastically increasing the number of women on their forces.

Despite the range of charges against the department, Davis and his supporters believe the department's image remains pristine.

Davis points proudly to last year's nearly 2 per cent drop in Los Angeles' crime rate, and claims an eight-year drop of 40 per cent in crime in the black Watts section is evidence that his hard-hitting, no-nonsense approach works.

The chief is confident that his department's tough attacks on such so-called victimless crimes as prostitution and marijuana smoking have all contributed to these impressive crime figures.

He hopes to share his thoughts on crime with the reading public in an upcoming book, "Staff One," this winter. Another book, titled "Hang Them at the Airport," a reference to the chief's famous prescription for dealing with airplane hijackers, will follow.

11-14-77 Mon.

Good Morning Lady,

Will do still morning here anyway. But there, right now is probably 3PM (10A or here). I'm in town waiting for Joe Martinez to come out so I can take him back to the ranch (he only stays in here till 10am).

How's everything with you in "paradise"? I'm waiting to hear something back from the 3 letters you had not received since you last wrote me. Also sent a tape of sorts by Ujara but don't know when you'll get that letter. It wasn't very good so I made 2 more but don't know about sending them or when. Still have to make one for the children. The others were only for you.

We started picking grapes yesterday. Really wore me out cause I have to drive the tractor, pick grapes, carry + load the full boxes on the wagon then take them to the trucks & lift them up high enough to dump into the gondola on the bed of the flat bed truck. Was a over sore & tired last nite. Going to have to eat a little better while I'm in this physical labor thing. It's good for me tho. I enjoy being out doors & working hard. Over all its satisfying. We are supposed to get 6 or 7 groups up today from SF to help out today & tomorrow to supplement our 4 people here. We have to get them delivered to Super Peaks Winery in Healdsburg by Wed. at the latest. I'll have to drive them down there too. This sure was a bad time to lose Ujara. Have to make all the ranch bus runs AM & PM too along with the 6 hrs.

EE 1017a

11-16-77, 11:30pm:

It's Wed. nite but I didn't go to SF. Too many probs. Incl. a headache, a sore tail, etc. so I stayed back. It's also been a bad opt. of days. Really down!

I'm not going to write much right now cause Jim just not up to it. Had a bad dream about you about a week ago. Really shook me up. Woke up upset about it. That is the very first bad dream I've ever had about you. Don't know what it means fully. They are supposed to have some significance but so many things are pressuring that I don't know what to attribute it to.

Drapes are all picked + deld. Glad it's over. It was an experience for sure. Liked the outside labor part but the rest was a trip I would have missed + not missed.

Jim awful fied + out of sorts so I'll close this segment + try to get back later.

11-17-77 Thurs. 8:46am: Here it is "later". Changed pens to:

Jim still in town after the bus delij. Want to catch labor at Mayfield's so I stopped at Denny's to have coffee. Actually I thought Kathy would be working here today + I was

going to ask her what effect the latest article had on her

companion. Don't know what is going to happen between

those two ultimately. Help Becky to cure a doll. And NO

Jim still not interested in Kathy as much as a fellow

Comrade. OK? Honest!

Well I picked back up about 3 lbs. so Jim going to

have to get back on it. I know it's partly because I

have not been going to the Conditioning classes like I was but my schedule simply prevented it. Will have to set myself a regular schedule to do the same kinds of things at the ranch, at least some of them.

Clair finally got her 2nd letter from Richard, 12 pages, and let me read it because of the business type things he referred to in it. He was still in the hospital in town but should be out now into the kind of thing he's supposed to do there. I sure wish I knew what my place will be. There are so many uncertainties about over there. I'm not very good at living with uncertainty any time of this has been the heaviest time of my life for being uncertain about so many things.

(*Even Richard said he still couldn't see where he fit in to the picture there after being there 3 weeks already)
There are so many things I don't understand and wonder what will happen if & when I do. There is right now the widest chasm of understanding that has ever existed between us, and no way to change that from here. Just about the time I think I can't hold my head above water any longer some thing will come from you that gives me a recharge and I keep straightening up.

The weather here has settled down to being sunny

4

& cool. Warm in the daytime & cool at night. I really apprec. being in the trailer. Its comfortable & I can be alone to work or relax when I need to. I can lounge around without my shoes on & not get dog hairs in my socks & clothing or I can go without any clothes at all. Like after I shower, and really relax. Nobody comes over here, except in an emergency, or after calling F. Ch. Did I forget to tell you I have an extension of the church phone (729) in there now? Its a great help. The plants arent doing too good cause I dont know what to do with or for them. I should get a book I guess & read upon their care but Im just not getting everything else done I have to do so I havent. I know if you were here they would really be thriving. The one in the green pot on the stereo has branched about 3 or 4 times but the old shoot dies & the new takes its place. Right now there are 4 going at once. Thats a change. But it wont last Im sure cause they need more than water.

You asked if I thought you there had forgotten about me & to a degree thats part of the whole problem you were addressing. You cant understand the whole thing I know because you arent & werent here to see & monitor it but it was a factor. It is harder

EEIC176

8.

at some times than others and I can't seem to control how it goes. It's almost as if there's a comb. of mental, physical & emotional forces at work & when they all get on the wrong frequency at the same time then there's a "short circuit" & all hell breaks loose inside. So much better than it was for a number of reasons, several of which you provided. At least it's less frequent.

The VW is going to be sold in SF. The van needs a tune-up & a new battery (which I'll try to get today). The green pickup is a wreck, I mean it's so run down & beat up we couldn't get more than \$150. for it. Still haven't sold any of the buses. They sure are hard to sell this time of year. Late spring or summer is the best time

Got to go for now. Later.

11-17-77 (later): Did I tell you we only got 5 tons of grapes from the vineyard? Should have been 3 to 4 times that many but the grapes weren't tended last year so they need to be to produce what they should. I'm going to see what needs to be done to prepare them for next year. It will make them more valuable to a prospective buyer. Wish we could find a "prospective buyer". Still haven't forgotten that

EEIC 17e

6.
we could have been out of here by now if
we had not listened to Gene C. At least we
would have to if we can find another buyer.

11-18-77; Fri: Here we ^(really just one) are back in town again after the
morning run. Waiting for Safeway to open to get some
day old bread & maybe some produce. The ranch bus
is in bad shape. I tried to leave it & take cabs today
but B & C are in a panic about a poss. investigation
of the ranch by State. Damn thing rolled right into
2 intersections today, brakes are so bad, it's going to
require a complete brake job which will be expensive.

So now the State will be down on our backs
trying to find something amiss. And they will do
the unprofessional way things have been done.
Another reason to be upset about letting that offer
get away from us. Suppose this investig. could
mean we'll be tied up here even longer than we had
hoped. Who knows how long it will take them in
their usual snail pace to get their foul deed done?
I'm about to resign myself to being a permanent
resident here. Anyway it's just too discouraging to
anticipate anything will work out as expected
or within a certain time span. Just doesn't happen
that way.

That sore place on my tail is just about over its sore
stage. I don't know if I did it working the jumps or
during some sit-up exercises wearing my jeans. But
I'll have to wait for the seat to turn its course before

EEIC17F

trying any more situps.

It sure does get to me at times seeing couples, also couples w/ children, together doing things, enjoying themselves and one another. It seems like I'll never be able to enjoy those things again. It's been so long. Well, that's the part of me - that's suffered the most neg. destruction, thru this, coming out.

See, there I go again letting out those neg. things. Hold you I wouldn't. So I'll lock them back up & ignore their cage rattling (but I can't really, they have their effect).

The weather here is still about the same. Temp. gets to mid 60's in the day & mid 30's at nite, sunny and no rain. This area sure needs more rain bad. I'd

* sure like to take a trip to Oregon & see some pretty green country like we saw around the cave. That area would be a nice place to live.

Got to get going.

11-19-77, Sat. 9am: Welcome to my Sat. morning! Such as it is here. I'm sitting with the fellows along with Carol Stahl while everyone else is attending an all day First Aid course in the rec. room here at the ranch (a guy came out to teach here). Also I'm doing some laundry, recording tapes & doing some "bookwork".

Tell Teena to get her tail to flying back here, I need her! Well, actually I just need to find that Salvation Army store that she & I went to. I can't locate it. Stupid me. I thought it was on Market but it has hidden from me. I want to get another of these rayplones I picked up

EEIC 179

which we were there. They are really nice. You will really appreciate one for private listening plus a great sound. Damn it, I miss everyone, each one!

Today is another great day weatherwise. It is frosty on the ground and partly cloudy but bright out. Bet you miss the frost, snow & freezing temps. don't you. I have always liked the weather around here the way it fluctuates so much. It's invigorating to go from warm to cold & vice-versa. Must be quite a change to that constant climate.

You know, I've almost exhausted the "good" records at the Ukiah library also the ranch library. I am starting to borrow records from people like the clients here. They have some good ones. We have got quite a collection already. I have already sent a lot of the good ones over to you, in fact I sent them prematurely as I wanted to listen to some of them. Thought at times it might not be that long before I could join you but I think silly thoughts ^{like that} every now & then. I'm not responsible for my erratic mental derangement.

Recording old Buffalo Bob's shows on Sat. am 9-10 am he plays a lot of the old time country tunes. Lot of acoustic guitar, banjo, etc. which I really like. I've also been recording the Bee Ham pings on Sat afternoons when Jim here. They may come in handy for slits ~~they~~ like Jimmy does, plus I just like to listen to them. Some funny stuff at times and good music.

11-21-77, am (Mon.)

A week later & I'm still writing the same letter. Well, that's the way it goes. Spent yesterday (Sun.) laid up w/ one of those nausea headaches I get with upset stomach, dizziness & the works. Couldn't eat more than a couple of yogurt cups & a small pc of cheddar all day. Boy, when I get 'em they are good ones. Dinner thing is still hanging on today. Not quite as bad. But I couldn't get out of bed 'til 9:30 am. Sometimes I think in dying with these attacks, they sure are weird. Took 3 aspirin, 2 darvon & 2 Chlor-trimethous yesterday + 2 more aspirin at bed time. Then 2 more aspirin this am. If I get rid of the headache I'll have to order a new stomach. Sure glad you left those Darvon's.

I'm on my way to DAD office to get regists. on the radio-trailer. We sold it to Bill Haycock, who is selling the church, for \$400.

So damn many things to do I don't have time to be sick or hampered with a headache. So many probs. left by Fish & dropped on me with no records or backup to help with. It's a bit.

EEICITii

Well I got to roll on. (bad english). So I guess I'll be writing you later (instead of seeing you later).

Later: 11-21:

10.

Sitting on State St. in the Dodge Van (formerly Mary's) with a low batt. that don't want to start the car. So I'll wait a few mins. & see if it changes its mind & if not I'll have to call for someone to come & give me a jump from another batt.

Last nite on TV they had a 3hr. special on Elvis. It was really good. Played almost his whole repertoire from the beginning right thru. I only taped about the last ~~4~~ 1 1/2 hrs. as I was at the ranch trying to sleep off this headache & missed the 1st half. He was quite a singer and showman.

I was thinking of the fact that in another month from now it will be Christmas & I thought of the song he said was his favorite Xmas song & it applies to me this year, "I'll Have a Blue, Blue Xmas Without You". Remember it? Anyway a lot of his songs say things that can be applied.

11-22-77 (Tue.) 11:25am: Time seems to fly at times and yet it doesn't seem to get anywhere. Like an endless succession of days & weeks, all the same essentially.

In at the ranch "sitting the house" while Bonnie & Claire are in town on business.

EEIC17j

We had a real deluge of much needed rain that stopped last nite. It's still overcast but that's all. Rain does something to me - Mentally or!

Something. Or maybe it's the headache that ran
concurrently with the rain. Anyway, I feel real
strange. Like I'm in a strange world, unreal and
different. I keep hoping I'll wake up and things
will get back to normal. This is an uncomfortable
feeling. The headache is still hanging there sort
of out of reach but ever present. It was strong
this am but a cpl of aspirin calmed it a little.

(Had to change pens, the other ran out of ink.)

Claire is sure heavy. Gained back all the weight
she lost plus some. She needs to get over there on
that diet program bad. Bonnie is overweight
too. Jim's tending to reduce again. Jim de-
termined not to get overweight like I was
again.

This is another of "those days". I wish I could
find a way with words to tell you or explain what
it's like but I can't. Besides it would probably be
interpreted as negativism or the like. I guess
in a way it is. But ~~that's~~ it's more complex than
that simplistic term. The pressures and anxieties
work differently at times. But what really bothers
me is that if something went wrong back here

EE 1017.4

12.
that I would never be able to explain all this
to you. You are in a shell here that ~~is~~
~~that~~ has limited openings and some things
just won't get thru. But if I get here I know I
will not want to talk about most of the trials
here so I guess I'm concerned only about the
eventuality that I don't.

Still no prospective buyers on the ranch. No
body has even come to look at it for 2 weeks. We
really got ourselves fucked into the wrong time
of year. I really don't expect to be able to sell
this Leviathan until next summer, or late spring
at the very earliest. Cold weather is a bad time
to sell real estate and especially this type. The
wood heat, cold rooms, wet, mud, etc. all take
away from its appeal. So here I sit.

Alice, Dorse & Denise all moved to the city
last Friday nite. We are the last holdouts.

We are still waiting for the church financing
to be firmed up. Its very hard to finance churches.
After they get financing we will close as soon as
they're ready. The sooner the better. I'm responsible
for keeping the pool up along with my Sunday others
EE 10/17/2

Anties, so I'll be glad to clean that one. Have to keep adding water every 2-3 days & cleaning it once or twice a week. Ray Godshalk used to do it best he's in LA helping A-J. But A-J said they were supposed to be thru down there in a wk. or two. Then they'll all either go to SF or over there. I think Ad would like to go over. I'm not sure.

Still haven't got that batt. taken care of in the van. So many things to do. We have 3 vehicles, or 4, here at the ranch needing immediate attention by a mechanic but everyone is so busy with work today. Well we'll get to them one by one.

Rufus stayed in the trailer with me last night. He was so wet & cold. The big dummy wouldn't sleep in the rec. room where I offered to put him. But he's a good fella so I took him home today out & warm up. His daddy (Bruce) & mamma (Denise) have both left him so he's here at the ranch now but doesn't get the attention he used to.

EEIC 17m

11-23-77 Wed am:

14.

Speaking of that, I know someone who
doesn't get the attention he used to either but also
not able to give the attention that seems so necessary
a part of living as breathing and moving.

I went thru the first real earthquake I've ever experienced yesterday. I was sitting at my work table in the trailer when it hit. Felt like the trailer was rolling downhill & over. Didn't do any damage locally but I think it did in Willits. Haven't got the details yet. Woke me this morning when the aftershocks kept coming. Got about 6 of them so far.

Oh, McDonald's built on a new section. It's finished now. Enlarged it by about 2/3. It's a large indoor dining area. They sure do a large business. I like to get a big cup of coffee there once in awhile cause it's not as costly as ^{most} some places.

Still battling that "mean-ass" headache today. It goes for awhile then comes back again in the same place. Mostly originates, I think, from that place around my right shoulder. You know the one. No one here I would ask to rub it either. Heat has only a limited effect. I think it really from a comb. of tension, anxiety & depression. I got this

EEK17m

15.

Book on headaches written by a doctor who works at a Headache Clinic and it's quite informative. Hope I can find something that will help me. I didn't know until reading the book that depression can also trigger headaches along with or besides tension and/or anxiety. Really what I can't figure is why this place in my shoulder is so damned persistent. It's like a pore boil inside the muscle. I can feel the muscle tension pulling all the way up into my head. Maybe I need to get completely bombed out of my mind so I can fully relax long enough to let that muscle uncoil. But it wouldn't work I'd bet. You used to give me a muscle relaxant that helped but I doubt if I could get anywhere even if I knew what it was, well enough to buy phos. probs.

Think I'm going to St. Louis (Mud) & will be staying over for Thanksgiving & Fri. after. We divided up the 4 days thru Sun. between all of us at the ranch & most people didn't want to go Thurs & Fri. so I didn't have too much of a preference so I'm going for those 2 days. Don't expect anything, like being able to talk to you or the children or see you in any pictures. I'll just be getting away for 2 days which is a treat in itself.

EEIC 170

Have you done anything about scheduling your dental work to be done there? You better if you haven't. Teeth just get progressively worse with time. You have good teeth & shouldn't let them go too long so you have to lose any. I know about that. I'm still bitter about how you had to rush out of here like you did with so little preparation & right before your dental work was to be done. The dentist's office tried to set another appt. for you. They thought it was important to get taken care of. It's people like Sharon Amos using that phrase "Father called for" etc. that creates the distrust and confusion in people's minds when you suspect it really didn't come direct & later confirm it. They don't really understand the full ramifications of throwing around his name like that. It should be reserved for real crises & matters of serious import.

writing them down anymore. If something did happen to me that I didn't get ^{copies} I don't want others reading them or their not getting them to you. So the writings I made just after you left will be destroyed for the same reasons. Wish it could be otherwise but it can't, I know that now. ^{Harold writes his thoughts down quite often.} ^{He said in one letter he had quite a bit for me to read.} CB

Good grief - as Charlie Brown says - I better stop writing, this letter is getting to be a booklet. You won't be able to finish it in a week of reading if I understand your schedule correctly.

11-27 (Sun): Riding along in Don's back car with her & Bonnie on our way to SF. Bonnie & I have to talk to mother & others about the invest. coming up this Wed am. We will be coming back to L.A. this is really something - 2 trips to SF in the same week. It's not easy to write in a jostling car, esp. a small one like this. Anyway I have to close this off.

Get your letters (last dated 11-6-77) on Thurs. in SF. Thank you!

Take care of all of mine (ours) there.

(Sun. 11:30 pm)

Hello Edith -

Guess I goofed again. I didn't take the time to re-write that letter that I tried to glue together. Obviously, you got it apart, or somebody else did before you.

We haven't, as of this date, got confirmation that the sale of the church is final as there was a contingency ^{yet} in obtaining financing that they have not told us ~~was~~ taken care of alright. We'll just have to wait & see. ~~It~~

No prospects yet on the ranch either. It's pretty discouraging for everyone who is bound here by this "albatross". But it does bring in money regular so maybe that is to be our contribution to the total picture for an indefinite period. At least it's certainly indeterminate. So for each week or month that passes, I have to add at least 3 mos. more after a possible sale.

By now you should have rec'd. the other adapter I sent. I explained, I think, that I found the right sized tip for the other adapter in my desk drawer at the office. I'll bring it (or send it if I'm stuck here and you need it).

Honestly I am very grateful to Father that each one who is specially important to me is there safe & out of this evil mess, free from harm both physically & mentally. It is still hard to deal with the long periods of separation. I'm just not made for this sort of thing. I couldn't bear to be there with any of you here - just couldn't.

EE '10 '82

The music thing is straight now. By the way, Denise He left last Thurs. & she has some tapes & a real nice tape recorder with a large speaker. It sure has a nice sound. Maybe you can get together with her on using it or sharing. She has some duplicates of some tapes I made plus others I haven't got. Some of my copies of tapes she has are still here waiting for a ride over.

I'm sure glad you're "lots smaller" than Renee. She is too fat. Teena was getting that way. Starting to look too pudgy. You ought to see Claire. She is really getting "bad" again. Really spreading out. I'm holding even still. But not exercising like I was. Just got too be too many conflicts to keep at it. I am going to try to start again if I can find a facility. It's getting pretty cold here & I like an indoor place to work out if I can find one. I'll have to see that sun dress.

I'm proud of you starting those exercises. There are really a lot of benefits to some of those exercises. You'll see in time. Hang in there.

Sweden girls huh? One of the children told me I think well.

This letter writing thing for everybody is going to be a feat. But I'll do what I can.

You didn't get my message about the blue things. I found them in the file. I do have some others for you though.

EEIC 186

In all fairness I will have to admit that considering the way you don't like to write that you have done quite well in the letter writing dept. It's just that this has been a

3.

very difficult time for me & I know I've been over-demanding and terrible about it.

Hope you got everything I sent to you by Teena. That rascal girl unpacked the bag I had it all in & put in hers. But I'm sure she did get it to you. Damn girl! She can't keep a secret. But maybe I told her it was alright to.

The sky was magnificent at sunset tonight but somehow it isn't enjoyable. This whole area seems empty. Too many things have changed here. Too many faces gone, some very special. But always the constant reminders that they were here in this place or that.

Why didn't Cindy write in that last bunch? Is she alright? And what did Candace go to George town for? Or can you tell me? No one else has.

You mentioned Rita. Is she working in the laundry now too? Tell her Harold said "Hi!".

Whether or not I make you feel that way or not it sounds as if you are "brand new". New sizes, shape & thoughts. Kind of unnerving for a fellow to think of all that at once in one revelation. When I roar into that place it's going to seem strange but surely wonderful. It will take me a week at least just to make the rounds of everybody I haven't seen for so long. Or is that 12th week reserved already?
~~What about~~ Home?

It's very difficult for me to envision "no outside pressures". Just can't get it done. But if you say so, then seeing will be believing. I am quite a pessimist amongst my many neg. attributes, also a cynic of sorts. But not irreparable. I'm still going thru some very difficult head trips about over there.

EE 10100

Oh dear! Here I am, as usual, writing letters and ~~also~~
recording tapes at the same time (I usually do 2 or 3 things
at once) and I got hold of a 120 min. one & have already
got 2 albums on it. I have tried to avoid those 120's cause
they tend to break too easily. But, looks like I'll have one
anyway.

I still haven't seen any of the latest movies. Saw some
slides last Wed. nite in which I saw Candace in the
nursery but the camera wasn't very close to her. But I
could tell it was her.

I discovered I can plug a jack into my radio in the front
room in the blue house & pick up the SF FM stations. So
I can record KABL & KFOG prog. Just don't like to
have to go there to do it. Most of my work & reference
materials are in the trailer. Which requires a lot of pre-
planning & lugging of papers, boxes etc. But, I'm getting
some done.

... Sent 2 tapes for you by Denise, if they let them thru.
May have sent one I didn't want to due to being in a hurry
to get them together. This recording is full of errors.

There's really nothing I can pack. The way things are
going (the ban on bringing in deodorants as an example) I'll
prob. have to get rid of half of what I've had together to
take with me for so long. It's getting to be a keep. They
have cut back on the amt. of luggage allowed. By the time I
get free they prob. won't let me in.

