The time was about 15 to 10:15 a.m., a green Ford (Fairmont) car parked on O'Farrell Street next to the back of the Temple. These two men were sitting in the U.S. government car. The black man got out of the car with a picture camera taking pictures of the back + side of the Temple from various places. He started taking the pictures from Fillmore + O'Farrell St, taking pictures where the crates are located, that are being ship out to the agricultural mission. Next he walk to Stiner

X-2-K-1(2)

& O'Farrell, taking pictures of the area where the buses & parked cars are located, then he was over to the corner of O'Farrell off Stiner and stood in front of the building at the corner. (the building that is being remodel) and took more pictures of the back area.

During the process of taking the pictures, the black man return to the car to give his partner the used films & went on to take more pictures.

Tommie Rachelle

I went down the street & around the corner, to back later, this is how I got the license # etc and prescription of the man in the car.

Johnny Franklin watched from the gate & around the guard house.
