

SF. Union

Dear Sir,

Recently it has been brought to my attention that one of your columnists - Lester Kinsolving is going to write an once again about my church Peoples Temple. I am very sorry to hear this because of the man's obvious

Sharon -

I'm sorry I was
upset Fri when you called.
I felt badly after we hung
up. I just felt so
pressured by having in my
mind a certain and I
wanted to get done - & then
so little time to do it.

(And things are piled
up on my job too) Anyway -
I got a big dent in
my files accomplished -
I worked them until late
last night before I came

S.F. together for some
can do some New York
Day a lot of our people
would be out of town to RV
so it seems like a good time
to do it -

See you later -

Carolyn -

How are you doing? I miss seeing you and our occasional talks, however brief. I am glad you are there tho- since I know your organizing ability is so desperately needed. I can imagine how hectic things are there - and the counselling situations etc. And the pain he is going thru over John - plus the separation from the rest of the family.

I wish I could alleviate any part of his concern but I feel helpless to do so. I know the most important thing I can do is to hold my post here - and that I will do - that is no problem.

Actually things are not going all that bad here I mean besides being in a mild crisis functioning state most of the time - not many major type things. And I am really very honestly surprised at the morale here - people are hanging on to this

point - but then - they have all
 been watching others go - I hope
 the show doesn't descend on any-
 thing - I really don't think it will
 tho - cause they know we are closing
 shops. I do worry somewhat about
 people in H. & R.V. (too far
 removed for my liking). But we are
 working on consolidating and we'll keep
 track as best we can.

Delbie B. is doing fine - she is
 holding up very well considering Liza's
 situation. It would be good for her
 tho - if - as soon as Liza can
 travel - that she ^(Liza) come over - It would be
 too hard on Delbie to have Liza die
 here. Liza would have to sneak off to
 her family knowing maybe she could be
 ready by the time Mg comes in
 several weeks. Liza is in good spirits
 & is up & around pretty well.

HB is doing alright. She looks
 better than she has for a while - not
 so haggard & seems to have gained
 a little weight. Mg is beginning

to get tired kind of easily again.
 She has good days & bad as
 far as that goes. It will be good
 for her to come down again in
 several weeks - as I understand
 the plan to be.

Not much time - I have
 decided it is best I go to LA.
 with her this weekend to
 deflect some of the counselling
 shit that is bound to come up.
 I think it counsel is so subtly
 hostile they will dump it on her.
 I think I know how much
 she can take & I go from
 there. The I know she does not
 really like time I know my not personal
 being here serves a definite
 purpose. It is difficult only
 at times - and TB is most
 sympathetic - so it is really not
 a problem. Please let him know
 that so he won't worry about
 how we are dealing with her.
 Most of the time it is just

fine - and the other time - it
just tries my patience a bit -
But I have had fairly good train-
ing for that on my job over the
years - it's nothing I can't handle
- I hope there is enough
candy & gum for him to give
all the kids (under 12 probably?)
a piece. Also - I will periodically
read stationery as you have so
many people & they all should
write who ever -

Let me know what is needed
there for my personal needs (vitamins,
the usual etc.) - if I am not
sending enough - or often enough - let
me know. It is no problem to get
it - I enjoy being out of the bldg. for
a short time.

I will go for now - I'm 35
you all - say hello to Maria, Paula,
Patty, - you know everybody. Give the
boys a hug for me - Give my
deepest respects to Jim &
Love, Sandy

TB -

JJ should know that I am getting absolutely no where as far as seeing how Sharon Cobb is doing - she is avoiding me completely - Nat is friendly when I go there - but Sharon doesn't have time to even talk.

I think she is paranoid about me - I'm a big flop with her - Mary has rides to work w/ her - maybe she can see how she is holding up - Sharon is so isolated there - (only Renee for contact)