You might as well plant the 3 trees & anything else
you were waiting on. It just doesn't seem that things will be
wound up anywhere soon. Probably summer anyway. Don't know
if it's that long but that's the way it looks from here.

I'm thinking that on one of those tapes I recorded a short
piece of my poor banjo picking. But I'll keep trying to practice &
maybe some day I'll learn to play good enough to play in public.
E & R 10/2

I really like to play when there aren't a lot of pressures on me or I'm not too out of sorts. I have learned a lot about playing it but there's lots more to learn and much needed endless practice practice practice.

I'm still trying to get to SF for wed. note where possible
even though we don't have to go Weds. But I really
need to be here on w.e's just in case a buyer might
come by. SF is very depressing to me now. Just no one there who I used to look forward to seeing. T.U. is too but for now I'm numb to the prob. here but it would last as time goes by.

You know sometimes it really hits me hard - that my whole life is so strangely turned around. I can't believe what has and is happening. It's like walking in a strange world almost dream-like where things look familiar + yet not. I know I'm different in so many ways. Familiar things are ~~gone~~ ^{gone} ~~missing~~ ^{missing}. Other times I feel like a man who fell into the ocean

from a cliff & I keep grasping for rocks to keep from going under. But I can't hold on to them. The rocks being people or things I relate to for security. Just when I think I have a foothold on one & something heaves it out from under me & I'm drifting and sinking again. Dumb isn't it?

If I ever get there I'm gonna fuck since a Pim plating.
It's a tree porcupine & they make real nice pets. They are cute & funny. If you see one let me know. You would fall in love with one if you saw one.

I'm recording a box of the Pioneers album the ones of the guys had. Got a whole stack of good records to go thru. In
EEIC 182

6.
going to have some music to listen to & be able to share with
others who like the same.

Can you pick up regular AM radio from there? I didn't
think you could. Or is it being amplified from somewhere else?
We would be able to pick up lots of stations & countries with
the Westinghouse radio. We will need to get a working
language in Spanish. See bet.

As for the "Take It On Home" I never get "home" in the sense that
you speak. But you must know me well enough by now to know
what I need to do. Some things I wasn't kidding or lying about.
It has been pretty terrible on that score with me a little bit
back. ^{now} Think it's going to get worse. God damn!

I wasn't sure if that vit. E lotion was what you wanted but
it looked right. Will that lye soap end up taking your hands
off too? I'm glad it's helping the warts.

(The last 2 paragraphs are from 12-6-77)

Are you going to get your dental work done too? Or is
there someone making those decisions of who needs it & when?

Tomorrow (Wed.) I'm going to SF & I'll turn this letter
along with others I've written so they can go out without still
having these ups & downs about writing - like hot & cold.
So this one came in hot & went out lukewarm. I sure have
a lot to write but that's the way it goes with this new
horror. It's true that I'm new (at least different) in some
respects. Time & circumstances sure can change people.

Guess I'll close this one off with a Thank You Father
for the safety of all my loved ones! Take Care. Tell all of
my loved ones not to forget me.

12-7-77: Wed. nite: Got 2 letters of yours when I got here to SF. To clear up a
wrong impression, I wasn't upset that Denise had the tape of your ~~msg~~
right I would have exchanged tapes with her it was only that I
thought, maybe entirely wrongly, that this particular one had been
removed from the envelope which got me real ticked off that

7.
The envelope was opened (I had sealed it). So that's what it was about. I still can't figure how Dorsee got that particular tape. But I'm writing it off as mistaken judgment. It didn't jibe in some ways & yet in others there was a familiar ring. So ~~let~~ forget it OK? Had no ill feelings toward Dorsee or Dem about it.

Yes, you are very right, I have changed a lot. I'm not sure altogether ~~how~~ ^{how} or how much. As I said time & circumstances do change people. Maybe you won't like me this way. I do still care for you, that I don't see as changed. I have ~~found~~ found things out about myself I wasn't sure about before and also confirmed things I was sure about. If I sound muddled it's prob. because to a degree that's part of it. Your letters keep telling me you can't relate to or understand my reactions to the things I've been thru here. I shouldn't expect you to. But I guess I had hoped you would somehow as it might help to prepare you for differences in me.

Re letters, sometimes (besides the time schedule) I just have difficulty writing any letters at all. Then other times I may write 15 or 20 in a bunch. This, plus the fact that we aren't in SF or no one goes down to deliver letters to be sent will cause large gaps in letters you receive. I know it doesn't fit my pattern but then I don't even know my pattern anymore.

I won't ^{try to} find anything else. Luggage is out backing my way so people really don't have room.

Still nothing on the ranch sale - not even looks to date. The church sale may be off. They haven't complied
EE 12189

with the sale terms yet so we're considering it up for
sale again. We may try to split the ranch & back
it down in lots. That will take a minimum 1/6 months
if we do. (Had to chg pens - 2 dragons in my pocket).
But it may be the only way we'll get rid of it.

I really can't afford to send many pictures.
Besides it's difficult to get someone to even take
them.

You twist things around as bad as I do - I didn't
listen to anyone's gripes. Re-read that statement. It
may be things take on a diff. hue in that setting but
I'm still here with all of it around me.

Well, got to get busy. I will hang in here. Nothing
else to do you know.

I'll run your letters more later.

Take care

Harold

Jim.

Some years ago you said to some

Georgetown

To Dad

Dear Dad 1-24-78

I want to let you know that I agree that the wisest thing to do is not put couples together apart from the collectivist like in Georgetown.

Tom mentioned to me before he left that he wished I could go with him and Malcolm. I was very adamant and he said I would not go to Georgetown if he was there or not and that Malcolm get good care here. I don't wish Georgetown for him. I bear the guilt of bringing Malcolm into the world and I feel I would bring more harm to him by taking him out of the nursery and the atmosphere there. It is easier to say this than if it were an actual happening. I am a man and would think about Malcolm. I don't deny that

I don't mean to take away from the fact that Tim has worked hard and shows leadership and willingness to be the bad guy (I'm referring to the job he had here) — but I feel at times he is emotional and I'm damn worry shit trips on me and Malcolm —

I feel guilty about bringing Malcolm into the world and I have guilt over the years since Tim here — how I let you and the cause down — I remember all my selfish trips and wanting to leave the group I remember how repressed and god-damn passive I've been in the past —

I remember being wacky wacky on my thinking and fuckin' stupid —

I feel guilty for not showing more awareness to the suffering of black mothers and babies — I know there are many Lula members around the world — Mom Talley and

Alma Thomas too —

I have guilt for my being quiet — I work on confronting people directly and stating my opinion — I know I have not yet fully conquered this — I should speak to my mind too —

I want to fight and am grateful to you for the opportunity to be able to die for a just cause — I feel the children and seniors should be taken care of — I would not want to see more suffering come to them ~~in~~ the time of battle —

You asked us to write up what we have stolen — I have taken 1 small blanket from the baby nursery, 1 wash cloth, 1 small pillow, and I have taken food after the babies have eaten and eaten it too when I should not have done so. I also found 1 pair of jeans one night late in the showers that I never turned in — I will return what can be returned and stop eating baby food and milk of

Dad;

I really SCREWED UP TODAY. I LOST MY TEMPER WITH LULA RUGEN, a SENIOR, WAS SWEARING - ~~at~~ at her in the sense of name calling, - ~~but~~ NEVERTHELESS TALKING LOUDLY AND UNKIND. I TO HER. SUCH CONDUCT ON THE PART OF A WHITE SUPERVISOR IS NOT EXCUSABLE. Several others heard it, and I am sure it went all through DORA S. Mrs. RUGEN went away saying this was just like the U.S.A. I apologized to her at the time.

I am bringing myself up for this because it will have to be made public to keep the air whether or not anyone says anything IT to your attention.

By way of explanation, but not excuse, the flu bug has got to my stomach so I haven't been eating much for the last day and a half, my blood sugar was off and I just lost my self control.

I feel very guilty about the whole episode and would like to work Sunday afternoons for 4 weeks.

Father,

I hesitated to write this letter, but decided to any way. If there is a group or a few people sent somewhere to fight I would like to be involved in it. This is a very beautiful country but I can't really say I enjoy living. I dread the thought of living on and on for years. I don't mean this to sound suicidal because it isn't meant to. There were times in the past when I considered suicide, but not now - at least not for no reason. Even when living in Ohio and before listening to you I thought about death. You've kept me alive these many years.

Anyway - if I had my choice I would rather die at an early age - and for a reason. There are really no ties binding me. I have no children and no companion. Nat will have Pat when she gets here and Stephanie will have Doxsee. In view of this, it would be somewhat easier for me than for some others.

So, if the opportunity arises, please consider my request.

Thank you.

Re: Attractions

I remember when you hugged every member of Peoples Temple + everyone coming to meetings in each of our main cities.

That hug meant a great deal to me. I really felt for the 1st time that someone really cared for me - not sexually but sincerely.

I do recognize that I am attracted to you and I don't feel guilty about it like I do other attractions.

I think it is normal and I don't allow myself to get hung up in fantasies about you.

I do have attractions to others and I do feel guilty about them. I think it very selfish on my part in this stage of our development with so much to do to desire companionship.

~~which~~ I see often where I am above zero. Very seldom do I feel hostile to you but every time I do - it's only moments that I can clarify my hostilities to you are really covering above zero things about myself that I don't like to face - like feeling sorry for myself + my own narcissism - I am grateful for your determination to teach us - every meeting and every lesson on the PA helps me to learn something. I crave learning^{the} Communist character that you can give us and I'm very hostile to noisy people while you're talking - Thank You for giving life to our lives without you there was no meaning - Sincerely + Gratefully

Dad - Last night I wrestled with views presented
at the meeting. I keep coming back to the view that
Revolutionary Suicide is the only solution we have
It is the young men in the G.D.F. fight because
they are told or believe we are a threat to their
nation's economic and political survival, their
supplies give them unlimited directions and
supplies because they are fascists. I don't see us
will survive continuous skirmishes with a
continually dwindling force and as small.
I see brave behind many that are for fighting
that if we would had enough we could protect
you and the integrity of the group. I disagree -
either choice the leader the group would not survive -
our enemies power and resources are astronomical
ours are limited. The thing that disturbs
me most about a fighting war is our lack of
control of the consequences. The very people
who resist Revolutionary Suicide because they
want to save their asses would make excellent
captives for the enemy - saying anything they
were told you to under the illusion that they
would be protected. Many of us would have
to be tortured but I worry we would break
down. We are not familiar with a life
of physical suffering as the brave peasants.

EE 1028 b

of China, Viet Nam, and Russia. Ultimately
I trust only you. The enemy is clever and
^{that which} ~~what~~ would be felted from our mouths would
be calculated to harm the world wide struggle
of brave people. We in a fighting war would
not have control of which of us and how many
of us would be taken in U.S. capture. Though the
strongest might kill themselves before being taken.
The weakest - no matter what they might say in public
meetings - would not kill themselves and would be the
first to talk. The problem of paralyzed and
maimed survivors was not solved to my satisfaction.
If we don't have a solution to being some we are
not leaving half alive children when the
enemy is not breathing down our back - but
surely run more of a risk when the enemy is.
My proposal is the following - as it appears
we will have to take the ultimate step - we
prepare the people by reading the words of
strong, assertive revolutionaries of the past who
took this choice, ^{over the PA system} one aspect of the resistance
is its unfamiliarity, particularly with leaders
our people look up to. Their should also be
discussion of this tactic in the school and socialist
classes. When the time comes that all our
alternatives have been used up we will meet as

a group in the Pavilion surrounded with highly
trusted security with guns. Names will be called
off randomly. People will be escorted to a place
of dying by a strong personality Joyce Touchette
Jan Woulsey, Sharon Amos, Carolyn Layton, Maria
Katsaris, Paula Adams come to my mind who is
loving, supported, but non sympathetic. ^(with escort) They are
escorts accompanied by two strong security men
with guns. (I don't trust people to arrange
their own death any more than I trust someone
to put himself on learning crew for 2 weeks, but
both can be arranged by outside pressure and no
alternatives left open) At the place of dying
they are shot in the head and if Larry does not
believe they are definitely dead their throat
is slit with a scalpel. I would be willing to
help here if its necessary. The bodies would
be thrown in a ditch. It might be advisable
to blindfold the people before going to the
death place in that the blood and body remained
on the ground might increase the agitation.

The idea sickens me. When I've been
on the line in the past and thought I
would be fighting I felt exhilarated. Though I
nothing great with a cutlass, I knew I could
do something to divert the enemy or add some jobs,
EE 1028 d

or give medical help to a fellow fighter
active hit the enemy one way or another
There is nothing exhilarating about this
plan. It is horrible, but it is safe.

AND PRESENT FEELINGS

FIRST, I'D LIKE TO SAY THAT ALTHO THIS IS A VERY TRYING TIME FOR US, IT IS THE MOMENT I HAVE BEEN WAITING FOR FOR THE FIRST TIME SINCE I'VE BEEN HERE; I FEEL VERY MUCH ABLE + SECURE IN EXPRESSING MY THINKING PUBLICLY OR OTHERWISE + IF I COULD EXCHANGE PLACES WITH SOMEONE MILES AWAY FROM THIS DANGEROUS SCENE, STATES OR OTHERWISE, I WOULD NOT DO SO. I BELONG IN THE MIDDLE OF THIS STRUGGLE.

ALSO, I WOULD LIKE TO ADD THAT I DO NOT FEEL GOOD ABOUT HAVING A SELFISH RELATIONSHIP ESPECIALLY AT A TIME LIKE THIS. I FELT GUILTY ABOUT IT FROM THE START ALTHO I DON'T THINK MY COMPANION DOES AS I'VE NEVER HEARD HIM SAY SO. NOT A WEEK GOES BY THAT I DON'T SAY SO TO HIM WITH NO COMMENT + A DAY NEVER GOES BY THAT I DON'T THINK ABOUT IT, SO BECAUSE OF IT, I FEEL MY DEDT TO THE CAUSE IS GREATER SO I WILL BE CONSTANTLY BE THINKING OF SUGGESTIONS FOR STRATEGY ALTHO NONE OF THEM MAY BE WORTH A DAM. THEY ARE:

- * ① I WOULD LIKE TO WALK INTO THE BOOXTROOM TOMORROW WHERE TIM STOEN IS - LOADED WITH EXPLOSIVES WRAPPED AROUND MY BODY, 6/10/28/

② GO BACK TO THE STATES; HAVE NORMAN JAMES
RENT A SMALL PLANE. GET SOME KIND
OF BOMB - FLY OVER CIA CENTER IN
VIRGINIA - LET THEM HAVE IT, LET NORMAN
PARACHUTE OUT IF HE'S NOT WILLING TO GO
WITH ME - THEN BLOW UP PLANE - ME IN IT
(ALTHO PLANE WILL ALREADY PROBABLY
BE SHOT DOWN BY ENEMY FOR US & WE
WONT HAVE TO WORRY ABOUT IT) WE NEED
TO GET TO CENTER OF THIS, SUCH ACTION
WOULD TAKE HOLD WELL ALL OVER THE WORLD
& INSPIRE COMMUNIST & ~~THE~~ SOCIALIST COUNTRIES

OR

③ WE NEED TO CAPTURE TIM STONE TO GET
HIM TO TALK. RAMIFICATIONS WOULD BE
SERIOUS I KNOW BUT NO MORE SERIOUS
THAN THE PRESENT SITUATION. YET I WONDER
IF WE COULD USE THE INFORMATION WE GOT.
THEY WOULD COME IN ON US IN GREAT NUMBERS
& DEFEAT US BEFORE WE COULD USE INFORMATION
TO OUR ADVANTAGE - OR MAYBE NOT TOO.

④ IF THEY COME IN WITH TIM STONE TO
ARREST OR WHATEVER, LET SOME OF US LAY
DOWN IN THE ROAD. EITHER THEY RUN
OVER US OR DONT GET ~~THE~~ THE ARREST DONE.

⑤ I WILL STAND AT FRONT GATE READY WITH
KEROSENE & MATCH READY TO SET MYSELF
AFIRE - IF THEY INSIST ON COMING IN

Dear Dad,

I really hate to bother you with matters such as this because I know part of what burden we all have put you through, but I myself cannot deal with this matter any longer. I'm speaking of Betty Jim Fall. This matter has been going on since I left the states and broke up with her because of being tired of the games and shit she pulls. I've tried like you said we all must do before writing anything up anything to deal with it personally myself. It's just gotten too far out of ~~the~~ hands I don't know how to deal with her without knocking her block off.

It all started when she made friends with Charles Wistler, because she knew he and I were good friends. She started telling Charles how much she liked me and that she wanted me back, and for him to try and help her get me back. Then the next thing I knew she was jealous because I was talking, quite unquote, with Alida Santiago. She started a whole new thing then telling Charles, Kenny Ford, and Agnesita Robinson that she writes me and Alida would stay out of her face because Alida lived next door to her. So when that kind of cooled down she started it up again saying she wants me back. So I wrote her a little note because all of these gossips around here were telling my mom and a few other people that it was trying to go back with Betty Jim. So I wrote this note which said in so many words that I didn't want anyone to do with her, to leave me alone, and stop telling others about how you want me and so on. I told her that I only wanted to be left alone from her because I'm trying to be a good Socialist worker - fighter in this cause. And so now just a few days ago she comes and tells Charles that she is no longer pregnant, that the Doctor and three nurses can verify that fact. She said also that this means she is free now and she wanted Charles to help her get out back for her.

When Charles told me this new News I decided this is the
last straw. If I can't get through to her maybe you can dad.
I don't want anything to do with this immature little girl any
longer. I want her to leave me alone so that I can properly do
my duties. If there were anyone you would be the first to
know. Because I don't want to go with anyone or marry anyone
unless I'm positively sure I want them. I'm not
and I'm determined not to make the same mistake as Harold.

I hope that this will be able to be dealt with tonight.
Because I don't want another day so go by with her trying
this shit. I don't want her and that's all there is
left and that's all I want to say to her. Maybe you
can help get it through her sick, ignorant, capitalist,
honorable mind.

Thank You Dad,

Your son

Chris Cornell

P.S. I thought about what you told me to think about
I still want to do it. I want more and that worse comes
to worse. And they associated Chris Lewis.
This makes my mind more and more determined. All
I want to do is go down knowing I gave my life for a
socialistic cause, where others might live in peace,
freedom and equality. Happy as one people.
That's all I want is to know that I contributed in some
small way to bring this about.

NOTES OUT OF THE BACK COINTELPRO

Cointelpro is the code name for Counter Intelligence Program. A program run by the FBI (Federal Bureau of Investigation). It is called the FBI's secret war on Political Freedom. As a political police for the government of the U.S. The FBI was assigned the task of determining what is fit for the American people to know and what is not. Socialism in their opinion is not fit. The ruling class of America say that socialism is a subversive idea, because it is impossible for the people as a whole to own all the resources and wealth and use them for their own welfare.

In the early 60's Socialism was winning a good portion of the ballot. But the FBI had to intervene and cause disruption, corruption, and confusion amongst the American people to bring down the cause of Socialism. Harassment, threats, and at times in many cases assassinations of political leaders such as John F. Kennedy, Malcolm X, Martin Luther King, and Fred Hampton, and George and Joycelyn Jackson.

As an example of some of the harassments to Black Political leaders and others. In 1964 the first Black man to run for president of the U.S. nominated by the SWP, was Chilton DeBerry. The FBI tried for a time to downgrade him in the press and it didn't work because their lies could not be proved to be true. When Malcolm X publicly announced his break from the Nation of Islam, on March 12, 1964. He said that he was going to support local civil rights activities in the South and elsewhere. He also said to the people: "We should preach law abiding, but the time has come for the Blacks to fight back in self defense wherever and whenever he is unjustly and unlawfully attacked. Then he turned around and challenged the government and said: "If the government thinks I am wrong for saying this, then let them start paying their job. The government did think he was wrong, and the FBI did a job for them." (continued on back side)

EEIC 30a

A job of quite a great Political Black leader in which a job they fulfilled on February 21, 1965 in Harlem, New York, 3 men gunned him down in cold blood. Malcolm X was assassinated by the FBI program. Another job which they (the FBI) called a "good show" was the murder of Willie Hampton of the BPP. A man whose name is William O'Neal was an FBI infiltrator, and was Hampton's personal body guard, and the chief of further security. O'Neal got the information of the floor plan where Hampton was staying to a local agent. Ray Mitchell who in turn turned it into the State Agency's office just before the attack on Hampton's apartment. Along with this information was a report of two illegal shotguns, most likely got there by O'Neal. The police knew just where he was (Hampton) and shot only in the corners of the room where Hampton and Clark were sleeping. This is proof of the Chicago style assassinations which they cleaned out. For O'Neal's services he was paid over \$10,000 from January 1961 thru July 1970.

Some other movements which have been attacked and harassed by Cointelpro are the SWP, YSA, NAACP, BPP, and the CP, and many others too countless to name. Not to mention our 2nd movement which we have proof of down through the years that they had no real connection with some of our organizations. For had it not been for the FBI they would finally find a way to destroy us as they have many, many other great men and movements.

Thank You Dad for bringing all of our people out of this type of harassment and destruction that would have most likely happened to us also.

Thank You Dad

Fr: ANGELA CASABUA & Georgianne Brady

Dad, I have a few ideas about
defending our selves.

1) I think that us children should be trained
as the Jr Sat. Just like China has little
red guards. We could carry messages and
fight to defend our LAND.

2) Since Guyana wants this part of
the land I think we should threaten
to be Venezuelans and maybe they will do
anything to keep us here and then we
could ask for a treaty saying that they
will leave us alone.

OVER EE1033a

3) maybe when the enemies are having an meeting some of us could go in there and go CRAZY on them. ^{Get Gasoline Wikies and} ~~wikies~~ throw it in on them

4) we could have a big group of people go out during the night some time and break up into groups of 3 and go to different enemies houses and kill them in a way that they can suffer

5) I'm not afraid of death because you have brought me from the States which was death anyway. I'm willing to do ANYTHING that is needed to bring Communism. Set myself on fire, put a bomb on me and run in to some honkeys, or even fight for our land that you have got us.

Dad,

I believe in Revolutionary
suicide. I will take care of Hayward
and Mark and loose if I'm needed
to and if the need arises.

I know that it is not easy to do
but under those circumstances that
would be arising then. Would make
it easier to do and fast due to getting
the job done.

I figure if any of our were here
at that time they wouldn't come out
until they thought it was over with.

I was thinking of cutting myself
on my leg, ~~for~~ so that the blood could
throw them off, playing dead, when
they enter to kill them.

My first idea to kill them was
with a gun, but they are very scarce
so maybe some sort of bomb or
grenade (I hear JAIR BAKER knows how
to make them) could be used to blow
them and me up. EE 1034-

This ~~could~~ plan could →

be used for those of us who are immobile at the time, but the places would have to be places
example; Radio Room, Office, Community Building etc.

The people doing this job would have to time the exposures as close as possible.

As for Georgetown I agree that at some point for survival some of us may have to go in and put ourselves
apart.

I think it have more emphasis if there were 3 and they were integrated and ranged age wise.

I am willing to go and do this. I know ~~the~~ after you have dealt on you and it is lit. You would feel ~~to much~~ It would be over soon.

As far as Kaywana stands. It is more important to keep you operating ^{secure} than myself. for her sake. The less and ~~case~~ you give her I can never give like you can. EE-10 3/72 Thank you Godelyn Carter

"OUR HOME TO STAY"

Where we live and work today
Vines and huge trees were in the way
Now on this ~~former~~ fertile land
Our home and farmland stand
Against the trees and soil^{we} fought a battle
And now we produce poultry, pigs and cattle
Hard work both by day and night
Is our way to make production bright.
Through the sun and rain we work fearlessly
To occupy the fertile land productively.

There is so much that can be done
We find no time to iddle around
We do provide time for play and fun
Cause these are things that should be done
However we will never forget
There is still room for improvement yet
With hard work as the days go by
We'll achieve the goals before our eye
Our home would be a great community
Cause we work co-operatively in unity
And without the taughts of going away
This happy place will be our home to stay.

Father,

I remember that night in the meeting you showed us some articles from various newspapers that dealt with world and economic issues. You said that in one article Anita Bryant was going all over the U.S. trying to get rid of homosexuals and gays. She says that they are evil and that they should not have any rights and should not be allowed to get jobs. She said she was coming to "gay city" (San Francisco) to get rid of gays and homosexuals. Because of Anita Bryant the gays in Miami Florida where she is from were defeated and most of the people there are against them now and fighting right along with her against gays.

Another article dealt with a painting on the glass window of one of the Federal buildings in a city in the U.S. It said - "Everyone should own a Nigger". This sign was up for several days without anyone protesting or saying anything about it.

You showed us articles after articles dealing with how the fascist regime of all over the world is trying to do away with Jews, Blacks, all people of color that is not pure white, and homosexuals and gays as well too. Everyone of color and the gays are getting their rights taken away day after day in the states. This will lead to a world war and soon or later lead to a nuclear holocaust as you said over and over again for years and some people are just now beginning to write things saying that this is true.

EEIC38a

Thank you for your teachings Father!

I get hostile when I have to restructure myself into demanding situations. Often I don't want to have to sacrifice time to myself, rest, or the privilege of doing things my own way and I feel constricted here and I get claustrophobic - I direct this hostility at Dad because he represents order. Really it is a dialectic between selfishness and what I know to be principle - and then I get into tangential thinking and look for faults upon which to build a rationale for rebellion. When I keep in mind guilt for the things that I've done wrong, such as letting down trust like leaving my security post, or not wanting to get involved with decision making - then I don't fall into resentment and withdraw into my own delusional system. I have a poor self image and sometimes blame Dad for classifying me as a class enemy (over) →

EE 1039e

I generally would rather withdraw² into myself and not deal with people generally - when I do have to interact with people I usually ask myself, "would I be principled in a given situation and when I either haven't the perseverance or ~~ability~~ skill to live up to standards then I decide to either manipulate people for personal gain.

~~I~~ I often lack perseverance in work too. I am too slovenly also

I feel an attraction to God and to a number of other males at times. I also have a block regarding sex generally. I don't really like to get that close to people as I hate responsibility. I don't really have homosexual fantasies. ~~that~~ that I'm really aware of though. I've tried to force myself to think of what it would be like to have a homosexual relationship with someone and I have stood up publicly and made up things for the sake of principle. That fact is that I was molested by two homosexual teenage boys when

EG 1037

I was ~~five~~ four or five and I ^{remember} ~~remember~~
this and the whole thing is like some form
of oppression to me - I can see the need
that there is collectively a need for
males raised in capitalist society to face
their homosexuality, or more accurately to
try to work on emphasizing the so called
feminine characteristics of sensitivity,
to see their roles as oppressors and
their narcissism ~~and~~ their indentifying
with males as a group though ~~their~~
~~own~~ identification with their own self
love as a male having to live up to the
accepted male stereotype. I generally
don't like women as people either, men
are sick selfish oppressors and women are
either sick and dependent with no self image
or else if liberated then vindictive. In
general I don't like people and I really
hate North Americans in particular as they
are cold and merciless and ungrateful. I
really would rather ~~not~~ not get involved in
any relationship with anybody unless
there is some ulterior purpose, which I
don't have as a member of this collective
anymore.

EE 1039c

(over)

I know that I've ~~watched~~ watched other people's personalities get messed up by being in relationships and that my work gets worse when I start thinking about fucking a lot, which always occurs as a result of repressed hostility, frustration and insecurity. A lot of times I feel like I should start a relationship with a black girl to be more of an example of identifying but I don't believe that I've developed enough sensitivity not to exploit someone and I don't know enough about women's needs or how they think to be able to even begin to fulfill what they really want which is a Daddy and I'm certainly not principled enough to contribute to anyone's growth in a sexual relationship, the only thing Amerikkka has taught me on this subject is how to build people's egos in order to exploit them. I really have tried to think of what sexual feelings I have toward Dad and I can't really see any, I've written before that I did because I wanted to appear honest and gain points. All sex means to me is exploitation

EE7C392

and I know that I have a strong ⁽⁵⁾
desire to please Dad. ~~that~~ I know that
I like being around men more than
women because I love myself really and
they are similar to me therefore it is
projection of self and my own narcissism.
This is really as honest as I can be.

Re: questions asked in security meeting Fri.. 7/4/78

1. What would be my reaction if you were to suddenly be assassinated or die?

My gut immediate response is "revenge". Revenge firstmost those immediately responsible for your assassination/death. Then avenge all of those who attempted to crush Peoples Temple i.e. Grace Stoen, Tim Stoen, the Mertles, Linda Swaney, Jim Cobb etc... This would have to be done under the direct instructions of a leadership group or person for effectiveness of plot. These "avenging acts" it seems could lead inevitably to a total confrontation involving our whole family. However, I can visualize the possibility of a vanguard group performing these avenging acts "underground" and still secure Jonestown. The continuation of Jonestown would be the hard part. Because it has been your total commitment and strategies that have kept our organization going in a positive strain. Every day I become more thoroughly convinced and disgusted of the total shallowness and self-centeredness of the human race (myself included). This realization increases my respect for your untiring efforts to help a degenerate human race. I know myself that I could do my best to maintain under a new leadership and continue to aid the work by following the principles and guidelines you have so carefully and thoroughly set. If this would be the collective decision, I would help. This may mean "putting under the gun" many so-called followers who could not maintain in your absence. So be it. This cause is the vanguard and most solid functioning union of communism in existence. It has come too far to do down too soon. If it does it must be with a shout of rage heard world round. Shit-- there is nothing worth living for. The grip of imperialism and fascism (CIA- Odessa) is so enmeshed in the world. There is only the battle to further the progress in the development of the Communist 3rd World. Jonestown--by mere existence has aided the battle. Today--tomorrow--20yrs. from now---YOU--we, have not failed.

MY FEARS: Dying? No. My first confrontation with death was the P.C. experience in S.F. a year or so ago. I was totally convinced yet I was not sad or regretful--greatful yes. 2nd time was the first major crises here on the front line. The tears of you and your son Jimmy convinced me the end was near, as it was. I was afraid, yet anxious for the fight. I get nervous sometimes when I am in a situation with John and Kimo such as the other night at the house when all the lights went and we were there alone. After comforting them, I grabbed for a gun. It was reaction mixed with fear for their safety. Torture: After reading "The Question" I am more confident with my capability to withstand torture. It gave me good insight and stimulated some insight of my own. I can't say I wouldn't be apprehensive of pain--but afraid of dying--no.

Jim I don't if much of what I say is
be new, but I will relate my ideas on
the situation according to my experiences.

In any guerilla warfare, any
defensive strategy hinges on what your enem-
ies objective is. If it is assassination, sec-
urity measures can be more centralized.
If it is kidnapping, if the enemy has arms,
there is little our people could (or would)
do in isolated situations. They could
be kidnapped and held as hostage, trying
to work on your mercy and compassion for
your people. Almost all you can do in a
situation like that in way of defense is
to have an armed guard with every work
group, which isn't very practical right
now. If the objective is harassment
and demoralization, which frequently is the
tactic as it works on an organization from
within, it is the most difficult of all
to guard against. The Vietnamese were
masters at this type of thing. One advan-
tage of the guerilla war is that the guer-
illa has time on his side - he can take his
ERIC 482

time waiting for the right moment, waiting for defenses to be down, to strike. A guerilla can fire one shot into a compound, putting everybody on the alert - taking time away from work, building the "war psychosis" of the target, wearing nerves and patience down - and then disappear for two, three or more days, depending on what the guerilla wants to do. The V.C. had Americans wasting millions in ammunition and immeasurable amounts of mental and physical energy. The V.C. would sometimes sneak into a compound past the security and leave notes, or steal something, to help fray nerves and lower moral. I imagine much of what we will face depends on whether the agents they have hired are Guyanese or American. If he is a Guyanese, he will have the advantage because this is his country and his people. One of the old timers here (whoever is most trusted by the Guyanese people) might ask around in Kaituma & Matthews Ridge if any Americans or strange Guyanese have been hanging around.

EEIC431

I don't know what kind of hostility we created by kying people off the job, but that would be fertile ground for an agent to work either for information or as a hit-man. I don't know if we can check that sort of thing out or not

Our people are going to have to develop that survival instinct that has you always watching tree lines, listening for sounds, just generally being alert to their situation - that is definitely a deterrent to any guerilla.

As I said before, it depends on the objective (I know you are the target, but the means they will use for their end, I don't know). As spread out as we are during the day, it would be easy, I feel, to kidnap one of our people. But then they would have to negotiate a hostage, or wait for us to make our move, whatever that would be. The fact that they got as close as they did the other night is very disturbing. You should have an armed guard with you until this shit lets up, and you should be armed at all times.

EB10432

Our perimeter is very hard to defend because there is so much tree line, and there is no defense line (fence, moat, etc.). At night our perimeter is not lit, offering a definite advantage to the guerillas. We should be most cautious when there is fog or no moon. In Vietnam on a foggy night the V.C. went around and killed people in every other bunker, so when morning came, on either side of you, your buddies would be dead. That put fear in almost everyone in the DMZ area. Even though they could have killed everyone, they accomplished a lot more with what they did.

I'm sure that our show of force yesterday caught the enemy off guard, but they will be back. Maybe it's just me, but I feel guns are the ~~and~~ best defense. I know only a very few can be trusted with them, but fire must meet fire. A guerilla war, waged effectively, is almost impossible to adequately defend against.

I would urge that all crews have at least walkie-talkies so that if

any contact is made it can be relayed immediately. I also think there needs to be a midway security point, as with the length of our road it is too easy for people to get off; etc. If a car is allowed to enter, the number of people should be noted. All security posts should know what that number of people is so the car can be checked through the entire compound. If anybody gets out, all posts and crews can be alerted and on the watch. We could also throw a perimeter up in the general area and defend or search and destroy. If we could build some sort of perimeter with lights around it, it would help. Its much harder to see in or sneak in with bright lights around. I honestly don't know how far to take this thing. They have endless possibilities in the form of terrorizing and harassment. They could lob a mortar shell into our compound, and even if they didn't hurt anybody physically, psychologically I feel they would do much damage. Guerilla warfare is frequently a mind game, nothing more, yet can effectively demoralize entire ~~groups~~ ^{US}

the Vietnamese proved so well. ~~Since~~

Generally speaking guerilla activity is heaviest at night because of the protection it affords. If it occurs during the day it either means the enemy is cocky, and sure that he has us outmaneuvered or more firepower, or plain stupid. In Vietnam if you were hit during the day that was the time to really start worrying because you could bet your life you were outnumbered. It was extremely unfrequent to have any guerilla activity during the day.

Our people needs to react better. They don't react as if it was their life at stake, because if they really believed it, there asses would be running to the lines. At least that's the way I feel after this last drill.

One tactic the Koreans would use to try and scare the V.C. was at certain times to call drills and open up with everything at once - mortars, artillery, machine-guns, small arms, flares - everything. The sound created is, or can be, quite frightening, and sometimes ~~EE12432~~

they even hit something. If you don't hit something, it will catch the guerilla off guard, either drawing him in or away. That's the objective, anyway.

I don't know what else to say -- I'll write up any other ideas I have.

I don't know if it was reported to you or not but when that attorney came in yesterday and passed our crew, he gave us very hostile looks. But when he saw me, he did a double-take with his head and looked around and gave me a really hostile look. Several people, besides myself, noticed that. At the time I didn't understand it, but now that makes sense.

Thank you for making provisions for us and those in Georgetown. I was worried about them, although now I feel stupid about it. I didn't say anything to anybody, but you knew. Thank you again.

I REALIZE AND TOLD HIM AT THE TIME THAT IT PROBABLY WAS NOT POSSIBLE BECAUSE:

1. WE HAVE NO SUCH BUILDING AVAILABLE
2. WE DON'T HAVE THE PROPER PERSONNEL
3. WE CONSCIENTIOUSLY ARE NOT READY FOR IT.

BUT MY THOUGHTS REGARDING THIS CAME ABOUT WHEN I SEE SOME PEOPLE WITH HARDLY TWO CHANGES OF CLOTHES AND SOME WITH MORE THAN ONE TRUNK. I THOUGHT (IF WE HAD NONE OF THE THREE EXCUSES MENTIONED ABOVE) WE COULD HAVE FULL-TIME PERSONNEL WHO DID NOTHING BUT KEEP THE CLOTHING SORTED AND ARRANGED IN SIZES. MORE PERSONNEL WOULD ALSO BE NEEDED FOR PASSING IT OUT, CLEARING IT TO BE GIVEN OUT, AND OTHERS TO WASH, PLUS MORE WASHING MACHINES. THIS I FEEL IS DEFINITELY IN THE FAR FUTURE BUT SHOULD NOT BE ERASED COMPLETELY MERELY BECAUSE SOME ARE NOT READY

FOR IT NOW. I MYSELF WOULD BE WILLING

RACE Riots are breaking out all over the U.S. both North South East & West in such cities as Chicago, Detroit, New York, D.C., Cleveland, Los Angeles, Houston AND many many more.

Along with racism comes Senate Bill 1437 a bill with former Senate Bill 1 ideas just reworded, which will take the rights of the people away completely. IT would eliminate demonstrations, Freedom of the press, remove the rights of the 5th amendment, and many other measures that would throw the U.S. back 100 years and bring about a outright Dictatorship such as the one in Germany under Hitler.

United States is also facing food shortages, fuel shortages, unemployment, and poor air problems which they have no answer excepted the eliminating of all poor people under the Cleo Morris Theory.

DAY OF THE JACKEL -

WAS A movie film about the attempted on the life of Prime Minister De Gaulle. THE ASSASSINATOR (THE JACKEL) WAS A very calm, and very Thorough operator. He planned his ASSASSINATION in a very detail manner. He used numerous passports and disguises to evade being found out. Not only that but the men who hired him didn't even know who he was, & he worked alone on his own terms. Those who found out about him had to be eliminated and order to secure his identity. He prepared himself for anything that might have happened. He used both sex with women & men to conceal his whereabouts. THIS IS A good point because in order to be a revolutionary, you have to be willing to sacrifice not only your life but and any moral blocks one might have. One also must have determination and not get side tracked, by sex, money, or anything else that could come between you one and his obligation. TOWARD THE Ladder part of the movie as he was being traced & his cover blown. He had a choice to either go through with the attempt against great odds, or to make a safe get away, because the money was already in his bank and he could have called the whole thing off. Instead he chose to carry it out, and managed through great odds to get one shot off. THE mistake that was made was the fault of those hiring the Jackel, because he had asked them not to leave the building

Fig (6)

Until the job was complete if they had of listen he probably would have gotten away with the assassination. Also if there had been anyway to obtain a gun with more than one shot at a time he should HAVE. Because he was greatly limited. Also he should HAVE had some other type of decoy when it came down to the final time. IT SHOWS WHAT one man can do with the right knowledge and equipment.

And of every trade. As a matter of fact most of the officials are Non Professionals. THE military, is also very actively involved in serving the people. they spend so many days working in Hospitals, Education, Farming.

THE most important thing about the USSR is its support it gives to ~~and~~ all STRAGGLING undeveloped Countries fighting for liberation. THAT Support WHICH no other nation have given.

Chilli

THE Military Coup WHICH took place in CHILLI WAS A BLOOD BATH. THE BOOK WHICH DAD IS Reading showed's the some of the tactics, used by the Coup. A Newspaper publishing Co. tells in detail what took place. How they broadcasted the news of the events going on during the coup. How the staff of the Paper made a decision to STAY together in the building even though they were being fired upon. THE WRITER of the book talks about the beatings they endured once the Military entered their building. Tying their feet and hands together, attached to each other with no room to move. they were forced to run in THIS positions being beat, Hit in the groin, clubed. they were forced to lay in Mini bus, and taken to the Stadium where they joined 1000's of ~~prison~~ prisoners all tied. they were met by Men with machine guns, automatic weapons. they were forced to stay awake for days at a time and made to run around the track

ERIC 549

(8)

Until they fail from exhaustion and Hunger - they were greeted by a man known as the prince who was in charge of the Military forces there. He spoke very eloquently and showing he was well educated. He talked about the military advantage they had and showed them the 50 & 30 Cal. Machine guns trained on the prisoners to cut them in half if they moved. He spoke against all Marxist, Negroes, & Chileans that was degrading CHILI. One 50 year old man who was struck by a soldier he grabbed for the soldier's rifle, and was butted with the weapon in the stomach and groin. The old man swung up and caught the soldier on his chin with a well placed blow. At that point he commenced to beating the man to death, and kick his skull in and sent the dead body rolling down the stairs. He was a brave old man. Later on a 9 year old child with running up the stairs and bumped into a soldier only to be shot in the chest, and one brave man committed suicide, but before he plunged to his death he shouted Victory to MARXIST CHILI. Numerous days followed with tortures and beatings and hunger. But one day the Chilean people will also receive their Victory.

..... Guilt

I feel Guilt knowing that all the money I used to purchase cars, gas, clothes, food, went to pay for such tortures as those received in CHILLI, ... So Africa, Rhodesia, and Cuba even the US itself. THIS GUILT SHOULD and will be something that I will continue to reflect on, because I realize that unless I recognize GUILT I will loose the reality of what is happening around me today. I will remember each and everyday the blood dripping from the faces of those beat with the butts of rifles in Chilli. I SHALL NOT forget the Blacks in Africa that have been put in concentration camp with no food, medical care, or proper housing. I will not forget the killings of people like Steve Biko or Malcolm X, or the child that had to pull on a string to pull off the groins of her dad. I shall never forget the Hangings of Blacks by the KKK or the Castration of blacks in Prisons, or the mothers that had to have their babies in the fields.

These and many more Atrocities I will feel that Guilt because I was partaker of that fascist Society. AND someday I will try to repay to my fellow Comrades that died and suffered for my part in their sufferings. Though my debt is great, there will come a day when I can undo a fraction of my guilt.

Thank You Dad
For showing me my short coming.

My Commitment

My First objective would be to rid the people here of Tim Stone & other key people in the Conspiracy. At which point I would proceed to make plans to make a last stand either at a Convention such as a Democratic Convention & Republican, OR if the man power was available a attack on the Govt. offices in WASHINGTON itself. I would need either Bombs or some type of explosive devices, ALONG WITH A semi or automatic weapon or what ever was available. I would plan a time where I could launch my attack on a Government Convention where 1000s of these rich Capitalist would be. I would find the highest possible level without being conspicuous, & blow up as many officials as possible, and if no way out I would die right there.

1. Tim Carter - Appears to be working hard - since he also works with school board to help. We will start checking each others schedules next week. Appears cooperative, will confront me on what he doesn't like, ~~even~~ still don't think I know where he's at enough to give a complete evaluation.
2. Sharon Cobb - Hard worker, will listen to both sides of question, very passive, says she doesn't like visiting the nursery and doing examinations but is willing to - will not be able to do much of it until Sunday because of the tightness of the staffing.
3. Deputy Bookkeeper Brewer - Hard worker, works many more hours than scheduled. Well organized, good follow through - not into allocations in office. Possible hostility toward men occasionally taken out in jibes @ Larry and Tim - but very conscientious and considerate in scheduling Larry - Her best plans are not working but however due to the number of emergencies and big back log.
4. Larry Schacht - Hard worker, conscientious - has gotten more organized with his schedule and follow up. More willing than others to share his knowledge - will start teaching a class to the nurses once a week in areas in which ^{we} they can treat pts so his schedule will be less crowded. He is starting with the.

EEIC572

He is overworked. We are working to make it better - but the need is so great. Has periods of irrationality at times - more - emotional, but when rested works very cooperatively to make health care better in Jonestown.

5. Archie Moore - Hard worker - good with wounds. I have a harder time communicating with her than the other workers - but I persevere. She goes along with the program at times reluctantly. Well liked by the patients and staff.
6. Judy James - Hard worker - appears to have a lot of repressed hostility. Sometimes slipping out in remarks. I wonder why Larry wants to see Ben Bell every day and he didn't want to see Armando (Griffith) every day - those kind of remarks - cooperative with the new medical program - though at times seems pissed by the structure. Nice to patients - well liked by staff.
7. Denita James - Hard worker - least knowledgeable perhaps of supervising nurse. Appears to want to learn most - greatest capacity for compassion. Warmest nurse to patients. Extremely cooperative. Appears to like the program but will criticize aspects or make suggestions.
8. Liz August - Hard worker - possibly works with the program. It's happy we are having classes with Larry.

EEK 576

9. Sue Noron Not lazy but careless at times. Once she poured hot water over a gazer directly on a wound - when hot compress was called for. She does not always follow nursing orders. I have confronted her strongly - told her she was on probation and that all her charting would have to be assigned by another nurse - that she would be closely watched. Since then she has been working better. She is not well liked, people talk about her appearance to others in front of her - not a helpful thing to do - She had a double portion of biscuits this Am - I will confront her about that tonight.

10. Pat Fields Appears to respond well to strong confrontation and structure. Tim is checking his med books everyday is doing ok. Seems to like the new system.

11. Marilee Bogue - Part time help - frequent smart assed attitude toward Dorothy Brewer, Tim Carter, and myself. Seeks alliances with supervising nurses. Works efficiently but not as consistent and industrious as rest of staff. She cannot work in fields due to back problem. I have considered that maybe she could work in another department but the load is so great and her she would be hard to replace. I am presently considering having her check all the school children everyday for sores - Sharon Cobb found 48 in school children yesterday 24 had not been reported or treated. Pat G and Tom G say that are not in position to deal with problems

with teaching but ok if representative

12. Diane Cassaroud - Part time helper while boots

13. Pauline Simon Part time - works under dining
tents posting temps, weights, pulses, BP
on pts vital signs cards. Works well. Takes
responsibility seriously but will talk too much
if she's inside station.

Dad:

I may be beating a dead horse. However, I feel that a point Skip Roberts made is very important for us. That is, we should let him know if we are conducting any surveillance or similar operations, before we start. His office is always open to us. What we do is not illegal, but may well be misunderstood. Perhaps the last alpha might have been avoided had we thought to do this --- I don't know --- but it may well help to prevent future situations.

My suggestion is that Georgetown be so instructed, as a matter of course. If there is some reason not to do so, on a particular occasion, that could be so instructed. I am not very concerned that he may know of our modus operandi - he knows it already, at least in the areas that we would tell him. I also feel Government might feel a bit more secure with us, if we were more - at least seemingly - trusting of them.

The reasons that we are here

The reasons that we came to Guyana are many. We came here so that the Senior Citizens would not have to face the pain of racism. The KKK has grown 20 chapters in California alone.

The Nazi party is growing rapidly. The Nazi party is growing so rapidly that George Meany of the AFL-CIO said that the Nazi is crushing the Labor party.

The Nazi is putting 150 million dollars in anti-Black, and anti-minority material.

You saved the people from going through food riots. Also a nuclear war. Scientist

say that a nuclear war is inevitable because of the Russians' new laser.

A laser beam capable of destroying any ICBM 600 mile from their boarder.

Also have to look at Dr Trkmas theory that the Arabs could start a war over oil or just because the Sultan thinks he's the messenger of God.

He expressed this theory in the book "Crash 79".

Also in the U.S. we have to worry

EEIC 65a

About Ethnic weapons, That was brought to light so clearly by Dr. Haumerstlaugh. Who said that the weapons had the capability of being put in the same water supply but only killing the one ethnic group.

Also had to worry about all the Senate bills. Mainly right now S.B 1427 ~~which~~ which says and officer of the law can jail you if you do not answer like he thinks you should.

There is also a law that says that anyone can be charged with murder. A 14 year old boy is waiting for the gas chamber right now in Florida.

There was also the Cleometric System in which the economy is so poor some would have to be killed and a percentage put back in slavery.

The Neutron bomb is also a threat. A bomb which will kill people but not harm property. This precise bomb can be programmed to only blow up certain areas and be accurate within yards.

The Bakke decision which Pres Carter is now backing. And many more.

Thank you

Some of the reasons why
we left the U.S. were these
The Bakke Decision, refusing
Blacks and Minorities the
privilege of Law and Medical
training.

The Neutron Bomb which
will destroy human life
as small a radius as
200 to 300 yards and not more
even a Glass or Shaw.

Donna Bill 1427: Blacks minorities
could be arrested if he could
not give the arresting officer
the right answer that the officer
EE 1066a

wanted him to say, as if
the accused could read his
mind.

Also a chemical has been
made that can be placed
in Blacks water that will
kill only Blacks and not
whites - this scientist who
discovered this was jailed
put through rigorous pressures
and allowed to die of cancer
that the system had inflicted
him with.

DAD

I HAVE MANY GUILTS, I KNOW I DID NOT DO MY PART WHILE IN THE STATES. I WASTED MONEY ON FOOD WHEN I WAS LIVING COMMUNAL, ALSO I ASKED FOR EXTRA RECEIPTS FOR GAS WHICH TOTAL SOMEWHERE AROUND \$45.00. I ALSO SPEND VARIOUS AMOUNTS OF MY CHECKS, INSTEAD OF TURNING THE FULL AMOUNT. I ALSO COULD HAVE PROCURED MUCH MORE IF I HAD NOT SPEND MANY HOURS DOWN BY THE BEACHES AND JUST DRIVING AROUND, IN MY OWN MIND I FIGURED I PUT IN PROBABLY 10% OF MY TIME BEING PRODUCTIVE FOR THIS CAUSE WHICH I BARE A HEAVY GUILT FOR BECAUSE OF MY SELFISHNESS I HAVE FAIL TO LIVE UP TO ANY DEGREE OF STANDARDS THAT YOU HAVE SET.

I HAVE ALWAYS BEEN CRITICAL OF MANY OF YOUR IDEAS ESPECIALLY OF THOSE IN DEALING WITH OUR LIGHTER COMPLEXTION MEMBERS, I ALWAYS FELT THAT YOU WERE CLOSER TO THEM BECAUSE THEY HELD SO MANY KEY POSITIONS.

IN REALITY THOUGH I WAS SEEING IN YOU WHAT I WANTED TO BE. KNOWING THAT I COULD NOT EVER FILL THE POSITION OF A EQUALITARIN THAT YOU ARE BECAUSE I WAS TOO SELF-CENTERED AND BELIEVED IN NATIONALISM MORE THAN ANYTHING ELSE. IN SHORT I WAS A REVERSE RACIST.

EEIC 73

I CAME TO THIS CAUSE NOT BECAUSE
OF YOUR HEALINGS, TO ME THAT WAS MINOR.
BUT I SAW IN YOU A REVOLUTIONARY
PERSONALITY THAT WAS WILLING TO STAND AGAINST
ANY OPPOSITION, AND SPEAK OUT AGAINST
SUFFERINGS THAT BLACKS HAD TO GO THROUGH.

BUT EVEN AFTER SEEING YOU LIVING
AND DEMONSTRATING EQUALITY. I STOOD UP HERE
IN JONESTOWN AND OPENLY REBELLED ~~AGAINST~~
AGAINST YOUR AUTHORITY, KNOWING VERY WELL
THAT THIS COULD HAVE CAUSED ANARCHY IN
SOME OF THOSE LOOKING ON. I FEEL THIS GUILT.

I OWE A GREAT DEAL TO YOU DAD
FOR EVEN PUTTING UP WITH MY ANARCHY AND
MY MOODS. I KNOW AND REALIZE THAT IN
THESE PAST FEW WEEKS YOU HAVE OPENED UP
YOUR HEART TO US, AND NOW IT IS TIME FOR
ALL OF US TO GROW UP AND ~~SEE~~ GIVE YOU
THAT SUPPORT THAT IT TAKES TO WIN
PEOPLE TO COMMUNISM. YES I WILL BARE
THIS GUILT FOR THE REST OF LIFE.

I WOULD NEVER LEAVE THIS CAUSE NOW
BECAUSE I REALIZE THAT THERE IS NO PLACE
FOR US. ^(YOU) WE ARE MANY YEARS AHEAD OF THESE
TIMES IN YOUR PHILOSOPHY. I ~~AM~~ NOW ONLY
LIVE TO DO YOUR WILL BECAUSE, LIFE HAS
TAKEN ON A NEW REVOLUTIONARY ~~MOVEMENT~~ IDEA.
YOU ASKED WOULD I BE WILL TO KILL THOSE WHO
MIGHT BETRAY THIS CAUSE? YES. EVEN IF IT
MEANS TAKING MY OWN FAMILY LIVES, THAT
MIGHT BETRAY THIS CAUSE.

EEIC73D

TH

I OFTEN WONDERED WHAT WOULD HAPPEN IF YOU DIED OR WAS TAKEN AWAY. THIS DO NOT BOTHER ME. I PREVIOUSLY MADE THE STATEMENT THAT IF SOMETHING DID HAPPEN TO YOU I WOULD LEAVE, BUT I KNOW I COULD NOT DO THAT BECAUSE OUR SENIORS AND CHILDREN WOULD HAVE NO WHERE TO GO, AS A MATTER OF FACT EVEN WOULD. I WOULD BE WILLING TO REVENGE YOUR DEATH IN EVERY WAY POSSIBLE. (I SHOULD^{SA} REVENGE THE PRINCIPLE THAT YOU STOOD FOR).

I DO THINK THAT YOU SHOULD IF YOU HAVEN'T ALREADY APPOINTED A BOARD TO BE IN CHARGE IF SOMETHING SHOULD HAPPENED TO YOU. BECAUSE I DO FILL THAT PROBLEMS WOULD ARISE AND THAT ANARCHY IS ALWAYS LURKING AROUND THE CORNER.

ONE THING THAT I HAVE LEARNED FROM WORKING IN THE WAREHOUSE THAT IS PEOPLE LIKE YOU AS LONG AS ~~FOR~~ THEY THINK YOU CAN DO SOMETHING FOR THEM. AS YOU HAVE ALWAYS SAID.

THANK YOU DAD FOR GIVING ME THIS OPPORTUNITY TO EXPRESS MYSELF, AND MY INWARD FEELING. I HOPE ONE DAY THAT I WILL MAKE A COMMUNIST FOR OUR PEOPLE.

Thank You Dad

2. Prop 13: Passed in California by a 5% Initiative, reduced Calif. Tax by about 1/3 = reduced the budget by 2 billion dollars. This will result in 500,000 people in Calif. losing their jobs soon. Will also result in the loss of the entire welfare budget. This will most severely affect the black community which is the most dependent on public benefits.
3. Marxist theory is that the oppression of the working class will produce a class consciousness and there will be a revolution whereby the working class will take power from the capitalists - political control of government and control of the means of production - not distribution. Since the capitalist class is in power, it will not give it up, it must be taken by force by the working class. Force is armed struggle. It can be anything from the assassination of a few key figures to a full scale military conflict. Any act done using force or the threat of force, or intending its use, for the purpose of furthering the working class struggle against the capitalist is "armed struggle". The revolution would ^{thus} be achieved through peaceful, democratic, gradual and legal means. As current example is Chile. It didn't work yet, the revisionists label any act of armed struggle, such as the Red Brigades Aldo Moro kidnap liquidation as "terrorism" because it used force. However, it was calculated to, and likely did, have a good effect on the working class struggle. ^{Bombing} ^{PROUD} Bombing a working class ^{PROUD} house would be an act of terrorism. It would serve no revolutionary purpose.

JOSEPH BRAM: MOVIE Z-

"FOR DAD"

POINT OF ORDER: In relation to the People's Temple and to that of the United States, the movie showed that i.e. the secretary of the liberal committee working for the deputy, was at the auditorium in which the rally was to at, the propieter who was undoubtedly forced or you could say was being "used" so as to not even give a continental damn about the rally or the liberal committee whatsoever. He tore up the contract and said to the secretary that he could refund his money, and while on the front of the building, the propieter was trying to throw him off, while there was an undercover policeman reading a Look magazine, had after the Secretary left, signaled to his partner to chase after him. This compared to the San Francisco Benjamin Franklin Jr. High, when we were suppose to have a service there. The movie also showed the similarities of the army and of the TLC-Tri-Lateral-Commission of the United States. This movie miscellaneously showed social democratic ideas which point out the conditions= peacefully-legally- gradually-democratically. The background of the deputy was the Congressman of Greece, who was from Greece further- more was a successful surgeon, and was known for liking women, and was a liberal who believed against the nuclear bomb, this deputy was married for 15 years. The assassination: At the end of the Russian Bolshoi ballet, the Public Prosecutor and a friend went directly to where the General of the National Police Corp. was, who was named (general)-General Miezso, they discussed the incident that happened. After which a short time later, in a meeting with the General again, the Public Prosecutor told the General of the National Police Corp. and the Col. of the National Police Corp., that the person who would be taking over the investigation was the superb young magistrate whose own father was a Col. at one time in the National Police Corp. Note=~~I think he also might have really been a Major Gen. in the National Police Corp.~~ The young magistrate, along with his colleague, had a private meeting with the Prosecuting General, in which the Public Prosecutor was also there, at the meeting in the court room. The Prosecuting General made a statement that all lawyers say, "Seek first whosoever the crime profits". Furthermore, the Prosecuting General agreed to three points with the magistrate, which was the prosecution and arrest of a) the two criminals Yargo and Vargo-b) The National Police-c) the organizers of the rally. The people involved in the assassination=CIA-General of the National Police Corp.-the Col. of the National Police Corp.-the chief of the National Police Corp.-the fat guy-the mechanic-the barber-the two dressed in black-the man who always needed blood-the man who was in the Occupation when the Nazis were there-Jimmy the boxer-moreso the members of CROC= the head of the Combatant's in the Royal Order of Christians was the small short man who wore a black suit and tie with a white shirt. The situation when the deputy was first struck by one of the two guys dressed in black, the movie showed that the National Police Corp. didn't give a damn and stayed right where they were. In the building, the man that was in the room where the deputy was sitting and resting from being attacked, who was caught by the Secretary of the liberal committee, was the store manager of the building. The pickup used in the assassination had Yargo as the driver of the pickup and was a member of CROC. Vargo, who was in the back of the pickup and was a homosexual, was the one who struck the deputy in the back of the skull which had killed the deputy; oh sure, the pickup hit him but the thing that killed the deputy was the black jack used by the criminal Vargo. This pickup was a Japanese Komakazie. The volkswagon owned by the National Police Corp., when it showed up at the scene of the assassinati- on the police had tried to get into the car, but two of the police were thrown out, the driver of the car was none other than the chau-

four who worked for the General of the National Police Corp., in his personal staff. Another brief notation: The police in Greece at the time, carried no guns. The indictments that were given by the superior magistrate, were: Purgery, PRE-Meditated Murder, homicide & Murder in the first degree, abuse of authority. The Col. of the National Police Corp. was given homicide and murder in the first degree, the General of the National Police, Gen. Niezo was given in addition to abuse of authority, homicide and murder in the first degree. The situation of Vargo being indicted, showed that they (the Magistrate) looked in his file and asked Vargo if he was a communist, then Vargo put his hand in his pocket and pulled out his identification card of CROC, and at to much later the Magistrate found out who the head of CROC was. It was the small short man dressed in a black suit and tie and a white shirt, who had said in a meeting of CROC, that all were to be killed, and only the capitalists would live. After the indictments of the officers, and a brief period in which the people were "in a sense free", the elections of the government were won by the right-wing, in which the general and the Col. and other officers were either set free or had to only serve a period of say 12 months, for one example. Vargo when he was prosecuted, the magistrate in looking through Vargo's file found that Vargo had one time in the past, been charged for rape, smuggling-dope, purgery, burglary. For a side note- the laundryman whose name was Marco was a Korean, but was called by the fascists, Chinese. There were two people that were the witnesses of the assassination, i.e. the two witnesses heard it from Vargo's own mouth that he would kill the deputy. (sure, Vargo did drive the pickup but the one that killed the deputy was Vargo. The magistrate prosecuted the chauffeur that worked in the personal staff under the General of the National Police Corp.; The two witnesses: 1) The cabinet maker (also known as the coffin maker), who's sister acted like that of Grace Stoen. This man, was walking to the magistrate's office with the information that he knew, but was hit, and was put in the canteen (hospital-thejails were not occupational as well as had no electricity), IN the canteen the mother and the sister of the mother, spoke to him first, then came the newsman who was a reporter, said that he could make the cabinet maker famous, then the General and the Col. and an aide, came to talk the cabinet maker into saying he was'nt really hurt by being struck, but that he was having epeleptic fits-this being an i.e. Concerning the second witness that also heard Vargo say he would use his black jack, and kill the deputy, who was also told by his supervisor that Vargo was given a job that night to get a shipment of coffins or something to that affect, was Ian Costa who had previously fought with the Reds against the fascists, Ian is a communist. Note- The newsman had gone to Dumma the Russian a member of CROC, and after giving him a passport to go back to Russia, the Russian showed the newsman all that were involved in CROC. The words used by CROC in which is a brainwashing, are the words- "Suavle and fierce like a tiger"

The years Vargo was in prison was 8½ years which actually was 1 for every two years, which means he only was in prison for four years. The newsman was also in for four years, for exposing the government. Vargo was given 11½ years. Two organizations in the United States have a similarity to that of the movie Z, The "700 Club" and the Billy Graham's campus crusade two fascist-type right-wing groups. The name of the other deputy who had been injured, but died sothey say of a heart attack, was NAMED George Pierru. The following is a PREVIOUS NOTATION: When the deputy flew in on the airplane, he came from one of the other cities in Greece. Moreso, after this situation took place, the man elected as President was George Papadopoulos.

The Deputy: Had children-at the time just before his assassination while walking in the patio area that is, the center of the square, he asked to speak to the inspector of the National Police Corp. and for the General of the National Police Corp. after which the two mechanics dressed in black (two thugs of CROC) attempted to kill him, but then along came the pickup that Yargo drove, and that had Yargo in the back of the pickup, dressed with a blue jacket, used a black jack and struck him in the back of the skull in doing that, that is what caused his death, cardiac resistance in the skull.

VARGO: He being a homosexual-his boyfriends were (that is-the three he had looked upon) were the young lad in the window, the man at the newspaper building, and the young teenager who was playing with the pinball machine.

The guy that was the leader of CROC was an officer and a Nazi; he was also another Col of the National Police Corp, wore a black suit and white shirt. The prosecutor was the one who said that he had to "go back to the capital".

GENERAL OF THE NATIONAL POLICE CORP.:

While at the meeting of CROC-He spoke on the subject of "patriotism"; When the magistrate asked him to discuss to the situation of the assassination, he said "so stuffy in the room"; when the General went to the hospital (canteen) the second time, concerning the coffin varnisher, the General and one of his Col.'s he said to the magistrate and his colleague, that they were "subversive dukes". When he was indicted, the CROC phrase he used was "supple and fierce like some tiger"-otherwise it is said- "supple and fierce like a tiger".

JOSEPH BEAM:MOVIE Z- (from the book-Vassilis Vassilikos)
(now a Cinema & Motion Picture re-
lease starring Yves Montand, Irene
Papas, Jean Louis Trintignant,
directed by Costa-Gavras)

SPEAKER OF THE EVENING: The Assistant Minister of Agriculture,
spoke on the methods of fighting downy mildew:

"In summation, I recapitulate: the outbreak of the Peronosporaceae, or downy mildew, is prevented by spraying the grapevines with a solution of copper salts and especially copper sulphate. The classic solutions are the bordigalian and the burgundian fungicides; and it is called burgundian because it was first concocted in French Burgundy, from whence originate, the true superb wines of the same name. The first, the bordigalian, is composed of a one-to two percent of solution of copper sulphate in water, the acidity whereof is neutralized by the addition of lime. The latter differs from the former insofar as the Solvay soda is made instead of lime. These classic concoctions are modified by adding highly viscous substances to prevent the mixture from being washed away easily by the rain."

"Powders with copper salts as a base are used because they are easier to work with. Three sprayings per year are carried out by means of special instruments called sprayers: The first spraying when the shoots attain a length of 12-15 centimeters; The second slightly before, or slightly after, the blossoms appear; And the third a month later. However, when it is a damp year, and if the locale is damp, spraying must occur more frequently."

Alas, the irresistible argument remained that the downy mildew oppressing their fields and withering their tobacco plants had appeared for the first time with Communism. They were of the same age. And in the pamphlets scattered from airplanes (which should have been spraying the tobacco fields instead) they had written in big red letters that Peronosporaceae was the disease of Communism.

"During the spraying process, the entire foliage of the vine must be well covered. The effect of the spraying is merely preventive and for this reason must never be neglected. Another genus of the Peronosporaceae family is the Plasmodium nivea, causing the Peronosporaceae of the shade plants. This too is controlled by being lightly sprayed with the bordigalian mixture. In concluding the analysis of the methods of fighting downy mildew, he stepped down from the rostrum and left.

GENERAL HEIZO OF THE NATIONAL POLICE CORP:

"I too wish to take the opportunity to add a few supplementary remarks to what the Assistant Minister has so elegantly expounded to you. Of course I am going to speak about our own downy mildew, Communism. The General regards the Communists as lambs strayed with the (meaning from) the right path of our Hellenic-Christian civilization.

However, like downy mildew, Communism must be fought at least preventively. With Communism as a mildew, we have to treat conditions caused by a variety of parasitical teadstools. And just as the spraying of the grapevine in three stages may keep it from being attacked by downy mildew, just so the spraying of human beings with mixtures appropriate to the circumstances becomes indispensable. The schools are the first stage of spraying of this

EECTP

kind-the shoots to use the Assistant Minister's METaphor, have not yet aquired a length of more than 12-15 centimeters. The second spraying and my long-range experience at the head of the force, can tell you that it is the most critical, takes place just before or shortly after the blossoms appear. Here of course I refer to the universities, to the workers, and the young people with problems. If this spraying is successful, it is very difficult, not to say impossible, for the sickness of the Communist mildew to spread and by its corrosive influence wither the sacred tree of Greek freedom. The third spraying must occur a month thereafter, as the worthy Assistant Minister emphasized. For this month substitute a period of five years and the same holds true here too, (you will see).

CONCLUSION: In this manner, the fertile grounds (fields) will nourish only good fruit, and the illnesses of our time, Communism and mildew will vanish finally and forever. This is what I had to say to you to encourage you all in the difficult task of fighting both downy mildew and Communism."

The name of the newspaper that was read in the film was named "Tri-Lat"-this which also sounds like that of the Tri-Lateral-Commission.

Socialism to be in what I have made up in my mind to live and carry this life style for the rest of my life cause it a peaceful feelings to know to have free housing, free medical care in the very best of medical care.

It give me a reason to die a meaningful death, something I can put my life on line and feel damn good about it.

If something happen to Dad my reaction would be that of anger and I'm sure some would be out of ego but I'm also sure that so out of principle I'm would just follow the instruction of who in charge but I would take care of some of the asshole.

Physical Attractions:

1. Dark Eyes - in your eyes, I see more than the total weight of the world, it is good in a way that you do wear dark shades most of the times. I'm not saying that others see this type of thing, but I do, and that's what makes me attracted to your eyes. I can see the love for people and the struggle in your eyes. That love which enables you to have all of the concern, compassion, patience, consideration & kindness for people, your strategy, (strategy doesn't always work), but yours always does, I wonder why? Ha-Ha
Your strength and willingness to fight & live for what you believe in, your endurance (wow), I'd never begin to think of how I'd be able to measure that. Your sacrifice can't be topped. Your great efforts to free people under the feet of oppression. In other words your eyes tell a great and beautiful story, and I am attracted to them, very much so.

EE1DS~

2. Your Black Hair - I'm crazy about. I don't know why, but it's nice. It looks great when it's in your face.

3. Your Arms and Hands - The child in me (and there's a lot of that) is very attracted to your arms and hands. The warm & wonderful way you hold a new born baby I like. The gentle & loving way you touch a child or a senior on the head, or a mere hand shake becomes one of reassurance and security. Yes I'm attracted to your strong arms and hands.

What I mean is, your warm way of holding a child or gently touching the head of one of our seniors, will help to one day build strong Communist revolutionist secure about what they believe in, the knowledge of the struggle and what's expected of them.

Self Analysis

1-4-78

1. Judge others too fast. I judge others fast than I do myself. I think it's because of my self-righteousness.
2. I think I'm too emotional at times when I should show more strength. Ex. Confrontation (Public), I'm alright until I start talking directly to my leader. I can give everybody else a bunch of shit, but when I get confront^{ed} by you I do everything changes. "Here comes the Deen Bit"
3. Mouth Problem. is one way of getting back at people, I don't trust people very much. My laughter and association with people is very funny. Past experiences cause me to both dislike and not trust people.
4. Tempermental (Very) I know I'm very tempermental but I don't try hard enough to control it, because I want to appear tough and cold hearted, and I'm really just the opposite.
5. Paranoid - I'm one of the most paranoid persons I know. Always thought people were out to cut my throat. Out to use and drain you

EE1030

of the last drop of blood in your
body. I really think now that
most of my paranoia came and
came from my being too self-centered.
If I'm allowed to I'll trip hard
on just my damn little problems.
And all the time they aren't really
problems. This is one reason I
go off on these self petty trips.

b. My quiet trips - wow! my guilt
always seems to turn into hostility.
I'd feel guilt for a few minutes
and before I know it I'm as
hostile as hell.

Re: Self evaluation on sex and feelings for
Dad.

I always have associated the word sex with fucking so if that's
true then I have no sexual attraction towards you. I could never
see going to bed with you. To me you are a Dad. A person I
have always thought of as a dad I imagine a dad (since I never
had one in the home) to be a person that is authority, takes over a
matter and solves it, one who is caring but will be disciplining
when it calls for that, one that will talk to you on whatever
level you need but not let you get by with things, one that
shows his love in that way. This is the way I see you. One
of the things I remember most about you when I was small
was the time you whipped me. You told me you loved me
but I had to learn to mind for I wouldn't go to bed when you
told me while you & Mother was watching my Grandma. I wanted
to watch T.V. instead. I was always afraid to open up to
you though, and everytime I had the chance to go to your
house I would back out because I thought I would do
something bad and you wouldn't like me. It's that same
feeling I've had all the yrs. that I was no good and at
times I had to prove it to you (in myself) anyway I could. I
wish I could have that part to live our lives, but I have
to forget about that and learn to change that image.
It's hard for me to look you in the face, and I will go the
other way just to avoid you. I don't like feeling like
that and I'm trying to change that. I keep reminding
myself that I have an entirely new chance at change and
that's what I must do. The yrs. I was away from you &
the cause I felt like I was ^{EE1942} away from a Dad and it

Always made me feel good to have them tell me. When
he at the message or talked about me, and usually
I'm the one who would help give information about me. Like
things happened that wasn't normal. I know it was because
you were concerned.

As far as sexual attractions, I have had them talking
men & women both. Diane Wilkinson is one I have always
said a sexual attraction is as well as James Evans. These
are the people I think a lot of but always stayed cool with
I never wanted either of them to know about the feelings.
As for Ed. I have a sexual attraction to him but
I also feel that I have to have sex with him about
to satisfy his drive. Sometimes he pushes but usually it's
my quiet feelings that won't hesitate. I don't think of sex
as doing something important to me it's a thing to do. I like
the freedom I have had here and though I want to
see Ed here I almost hate to see him come. I
don't mind the separation like I thought I would when there.

I have a big problem about proving to men that I can
be equal to them and at the same time remind them that a
girl's behavior was a big thing in proving to them. I
liked working in the same way to say, hey I can do it too.
My problem is physically I can't extend myself at times that
my back problem has.

As far as sex again, I had an urge for sex a lot to be
the status but since I have been here have not married it.
I like and look for principle in a male or female. If a
person sticks down on principle then I get involved with
them. I'm really close to Karen Thomas, I guess more
than anyone else I know. I don't think of sexual attraction
to her. We have talked about it but I don't see me ever

The things people companies cause, our companies I share
my mind. That's all behind me and I feel that I will
take whims & miss these things but that it will eventually
go away. I said I would go back to the states but
if I did I would get off in my own thing in a moment of
weakness and ruin what I set out to do. Its a self motivation
I feel to pay it. I would really rather stay here where for
the first time in my life I am starting to feel good.

I was scared of dying and the first time I heard about
the crisis I thought Oh no, But the reason for my fear was
the thought of the children. But you know Dad I realized just
this morning I don't have to worry about nobody taking them
anymore. One way or another they will be here or in a
land where they will be cared for and that means so much
to me, because I don't have to worry about that, I would
fight and be killed before I would stand back though
I always felt that.

Well Dad I tried to bring you up to date on some
of my feelings, there are so many more but not back ones. It
feels good to be able to be honest and to know that I
am changing, maybe slowly but at least that's a start.
I'm grateful that I can work out my hang-ups in a Socialist
environment and not have to play twisted lips inside the
way I was in the states, I hope and somehow know
the improve with each day. Thank you Dad for
being that Dad you are.

Thank you,

Carol Dennis.

EE 1242

Dear Jim,

This is Monday Morn. and we're all on our post on the front lines. I'm thinking a lot about one statement I thought I heard you make. Something about not being ~~Guaranteed~~ Peace here on this land, and not being ~~Bothered~~ here in Jonestown anymore by fuckers working for the C.I.A. It sounded as if you were saying to us that you were sorry we had to go through this type of thing every once and a while. A particular word, Guarantee, must have ran through my mind so fast at that time I couldn't stop thinking, Guaranteed peace, what Guaranteed peace, you don't owe anyone here any Guaranteed peace. We're Communist, and we should know and understand that we will one day have to die for what we believe in. You've Guaranteed everything else so far, for all of these years and Guaranteed the fact that you'd always be with us, until we finally learned the truth, and could stand on our own two feet.

EE 105a

What the fuck else should we expect for you to Guarantee us? Let me speak for myself by saying I have been Guaranteed good health, every sense I walked into this movement. Then I was of course Guaranteed the right to be a part of it. I was Guaranteed your most amazing and most loving protection. I then noticed that I was now another child of my father, and Guaranteed his Sweet Love, concern, Understanding, Justice, Sincere, Compassion, and 100% Effort to making me a good Socialist & Communist, his Attention, his Comradery, an environment of which I was not rejected or put down in, etc, etc, etc. Not only did I find out that I was Guaranteed all of this, but you also gave these same Guarantees to my loved ones and thousands of others like myself. There's never been a more Guaranteed Love in any part of history or time. As far as I know, there has never been any real Guarantee of such great Loyalty given to any people, as was given to the people of People's Temple by the Greatest Revolutionary Leader (and I do mean Communist Revolutionary Leader); Jim Jones: EEM 66

As years passed by in this movement,
I was then being Guaranteed (By this same
man), a place on a Beautiful Land that
I could call my own. It took more
money than I could ever save up, to
get here, but, well you know Jim, I
was then Guaranteed a plane ticket here.
After Arriving in Our Beautiful Jonestown,
I find I've been Guaranteed my own
Land, good health and the best Dr. you
could ever have, a great Medical Staff,
three great meals a day, never a day of
hunger, a Beautiful place to lay my
head at night, Great Showers, a chance
to see our children and seniors happy, good
Socialist classes for everyone, a chance to
learn and grow, time to spend with
my friends and comrades. But most
of all I learned that you're a very
Nice man, and a great friend to all
of us. When I thought about how you
passed out gum and candy to 800 people,
making sure that each one get some, I
couldn't help but realize that Communism
is the Best way yet. It couldn't be
reached without of course the Best Leader
yet, (You). EE105c

I'm grateful for that Guarantee of truth
you've given me and I'll be grateful for
a long time. Words are still cheap to
me, but there're all I've got to work
with at this time so I'll use words to
describe how I feel every once and a while.
I'll be trying to prove how grateful I
am in the future, by my works. My having
to run to a post on the front lines, does
not displease me at all, but honors me.

Jonestown (5 mine Ours), and I'm willing
to die for it. Thank you for showing
me (us) with your Example that Jonestown
is a Communist town, and my dear friend,
to die for Communism is truly an Honor
to me. One I would not have had if
it were not for you.

Thank you Jim
Cynthia

After you read this, I won't mind it if you
use the paper for something else. I didn't
forget what you said about wasting.

Sunday. read publicly

Dear Dad,

I hate to write so little for you but I don't want to waste any more than possible. I thought I would write & let you know how I feel about coming to Jonestown. I was hater about coming. I didn't want to leave Ellikue & Mom but I didn't want to change routine way of life. My life I felt was so fucked up that coming here would be no different. I wanted change but yet I didn't. I'm glad I came. The first couple of days I was here I wanted to run so bad but at the same time I didn't. I finally took a good look at this place, and yes we had an alert that night that made me start thinking about the reality of this place and I started realizing it was what I wanted all along. I like the idea of being pioneer (although we are much more fortunate than others) and building a society to which will be a model for the world some day. I looked around and saw the Serians so active & happy. Serians like Katherin, Dominick (whom I had on the pamphlet but everyday) who could not hardly make it there moving rapidly & taking control. I saw so many that had lost weight & looked so well. I saw Esther Radbacks laughing walking down the path alone & I know that was impossible in the states. I saw Henry Cannon, acting & looking like the other children. I saw ^{Little} Ronnie looking so happy, smiling all the time - when in the states he looked so sad. I started visualizing the things that are planned to be built, the houses, toy shop, bigger kitchen and all the rest. I looked at the fields, the interior, the piggery and realized this belongs to our people not some hater to pay rent. I started thinking of the work as a pleasure to help. Then I found myself liking the work - and the one day I had to lay off for swollen foot, I found myself

Miserable and wanting to go to work. I really like the idea of being able to hear teachings during the day. I wish there was a speaker at the wood shop so I could hear all. Now we can hear most of it later on in the evenings.

I wish that there could be classes set up at night to learn about other leaders & how they do, but have heard told in time that may be. What I am trying to say Dad is for the first time I find myself grateful for you saving my life all the times you have and for caring enough about me and my family to keep protecting me thru the years even though I hurt you in every way that I could. I know I still have a lot of selfish things to get over & I have to work on such things as talking to much and working harder using my time wisely. I want to be a communist & be able to stand - even die - for this work. For the first time in my life I feel I don't have to be something. Sure not, I don't feel I am two persons any more, I feel a contentment that I have never felt before and what's even greater is that I'm not trying to fight it anymore but working for it. I realize what an ugly place the States are and I am fast forgetting what it was ever like there, except for the wickedness we never forget. Now if I start feeling or thinking about things in the states I stop & think about socialism or justice or a teaching you have gave and I happily forget the states. I do miss Elsie & Mom but I miss all the rest of our family also. It will be a good day when they are all here. Thank you Dad for what you are and for giving to the people - in spite of the ~~threats~~ ^{threats}, violence, hate and all that you have received. Thank you most for making something of me.

SUMMARIES OF SOME OF THE SECURITY QUESTION REPORTS THAT HAVE COME IN.

RONNIE DENNIS: Rather pat answers: will die: will kill wife and child if necessary: has attractions to men and women but not worth the bother: says he has no sex interest in guns.

BOB KICE: Worried about how well he will hold up under pain and or torture. Talked about in ability to deal with pain and past history of drugs. Would be able to hold up in the US without indulging. Has doubts about how well the church would hold together without you. Would want to take revenge in that event of your death. Has a hard time thinking that Renee or Eileen could be traitors--- if they became like Stoen he would do what was necessary. Occasionally misses drug highs, misses privacy, sometimes fantasizes about young women just beginning to mature sexually. Fantasizes during masturbation are always fellatio. Does not have much sex with Renee. Recognizes that the gun is ego fulfillment and is beginning to have some conflict about carrying it and getting hostility. Has concern about the security at East House. Thinks that it is vulnerable because of trees--- thinks that three people could pull off a kidmapping there especially if one is an inside insider.

MARY LOU CLANCY: Pat answers: not afraid of dying, would want revenge if something happened, not afraid of torture.

BONNIE SIMON: (I don't like the mentality of this report-- Teri) Says not afraid of dying-- but would like to kill others first. Thinks that the security that we now have is very good and she likes being a security guard for the security of you and this beautiful family. Feels that women are not allowed in weapons because of chauvinism. Believes in revenge. Afraid that we may have to face suicide without the possibility of killing others first. Has doubts about how well she would take torture.

Only misses a few relatives in the states that she hopes will come here. (mostly they are young children). Could kill companion or children.

I HAVE NEVER HAD SEXUAL FEELS FOR ANYONE BESIDES MEN: RIGHT NOW I AM TRYING NOT TO NEED SEX. I have gone seven months without sex-- the first six months it didn't bother me but now I think about it once in a while.

want to die-- he did not back out from the fight. To sumit up he said " It wil bae hard for me to face death, I feel that I can fight knowing I will die in the end even if it must be by my wa own hand or the hand of my comrades. " Fears--- afraid of machinery, and guns becuae they are dangerous. Fear of getting old and deterioration. Fear regection by both male and female. Fear physical violence. Said that he does violence in service becuae that is his job. When he slappend Michaleen the other night for not smiling it got blood all over his hand andthat made him feel sorry for her. Has trouble watching Marthea kick someone or Leuester laugh while she hits someone. Has trouble withpeople laughing during violence. Says that he wouldback up the leader if something happened to you. Would kil wife and daughter (meaning he would kill any of his four sisters here) . Killing maureen would be hard for him. He misses in the states: food-- but less nad less as time goes on. He misses his daughter. Maybe his daughter can come here when she is 18--- he can do nothing for her but build Jonestwon now. Misses reading the nes and the radio. Listening to you is hard to folow. Has attractions for mean and wone--- mistly women young about 16 -20. Says that he does feel stronger with a gun-- but knws the responsibiliti and all. Wants to make it clear that he is not trying to leave J-tow-- that 'atty cartmelll asked him to do that pert--- he has no intentions of going anywagre.

AL SIMON:

Not afriad iof deathnow. Not afriad of death when younger--- right after chidlr were born he was afraid of dying becua se of what he owed them. He said now that he knows that you would care for his kids he is not afraid of dging. The things he misses on the states are the mountains and the coastline--- laso being away from people. Feels sex towards female but regognizes that when he admires muscular men that he is homosexual. Qdmites that guns do make him feel a certain control over people.

CARDELL NEAL:

Death would be relief of tension. DFears slowly dying-- joint by joint
or by paralysis. *EE7D100*

Kill the traitors. He would fully support whatever leader.
Would kill any member of family that turned traitor---- I do miss my
sister and brothers and grandma, and mom but they will come here. ---- only
misses the modern day technology of the states--- Does not feel sexual
to men; sexually attracted to Marilee (his companion) Dorethy Rollins,
Joyce Mcyntere and Glenda Polite. I do like guns especially small hand
pistols. Since I am trained I feel comfortable around them.

GUY MITCHELLE: No problem with dying especially since he has something now
to die for. Sometimes has fear of how he will die--- by knife-- bullet
or whatever- however- when white nights come he doesn't think of this.
Would kill wife and children were they to become traitor. Misses nothing from
the states.

I am worried for Charles Wesley. He is saying that people he knows back in the states are trying to make trouble for him and the members in Guyana. He is talking about wanting to come back and do things that will land him in prison if they don't stop, and he says he is ready to die, if that is what it takes to get them off his back.

He sounds hurt by things he has heard from people he knows. I hope that whatever is causing him this upset can be stopped by you, if you know where it may be coming from.

you told how Aunt

you also told of how

To answer the first question on what would happen to me if my Dad was gone. I know that anything that's productive in my life is only because of you, and if you were gone I would be a total waste. I believe that we are a ways get from having anyone that could possibly serve the people in your absence, and as for me I would try to follow whatever teachings of socialism you've instilled in us and try to continue. I say this only because I remember you saying one rally that you would feel your life was a waste if your sacrificing for us was a waste and we couldn't continue. and for that reason I would try. but still somewhere in my mind I think another leader like you Dad or close to you is ~~is~~ NOT in

say I would have to remember your
other request as to never never never
forget the traitors that have hurt

the question of if I'm prepared to kill

that have caused us trouble since

honestly say that that's my fear now
I hate to even think of this movement
without you but you said you

I like that thanks to you three

Dear Dad:
I am an ass, because I was one
that changed my vote on Jai's behavior.
I was again too stupid to think for
myself, all just to save my own

that goes. I know that I can't save
an auto ass, less on Jai's or myself.
I know that I have no mercy and
I'm not loving at all. I also
know that I could never be
responsible one bit nor care for
Jai or any one else. I am very
sorry indeed for responding the way
I did, and also for being caught. I also
regret that I haven't grown any

I am ^{one month (1 month)} very sorry to have hurt

Dad again I am very much
guilty for writing and asking for

Criticism of me + words:

I am very outspoken, still
mean as hell, still don't get
along with people like I should.
I tend to stay away or avoid
people I dislike. I talk to them
sharp or stare at them like
a fool. I still can't relate
to taking orders from certain
people. I'm not as kind as
I should be. I'm still a

Agnes Jones works with me

too much time away from
the office at times. Even
though she does have to zip

spends a little bit more time
than she should. But it's no

major problem. Barbara Smith
I can't give any evaluation, because
most of the time both she and
Rose believe me. It is no over

seldom they word with me. I
don't think I would be right
to write something about them.
I can say this about Cheryl
McCall, very seldom she's on
time at 7 a.m. I use to go and
wake her up, but I stopped that.
If she'd stop staying up so late
at night, she probably could wake
up and be here for 7 a.m. Some
times her attitude is bad and
I don't like to say anything to
her. I just stare like a damn
fool. I thank you. I have my
faults and bad moments too.
Also working on a change.

I am difficult to understand for that reason dont have many friends to quick + short spoken at times + so doing it hurt people feeling.

I am selfish: like being maseley alone because I feel no one care about me, when around people I feel uncomfortable + wont to leave, but when alone I am lonely, all off my childhood life has ben this way.

negative attitude. It is hard for me to see the good in most people, to quick to judge. I have ben hurt + disappointed so much in my life untill it is hard for me to see the good in peoples it seems that I am looking for the wrong in peoples when I meet someone that appear trustworthy I use the word "surprise" I know this is wrong these are the things I fight with

HEALINGS FROM PASTOR SIM JONES

I had trouble with my left eye
in 1955. I would get red and ache &
burn. Last time it was at hospital
of your name. I went to several
doctors. I felt with to Brown Eye
Hospital in San Francisco, Calif. It was
terribly red. Looked like it was blood
shot. It was so bad & the Drs. could
not find one thing that could have
caused it. No doctor could find a
thing wrong. I went to a specialist
at the West in S.F. but was sent to
S.F. Hospital and some could find out
the cause of my left eye being so blood
shot & ached so bad. So I gave up &
met with the only one who said he
could heal me. I have had no more
trouble with my left eye. I pray you
that Sister J. & your daughter heal.

My blood pressure was up so
high one day in 1960 was 170 over 120. I was
on the verge of having a stroke. Pastor
Jones called me and brought it down
to normal. 120 over 80. I am so

Dear Father:

In your message the other night you said
Nitron Bomb could strike in a house and it
would kill all Black people and it would not touch
a pen or glass on the table in the room. That it
would destroy everything in the radius of 200 mi

Also in California the Supreme Court passed a law
that all Black people could be arrested down to the
age of 14. In America that Black man is the last
to be hired and the first to be fired.

The Senate Bill 1127 is that if a Black
Person dont answer the way the police want you
to you can also be arrested. They would like to
put all Black people back in slavey and concentration
Camps.

For it is the land of promise

It is a peaceable land

Thank you Father!

It was so mean and ugly trying

trying to live in that land of hate.

America is about to have a nuclear war, with their neutron

won't even disturb paper left on the desk of the scientists.

Also the concentration camps we avoided, there are the old
Nazi police to deal with, who will ask you a question and if

But Russia has a laser beam to combat all their guided

Methods to get ENEMIES.

Well first of all it has to be plan out. I feel you got to have some type of technical skills. I feel apparently you got to know what you are doing these days. If not you may be the one to get set up for the kill. I would know the were about day by day. and pick one of them place's, and blow his brain out.

What would you do if something happen to Dad? If something happen to you, first I would try to control these mess hole here, because we will have people trying to leave this land. Then after all that I would put my tactic's together and push forward, and then I will start looking for these racist people, that treated us like dog's. Some sort of element from another world. Then my mind will go into revolutionary strategy all the way. I would go wild, but in this case, I think you got to keep a cool head. But how? I think we would have to kill a lot's of people here to let other's know we will get to the bottom of thing's starting right now. got damn there 1955.3.

Sexual feeling with Gun's: when I first started carrying a gun, I through no one could say Jack shit to me, because I was just waiting to pull that trigger. That 38 special, that was on my side. I had a coat on the instant I just wanted everyone to see that I was packing my piece.

Socialism to me? I feel that the law's of the U.S. are a crock of shit and must be overthrow by armed struggle for socialism on the road to Communism. The state exercise's control over the measure of labour and of consumption in accordance with the principle of socialism. From each according to his ability, to each according to his need; or work; Production under socialism is the fullest possible satisfaction of the people's growing material.

I know in fact I would because, if you had someone following you for I say 15 years, just let say that person is my sister, and she knows principles and talk it all the time. Then kind of people I think about walking behind my back, and then some how I don't feel right about that person, and I am steady watching, when the time came for the working class to get in to there Revolutionary Act, then if she turn the other way, I have no choice but to kill, on no matter who they are, sister, brother, mother or not, it my turn to do my duty, for this cause.

I think we could delay our enemies
from attacking for a while, by our
staying because we can make them

Why I left the United States

I left the U.S.A. because there was a prediction that there would be a great disaster in the U.S. and from my point of view, I could see clearly that it was coming.

There is a prediction that genocide will be all over the U.S. where there will be a poisoning of water and food for the dark races. Especially for the Negroes, Indians, and Mexican people.

There will be ethnic weapons that can destroy millions of buildings in seconds and also lives.

There is the Neutron Bomb that can kill certain people in certain places wherever they may be.

There are torture chambers and concentration camps already set up for action for the darker races and poor whites.

There is very much conspiracy now in the U.S. The C.I.A. and the F.B.I. are the top leaders.

The 1427 Bill that passed, gave the right to send any one to the ~~Concentration~~ concentration camp.

Jim:

I wrote you a long letter, then decided to spare you (how we do all learn sooner or later!). There are a few things it would be very helpful if you would understand though, as the distance is so great as well as the separation of time, and any communication can get unnaturally distorted. I'm sure you don't mean me any harm, to the contrary. But I do think that as "a doctor who cares for his patients more than anyone on Earth", you're nevertheless (in my own instance) administering the wrong medication; in potent doses; over all the patient's protests; for such an awfully long time; so that I have left very, very low as to the possibility of this ever being reversed.

Your attention and obvious concern for me over the radio last month was very welcome, and perhaps made the difference of wanting to die and wanting to live. Even though you said all the wrong things. But saying all the wrong things again and again and again takes a very bad toll. I'm horrified and astounded that at this late date you could possibly characterize the nudity disaster as a "Compliment! great love, great faith, great trust..." By that standard, the inevitable extension is that when you got on the P.A. last March and accused me of wanting to kill you; plus all the things I couldn't "take" (you projected); and you would "fuck me with a bulldozer"--- that would all have to constitute "the greatest compliment of the century!!" And that was so devastating to me, I thought I would never want to live again. There was NO good aspect to it, NO redemptive aspect, NOTHING gained, it was a sheer horror. And all the more so because I hadn't been near a P.A. all day or night; I had NO IDEA what you were going through that day ("the closest I've ever been to revolutionary suicide"); I sent up that letter (which was the extreme of legitimate paranoia) 3 days earlier, and it was an ACCIDENT you got it then, but you were so quick and willing to characterize me as your potential murderer ...

(after the radio contact)

I shudder at something like that being called a "compliment"!!! I cried for three hours afterwards, even knowing you meant me "well".

And even that incident in L.A.: I never WANTED that, Jim. I only wanted your acceptance and your love. YOU made it the only thing acceptable to you at that time. YOU made "stoicism" a virtue. It never strengthened me, it near destroyed me. It's the worst thing in the world to have to be "stoical" (at the penalty of total rejection if you're not) rather than simply natural, with the only person on earth whose love and esteem you really want.

And really, all your esteem has appeared to rest on, is that I could "take" all these bizarre proceedings, this has been "encouraging" to you, I "reacted so well". The actual TRUTH of the matter is that what I wound up with, to accomodate YOU so I could feel any security at all, has been that yes, I DID "take" it all; I swallowed it whole -- literally: My gag reflex (in the throat) has been totally knocked out --- for months. (I didn't even know it -- a doctor told me, then offered to recommend a psychiatrist). Is this a "good response" --- one that completely shuts down an autonomic reflex? ~~_____~~

And, what you are doing, really, ~~is~~ is HEAVILY REINFORCING vestiges of masochism, which I need like a bullet through the brain.

I dreamed for years that you would be the first person on earth who would just love me and accept me the way I am, and then everything would change. But you'd never do that. All I ever wanted was to be close to you, in a real, tangible, warm and communicative way. That we ever wound up on this route of ~~bizarre rituals (the monkey reading, ...)~~

EEIE 2 ~

complete with rage, rejection, condemnation and ostracism
bizarre ordeals, ~~()~~, has NO good connotation to me,
it's the sheerest of sheer pain.

(On the radio) that
I sensed you really wanted me to feel better about the past. That's not
possible. There is nothing you can say to make me feel the slightest bit
better about the past, except: it was terrible; it would have best not
happened at all; nothing was gained; it all amounted to nothing more than
pain, pain, pain, pain, pain... And I DON'T WANT THAT PAIN ANYMORE.
I WANT TO BE FREE.

I just wanted to let you know where I am coming from. I have no INTENTION
of being driven back into considering masochistic "swallowing it all whole"
as something desirable. I'd be headed right back into the schizophrenia
you first rescued me from. I don't even want your esteem, Jim. I know I'm
committed without that; and frankly, your "esteem" is too heavily laden with
a backlog of emotional devastation, and reinforcement of very damaging ten-
dencies that I want no part of.

All I want is your understanding and warmth. It's all I've ever wanted,
really. And it always seemed so impossible to have. Everything I've ever
done has clumsily and antagonistically driven us further apart. A new
beginning would be a very, very good thing. All I want from the past is
amnesia.

I'm so proud and thrilled about everything happening where you are, I can't
begin to express it. I know that means everything to us all. I hope this
"old business" doesn't put a damper on you in any way; I wouldn't want that.
I just want it all over and done with, so maybe, somehow, I can begin to
relate to there being some real love in this world.

Thank you.

Laurie

P.S. I want you to know too, that it never would have been possible to
approach you like this before, when we were all in such misery here. Whatever
my own longings have been, it was paralyzing guilt to even say anything when
you were always suffering so much more than any of us could possibly even
see, much less feel and empathize with. So, even though the separation is
hard (I miss you alot, I miss everyone alot), I want you to know that your
(everyone's) beautiful freedom there makes it easier to aspire to freedom,
even here --- for which I'm very grateful.

I wanted to say that, because I'm not writing you all this to make you
feel badly in any sense, but rather to clear away the past and project a
happier future. It's been so terrible (for all of us, not just me), and
you're the only one on Earth who could have set us free. I wish I could say,
"I love you" --- I just think that would be a little hypocritical, being such a
short way down the road still from, "I hate you". But I'll keep trying,
always. You've been so patient with me.

To Whom It May Concern:

We have read, with great interest the local media coverage of Peoples Temple in general, and the matters dealing with our property, in particular. Since no one in the press saw fit to ask our opinion of the matter, but rather, in sensationalist fashion simply came to the conclusion that we were "swindled" out of our property, against our wishes, we decided to write. This kind of journalism is regrettable in a personal sense, because the slant it gives about our "case" is totally untrue. We were not "swindled", pressured or otherwise intimidated into donating our property. We did so because we firmly believe that those with the blessing of greater material comforts have a duty to share them with those less fortunate than themselves.

Our contribution of our property has helped to build this agricultural project where we now live. It is an amazing, pioneer-like community, where people of every race and age are working together to build a model of sharing and cooperation. We are proud of our part in this development. We have our own lovely cottage, design'd to our specifications and needs and we can enjoy a future that is free from the pressures of urban living--no worries about rent, repairs, bills, or crime. At the same time, we are not idle. We direct a senior citizens program and help to advise the younger members of the community from years of experience, as part of a community council.

In truth, we have gotten far more out of our association with Peoples Temple than we ever put in. But we don't suppose those whose only measure of happiness is personal material wealth can really grasp that fact. In a sense, we can see why our sister is knocking the church and our pastor--she knows what she has lost, and it is far more than just a chance to get a percentage of the profit from our home.

Sincerely,

Mr. and Mrs. James Edwards

Dear Dad

Last night after meeting an incident happened between Edith Keller and me. When I came home Anita Green and I had to put the light on to get out our sleepers, Edith just had went to her. She jumped up and said did we have to put on the light and why was all this talking going on. I told her it would only be on for a minute. Just until I found my sleepers. She said I had an attitude and that's why I was being half dead in Georgetown and that you had to save time. I told her to keep her nose none out of my mouth. But the way she made it seem like I was using light unnecessary because of all the money you had to spend on Isaac. But I think she was out of line for being his name in it. What we was talking about did not concern him.

Dear Dohliana Mike,

How are you both? Fine I know. Archie and Corie said to tell you hello. I live in the Temple in San Francisco and everyday there is a new experience for me, its from one thing to the next. Before Jim left to send back to the Freedom Land he gave David and Vivian Hainous a cloth for their 13 month old daughter he told them that the baby would die for no reason at all. One Sunday morning the baby did die and they rubbed the cloth over the baby and the baby is doing fine right now. Thanks to Jim's love. On Thursday morning Carol McCoy and myself drive a bus down to Los Angeles to hold services in the Los Angeles Temple and bring the Los Angeles members back to San Francisco for Saturday and Sunday services. I am going to go to San Francisco City College to take up some Biology classes and History 12 to get my BA degree. Tell everyone I said hello and please write us say over here (the shoe is on the other foot!) Take care.

Your Brother,

Dear Dad;

Here are the write ups on different subjects:
Sexual Attraction For you

I have no sexual attraction for you at all.
It may sound blunt, but I know no other way to say it.

Your conversation with Patty, Eva Pugh, Eritter
and Becky.

You talked about what a Jesus oriented person Jim Pugh was in the days of old. You talked about the prophecy you gave on Eva Pugh's husband and how it came to pass when he died at age 49. At this point I couldn't understand too well whether this was really Eva's husband or one of the other women. You also mentioned the accident in which Jim, Jr. was died with kidneys cut out and a sliced heart. His being alive is a miracle.

Eva said that she had traveled 2000 miles and was not going to meet anywhere, but she moved to Esuyona. You said that they had been with you for 25 years, 24 years and 20 years.

My Evaluation of myself:

I am self righteous, unforgiving, pig headed, hate criticism and think that my opinion are always right. In short, I'm an asshole.

Gratitudes

I am very thankful that you are kind, loving and forgiving to us when we really don't deserve it. I thank you for trying so hard to make us happy. The meals are all excellent, but the curry tonight was superb. I think that Mary Roger and the other cooks do a very good job. Thank you, Dad.

Dear Dad,

I respect and admire you, but there is no sexual attraction. To me, you are my Saviour.

I enjoyed hearing you and Patty and Eva laugh talking and joking about the life that you had in Indiana.

My Self Evaluation:

I think that I'm always right. I don't want to listen to others opinions. In short, I'm a shithead.

Gratitude:

The dinner tonight was excellent. Thank you so much, Dad, for everything.

Sincerely
Marshall Farris

Dear Father;

First I must apologize to you for my dishonesty, last week Mother confronted me for not reporting when I went to take some people home in Richmond and the Mission district here in San Francisco. I was suppose to be at a P.R. meeting with her and three other people and I kept them waiting while I took these people home. She asked me if I had an "little out side affair", I hid and told her (Knew) No. I have been having this relationship for 3 weeks, her name is Wanda Sander, Martha Sander's daughter (who just recently went over to the Freedom house). In the years that I have with Rhonda I don't have a real heavy or called love feeling, I have great respect for her as a worker in the cause but as I told Rhonda in a recent letter that I miss John, but I really don't miss her. And this just

EEIF11~

didn't start last week with this new relationship. It
has been for sometime, then after I didn't hear from Rhonda
in some time, I visited her parents when I was down in
Los Angeles they would show me letters that they had received
from Rhonda. I was put on the spot with questions
and no answers because I wasn't using letters. I can un-
derstand keeping the relatives informed, but when Rhonda
was here in the state she had what I thought was a close
tie with her now than usual. I mean even me, would
has 2 children and she and I started talking about
problems and she has been abused by her former companion
so far that talk, I keep close tabs on her. She is a
member that joined in Los Angeles and I took her down
to get those passports. I asked her what was it in me

E E I F 1 1 b

that she liked, she said that I was kind and different from anybody else that she had ever met. She was looking for someone that didn't want to beat on her and take her money and misuse her. - And I was insecure and needed someone to feel close to not just sexually, but spend time with her children as we met up. I gave her the book "Introduction to Socialism" to read, I told her that I have a lot of work to do that I have to do for the church and she would come too. She says that she understands. I am kind of in limbo I keep impressing on her mind the good things that you have done for people, and I know that I am not "Lovie Donie" situation I just need some kind of companionship. I am now working more in P.R. so that Andy can be free to pursue for the cause. Father I appreciate what

EEIF112

IV

you have done for my son and Rhonda and the thousands
of other people that are now there in the Puelon land. I
did not want this letter to be a manipulation to get me over
to the Puelon land. I think for someone that has risked
his life to save my son and other sickly people in general
I should let you know where I am at in my mind. There
are some biological classes that I can take at San Francisco
State University that would help me in a fish program that I
maybe able to go into a few years from now there would
be no degree involved. Maybe it would be better if I
waited until I come over there because the education would
be cheaper over there than here. I also need to apologize
for taking up your precious time on such illconceived
material, Thank you Father.

I am definitely in favor of revolutionary suicide because of the children and those who can't participate for their protection. When I worked in a Cancer clinic I saw people dying & deteriorating for no reason. How much better to lay down my body for a principle.

Now, I feel that if we do commit revolutionary suicide we should do it in such a way that we will be heard in all quarters of the world & the most publicity we can get for commensurate. One way I think we can do this is by reference to food. Food & malnutrition is an emotionally packed subject. The idea that we could stop eating or cut down as we are in our heavy-weight program occurred to me last night in our meeting. This would be a different way to commit revolutionary suicide and I wonder how many people who believe in suicide would be willing to do this - a slower way but ^{as} much as effective. Choosing to do this rather than let it happen. I have not thought out yet how this would come about or way to do this - with the children suffering the least as my uppermost feeling is to protect the children & those who cannot, Dad. I ~~do~~ feel the war should be a verbal war - suicide - heavy P.R. all the way. I for one would be willing to do this, ^{as I would even up as alternatives.} I have stood on the food line for about 2 mos. & see some who are very cooperative & some who do not seemingly want to do it yet. DEAR RHONDA;

YES THIS IS OLD "ASSHOLE" AGAIN, FIRST I MUST APOLOGIZE FOR THE NASTY LETTER THAT I SENT TO YOU A FEW WEEKS AGO. I AM SORRY IN A MOMENT OF LONINESS AND ANGER I LET MY HOSTILITIES COME OUT IN MY LETTER. AND I ALSO LET MY PARNIA GET OUT OF HAND ! I WAS STILL HOSTILE BECAUSE WHEN I SENT YOU A LETTER YOU WOULD NEVER ANSWER THE QUESTIONS THAT I HAD ASKED I WAS GETTING PARNOID BECAUSE YOU WOULD SAY THAT YOU WERE INVOLVED IN THIS OR THAT BUT I WOULD HEAR FROM OTHER PEOPLES LETTER THAT YOU WOULD BE REALY GETTING DO WN AT THE DANCES. SO I THOUGHT IF YOU CAN HAVE TIME TO GO TO THE DANCES THEN YOU COULD AT LEAST WRITE A FEW LINES TO ME HEAR BACK IN THE STATES . IT SEEMED THE MORE I ASKED QUESTIONS THAT THE MORE YOU WOULD WRITE BACK AND TELL OF THE NEW DEVELOPMENTS IN JONESTOWN AND I EXPLAINED TO YOU THAT I USALLY EDIT THE NEW FILM THAT COMES FROM THE FREEDOM LAND AND I CAN SEE THE NEW DEVELOPMENTS AND WHY DON'T YOU ANSWER THE QUESTIONS? WAS IT BECAUSE YOU DIDN'T FEEL FREE TO EXPRESS YOUR FEELINGS TO ME IN A LETTER? YOU MUST REMEMBER I CAN'T PICK THEM UP THROUGH SHORT WAVE ! I WAS FEELING VERY INSCURE AS I AM NOW AND I THOUGHT YOU HAD PASSED ME OFF AND WAS JUST WRITTING ME TO PASIFY ME . AND THAT WAS MAKING ME VERY ANGRY ! . WHO WAS I TO TALK TO ABOUT IT HERE IN THE STATES? THEN ON TOP OF ME BEING PARNOID ABOUT YOU THE PEOPLE HERE AT THE TEMPLE LOOK TO ME FOR STRENGTH OR WHAT EVER AND THEY HOLD ME RES BONBILE FOR THEM AND THAT ALONE SCARES THE LIVING SHIT OUT OF ME!!! I AM EVERY THING FROM JANITOR, COOK, TRANSPORATION, MOVING, BUS DRIVER, LISTING EAR, AND SOMETIMES MINISTER. I DON'T EVEN HARDLY EVER EAT IN THE KITCHEN BECAUSE WHEN EVER I SIT DOWN SOMEONE COMES UP WITH A PROBLEM AND I HAVE TO GULP MY FOOD DOWN AND NOW MY STOMACH IS ALWAYS NAUSAED AND SOMETIMES I THROUGH UP BECAUSE IT ISI HARD TO EAT AND TRY AND THINK ABOUT SOMEBODYS PROBLEM . I HAVE TO SMILE WHEN I DON'T FEEL LIKE SMILING AND LAUGH WHEN I DON'T WANT TO, LISTEN TO PEOPLE WHEN I DON'T WANT TO AND SAY HI TO PEOPLE THAT I'O MORE DERSERVE THE TIME OF DAY THAN THE MAN IN THE MOON. THEN WE HAVE THE DAY TO DAY PROBLEMS OF JUST EXISTING AND MANY FOLKS SAY THAT YOU ALL HAVE HAD I' ROUGH OVER THERE BUT JUST AS WELL WE HAVE AND ARE STILL HAVING IT ROUGH HERE EVEN TODAY . THINGS ARE GETTING ROUGHER

EEIF 16 a

AND ROUGHER IN THE UNITED STATES. EVERYDAY THERE IS MORE RAPES AND KIDNAPS AND OUR GOVERNMENT HERE IS DOING MORE AND MORE TALK ABOUT THE SOVIET UNION AND CUBA AND THERE INVOLMENT IN SOUTH AFRICA . AND IT LOOKS LIKE THERE WILL EVENTUALY BE A FULL SCALE WAR. PRESIDENT CARTER TAKING SIDE WITH MIDDLE EAST WAR THAT HAS BEEN GOING ON BEFORE HE BECAME PRESIDENT . THEN HAVING TO GET LETTERS FROM OUR FRIENDS(OR SO CALLED FRIENDS) AND PLAY A PART WHAT IS ABOUT TO WEAR OUT BECAUSE WE HAVE TO GO TO OUR SO CALLED FRIENDS SO OFTEN . OR EVEN FACING TIM STONE, THE MERTILE'S ,SAMMI JOHNSON,NIKKI TOUCHETTE,MR.AND MRS. OLIVER,NEVA SLY,AND OTHER ENIMIES AT THE BACK GATE AND NOT BEING ABLE TO PHYSICALY DO BECAUSE YOU MAY CAUSE MORE LEGAL MATTERS TO COME DOWN ON FATHER AND THE CAUSE . THEN ONCE AND A WHILE YOU PARENTS WILL CALL UP AND I HAVE TO GO THROUGH THE ACT WITH THEM AND YOU DAD FRANK.FROM HAYWARD CALLED AND SAID WILL YOU PLEASE CALL HIM OR SEND HIM A LETTER! AT LEAST CALL HIM AND ASK FOR SOME CLOTHS FOR ISHI IF YOU DON'T WANT ANYTHING FOR YOUR SELF . BECAUSE THEY HAVE MADE THE OFFER AND I THINK THAT YOU SHOULD NOT LET THEM GO ON THAT . WITH ALL THIS SHIT ON MY MIND I DON'T HAVE ANYBODY THAT I CAN GO AND TALK TO WHEN I GET DEPRESSED! NO ONE TO HOLD MY HAND AD NO BODY TO CRY ON. SO WHAT AM I TO DO??? I KNOW THAT YOU ARE SAYING THAT HE IS A BIG BABY AND VERY INSCURE AND THIS IS ONE TIME THAT I COULDN'T AGREE WITH YOU MOST ! I AM FALLING APART AT THE SEEMS SOMETIMES THE TOP OF MY SKULL GETS COLD FLASHES WHEN I GET TO THINKING REAL HARD AND SOON I WON'T HAVE ANY NAILS TO BITE ON . THERE IS ONLY ONE PERSON THAT I CAN TALK TO SOMETIMES AND THAT IS LEONA BUT SHE HAS PHYSICAL PROBLEMS AND USALLY MOST PEOPLE IN THE TEMPLE CALL HER AND CRY ON HER SHOULDER AND I CAN'T PUT THIS EXTRA BURDEN ON HER. SO ONCE AGAIN I AM AT A LOST JUST THERE AND WITH NO COMMUNICATION OR OUTLET . THERE AREN'T ANY DANCES HERE AND I DARE NOT GO TO ANY OF THE DISCO S BECAUSE I DON'T KNOW ANY BODY AND I WOULD BE SET UP AND ROBBED. I USED TO GO SKATING WITH TONY AND AUNDREY AND SOME OF THE OTHER YOUNG PEOPLE BUT EVEN THE GUY THAT WORKS AT THE SKATING RING WHERE WE USED TO GO WAS AT THE BACK GATE

EEIF16b

(III)

AND MADE THERATS TO ME THAT HE WOULD WIPE ME UP ALL OVER THE BACK PARKING LOT !!!
SO THERE IS NO PLACE THAT I CAN GO OR NOTHING TO DO THE SHOWS HERE ARE JUST AS BAD
MY HEAD IS ABOUT TO POP OPEN! SO ONCE AGAIN , WHO DO I TALK TO ? WHERE DO I GO ?
IN THE LAST MOVING FILMS THAT WERE SENT OVER I HAD TO LOOK AT ONE PARTICULAR FILM
THREE TIMES BEFORE I COULD MAKE IT OUT THAT IT WAS ISHI . I KNOW THAT IF I AM
HAVING A HARD TIME REGIZINING HIM THEN HE WILL HAVE A HELL OF A TIME KNOWING WHO
I AM. I KNOW THAT I AM NOT THE BEST PERSON IN THE WORLD AND I HAVE MADE ENOUGH
FOR THE BOTH OF US PUT TOGETHER BUT I AM DEAB SERIOUS IF THINGS DON'T WORK OUT
FOR US I DON'T KNOW WHAT I WILL DO.. I AM SORRY FOR THE MANY HASSALES THAT I
HAVE TAKEN YOU THROUGH IN OUR LAST FIVE YEARS . AND THAT REMINDS ME KDU FORGOT
OUR ANNIVERSARY AND I REMBER THE TIME THAT YOU WOULD GET MAD AT ME WHEN I FOR BOT
IT! BUT WHEN YOU FOR GOT IT YOU PASSED IT OFF AS YOU WERE SO BUSY AND IT WAS OK.
I AM SENDING A PICTURE OF MYSELF SO THAT ISHI WILL AT LEAST KNOW WHAT I LOOKED
LIKE BECAUSE I DON'T KNOW EHRE ER I AM COMING OR GOING . I ASKED YOU EARILER IS
THERE SOME ONE ELSE? PLEASE DON'T LIE TO ME , BECAUSE IF I FIND OUT THE TRUTH I
CAN JUST FEEL MY HOLE INSIDE BEING TORN OUT ! AND I DON'T KNOW WHAT I WILL DO .
I AM SO PARONID THAT I DON'T BELEIVE ANY THING UNLESS I HEARD IT FROM FATHER OVER
THE RADIO MY SELF . YOU NEVER REALLY KNOW HAW MUCH YOU REALLY CARE FOR SOMEBODY
UNTIL YOU ARE ABOUT TO LOSE THEM. I NEED YOU SO BADLY I CAN NOT EXPRESS IT IN
WORDS,I KNOW THAT OTHER PEOPLE ARE SAYING THAT I AM A BIG BABY AND VERY INSCURE,
I DON'T GIVE A DAMM AT THIS POINT BECAUSE I FEEL THAT I HAVE KEPT DOWN MY INSCURITIES
LONG ENOUGH AND NOT ASKED FOR MUCH BECAUSE I KNOW THE BURDEN THAT IT WOULD AHVE
PUT ON FATHER . BUT I AM ALL FILLED UP AND NOW I NEED SOMETHING FOR ME , I WOULD
BE A HIPOCRYATE TO HELP OTHER PEOPLE WITH THERE PROBLEMS AND NOT TAKE CARE OF MY
OWN. I HAVE MADE ONE OF THE BIGGEST MIAESAKES SINCE THE TIME I TOBDD MOTHER ON THE
STAGE IN LOS ANGELES THAT FATHER WAS SUSPOSE TO HAVE RUN OFF WITH THE MONEY AND
DIVORCED MOTHER AND CAUSED FATRHER TO COME BACK FROM THE RREEDDM LAND TO STRIGTHEN
OUT THE MESS .PLEASE WRITE AND TELL ME SOMETHING SO I CAN KNOW THE TRUTH ! ...
PLEASE FORGIVE ME ME IT SEEMS THAT I AM ALWAYS ASKING FOR FORGIVENESS , I AM REALLY
A FUCKED UP HUMAN BEING !!! .

WANDA;

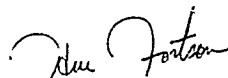

THIS IS ONE OF THE MOST SERIOUS LETTERS THAT I HAVE WRITTEN IN A LONG TIME. I KNOW THAT I AM ONE OF THE MOST STUPID HUMAN BEINGS IN THIS CAUSE, THERE ARE A FEW THINGS THAT WE NEED TO STRIGHTEN OUT . THERE HAS BEEN SO MUCH THAT HAS BEEN HAPPENING IN THESE LAST FEW MONTHS THAT I HAVE LOST MY WAY . THESE LAST FEW MONTHS HAVE SHOWN ME JUST HOW INSECURE I WAS AND WHEN WE FIRST STARTED THE RELATIONSHIP WE AGREED THAT I HUMAN JUST LIKE EVERY BODY ELSE AND THAT I NEEDED SOMEONE BECAUSE I HAD BASED MY FEELINGS ON MY PARNOIAA AND NOT ACTUAL FACT . YOU WERE LONLEY AND SO WAS I AND WE MEET EACH OTHERS NEEDS AND WE WENT ON THE FOUNDATION. AND AS TIME PASSED WE GREW CLOSE AND COULDN'T SEE PAST OUR FACES . I SHOULD HAVE NEVER STARTED THE RELATIONSHIP BECAUSE OF MY POSITION (NOT THAT YOU AREN'T GOOD ENOUGH) BUT I HAVE BEEN TRUSTED WITH A POSITION AND I ABUSED IT . I AM SORRY FOR THAT AND SECOND OF ALL WHEN YOU LEFT FOR THE FREEDOM LAND YOU AND ERIC WERE SUSPOSE TO HAVE A UNDERSTANDING (ACCORDING TO ERIC UPSHAW) AND WHEN YOU WROTE LETTERS THEY WENT TO HIM AND INSTRUCTIONS CAME TO ME ON WHAT TO DO WITH THE FURNITURE. THIRD IN MOVING THE FURNITURE I FOUND SOME LETTER THAT YOU HAD WROTE TO STEVEN IN PRISON AND THE SAME THINGS THAT YOU HAD TOLD ME WERE THE SAME THINGS THAT YOU TOLD ~~me~~. THAT LETS ME KNOW THAT I AM ONE OF MANY OR IN OTHER WORDS NO ONE SPECIAL AND I CAN UNDERSTAND. BUT TWO YOU HAVE ERIC AND HE HAS ALREADY BEEN HURT BY RUBY AND JERRY RHEA AND I AM NOT GOING TO BE A STUMBLING BLOCK IN HIS WAY. I LOST MY RELATIONSHIP WITH MY WIFE BECAUSE OF MY PARNOIA AND STUPIDY . YOU HAD NOTHING TO DO WITH THAT . SOUNDS CRAZY BUT TRUE, THE LETTER THAT I SENT THROUGH THE MAIL WAS WRITTEN ON THE DAY THAT YOU ALL LEFT AND I ALSO WROTE FATHER AND RHONDA ALL ON THE SAME DAY AND I WAS EMOTIONAL AND CONFUSED SO YOU MUST DISREGUARD THAT LETTER BECAUSE I WAS UNSTABLE IN MY MIND WHEN I WROTE ALLL THOSE LETTERS . I AM SORRY FOR PUTTING YOU THROUGH SO MANY TRIPS AND CONFUSSING YOU . I HAVE GREAT RESPECT FOR YOU BECAUSE YOU HAVE STRUGGLED WITH YOUR CHILDREN AND MADE IT TO THE FREEDOM LAND BUT I ALSO HAVE A CERTIAN RESPECT FOR ERIC ALSO AND PLEASE WRITTE HIM AND LET HIM KNOW THAT YOU ARE

EEIF17a

(II)

WAITING TO SEE HIM BECAUSE HE IS VERY READY TO ACCEPT THE RESBONILITY FOR YOU AND YOUR CHILDREN . I DON'T HAVE ANY HARD FEELINGS AGNIST EITHER ONE OF YOU . I HAVE CAUSED ENOUGH PAIN IN A LOT OF PEOPLE AND IT HAS TO STOP SOME WHERE . FATHER HAS GIVEN YOU AND YOUR CHILDREN A NEW LEAST ON LIFE AND ERIC WANTS TO SHARE THAT WITH YOU ALL . SO DON'T DISAPOINT HIM ! WE ALL HAVE THIS SAUSE TO WORK FOR NOW . BE SURE AND WRIUTE YOUR DAD AND ASSURE HIM THAT IF HE SENDS YOU MAIL THAT IT WON'T BE CENSORED AND IT WILL COME TO YOU , HE CALLED ME ONE NIGHT AND TALKED FOR 45 MIN AND THIS IS ONE OF HIS WORRIES HE SAID THAT IF YOU ARE HAPPY THEN HE IS HAPPY BUT HE DIDN'T WANT YOU TO WALK INTO SOMETHING BLIND . SO WRITE HIM AND REASSURE HIM .

PEACE,

HUE FORTSON

CE1F174

DEAR FATHER;

I AM SURE YOU ARE WONDERING WHY OR WHAT I AM WRITING TO YOU FOR NOW . WITH ALL THE PROBLEMS THAT YOU HAVE POLITICAL,LEGAL,PEOPLE (INTERNAL AND EXTERNAL), HOUSING,AND MANY MORE THAT I AM SURE THAT I DON'T KNOW ABOUT . I AM VERY SELFISH FOR EVEN TAKING UP YOUR TIME WITH THIS AGAIN BUT I HAVE NO ONE ELSE TO TURN TOO. I AM SORRY AND I HOPE I WILL NEVER HAVE TO TALK TO YOU ABOUT THIS AGAIN. IT IS MAKING ME SICK TO THE STOMACH AND I FEEL NAUSED AND SOMETIMES I THROUGH UP AND SOMETIMES MY FRONT OF MY SKULL GETS COLD CHILLS ALL OVER IT AND SOON I WON'T HAVE ANY FINGER NAILS. AND IF I DON'T LET YOU KNOW WHAT I AM THINKING I THINK THAT I WILL BU RST . WH EN I TALKED TO YOU ON THE RADIO FEW WEEKS AGO ABOUT WHAT I THOUGHT WAS A PROBLEM BETWEEN RHONDA AND I WAS TOTALY ACTING ON EMOTION AND PARNGIA. I HAD GOTTEN PARONID BECAUSE I HAD WRITTEN RHONDA A LETTER ASKING HER DIRECT QUESTIONS AND SHE WROTE ME BACK JUST LIKE A FORM LETTER AND SO I WROTE HER AGAIN AND SHE TOLD ME OF THE THINGS THAT WERE HAPPINING IN THE PROJECT AND I WROTE HER AND TOLD HER THAT I SEE MOST OF THE FILMS BECAUSE I HELP TO EDIT THEM BEFORE SHOWNING THEM TO THE CONGERATION AND I FELT THAT SHE WAS PLAYING A GAME ON ME . AND THEN SHE STOPPED WRITIN ME PERIOD SO I DIDN'T KNOW WHAT TO THINK? AFTER NOT GETTING A LETTER FROM HER FOR A WHILE I ASSUMED THAT I WAS BEING BULLSHITED BECAUSE OTHER PEOPEE IN THE TEMPLE HAD TOLD ME THAT THEY WERE TOLD ABOUT THE DANCES THAT THEY WERE HAVING AND THAT RHONDA WAS REALY GETTING DOWN AND I FIGURED THAT RHONDA WASN'T WORKING ANY HARDER THAN I WAS AND THAT IF SHE HAD TIME TO GO TO A DANCE SHE HAD TIME TO WRITE A FEW SINCERE LINES TOME ME. SO I USED THAT AS MY EXCUSE TO START A RELATIONSHIP WITH WANDA SOUDER, WHO WAS LONLEY BECAUSE SHE HAD BEEN KICKED AROUND BY HER EXCOMPANION AND HER OTHER BOY FRIEND AND I JUST HAPPENED TO COME AT THE RIGHT TIME. IN A WAY I TRIED TO BE A SAVIOR TO HER AND HER FAMILY AND I NOW FIND THAT I AM SO INSCURE THAT IT IS A SHAME. AND NOW AFTER IT IS ALL OVER I AM LEFT WITH GUILT FOR AN UNBORN CHILD AND EMOTIONAL AND PHYSICAL DEPRESSION. ITS ONE THING TO TALK ABOUT ABORTION BUT IT IS ANOTHER TO BE PART OF THE PLAY AND FEEL THE WEIGHT OF IT . IT IS A CROSS

~~EEA~~ EEIF18a

(II)

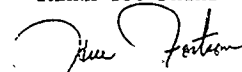

TO BEAR , I AM SURE THERE ARE MANY PEOPLE THAT HAVE DONE THIS A NUMBER OF TIMES BUT I MUST BE DIFFRENT IN SOME WAY BECAUSE I JUST CAN'T THROUGHT THIS OUT OF MY MIND. I SHOULD HAVE NEVER STARTED THE RELATIONSHIP BECAUSE THE POSITION THAT YOU HAD ENTRUSTED ME IN BUT AS I SAID THAT I WAS USING MY PARNOIA AS MY EXCUSE . I OWE YOU AN APOLGIZE FOR DOING THAT ,I AM SORRY. BUT AFTER OUR CONVERSATION WITH YOU ON THE RADIO I BEGAN TO PIESE THINGS TOGETHER FOR ONE, ERIC UPSHAW TOLD ME THAT HE AND WANDA HAD AN UNDERSTANDING THAT THEY CARED FOR ONE ANOTHER AND HE IS LOOKING FORWARD TO SEEING HER IN THE FREEDOM LAND . (ERIC HAS ALREADY BEEN HURT BY JERRY RHEA'S NEW COMPANION (RUBY BRIGHT) SHE DROPPED ERIC FOR JERRY) AND I NOT DARE BE THE NEXT ONE TO BE A STUMBLING BLOCK FOR ERIC . NUMBER TWO WHEN I WAS MOVING THE FURNITURE FROM WANDA'S APARTMENT I FOUND SOME LETTERSA THAT SHE HAD WRITTEN(THERE WERE OLD LETTERS)TO HER EX-COMPANION IN PRISON AND THE SAME THINGS THAT SH E HAD BEEN TELLING ME WAS THE SAME THINGS THAT SHE WAS TELLING ME! THAT LET ME KNOW TH AT I WAS ONE OF MANY. TEN I STARTED THINKING ABOUT WHAT A FOOL I HAD BEEN AND STILL AM TO THINK THAT RHONDA WOULD DROP ME WTHE OUT SAYING ANY THING. THAT I HAD LET MY PARNOIA RUN AWAY WITH MY MIND AND NOW THE POSITION THAT I HAD PUT YOU IN ,. AND THE PAIN THAT I HAD PUT RHONDA IN AND THAT I HAD JUDGED RHONDA WITH OUT EVEN TALKING TO HER JUST BASED BY WHAT AND HOW SHE DIDN'T RESPOND TO MY LETTER. I HAVE BEEN I THINK ONE OF THE BIGGEST FOOLS IN THE TEMPLE . I HAD SENT A LETTER TO HER ASKING IF THERE WAS SOME ONE ELSE AD SHE DID NOT RESPOND . I ALSO SENT HER A LETTER BALLING HER OUT FOR NOT WRITING ME AND I ASKED HER NOT TO WRITE ME ANY MORE BECAUSE I THOUGHT SHE WAS TRYING TO PACIFY ME . AND I NEED TO APOLIZGE FOR THAT LETTER BECAUSE I SHOULD NT HAVE SAID THE THINGS THAT I DID. THIS IS ONE OF MY BIGGEST MISTAKES SINCE I TOLD MOTHER ON STAGE THAT HTERE WERE RUMMORS ABOUT YOU RUNNING AWAY WITH THE MONEY AND YOU AND MOTHER SPLITTING UP.AND IT CAUSED YOU TO COME BACK TO THE STATES . MY PARNOIA IS SO BAD NOW TH AT I DON'T BELIVE MOST OF THE THINGS THAT I HEAR ON THE RADIO UNLESS IT COMING FROM YOU . I HAVE FOUND THAT I AM SO INSCURE THAT WHEN I GET FILLED UP WITH PEOPLES BULLSHIT I DON'T HAVE A:OUT LET OR SOME ONE TO HOLD MY HAND OR HEAR ME CRY. I CO UL D HAVE A 100 RELATION

EBI FIB

(III)

SHIPS AND STILL NOT MATCH THE ONE THAT I HAD WITH RHONDA . IF RHONDA HAS FOUND SOME ONE ELSE I DON'T KNOW WHAT I WILL DO TO FILL UP THE GAP THAT I WILL HAVE INSIDE OF ME , I USALLY DON'T TALK ABOUT MY FEELINGS WITH RHONDA BUT SOMETHING HAS HAPPENED AND NOW I AM SICK BEHIND THE WHOLE THING . I THINK SOMETIMES THAT I AM GOING TO CRACK. I AM NOT TRYING TO MUNILPATE BUT THIS HAS BEEN ON MY MIND REAL SRTONG FOR DAYS . WHEN I WROTE THE OTHER LETTER I WAS EMOTIONALY ENVOLED AND THINKING OFF THE TOP OF MY HEAD AND FROM ANGER . I WROTE THE SAME LETTER TO RHONDA AND WANDA ON THE SAME NIGHT . WHICH SHOWS HAW INCURE I ~~WAM~~ . I HATE TO HAVE TO TELL YOU ~~ABL~~ OF THIS BUT I HAVE NO ONE ELSE TO TALK TO BECAUSE IT IS EITHER FUNNY TO THEM OR THEY ARE SO FAR ABOVE DOING SOMETHING LIKE THIS THEY LOOK IT AS BEING SO JUNIVILE. AND I GET HOSTILEAND TAKE NOTIONS TO KNOCK THE SHIT OUT OF PEOPOLE SOMETINES BUT I HAVN'T COME TO THAT STAGE YET BUT I AM NOT FAR FROM IT BECAUSE I JUST FEEL EMPTY AND ALONE . I TRY AND NOT TIE UP THE AIR WAYS AND YOUR MAIL BOX BUT I HAVE NO ONE ELSE TO TURN TOO. AND I KNOW THAT WHEN SOME OF THE FOLKS HERE THIS THEY WILL THINK THAT I AM A BIG BABY AND VERY INCURE AT THIS POINT I DON'T GIVE A DAMM. WHEN I SAW THE LATEST MOVIES I HAD TO LOOK AT THE MOVIES THREE TIMES BEFORE I RECGONIZE ISHI BECAUSE HE HAS CHANGED SO MUCH . I KNOW I AM A BIG ASS HOLE FOR PUTTING YOU TH ROUGH THIS WITH ME BUT I HAVE TRIED TO KEEP MY REQUESTS DOWN TO A MINUM SINCE I HAVE BEEN IN THIS CAUSE BUT I HAVE NO ONE ELSE TO TURN TO . I ALSO HAVE COPIES OF LETTERS THAT I AM SENDING TO WANDA TO EXPLAIN MY POSITION AND WHAT SHE SHOULD DO WOTH ERIC AND ONE TO RHONDA ASKING FOR FORGIVENESS BECAUSE I DON'T WANT TO APPEAR TO E RUNNING A GAME ON ANY BODY . FATHER PLEASE FOR GIVE ME FOR TAKING WP YOUR PRECIOUS TIME WITH MY PROBLEM .

THANK YOU FATHER ,

IN THE LAST MOVING FILMS THAT WERE SENT OVER F HAD TO LOOK AT ONE PARTICULAR FILM
THREE TIMES BEFORE I COULD MAKE IT OUT THAT IT WAS ISHI . I KNOW THAT IF I AM

WANDA;

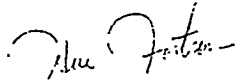

THIS IS ONE OF THE MOST SERIOUS LETTERS THAT I HAVE WRITTEN IN A LONG TIME. I KNOW THAT I AM ONE OF THE MOST STUPID HUMAN BEINGS IN THIS CAUSE, THERE ARE A FEW THINGS THAT WE NEED TO STRIGHTEN OUT . THERE HAS BEEN SO MUCH THAT HAS BEEN HAPPENING IN THESE LAST FEW MONTHS THAT I HAVE LOST MY WAY . THESE LAST FEW MONTHS HAVE SHOWN ME JUST HOW INSCURE I WAS AND WHEN WE FIRST STARTED THE RELATIONSHIP WE AGREED THAT I HUMAN JUST LIKE EVERY BODY ELSE AND THAT I NEEDED SOMEONE BECAUSE I HAD BASED MY FEELINGS ON MY PARNOIAA AND NOT ACTUAL FACT . YOU WERE LONLEY AND SO WAS I AND WE MEET EACH OTHERS NEEDS AND WE WENT ON THE FOUNDATION. AND AS TIME PASSED WE GREW CLOSE AND COULDN'T SEE PAST OUR FACES . I SHOULD HAVE NEVER STARTED THE RELATIONSHIP BECAUSE OF MY POSITION (NOT THAT YOU AREN'T GOOD ENOUGH) BUT I HAVE BEEN TRUSTED WITH A POSITION AND I ABUSED IT . I AM SORRY FOR THAT AND SECOND OF ALL WHEN YOU LEFT FOR THE FREEDOM LAND YOU AND ERIC WERE SUSPOSE TO HAVE A UN DERSTANDING (ACCORDING TO ERIC UPSHAW) AND WHEN YOU WROTE LETTERS THEY WENT TO HIM AND INSTRUCTIONS CAME TO ME ON WHAT TO DO WITH THE FURNITURE. THIRD IN MOVING THE FURNITURE I FOUND SOME LETTER THAT YOU HAD WROTE TO STEVEN IN PRISON AND THE SAME THINGS THAT YOU HAD TOLD ME WERE THE SAME THINGS THAT YOU TOLD ME. THAT LETS ME KNOW THAT I AM ONE OF MANY OR IN OTHER WORDS NO ONE SPECIAL AND I CAN UNDERSTAND. BUT TWO YOU HAVE ERIC AND HE HAS ALREADY BEEN HURT BY RUBY AND JERRY RHEA AND I AM NOT GOING TO BE A STUMBLING BLOCK IN HIS WAY. I LOST MY RELATIONSHIP WITH MY WIFE BECAUSE OF MY PARNOIA AND STUPIDY . YOU HAD NOTHING TO DO WITH THAT . SOUNDS CRAZY BUT TRUE, THE LETTER THAT I SENT THROUGH THE MAIL WAS WRITTEN ON THE DAY THAT YOU ALL LEFT AND I ALSO WROTE, FATHER AND RHONDA ALL ON THE SAME DAY AND I WAS EMOTIONAL AND CONFUSED SO YOU MUST DISREGUARD THAT LETTER BECAUSE I WAS UNSTABLE IN MY MIND WHEN I WROTE ALLL THOSE LETTERS . I AM SORRY FOR PUTTING YOU THROUGH SO MANY TRIPS AND CONFUSSING YOU . I HAVE GREAT RESPECT FOR YOU BECAUSE YOU HAVE STRUGGLED WITH YOUR CHILDREN AND MADE IT TO THE FREEDOM LAND BUT I ALSO HAVE A CERTIAN RESPECT FOR ERIC ALSO AND PLEASE WRITE HIM AND LET HIM KNOW TRRE YOU ARE

EEIF182

WAITING TO SEE HIM BECAUSE HE IS VERY READY TO ACCEPT THE RESBONILITY FOR YOU AND YOUR CHILDREN . I DON'T HAVE ANY HARD FEELINGS AGNIST EITHER ONE OF YOU . I HAVE CAUSED ENOUGH PAIN IN A LOT OF PEOPLE AND IT HAS TO STOP SOME WHERE . FATHER HAS GIVEN YOU AND YOUR CHILDREN A NEW LEAST ON LIFE AND ERIC WANTS TO SHARE THAT WITH YOU ALL . SO DON'T DISAPOINT HIM ! WE ALL HAVE THIS CAUSE TO WORK FOR NOW . BE SURE AND WRIUTE YOUR DAD AND ASSURE HIM THAT IF HE SENDS YOU MAIL THAT IT WON'T BE CENSORED AND IT WILL COME TO YOU , HE CALLED ME ONE NIGHT AND TALKED FOR 45 MIN AND THIS IS ONE OF HIS WORRIES HE SAID THAT IF YOU ARE HAPPY THEN HE IS HAPPY BUT HE DIDN'T WANT YOU TO WALK INTO SOMETHING BLIND . SO WRITE HIM AND REASSURE HIM .

Chanda,

How are you and John? Fine I hope.

When you write your mom and dad again be sure and tell them that you missed the Toy Train for John.

I didn't read it over because it was made out of Melb and it would meet the first day and none of the other children would have one so I gave it to some of the children

here in San Francisco for Christmas. But don't write and tell them that this is what happened to it because I would never hear the end of it! My mother is sick again

I went to see her in the hospital, she has pneumonia, emphysema, nervous condition, and now she has blocked bowels.

The doctor wants to operate but she won't let him, I told her she should follow her doctor's instructions.

IF I HAD A CHOICE, I WOULD TAKE A QUICK DEATH. I WOULD RATHER FIGHT TO DEATH, THAN TO GIVE UP, BE TAKEN PRISONER AND KILLED SLOWLY.

I WOULDN'T WANT MY LITTLE GIRL TO GO THROUGH ANY PAIN OF LOSS. I WOULD HAVE HER PROUD TO KNOW I WAS ONE WHO HELPED TO KEEP HER FREE.

5. HOW DO I FEEL ABOUT KILLING A RELATIVE OR WIFE.

I WOULD BE GLAD TO KILL ALL OF THE RELATIVES I HAVE LEFT BACK IN THE STATES.

I HOPE THE QUESTION WOULD NEVER COME UP ABOUT KILLING MY WIFE; OR CHILD. MY LAST TWO WIVES I WOULD HAVE BEEN TEMPTED, BUT I GET ALONG TOO WELL WITH MY PRESENT WIFE. IF THE TIME CAME THAT SHE WAS A ~~TRAITOR~~ SPY, OR WAS TRYING TO CAUSE US TO FALL, OR WAS A TRAITOR TO THE DEGREE OF DEATH, I WOULD KILL HER. FELT THAT SOME PEOPLE WOULD NOT

Dear Dad:

You said once if I wanted to write anything I could. Well, Dad Don makes me very nervous. I had just begun to be calmed down when he came off the learning crew. He upset me again and continues to do so. I need to feel free from that sick relationship and I am very uptight and hot tempered about it. I lose things and get nervous and trip, etc. He wants to be mothered and I see it now. I fall into the pattern and get hostile to prevent him from doing it to me. I then do the same thing to him. I overextend myself physically and then I call upon him to "help" me, which he is reluctant to do. We both get hostile at each other. He says I should moderate myself and then I get defeated feeling, because I really don't know how anymore. When Mother was here she was concerned about my thyroid and set up hours of 11-8, but I because of the demands of my job and ego and etc. over extended energy and conked out. I could not concentrate and cried easily and for no reason I would wake up every morning and sob. I still do and only when I was out of kitchen and in the field one day did I feel my head cleared. I don't like so much emphasis on self, Dad, but I want to somehow clear this situation up with Don, I do not feel very productive under the present living conditions. Then when other people become "demanding" and they have a right to be in my previous job I became tightened up and felt angry and became rigid. Thank you Dad for letting me know the truth. I am working at being organized in my present job with herbs, and setting up a schedule for me so I get some time working in the garden and doing research.

We have not been able to ~~get to~~ Matthews Ridge for the Bush Doctor. If we are able to make this contact we can get supplied with herbs for maintenance in the Medical Department. Also, in Fort Kaituma when we went there the guardians of Yvonne David, The Safers were free with their herb and food information. He is a Science Teacher and she is a reading teacher - originally from the States. We need to get confirmation of some of the information we previously got on other trips. We need someone who could go with us for P.R. reasons. I would suggest Dick Tropp if his schedule would permit. I am checking this out.

Suggestion: We need a library for our studying. I had three trunks of books, articles and magazines. Included were Chemistry books - organic. Books have to be in a central place where folks can use them when we need them. I wanted to use an organic chemistry book for an oil extraction technique when Larry was going to do it, and help him but when I went to the warehouse, the trunk had been opened and the books were not charted as to where they had gone. Some books are in agricultural office, and I have books in my cottage, not locked. Joyce Touchette says that there are no locks to use. I don't like to hoard books, neither do I have a place for them where they would be taken care of and not lost - expensive to replace. You mentioned once that we need library to keep books in - .

Suggestion:

When we say gratitudes we could mention three things that came out of meetings of agricultural information. This is

661F 2021 ✓

suggested as a method of teaching our people a way of learning that is very informational. Also, everyone doesn't hear information the same way. I found when cue tioneing the young people in our socialism class, they mentioned different things than I had heard and the seniors mentioned other things. This gives everyone a chance to repeat what is heard and learned likewise. I remember your being very concerned about this in Thursday's crisis meeting and looked for a solution.

I have tried to see Larry Schacht and been cancelled three times. I am trying again. ~~needed to get to see him~~
~~to clear up this thing with~~
my thyroid. I have had worms 3 times and not cleared up.

Requested to go ^{with} P.N.C. on Thursday with Dick Trapp. He could go with us to see Yvonne. I will then get to check about herbs here and see if her dad is available this weekend. I & Fannie need to push this now.

RE: IN REGARD TO A LETTER FROM LEONA COLLIER

BACKGROUND:

ABOUT 2 WEEKS BEFORE COMING TO JONESTOWN LEONA TOLD ME THAT SHE HAD FOUND A LETTER FROM KAREN (WRITTEN FROM GEORGETOWN) TO SANDI. SHE SAID THAT SHE FOUND IT ON SANDI'S DESK IN THE APARTMENT, BUT SHE TOOK IT TO THE XEROX MACHINE TO MAKE A COPY OF IT AND SHE LEFT THE LETTER IN THE MACHINE AND PHYLISS HOUSTON FOUND IT AND GAVE IT BACK TO SANDI. SANDI MUST HAVE REALIZED THAT LEONA HAD TAKEN THE LETTER FROM HER ROOM, BECAUSE SHE CLEANED OFF HER DESK AND DOESN'T LEAVE ANYTHING ON HER DESK ANY MORE (SO LEONA TOLD ME) LEONA TOLD ME THAT PHYLISS WAS ONE OF SANDI'S SPYS AND THAT SHE WAS GOING TO GET HER OVER IN THE FREEDOM LAND (I THINK THIS WAS JUST BEFORE STONE AND HIS ASSOCIATES CAME TO OUR BACK GATE) LEONA TOLD ME THAT IN ONE PART OF THE LETTER KAREN WAS SAYING THAT JOHN HARRIS HAD ARRIVED AND STARTED UP HIS RACIAL SHIT! LEONA HAD TOLD ME THAT SHE WAS GOING TO GIVE ME THE LETTER BUT SHE GOT BUSY AND NEVER DID. THE ONLY THING THAT SHE SENT WITH ME IS THE REPORT ON THE PROJECTS. AND A COPY OF THE TELEPHONE MESSAGES THAT SHE SENT OUT.

RE: TO MY REPORTS AND THE SITUATION AT THE BACK GATE WITH TIM STOEN

BACKGROUND: ALL MY REPORTS FROM THE COUNCIL OF CHURCHES AND GAVE A COPY TO SANDI TO BE SENT ALONG WITH THE BRIEF CASES THAT WERE COMING TO YOU. DONETTER LANE AND I HAD A CLOSE RELATIONSHIP BECAUSE SHE WOULD CALL ME AND TELL ME SOME OF THE GOSSIP AND EVEN ONE TIME SHE CALLED AFTER SHE WAS ATTACKED FOR A STAND SHE TOOK AGAINST THE SO-CALLED CHURCH LEADERS AND THEIR RESPONSIBILITY TO HELP THE SCHOOL SYSTEM AND SHE WAS ALMOST IN TEARS. I CAN REMEMBER ONLY MISSING 3 MEETINGS AND THAT WAS BECAUSE WE WERE DOING OTHER THINGS AWAY TOWN THAT WE COULD NOT GET TO THE MEETING I WAS STILL COUNTED AS A MEMBER OF THE BOARD OF DIRECTORS IN YOUR PLACE AND I WAS ELECTED AS A 1979 BOARD OF DIRECTORS MEMBER AFTER YOUR TERM HAD EXPIRED. WHEN WE HAD THE WORLD PEACE COUNCIL MEETINGS I WAS THERE BECAUSE IT WOULD ALWAYS BE ON A NIGHT WHEN VERA HAD TO GO NAACP AND ANY HAD TO GO TO THE OPPUNITY II PARENTS TEACHERS MEETING SO I WOULD GO. I MADE UP REPORTS ON THE MEETINGS, I KEPT IN CLOSE CONTACT WITH TOM FLEMING AND WE HAD LUNCH TOGETHER AND WE KNEW EACH OTHER ON A FIRST NAME BASIS, THE SAME ON THE WEDNESDAY MORNING BREAKFASTS WILBERT BATTLE AND I

EE1F25a

WERE ON A FIRST NAME BASIS AND HE HAD BEGAN TO SEE THAT MORE AND MORE BLACK ELECTED OFFICIALS WERE BEING PERCUSED. I LOANED HIM MY COPY OF MEWYN DYMALLY'S BOOK ON BLACK POLITICIANS IN AMERICA AND ANY THING THAT I HEARD THAT I THOUGHT WOULD BE GOOD NEWS TO KNOW I WOULD RELAY IT IN MY REPORTS VERBALLY AND ON PAPER . WE EVEN WORKED WITH NATIONAL ALLIANCE AGAINST POLITICAL AND RACIAL REPRESSION (ANGELA DAVIS IS A CO PERSON OF THIS GROUP) . AND AT THE BACK GATE WHEN THOSE PEOPLE CAME AROUND I WAS TOLD BY SANDI TO BE COOL AND NOT TO GET VIOLENT AND BE SURE TO GET WHAT THEY WERE PASSING OUT , SO I DID AND AS SOON AS THEY LEFT TIM AND I WENT TO GARRY'S OFFICE AND HAD HIS SECERTARY TO MAKE US COPIES (3) AND GARRY DIDN'T HAVE TIME TO READ IT SO HE ASKED US TO LEAVE HIM ONE COPY AND HE WOULD READ IT LATER. AND THE OTHE TWO I TOOK BACK TO THE TEMPLE AND GAVE IT TO SANDI IN THE RADIO WITH JUNE, JEAN TOM TIM AND LEONA IN THE ROOM SO I DON'T WHAT TOOK SO LONG TO GET THIS INFORMATION OVER TO YOU.

RE: NOT REPORTING TO SANDI

BACKGROUND: WHEN I TOLD SANDI WHERE I WAS GOING SHE WOULD NOT TELL LEONA AND THEN LEONA TOLD ME TO REPORT TO HER WHERE I WOULD BE GOING AND THERE WOULD BE NO PROBLEM BECAUSE THEY WERE GOING TO COME TO HER AND ASK HER ABOUT MY WHERE ABOUTS ANYWAY. I HAD STARTED GOING TO THE FLEA MARKETS ON SATURDAYS AND MAKING FROM \$270.00 - \$550.00 A SATURDAY. I SEE THAT I WAS IN THE MIDDLE OF A BLACK AND WHITE POWER STRUGGLE IT SEEMED .

Before you get all excited or happy that I am writing you this is going to be my last letter. I am very hostile, I think that you are writing to me now to pacify me you don't have to anymore. Three letters ago I asked you your feelings and you acknowledged the fact that you had received them, but you refused to answer the questions.

You even waited a long time before you answered, I had to get on the radio and ~~(make a request)~~ ask you to write me to let me know what to tell your parents! I have to apologize to my men for you not writing, but don't even worry about it any more I can't take it any more.

with the cuzz, talks that all of them are putting down.
You make me awful paranoid when you tell me
the same things over and over. And then someone
else tells me that you were really getting down at
a dance that was given one night, and it's not the
point of who was there, but why tell me the same things
over and over and not that small thing. If you
think that if you were to tell me something that I
would flip out over here, well I'm doing that anyway
trying to figure you out! You did not even remember
that it was our anniversary, but that's ok, too. Because
what does a anniversary mean anyway when there seems
to be nothing but an image for everyone to see. I
have a great respect for you because you are a hard
worker and the Mother of my child in this cause for truth,
Freedom, and Justice. I have been crying and
hurting and I can not take any more, I am sick of

being playacted by you so don't write any more.
There is nothing to talk about on the radio, so please
don't ask to speak to me. I will talk to John

so much these last few months that my head

I hope this letter finds you and the girls well adjusted to Jonestown. I am sure that you can now see the beauty of living together as a family working for the same common goals. The night before you left I searched for you all night I didn't know where you had went, I had a yearning in my heart to tell you the things that were in the letter I gave you. I do care for you very deeply and I want to continue our relationship when I get there. Because there is something about the way we can communicate with one another and grow

from our mistakes. You're quite a woman
a strong one and I need you. After our
relationship grows then we can have a child like

what we should do. I had a long talk with

Dear Father;

Excuse me for writing you once again I know that you have the weight of the world on your shoulders and I can talk to Leona about some things but she is in such physical conditions that I dare not to begin to lay this on her. And I deeply hate to let you know but it is going to end up you hearing about it in the end. I had written you in a previous letter about my relationship with Wanda Souder (Martha Souder's daughter).

I have known her these last few months and I have a very strong feeling about her and her two children. She has suffered a lot in her life with her former companion; He used to beat her

EEIF 302

II
steal her county check and one time he broke out a window in front of her face and put glass in her eyes.

He was a much older man (35) and she is 23, he is now in prison for selling drugs. And to show you how rotten he is when Wanda used to live there was some hankies lying next door and they called the county she has claiming that she neglected her children, but I knew for a fact by looking at the childrens cloths and the neatness of her house, that she didnt. So the county people couldnt find anything wrong with her at home so they wrote her companion in China and he signed some papers saying that "she was an un fit mother".

Her dad didnt like the church because he and his ex-wife (Martha Sanders) had a home on 102nd street in Los Angeles, which AJ worked on and Kay sold for the Temple, he was sterile because of that and when his wife went to Guyana he found the

EEIF304

III

Newest Article and sent Wanda Photo copies of it to Wanda. She had an abortion for her ex companion who is in China because when they were together he was dealing "snacks" and shooting his self up so she did not want to bring a deformed child into the world. She had another companion that was nice so she decided him until he wanted to find some one else, she had a tube pregnancy and the doctor had to operate. And then with me she or should I say me because she didn't do it alone. She was 9 weeks and she and I discussed it at length about the situation, we decided that for the good of the cause that if we truly wanted to start a relationship that I would not start this way and the problems that it would bring for your Father. As much as I wanted the baby and she wanted it very badly, even though we knew that we had no

EEIF300

IV

right to decide, we thought what would be more
being to do. She went into the hospital and
had an abortion. I had never before cried in
a long time I think the last time I cried is when
I saw the people not responding to what I was
saying about you, this was in Los Angeles Temple
and I asked myself why are you willing to go through
so much suffering for people like me? I cried
one morning, I was dreaming that I was holding John
and his leg was cut open and I hugged him and
cried and I woke myself up crying holding the
pillow. I must have cried for an hour one
night on her shoulder, I was crying because of
the pain that I was putting her through, wanting
to keep down confusion and wanting to keep the
baby and the physical pain that she would have
to endure. She comforted me and then she

EEIF30 d

II gave me words of encouragement, that this is what we should do for the cause, then she cried also.

She is a strong woman in my eyes, and with the mis-
understanding that Phonda and I have had. I lean more
toward Wanda instead of Phonda. I have been legally
married to Phonda for 5 years and the whole time I
can truly say I don't know why? When she left
for Guyana I didn't shed a tear and many times
people would say "you miss Phonda & Jiki"? I
would say yes but deep down inside I would say no!
Jiki yes but Phonda no! So I thought about it
for a long time even before I even met Wanda
later. Phonda has been a middle class
black girl that had everything she ever wanted.
Her family was like upper middle class and my own
parent family was welfare. I think that I was
wanting her to become middle class and she

EEIF302

~~It~~
managing me to get out of the house. I don't know for sure about her but as I look at me I see what I was doing now. Trying to be accepted for some reason? Rhonda is a very hard worker now and has done good things for the cause, but she has not been through much suffering in her life.

Sometimes I think that I am in a world of fantasy where everything is slighter forgotten about with Rhonda.

I asked her to express her feelings to me in a letter, but she sent me a carbon copy of her other letters. Then I had to tell them over the radio to "tell Rhonda to write me and tell me what she is going to tell her parents". - So that when I go to see them I would have some background information so I would not look stupid like I have been doing. When she did write it was the same old apology that she was busy and

EEIF307

VII didn't have time to write, I don't argue the point that she is busy but there are 24 hours in a day and if she could write her non and dad then there is no excuse. At one time I thought she only stayed with me because of my title in the church, she is the mother of my child and that is as far as my feelings go. Maybe its fraility from over the years building up and coming out now. I am not the best thing in the world by any means, but the feeling that I thought I had for Rhonda just isn't there. And this just didn't stick in the last few months this has been with me for a while. I am very instered in the relationship that I have with Wanda and her 2 children. It seems that I am playing a game with Rhonda and she writes me to keep my head on.

EEIF309

VIII

I love my son, but I could not truly say I love Chonda. I admire her for her hard work and being the mother of my child, but nothing more.

I will be looking forward to hearing that you did get my letter, I am sorry to take up your precious time with my problem, but I have no one else to turn to on this matter.

Thank you Father,

Joe Fortson

Dear Father,

I do not have anyone that I feel strongly sexually attracted to at this time. I have feelings of warmth to individuals who show warmth, understanding and principle and at times I feel these are both to males & females I also have feelings of hostility to both males & females

Thank you Father.

I feel good when I've had a productive day I'd like to use the energies for fighting for socialism.

Trip from Mathews Ridge;

On our way from Mathews Ridge, Anthony, Johnny, Sydney Green, and myself rode in a pickup truck owned by a man named Mike (he runs a store in Port Kaituma so said Anthony) and a man named Mr. Daniels who says he is a school teacher in the Paramaribo district.

He says that he was going to see his wife who was or is a school teacher in Port Kaituma. He asked us if we knew how and Anthony said that he knew her because she was the only Mrs. Daniels who teaches in the one and only government school.

Mike's truck broke down about 5 miles from Mathews Ridge and out of us, where a group of Guyanese Cowboys riding on a tractor with a trailer on it. We were pulled down the road with the rope broke and broke so small that there was no way to even tie up the bumper of the truck and the end of the trailer.

It was dark and we looked on the side of the road there laid a long piece of wire rope! We tied it to the two vehicles and made it back to Mathews Ridge. After we got into the Sub Center with Jesus (Julian Roberts' friend) Mr. Daniels began to talk to us he asked why he did not know anything about the group but he had heard about the Peoples Temple he wanted to know where we were located. He didn't

1. Father I would like to go to another socialist country if it is totally socialist.
2. Father I am afraid to die and my children too, but if it is no other way I will not mind. Father you know what is best. ~~My~~
3. Father my only wish is to save the children, father you ask us for a honest opinion about how we felt. and that is how I feel inside. I no that I am wrong.

Why I wanted to leave America was because it was a fashionable country us Blacks an poor whites never had a chance to get a decent job or homes to live in, but here in Jonestown it was so peaceful quiet an the land of plenty. I thought that this would be my permanent home until the American C. I. A. invaded our privacy. I really don't want to die but if I have to let me die for a reason. an I feel that there is no greater than dying for what you believe an I believe that Socialism is right.

We have a principle to die for!!

○ Socialism is for us to live as one. All things in common. One according to his need, one according to his ability. I want too, to see our children get to freedom, and be in a Socialist society, and grow up as true Socialist. But if we can not go where our children can be safe. I vote to die right here, on our own land.

○ I thank you Father for all you have done for many people. The years that I have been with you, you have always been done things for people. You have done so much for me also. Your love, concern and compassion for people. And most of all, by you're being a true Socialist. You have gone through to much pain for us. Trying to get us to freedom, and to have peace. I thank you, Father. I also thank you for what you have done, and still doing for my companion (Hue) and my child (Ishi). No leader would have gone to such lengths to save his people. I also want to thank you for making sure our children will be taken care of if we must die.

Dear Father

Our reasons for being in Jonestown,
Guyana many. Not only to escape
slavery that has drug our people for
years but to save us in more ways.

The fascist dictatorship in America
along with openings of the Concentration
Camps. The camp just south of San
Francisco had glands in it as we were
passing by.

The illegal sterilization of women and
the castration of men through the state.

The food riots and water shortage
cause because minorities can have because
the white's racist will need it.

Mass genocide and the Filomatic
Theory that will put blacks and
poor whites in slavery.

And #1427 while a policeman of the
So Call Law feels that his question
won't answer another will assist you.

Because of your love we will
never have to face it.
